The Notice of Annual Meeting and proxy statement accompanying this letter provide an outline of the business to be conducted at the meeting. I will also report on the progress of the Company during the past year and answer stockholders' questions.

It is important that your shares be represented at the Annual Meeting. If you are unable to attend the meeting in person, I urge you to vote your shares by completing, dating and signing the enclosed proxy card and promptly returning it in the envelope provided or, if a broker or other nominee holds your shares in street name, your broker has enclosed a voting instruction form, which you should use to vote those shares. The voting instruction form indicates whether you have the option to vote those shares by telephone or by using the internet. Your vote is important regardless of the number of shares you own. We urge you to fill out, sign, date and mail the enclosed proxy card or authorize your proxy by telephone or through the internet as soon as possible even if you currently plan to attend the Annual Meeting. This will not prevent you from voting in person but will assure that your vote is counted if you are unable to attend the meeting.

On behalf of your Board of Directors, thank you for your continued interest and support.

Sincerely yours,

Theodore L. Koenig
Chairman & Chief Executive Officer

INFORMATION ABOUT THE MEETING

When is the Annual Meeting?

The Annual Meeting will be held on June 21, 2017, at 3:30 p.m. (Eastern Time).

The Annual Meeting will be held at 311 South Wacker Drive, 2nd Floor The Van Buren Boardroom, Chicago, Illinois 60606.

What items will be voted on at the Annual Meeting?

There are two matters scheduled for a vote:

1. To elect three Class II directors to serve until their respective successors have been duly elected and qualified **(Proposal No. 1)**; and
2. To approve a proposal to authorize flexibility for the Company, subject to approval of the Board of Directors of the Company, to sell shares of its common stock during the next twelve months at a price below the Company's then-current net asset value per share, subject to certain conditions as set forth in this proxy statement **(Proposal No. 2)**.

As of the date of this proxy statement, we are not aware of any other matters that will be presented for consideration at the Annual Meeting.

TABLE OF CONTENTS

INFORMATION ABOUT VOTING

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date, April 5, 2017, are entitled to receive notice of the Annual Meeting and to vote the shares for which they are stockholders of record on that date at the Annual Meeting, or any postponement or adjournment of the Annual Meeting. As of the close of business on April 5, 2017, we had 16,711,686 shares of common stock outstanding.

How do I vote?

With respect to Proposal No. 1, you may either vote **FOR** each of the Class II nominees to the Board of Directors, or you may vote **WITHHOLD AUTHORITY** for the nominees. For each of the other proposals to be voted on, you may vote **FOR** or **AGAINST**, or abstain from voting altogether. The procedures for voting are fairly simple:

Stockholders of Record: Shares Registered in Your Name. If on April 5, 2017, your shares were registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by giving us your proxy. You may give us your proxy by completing the enclosed proxy card and returning it in the enclosed postage-prepaid envelope. **Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card or to otherwise give your proxy authorization as specified on the proxy card, to ensure your vote is counted.** You may still attend the Annual Meeting and vote in person if you have already voted by proxy or have otherwise given your proxy authorization.

IN PERSON: To vote in person, come to the Annual Meeting, and we will give you a ballot when you arrive.

BY MAIL: To vote using the enclosed proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the postage paid envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owners: Shares Registered in the Name of a Broker or Bank. If on April 5, 2017, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by that organization. If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from the Company. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may be able to vote by telephone or over the internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy card.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock for which you are the stockholder of record as of April 5, 2017.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please provide a response for each proxy card you receive to ensure that all of your shares are voted.

4

TABLE OF CONTENTS

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted: FOR the election of the three Class II director nominees named herein to serve on the Board of Directors and FOR the proposal to authorize flexibility for the Company, subject to approval of the Board of Directors of the Company, to sell shares of its common stock during the next twelve months at a price below the Company's then-current net asset value per share, subject to certain conditions as set forth in this proxy statement.

If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares as recommended by the Board of Directors or, if no recommendation is given, will vote your shares using his or her discretion.

Can I change my vote after submitting my proxy card?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the stockholder of record of your shares, you may revoke your proxy in any one of three ways:

You may change your vote using the same method that you first used to vote your shares;
You may send a written notice that you are revoking your proxy to Monroe Capital Corporation, 311 South Wacker Drive, Suite 6400, Chicago, Illinois 60606, Attention: Aaron D. Peck, Corporate Secretary; or
You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting, however, will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count FOR and WITHHOLD AUTHORITY votes for Proposal No. 1, and with respect to Proposal No. 2 FOR, AGAINST and ABSTAIN. A broker non-vote occurs when a nominee, such as a brokerage firm, bank, dealer or other similar organization, holding shares for a beneficial owner, does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner. In the event that a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a brokerage firm, bank, dealer or other similar organization, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. **Under applicable Nasdaq Marketplace Rules, each of Proposal Nos. 1 (election of directors) and 2 (authorization to sell shares below net asset value) is a non-routine proposal. Since these proposals to be voted on at the Annual Meeting are not routine matters, the broker or nominee that holds your shares will need to obtain your authorization to vote those shares and will enclose a voting instruction form with this proxy statement. The broker or nominee will vote your shares as you direct on their voting instruction form so it is important that you include voting instructions.**

Abstentions will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Annual Meeting.

TABLE OF CONTENTS

How many votes are needed to approve each proposal?

For Proposal No. 1, the three nominees receiving the most FOR votes, among votes properly cast in person or by proxy, will be elected, even if they receive approval from less than a majority of the votes cast. Because the nominees are running unopposed, all nominees are expected to be elected as directors, as all nominees who receive votes in favor will be elected, while votes not cast or voted WITHHOLD AUTHORITY will have no effect on the election outcome.

To be approved, Proposal No. 2 must receive FOR votes from (1) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting and (2) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting that are not held by affiliated persons of the Company. With respect to Proposal No. 2 only, Section 2(a)(42) of the Investment Company Act of 1940, or the 1940 Act, defines a majority of the outstanding shares as the lesser of: (1) 67% or more of the common stock of the Company present or represented by proxy at the Annual Meeting, if the holders of more than 50% of the Company's common stock are present or represented by proxy; or (2) more than 50% of the outstanding common stock of the Company. For purposes of the vote on this proposal, abstentions and broker non-votes will have the effect of votes against the proposal, although they will be considered present for purposes of determining the presence of a quorum.

How many shares must be present to constitute a quorum for the Annual Meeting?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares entitled to vote are represented by stockholders present at the Annual Meeting or by proxy. On April 5, 2017, the record date, there were 16,711,686 shares outstanding and entitled to vote. Thus, 8,355,844 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions will be counted towards the quorum requirement.

If a quorum is not present at the Annual Meeting, or if a quorum is present but there are not enough votes to approve one or more of the proposals, the person named as chairman of the Annual Meeting may adjourn the meeting to permit further solicitation of proxies. A stockholder vote may be taken on one or more of the proposals in this proxy statement prior to any such adjournment if there are sufficient votes for approval on such proposal(s).

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting and filed on Form 8-K within four business days of the Annual Meeting. Final results will be published on an amended Form 8-K within four days after the final voting results are established.

Proposals must be sent to our Corporate Secretary at Monroe Capital Corporation, 311 South Wacker Drive, Suite 6400, Chicago, Illinois 60606.

Pursuant to our bylaws, stockholders wishing to nominate persons for election as directors or to introduce an item of business at an annual meeting that are not to be included in our proxy materials must have given timely notice thereof in writing to our Corporate Secretary. To be timely for the 2018 Annual Meeting of Stockholders, you must notify our

Corporate Secretary, in writing, no earlier than October 28, 2017, and no later than 5:00 p.m. (Eastern Time) on December 27, 2017. We also advise you to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including the different notice submission date requirements in the event that the date of the notice for the 2018 Annual Meeting of Stockholders is more than 30 days before or after the first anniversary of the date of the notice for the 2017 Annual Meeting. In accordance with our bylaws, the chairman of the 2018 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting.

Pursuant to the Company's bylaws, among other things, a stockholder's notice shall set forth as to each individual whom the stockholder proposes to nominate for election or reelection as a director:

- the name, age, business address and residence address of such individual;
- the class, series and number of any shares of stock of the Company that are beneficially owned by such individual;
- the date such shares were acquired and the investment intent of such acquisition;
- whether such stockholder believes any such individual is, or is not, an interested person of the Company, as defined in the 1940 Act and information regarding such individual that is sufficient, in the discretion of the Board or any committee thereof or any authorized officer of the Company, to make either such determination; and

all other information relating to such individual that is required to be disclosed in solicitations of proxies for election of directors in an election contest (even if an election contest is not involved), or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including such individual's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

All nominees properly submitted to the Company (or which the nominating and corporate governance committee otherwise elects to consider) will be evaluated and considered by the members of the nominating and corporate governance committee using the same criteria as nominees identified by the nominating and corporate governance committee itself.

