ABOUT THE MEETING

What is being considered at the annual meeting?

You will be voting for:

the election of eight directors for a term of one year or until their successors are elected and qualified; a non-binding advisory proposal on the compensation of Nathan's named executive officers, as described in the Compensation Discussion and Analysis, executive compensation tables and accompanying narrative disclosures in this proxy statement (commonly known as "say on pay");

an advisory vote on the frequency of shareholder advice on executive compensation; and
the ratification of the appointment of Grant Thornton LLP as our auditors for fiscal 2018.

In addition, our management will report on our performance during fiscal 2017 and respond to your questions.

The Board of Directors does not intend to present to the meeting any matters not referred to in the form of proxy. If any proposal not set forth in this proxy statement should be presented for action at the meeting, and is a matter which should come before the meeting, it is intended that the shares represented by proxies will be voted with respect to such matters in accordance with the judgment of the persons voting them.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of our outstanding shares as of July 18, 2017, the record date, must be present at the meeting, in person or by proxy. This is referred to as a quorum. On July 18, 2017, we had 4,179,050 shares issued and outstanding, excluding treasury shares.

Who can vote at the meeting?

You may vote if you owned stock as of the close of business on July 18, 2017. Each share of stock is entitled to one vote.

Who is being nominated for director?

The only director candidates nominated for election at the annual meeting are Robert J. Eide, Eric Gatoff, Brian S. Genson, Barry Leistner, Howard M. Lorber, Wayne Norbitz, A. F. Petrocelli and Charles Raich, all of whom currently serve on the Board of Directors.

What should I do if I receive more than one proxy card or other set of proxy materials from the Company?

If you hold your shares in multiple accounts or registrations, or in both registered and street name, you will receive a proxy card for each account. Please sign, date and return all proxy cards you receive from the Company. Only your latest dated proxy for each account will be voted. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer & Trust Company, 800-937-5449.

How do I vote?

If you are a record holder of shares of common stock, you can vote in two ways:

- By Mail:** If you received your proxy materials by mail, complete and sign your proxy card or voting instruction form and mail it in the enclosed postage prepaid envelope we provided so that it is received by September 12, 2017, the day before the annual meeting, to be sure it is received in time to count.
- In Person at the Meeting:** If you attend the annual meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which we will provide to you at the annual meeting.

TABLE OF CONTENTS

Can I vote if my shares are held in street name ?

If the shares you own are held in street name by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your brokerage firm on your vote instruction form.

Will my shares be voted if I do not provide my proxy?

Under applicable rules, if you do not give instructions to your brokerage firm, it will still be able to vote your shares with respect to certain discretionary items, but it will not be allowed to vote your shares with respect to certain non-discretionary items. The ratification of Grant Thornton LLP as our independent registered public accounting firm (Proposal 4) is considered to be a discretionary item under applicable rules and your brokerage firm will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. The remaining items of business at the annual meeting are non-discretionary and if you do not instruct your broker how to vote with respect to such proposals, your broker may not vote with respect to these proposals and those votes will be counted as broker non-votes. Broker non-votes are shares that are held in street name by a bank or brokerage firm that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter.

Please see **What vote is required to approve each of the matters to be considered at the meeting?** for information regarding the vote required to approve the matters being considered at the Annual Meeting and the treatment of broker non-votes.

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy.

If your shares are held in street name, you must bring an account statement or letter from your bank or brokerage firm showing that you are the beneficial owner of the shares as of the record date (July 18, 2017) in order to be admitted to the meeting on September 13, 2017. To be able to vote your shares held in street name at the meeting, you will need to obtain a proxy card from the holder of record.

Can I change my mind after I vote?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You can do this by (1) signing another proxy with a later date and returning it to us prior to the meeting, or (2) voting again at the meeting.

What if I return my proxy card but do not include voting instructions?

Proxy cards that are signed and returned but do not include voting instructions will be voted FOR the election of the nominee directors recommended by the Board of Directors, FOR approval of the Company's compensation of its named executive officers, ABSTAIN on the proposal relating to the frequency of our say on pay vote and FOR the ratification of the appointment of Grant Thornton LLP.

What vote is required to approve each of the matters to be considered at the meeting?

Proposal 1: Election of Directors. Directors of the Company are elected by a plurality of the votes cast in contested and uncontested elections. The election at the annual meeting will be uncontested. Plurality means that the eight individuals who receive the highest number of FOR votes will be elected as directors. You may vote either FOR or WITHHOLD your vote from any one or more of the nominees. Proxy cards specifying that votes should be withheld with respect to one or more nominees will result in those nominees receiving fewer votes but will not count as a vote against the nominees. **If you do not instruct your broker how to vote with respect to this item, your broker may not vote your shares with respect to the election of directors.** Any shares not voted by a customer will be treated as broker non-votes, and broker non-votes will have no effect on the results of the election of directors.

Proposal 2: Say on Pay. Our Board of Directors is seeking a non-binding advisory vote regarding the compensation of our named executive officers, as described in the Compensation Discussion and Analysis, executive compensation tables and accompanying narrative disclosures contained in this proxy statement. Under our bylaws, the affirmative vote of a majority of the total number of votes cast at the meeting is needed

TABLE OF CONTENTS

to approve this resolution. The vote is advisory and non-binding in nature but our Compensation Committee intends to take into account the outcome of the vote when considering future executive compensation arrangements. If you do not instruct your broker how to vote with respect to this item, your broker may not vote with respect to this proposal.

Proposal 3: Say on Frequency. Our Board of Directors is seeking a non-binding advisory vote regarding whether stockholders prefer to vote on our compensation program once a year, once every two years or once every three years. Abstentions and broker non-votes will have no effect on the outcome. The vote is advisory and non-binding in nature, but our Board of Directors has decided to adopt the frequency that receives the greatest level of support from our stockholders. If you do not instruct your broker how to vote with respect to this item, your broker may not vote with respect to this proposal.

Proposal 4: Ratification of Independent Registered Public Accounting Firm. To be approved, this proposal to ratify our selection of an independent registered public accounting firm must receive an affirmative vote from stockholders present in person or represented by proxy at the annual meeting representing a majority of the votes cast on the proposal. Abstentions will have the same effect as a vote AGAINST this proposal. For this proposal, brokerage firms have authority to vote shares of their customers that are held in street name. If a broker does not exercise this authority, it will result in a broker non-vote. Broker non-votes will have no effect on the outcome of this proposal.

How will votes be counted?

Each share of common stock will be counted as one vote according to the instructions contained on a proper proxy card, whether submitted in person, by mail, on a ballot voted in person at the meeting or in accordance with the instructions provided by your broker. With respect to all proposals, shares will not be voted in favor of the matter, and will not be counted as voting on the matter, if they are broker non-votes. Assuming the presence of a quorum, abstentions and broker non-votes for a particular proposal will not be counted as votes cast to determine the outcome of a particular proposal.

Who will count the votes?

Representatives of American Stock Transfer & Trust Company, the transfer agent for our common stock, par value \$.01 per share (Common Stock), will tabulate the votes.

Will my vote be kept confidential?

Yes, your vote will be kept confidential and we will not disclose your vote, unless (1) we are required to do so by law (including in connection with the pursuit or defense of a legal or administrative action or proceeding), or (2) there is a contested election for the Board of Directors. The inspector of elections will forward any written comments that you make on the proxy card to management without providing your name, unless you expressly request disclosure on your proxy card.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote on the proxy card:

FOR the election of each of the eight nominees, Robert J. Eide, Eric Gatoff, Brian S. Genson, Barry Leistner, Howard M. Lorber, Wayne Norbitz, A. F. Petrocelli and Charles Raich, proposed by the Board of Directors to serve as directors, each for a term of one year (Proposal 1);

FOR the compensation of our named executive officers, as described in the Compensation Discussion and Analysis, executive compensation tables and accompanying narrative disclosures contained in this proxy statement (Proposal 2);

FOR the ratification of the selection of Grant Thornton LLP as our independent registered public accounting firm for the 2018 fiscal year (Proposal 4).

