PROXY STATEMENT

Our board of directors is soliciting proxies for our 2016 annual meeting of shareholders to be held on May 18, 2016. This proxy statement and the enclosed form of proxy contain important information for you to consider when deciding how to vote on the matters brought before the annual meeting.

We first sent this proxy statement to shareholders on or about [____], 2016. Our board of directors set March 21, 2016 as the record date for the 2016 annual meeting. Shareholders of record who owned our common stock at the close of business on that date may vote at and attend the 2016 annual meeting. As of the record date, we had issued and outstanding 183,560,751 shares of common stock, which is our only outstanding class of voting securities. Each holder of our common stock is entitled to one vote for each share of common stock held on the record date.

Frequently Asked Questions

What matters am I voting on?

You will be voting on:

- the election of ten directors to hold office until our next annual meeting of shareholders and until their successors are duly elected and qualified;
- the approval, on an advisory basis, of the compensation of our named executive officers, which we refer to as the “say-on-pay vote”;
- an advisory vote on the frequency of holding the say-on-pay vote in the future;
- the approval of an amendment to our articles of incorporation to increase the number of shares of common stock authorized from 800,000,000 to 1,000,000,000;
- the approval of an amendment to our articles of incorporation to increase the number of shares of preferred stock authorized from 25,000,000 to 50,000,000;
- the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for the year ending December 31, 2016; and
- such other business that may properly come before the meeting.

Who may vote?

Holders of our common stock at the close of business on March 21, 2016, which we refer to as the record date, may vote at the meeting. As of the close of business on the record date, 183,560,751 shares of our common stock were issued and outstanding. Each shareholder has one vote for each share of common stock owned as of the record date.

When and where is the meeting?

We will hold the meeting on May 18, 2016, at 10:00 a.m. Eastern Time at our offices located at 4400 Biscayne Blvd., Miami, Florida 33137.

If you need directions to the location of the meeting, please contact our Investor Relations Department by: (a) mail at Ladenburg Thalmann Financial Services Inc., Attention: Investor Relations, 4400 Biscayne Blvd, 12th Floor, Miami, FL 33137, (b) telephone at (212) 409-2000 or (c) e-mail at CorporateRelations@ladenburg.com.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board of directors, also referred to as our board. The persons named in the proxy have been designated as proxies by our board. If you sign and return the proxy in accordance with the procedures described in this proxy statement and the enclosed proxy, the persons designated as proxies by the board will vote your shares at the meeting as specified in your proxy.

If you duly execute the proxy card but do not specify how you want to vote, your shares will be voted:

- FOR the election of the director nominees listed below under Proposal I;
- FOR the approval, on an advisory basis, of the compensation of our named executive officers as described under Proposal II;
- FOR the advisory vote on executive compensation being held every year under Proposal III;
- FOR the approval of an amendment to our articles of incorporation to increase the number of common shares authorized from 800,000,000 to 1,000,000,000 described under Proposal IV;
- FOR the approval of an amendment to our articles of incorporation to increase the number of preferred shares authorized from 25,000,000 to 50,000,000 described under Proposal V; and
- FOR the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for the year ending December 31, 2016, as described under Proposal VI.

If you give your proxy, the proxies named on the proxy card also will vote your shares in their discretion on any other matters properly brought before the meeting.

Can I change my vote after I voted?

You may revoke your proxy at any time before it is exercised by:

- delivering written notification of your revocation to our secretary at Ladenburg Thalmann Financial Services Inc., 570 Lexington Avenue, 11th Floor, New York, New York 10022, Attn: Corporate Secretary;
- voting in person at the meeting; or
- delivering another proxy by phone, mail or Internet bearing a later date.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

What is a quorum?

A quorum is the minimum number of shares required to be present, in person or by proxy, at the meeting for the meeting to be properly held under our bylaws and Florida law. The presence, in person or by proxy, of the holders of a majority of all issued and outstanding shares of common stock entitled to vote at the meeting will constitute a quorum. If less than a majority of issued and outstanding shares entitled to vote is represented at the annual meeting, then a majority of the shares so represented may adjourn the annual meeting to another date, time or place. Notice need not be given of the new date, time or place if announced at the meeting before an adjournment is taken, unless a new record date is fixed for the meeting (in which case a notice of the adjourned meeting will be given to shareholders of record on such new record date, each of whom would be entitled to vote at the adjourned meeting).

If I hold shares in the name of a broker, bank or other nominee, who votes my shares?

If your shares are held in “street name” (that is, if they are held in the name of a bank, broker or other nominee), then your bank, broker or other nominee will provide you with voting instructions. It will then be the nominee’s responsibility to vote your shares for you in the manner you direct.

Under applicable rules of national securities exchanges, brokers may generally vote on routine matters, such as the ratification of our independent auditor as set forth in Proposal VI. Brokers may not vote on non-routine matters, such as the election of directors as set forth in Proposal I and each of the matters set forth in Proposals II, III, IV and V unless they have received voting instructions from the person for whom they are holding shares. Consequently, it is

very important that you vote your shares for the election of directors, for the non-binding advisory votes on executive compensation and for the approval of the amendments to our articles of incorporation to increase the number of authorized shares of common stock and preferred stock. If you do not provide voting instructions to your broker, then your broker cannot vote on any non-routine matter, and the broker will return the proxy card to us indicating that he or she does not have the authority to vote on that matter. That is generally referred to as a “broker non-vote.”

We strongly encourage you to provide instructions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This will ensure that your shares are voted at the meeting.

If your shares are held in “street name” and you wish to vote in person at the meeting, then you should contact the broker or other nominee who holds your shares to obtain a broker’s proxy card that you can bring with you to the meeting. If your shares are held in “street name,” you will not be able to vote at the meeting unless you have a proxy card from your broker.

How are abstentions and broker non-votes treated?

Abstentions and broker non-votes are counted as present for purposes of determining the presence of a quorum, but they are not counted as votes either in favor of or against any matter to be brought before the annual meeting.

How many votes are needed for approval of each matter?

With respect to the election of directors, assuming a quorum is present at the annual meeting, nominees for director are elected by a plurality of the votes cast at the meeting. “Plurality” means that the ten individuals who receive the greatest number of votes cast “FOR” are elected as directors. Additionally, assuming a quorum is present, the outcome of the vote on the frequency of the say-on-pay vote will be determined by a plurality of the votes cast, which means that we will take under advisement the choice (every one year, two years or three years) that receives the most votes. If a quorum is present at the annual meeting, each other proposal described in this proxy statement and (unless a greater vote is required by law) any other proposal that may properly be brought before the meeting will be approved if the number of votes cast in favor of such proposal exceeds the number of votes cast opposing such proposal.

How may I vote?

You may vote your shares by submitting your proxy by mail or by attending the meeting and voting in person. If you vote by mail, date, sign and return the accompanying proxy in the envelope enclosed for that purpose (to which no postage need be affixed if mailed in the United States). You may specify your choices by marking the appropriate boxes on the proxy card. If you attend the meeting, you may deliver your completed proxy card in person or fill out and return a ballot that will be supplied to you at the meeting. As described above, if your shares are held in “street name” and you wish to vote in person at the meeting, then you should contact the broker or other nominee who holds your shares to obtain a broker’s proxy card that you can bring with you to the meeting. Also, you may vote by phone or Internet by following the instructions included in the proxy card.

Are there any rules regarding admission to the annual meeting?

Yes. You are entitled to attend the annual meeting only if you were, or you hold a valid legal proxy naming you to act for, one of our shareholders on the March 21, 2016 record date. Before we will admit you to the meeting, we must be able to confirm:

your identity by reviewing a valid form of government-issued photo identification, such as a driver’s license; and that you were, or are validly acting for, a shareholder of record on the record date by:

- verifying your name and stock ownership against our list of registered shareholders, if you are the record holder of your shares;
- if you hold your shares in street name, reviewing other evidence of your stock ownership, such as a brokerage or bank statement that shows that you held our common stock as of the record date; or

reviewing a written proxy that shows your name and is signed by the shareholder you are representing, in which case either the shareholder must be a registered shareholder or you must have a brokerage or bank statement for that shareholder as described above.

If you do not have a valid picture identification and proof that you owned, or are legally authorized to act for someone who owned, shares of common stock on March 21, 2016, then you will not be admitted to, or permitted to vote at, the meeting.

At the entrance to the meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement as your proof of ownership and any written proxy you present as the representative of a shareholder. We will decide whether the documentation you present for admission to the meeting meets the requirements described above.

Who pays the cost of this proxy solicitation?

We pay the cost of soliciting your proxy, and we reimburse brokerage firms and others for forwarding proxy materials to you. In addition to solicitation by mail, we may also solicit proxies by letter, facsimile, e-mail, telephone or in person. Our directors, officers and employees may participate in the solicitation of proxies without additional consideration.

SHARE OWNERSHIP

The table below shows the number of shares of our common stock beneficially owned as of March 21, 2016 by:

- those persons or groups known to us to beneficially own more than 5% of our common stock,
- each of our directors,
- each Named Executive Officer, and
- all directors and executive officers as a group.