TABLE OF CONTENTS

Who is paying for this proxy solicitation?

The Company will pay for the entire cost of soliciting proxies. The Company has engaged a proxy solicitor, AST Fund Solutions, LLC, and the Company estimates that the Company would pay the proxy solicitor a fee of approximately \$40,000 for such services, plus reimbursement for out-of-pocket expenses, though the costs of the proxy solicitation process could be lower or higher than the Company's estimate. The proxy solicitor may call you and ask you to vote your shares. The proxy solicitor will not attempt to influence how you vote your shares, but only ask that you take the time to cast a vote. You may also be asked if you would like to vote over the telephone and to have your vote transmitted to our proxy tabulation firm.

In addition to these written proxy materials, directors, officers and employees of Monroe Capital BDC Advisors, LLC, the Company's investment adviser, or MC Advisors, may also solicit proxies in person, by telephone or by other means of communication; however, our directors, officers and employees of MC Advisors will not be paid any additional compensation for soliciting proxies. In addition to the solicitation of proxies by the use of the mail, proxies may be solicited in person and/or by telephone or facsimile transmission by our proxy solicitor, directors, officers or employees of MC Advisors. MC Advisors is located at 311 South Wacker Drive, Suite 6400, Chicago, Illinois 60606.

The Company may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

How many copies should I receive if I share an address with another stockholder?

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies.

Brokers may be householding our proxy materials by delivering a single proxy statement and Annual Report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement and Annual Report, or if you are receiving multiple copies of the proxy statement and Annual Report and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you are a stockholder of record. You can notify us by sending a written request to: Aaron D. Peck, Corporate Secretary, Monroe Capital Corporation, 311 South Wacker Drive, Suite 6400, Chicago, Illinois 60606, or by calling (312) 258-8300. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Annual Report and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

Whom should I contact if I have any questions?

If you have any questions about voting your shares, please call our proxy solicitor, AST Fund Solutions, LLC, at (800) 441-2738. If you have any questions about the Annual Meeting, these proxy materials or your ownership of our common stock, please contact Aaron D. Peck c/o Monroe Capital Corporation, 311 South Wacker Drive, Suite 6400,

PROPOSAL NO. 1

ELECTION OF CLASS II DIRECTORS

The Board of Directors presently has seven members. Our Board of Directors is divided into three classes. Each class has a three-year term. Class I directors hold office for a term expiring at the Annual Meeting of Stockholders to be held in 2019, Class II directors hold office for a term expiring at the Annual Meeting of Stockholders to be held in 2017 and Class III directors hold office for a term expiring at the Annual Meeting of Stockholders to be held in 2018. Each director holds office for the term to which he or she is elected and until his or her successor is duly elected and qualified. Vacancies on the Board of Directors may be filled by persons elected by a majority of the remaining directors and nominated by the nominating and corporate governance committee. A director elected by the Board of Directors to fill a vacancy in a class, including any vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified. Messrs. Thomas J. Allison and Robert S. Rubin are Class I directors, Messrs. Jeffrey A. Golman, Jorde M. Nathan and Aaron D. Peck are Class II directors and Messrs. Theodore L. Koenig and Jeffrey D. Steele are Class III directors.

The Board of Directors has nominated three directors (upon the recommendation of the nominating and corporate governance committee), Messrs. Golman, Nathan and Peck, for election as Class II directors. If elected at the Annual Meeting, each of Messrs. Golman, Nathan and Peck would serve until the 2020 Annual Meeting of Stockholders and until his successor is elected and has qualified, or, if sooner, until his death, resignation or removal. None of Messrs. Golman, Nathan and Peck is being nominated as a director for election pursuant to any agreement or understanding between such person and the Company. Each of Messrs. Golman, Nathan and Peck has indicated his willingness to continue to serve if elected and has consented to be named as a nominee. Neither Mr. Golman nor Mr. Nathan is an interested director of the Company as defined under the 1940 Act. It is our policy to encourage directors and nominees for director to attend the Annual Meeting.

The directors will be elected by a plurality of the votes cast at the meeting, which means that the three nominees receiving the highest number of votes will be elected. Any shares not voted, whether by withheld authority, abstention or otherwise, will have no effect on the outcome of the election of directors. There are no cumulative voting rights with respect to the election of directors.

The Board of Directors recommends a vote **FOR** the election of all of the nominees whose names are set forth on the following pages. A stockholder can vote for or withhold his or her vote from each nominee. **In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote such proxy for the election of the nominees named below. If a nominee should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person who is nominated as a replacement. The Board of Directors has no reason to believe that the Class II director nominees named will be unable or unwilling to serve.**

Certain of our directors who are also officers of the Company may serve as directors of, or on the boards of managers of, certain of our portfolio companies. The business address of each nominee and director listed below is 311 South Wacker Drive, Suite 6400, Chicago, Illinois 60606.

Board Role in Risk Oversight

Nominees for Class II Director

The Board has risk oversight responsibility and sets the tone for risk tolerance within the Company. The Board strives to effectively oversee the Company's enterprise-wide risk management in a way that balances managing risks while enhancing the long-term value of the Company for the benefit of the shareholders. The Board understands that its focus on effective risk oversight is critical to setting the Company's culture towards effective risk management. To administer its oversight function, the Board seeks to understand the Company's risk philosophy by having discussions with management to establish a mutual understanding of the Company's overall appetite for risk. The Board maintains an active dialogue with management about existing risk management processes and how management identifies, assesses and manages the Company's most significant risk exposures. The Board receives regular updates from management about the Company's most significant risks to enable it to evaluate whether management is responding appropriately. During each regularly scheduled Board meeting, the Board also reviews components of the Company's long-term strategic plans and the principal issues, including foreseeable risks that the Company expects to face in the future.

The Board oversees risk management directly, as well as through its committees. For example, the Audit Committee reviews the Company's policies and practices with respect to risk assessment and risk management, including discussing with senior management major financial risks and the steps taken to monitor and control exposure to such risk. The Corporate Governance Committee considers risks related to succession planning and internal trading governance and the Compensation Committee considers risks related to the attraction and retention of talent and risks relating to the design of executive compensation programs and arrangements. See below for additional information about the Board's committees. Each of these committees is required to make regular reports of its actions and any recommendations to the Board, including recommendations to assist the Board with its overall risk oversight function.

Board Committees

The Board of Directors presently has three committees, with the principal functions and membership described below. Each committee has a charter, which is available at our website at www.sunopta.com, under the Investors link. The following table summarizes the current membership of each of our three Board committees. Each of the three committees is composed entirely of independent directors.

Audit Committee

The Audit Committee's duties and responsibilities are documented in a formal Audit Committee Charter, which is regularly updated. These duties and responsibilities include (a) providing oversight of the financial reporting process and management's responsibility for the integrity, accuracy and objectivity of financial reports and related financial reporting practices; (b) recommending to the Board the appointment and authorizing remuneration of the Company's auditors; (c) providing oversight of the adequacy of the Company's system of internal and related disclosure controls; and (d) providing oversight of management practices relating to ethical considerations and business conduct, including compliance with laws and regulations. The Audit Committee meets a minimum of four times a year, once to review the Annual Report on Form 10-K and annual Audited Consolidated Financial Statements, and once before each quarter's earnings are filed to review interim financial statements and the Quarterly Report on Form 10-Q which is filed with the SEC in the U.S. and with applicable securities regulators in Canada. Other meetings may be held at the discretion of the Chair of the Audit Committee. The Audit Committee has free and unfettered access to Deloitte LLP, the Company's independent registered accounting firm and auditors, the Company's risk management and internal audit team and the Company's internal and external legal advisors.

The Audit Committee maintains a company-wide whistle-blower policy related to reporting of concerns in accounting or internal controls. This policy gives all employees of the Company the option of using a hot line administered by a third party for communication of concerns dealing with a wide range of matters including accounting practices, internal controls or other matters affecting the Company's or the employees well-being.

Our Audit Committee is currently comprised of Margaret Shan Atkins (Chair), Michael Detlefsen, Peter Fraser, and Katrina Houde. The Board has determined that each member of the Audit Committee (1) is independent as defined by applicable SEC and CSA rules and NASDAQ and TSX listing rules, (2) has not participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years and (3) is able to read and understand fundamental financial statements, including a company's balance sheet, income statement, and cash flow statement. In addition, the Board has determined that Margaret Shan Atkins meets the definition of audit committee financial expert, as defined in SEC and CSA rules, and has appointed Ms. Atkins as Chair of the Audit Committee.

The report of the Audit Committee appears under the heading "Report of the Audit Committee" below.

The Audit Committee met formally five times during fiscal 2014.