The Board of Directors is not required to make a recommendation with respect to the frequency of a stockholder advisory vote on our executive compensation program (Proposal 3) and has chosen not to make a recommendation related to that proposal.

TABLE OF CONTENTS

Where can I find the voting results?

We will report the voting results in a Form 8-K within four business days after the end of our annual meeting.

How and when may I submit a stockholder proposal, including a stockholder nomination for director, for the 2018 Annual Meeting?

If you are interested in submitting a proposal for inclusion in our proxy statement for the 2018 Annual Meeting, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, or the Exchange Act. To be eligible for inclusion, we must receive your stockholder proposal for our proxy statement for the 2018 Annual Meeting of Stockholders at our principal corporate offices in Jericho, New York no later than March 23, 2018.

In addition, our bylaws require that we be given advance written notice for nominations for election to our Board of Directors and other matters that stockholders wish to present for action at an annual meeting other than those to be included in our proxy statement under Rule 14a-8.

Any stockholder who wants to nominate a candidate for election to the Board must deliver timely notice to our Secretary at our principal executive offices. Pursuant to our bylaws, in order to be timely, the notice must be delivered:

in the case of an annual meeting, not later than 60 days and not earlier than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders, although if we did not hold an annual meeting or the annual meeting is called for a date that is more than 30 days before or more than 60 days after the anniversary date of the prior year's annual meeting, the notice must be received no earlier than 90 days prior to the meeting and not later than the close of business on the later of (i) the 60th day prior to the meeting or (ii) the 10th day following the day on which we publicly announce the date of the meeting; and

in the case of a special meeting of stockholders called for the purpose of electing directors, the notice must be received not earlier than the close of business on the 90th day prior to such special meeting and not later than the close of business on the later of the 60th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the board of directors to be elected at such meeting.

The stockholder's notice to the Secretary must set forth (1) as to each person whom the stockholder proposes to nominate for election as a director (a) his name, age, business address and residence address, (b) his principal occupation and employment, (c) the number of shares of Common Stock of Nathan's which are owned beneficially or of record by him and (d) any other information relating to the nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder; and (2) as to the stockholder giving the notice (a) his name and record address and (b) the number of shares of Nathan's Common Stock which are owned beneficially or of record by him. The notice delivered by a stockholder must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected. The stockholder must be a stockholder of record on the date on which he gives the notice described above and on the record date for the determination of stockholders entitled to vote at the meeting.

Pursuant to our bylaws, if notice of any stockholder proposal is received before June 15, 2018, or after July 15, 2018, then the notice will be considered untimely and we are not required to present such proposal at the 2018 Annual Meeting. Additionally, if the Board of Directors chooses to present a proposal submitted after July 15, 2018, at the 2018 Annual Meeting, then the persons named in proxies solicited by the Board of Directors for the 2018 Annual

Meeting may exercise discretionary voting power with respect to such proposal.

These requirements are separate from and in addition to the requirements of the Securities and Exchange Commission (the SEC) that a stockholder must meet in order to have a stockholder proposal included in our proxy statement.

The Board determined that Mr. Norbitz should continue to serve as a director due to the knowledge and managerial experience he has attained previously serving as one of our executive officers in various capacities from October 1989 to August 2015, which brings historic knowledge and continuity to the Board.

A. F. Petrocelli has been the Chairman of the Board, President and Chief Executive Officer of United Capital Corp., a company engaged in the ownership and management of real estate and the manufacture and sale of engineered products, since 1981, which ceased to be a public reporting company in 2011. He was a director of the Boyar Value Fund, Inc., a public mutual fund, from 1997 to 2007. The Board determined that Mr. Petrocelli should continue to serve as a director due to his managerial experience, his experience in the real estate industry, which is relevant to the Company's restaurant operations, and the knowledge and experience he has attained through his service as a director of the Company and as a director of other publicly-traded companies.

Charles Raich has been a Retired Founding Partner since December 31, 2014 of Raich Ende Malter & Co., LLP, a registered public accounting firm, which he founded in 1972. Prior to that time, he was Founding Partner from January 2013 and Co-Managing Partner from 2010 to January 2013 and prior thereto for more than the past five years, Mr. Raich was the Managing Partner of Raich Ende Malter & Co., LLP. His early career included positions at both Lybrand, Ross Brothers and Montgomery and Gruntal & Co. Mr. Raich is a graduate of Hofstra University and is a certified public accountant. The Board determined that Mr. Raich should continue to serve as a director due to his financial literacy and expertise, managerial experience, and the knowledge and experience he has attained through his service as a director of the Company.

TABLE OF CONTENTS

CORPORATE GOVERNANCE

Board Leadership

The Executive Chairman of the Board is Howard Lorber. The Chairman and Chief Executive Officer roles are split, and Eric Gatoff serves as Chief Executive Officer. As the former Chief Executive Officer, the Executive Chairman of the Board provides guidance to the Chief Executive Officer with respect to strategic initiatives. The Executive Chairman also approves the agenda for Board meetings and leads the Board in its discussions. The Chief Executive Officer is responsible for implementing the Company's strategic and operating objectives and day-to-day decision-making related to such implementation. The Board believes that the separation of the offices of Executive Chairman and Chief Executive Officer is appropriate as it allows Mr. Gatoff to focus primarily on his management responsibilities. Unless invited, none of our management directors (consisting of Messrs. Lorber and Gatoff) participates in sessions of non-management directors. Our non-management directors generally meet twice annually in a formal executive session without management. Typically, our non-management directors also have informal meetings without management in conjunction with our regular Audit or Board meetings. In addition, we have designated a Lead Independent Director (A.F. Petrocelli), who is expected to lead sessions of, and facilitate communications among, our non-employee directors.

The Board currently has three standing committees (Audit, Compensation and Nominating) that are chaired and composed entirely of directors who are independent under NASDAQ rules. Given the role and scope of authority of these committees, and that a majority of the Board is composed of independent directors, the Board believes that its leadership structure, with the Executive Chairman of the Board leading Board discussions, and the Lead Independent Director leading non-management executive sessions, is appropriate.

Our Board of Directors is our Company's ultimate decision-making body except with respect to those matters reserved to the stockholders. Our Board selects our senior management team, which is charged with the conduct of our business. Having selected our senior management team, our Board acts as an advisor and counselor to senior management and oversees its performance.

Code of Ethics

Our Board of Directors has adopted a Financial Officer Code of Ethics applicable to the Company's Executive Chairman, Chief Executive Officer, Chief Financial Officer and all other members of the Company's Finance Department. This Code of Ethics is posted on the Company's website, within a broader Code of Business Conduct and Ethics, at www.nathansfamous.com in the Investor Relations section. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or a waiver from, the provision of our Code of Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions and that relates to any element of such provision of our Code of Ethics by posting such information on our website within four business days of the date of such amendment or waiver. In the case of a waiver, the nature of the waiver, the name of the person to whom the waiver was granted and the date of the waiver will also be disclosed.