The share percentages in the table below are based on 183,560,751 shares of common stock outstanding on March 21, 2016. Unless otherwise noted, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them (other than with respect to restricted shares of common stock over which the individuals have voting power but no investment power). Unless otherwise noted, the business address of each listed beneficial owner is c/o Ladenburg Thalmann Financial Services Inc., 4400 Biscayne Boulevard, 12th Floor, Miami, Florida 33137.

Shares of our common stock issuable upon the exercise of options or warrants that are presently exercisable or exercisable within 60 days of March 21, 2016 are deemed to be outstanding and beneficially owned by the person holding the options or warrants for the purpose of computing the percentage of ownership of that person, but are not treated as outstanding for the purpose of computing the percentage of any other person.

PROPOSAL II

ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (THE SAY-ON-PAY VOTE)

As required by Section 14A of the Exchange Act, we are seeking your non-binding advisory vote to approve the compensation of our Named Executive Officers as described under the heading “Compensation Discussion and Analysis” and the tables, the footnotes to the tables and narrative information accompanying the tables contained under such heading in this proxy statement. This proposal is referred to as the “say-on-pay vote.”

We have designed our compensation programs to reward employees for producing sustainable growth and profitability, to attract and retain highly qualified executives and to align compensation with the long-term interests of our shareholders. We believe that our compensation policies and procedures reflect our pay-for-performance philosophy. Although we have not adopted any formal guidelines for allocating total compensation among various compensation components, we maintain compensation plans that tie a substantial portion of our executives’ overall compensation to the achievement of corporate goals and our success. We believe our compensation program is designed with an appropriate balance of risk and reward that is consistent with our overall business strategy. In deciding how to vote on this proposal, we urge you to read the “Compensation Discussion and Analysis” section of this proxy statement, together with the tables and footnotes that follow, for a description of our executive compensation programs.

Our board recommends that shareholders vote FOR the following resolution:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion is hereby APPROVED.”

Because your vote is advisory, it will not be binding upon our board, meaning that prior compensation determinations of the board will not be invalidated, and the board will not be required to adjust executive compensation programs or policies as a result of the outcome of the vote. However, the board values shareholders’ opinions, and the compensation committee will take into account the outcome of this shareholder advisory vote when considering future executive compensation arrangements.

Our board recommends that you vote FOR Proposal II, the advisory vote to approve executive compensation.

We currently provide our shareholders the ability to cast their non-binding advisory votes on our executive compensation each year, and unless our Board modifies its policy on the frequency of future “say-on-pay votes,” including due to the result of Proposal III, the next such vote will be at our 2017 annual meeting of shareholders.

PROPOSAL III

ADVISORY VOTE ON THE FREQUENCY OF HOLDING THE SAY-ON-PAY VOTE

We currently provide our shareholders the ability to cast their non-binding advisory votes on our executive compensation each year. Our shareholders now have the opportunity to again vote on how often they believe the advisory vote on executive compensation should be held in the future. The choices are: every one year, two years or three years.

After thoughtful consideration, our board believes that continuing to hold an advisory vote on executive compensation every year is the most appropriate policy for our company and shareholders at this time.

Continuing to hold a say-on-pay vote every year would appropriately complement a number of effective mechanisms already available to shareholders that allow them to communicate with our board regarding executive compensation or any other matter. Shareholders are encouraged to convey their compensation concerns to us on a real-time basis. Shareholders have a variety of corporate governance mechanisms at their disposal for this purpose. These include annual elections of directors, shareholder approval requirements for equity and cash compensation plans, shareholder proposals, letters to individual directors or the entire board and voicing opinions at the annual meeting of shareholders. As with all of these practices, our board will monitor the effectiveness of an annual advisory say-on-pay vote to ensure it remains a valuable tool for shareholders.

Prior to voting on this proposal, we encourage you to read the “Compensation Discussion and Analysis” and the executive compensation tables, the footnotes to the tables and narrative information accompanying the tables in this proxy statement, which more thoroughly discuss our compensation policies and programs.

This is an advisory vote, which means that this proposal is not binding. Regardless, the compensation committee values the opinions expressed by our shareholders and expects to implement the frequency which receives the greatest level of support from shareholders. While we believe that a vote once every year is the best choice for our company and shareholders, you are not voting to approve or disapprove our recommendation of an annual vote, but rather to make your own choice among a vote once every one year, every two years or every three years. You may also abstain from voting on this item.

Shareholders are being asked to vote on the following resolution:

“RESOLVED, that the Company’s shareholders advise the Company to include a non-binding, advisory vote on the compensation of the Company’s named executive officers pursuant to Section 14A of the Exchange Act every:

one year;

two years; or

three years.”

Our board recommends that you vote for continuing to hold the say-on-pay vote every ONE YEAR.

PROPOSAL IV

TO APPROVE AN AMENDMENT TO OUR ARTICLES OF INCORPORATION TO
INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK
FROM 800,000,000 SHARES TO 1,000,000,000 SHARES

Background

Our board has approved an amendment to our articles of incorporation, as amended, to increase the number of shares of common stock that we may issue from 800,000,000 shares to 1,000,000,000 shares as more fully described below and directed that such amendment be submitted to our shareholders for approval. We currently have 800,000,000 shares of common stock, par value \$0.0001 per share, authorized of which 183,560,751 shares were outstanding as of March 21, 2016. Also, we have reserved 61,945,031 shares of common stock for issuance under our Amended and Restated 1999 Performance Equity Plan, our 2009 Incentive Compensation Plan and our Amended and Restated Qualified Employee Stock Purchase Plan. Additionally, we have reserved 19,651,333 shares of common stock for issuance upon the exercise of outstanding warrants and options not issued under the foregoing plans and 432,250,000 shares of common stock for issuance upon the conversion of our authorized 8% Series A Cumulative Redeemable Preferred Stock to the extent we do not elect to redeem such preferred stock following a change in control of our company. We therefore have 102,592,885 additional shares available for issuance and our board believes it is in our best interest and the best interest of our shareholders to amend our articles of incorporation to increase our authorized shares of common stock to 1,000,000,000 shares. If this proposal is approved, we will have 302,592,885 additional shares available for issuance.

Purposes of the Amendment

The principal purpose of the proposed increase in the number of authorized shares of common stock is to provide us greater flexibility with respect to our capital structure in the event that the board determines that it is necessary or appropriate to issue shares of common stock in connection with future activities, including financings, strategic transactions, acquisitions, stock dividends or splits, employee and director benefit plans, and other corporate purposes. We have no current plans to issue additional shares of common stock. Our board has determined that having an increased number of authorized but unissued shares of common stock would allow us to take prompt action with respect to corporate opportunities that may develop, without the delay and expense of convening a special meeting of shareholders for the purpose of approving an increase in our capitalization. Our board will determine whether, when and on what terms the issuance of shares of common stock may be warranted in connection with any of the foregoing purposes. It is not the present intention of our board to seek shareholder approval prior to any issuance of shares of

common stock that would become authorized by the amendment, unless otherwise required by applicable law or regulations, including the rules of the NYSE MKT on which our common stock is listed. Opportunities may arise that require prompt action. Our board believes that the delay inherent in seeking shareholder approval of an increase in our capitalization in connection with a particular opportunity could be to the detriment of the Company and its shareholders.

Effects of the Increase in Authorized Common Stock

Our shareholders will not realize any dilution in their voting rights as a result of the increase in the number of authorized shares of common stock, but will experience dilution in their voting rights to the extent additional shares are issued. Issuance of significant numbers of additional shares of our common stock in the future (i) will dilute shareholders' percentage ownership and (ii) if such shares are issued at prices below what current shareholders' paid for their shares, may dilute the value of current shareholders' shares. When issued, the additional shares of common stock authorized by the amendment will have the same rights and privileges as the shares of common stock currently authorized and outstanding.

The holders of our common stock are entitled to one vote for each share held of record on all matters to be voted on by our shareholders. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares of our common stock voted in an election of directors can elect all of our directors. The holders of our common stock are entitled to receive dividends when, as, and if declared by our board of directors out of legally available funds. We have never paid cash dividends on our shares of common stock. In the event of our liquidation, dissolution or winding up, the holders of our shares of common stock are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision has been made for each class of stock, if any, having preference over the common stock. Holders of our common stock have no conversion, preemptive or other subscription rights, and there are no redemption provisions applicable to the common stock.

Because holders of common stock have no preemptive rights, shareholders would not have any preferential rights to purchase any of the additional shares of common stock if and when such shares are issued. Shares of authorized common stock could be issued in one or more transactions that could make it more difficult, and therefore less likely, that a purchase or change in control of us could occur. Issuance of additional common stock could have a deterrent effect on persons seeking to acquire control. [Our board also could, although it has no present intention of so doing, authorize the issuance of shares of common stock to a holder who might thereby obtain sufficient voting power to assure that any proposal to effect certain business combinations or an amendment to our articles of incorporation would not receive the required shareholder approval.] Accordingly, the power to issue additional shares of common stock could enable our board to make it more difficult to replace incumbent directors or to accomplish business combinations opposed by the incumbent board.