Corporate Governance Committee (Nominating Committee)

The Corporate Governance Committee's duties and responsibilities are documented in a formal Corporate Governance Committee Charter, which is updated regularly. These duties and responsibilities include: (a) identifying individuals qualified to become members of the Board of Directors, and selecting or recommending director nominees; (b) developing and recommending to the Board of Directors corporate governance principles applicable to the Company; (c) leading the Board of Directors in its annual review of the performance of the Board of Directors; (d) recommending to the Board of Directors director nominees for each committee; (e) discharging the responsibilities of the Board of Directors relating to compensation of the Company's directors; (f) leading the Board of Directors in its annual review of the performance of the Chief Executive Officer; and (g) regularly assessing the effectiveness of the Company's governance policies and practices.

The Corporate Governance Committee, in its capacity as the Nominating Committee, concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors. The Nominating Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, shareholders or external sources and all self-nominated candidates. The Nominating Committee uses the same criteria for evaluating candidates nominated by shareholders and self-nominated candidates as it does for those proposed by other Board members, management and search companies. To be considered for membership on the Board, the Nominating Committee will consider certain necessary criteria that a candidate should meet, which would include the following: (a) be of proven integrity with a record of substantial achievement; (b) have demonstrated ability and sound judgment that usually will be based on broad experience but, particularly, industry experience; (c) be able and willing to devote the required amount of time to the Company's affairs, including attendance at Board and Committee meetings; (d) possess a judicious and critical temperament that will enable objective appraisal of management's plans and programs; and (e) be committed to building sound, long-term Company growth. The Committee also takes into consideration the range of skills and expertise that should be represented on the Board, geographic experience with businesses and organizations, and potential conflicts of interest that could arise with director candidates. Evaluation of candidates occurs on the basis of materials submitted by or on behalf of the candidate. If a candidate continues to be of interest, additional information about her/him is obtained through inquiries to various sources and, if warranted, interviews. Although the Company does not have a separate diversity policy relating to the identification and evaluation of nominees for director, the Corporate Governance Committee seeks to include members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to the business of the Company.

A shareholder may recommend a person as a nominee for election as a director at the Company's next annual meeting of shareholders by writing to the Secretary of the Company. Each notice of nomination should contain the following information: (a) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the shareholder is a holder of record of common shares of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (d) such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated, by the Board of Directors and to ensure that each such nominee is qualified to serve as a director pursuant to the requirements of the Canada Business Corporations Act; and (e) the consent of each nominee to serve as a director of the Company if so elected. Formal nominations for director candidates to be considered for election at the 2016 Annual Meeting of Shareholders must be received before the date specified under Shareholder Proposals for 2016 Annual Meeting of Shareholders; Shareholder Communications.

Our Corporate Governance Committee is currently comprised of Jay Amato (Chair), Peter Fraser and Doug Greene, each of whom has been determined by the Board to be independent.

The Corporate Governance Committee met formally four times during fiscal 2014.

Compensation Committee

The Compensation Committee's duties and responsibilities are documented in a formal Compensation Committee Charter, which is updated regularly. These duties and responsibilities include to (a) reward executives for long-term strategic management and enhancement of shareholder value; (b) support a performance-oriented environment that rewards achievement of internal Company goals and recognizes the Company's performance compared to the performance of similarly situated companies; (c) attract and retain executives whose abilities are considered essential to the long-term success and competitiveness of the Company through the Company's salary administration program; (d) align the financial interests of the Company's executives with those of the shareholders; and (e) ensure fair and

equitable treatment for all employees.

The function of the Compensation Committee is to determine the compensation of the Chief Executive Officer as well as to review and approve the compensation recommended by the Chief Executive Officer for certain officers of the Company and to review overall general compensation policies and practices for all employees of the Company. In addition, this Committee oversees the administration of the Company's 2013 Stock Incentive Plan and the Company's Amended and Restated 2002 Stock Option Plan (collectively, the "Stock Incentive Plans"), Employee Stock Purchase Plan and any other incentive plans that may be established for the benefit of employees of the Company.

Our Compensation Committee is currently comprised of Katrina Houde (Chair), Margaret Shan Atkins and Alan Murray, each of whom has been determined by the Board to be independent.

Our Compensation Committee has deep experience with compensation matters. Specifically:

- Ms. Houde, the Chair of the Compensation Committee, is a certified human resource professional and was a Director or Vice President of Human Resources with three organizations. While at Cuddy Foods she had oversight responsibilities for compensation and pay practices.
- Ms. Atkins has extensive compensation related experience from both a senior operating and board governance perspective having served as a senior operational executive and as a member of Compensation Committees of other publicly traded and private organizations.
- Mr. Murray, as the former Chief Executive Officer of Tetra Pak North America was responsible for senior management annual performance and salary reviews, is familiar and worked with major firms who produce salary surveys, has designed and implemented variable compensation systems for senior management, and has set guidelines for and approved total company compensation programs for over 400 salaried employees annually.

The report of the Compensation Committee appears under the heading "Executive Compensation-Compensation Committee Report" below.

The Compensation Committee met formally five times during fiscal 2014.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our officers or employees at any time over the past year. None of our executive officers serve as a member of the Compensation Committee of any other entity that has an executive officer serving as a member of our Board or Compensation Committee. None of our executive officers serve as a member of the board of directors of any other company that has an executive officer serving as a member of our Compensation Committee.

Code of Ethics

The Company has a Code of Ethics policy titled "Business Ethics and Code of Conduct." The policy is applicable to all employees, including the Company's executive officers and employees performing similar functions, as well as all persons serving as directors and consultants to the Company. A copy of the Business Ethics and Code of Conduct is available, without charge, at www.sunopta.com or upon written request to the Company at SunOpta Inc., 2838 Bovaird Drive West, Brampton, Ontario, Canada L7A 0H2. Attention: Information Officer. Any amendments to, or waivers of, the Business Ethics and Code of Conduct which specifically relate to any financial professional will be disclosed promptly following the date of such amendment or waiver at www.sunopta.com.

Insider Ownership Guidelines for Directors, Officers and Executives

The Board of Directors approved insider ownership guidelines for all non-employee directors and members of the senior management in May 2012. These guidelines are intended to align the interests of directors and management with those of our shareholders.

The insider ownership guidelines encompass the following parameters:

1. Insider ownership guidelines are mandatory for all non-employee members of the Board of Directors and members of the Senior Leadership Team. All persons covered by these guidelines will have the option to request an exemption from these requirements based on consideration of their personal circumstances by the Compensation Committee.
2. Stock ownership targets established as follows:
 - a. Chief Executive Officer three times base salary
 - b. Directors three times annual retainers
 - c. NEOs (named executive officers - includes Chief Financial Officer and three most highly compensated officers) two times base salary
 - d. All other Senior Leadership Team members one times base salary
3. Targets are based on direct shareholdings only and do not account for the value of in-the-money options.
4. In determining whether the required investment levels have been met, holdings are valued using the higher of the cost basis of the stock when acquired, or the market closing price on the last trading day of each fiscal quarter.
5. All participants are provided a five-year transition period to be in compliance with the ownership target. At the end of that period, all those not in compliance will receive 50% of all subsequent short-term incentive payments in the form of equity until such time as the minimum holding is established. Effective January 1, 2014, all directors not in compliance must receive 50% of their retainer payments in stock of the Company until such time as applicable target insider ownership levels are achieved. As at January 3, 2015, seven of ten directors were in compliance and, as at March 31, 2015, all director nominees are in compliance other than Margaret Shan Atkins who has recently joined the Board.

Compensation of Directors

Annual compensation for non-employee directors is comprised of cash and equity-based compensation. Cash compensation consists of an annual retainer and supplemental retainers for the chairs and members of Board committees. Equity compensation traditionally consisted of options granted under the Stock Incentive Plans but commencing in 2014 the Company began granting RSUs instead of options. In addition, Victor Hepburn, Jeremy Kendall and Steven Bromley receive certain fees and incentives from Opta Minerals Inc. as compensation for serving on the board of directors and certain committees of the board of Opta Minerals Inc., one of our subsidiaries, and Jeremy Kendall receives additional compensation in the form of a retirement allowance under a contract with the Company, all of which is set forth in more detail in the table below. Steven Bromley, our Chief Executive Officer is not included in this table since he was an employee of the Company during 2014 and received no additional compensation for his service as a director of SunOpta; thus, his compensation is shown in the Summary Compensation Table.

In 2014 the Board of Directors adopted a Stock Deferral Plan for Non-Employee Directors for the purpose of providing a mechanism for non-employee directors to defer the receipt of common shares issued under RSUs granted under the 2013 Stock Incentive Plan. The receipt of shares is deferred until up to five years after the director ceases to

be a director, as elected in advance by the director. Four directors chose to defer their stock upon commencement of the plan in 2014.

In January 2014, the Company also provided the option to Directors to receive stock in lieu of cash compensation. In the event the Director has not reached the Insider Ownership Guidelines, the Director will automatically receive 50% of his or her annual retainer in common shares. As of March 31, 2015 four Directors are participating.