Risk Oversight

As part of its oversight functions, the Board of Directors is responsible for oversight of risk management at the Company. Responsibility for oversight of risk management is delegated from the Board to the Audit Committee. Management has provided the Audit Committee with its assessment of the Company's major risk exposures and the steps management has taken to monitor and control such exposures. The Compensation Committee, as described in the Compensation Discussion and Analysis, separately reviewed the compensation program with respect to incentives for risk-taking by employees. In addition, the Compensation Committee adopted the Nathan's Famous, Inc. Fiscal 2017 Management Incentive Plan (the Fiscal 2017 Management Incentive Plan), which was subsequently approved by our stockholders at our 2016 Annual Meeting of Stockholders. The Compensation Committee has adopted the Nathan's Famous, Inc. Fiscal 2018 Management Incentive Plan (the Fiscal 2018 Management Incentive Plan), which is not subject to a stockholder vote because it was established under the authority granted to the Compensation Committee under the Nathan's Famous, Inc. Code Section 162(m) Bonus Plan (the Section 162(m) Bonus Plan), which was approved by our stockholders at our 2016 Annual Meeting of Stockholders.

TABLE OF CONTENTS

Director Independence

The Board of Directors has determined that each of Messrs. Eide, Genson, Leistner, Petrocelli and Raich are independent in accordance with NASDAQ rules. To determine independence, the Board of Directors adopted and applied the categorical standards of independence included in NASDAQ Listing Rule 5605(a)(2), which include a series of objective tests, such as that the director is not an employee of the company and has not engaged in various types of business dealings with the company.

Stock Ownership Guidelines

We have established stock ownership guidelines for our directors and executive officers. Under our guidelines, each officer and director is required to retain 33 1/3% of the total number of option shares then-issued upon exercise net of any shares withheld for income tax purposes. In addition, officers and directors are required to retain 33 1/3% of the shares owned on June 1, 2009 (the date that the stock ownership guidelines were adopted), although the Board may determine to waive the requirement that shares be retained under certain circumstances.

Board of Directors and Committee Meetings

There were seven meetings of the Board of Directors during the fiscal year ended March 26, 2017. All Directors attended at least 75% of the meetings of the Board of Directors.

Our Board of Directors currently has three standing committees: the Audit Committee (established in accordance with Section 3(a)(58)(A) of the Exchange Act), the Compensation Committee and the Nominating Committee. Each director who served on these committees during fiscal 2017 met the criteria for independence, as that term is defined by the SEC and NASDAQ Listing Rules. We select independent directors as members of these committees with the expectation that they will be free of relationships that might interfere with their exercise of independent judgment.

Audit Committee

For the fiscal year ended March 26, 2017, there were four meetings of the Audit Committee. All of the members of the Audit Committee attended at least 75% of the meetings of the Audit Committee. Our Audit Committee is involved in:

discussions with our independent public accountants with respect to the scope and results of our year-end audit, our internal accounting controls and the professional services furnished to us by the independent auditors the review of the adequacy and effectiveness of our internal controls over financial reporting. See Audit Committee Report.

In addition, our Audit Committee focuses on the qualitative aspects of our financial reporting to stockholders and on our processes to manage business and financial risk. Our independent registered public accounting firm reports directly and is held accountable to the Audit Committee in connection with the audit of our annual financial statements and related services. Our Audit Committee has sole authority over the appointment, compensation and oversight of the work of the independent registered public accounting firm, and where appropriate, the replacement of the independent registered public accounting firm.

The members of our Audit Committee are Robert Eide (Chairman), Brian Genson and Barry Leistner. A copy of our Audit Committee Charter is available on our website at www.nathansfamous.com.

We currently do not have an audit committee financial expert. Nevertheless, the Audit Committee has available to it the financial education and experience of Charles Raich, an independent director under NASDAQ listing standards, to perform the functions of an audit committee financial expert. Mr. Raich has the financial education and experience necessary to qualify as an audit committee financial expert ; however, Mr. Raich has not served on the Audit Committee because, due to his prior association with Raich Ende Malter & Co., LLP, an independent public accounting firm which has received fees from Nathan s in respect of tax services.

Compensation Committee

For the fiscal year ended March 26, 2017, there were three meetings of the Compensation Committee and the Compensation Committee also acted by unanimous written consent. Each of the members of the Compensation Committee attended all of the Compensation Committee meetings. Our Compensation Committee:

reviews the performance of our executive officers;
reviews compensation programs for our officers and key employees, including cash bonus levels and grants under our stock option and incentive plans as well as the criteria for the Fiscal 2017 Management Incentive Plan and the Fiscal 2018 Management Incentive Plan. See Compensation Discussion and Analysis and Compensation Committee Report ;
and

reviews director compensation.

Pursuant to its charter, the Compensation Committee has the ability to delegate its authority to subcommittees, although to date it has not done so.

The members of the Compensation Committee are Robert Eide (Chairman), Brian Genson and Barry Leistner. A copy of our Compensation Committee Charter is available on our website at www.nathansfamous.com.

Nominating Committee

For the fiscal year ended March 26, 2017, there was three meetings of the Nominating Committee. Each of the members of the Nominating Committee attended the meeting. Our Nominating Committee is responsible for:

reviewing suggestions of candidates for director made by directors, stockholders and management;
making recommendations to the Board regarding the composition of the Board;
nominating individual candidates for election to the Board; and
considering nominee recommendations made by stockholders provided that the names of such nominees, accompanied by relevant biographical information, are submitted in accordance with the procedures set forth above under How and when may I submit a stockholder proposal, including a stockholder nomination for director, for the 2018 Annual Meeting?

In fulfilling its responsibilities for identifying and evaluating nominees for director, the Nominating Committee takes into account the prior experience of director nominees and its application to their responsibilities as a director of Nathan s; however, there are no stated minimum qualifications for director nominees.

The Company does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Nominating Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills, and expertise to oversee the Company s businesses. In addition to considering a candidate s background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of our businesses. The Company s policy is to have at least a majority of directors qualify as independent under the listing requirements of NASDAQ.

In the event of a vacancy on the Board, the Nominating Committee intends to identify and evaluate candidates by making requests of Board members and others for recommendations, requesting input from director search firms for identification and evaluation of candidates, meeting from time to time to evaluate biographical information and background material relating to potential candidates and having members of the Nominating Committee and the Board interview selected candidates. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders on a timely basis, and that any such nomination accompanied by a written

consent of the candidate to being named as a nominee and to serve as a director if elected, the Nominating Committee will evaluate director candidates recommended by

12

stockholders by following substantially the same process, and applying substantially the same criteria, as it follows for director candidates submitted by Board members.

Stockholders also have the right to directly nominate director candidates, without any action or recommendation on the part of the Nominating Committee or the Board, by following the procedures set forth in Nathan's bylaws and described in the response to the question "How and when may I submit a stockholder proposal, including a stockholder nomination for director, for the 2018 Annual Meeting?" above.

The members of the Nominating Committee are A.F. Petrocelli (Chairman), Brian Genson, Robert Eide and Charles Raich. A copy of our Nominating Committee Charter is available on our website at www.nathansfamous.com.

In addition, our independent directors met informally in conjunction with each regularly scheduled quarterly Board of Directors meeting and also met in a formal executive session once during our fiscal year ended March 26, 2017.

Director Attendance at Annual Meetings

Our Board of Directors encourages director attendance at our Annual Meetings of Stockholders. All of the Company's eight directors attended last year's Annual Meeting.