The Amendment

If this amendment to our articles of incorporation is approved by our shareholders, we will file an amendment to our articles of incorporation with the Department of State of the State of Florida as soon as practicable in order to make the amendment. Our board reserves the right, notwithstanding shareholder approval of this proposal and without further action by our shareholders, not to proceed with the amendment.

The first sentence of Article III of our articles of incorporation currently provides as follows:

“The aggregate number of shares of which of the Corporation shall have authority to issue is eight hundred twenty-five million (825,000,000) shares, of which eight hundred million (800,000,000) shares shall be “Common Stock,” par value \$.0001 per share, and of which twenty-five million (25,000,000) shares shall be “Preferred Stock,” par value \$.0001 per share.”

Our board has approved the following amendment to Article III, subject to approval of such amendment by the holders of our common stock in accordance with Proposal IV and Proposal V below. Although Proposal IV and Proposal V below are not contingent on each other, if both Proposal IV and Proposal V are approved we will subsequently file an articles of amendment to our articles of incorporation providing that the first sentence of Article III, set forth above, will be deleted in its entirety and replaced by the following:

“The aggregate number of shares of which of the Corporation shall have authority to issue is one billion fifty million (1,050,000,000) shares, of which one billion (1,000,000,000) shares shall be “Common Stock,” par value \$.0001 per share, and of which fifty million (50,000,000) shares shall be “Preferred Stock,” par value \$.0001 per share.”

To the extent that Proposal IV is approved by our shareholders but Proposal V is not approved, our articles of incorporation will be amended to increase our authorized shares of common stock to 1,000,000,000 shares, while our authorized shares of preferred stock will remain 25,000,000 shares.

Dissenters Rights

Neither Florida law nor our articles of incorporation or bylaws provides our shareholders with the rights of appraisal or similar rights of dissenters with respect to this proposed amendment.

Vote Required

The vote required to approve the proposal to increase our authorized shares of common stock to 1,000,000,000 shares is a majority of the votes cast at the meeting with respect to the proposal.

Our board recommends that you vote FOR Proposal IV, the amendment to our articles of incorporation to increase the number of shares of common stock authorized from 800,000,000 shares to 1,000,000,000 shares.

PROPOSAL V

TO APPROVE AN AMENDMENT TO OUR ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF PREFERRED STOCK FROM 25,000,000 SHARES TO 50,000,000 SHARES

Background

Our board has unanimously approved an amendment to our articles of incorporation, as amended, to increase the number of authorized shares of preferred stock from 25,000,000 shares to 50,000,000 shares and directed that such amendment be submitted to our shareholders for approval. We currently have authorized 25,000,000 shares of preferred stock, par value \$.0001 per share, with 14,693,021 shares issued and outstanding as of March 21, 2016. Our board believes that this increase in authorized shares of preferred stock would provide us greater flexibility with respect to our capital structure for such purposes as future additional equity financings, retirement of indebtedness and acquisitions.

Our board is authorized to prescribe the series and the number of the shares of each series of preferred stock and the voting powers, designations, preferences, limitations, restrictions and relative rights of the shares of each series of preferred stock. Preferred stock for which our board is authorized to so determine the series and the number of the shares of each series of preferred stock and the voting powers, designations, preferences, limitations, restrictions and relative rights of the shares of each series of preferred stock is commonly referred to as “blank check” preferred stock.

Our articles of incorporation currently authorizes the issuance of up to 800,000,000 shares of common stock, par value \$.0001 per share and 25,000,000 shares of preferred stock, par value \$.0001 per share. As described in Proposal IV above, our board has also proposed to increase the authorized number of shares of common stock from 800,000,000 shares to 1,000,000,000 shares. If both Proposal IV and this Proposal V are approved, the total number of authorized shares of all classes of our capital stock will be 1,050,000,000 shares, consisting of 1,000,000,000 shares of common stock, par value \$.0001 per share, and 50,000,000 shares of preferred stock, par value \$.0001 per share. For a discussion of the common stock proposal, see Proposal IV above. Proposals IV and V are not contingent on one another.

If our articles of incorporation are amended to increase our shares of authorized preferred stock, our board would have discretion to prescribe the series and the number of the shares of each series of preferred stock and the voting powers,

designations, preferences, limitations, restrictions and relative rights of the shares of each series of preferred stock. If this proposal is approved by our shareholders, our board does not intend to solicit further shareholder approval before the issuance of any shares of preferred stock, unless otherwise required by applicable law or regulations.

Upon the effectiveness of the amendment authorizing the issuance of additional shares of preferred stock, our board will have the express authority to execute and file an articles of amendment to our articles of incorporation setting forth the series and the number of the shares of each series of preferred stock and the voting powers, designations, preferences, limitations, restrictions and relative rights of the shares of each series of our preferred stock.

Purposes of the Amendment

Our board recommends the increase of authorized shares of preferred stock from 25,000,000 shares to 50,000,000 shares to increase our financial flexibility. Our board believes that the complexity of modern business financing and acquisition transactions requires greater flexibility in our capital structure than now exists. The preferred stock would be available for issuance from time to time as determined by our board for any proper corporate purpose. Such purposes might include, without limitation, issuance in public or private sales for cash as a means of obtaining additional capital for use in our business and operations or to retire indebtedness, or issuance as part or all of the consideration required to be paid by us for acquisitions of other businesses or assets. If the proposed amendment is approved, our board would be empowered, without the necessity of further action or authorization by our shareholders, unless required in a specific case by applicable laws or regulations, to authorize the issuance of up to 50,000,000 shares of preferred stock from time to time in one or more series, and to fix by resolution or resolutions, designations, preferences, limitations and relative rights of each such series. Our board will determine, whether, when and on what terms the issuance of shares of preferred stock may be warranted in connection with the foregoing purposes. Each series of preferred stock could, as determined by our board at the time of issuance, rank, with respect to dividends and redemption and liquidation rights, senior to our common stock. It is not the present intention of our board to seek shareholder approval prior to any issuance of preferred stock that would become authorized by the amendment, unless otherwise required by applicable law or regulation. Opportunities frequently arise that require prompt action and it is the belief of our board that the delay necessitated by seeking shareholder approval of a specific issuance could be to the detriment of us and our shareholders.

Effects of the Increase in Authorized Preferred Stock

Any future issuance of preferred stock could adversely affect the rights of holders of our common stock. If we issue preferred stock, such preferred stock will include certain designations, rights, qualifications, preferences, limitations and terms, any of which may dilute the voting power or economic interest of holders of our common stock. For example, in the absence of a proportionate increase in our earnings and book value, an increase in the aggregate number of outstanding shares caused by the issuance of our preferred stock could dilute the earnings per share and book value per share of all outstanding shares of our common stock. In addition, in a liquidation, the holders of our preferred stock may be entitled to receive a certain amount per share of our preferred stock before the holders of our common stock receive any distribution. In addition, the holders of our preferred stock may be entitled to vote and such votes may dilute the voting rights of the holders of our common stock when we seek to take corporate action. Our

preferred stock also may be convertible into shares of our common stock. Furthermore, our preferred stock could be issued with certain preferences over the holders of our common stock with respect to dividends or the power to approve the declaration of a dividend. The aforementioned are only examples of how shares of our preferred stock, if issued, could result in:

- reduction of the amount of funds otherwise available for payment of dividends on our common stock;
- restrictions on dividends that may be paid on our common stock (although there are no current plans to pay dividends on our common stock);
- dilution of the voting power of our common stock; and

restrictions on the rights of holders of our common stock to share in our assets on liquidation until satisfaction of any liquidation preference granted to the holders of our preferred stock.

We could also issue shares of preferred stock that may, depending on the terms of such issued preferred stock, make more difficult or discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest or other means. When, in the judgment of our board, this action would be in our best interest and the best interest of our shareholders, such shares could be used to create voting or other impediments or to discourage persons seeking to gain control of us. Such shares also could be privately placed with purchasers favorable to our board in opposing such action. Also, our board could authorize holders of a series of our preferred stock to vote either separately as a class or with the holders of our common stock, on any merger, sale or exchange of assets by us or any other extraordinary corporate transaction. The existence of the additional authorized preferred stock could have the effect of discouraging unsolicited takeover attempts. The issuance of preferred stock also could be used to dilute the stock ownership of a person or entity seeking to obtain control of us should our board consider the action of such entity or person not to be in the best interest of our shareholders. The issuance of preferred stock also could be used to entrench current management or deter an attempt to replace our board by diluting the number or rights of shares held by individuals seeking to control us by obtaining a certain number of seats on our board. Our board is not aware of any present or contemplated attempt to acquire control of us, and this proposal is not being presented with the intent that it be utilized as an anti-takeover device.