Each non-employee director receives the following compensation (as applicable):

- i. Annual cash retainer of:
- ◇ Cdn \$40,000 for serving as a director;
 - ◇ Cdn \$60,000 for serving as the Chair of the Board;
 - ◇ Cdn \$20,000 for serving as the Chair of the Audit Committee; and
 - ◇ Cdn \$10,000 for serving as the Chair of the Compensation Committee or Corporate Governance Committee
- ii. Meeting attendance fees of:
- ◇ Cdn \$1,500 for each in-person meeting of the Board of Directors;
 - ◇ Cdn \$1,500 for each meeting of the Audit Committee;
 - ◇ Cdn \$750 for each meeting of the Compensation Committee and Corporate Governance Committee;
 - ◇ Cdn \$750 for each telephonic meeting of the Board of Directors, Compensation Committee or Corporate Governance Committee; and
 - ◇ Cdn \$1,500 for other fees such as travel days.

The annual retainer amounts set forth above reflect the adjustment approved by the Board of Directors in August 2014. The total 2014 compensation for our non-employee directors is shown in the following table (Canadian dollar amounts have been converted to U.S. dollars using the average exchange rate for the year of Cdn \$1.00 = \$0.9054):

(1) Includes common shares issued in lieu of cash for annual retainers valued at market value at the time of receipt.

- (2) Consists of the aggregate grant-date fair value of RSUs granted to directors under the Stock Incentive Plans, calculated in accordance with FASB ASC Topic 718. The fair value of each RSU is estimated based on the closing price of the Company's common shares on the date of grant. The RSUs vest one-third annually beginning on the first anniversary of the grant date. At the end of fiscal 2014, the non-employee directors held total stock options and RSUs as follows:

Name	Stock Options	RSUs	Total
Jay Amato	95,000	7,826	102,826
Margaret Shan Atkins	-	3,585	3,585

Alan Murray	70,000	7,826	77,826
Allan Routh	207,000	7,826	214,826

- (3) Other compensation includes travel fees for all directors.
- (4) For serving on the Board of Directors of Opta Minerals Inc., Mr. Hepburn was paid director fees of \$32,142 (Cdn \$35,500) and Mr. Kendall was paid director fees of \$42,101 (Cdn \$46,500).
- (5) Effective December 31, 2014, Mr. Hepburn retired from the Board of Directors of the Company and of Opta Minerals Inc.
- (6) For Mr. Kendall, other compensation also reflects a retiring allowance in the amount of \$45,270 (Cdn \$50,000) paid under a contract with the Company.
- (7) For Mr. Routh, other compensation also reflects an amount of \$275,000 paid under a consulting contract with the Company.

The Board believes that compensation for non-employee directors should be competitive and should fairly compensate directors for the time and skills devoted to serving our Company but, for independent directors, should not be so great as to compromise independence.

All of our directors are reimbursed for reasonable out-of-pocket expenses incurred for attending meetings of our Board or its committees and for other reasonable expenses related to the performance of their duties as directors. The Board believes that our total director compensation package is competitive with the compensation offered by other companies and is fair and appropriate in light of the responsibilities and obligations of our directors.

Penalties and Sanctions and Personal Bankruptcies

The information related to cease trade orders and bankruptcies, not being within the knowledge of the Company, has been furnished by the directors. Other than set out below, none of the proposed nominees for election to the Board of Directors:

- 1) is, as at the date of this Proxy Statement, or was within 10 years before the date of the Proxy Statement, a director or chief executive officer or chief financial officer of any company (including the Company) that:
 - (i) was the subject of an order (as defined in Form 51-102F5 made under National Instrument 51-102 of the CSA) that was issued while the director or executive officer was acting in the capacity as director, chief executive officer or chief financial officer; or

- (ii) was subject to an order that was issued after the director or executive officer ceased to be a director, chief executive officer, or chief financial officer, and which resulted from an event that occurred while that person was acting in the capacity as a director, chief executive officer, or chief financial officer; or
- 2) is at the date hereof, or has been within 10 years before the date of this Proxy Statement, a director or executive officer of any company (including the Company) that while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- 3) has, within the 10 years before the date of this Proxy Statement, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, executive officer or shareholder.

In 2008 the Company received letters from the SEC requesting additional information in connection with the restatement of the Company's filings for each of the quarterly periods ended March 31, 2007, June 30, 2007, and September 30, 2007. The SEC concluded its investigation in the quarter ended October 2, 2010 and came to a settlement with the Company, Mr. Bromley, President and Chief Executive Officer at the time, and John Dietrich, the former Chief Financial Officer of the Company. Under the settlement, the Company agreed to an administrative order (*Order*) directing that the Company cease and desist from committing or causing any violations and any future violations of Sections 13(a), 13(b)(2)(A) and 13(b)(2)(B) of the Exchange Act, and Rules 12b-20, 13a-11 and 13a-13 thereunder. The Order did not require the Company to make any payment. Mr. Bromley and Mr. Dietrich also agreed to the Order, which directed that they cease and desist from committing and causing any violations and any future violations of Sections 13(a), 13(b)(2)(A) and 13(b)(2)(B) of the Exchange Act and Rules 12b-20, 13a-11, 13a-13 and 13a-14 thereunder. In addition, Mr. Bromley agreed to pay disgorgement of \$40,905 and prejudgment interest of \$5,295, and Mr. Dietrich agreed to pay disgorgement of \$5,780 and prejudgment interest of \$1,012. Those amounts represented a portion of the proceeds that each of them received in connection with properly approved option exercises and sales of the Company's common stock that occurred before the Company's quarterly financial statements for 2007 were restated. The Company, Mr. Bromley and Mr. Dietrich each consented to the issuance of the Order without admitting or denying the Commission's findings. The settlement concluded the SEC's inquiry.

Colorado Mills LLC (*Colorado Mills*) and SunOpta Grains and Foods Inc. (formerly Sunrich LLC, herein *Grains and Foods*), a wholly owned subsidiary of the Company, organized a joint venture in 2008 to construct and operate a vegetable oil refinery adjacent to Colorado Mills' sunflower seed crush plant located in Lamar, Colorado. The joint venture involved the creation of a jointly-owned entity, Colorado Sun Oil Processors, LLC (*CSOP*). Allan Routh, one of our directors, served as President of CSOP, and John Ruelle, our Chief Administrative Officer and Senior Vice President, served as Secretary of CSOP. During the relationship, disputes arose between the parties concerning management of CSOP, record keeping practices, certain unauthorized expenses incurred on behalf of CSOP by Colorado Mills, procurement of crude oil by Sunrich from Colorado Mills for processing at the CSOP refinery, and the contract price of crude oil offered for sale under an output term of the joint venture agreement. The parties initiated a dispute resolution process as set forth in the joint venture agreement, which Colorado Mills aborted through the initiation of suit in Prowers County District Court on March 16, 2010. Subsequent to the filing of that suit, Colorado Mills acted with an outside creditor of CSOP to involuntarily place CSOP into bankruptcy. As part of the bankruptcy proceeding filed on June 10, 2010 in the U.S. Bankruptcy Court, District of Colorado, Colorado Mills purchased substantially all of the assets of CSOP.

**PROPOSAL TWO APPOINTMENT AND REMUNERATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM AND AUDITOR**

Appointment of Independent Registered Public Accounting Firm and Auditor

The Audit Committee of the Board has recommended that Deloitte LLP (*Deloitte*) be reappointed as the Company's independent registered public accounting firm and auditor until the close of the next annual meeting of shareholders. Shareholders will be asked to vote at the Meeting to appoint Deloitte as the Company's independent registered public accounting firm and auditor until the close of the next annual meeting of shareholders and to authorize the Audit Committee to fix their remuneration. Deloitte has served as our auditors since 2008. One or more representatives of Deloitte will attend the Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from shareholders in attendance.

Recommendation of the Board of Directors; Vote Required

The Board of Directors recommends that the shareholders vote FOR the appointment of Deloitte as the Company's independent registered public accounting firm and auditor until the close of the next annual meeting of shareholders and FOR authorizing the Audit Committee to fix their remuneration. In the event that shareholders do not appoint Deloitte as the Company's auditors at the Meeting and another accounting firm is not appointed, the Audit Committee will reconsider its recommendation and the Board will select another accounting firm to serve as the Company's independent registered public accounting firm and auditor.

This proposal will be approved if a quorum is present at the Meeting and the votes cast in favor of the proposal constitute a majority of the total votes cast on the proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting, but will have no effect on the results of the vote. Brokers and other nominees will have discretionary authority to vote your shares if you hold your shares in street name and do not provide instructions as to how your shares should be voted on this proposal.