Policy For Stockholder Communications

Mail can be addressed to directors in care of the Office of the Secretary, Nathan's Famous, Inc., One Jericho Plaza, Second Floor - Wing A, Jericho, New York 11753. At the direction of the Board of Directors, all mail received will be opened and screened for security purposes. The mail will then be logged in. All mail, other than junk mail or obscene items, will be forwarded. Mail addressed to a particular director will be forwarded or delivered to that director. Mail addressed to Outside Directors or Non-Management Directors will be forwarded or delivered to each of the non-employee directors. Mail addressed to the Board of Directors will be forwarded or delivered to the Executive Chairman of the Board.

Certain Relationships and Related Persons Transactions

In July 2007, the Board adopted written Related Person Transaction Policies and Procedures, which were revised in July 2009 (as revised, the Related Person Policy). The Related Person Policy covers transactions with the Company where the Related Person (a term that includes executive officers, directors, director nominees, holders of 5% or more of the Company's stock (a Significant Stockholder) and immediate family members of the foregoing) had, has or will have a direct or indirect material interest and the amount involved meets or exceeds the minimum threshold for disclosure in the Company's proxy statement under relevant SEC rules, which is currently \$120,000. Pursuant to the Related Person Policy, all transactions that are subject to the policy must be approved or ratified by our Audit Committee.

The Audit Committee will determine whether the terms of a covered transaction are fair to the Company and no less favorable to the Company than would be generally available absent the relationship with the Related Person, whether there are business reasons for the transaction, whether the transaction impairs the independence of an outside director and whether the transaction is material, among other considerations. Under the Related Person Policy, the Audit Committee has considered and exempted certain transactions from the application of the Related Person Policy, as follows: (1) Interests arising only from the Related Person's position as a director of another corporation or

organization that is a party to the transaction; (2) Interests arising only from the direct or indirect ownership by the Related Person and all other Related Persons in the aggregate of less than a 10% equity interest (other than a general partnership interest) in another entity which is a party to the transaction; (3) Interests arising from both the position and ownership level described in (1) and (2) above; (4) Interests arising solely from the Related Person's position as an executive officer or employee of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the Related Person and all other Related Persons own in the aggregate less than a 10% equity interest in such entity, (b) the Related Person and his or her immediate family members are not involved in the negotiation of the terms of the transaction with the Company and do not receive any special benefits as a result of the transaction and (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual consolidated net sales of the recipient; (5) Interests arising solely

TABLE OF CONTENTS

from the ownership of a class of the Company's equity securities if all holders of that class of equity securities receive the same benefit on a pro rata basis; (6) A transaction that involves compensation to an executive officer if the compensation has been approved by the Compensation Committee of the Board or recommended to the Board for approval by the Compensation Committee of the Board and then approved by the Board; (7) A transaction that involves compensation to a director for services as a director of the Company if such compensation will be reported pursuant to Item 402(k) of Regulation S-K; (8) A transaction that is specifically contemplated by provisions of the certificate of incorporation or bylaws of the Company; (9) Interests arising solely from indebtedness of a Significant Stockholder or an immediate family member of a Significant Stockholder to the Company; (10) A transaction where the rates or charges involved in the transaction are determined by competitive bids; (11) A transaction that involves the rendering of services as a common or contract carrier or public utility at rates or charges fixed in conformity with law or governmental authority; or (12) A transaction that involves services as a bank depository of funds, transfer agent registrar, trustee under a trust indenture, or similar services in accordance with certain SEC rules, including the employment of executive officers on terms approved by the Compensation Committee and the payment of compensation to a director if the compensation is required to be reported in the Company's proxy statement under Item 402 of Regulation S-K promulgated by the SEC.

In the event that prior approval is not feasible, the Related Person Policy provides that a transaction may be ratified by the Audit Committee as soon as reasonably practicable following the date of the transaction. On an annual basis, the Audit Committee is required to review all subsequent and previously approved or ratified related-party transactions that remain ongoing to determine whether they should continue.

To identify related-party transactions, each year we require our directors and officers to complete Director and Officer Questionnaires which, among other things, require each of them to identify any transactions with us in which the officer or director or their family members have an interest; we post the Related Person Policy on our website; we will periodically distribute the Related Person Policy to our executive officers, directors and nominees; and we will periodically make internal inquiries regarding Company relationships with known entities that qualify as related parties.

PROPOSAL 2 ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are requesting stockholder approval of the compensation of our principal executive officer, principal financial officer and the other three most highly compensated executive officers (Named Executive Officers or NEOs) as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K (including in the Compensation Discussion and Analysis section, or CD&A, compensation tables and accompanying narrative disclosures). Item 402 of Regulation S-K is the SEC regulation that sets forth what companies must include in their CD&A and compensation tables. This vote is required by the rules under Section 14A of the Securities Exchange Act of 1934, which were adopted as part of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and is an advisory vote, which means that this proposal is not binding on us.

As you cast your vote on this Proposal 2, we would like you to consider that we believe our executive compensation and compensation policies and practices are strongly aligned with the interests of our long-term stockholders, assist us in hiring, retaining, and incentivizing our executive officers, and do not incentivize excessive risk-taking. We also believe that our compensation policies and programs and fiscal 2017 compensation decisions, as each is described in this proxy statement, appropriately reward our named executive officers for the Company's performance and for their individual performance. You are strongly encouraged to read the full details of our compensation policies and programs under Executive Compensation below.

However, as you cast your vote on this Proposal 2, please consider the following:

Prior Advisory Vote. We conducted our first non-binding advisory vote on executive compensation at our 2011 Annual Meeting, which our stockholders voted should be held every three years and held a subsequent non-binding advisory vote at our 2014 Annual Meeting of Stockholders. At the 2014 Annual Meeting of Stockholders, 60.7% of the votes cast on the advisory vote on executive compensation proposal were in favor of our NEO compensation as disclosed in the 2014 proxy statement. The Compensation Committee reviewed these final vote results and determined that, given the significant level of support, fundamental changes to our executive compensation policies were not necessary. In June 2016, to ensure that cash incentive compensation of certain of our NEOs is based on the achievement of specific goals and objectives as established by the Compensation Committee of the Board of Directors and to ensure that such compensation qualifies as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), the Compensation Committee adopted the Fiscal 2017 Management Incentive Plan, subject to stockholder approval. The Fiscal 2017 Management Incentive Plan was approved by the stockholders at the Company's 2016 Annual Meeting of Stockholders. In June 2016, the Compensation Committee also approved the Code Section 162(m) Bonus Plan which was also subsequently approved by the Company's stockholders at the 2016 Annual Meeting of Stockholders. The Code Section 162(m) Bonus Plan gives the Compensation Committee discretion to adopt bonus plans for future periods. In accordance, with this authority the Compensation Committee has adopted the Fiscal 2018 Management Incentive Plan. The Compensation Committee does not deem the bonuses paid and salary increases since fiscal 2014 to be materially different from the fiscal 2014 compensation arrangements.

Elements of our Compensation Program. Our executives' compensation consists primarily of base salary, short-term cash incentive awards, and long-term equity incentive awards. A significant emphasis is placed on base salaries, which are fixed in order to minimize excessive or inappropriate risk taking. In addition, commencing in Fiscal 2017, the compensation of all of our NEOs other than Mr. Lorber is based on the criteria established in management incentive plans.

Accordingly, the following resolution will be submitted for stockholder approval at the annual meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion, is hereby approved.

Board Recommendation

We recommend that you vote **FOR** the resolution approving the compensation of our named executive officers as disclosed in this proxy statement.

PROPOSAL 3 ADVISORY VOTE ON THE FREQUENCY OF VOTE ON EXECUTIVE COMPENSATION

We are asking stockholders to advise us as to how frequently they wish to cast an advisory vote on the compensation of our named executive officers: once every year, once every two years, or once every three years.