The Amendment

If this amendment to our articles of incorporation is approved by our shareholders, we will file an amendment to our articles of incorporation with the Florida Department of State as soon as practicable in order for the amendment to become effective. Our board reserves the right, notwithstanding shareholder approval of this proposal and without further action by our shareholders, not to proceed with the amendment at any time before the effective date of the amendment to our articles of incorporation.

The first sentence of Article III of our articles of incorporation currently provides as follows:

“The aggregate number of shares of which of the Corporation shall have authority to issue is eight hundred twenty-five million (825,000,000) shares, of which eight hundred million (800,000,000) shares shall be “Common Stock,” par value \$.0001 per share, and of which twenty-five million (25,000,000) shares shall be “Preferred Stock,” par value \$.0001 per share.”

Our board has approved the following amendment to Article III, subject to approval of such amendment by the holders of our common stock in accordance with Proposal V and Proposal IV above. Proposals IV and V are not contingent on each other. If both Proposal IV and Proposal V are approved, we will subsequently file an amendment to our articles of incorporation providing that the first sentence of Article III, set forth above, will be deleted in its entirety and replaced by the following:

“The aggregate number of shares of which of the Corporation shall have authority to issue is one billion fifty million (1,050,000,000) shares, of which one billion (1,000,000,000) shares shall be “Common Stock,” par value \$.0001 per share, and of which fifty million (50,000,000) shares shall be “Preferred Stock,” par value \$.0001 per share.”

To the extent that Proposal V is approved by our shareholders but Proposal IV is not approved, our articles of incorporation will be amended to increase our authorized shares of preferred stock to 50,000,000 shares, while our authorized shares of common stock will remain 800,000,000 shares.

Dissenters Rights

Neither Florida law nor our articles of incorporation or bylaws provides our shareholders with the rights of appraisal or similar rights of dissenters with respect to this proposed amendment.

Vote Required

The vote required to approve the proposal to increase our authorized shares of preferred stock to 50,000,000 shares is a majority of the votes cast at the meeting with respect to the proposal.

Our board recommends that you vote FOR Proposal V, the amendment to our articles of incorporation to increase the number of shares of preferred stock authorized from 25,000,000 shares to 50,000,000 shares.

PROPOSAL VI

**RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2016**

The audit committee has selected and appointed EisnerAmper LLP to act as our independent registered certified public accounting firm for the year ending December 31, 2016. EisnerAmper LLP was our independent auditor for the fiscal year ended December 31, 2015. Although shareholder ratification is not required by our bylaws or otherwise, we believe that submitting the appointment of our independent auditor to our shareholders is a matter of good corporate practice. If shareholders do not ratify our appointment of EisnerAmper LLP, the audit committee will re-evaluate such appointment, taking into consideration our shareholders' vote. However, the audit committee is solely responsible for the appointment and termination of our auditors and may do so at any time in its discretion. Even if shareholders ratify our appointment of EisnerAmper LLP, our audit committee may engage a different independent auditor at any time during the year if it determines that such a change would be in the best interests of our company and shareholders.

Our board recommends that you vote FOR Proposal VI, the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for the year ending December 31, 2016.

CORPORATE GOVERNANCE MATTERS

Independence of Directors

We follow the NYSE MKT rules in determining if a director is independent. Our board of directors also consults with our counsel to ensure that the board's determination is consistent with those rules and all other relevant laws and regulations regarding director independence. In making its independence determinations, our board considered that in the ordinary course of business we may provide commercial and investment banking, financial advisory and other services to some of the independent directors and to business organizations and individuals associated with them. Our board determined that, based on available information, none of these relationships were material or affected the independence of any director. Consistent with these considerations, our board of directors has affirmatively determined that Ms. Simkin, Dr. Krasno and Messrs. Beinstein, Genson, Gilinski and Podell are independent directors. Our other directors are not independent under the NYSE MKT rules because we currently employ them or they have other relationships with us that may result in them not being "independent." All members of our audit, compensation and nominating and corporate governance committees are independent. Also, our board of directors has affirmatively determined that each member of our audit committee and compensation committee is independent for audit committee and compensation committee purposes based on the more stringent independence standards imposed by applicable NYSE MKT and SEC rules.

Board Leadership Structure

Our corporate governance guidelines provide that our board is free to choose its chair and chief executive officer in any way it deems best for us at any given point in time. However, these guidelines provide that unless our board determines otherwise, we should have different persons serve as chair and chief executive officer. We have a separate chairman of the board, Phillip Frost, M.D., and chief executive officer, Richard J. Lampen. We believe that having a non-executive director serve as our chair allows our chief executive officer to focus on our business, while allowing the chair to fulfill his fundamental board leadership role, which includes providing advice to, and independent oversight of, our board.

Our board is committed to good corporate governance and believes that it is appropriate for a highly-qualified director to serve as its chair. Our chair is responsible for the orderly functioning of our board and enhancing its effectiveness. Our chair guides board processes, provides input on agenda items and presides at board meetings. Our chair also acts as a liaison between our board members and our executive management team, consulting regularly and providing guidance on board-related matters.

Lead Independent Director

Our corporate governance guidelines also provide that the independent directors of our board may designate a lead independent director to perform certain duties designated by the board. In November 2014, Dr. Richard M. Krasno was appointed as our lead independent director. The functions of our lead independent director include serving as the principal liaison between our independent directors, our chairman and our chief executive officer, reviewing and providing input to the agenda for each meeting of our board, and approving the schedule of, developing the agenda for, and presiding at executive sessions of, our independent directors. We believe that having a lead independent director provides for effective checks and balances and enhances the ability of our independent directors to work effectively in the board setting. Our board adopted a charter of the lead independent director in November 2014, a copy of which is available at <http://ir.stockpr.com/ladenburg/governance-documents>.

Board Role in Risk Oversight

Our board's role in the risk oversight process includes receiving regular reports from senior management on areas of material risk, including operational, financial, legal and regulatory and strategic and reputational risks. In connection with its review of the operations of our business units and corporate functions, our board considers and addresses the primary risks associated with those units and functions. Our board regularly engages in discussions of the most significant risks that we are facing and how we manage these risks.

Also, each board committee, including our audit committee, plays a role in overseeing risk management issues that fall within such committee's areas of responsibility. Senior management reports on at least a quarterly basis to our audit committee on the most significant risks we face from a financial reporting perspective and highlights any new risks that may have arisen. Our audit committee also meets regularly in executive sessions with our independent registered public accounting firm and reports any findings or issues to our board. In performing its functions, each board committee has access to management and is able to engage advisors. Our board receives regular reports from our committees regarding each committee's areas of focus.

Code of Ethics

In February 2004, our board adopted a code of ethics that applies to our directors, officers and employees as well as those of our subsidiaries. The code of ethics is available at <http://ir.stockpr.com/ladenburg/governance-documents>.

Number of meetings held in 2015	1	6	2	1	—

Our board meets regularly during the year and holds special meetings and acts by unanimous written consent as circumstances require. During 2015, there were four meetings of the board. All directors attended at least 75% of the aggregate number of meetings of the board and of each committee of which he or she was a member. We expect our directors to attend all board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Although we do not have any formal policy regarding director attendance at annual shareholder meetings, we attempt to schedule our annual meetings so that all of our directors can attend. Three directors attended our last annual meeting. The chairs of each of our committees are as follows: audit committee (Mr. Beinstein), compensation committee (Dr. Krasno) and nominating and corporate governance committee (Ms. Simkin).

Executive Committee Information

Our executive committee is vested with all the power of the board of directors (other than actions which are vested in other board committees) except: (a) approving or recommending to shareholders actions or proposals required under the Florida Business Corporation Act to be approved by shareholders; (b) filling vacancies on the board of directors or on any committee thereof; (c) adopting, amending or repealing our bylaws; (d) authorizing or approving a repurchase of any of our securities; and (e) authorizing or approving the issuance of any of our securities.

Nominating and Corporate Governance Committee Information

Our nominating and corporate governance committee oversees the selection of director nominees. The nominating and corporate governance committee also develops and recommends to the board the corporate governance guidelines applicable to us, and oversees the evaluation of the board and management. The nominating and corporate governance committee considers persons as director nominees that are identified by its members, management, investors, investment bankers, shareholders and others. Jacqueline M. Simkin (Chair), Henry C. Beinstein and Dr. Richard M. Krasno comprise our nominating and corporate governance committee. In December 2012, the nominating and corporate governance committee adopted a written charter, which sets forth criteria for nominees. The nominating and corporate governance committee applies the same criteria when evaluating director candidates recommended by shareholders as it does when evaluating director candidates recommended by others. Copies of the charter and our corporate governance guidelines are available at <http://ir.stockpr.com/ladenburg/governance-documents>. Although the nominating and corporate governance committee does not have specific minimum qualifications for director candidates, in recommending candidates for the board, the committee takes into consideration the following criteria established by the board in our corporate governance guidelines:

personal qualities and characteristics, accomplishments and reputation in the business community;

current knowledge and contacts in the communities in which we do business and in our industry or other industries relevant to our business;

ability and willingness to commit adequate time to board and committee matters;

the fit of the individual's skills and personality with those of other directors and potential directors in building a board that is effective, collegial and responsive to our needs; and

diversity of viewpoints, background, skills, experience and other demographics.