PROPOSAL THREE ADVISORY VOTE REGARDING THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Background

In order to ensure an appropriate level of director accountability to the Company's shareholders and to ensure that shareholders have an opportunity to engage with the Board of Directors about executive compensation matters, the Company has had a policy since 2010 to seek an advisory vote on an annual basis from shareholders on the Company's executive compensation practices. Shareholders have previously voted on an advisory basis for the Company to hold an advisory vote regarding the compensation of Named Executive Officers on an annual basis. The Board understands that our shareholders have a meaningful interest in our executive compensation policies, and believes that shareholders should have the opportunity to fully understand the objectives, philosophy and principles the Board has used to make executive compensation decisions. The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, now mandates that the Company enable shareholders to vote to approve, on an advisory, non-binding basis, the compensation of the executive officers named in the Summary Compensation Table set forth in this Proxy Statement (referred to in this Proxy Statement as the NEOs).

Discussion and Resolution

In accordance with Company policy and Section 14A of the Exchange Act, we are asking shareholders to indicate their support for the compensation of the NEOs. This proposal, commonly known as a "say-on-pay" proposal, gives shareholders the opportunity to express their views on the NEOs' compensation. Accordingly, we will ask shareholders to vote **FOR** the following resolution at the Meeting.

As described in detail under the heading "Executive Compensation-Compensation Discussion and Analysis," the Company's executive compensation objectives are to (a) attract and retain key executive officers who contribute to the Company's long-term success, (b) align the executive officers' interests with the interests of shareholders, (c) promote an ownership mentality among key leadership and the Board, (d) enhance the overall performance of the Company and (e) recognize and reward individual performance and responsibility.

In order to meet the Company's executive compensation objectives, the Board realizes that the perspectives of our shareholders are important. Therefore, on an annual basis we seek input from our shareholders on our executive compensation programs and practices. Shareholder feedback is incorporated into the design of our arrangements. Further, since we annually hold a "say-on-pay" vote, we have the opportunity to understand and communicate the results to shareholders. At our 2014 annual meeting 96.7% of the votes cast were voted for approval of the compensation of our NEOs. The Compensation Committee believes that the results of this vote affirmed shareholders' support of SunOpta's approach to executive compensation, and therefore we did not substantially change our approach to executive compensation in fiscal 2014. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for its executive team.

2014 Say on Pay Vote	
For	33,998,194
Against	514,007
Abstain	634,898
Total	35,147,099

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the NEOs, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary

Compensation Table and other related tables and narrative discussion under the Executive Compensation caption.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. The Board of Directors and the Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Recommendation of the Board of Directors; Vote Required

The Board of Directors recommends that the shareholders vote FOR the advisory resolution regarding the compensation of the Company's NEOs.

This proposal will be approved if a quorum is present at the Meeting and the votes cast in favor of this proposal constitute a majority of the total votes cast on this proposal. While this vote is required by law, it will neither be binding on the Company or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, the Company or the Board of Directors. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting, but will have no effect on the results of the vote. Brokers and other nominees will not have discretionary authority to vote your shares if you hold your shares in street name and do not provide instructions as to how your shares should be voted on this proposal.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes, among other things, the key principles and approaches used to determine material elements of compensation awarded to, earned by and/or paid to our Chief Executive Officer, Chief Financial Officer, and the three most highly compensated executive officers other than the Chief Executive Officer and Chief Financial Officer who were serving as executive officers on January 3, 2015 (referred to in this Proxy Statement as the NEOs). This discussion addresses our compensation policies for the fiscal year ended January 3, 2015 as they affected the NEOs, and should be read in conjunction with the tables set forth in this Executive Compensation section.

Executive Summary

In 2014 SunOpta achieved a record year with greater than 10% revenue and 20% operating income growth over the prior year. We finished the year with a strong balance sheet and remain focused on our core strategies to continue driving profitable growth. With our core strategies in mind, our executive compensation philosophy and the policies that support it are intended to reward our executives for long-term strategic management and their efforts to enhance shareholder value. The philosophy also supports a performance-oriented environment that rewards achievement of internal Company goals and recognizes the Company's performance compared to the performance of similarly situated companies. The objectives of our executive compensation program are to:

- attract and retain key executive officers critical to our long-term success;
- align the executive officers' interests with the interests of shareholders, through long-term and annual incentives and opportunities for long-term value creation;
- promote an ownership mentality among key leadership;
- enhance the overall performance of the Company; and
- recognize and reward individual performance and responsibility.

Our executive total compensation program is targeted at 50th percentile peer group levels, and is administered in a manner intended to provide above 50th percentile pay for outstanding performance, and below 50th percentile performance for less than expected performance. The compensation incentive structure is directly tied to business outcomes. The short term incentive awards are based upon key financials metrics such as Return on Net Assets, Net Income and Return on Equity. In 2014 the long term incentive award was comprised of a combination of stock options awards and three-year term performance-based share units (PSUs).

The Composition and Role of Our Compensation Committee

The Compensation Committee consists entirely of non-employee directors, within the meaning of Rule 16b-3 under the Exchange Act, outside directors within the meaning of Section 162(m) of the Internal Revenue Code and

independent directors within the meaning of NASDAQ listing rules and National Policy 58-201 *Corporate Governance Guidelines* of the CSA. Pursuant to the SunOpta Inc. Compensation Committee Charter, the Compensation Committee of the Board of Directors is responsible for determining salaries and incentive compensation for officers, including the NEOs, and administering the Stock Incentive Plans and the Employee Stock Purchase Plan. The Compensation Committee is also responsible for reviewing the Company's leadership programs, human resources policies and procedures and diversity programs and metrics. The Compensation Committee delegates authority for expense authorization, administrative matters and various follow-up and miscellaneous items to senior management of the Company.

The Compensation Committee assesses and determines the level of compensation for the Chief Executive Officer. Our Chief Executive Officer assesses and recommends to the Compensation Committee compensation levels for the other executive officers based on the performance of the business and/or certain business units, third-party compensation data from Mercer Executive Compensation Study, Towers Watson Top Management Compensation Survey and ERI Executive Salary Assessor, external and internal equity, changes in responsibility and the individual's overall contribution to the Company's success. These recommendations are submitted to the Compensation Committee for decision and final approval. The Chief Executive Officer plays an administrative role in setting director compensation. He assists the Board in selecting and working with advisors who provide guidance and comparable market data with regards to director's compensation levels and practices. The Board has ultimate responsibility and authority for approving and setting director compensation levels and practices.

Overview of Executive Total Compensation Program

Our executive compensation program generally consists of base salary, annual short-term cash incentive compensation (annual bonuses), long-term incentive compensation in the form of stock options and performance-based stock awards. The Company's target compensation mix indicates our preference for total compensation to reflect approximately 60% of pay linked to performance versus 40% for fixed compensation. The Company generally emphasizes long-term incentive opportunities more than annual incentives, in order to reward primarily for the creation of long-term shareholder value. Combined with our current stock ownership guidelines, we believe our compensation program places the appropriate emphasis on recruitment/retention considerations; incentive pay tied to annual operating performance; and long-term incentives with both downside risk and upside potential aligned with the interests of our shareholders.

Our executive officers also participate in benefit programs that are generally available to all our employees, including medical benefits, the Stock Incentive Plans, the Employee Stock Purchase Plan and a registered retirement savings plan (RRSP) or 401(k) plan. The following chart outlines the primary elements of our executive compensation program. The table below summarizes our current approach to total compensation, and the individual components.

Component	Definition	Comments
Base Salary	Annualized base salary	Based on external benchmarks for the specific position and performance in the position and is generally targeted to make up 30% to 60% of total direct compensation to NEOs. The base salary of executive officers including NEOs is reviewed on an annual basis and determined by the Compensation Committee.
Short Term Incentive (Annual Bonus)	An annual cash reward (annual incentive) is paid to executives based on specific financial metrics. Fiscal 2014 metrics included consolidated net income, consolidated return on equity and group return on net assets.	The incentive rewards the achievement of the Company's annual fiscal targets chosen to have the greatest impact on shareholder value and is generally targeted to make up 20% to 30% of total direct compensation to NEOs. The specific metrics are reviewed on an annual basis and determined by the Compensation Committee.

Component	Definition	Comments
Long Term Incentive (LTI)	Long-term incentives are granted to provide value over a multi-year period while aligning the interests of executives with the shareholders. Utilizing the 2013 Stock Incentive Plan program, the 2014 long-term incentive was amended to include a combination of stock options and performance based share unit awards.	Aligns the executive officers' interests with the shareholders' interests and rewards the executives over a longer period of time in line with shareholder value and is generally targeted to make up 30% to 50% of total direct compensation to NEOs. The plan also allows for using equity as a form of payment versus cash for directors. Performance Share metrics are determined by the Compensation Committee.
Total Direct Compensation	The sum of base salary, annual bonus and LTI.	A commonly used measure of comparative value.
Other Compensation	Any other compensation paid to the executive other than those listed above which includes our 401(k) or registered retirement savings plan matches, automobile benefits, health care benefits and other benefits.	These are necessary to be competitive in the marketplace and are generally provided as part of a broad-based set of employee benefit plans.
Stock Ownership Guidelines	Three times salary for Chief Executive Officer and two times salary for other NEOs. If guidelines are not met by May 2017 for those employed as of May 2012, and five years following commencement of employment for those employed after May 2012, then 50% of the annual bonus is paid in stock until target ownership levels are achieved.	Further aligns with shareholders, by requiring mandatory stock holdings by executives, and providing both upside opportunities and downside risk.

