Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On September 25, 2015, Titan Pharmaceuticals, Inc. (the “Company” or “Titan”) filed a Certificate of Amendment to its Restated Certificate of Incorporation (the “Certificate of Amendment”) with the Secretary of State of Delaware for the purpose of effecting a reverse stock split (the “Reverse Split”) of the outstanding shares of the Company’s common stock at a ratio of one (1) share for every five and one-half (5.5) shares outstanding, so that every five and one-half (5.5) outstanding shares of common stock before the Reverse Split represents one (1) share of common stock after the Reverse Split. The Reverse Split, which was approved by our stockholders at the annual meeting held on August 24, 2015, will be effective on September 29, 2015.

Immediately prior to the Reverse Split, there were 110,327,707 shares of common stock outstanding. After the Reverse Split, there will be approximately 20,060,000 shares outstanding. Each stockholder’s percentage ownership interest in the Company and proportional voting power will remain unchanged after the Reverse Split except for minor changes and adjustments resulting from rounding of fractional interests. The rights and privileges of the holders of common stock are substantially unaffected by the Reverse Split.

The Reverse Split was effected for the following purposes:

- to enable the Company to meet the initial listing criteria for NASDAQ’s Capital Market;
- to help make the Company more attractive to a broader range of investors, including professional investors, institutional investors and the general investing public;
- to provide the Company with a sufficient number of authorized shares to enable the potential future exercise of the warrants issued in Titan’s October 2014 public offering in accordance with their terms; and
- to provide the Company with available shares for future financings, equity compensation and other business transactions.

In connection with its application to list on the NASDAQ Capital Market, Titan must meet a minimal stockholders' equity requirement. The following table sets forth the Company's unaudited condensed balance sheets at June 30, 2015:

· on an actual basis; and

· on a pro forma basis assuming the Reverse Split had been effective as of that date.

(1) Reflects the reclassification into equity of \$8,372,000 of warrant liabilities related to the Class A warrants issued in the October 2014 public offering that become exercisable on October 9, 2015. Such liabilities at June 30, 2015 arose from the unavailability of authorized shares of common stock necessary to enable the exercise of such warrants. Upon the effectiveness of the Reverse Split, sufficient underlying shares became available and the associated liabilities were reclassified into stockholders' equity. The consolidated balance sheet at September 30, 2015, will reflect the revaluation of the Class A warrants as of the Reverse Split date.