The committee also considers other factors as it deems appropriate such as whether a proposed nominee is actively engaged in business endeavors and has an understanding of financial statements, corporate budgeting and capital structure. For more information regarding our nomination process, see the section entitled "Submission of Shareholder Proposals and Nominations" below.

The persons to be elected at our annual meeting are the current directors standing for re-election.

Audit Committee Information

Our board has a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Exchange Act. Henry C. Beinstein (Chair), Saul Gilinski, Jeffrey S. Podell and Jacqueline M. Simkin comprise our audit committee. Our audit committee assists the board in monitoring:

the integrity of our financial statements;

our independent auditor's qualifications and independence;

the performance of our independent auditor; and

our compliance with legal and regulatory requirements.

The audit committee also reviews and approves all related-party transactions.

As required by applicable SEC and NYSE MKT rules, our board has determined that each audit committee member is independent for audit committee purposes and is financially literate and that Mr. Beinstein, who chairs the committee, is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

The audit committee operates under a charter, which is available at <http://ir.stockpr.com/ladenburg/governance-documents> under the heading "Audit Committee Charter." As set forth in its charter, our audit committee's responsibilities include, among other things:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our Form 10-K;

- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;

discussing with management and the independent auditor the effect on our financial statements of (i) regulatory and accounting initiatives and (ii) off-balance sheet structures;

discussing with management major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies;

reviewing disclosures made to the audit committee by our chief executive officer and chief financial officer during their certification process for our Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in our internal controls;

verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;

reviewing and approving all related-party transactions;

inquiring and discussing with management our compliance with applicable laws and regulations;

pre-approving all auditing services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;

appointing or replacing the independent auditor;

determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; and

establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies.

Audit Committee Report

The information contained in this Audit Committee Report shall not be deemed "soliciting material" or "filed" with the SEC, nor shall such information be incorporated by reference into any document we file with the SEC, or subject

to the liabilities of Section 18 of the Exchange Act, except to the extent that such report is specifically stated to be incorporated by reference into such document.

Our audit committee has met and held discussions with management and EisnerAmper LLP, our independent auditors. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the audited consolidated financial statements with management and the independent auditors. The committee discussed with EisnerAmper LLP the matters required to be discussed by Auditing Standard No. 16, “Communications with Audit Committees,” as adopted by the Public Company Accounting Oversight Board (“PCAOB”).

EisnerAmper LLP also provided the audit committee with the written disclosures and letter regarding independence required by the PCAOB regarding the independent auditors’ communication with the audit committee concerning independence. The committee discussed with EisnerAmper LLP and management the auditors’ independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by EisnerAmper LLP.

Based upon the committee's discussion with management and the independent auditors and the committee's review of our audited financial statements, the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the board of directors include the audited consolidated financial statements in our annual report on Form 10-K for the year ended December 31, 2015.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section discusses the compensation programs and policies for our officers listed in the Summary Compensation Table below (“Named Executive Officers”) and the compensation committee’s role in the design and administration of these programs and policies in making specific compensation decisions for our Named Executive Officers.

Henry C. Beinstein, Brian S. Genson, Dr. Richard Krasno and Jacqueline M. Simkin, each of whom is an independent director, currently comprise our compensation committee. The committee’s responsibilities include:

- establishing the general compensation policy for our executive officers, including our chief executive officer;

- ensuring that our executive compensation programs are designed to enable us to attract, retain and motivate senior management and other key employees;

- ensuring that our executive compensation programs are appropriately competitive, integrating pay with our performance, rewarding above-average performance in the context of the business environment in which we operate, recognizing individual initiative and achievements, supporting organization objectives and shareholder interests, and ensuring that executive compensation is adequately designed to align the interests of executive officers with our long-term performance;

- administering our Amended and Restated Qualified Employee Stock Purchase Plan (“QESPP”), our Amended and Restated 1999 Performance Equity Plan (“1999 Plan”) and our Amended and Restated 2009 Incentive Compensation Plan (“2009 Plan”) and any future adopted plans;

- determining who participates in these plans, establishing performance goals, if any, and determining specific grants and awards to the participants; and

- preparing the report of the compensation committee required by SEC rules to be included in our annual proxy statement and Part III to our annual report on Form 10-K.

Our compensation committee amended and re-adopted its written charter in June 2013, a copy of which is available at <http://ir.stockpr.com/ladenburg/governance-documents>. Our compensation committee has established compensation policies designed to provide competitive compensation levels that integrate pay with our annual performance and reward above average corporate performance, recognize individual initiative and achievements and assist us in attracting and retaining qualified executives. Our compensation committee may engage outside advisors, experts and others to assist it in determining executive compensation. Our compensation committee engaged GK Partners, Inc. to provide the services described below in connection with its compensation review for the year ended December 31, 2015.

The compensation committee makes all final determinations with respect to executive officers' compensation, based on an appraisal of our financial status and a subjective assessment of individual performance. Our chief executive officer may make recommendations to the compensation committee relating to the compensation of other executive officers, but the compensation committee has full autonomy in determining executive compensation. Other than standard fees for board and committee service, which are determined by the full board, the compensation committee considers and approves all director compensation, which is determined through a subjective assessment of individual contributions.

The compensation committee may form subcommittees for any purpose that it deems appropriate and may delegate to such subcommittees such power and authority as it deems appropriate; except that the compensation committee is not permitted to delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the compensation committee as a whole. The compensation committee may also delegate to one or more of our executive officers the authority to make grants of equity-based compensation to eligible individuals who are not executive officers. Any such executive officer will be required to regularly report to the compensation committee grants so made and the compensation committee may revoke any delegation of authority at any time.

Our compensation committee is charged with performing an annual review of our executive officers' cash and other compensation to determine whether we provide adequate incentives and motivation to executive officers and whether the compensation we provide to our executive officers is comparable to the compensation provided to other executive officers in similarly situated companies based on our review of public compensation disclosures, although we do not use benchmarks. For 2015, our compensation committee engaged GK Partners to provide publicly available compensation information regarding executive compensation at twelve peer companies, which were identified by management, to gain a sense of whether we are providing generally competitive compensation for our Named Executive Officers. These companies were:

Calamos Asset Management Inc.	JMP Group Inc.
Cowen Group, Inc.	LPL Financial Holdings Inc.
FBR & Co.	Oppenheimer Holdings Inc.
Greenhill & Co., Inc.	Piper Jaffray Companies
INTL FCStone Inc.	Raymond James Financial Inc.
Investment Technology Group, Inc.	RCS Capital Corporation

Within the financial services industry, there are a limited number of publicly-traded companies that resemble us in size, scope and nature of business operations. One of the peer group companies selected, LPL Financial, is primarily engaged in the independent brokerage business, our largest segment, although LPL Financial is substantially larger than us. Raymond James Financial was selected because of its significant presence in the independent brokerage business, although it participates in other business lines and is also substantially larger in size. The other peer group companies were selected because they generally engage in investment banking, brokerage or asset management activities, are not depository institutions, and are roughly comparable to us in terms of market capitalization. The compensation committee does not rely solely on this information and does not benchmark its decisions regarding total compensation or elements of compensation to any particular percentile range of the comparator groups of companies.

The compensation committee, considering all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act and applicable NYSE MKT rules, is not aware of any conflict of interest that has been raised by the work performed by GK Partners. Other than the services for which the compensation committee directly engaged GK Partners, GK Partners provided no services to us for the year ended December 31, 2015.

Compensation Objectives

The objectives of our compensation programs are to attract, motivate and retain qualified persons to serve as our executive officers. Our compensation programs are designed to provide competitive compensation to our Named Executive Officers; reward individual initiative and achievements; integrate pay with our performance; and ensure that executive compensation is adequately designed to align the interests of executive officers with our long-term performance.

Compensation Components

The four primary compensation components are base salary, brokerage commissions (for those officers who are registered representatives), cash bonuses and equity awards. Decisions with respect to one component of compensation tend not to affect decisions regarding other components. We do not have specific policies for allocating between long-term and currently paid out compensation or between cash and non-cash compensation. We discuss each of the four components of compensation in more detail below.

Base Salary. We provide base salaries to provide our Named Executive Officers a minimum, fixed level of cash compensation commensurate with their particular positions and qualifications. Generally, we set executive base salaries at levels comparable with those of executives in similar positions and with similar responsibilities at comparable companies. We seek to maintain base salary amounts at or near the industry norms, while avoiding paying amounts in excess of what we believe are necessary to motivate executives to meet corporate goals. Base salaries are not anticipated to be the sole component of total annual cash compensation. We review base salaries annually, subject to terms of employment agreements, and our compensation committee seeks to adjust base salaries when necessary to realign them with industry norms based on a review of publicly-available compensation information, including, for 2015, the peer group information identified above, after taking into account individual responsibilities, performance and experience. We do not use specific industry benchmarks, however. As part of the annual review process, the compensation committee increased Mr. Lampen's base salary from \$150,000 to \$200,000, Mr. Zeitchick's base salary from \$350,000 to \$375,000, Mr. Malamed's base salary from \$325,000 to \$350,000, Mr. Kaufman's base salary from \$300,000 to \$325,000 and Mr. Giovanniello's base salary from \$275,000 to \$300,000, all effective January 1, 2016.