The Compensation Committee believes that the Company's executive compensation program has been appropriately designed to provide a level of incentives that do not encourage our executive officers to take unnecessary risks in managing their respective business units or functions. As discussed below, a meaningful portion of our executive officers' compensation is performance-based. Our annual incentive compensation program is designed to reward annual financial and/or strategic performance that represents interim outcomes towards the long-term success of our Company. We specifically evaluate our annual performance goals to ensure avoidance of risk-taking that focuses excessively on short-term profits at the sacrifice of the long-term health of our Company. Likewise, we use long-term equity incentive awards that we believe provide the appropriate link to long-term shareholder interests through their link to our strategic targets, our stock price and multi-year vesting requirements. The primary equity vehicle historically used has been stock options in order to align executives with stock price appreciation. Under our 2013 Stock Incentive Plan, we have the flexibility to use performance shares and restricted stock units/restricted stock, and in 2014 we began moving towards using a blend of stock options, PSUs and RSUs. In combination, the Compensation Committee believes that the various elements of our executive compensation program sufficiently tie our executives' compensation opportunities to our focus on sustained long-term growth and performance.

Base Salary

The base salary is designed to be a secure base of compensation sufficient to attract and retain a high caliber talented individual for a specific role. The base salary is targeted at the 50th percentile of the peer group, with any positioning below or above the target based on experience, performance, and/or special recruitment/retention considerations.

The Compensation Committee determines the base salary for the Chief Executive Officer, and any adjustment is effective as of the first pay period of the second quarter of each fiscal year. The Chief Executive Officer recommends the base salary for executive officers to the Compensation Committee based on the above stated factors, with the Compensation Committee having ultimate approval authority.

For fiscal 2014, compensation for executive officers was assessed based on a review of executive officers with comparable qualifications, experience and responsibilities at the peer group of companies, as well as current economic factors impacting the market. Base compensation was also assessed in light of a particular individual's contribution as a whole, including the ability to motivate others, develop the necessary skills to grow, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and improve shareholder value.

Mr. Bromley's base salary increased in 2014 to \$516,078 (Cdn \$570,000), an increase of 3.64%. Mr. McKeracher's base salary increased in 2014 to \$327,302 (Cdn \$361,500), an increase of 4.03%. Mr. Jacobs' base salary increased in 2014 to \$495,707 (Cdn \$547,500), an increase of 6.31%. Mr. Ruelle's base salary increased in 2014 to \$359,000, an increase of 4.06%. Mr. Versteegh's base salary increased in 2014 to \$351,982 (€264,987), an increase of 2.0%. These increases were based on a combination of organizational performance improvement, individual performance in their respective positions, and to position their salaries closer to the 50th percentile of the peer group. These increases were effective April 5, 2014 for Messrs. Bromley, McKeracher and Jacobs; April 6, 2014 for Mr. Ruelle; and April 1, 2014 for Mr. Versteegh.

Short-Term Incentives

General. Short-term incentives for executives and management are provided through annual bonus plans based on the performance of the business. The annual short-term incentive target is established by the Compensation Committee for each executive officer based on comparative data for the peer group and is reviewed annually to ensure structure and metrics are optimally tied to the strategic objectives of our Company. Objectives for the Chief Executive Officer are established by the Compensation Committee. Objectives and targets established for executive officers other than the Chief Executive Officer are also established by the Compensation Committee, taking into account the recommendations of the Chief Executive Officer. The objective of our short-term incentive is to align the behavior of executives and management with the overall strategy of the business and shareholder interests.

For fiscal 2014, eligible executives' annual incentive is based on a combination of the following performance components:

Annual Incentive Measures and Weightings by Role		
Annual Incentive Measures	Corporate NEO	Operating Segment Executives
SunOpta Foods Return on Net Assets (RONA)	50%	50%
SunOpta Foods Net Income (NI)	-	20%
SunOpta Consolidated NI	25%	-
SunOpta Consolidated ROE	25%	-
Operating Segment Financials	-	30%

ROE is calculated by dividing consolidated net income by closing 2013 shareholders' equity.

RONA is calculated by taking the sum of operating income plus items of other income and expense incurred in the

normal course of business, and dividing it by the average net assets within the defined group. Average Net Assets is defined as total assets, excluding cash and intercompany receivables, less total liabilities, excluding intercompany and external debt, calculated as an average of fiscal 2014 monthly closing balances.

The target bonuses, as a percentage of salary increased to 75% (from 60%) for Mr. Bromley and remained unchanged from 2013 for Messrs. McKeracher, Jacobs, Ruelle and Versteegh.

Title	SunOpta Target Annual Bonus as a Percentage of Base Salary	Median Target Annual Bonus as a Percentage of Base Salary
Chief Executive Officer (Bromley)	75%	94%
Vice President and Chief Financial Officer (McKeracher)	50%	65%
President and Chief Operating Officer (Jacobs)	50%	64%
Chief Administrative Officer and Senior Vice President (Ruelle)	50%	63%
President, International Sourcing and Supply (Versteegh)	40%	49%

Incentives for Messrs. Bromley, McKeracher, Jacobs and Ruelle were based 25% on achieving consolidated net income targets, 25% on achieving consolidated ROE targets and 50% on achieving SunOpta Foods RONA targets. The incentive for Mr. Versteegh (as an operating segment executive) was based 20% on achieving SunOpta Foods net income target, 50% on achieving SunOpta Foods RONA target and 30% on achieving the applicable operating segment financial target.

The following table summarizes the performance components upon which each NEO's short-term incentive opportunity is based and the corresponding weightings for such components. Although all metrics are strategically important, the weights reflect the relative importance for the organization and specific executive performance. All performance components have a minimum threshold of 90% of the related performance target. If performance is 90% of the performance target or below, no incentive will be paid for that specific performance component. Incentive payouts begin to accrue at the first dollar of achievement over 90% of the applicable performance target, are paid 100% when performance target levels are met and can be paid to a maximum of 200% based on 120% of performance target levels.

(2) Paid in euros. Awards have been converted to U.S. dollars using the average exchange rate for the year of €1 = \$1.3283.

Performance Targets. The performance targets for the 2014 fiscal year for each of the performance components and a description of the level of achievement of such performance targets, are set forth below. As a matter of practice, the Compensation Committee sets an initial performance target for each performance component and these targets are adjusted by the Compensation Committee for acquisitions/divestitures that occur throughout the year. The targets are also evaluated by the Compensation Committee at the end of the year to determine whether the targets need to be adjusted due to any other extraordinary transactions during the year.

The following table sets forth the consolidated net income and ROE and SunOpta Foods RONA and net income targets, achievement and preliminary payout percentage for the corporate bonus plan (in millions of U.S. dollars).

Parameter	Target	Actual	Achievement	Payout
Consolidated Net Income	\$25.2	\$25.2	100.0%	100.0%
Consolidated ROE	8.6%	8.3%	96.7%	67.0%
SunOpta Foods RONA	11.7%	11.3%	96.5%	65.0%
SunOpta Foods Net Income	\$26.1	\$26.1	100.0%	100.0%

A portion of Mr. Versteegh's annual incentive is based on achievement of target goals for RONA, gross margin and inventory turns for the ISS operating segment. We consider target goals relating to the ISS operating segment to be confidential financial information, the disclosure of which would result in competitive harm to us because it would give our competitors sensitive information relating to this operating segment that is not otherwise made public and this information could cause competitors to adjust their pricing and take other measures that would put us at a competitive

disadvantage. The target goals for the ISS operating segment were set at levels that the Compensation Committee considered challenging but achievable, with the expectation that it would take extraordinary performance on the part of management to exceed the target goals to the extent necessary to obtain maximum payouts under the annual incentive plan. The target goals for the ISS operating segment were achieved in the aggregate at the 133% level, resulting in a payout of 166%.

The Compensation Committee has approved Messrs. Bromley, Jacobs, McKeracher and Ruelle 2014 annual incentive award at 74.3% of target payout and Mr. Versteegh's 2014 award at 102.0% payout of target.

Clawback. In the event of material non-compliance with any financial reporting requirements that leads to an accounting restatement, the Company has established authority as part of the short-term incentive plan to recover from current and former executives any incentive-based compensation, for the three years preceding the restatement, which would not have been awarded under the restated financial statements.