This vote is required by new rules under Section 14A of the Securities Exchange Act of 1934, which were adopted as part of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and is an advisory vote, which means that this proposal is not binding on us. The Board of Directors is not required to, nor is it, making a recommendation regarding the frequency that stockholders should approve. Rather, each stockholder will make his or her own choice among a vote once every year, every two years or every three years. You may also abstain from voting on this item.

Although the vote is non-binding, the Board will take into account the outcome of the vote when making future decisions about the frequency for holding an advisory vote on executive compensation and currently intends to implement the frequency which receives the greatest level of support from our stockholders.

PROPOSAL 4 RATIFICATION OF APPOINTMENT OF GRANT THORNTON LLP AS AUDITORS FOR FISCAL 2018

Our Audit Committee charter provides that the Audit Committee shall appoint annually a firm of independent registered public accountants to serve as auditors. The Audit Committee has appointed Grant Thornton LLP to act as auditors for our fiscal year ending March 25, 2018.

If this proposal is not approved at the annual meeting, our Audit Committee will reconsider the selection of Grant Thornton LLP for the ensuing fiscal year, but may determine that continued retention of Grant Thornton LLP is in our Company's and our stockholders' best interests. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our Company's and our stockholders' best interests.

We expect representatives of Grant Thornton LLP to be present at the annual meeting. They will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Board Recommendation

Our Board of Directors unanimously recommends that our stockholders vote **FOR** ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending March 25, 2018 on the proxy card.

Audit Committee Pre-Approval

The Committee has determined not to adopt a blanket pre-approval policy but instead to require that the Committee pre-approve the compensation and terms of service for audit services provided by the independent registered public accounting firm and any changes in terms and compensation resulting from changes in audit scope, company structure or other matters. The Committee has also determined to require pre-approval by the Audit Committee or its Chairman of the compensation and terms of service for any permitted non-audit services provided by the independent registered public accounting firm.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Company's Board of Directors in overseeing and monitoring the integrity of the Company's financial reporting process, compliance with legal and regulatory requirements related to financial reporting and the quality of internal and external audit processes. The Audit Committee's roles and responsibilities are set forth in a written charter, which is available on the Company's website www.nathansfamous.com under Investor Relations Corporate Governance. Among its duties, the Audit Committee is responsible for recommending to the Company's Board of Directors that the Company's financial statements be included in the Company's Annual Report on Form 10-K. As a basis for that recommendation, the Audit Committee engaged in the following activities. The Audit Committee reviewed and discussed the audited financial statements with Nathan's management and discussed with Grant Thornton LLP, Nathan's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee also received from Grant Thornton the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton's communications with the Audit Committee concerning independence, and has discussed with Grant Thornton that firm's independence. The Audit Committee has also reviewed and discussed the fees paid to Grant Thornton during the last fiscal year for audit services, which are set forth above under Audit Fees.

Management of the Company is responsible for the consolidated financial statements and reporting process, including establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a 15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a 15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. The independent registered public accounting firm is responsible for expressing an opinion on the conformity of these consolidated financial statements with accounting principles generally accepted in the United States, as well as expressing an opinion on the effectiveness of internal control over financial reporting.

During fiscal 2017, management tested and evaluated the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee reviewed the report of management contained in the Company's Annual Report on Form 10-K for the year ended March 26, 2017 filed with the SEC, as well as Grant Thornton's Reports of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K. The latter reports relate to Grant Thornton's audit of (i) the consolidated financial statements and (ii) the effectiveness of internal control over financial reporting.

Based on the discussions with Grant Thornton concerning the audit, the independence discussions, and the discussions with the Company's management and Grant Thornton concerning the financial statement review and discussions, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Company's Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 26, 2017, for filing with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

In considering our executive compensation policies and practices, we seek to balance our interest in limiting operating expenses and minimizing stockholder dilution with our interest in using compensation to attract, retain and motivate employees. In reconciling these competing concerns, we strive to act in the long-term best interests of the Company and our stockholders. The elements of our executives' total compensation are base salary, cash incentive awards, stock incentive awards, retirement and other employee benefits and, for certain NEOs, severance protection for certain actual or constructive terminations of employment and other benefits payable upon death or disability.

The Compensation Committee has worked directly with an independent compensation consultant from time to time to assist in certain compensation determinations. The Compensation Committee has in the past retained GK Partners, an independent compensation consulting firm, to advise it with respect to the compensation of certain of its executive officers, most recently, in June 2011. Because the increase in salary for fiscal 2017 was not deemed by the Compensation Committee to be materially different from the prior years' salary and certain NEOs received additional compensation pursuant to the 2017 Management Incentive Plan, the Company did not retain a compensation consultant with respect to fiscal 2017 compensation. The Compensation Committee may continue to retain outside executive compensation consulting firms (which historically have provided no other services to the Company) to provide general compensation expertise.

Advisory Vote on Executive Compensation

We conducted a non-binding advisory vote on executive compensation at our 2014 Annual Meeting, which our stockholders voted should be held every three years. At the 2014 Annual Meeting of Stockholders, 60.7% of the votes cast on the advisory vote on executive compensation proposal were in favor of our NEO compensation as disclosed in the 2014 proxy statement. The Compensation Committee reviewed these final vote results and determined that, given the significant level of support, fundamental changes to our executive compensation policies were not necessary. Despite the affirmative vote, however, the Compensation Committee believes that continual review of our executive compensation programs and their alignment to Company and stock price performance is in the best interests of our stockholders.

Risk Considerations

The Compensation Committee has considered whether our executive compensation program creates risks that are reasonably likely to have a material adverse effect on the Company and concluded that it does not. In reaching its conclusion, the Committee considered the Company's strategic goals and operational practices and evaluated the design of its compensation programs to assess whether these programs foster a business environment that might drive inappropriate decision-making or behavior. While a significant portion of certain executives' compensation may be performance-based, historically, the majority of our NEOs' cash compensation typically consists primarily of base salary, which we believe mitigates inappropriate or excessive risk-taking that could harm stockholder value, though in each of Fiscal 2015 and 2016 the bonus for Mr. Gatoff exceeded his base compensation. To the extent that executives receive equity incentive awards, historically such awards have been long-term awards that were intended to align executives' interests with those of our stockholders.

Executive Compensation Program Objectives and Overview

The Company's current executive compensation programs are intended to achieve three fundamental objectives: (1) attract and retain qualified executives; (2) motivate performance to achieve specific short and long-term strategic and operating objectives of Nathan's; and (3) align executives' interests with the long-term interests of Nathan's stockholders.

TABLE OF CONTENTS

We believe that each element of our executive compensation program helps us to achieve one or more of our compensation objectives. The material elements of our executive compensation program consist of:

base salary;
bonus;
equity based compensation (i.e., stock options and restricted stock);
retirement benefits (i.e., 401(k));
perquisites; and
severance and other benefits payable upon certain termination events.

Base salaries, perquisites, retirement benefits and severance and other termination benefits are all primarily intended to attract and retain qualified executives. These are the elements of our current executive compensation program where the value of the benefit in any given year is not dependent on performance (although base salary amounts and benefits determined by reference to base salary may increase from year to year depending on cost-of-living or performance, among other things). We believe that in order to attract and retain top-caliber executives, we need to provide executives with predictable benefit amounts that reward their continued service. Some of the elements, such as base salaries and perquisites, are generally paid out on a short-term or current basis. Retirement or severance benefits are paid out on a longer-term basis upon retirement or other termination of employment. We believe that this mix of long-term and short-term elements allows us to achieve our dual goals of attracting and retaining executives (with the longer-term benefits geared toward retention and the short-term awards focused on recruitment).