Brokerage Commissions. If an executive is a registered representative, part of the executive's total compensation is a percentage of the brokerage commissions derived from customer accounts. We believe this form of additional compensation helps incentivize our executives who are registered representatives. For each of fiscal 2013, 2014 and 2015, Mark Zeitchick and Adam Malamed were the only Named Executive Officers who were paid brokerage commissions. See the column entitled "All Other Compensation" in the Summary Compensation Table below for the amount of brokerage commissions paid to each of Mark Zeitchick and Adam Malamed in fiscal 2013, 2014 and 2015.

Discretionary Cash Bonus. We grant discretionary cash bonuses to executives and directors, including non-employee directors. This is an important part of executive compensation. These bonuses may exceed base salary amounts and are more closely tied to both company and individual performance. Our compensation committee establishes bonus amounts by taking account of, among other things, a subjective assessment of individual performance, growth in our business through organic growth and acquisitions, satisfaction of financial goals, including earnings before interest, taxes, depreciation and amortization ("EBITDA"), as adjusted, changes in shareholder value and the business environment in which we operated during the year. We believe that EBITDA, as adjusted, is correlated to shareholder value creation and therefore is one of the appropriate measures to consider in determining executive compensation. EBITDA, as adjusted, is intended to minimize or eliminate the effect of items that do not directly reflect our performance or individual executive performance. While the compensation committee considers the foregoing objective factors, the actual bonus amount for each executive officer is based on the compensation committee's subjective assessment of both our overall performance for the year, in the context of the business environment in which we operated, and the contribution that each such individual made to that performance. The compensation committee believes that a discretionary bonus plan is appropriate because objective, short-term financial measures may not fully reflect the underlying reasons for our performance and will not reflect individual executive performance.

For 2015, we granted a \$1,300,000 cash bonus to each of Richard Lampen, our president and CEO, and Mark Zeitchick, our executive vice president; a \$375,000 cash bonus to Brett Kaufman, our senior vice president and chief financial officer; a \$375,000 cash bonus to Adam Malamed, our chief operating officer; and a \$275,000 cash bonus to Joseph Giovanniello, Jr., our senior vice president-corporate and regulatory affairs. We also granted a \$1,300,000 cash bonus to each of Dr. Phillip Frost, our chairman, and Howard Lorber, our vice-chairman. These bonuses were based on the contributions made by these two individuals to the growth of our business, including through recruiting, acquisitions and development of client relationships. Additional considerations for the bonuses for Messrs. Lampen, Zeitchick, Kaufman, Malamed and Giovanniello for 2015 included: achievement of record revenues; continued growth in number of advisors through successful recruiting and in levels of advisory and total client assets at our independent brokerage businesses; the successful integrations of KMS Financial Services, Inc., Securities Service Network, Inc. ("SSN") and Highland Capital Brokerage, Inc.; the implementation of increased levels of shared services across the enterprise; satisfaction of annual targets under our clearing firm loans resulting in the forgiveness of approximately \$4.5 million of principal and interest; repayment of outstanding indebtedness; increases in our shareholders' equity; and repurchases of common stock. Bonus payments for our executive officers in 2015 were lower or equal to those paid in 2014 due to our compensation committee's subjective assessment of our overall performance in the context of the business environment in which we operated and its consideration of the factors described above.

In addition to his bonus award described above, Mr. Malamed received a retention award of \$250,000, which vests in two equal annual installments at December 31, 2016 and 2017. Under the terms of the retention award, Mr. Malamed is required to return 100% of the retention award after taxes if he voluntarily terminates his employment with us or is terminated with "Cause" (as defined in his employment letter) prior to December 31, 2016. Mr. Malamed is required to return 50% of the retention award after taxes if he voluntarily terminates his employment with us or is terminated with "Cause" (as defined in his employment letter) prior to December 31, 2017. The retention award will be reported in the Summary Compensation Table during the years in which it vests based on his continued service.

In addition to his bonus award described above, Mr. Giovanniello received a retention award of \$100,000, which vests on December 31, 2016. Under the terms of the retention award, Mr. Giovanniello is required to return 100% of the retention award after taxes if he voluntarily terminates his employment with us or is terminated with "Cause" (as defined in his employment letter) prior to December 31, 2016. The retention award will be reported in the Summary Compensation Table during the year in which it vests based on his continued service.

Equity Awards. We grant stock options and other stock-based awards, such as restricted stock, to incentivize executives for long-term performance and to provide an appropriate balance between our long-term and short-term performance. We believe that providing a meaningful portion of our executives' total compensation package in stock options and other stock-based awards will align the incentives of our executives with the interests of our shareholders and with our long-term success. The percentage of compensation paid as long-term incentives as compared with cash payments is made through a subjective determination. The compensation committee develops its equity award determinations based on its judgment as to whether the complete compensation packages provided to our executives, including prior equity awards, are sufficient to retain, motivate and adequately reward the executives. We generally grant options and shares of restricted stock that vest over a period of three or four years beginning on the first anniversary of the grant date. We believe that this vesting schedule contributes significantly to the retention of our executive officers because they must remain employed for at least one year before they can realize any potential value from an option or restricted stock grant and will need to continue in our employ for the duration of the vesting schedule in order to realize the maximum potential value.

In January 2016, we granted options to purchase 200,000 shares to each of Dr. Frost and Messrs. Lorber, Lampen and Zeitchick and options to purchase 50,000 shares to Mr. Malamed. The exercise price for these options is \$2.65 per share (a premium to the closing market price of \$2.27 on the grant date). In January 2015, we granted options to purchase 200,000 shares to each of Dr. Frost and Messrs. Lorber, Lampen and Zeitchick and options to purchase 50,000 shares to Mr. Malamed. The exercise price for these options is \$4.25 per share (a premium to the closing market price of \$3.95 on the grant date). The foregoing options vest in four equal annual installments beginning on the first anniversary of the grant date.

In January 2016, we granted 250,000 restricted shares of common stock to each of Messrs. Lampen and Zeitchick, 125,000 restricted shares of common stock to Mr. Malamed and 40,000 restricted shares of common stock to each of Messrs. Kaufman and Giovanniello. In January 2015, we granted 200,000 restricted shares of common stock to each

of Messrs. Lampen and Zeitchick, 125,000 restricted shares of common stock to Mr. Malamed and 40,000 restricted shares of common stock to each of Messrs. Kaufman and Giovanniello. The foregoing restricted shares vest in four equal annual installments beginning on the first anniversary of the grant date, subject to certain exceptions.

We generally grant equity awards through the shareholder-approved 1999 Plan and the 2009 Plan. Each of the 1999 Plan and the 2009 Plan is administered by our compensation committee. To the extent permitted under the provisions of these plans, the compensation committee has authority to determine the selection of participants, allotment of shares, price, and other conditions of awards.

Other Compensation. We maintain various employee benefit plans, including medical, dental, life and disability insurance and 401(k) plans, and these plans are available to all salaried employees. We pay all medical, dental and basic life insurance premiums for our executive officers (except for Mr. Lampen) pursuant to their respective employment agreements. We reimburse Mr. Lampen and Mr. Zeitchick, on an after-tax basis, for various automobile expenses and Mr. Lampen for certain health, dental and life insurance premiums. In addition, we reimburse certain of our executive officers for club memberships and dues.

Risk Considerations in our Compensation Programs

We have reviewed our compensation structures and policies as they pertain to risk and have determined that our compensation programs do not create or encourage the taking of risks that are reasonably likely to have a material adverse effect on our company.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally disallows a public company's tax deduction for compensation in excess of \$1 million in any taxable year paid to the chief executive officer and the three other most highly compensated officers. The effect of Section 162(m) on taxes currently payable is substantially mitigated by our net operating loss carryforwards, although the amount of any deduction disallowed under Section 162(m) could increase our alternative minimum tax by up to 2% of such disallowed amount. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are satisfied. Awards under these plans generally qualify as "performance-based" compensation that is fully deductible and not subject to the Section 162(m) deduction limit. In determining executive compensation, our compensation committee considers, among other factors, the possible tax consequences. Tax consequences, including tax deductibility, are subject to many factors (such as changes in the tax laws) that are beyond our control. Also, the compensation committee believes that it is important for it to retain maximum flexibility in designing compensation programs that meet its stated objectives. For these reasons, the committee, while considering tax deductibility as one of the factors in determining compensation, does not limit compensation to those levels or types of compensation that will be deductible by us.

Consideration of our Most Recent Shareholder Advisory Vote on Executive Compensation

Last year, at our 2015 Annual Meeting, our shareholders cast an advisory vote on executive compensation, referred to as a "say-on-pay proposal", as required by Section 14A of the Exchange Act. At the 2015 Annual Meeting, our shareholders overwhelmingly approved the say-on-pay proposal, and we have considered such approval an endorsement of our executive compensation philosophy and programs. Therefore, our executive compensation philosophy and programs have been confirmed and remain substantially unchanged since last year. The next say-on-pay proposal is included in this proxy statement for our 2016 Annual Meeting.

Pension Benefits

We do not provide pension benefits to our Named Executive Officers.

Nonqualified Deferred Compensation

We do not maintain defined contribution or other plans providing for the deferral of compensation on a basis that is not tax qualified.

Qualified Employee Stock Purchase Plan

On November 6, 2002, our shareholders approved the QESPP, under which a total of 5,000,000 shares of our common stock are available for issuance. On November 1, 2006, our shareholders approved an amendment to increase the number of shares available for issuance under the plan to 10,000,000 shares. In September 2012, our shareholders approved the amendment and restatement of the QESPP. Under this stock purchase plan, as currently administered by the compensation committee, all full-time employees may use a portion of their salary to acquire shares of our common stock during designated periods. Designated periods have been initially set at three months long and commence on January 1st, April 1st, July 1st and October 1st of each year and end on March 31st, June 30th, September 30th and December 31st of each year. On the first day of each such period, known as the “date of grant,” each participating employee is automatically granted an option to purchase shares of our common stock to be automatically exercised on the last trading day of the three-month purchase period comprising an option period. The last trading day of an option period is known as an “exercise date.” On the exercise date, amounts withheld during the period are applied to purchase shares from us for the participating employees. The purchase price under the QESPP is currently 95% of the last sale price of our common stock on the exercise date. As of December 31, 2015, 4,659,692 shares of common stock had been issued under the QESPP.

Potential Termination or Change in Control Payments

As of December 31, 2015, Richard Lampen, Mark Zeitchick, Adam Malamed, Brett H. Kaufman and Joseph Giovanniello had employment agreements with us that provide for potential payments in the event of their termination. Under each of Mr. Lampen’s and Mr. Zeitchick’s employment agreements, if the agreements are terminated by the Company without “Cause” or by executive for “Good Reason” (as each such term is defined in the agreements), or in the event of the executive’s death or disability, or in the case of Mr. Lampen, in the event of retirement (at age 66 or older), the executives will be entitled to a severance period (24 months in the case of Mr. Lampen and 18 months in the case of Mr. Zeitchick) in which the executive will continue to be paid his base salary, bonuses and benefits, in addition to having all stock awards immediately vest upon termination; provided, however, that in the case of Mr. Lampen’s retirement, the Company shall have the option of paying the salary and bonus in shares of the Company’s common stock. The total estimated payment in the event Mr. Lampen’s employment had been terminated on December 31, 2015 for the reasons set forth above would have been approximately \$3,721,000. The total estimated payment in the event Mr. Zeitchick’s employment had been terminated on December 31, 2015 for the reasons set forth above would have been approximately \$3,345,000.

If termination occurs within two years after any “Change in Control” (as defined in the agreements), the executive shall be paid a lump sum payment equal to a number of months multiplied by the executive’s base salary and bonuses (such number of months being 24 months in the case of Mr. Lampen and 18 months in the case of Mr. Zeitchick). Additionally, if a Change in Control occurs within twelve months after termination of employment by the Company without “Cause” or by the executive with “Good Reason,” the Company’s remaining severance period payment obligations

shall instead be paid in one lump sum. The total estimated payment in the event Mr. Lampen's employment had been terminated on December 31, 2015 as a result of a "Change in Control" would have been approximately \$3,721,000. The total estimated payment in the event Mr. Zeitchick's employment had been terminated on December 31, 2015 as a result of a "Change in Control" would have been approximately \$3,345,000.

If terminated by the Company for “Cause” or by executive without “Good Reason,” the executive will be entitled only to any salary and expense reimbursement owed to him through the date of termination.

Each of Mr. Lampen’s and Mr. Zeitchick’s employment agreements defines “Cause”, “Disability,” “Good Reason” and “Change in Control” as follows:

Cause means: (i) having been convicted of or entered a plea of nolo contendere with respect to a criminal offense constituting a felony; (ii) having committed in the performance of his duties under the agreement one or more acts or omissions constituting fraud, dishonesty, or willful injury to us which results in a material adverse effect on our business, financial condition or results of operations; (iii) having committed one or more acts constituting gross neglect or willful misconduct which results in a material adverse effect on our business, financial condition or results of operations; (iv) having willfully or knowingly exposed us to criminal liability substantially caused by the executive which results in a material adverse effect on our business, financial condition or results of operations; or (v) having failed, after written warning from our board of directors specifying in reasonable detail the breach(es) complained of, to substantially perform his duties under the agreement (excluding, however, any failure to meet any performance targets or to raise capital or any failure as a result of an approved absence or any mental or physical impairment that could reasonably be expected to result in a Disability).

Disability means: mental or physical impairment or incapacity rendering such executive substantially unable to perform his duties under the agreement for more than 180 days out of any 360-day period during his employment period.

Good Reason means: (i) a material diminution of such executive’s duties and responsibilities provided in the agreement, including, without limitation, the failure to elect or re-elect such executive to the same office and as a member of our board of directors or the removal of such executive from any such position, (ii) a reduction of such executive’s base salary or target bonus opportunity as a percentage of base salary, (iii) any material breach of any material provision of the Agreement by us, (iv) relocation of his office location from the Miami, Florida metropolitan area, (v) the change in such executive’s reporting relationship; and (vi) the failure of a successor to all or substantially all of the our business and/or assets to promptly assume and continue the our obligations under the agreement, whether contractually or as a matter of law, within 15 days of such transaction.

Under Mr. Malamed's employment agreement, we are required to pay Mr. Malamed a severance amount equal to his annual base salary (\$325,000 at December 31, 2015) and he and his family would be entitled to receive subsidized health benefits for a period of up to 18 months (approximately \$50,000 at December 31, 2015) following any termination by us without "Cause" or by him for "Good Reason". The total estimated payment in the event Mr. Malamed's employment had been terminated on December 31, 2015 as a result of his death or disability would have been approximately \$0.

Mr. Malamed's employment agreement defines "Cause" and "Good Reason" as follows:

Under Mr. Kaufman's employment agreement, we are required to pay Mr. Kaufman a severance amount equal to his annual base salary (\$300,000 at December 31, 2015) due to his termination by us without "Cause" or by him for "Good Reason". In the event that Mr. Kaufman's employment is terminated due to death or "Disability", Mr. Kaufman will be entitled to receive a pro-rata bonus for the year of termination based on his bonus for the prior year (\$375,000 in the case of any termination in 2016). Also, Mr. Kaufman and his family will be entitled to receive company paid health and dental benefits for a period of up to 18 months following any termination due to death, "Disability", without "Cause" or with "Good Reason" (approximately \$50,000 at December 31, 2015). The total estimated payment in the event Mr. Kaufman's employment had been terminated on December 31, 2015 as a result of his death or disability was approximately \$725,000.

Disability means that Mr. Kaufman, as a result of incapacity due to physical or mental illness, has been substantially unable to perform his normal duties for an entire period of six consecutive months, and has not returned to the substantial performance of his duties on a full-time basis within 30 days after written notice of termination is given by us after such six-month period.

Good Reason means: (i) a material diminution in duties or responsibilities, (ii) failure to appoint or elect Mr. Kaufman as our senior vice president and chief financial officer or his removal from such position, (iii) a reduction in his base salary, (iv) relocation of his office to a location outside of Miami, Florida (other than in connection with travel necessary to perform his duties), or (v) a material breach by us of his employment letter, an indemnification agreement between us or any equity agreement between us, including, without limitation, the failure of any successor to all or substantially all of our assets to assume our obligations under the employment letter and the indemnification agreement.

Under Mr. Giovanniello's employment agreement, we are required to pay Mr. Giovanniello a severance amount equal to his annual base salary (\$275,000 at December 31, 2015) due to his termination by us without "Cause" or by him for "Good Reason". In the event that Mr. Giovanniello's employment is terminated due to death or "Disability", Mr. Giovanniello will be entitled to receive a pro-rata bonus for the year of termination based on his bonus for the prior year (\$350,000 in the case of any termination in 2016). Also, Mr. Giovanniello and his family will be entitled to receive company paid health and dental benefits for a period of up to 18 months following any termination due to death, "Disability", without "Cause" or with "Good Reason" (approximately \$50,000 at December 31, 2015). Disability means that Mr. Giovanniello, as a result of incapacity due to physical or mental illness, has been substantially unable to perform his normal duties for an entire period of six consecutive months, and has not returned to the substantial performance of his duties on a full-time basis within 30 days after written notice of termination is given by us after such six-month period.

Also, certain of our option and restricted stock agreements contain clauses that provide that in the event of a change in control of our company, or upon the death or disability of the option holder or upon the termination of the option holder without cause or for good reason, all stock options or shares of restricted stock under such an agreement become fully vested. The unrealized value of in-the-money unvested stock options and unvested restricted stock subject to accelerated vesting are shown below as potential payments to the Named Executive Officers. The unrealized value was calculated by multiplying the number of unvested shares under “Outstanding Equity Awards at December 31, 2015” above by the closing price of a share of common stock on December 31, 2015 (\$2.76), then, in the case of options, deducting the aggregate exercise price of the unvested stock options.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Policy

Our Code of Business Conduct and Ethics requires us to avoid related party transactions that could result in actual or potential conflicts of interest, except under guidelines approved by our audit committee. Related-party transactions are defined as transactions in which:

- the aggregate amount involved is expected to exceed \$120,000 in any calendar year;

- we or any of our subsidiaries is a participant; and

- any (a) executive officer, director or director nominee, (b) five percent or greater beneficial owner of our common stock, or (c) immediate family member, of the persons listed in clauses (a) and (b), has or will have a material interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity).

A conflict of interest can arise when a person takes actions or has interests that may make it difficult for such person to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position. Our audit committee, under its charter, reviews and approves related-party transactions to the extent we enter into such transactions.

The audit committee considers all relevant factors when determining whether to approve a related party transaction, including:

- whether the transaction is on terms no less favorable to us than terms generally available to us from an unaffiliated third-party under the same or similar circumstances; and

- the extent of the related party's interest in the transaction.

A director may not participate in the approval of any transaction in which he or she is a related party, but must provide the audit committee with all material information concerning the transaction. Also, we require each of our directors and executive officers to complete a directors' and officers' questionnaire annually that elicits information about

related-party transactions. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director or officer.

Related Party Transactions

In connection with our acquisition of Securities America Financial Corporation (“Securities America”) on November 4, 2011, we entered into a loan agreement with various lenders (the “Lenders”), under which the Lenders provided a loan (the “November 2011 Loan”) to us in an aggregate principal amount of \$160,700,000, some of which was used to fund a portion of the purchase price for Securities America. Interest on the November 2011 Loan is payable quarterly at 11% per annum. Interest is payable in cash; provided that we may also pay interest-in-kind with the consent of certain Lenders. This payment-in-kind feature increases the principal sum outstanding on the note that is due at maturity by the amount of such payment-in-kind. The balance of the November 2011 Loan, together with accrued and unpaid interest thereon, is due on November 4, 2016.

We may voluntarily repay the November 2011 Loan at any time without premium or penalty. During the twelve months ended December 31, 2013, we prepaid \$110,850,000 of the November 2011 Loan. These prepayments included the installments of the notes that would have been due on December 31, 2014 and December 31, 2015. During the twelve months ended December 31, 2014 and December 31, 2015, we prepaid an additional \$20,022,400 and \$11,852,000, respectively, of the November 2011 Loan. The notes contain customary events of default, which, if uncured, permit the Lenders to accelerate the maturity date of the November 2011 Loan.

The aggregate principal amount outstanding under the November 2011 Loan at December 31, 2015 was \$17,975,998, and we paid interest in an amount equal to \$2,419,161 on such loan for the year ended December 31, 2015. The largest principal amount outstanding under the November 2011 Loan at any time during the year ended December 31, 2015 was \$29,827,600.

At closing, we paid a one-time aggregate funding fee of \$803,500 to the Lenders and issued to the Lenders warrants (“Warrants”) to purchase an aggregate of 10,713,332 shares of our common stock. The Warrants are exercisable at any time prior to their expiration on November 4, 2016 at \$1.68 per share, which was the closing price of our common stock on the closing date, as reported by the NYSE MKT.

The Lenders include Frost Nevada Investments Trust (“Frost Nevada”), an affiliate of our chairman and principal shareholder, Phillip Frost, M.D., Vector Group, Ltd. (“Vector Group”), a more than 5% holder of our shares, and Richard J. Lampen, our President and Chief Executive Officer. The original principal amounts loaned by Frost Nevada, Vector Group and Mr. Lampen were \$135,000,000, \$15,000,000 and \$200,000, respectively. A special independent committee of our board reviewed and considered the terms of the loan agreement, the notes and the Warrants, and, upon such review and consideration, which included the advice of the special committee’s independent financial advisor, the special committee determined that the financing was fair from a financial point of view to us and our unaffiliated shareholders.

In connection with our acquisition of Investacorp in 2007, we entered into a \$30,000,000 revolving credit agreement with Frost Gamma Investments Trust (“Frost Gamma”), an entity affiliated with Dr. Phillip Frost. Borrowings under the credit agreement bear interest at a rate of 11% per annum, payable quarterly. In August 2009, the revolving credit agreement was amended to extend the maturity date to August 25, 2016. In connection with the Securities America acquisition, in August 2011, we entered into a second amendment to the revolving credit agreement, under which available borrowings were increased by \$10,000,000 to \$40,000,000. In March 2016, the revolving credit agreement was further amended to extend the maturity date to August 25, 2021. The note issued under the credit agreement contains customary events of default, which if uncured, entitle the holder to accelerate the due date of the unpaid principal amount of, and all accrued and unpaid interest on, such note. We had no outstanding balance during 2015 under the credit agreement.

From time to time, our subsidiary, Ladenburg Thalmann & Co. Inc., provides investment banking services in the ordinary course on customary terms to companies in which certain of our directors may be directors and/or shareholders.

In September 2006, we entered into a management services agreement with Vector Group under which Vector Group agreed to make available to us the services of Richard J. Lampen, Vector Group’s executive vice president, to serve as our president and chief executive officer and to provide certain other financial, tax and accounting services, including

assistance with complying with Section 404 of the Sarbanes-Oxley Act of 2002 and assistance in the preparation of tax returns. In consideration for such services, we currently pay Vector Group a \$850,000 annual fee plus any direct, out-of-pocket costs, fees and other expenses incurred by Vector Group or Mr. Lampen in providing such services, and have agreed to indemnify Vector Group for any liabilities arising out of the provision of the services. We paid \$850,000 in 2015 to Vector Group under this agreement. The agreement is terminable by either party upon 30 days' prior written notice.

In March 2013, we entered into an office lease amendment with Frost Real Estate Holdings, LLC, an entity affiliated with Dr. Phillip Frost, for the five-year period expiring in February 2018. The lease was for approximately 18,150 square feet of space in an office building in Miami, Florida, where our principal executive offices and a branch office of Ladenburg Thalmann & Co. Inc. are located. The rent is inclusive of operating expenses, property taxes and parking. Rental payments for 2014 amounted to approximately \$618,204. The lease provides for aggregate payments during the five-year term of approximately \$2,995,000 and minimum annual payments of \$599,000. We received the advice of a commercial real estate firm at the time we entered into the lease that the lease terms were as fair as could have been obtained from an unaffiliated third party.

In September 2010, Investacorp, Inc. entered into an office lease with Frost Real Estate Holdings, LLC for a five-year lease ending in September 2015. Effective as of October 1, 2015, Investacorp's lease with Frost Real Estate Holdings, LLC was renewed and now expires in September 2020. The lease provides for aggregate payments during the five-year term of approximately \$2,420,000 and minimum annual payments of \$484,000. The lease is for 11,475 square feet of space in an office building in Miami, Florida, where our principal executive offices and a branch office of Ladenburg Thalmann & Co. Inc. are located. Rental payments for 2015 amounted to approximately \$382,000. We received the advice of a commercial real estate firm at the time we entered into the original lease that the lease terms were as fair as could have been obtained from an unaffiliated third party.

Ladenburg Thalmann & Co. Inc. employs Richard J. Rosenstock, a former director who resigned from our board of directors in March 2015, Richard Sonkin, the brother-in-law of Richard J. Rosenstock, and Steven Zeitchick, the brother of Mark Zeitchick, a director and our executive vice president. In 2015, (i) Richard J. Rosenstock received approximately \$99,421 in compensation, (ii) Richard Sonkin received approximately \$200,055 in compensation and (iii) Steven Zeitchick received approximately \$311,792 in compensation. It is anticipated that each of these individuals will receive in excess of \$120,000 in compensation from us in 2016.

In 2015, we entered into a Consulting Services Agreement with Nextt Advisors Inc. (the "Consultant"), a corporation owned solely by the son-in-law of our President and Chief Executive Officer. Pursuant to the agreement, we pay the Consultant \$13,333 per month in connection with the Consultant's provision of professional services to us. We paid the Consultant \$14,063 under the agreement in 2015.

One of our wholly owned subsidiaries, SSN, has an operating lease for office facilities with Cogdill Capital LLC, an entity in which SSN's Chief Executive Officer and Chief Financial Officer are members who own a minority percentage of such entity. The lease expires in March 2020. Rent expense under such lease amounted to \$268,000 in 2015.

We are a party to an agreement with Castle Brands Inc. ("Castle") under which we provide certain administrative, legal and financial services to Castle. Our President and Chief Executive Officer is also the President and Chief Executive Officer of Castle. Various of our directors serve as directors of Castle and we and Castle have the same principal shareholder. We received \$171,000 under this agreement in 2015.