Long-Term Incentives

Long-term incentives for executive officers and key employees in 2014 were provided through the Stock Incentive Plans. The objectives of these plans are to align executive and shareholder long-term interests by creating a strong and direct link between executive compensation and shareholder return, to enable executives to develop and maintain a long-term ownership position in our common shares, to attract, retain and motivate qualified employees, directors, officers and consultants in order to achieve the Company's long-term growth and profitability objectives, to provide competitive levels of remuneration and to recognize individual initiatives and achievements. Long-term incentives are usually granted annually to our executive officers and certain key employees. In selecting executives eligible to receive long-term incentives and determining the amount and frequency of such grants, the Compensation Committee evaluates a variety of factors, including the following:

- the job level of the employee;
- the grant-date fair value of equity grants and other equity awards provided by peer group companies to employees at comparable job levels;
- past, current and prospective service rendered, or to be rendered, by the applicable employee;
- historical grants to the applicable employee;
- recruitment and retention considerations; and
- significant promotions, especially to a Vice President or executive officer position.

Long-term incentives are awarded annually by the Compensation Committee at the Board of Directors meeting following the annual salary review and as part of the annual compensation analysis, or at other times throughout the year if deemed appropriate by the Compensation Committee. The long-term incentive awards to executive officers other than the Chief Executive Officer take into account recommendations by the Chief Executive Officer.

In 2014, the Compensation Committee approved a change to the long term incentive award for the executive officers to include a performance-based element. Half of the long term incentive award is granted in the form of stock options that vest over a five-year period, with 20% of the total grant vesting annually on the anniversary date of the original grant and expiring on the tenth anniversary of the grant date. Half of the long term incentive is granted in PSUs. The PSUs will be paid out in shares after three years based upon performance against the financial target established at the time of the 2014 grant. The Compensation Committee established 15% as the target goal for SunOpta Foods RONA for the year ending December 31, 2016 to achieve a 100% payout under the PSUs. The PSUs will be paid out on a sliding scale based on performance against the target, with a 50% payout at achievement of 86.6% of the target level and a maximum payout of 200% for achievement of 113.3% of the target level. No payout will be made if performance is less than 86.6% of the target.

The following table provides the grant-date fair value for stock options granted in 2013 and stock options and PSUs granted in 2014 as well as peer group long-term incentive values for each NEO:

Title	2014 Fair Value for Stock Options	2014 Fair Value for PSUs	Total 2014 LTI Value	2013 Fair Value for Stock Options	Peer Group 50th Percentile
Chief Executive Officer (Bromley)	\$217,143	\$218,429	\$435,572	\$439,000	\$1,284,000
Vice President and Chief Financial Officer (McKeracher)	\$127,123	\$127,882	\$255,005	\$263,400	\$390,000
President and Chief Operating Officer (Jacobs)	\$208,576	\$209,807	\$418,383	\$395,100	\$383,000
Chief Administrative Officer and Senior Vice President (Ruelle)	\$126,240	\$126,989	\$253,229	\$263,400	\$334,000
President, International Sourcing and Supply (Versteegh)	\$71,801	\$72,230	\$144,031	\$153,650	\$70,000

Other Compensation

Our executive officers are eligible to receive the same types of benefits that we make available to other employees, including:

- Group health benefits, which includes medical, dental, vision and prescription drug coverage, group life insurance and short-term and long-term disability plans; and
- Retirement benefits in the form of a 401(k) plan for U.S. employees and a Registered Retirement Savings Plan match for Canadian employees and a defined benefit pension plan for certain European employees.

In addition, from time to time executive officers receive additional perquisites that are not generally available to other employees, including automobile benefits and club memberships. For additional information regarding other compensation during the most recently completed fiscal year, see the All Other Compensation column in the Summary Compensation Table below. We take a conservative approach to other compensation, given our focus on pay for performance.

Limitations on Deductions

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to our Chief Executive Officer and the three other most highly compensated executive officers (other than the Chief Financial Officer) to \$1,000,000 per year, but contains an exception for certain performance-based compensation. For the fiscal year ended January 3, 2015, grants of stock options and PSUs under the Stock Incentive Plans were intended to satisfy the requirements for deductible compensation for employees residing in the United States. While our general policy is to preserve the deductibility of most compensation paid to executive officers, we may authorize payments that may not be deductible if we believe they are in the best interests of the Company and its shareholders.

Executive Compensation Peer Group and Use of Compensation Consultants

All compensation decisions are determined following a review of many factors that we believe are relevant, including third-party compensation data, our achievements over the past year, the individual's contributions to our success, any significant changes in role or responsibility and the internal equity of compensation relationships.

In general, we intend that the overall total compensation opportunities provided to the executive officers should reflect competitive compensation for executive officers with corresponding responsibilities in comparable industries providing similar products and services. In setting total compensation, we target a mix of base salary, short-term incentives and long-term incentives and retain the flexibility to adjust this mix and compensation levels based on actual performance as well as changes in the market. To the extent determined to be appropriate, we also consider general economic conditions, our financial performance, including corporate net income, return on equity and return on net assets, and individual merit in setting compensation policies for our executive officers.

The Compensation Committee retained the services of Grant Thornton LLP (*Grant Thornton*) as its independent executive compensation consultant. We retained Grant Thornton in order to gain perspective on emerging trends, issues, pay levels, and design at peer group organizations. Grant Thornton was also requested to assess the current compensation philosophy, and no changes were made. The Compensation Committee has reviewed the independence of Grant Thornton and has determined that Grant Thornton is independent. Grant Thornton provides services at the direction of the Compensation Committee, the Compensation Committee has specific authority in managing all work by Grant Thornton, and any interaction between Grant Thornton and management is at the direction of the Compensation Committee. The Compensation Committee periodically met with Grant Thornton without management being present. For 2014, the total fees charged by Grant Thornton amounted to \$13,832. In 2014, Grant Thornton was in attendance at one telephonic Compensation Committee meeting.

The Compensation Committee takes steps to monitor and manage the independence of its compensation consultant and annually reviews the role of the compensation consultant. As a result of the policies and procedures in place with respect to the compensation consultant, the Compensation Committee believes that the compensation consultant is able to provide candid, direct and objective advice to the Compensation Committee that is not influenced by management or any other services provided to us by Grant Thornton. As a result, the Compensation Committee believes that Grant Thornton is fully independent for purposes of serving as the Compensation Committee's compensation consultant. The Compensation Committee considered the following six factors with respect to Grant Thornton: (i) the provision of other services to the Company by Grant Thornton; (ii) the amount of fees received from the Company by Grant Thornton, as a percentage of the total revenue of Grant Thornton; (iii) the policies and procedures of Grant Thornton that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Grant Thornton with a member of the Committee; (v) any stock of the Company owned by Grant Thornton; and (vi) any business or personal relationship of Grant Thornton with an executive officer of the Company. After considering the foregoing factors, the Compensation Committee determined that the work of Grant Thornton with the Compensation Committee for fiscal 2014 did not raise any conflict of interest.

Notwithstanding the foregoing, Grant Thornton is a full service public accounting and consulting firm, and management has from time to time engaged a unit of Grant Thornton, which is separate and distinct from the unit thereof providing compensation consulting services to the Compensation Committee, to provide certain services to the Company, namely, tax services. Management of the Company believes that the unit of Grant Thornton is exceptionally qualified to provide such tax services. Neither the primary compensation advisor nor any member of the compensation consulting advisory team participates in any of these other services provided to us. Instead, with full knowledge of the Compensation Committee, in and for 2014, the tax management function for the Company engaged a distinct unit of Grant Thornton to provide these tax consulting services to us. Fees for these services totalled \$425,559 for 2014. Grant Thornton provides the Compensation Committee with an annual update on its services and related fees, and the Compensation Committee determines whether the compensation consulting services can be performed objectively and free from the influence of management. The Compensation Committee has determined that

the provision of these separate services did not result in a conflict of interest, or otherwise impair the independence, of Grant Thornton to provide compensation consulting services to the Compensation Committee.

The Compensation Committee worked with Grant Thornton to provide perspective specifically regarding potential improvements to its executive compensation program that will enhance and optimize the relationship between pay and performance.

The PSUs become vested at the end of a three-year performance period ending on December 31, 2016 based on the Company's performance against the performance goal. See prior table for the maximum number of shares that could become vested. The market value of the stock awards is based on the closing market price of the Company's common shares on the last trading day of fiscal 2014 of \$11.80.

Option Exercises During Fiscal 2014

The following table details certain information concerning stock options exercised by the NEOs during the fiscal year ended January 3, 2015.

Option Exercises

Name	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)
Steven Bromley	-	-
Robert McKeracher	14,800	115,036
Hendrik Jacobs	-	-
John Ruelle	34,800	232,910
Gerard Versteegh	10,000	98,020

(1) Value Realized on Exercise is calculated as the difference between the total fair market value of the shares on the date of exercise, less the total exercise price paid for the shares.