Annual bonuses payable to our NEOs are intended to motivate their performance to achieve specific financial, strategic and operating objectives. Each bonus is in an amount determined by the Compensation Committee. We believe the bonuses paid to our NEOs help us to attract and retain executives. Each executive's annual bonus is paid out on an annual short-term basis and is designed to reward performance for the applicable fiscal year, taking into consideration historical performance and whether or not the executive has taken steps in that period to achieve Nathan's long-term strategic and operating objectives, including objectives that may not be realized until succeeding fiscal periods. In June 2016, the Compensation Committee adopted the Fiscal 2017 Management Incentive Plan.

From time to time we have granted equity-based compensation in order to align our executives' long-term interests with stockholders' long-term interests. We believe that the way to increase stockholder value is to increase the trading price of our Common Stock. To the extent that we believe that granting equity interests to our NEOs and other executive officers will align their interests with those of our stockholders, we may in the future grant equity interests to our executives.

We also believe equity-based compensation awards may help us retain executives, as well as motivate performance to achieve specific strategies and operating objectives. Equity-based compensation is not necessarily awarded each year. Equity-based compensation is earned on a longer-term basis than cash compensation and is designed to reward the achievement of our strategic and operating objectives for the applicable fiscal year, taking into consideration historical performance, and induce the executives to remain in our employ over the vesting period of the award.

The Compensation Committee's general philosophy is that bonus and equity compensation should be consistent with sound corporate governance principles, as well as competitive compensation practices. The Compensation Committee believes incentive compensation fluctuates with the Company's success in achieving financial and other goals, and that Nathan's should continue to use long-term compensation such as periodic grants of stock awards to align stockholder and executives' interests.

Historically, the Company has not established fixed quantitative goals for any of the objectives or metrics evaluated for the purpose of determining the amount of any bonus or equity-based compensation to be awarded. With respect to

the fiscal year ended March 26, 2017, the Compensation Committee adopted the Fiscal 2017 Management Incentive Plan as a means of incentivizing its NEOs which includes quantitative goals based upon predetermined financial targets which was approved by the Company's stockholders at the

TABLE OF CONTENTS

Company's 2016 Annual Meeting of Stockholders. Accordingly, the compensation awarded under the Fiscal 2017 Management Incentive Plan qualifies as performance-based compensation under Section 162(m) of the Code.

Pursuant to the authority granted to the Compensation Committee under the Section 162(m) Bonus Plan, the Compensation Committee has adopted the Fiscal 2018 Management Incentive Plan. The compensation awarded under the Fiscal 2018 Management Incentive Plan will also qualify as performance-based compensation under Section 162(m) of the Code.

In addition, the importance of the particular objective or metric to a specific executive's compensation depends on the responsibilities of an executive's position. Further, the specific objectives or metrics considered for a particular executive may be afforded greater or lesser weight in any fiscal year, depending on a variety of factors such as the Company's overall results, the emphasis of any particular component of the Company's business during a particular fiscal year, the Company's performance in each area relative to its prior years' performance, the then-current competitive and economic environment, the implementation of strategic plans whose benefits may not be immediate, any extraordinary event, such as the sale or purchase of a company, brand or line of business, which may impact the Company positively or negatively and taking into account that the Company does not want to incentivize inappropriate or excessive risk taking that could harm stockholder value. As a result, an executive's success or failure as it relates to any one of the Company's objectives may determine whether or not that executive is awarded a bonus, as well as the amount of any bonus that is awarded. If, following its evaluation of the foregoing, the Compensation Committee determines that an executive has helped the Company achieve, or make progress toward achieving, one or more of the Company's objectives, a bonus and/or grant of equity-based compensation may be awarded.

The Committee has not engaged in benchmarking to establish the compensation payable to its executive officers in part because the Company's business model has evolved to become more entrepreneurial and is no longer that of a traditional restaurant and franchise business. A large portion of the Company's revenue and operating profit is generated by its Branded Product and retail licensing programs. Consequently, the Compensation Committee does not believe that traditional restaurant and franchise companies are actual peers for the purpose of performing a benchmark analysis and does not currently intend to engage in benchmarking in the future for the purpose of evaluating or establishing the compensation payable to its NEOs.

In fiscal 2007, the Compensation Committee sought the advice of GK Partners regarding the compensation of Eric Gatoff and Howard Lorber, both of whom entered into employment agreements on December 15, 2006, effective January 1, 2007. In June 2011, the Compensation Committee again retained GK Partners. GK Partners evaluated the Company's compensation program to determine whether the Company adequately links pay to performance and concluded that it does. Subsequently, the Compensation Committee increased Mr. Gatoff's annual base compensation to \$375,000 in June 2014 and to \$500,000 in June 2016, based on its view that Mr. Gatoff's compensation and benefits arrangements were within the range of Chief Executive Officer compensation, benefit and perquisite practices then found in other public companies as well as the overall performance of the Company. On November 1, 2012 the Company amended its employment agreement with Mr. Lorber by extending the term of the employment agreement from December 31, 2012 to December 31, 2017 and increasing the base compensation of Mr. Lorber to \$600,000 per annum. In addition, Mr. Lorber received a grant of 50,000 shares of restricted stock subject to vesting. In establishing the increase in the base salary to be paid to Mr. Lorber pursuant to his employment agreement and granting the restricted stock, the Compensation Committee was of the view that Mr. Lorber's compensation and benefits arrangements, as set forth in his employment agreement, were within the range of executive compensation, benefit and perquisite practices then found in other public companies. The Compensation Committee then evaluated the amount of the short-term components of our executive compensation program for the other NEOs by determining the compensation payable to the other NEOs and other executives relative to that payable to Messrs. Gatoff and Lorber and taking into consideration that the base salary for certain NEOs is established by contract.

Current Executive Compensation Program Elements

We currently have employment agreements in place for two of our NEOs Eric Gatoff and Howard M. Lorber each of which is described in further detail below in the context of this section. There are no employment agreements in effect for Ronald G. DeVos, Scott Harvey and Leigh Platte.

26

TABLE OF CONTENTS

Eric Gatoff. On December 15, 2006, the Company entered into an employment agreement with Eric Gatoff pursuant to which Mr. Gatoff was appointed as Chief Executive Officer effective January 1, 2007. Under the terms of the agreement, Mr. Gatoff agreed to serve as Chief Executive Officer effective from January 1, 2007, until December 31, 2008, which period shall extend for additional one-year periods unless either party delivers notice of non-renewal no less than 180 days prior to the end of the term then in effect. No such non renewal notice has been delivered to date.

Howard M. Lorber. On December 15, 2006, the Company entered into an employment agreement with Howard M. Lorber (the Lorber Agreement) pursuant to which Mr. Lorber was appointed as Executive Chairman of the Board of the Company effective January 1, 2007 through December 31, 2012. The Lorber Agreement superseded Mr. Lorber s previous employment agreement. On November 1, 2012, the employment agreement with Mr. Lorber was extended to December 31, 2017.

Base Salaries

Salary is one of the main components of cash compensation and fits into our overall compensation objectives by providing a base for attracting and retaining significant contributors to the Company and by establishing a stable level of compensation upon which our executives may rely. Our goal is to pay to our executives a base salary that is sufficient to attract and retain them. The Compensation Committee has determined that structuring the Company s compensation program to place a significant emphasis on base salaries, which are fixed, mitigates the potential for inappropriate or excessive risk-taking by executive officers.

For the two NEOs with employment agreements, base salaries are determined in accordance with the terms of such agreements, as amended. The base salaries reflected in the employment agreements for Messrs. Gatoff and Lorber were initially established by the Compensation Committee. The base salaries of Messrs. DeVos, Harvey and Platte are reviewed annually by the Compensation Committee in consultation with our Executive Chairman and our Chief Executive Officer, taking into consideration their role and responsibility within our Company, as well as their respective experience and prior performance. In addition, the base salaries of all of our NEOs are reviewed annually by the Compensation Committee, which may make adjustments for cost-of-living increases and to reward performance.

The base salary that was paid to each NEO in fiscal 2017 is the amount reported for such officer in the designated column of the Summary Compensation Table.

Annual Bonuses

In determining the amount of any annual bonus payable to each of our NEOs, the Compensation Committee historically has evaluated such NEO s performance measured against Nathan s achievement of its financial and operating objectives.

Nathan s financial objectives include:

increasing each of revenues, profits from continuing operations, pre-tax cash flow, net income and earnings per share;
managing cash balances; and
controlling corporate general and administrative expenses.

There are also operating objectives that are specific to the Company s individual revenue centers (i.e., Company-owned restaurants, franchising, the Branded Product Program and retail licensing), all of which are designed to increase revenue and profit, as follows:

the level of sales at and cash contribution from Company-owned restaurants;
the number of new franchised and Branded Menu locations;
the amount of franchise fees and royalties earned from franchised and Branded Menu locations;
the level of sales and tonnage of products sold through the Branded Product Program;
the number of new Branded Product locations;

27

TABLE OF CONTENTS

controlling the cost of goods sold through the Branded Product Program;
the amount of license royalties earned through the retail licensing program; and
the ability to control revenue-center specific overhead expenses.

Pursuant to Mr. Gatoff's employment agreement, as amended, the amount of his bonus has historically been established by the Compensation Committee after considering the recommendation of the Executive Chairman of the Board based on Mr. Gatoff's performance measured against the Company's financial, strategic and operating objectives, including objectives that may not be realized until future periods, as described above. For fiscal 2017, in lieu of a bonus, Mr. Gatoff's cash incentive compensation was based on the criteria established in the Fiscal 2017 Management Incentive Plan, and for fiscal 2018, it will be based on the criteria established in the Fiscal 2018 Management Incentive Plan.

Mr. Lorber's current employment agreement does not provide for a contractually-required bonus. Nevertheless, since Mr. Lorber is eligible for participation in the Company's executive bonus program, the Compensation Committee may award bonuses to Mr. Lorber from time to time as it deems appropriate.

For the fiscal year ended March 26, 2017, in lieu of a bonus, the amount of additional cash compensation payable to Messrs. DeVos, Harvey and Platte was based on the Fiscal 2017 Management Incentive Plan, and for the fiscal year ended March 25, 2018, the amount of their additional cash compensation will be based on the Fiscal 2018 Management Incentive Plan.

Annual Incentive Plans

The Company's NEOs other than Mr. Lorber were eligible to earn annual cash incentive awards under the Fiscal 2017 Management Incentive Plan.

The annual incentive performance criteria for 2017 varied among the participants depending upon the entity that employed the participant after considering the nature of their responsibilities. For Messrs. Gatoff and DeVos, the criteria for fiscal 2017 was Modified EBITDA as defined in the Fiscal 2017 Management Incentive Plan. For Mr. Harvey, 40% of his incentive compensation was based on Company-Owned Restaurant Operating Profit and 60% is based on Franchising Revenue. For Mr. Platte, 100% of his incentive compensation was based on Foodservice Operating Profit.

Under the terms of the Fiscal 2017 Management Incentive Plan for fiscal 2017, Messrs. Gatoff, DeVos, Harvey and Platte were eligible to receive a target bonus of 140%, 95%, 40%, and 45% of their respective base salaries. Accordingly, for Messrs. Gatoff, DeVos, Harvey and Platte the target bonus was \$700,000, \$190,000, \$130,000 and \$94,500, respectively, and the maximum bonus that they could each receive under the Fiscal 2017 Management Incentive Plan was \$1,050,000, \$237,500, \$195,000 and \$141,750, respectively.

The Compensation Committee may exercise negative discretion with respect to any award to reduce any amount that would otherwise be payable under the annual incentive program granted under the Fiscal 2017 Management Incentive Plan.

The fiscal 2017 performance necessary for Messrs. Gatoff, DeVos, Harvey and Platte to receive annual incentive awards at the target level were set at levels which were believed to be rigorous, but reasonably achievable, based on internal corporate plans.

Bonus amounts for achieving performance criteria in between the amounts listed above are determined by linear interpolation between the higher and lower amounts. The actual performance-based incentive payments made to the

selected participants for the year ended March 26, 2017 are set forth in the column labeled Non-Equity Incentive Plan Compensation in the Summary Compensation Table.

The Fiscal 2018 Management Incentive Plan has similar performance criteria as the Fiscal 2017 Management Incentive Plan except that an aggregate of 25% of Mr. Gatoff's incentive cash award will be based on Company-Owned Operating Profit and Franchising Revenue.

Equity-Based Compensation

The Compensation Committee has periodically granted equity awards under Nathan's stock incentive and stock option plans. The Compensation Committee does not use constant criteria in the granting of equity

28

TABLE OF CONTENTS

compensation. The Compensation Committee makes a subjective determination of the effectiveness of each NEO and the extent of his contributions to our success, taking into consideration each NEO's responsibilities, his performance during prior years and his expected future contribution to Nathan's performance and, based on that determination, may reward an executive through an award of equity compensation. Grants of equity awards are also designed to link an increase in stockholder value to compensation. Through the use of stock awards, an increase in stock price will result in an increase in value for the grantee, which ties an increase in stockholder value to our executives' compensation.

Historically, the form of stock awards available for grant was limited to stock options or restricted stock. However, under the 2010 Stock Incentive Plan, employees may receive grants of stock options, restricted stock, or restricted stock units, stock appreciation rights and other stock-based awards. At March 26, 2017, an aggregate of 223,698 shares were available for grants of options or stock appreciation rights or 190,218 shares were available for grants of restricted stock or restricted stock units under the Nathan's 2010 Stock Incentive Plan. Restricted stock and restricted stock units will be subject to such restrictions as the Board or Compensation Committee may impose. Under the terms of the 2010 Stock Incentive Plan, the term of any stock options may be no more than five years. The term of an option is determined at the time of grant. The purchase price of the shares of Common Stock subject to each option granted is not less than 100% of the fair market value of our Common Stock at the date of grant.

Our 2010 Stock Incentive Plan provides that the Compensation Committee may adjust the number of shares under outstanding awards and for which future awards may be granted in the event of reorganization, stock split, reverse split, stock dividend, cash dividend, exchange or combination of shares, merger or any other change in capitalization.

The participants in these plans may include officers, directors and employees of, or consultants to, Nathan's and its subsidiaries or affiliates. See Equity Plan Information.

In reviewing the form of stock compensation granted to any or all eligible participant(s), the Compensation Committee has historically considered a variety of important administrative and technical factors, including, but not limited to: (1) the overall availability of shares under the stock compensation plan; (2) the additional stockholder dilution effects of shares granted under the plan; (3) the number of stock options and restricted shares currently outstanding under the current plans and all previous plans (individually and in the aggregate); (4) the number of options or restricted shares previously vested and/or exercised (individually and in the aggregate); (5) the overall compensation expense and current accounting impact to Nathan's of any past or future grants; and (6) the applicable Company and employee tax implications of any such grant. The Compensation Committee intends to consider the same administrative and technical factors in determining the form of stock compensation (options, stock appreciation rights, restricted stock or restricted stock units) to be used for future grants.

Retirement Benefits and Deferred Compensation Opportunities

401(k) Savings Plan

We sponsor a retirement plan intended to be qualified under Section 401(k) of the Code. Our NEOs participate in this program on the same terms as our other employees. All non union employees over age 21 who have been employed by us for at least one year are eligible to participate in the plan. Employees may contribute to the plan on a tax-deferred basis up to 20% of their total annual salary, but in no event more than the maximum permitted by the Internal Revenue Code (\$24,000 in calendar 2017), including \$6,000 catch up contributions for employees 50 and over). Company contributions are discretionary. For the plan year ended December 31, 2016, we elected to make matching contributions at the rate of \$.25 per dollar contributed by each employee on up to 3% of the employee's total salary, vesting at the cumulative rate of 20% per year of service starting one year after commencement of service and, accordingly, after six years of an employee's service with us, matching contributions are fully vested. As of March 26, 2017, approximately 50 employees had elected to participate in the plan. For the fiscal year ended March 26, 2017, we

contributed approximately \$41,000 to the 401(k) plan, of which \$1,988 was a matching contribution for Mr. Gatoff, \$1,988 was a matching contribution for Mr. DeVos, \$563 was a matching contribution for Mr. Harvey and \$1,282 was a matching contribution for Mr. Platte.

TABLE OF CONTENTS

Deferred compensation, through both employer and employee contributions to the Nathan's 401(k) plan, is a tax-advantaged means of providing the NEOs with additional compensation that supplements their base salaries and bonus opportunities.

Perquisites

In addition to base salaries and annual bonus opportunities, Nathan's provides the NEOs with certain perquisites. We believe that certain perquisites are often a tax-advantaged way to provide the NEOs with additional annual compensation that supplements their base salaries and bonus opportunities. When determining each NEO's base salary, either by contract or otherwise, we take into consideration the value of each NEO's perquisites. Perquisites did not constitute a material portion of the compensation paid to our NEOs for fiscal 2017. We provide our NEOs with limited perquisites and personal benefits that we and the Compensation Committee believe are consistent with our executive compensation philosophy and objectives.

The Compensation Committee believes the perquisites provided to our NEOs for fiscal 2017 which included various insurance coverages and auto and gas allowances, as reported in the All Other Compensation column of the Summary Compensation Table below, and are further described in the All Other Compensation table following the Summary Compensation Table are reasonable and consistent with our past practices.

Severance and Other Benefits Upon Termination of Employment

The Company's policy is to provide certain NEOs with employment agreements with certain payments in the event of the termination of their employment prior to the end of their current employment term due to death, disability or other than for cause (as defined in their respective employment agreements). Nathan's selected such events because they are standard termination triggers in employment contracts. Nathan's determined that its failure to provide such standard termination provisions would adversely affect its ability to attract and retain those NEOs and achieve its compensation objectives.

Please see the Potential Payments Upon Termination or Change-in-Control section below for a description of the potential payments that may be made to the NEOs in connection with their termination of employment on a change in control.

Stock Ownership Guidelines

In June 2009, the Board of Directors adopted a Stock Retention Plan. Pursuant to the Stock Retention Plan, at the time that any officer or director exercises a stock option, he will be required to retain 33 1/3% of the total number of shares underlying options net of any shares withheld for income tax purposes. In addition, officers and directors are required to retain 33 1/3% of the shares owned on the date of adoption of the Stock Retention Plan. Notwithstanding the terms of the Stock Retention Plan, the Board may determine to waive the requirement that shares be retained under certain circumstances.

Tax and Accounting Implications

Section 162(m) of the Code limits the deductibility by Nathan's of cash compensation in excess of \$1 million paid to the Chief Executive Officer and the four highest compensated executive officers during any taxable year, unless such compensation meets certain requirements. Historically, base compensation and bonuses paid to executive officers was generally within the \$1 million Section 162(m) threshold and was, therefore, also deductible by Nathan's. With respect

to fiscal 2017, as a result of the composition of his compensation relating to the vesting of restricted stock and the payment of a deferred dividend on such restricted stock, Mr. Lorber exceeded the Section 162(m) threshold for the fiscal year ended March 27, 2017.

As a result of the adoption of the Fiscal 2017 Management Incentive Award Plan, incentive awards granted under such plan qualify as performance-based compensation under Section 162(m). Similarly, as a result of the stockholder approval of the Code Section 162(m) Bonus Plan, compensation awarded under the Fiscal 2018 Management Incentive Plan will also qualify as performance-based compensation under Section 162(m) of the Code.

TABLE OF CONTENTS

Stock incentives granted under Nathan's existing plans are intended to comply with the rules under Section 162(m) for treatment as performance-based compensation. Nathan's should be allowed to deduct compensation related to options granted under each of its stock incentive plans and the cash incentive payments under the Fiscal 2017 Management Incentive Plan and the Fiscal 2018 Management Incentive Plan.

The Lorber Agreement has contained an excise tax gross-up provision since 2006, the time that Company first entered into that agreement. The Compensation Committee's current policy is that executives should be responsible for the taxes payable by them with respect to their compensation. However, the Lorber Agreement has contained an excise tax gross-up provision since 2006, the time the Company first entered into that agreement, and accordingly, the Compensation Committee deemed it appropriate to continue such provision when it approved the amendment to Mr. Lorber's employment contract. In addition, in unusual circumstances where the Compensation Committee believes that accommodations have to be made to recruit or retain an executive to become or remain employed by the Company, as the case may be, reimbursement for taxes payable may be included in contracts; but even in those circumstances, the gross ups will be limited to payments triggered by both a change in control and termination of employment and will be subject to a three-year sunset provision.

Compensation Committee Report

Nathan's Compensation Committee has certain duties and powers as described in its charter. Estimation of Benefits

The following tables were prepared as though each NEO's employment was terminated on March 26, 2017 (the last business day of fiscal 2017) using the closing price of the Company's Common Stock as of Friday March 24, 2017 (\$64.80) and the respective NEO's salary then in effect. The amounts under the columns which reflect a Change in Control assume that a change in control occurred on March 26, 2017. However, the executives' employment was not terminated on March 26, 2017 and a change in control did not occur on that date. There can be no assurance that a termination of employment, a change in control or both would produce the same or similar results as those described if either or both of them occur on any other date or at any other price, or if any assumption is not correct in fact.

Stock options that become vested due to a change in control are valued based on their spread (i.e., the difference between the stock's fair market value and the exercise price). The value of restricted stock is based on the market price of the Company's Common Stock as of Friday March 24, 2017.

Risk Considerations in our Compensation Programs

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. As discussed above in the Compensation Discussion and Analysis, our Compensation Committee reviewed our policies and practices for executive officers. The Compensation Discussion and Analysis further identifies the features of our executive compensation program that are designed to

mitigate the potential for inappropriate or excessive risk-taking by executive officers. Management also provided an assessment to the Compensation Committee regarding our compensation policies and practices for employees other than our executive officers and noted several features of our compensation program for employees that reduce the likelihood of excessive risk-taking: pay is structured to include both fixed (salary) and variable compensation (bonus and equity), with a primary emphasis on fixed compensation; any increases to base salary are typically related to cost-of-living adjustments; only a small number of employees receive bonuses and, with the exception of the Named Executive Officers (excluding the Executive Chairman), such bonuses are generally not a significant component of an employee's total compensation; long-term incentives are granted as equity that vests over multiple years; and the existence of our corporate-wide ethics and compliance program.