Payments on Termination or Change of Control

The Company's 2013 Stock Incentive Plan provides that, in the event of a merger, consolidation or plan of exchange involving the Company pursuant to which outstanding shares are converted into cash or other stock, securities or property, or a sale, lease or exchange or other transfer of all or substantially all of the assets of the Company, the Company's board of directors may, in its sole discretion, provide that outstanding awards under the plan shall be treated in accordance with any of the following alternatives: (i) the outstanding award may be converted into a similar award based on the stock of the surviving or acquiring company, taking into account the relative values of the companies involved in the transaction; (ii) the outstanding award may be cancelled by the Company and the holder would receive cash in an amount equal to the value of the award, as determined by the Company's board of directors; or (iii) the outstanding award may become fully exercisable and the Company's board of directors would provide an arrangement pursuant to which the holder would have a reasonable opportunity to exercise any award or otherwise realize the value of the award.

The Company's 2002 Stock Option Plan, as amended and restated in May 2011 provides for immediate vesting of all unvested stock options in the event of a change of control. A change of control is defined as: (i) the acquisition by a person or group of beneficial ownership of 50% or more of the outstanding voting securities of the Company; (ii) a merger or similar transaction between the Company and another entity whereby voting security holders of the Company immediately prior to such event receive less than 50% of the outstanding voting securities of the entity surviving the event; (iii) the liquidation, dissolution or winding up of the Company; or (iv) the sale or other disposition of all or substantially all of the Company's assets.

We have entered into employment or other agreements with each of our NEOs, most of which provide for certain benefits upon a change of control of the Company or upon a termination of employment by the Company without cause. In our agreements, change of control is generally defined as the acquisition of at least 50% of the common shares of the Company by a person or group. In Mr. Bromley's employment agreement, the definition of change of control also includes certain mergers and similar transactions.

In Mr. Bromley's agreement, "cause" is defined as cause for termination of employment as recognized at common law by the courts in the Province of Ontario. The agreements with Messrs. McKeracher, Jacobs, Ruelle and Versteegh do not provide a definition of the term "cause".

The benefits to be received by the NEOs in connection with a change of control or upon termination of employment under certain circumstances are summarized as follows:

Steven Bromley

Change of Control: Upon a change of control, all of Mr. Bromley's unvested options will immediately vest. Mr. Bromley will have the option of terminating his employment and receiving in a lump sum payment severance benefits equal to 24 months of base salary and the average of the bonuses paid to him for the last two years of employment, plus continuation of allowable medical and insurance benefits for 24 months.

Termination by the Company without Cause: Upon termination of Mr. Bromley's employment by the Company without cause, all of Mr. Bromley's unvested options will immediately vest. In addition, the Company will (a) pay Mr. Bromley in a lump sum his prorated bonus based on results through the date Mr. Bromley's employment ceases; (b) pay Mr. Bromley in a lump sum an amount equal to 24 months base salary plus the amount equal to the average of the bonuses paid to him for last two years of employment; and (c) continue allowable medical and insurance benefits for 24 months following termination of employment. These severance benefits are conditioned upon Mr. Bromley's delivery of a release in favor of the Company.

Termination upon Death: In the event Mr. Bromley dies while employed by the Company, the Company has agreed to (a) pay prorated bonus through the date of his death; and (b) provide health benefits to his family for two years following his death.

Non-Competition and Non-Solicitation Obligations: Mr. Bromley's employment agreement contains non-competition and non-solicitation covenants that extend for two years following the termination of Mr. Bromley's employment with the Company.

Robert McKeracher

Change of Control: Upon a Change of Control, all of Mr. McKeracher's unvested options will immediately vest. If material changes are proposed to Mr. McKeracher's position, he will have the option of terminating his employment and receiving a lump sum severance payment equal to 12 months (plus an additional one month per year of service from October 2011 up to a maximum of 18 months) of his base salary and a bonus payment as described below and continuation of his auto allowance and certain medical, dental and insurance benefits for between 12 and 18 months, depending on his length of service. For purposes of calculating the lump sum severance payment, the bonus payment will be based on the higher of (a) the average of his bonus for the year in which termination occurs, on a prorated basis based on year to date results (assuming a minimum of six months have elapsed during the year in which employment termination occurs) and his bonus for the preceding year; or (b) the average of his bonus payouts for the previous two years of employment.

Termination by the Company without Cause: Upon a termination of Mr. McKeracher's employment without cause, he would receive similar benefits as described above relating to a Change of Control, except that the vesting of unvested options would not be accelerated.

Hendrik Jacobs

Change of Control: Upon a Change of Control, all of Mr. Jacobs' unvested options will immediately vest. In addition, if material changes are proposed to Mr. Jacobs' position, he will have the option of terminating his employment and receiving a lump sum severance payment equal to 18 months of his annual base salary and a bonus payment, plus the continuation of the auto allowance and certain medical, dental and insurance benefits, for a period of 18 months following the date of employment termination. For purposes of calculating the lump sum severance payment, the bonus payment will be based on the higher of (a) the average of his bonus for the year in which termination occurs, on

a pro-rated basis based on year to date results (assuming a minimum of six months have elapsed during the year in which employment termination occurs) and his bonus for the preceding year or (b) the average of his bonus payouts for the previous two years of employment.

Termination by the Company without Cause: Upon a termination of Mr. Jacobs' employment without cause, he would receive similar severance benefits as described above under a Change of Control, except that the vesting of unvested options would not be accelerated.

Termination by the NEO in Certain Situations: If Mr. Jacobs decides to terminate his employment as a result of his perceived material inability to execute the responsibilities of his position, he will receive benefits of 12 months base salary and a bonus payment, plus continuation of auto allowance and allowable medical and insurance benefits during the termination period. This right will apply to circumstances whereby, due to decisions taken by Mr. Bromley or the Board of Directors of the Company, Mr. Jacobs is unable to execute key responsibilities of his position such as decisions on hiring or firing, thereby limiting his ability to be effective in his role. Prior to obtaining this benefit, the Chairpersons of both the Compensation Committee and the Corporate Governance Committee must grant final approval, and if such persons do not agree on the matter, the final decision will rest with the Chair of the Board. For purposes of calculating the payment amount, the determination of the bonus payment will be based on the higher of (a) the average of his bonus for the year in which termination occurs, on a pro-rated basis based on year to date results (assuming a minimum of six months have elapsed during the year in which employment termination occurs) and his bonus for the preceding year; or (b) the average of his bonus payouts for the previous two years of employment.

John Ruelle

Change of Control: Upon a Change of Control, all of Mr. Ruelle's unvested options will immediately vest. In addition, if material changes are proposed to Mr. Ruelle's position, he will have the option of terminating his employment and receiving a lump sum severance payment equal to 12 months (plus an additional one month per year of service from October 2011 up to a maximum of 18 months) of his base salary and a bonus payment as described below and continuation of his auto allowance and certain medical, dental and insurance benefits for between 12 and 18 months, depending on his length of service. For purposes of calculating the lump sum severance payment, the bonus payment will be based on the higher of (a) the average of his bonus for the year in which termination occurs, on a prorated basis based on year to date results (assuming a minimum of six months have elapsed during the year in which employment termination occurs) and his bonus for the preceding year or (b) the average of his bonus payouts for the previous two years of employment.

Termination by the Company without Cause: Upon a termination of Mr. Ruelle's employment without cause, he would receive similar severance benefits as described above under a Change of Control, except that the vesting of unvested options would not be accelerated.

Termination by the NEO without Cause: Effective January 5, 2015, Mr. Ruelle was appointed Senior Vice President of the Company's Raw Material Sourcing and Supply operating segment, with responsibilities including preparing the organization for integration into a Global Sourcing and Supply organizational structure. This assignment is expected to be completed in 2016. Upon the assignment's completion, if Mr. Ruelle and the Company are unable to agree on a commensurate role, Mr. Ruelle may terminate his employment without cause on the following terms: (a) six months working notice; (b) severance to a total of 18 months in addition to the working notice; (c) continuation of auto allowance, medical, dental and insurance benefits to 18 months; (d) outplacement services paid for by the Company for up to 12 months; and (e) continuation of vesting of all stock options and PSU's during the severance period.

Gerard Versteegh

Change of Control: Upon a Change of Control, Mr. Versteegh's unvested options will vest in accordance with the provisions of the Company's 2013 Stock Incentive Plan or 2002 Stock Option Plan, as applicable.

Termination without Cause: Upon a termination of Mr. Versteegh's employment without cause, he will receive the higher of severance benefits equivalent to 12 months base salary, including holiday allowance and bonus (based on the average amount of the previous two years), or severance benefits calculated as per the formula provided by the

Dutch Cantonal Court formula. The Dutch Cantonal Court Formula fixes the redundancy payment for severance at a number of months salary. The formula includes factoring years of service, age, base salary, and reasonable compensation for the termination circumstance.

The following table sets forth the estimated benefits that would have been payable to the NEOs if a change in control had occurred and each officer's employment was terminated on January 3, 2015:
