**Proxy Statement for Annual Meeting of
Shareholders to be Held on May 20, 2014**

Our Board of Directors is soliciting proxies for the 2014 Annual Meeting of Shareholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. We encourage you to read it carefully.

VOTING INFORMATION

The Board of Directors set April 1, 2014 as the record date for the meeting. Shareholders owning our common stock at the close of business on that date are entitled to attend and vote at the meeting, with each share entitled to one vote. There were 4,817,573 shares of common stock outstanding on the record date.

Many of our shareholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. If you hold our shares in a stock brokerage account or by a bank or other nominee, you are considered the *beneficial owner* of shares held in street name, and these materials are being forwarded to you by your broker or nominee, which is considered the *shareholder of record* with respect to those shares. As the *beneficial owner*, you have the right to direct your broker or nominee to vote your shares as you decide and are also invited to attend the annual meeting. However, since you are not the *shareholder of record*, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the *shareholder of record* giving you the right to vote the shares. Your broker or nominee has enclosed or provided a voting instruction card for you to use to direct your broker or nominee how to vote these shares.

A majority of the outstanding shares of common stock represented at the meeting will constitute a quorum. If a share is represented for any purpose at the meeting by the presence of the registered owner or a person holding a valid proxy for the registered owner, it is deemed to be present for the purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" or as to which no vote is marked, including proxies submitted by brokers who are the record owners of shares but who lack the power to vote such shares (so-called "broker non-votes"), will be included in determining the number of votes present or represented at the meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote, present in person or represented by proxy, have the power to adjourn the meeting from time to time until a quorum is present or represented. If any such adjournment is for a period of less than 30 days, no notice, other than an announcement at the meeting, is required to be given of the

adjournment. If the adjournment is for 30 days or more, notice of the adjourned meeting will be given in accordance with the Company's Bylaws. Directors, officers and regular employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or other means. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed. Once a quorum has been established, it will not be destroyed by the departure of shares prior to the adjournment of the meeting.

Provided a quorum is established at the annual meeting, directors will be elected by a majority of the votes cast at the meeting. Shareholders of the Company do not have cumulative voting rights. All other matters to be considered and acted upon at the meeting, including (i) the proposal to approve, as a non-binding advisory vote, the compensation of the Company's named executive officers, (ii) the proposal to approve an amendment to the 2010 Southern First Bancshares, Inc. Stock Incentive Plan to increase by 200,000 the number of shares of common stock issuable under the plan pursuant to stock options, and (iii) the proposal to ratify, as a non-binding advisory vote, the appointment of Elliott Davis, LLC as the independent registered public accountant for the Company for the fiscal year ending December 31, 2014, require that the number of shares of common stock voted in favor of the matter exceed the number of shares of common stock voted against the matter, provided a quorum has been established. Abstentions, broker non-votes and the failure to return a signed proxy will have no effect on the outcome of such matters.

Stockbrokers are generally permitted by their regulatory authorities to vote shares held by them for their customers on matters considered by the regulatory authorities to be routine, even if the stockbrokers have not received voting instructions from their customers. If the regulatory authorities do not consider a matter routine, then a stockbroker is generally prohibited from voting a customer's shares on the matter unless the customer has given voting instructions on that matter to the stockbroker. **Because Proposal No. 1 to elect directors, Proposal No. 2 to approve, as a non-binding advisory vote, the compensation of the Company's named executive officers, and Proposal No. 3 to approve an amendment to the 2010 Southern First Bancshares, Inc. Stock Incentive Plan to increase by 200,000 the number of shares of common stock issuable under the plan pursuant to stock options, are not considered to be routine matters, it is important that you provide instructions to your bank or broker if your shares are held in street name so that your vote with respect to these matters is counted. Stockbrokers and banks holding shares for their customers will not have the ability to cast votes with respect to these matters unless they have received instructions from their customers. Your stockbroker or bank will not vote on these non-routine matters if you do not give voting instructions with respect to these matters.**

When you sign the proxy card, you appoint R. Arthur Seaver, Jr. and Jimmy Orders, III as your representatives at the meeting. Mr. Seaver and Mr. Orders will vote your proxy as you have instructed them on the proxy card. If you submit a proxy but do not specify how you would like it to be voted, Mr. Seaver and Mr. Orders will vote your proxy FOR the election to the board of directors of all nominees listed below under Election of Directors, FOR the non-binding advisory resolution to approve the compensation of our named executive officers as disclosed in this proxy statement, FOR the amendment to the 2010 Southern First Bancshares, Inc. Stock Incentive Plan to increase by 200,000 the number of shares of common stock issuable under the plan pursuant to stock options, and FOR the ratification of our independent registered public accountant. In addition, if any other matters come before the meeting, Mr. Seaver and Mr. Orders will vote your proxy on such matters in accordance with their judgment.

You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by signing and delivering another proxy with a later date or by voting in person at the meeting.

We are paying for the costs of preparing and mailing the proxy materials and reimbursing brokers and others for their expenses in forwarding copies of the proxy materials to our shareholders. Our officers and employees may assist in soliciting proxies but will not receive additional compensation for doing so. We are distributing this proxy statement on or about April 15, 2014.

Important Notice of Internet Availability. This proxy statement and the Annual Report on Form 10-K for the year ended December 31, 2013 (our 2013 Form 10-K) are available to the public for viewing on the Internet at <http://www.cfpproxy.com/6431>. Directions to the Annual Meeting can be obtained by contacting Ms. Ellen Kish at 864.679.9000.

In addition, the above items and other filings made by the Company with the Securities and Exchange Commission (the SEC) are also available to the public on the SEC s website on the Internet at www.sec.gov.

Only one copy of our proxy materials is being delivered to two or more shareholders who share an address. However, upon request by any shareholder, we will deliver one or more additional copies of this proxy statement and our 2013 Form 10-K to shareholders at a shared address to which a single copy of the documents was delivered. Accordingly, shareholders should contact us at 864.679.9000 if they wish to receive any additional copies of our proxy materials. In addition, unlike previous years we are not distributing an annual report overview to shareholders; however, you may view this document by visiting <http://southernfirstannualreport.com/2013>.

**PROPOSAL NO. 1:
ELECTION OF DIRECTORS**

The Board of Directors is divided into three classes with staggered terms, so that the terms of only approximately one-third of the board members expire at each annual meeting. The current term of the Class III directors will expire at this annual meeting of shareholders, the term of the Class I directors will expire at the 2015 annual meeting, and the

term of the Class II directors will expire at the 2016 annual meeting. Our current directors and their classes are:

Class I	Class II	Class III

Shareholders will elect four nominees as Class III directors at the Annual Meeting to serve a three-year term, expiring at the 2017 Annual Meeting of Shareholders. **PROPOSAL NO. 2:
NON-BINDING RESOLUTION TO APPROVE THE COMPENSATION
OF THE NAMED EXECUTIVE OFFICERS**

We are asking you to approve the compensation of the Company's named executive officers as described under "Compensation of Directors and Executive Officers" and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure).

The Company seeks to align the interests of our named executive officers with the interests of our shareholders. Therefore, our compensation programs are designed to reward our named executive officers for the achievement of strategic and operational goals and the achievement of increased shareholder value, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. We believe that our compensation policies and procedures

are competitive and focused on performance and are strongly aligned with the long-term interest of our shareholders.

The proposal described below, commonly known as a Say-on-Pay proposal, gives you as a shareholder the opportunity to express your views regarding the compensation of the named executive officers by voting to approve or not approve such compensation as described in this proxy statement. This vote is advisory and will not be binding upon the Company, the board of directors, or the compensation committee. However, the Company, the board, and the compensation committee will take into account the outcome of the vote when considering future executive compensation arrangements. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC.

The board of directors believes our compensation policies and procedures achieve this objective, and therefore recommend shareholders vote FOR the proposal through the following resolution:

Resolved, that the compensation of executive officers named in the Summary Compensation Table of Southern First Bancshares, Inc.'s Proxy Statement for the 2014 Annual Meeting of Shareholders, including the tabular and narrative compensation disclosures, is hereby approved.

The board of directors unanimously recommends a vote FOR approval of the compensation of the named executive officers as disclosed in this proxy statement.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

Attendance at Board, Committee and Annual Shareholders Meetings

During the year ended December 31, 2013, the board of directors of the company held 12 meetings and the board of directors of the bank held 12 meetings. All of the directors of the company and the bank attended at least 75% of the

aggregate of such board meetings and the meetings of each committee on which they served.

Although we do not have a formal policy regarding attendance by members of the board of directors at our annual shareholders' meetings, directors are encouraged to attend our annual shareholders' meeting. Nine of the eleven directors were present at the 2013 Annual Meeting of Shareholders.

Code of Ethics

We expect all of our employees to conduct themselves honestly and ethically, particularly in handling actual and apparent conflicts of interest and providing full, accurate, and timely disclosure to the public.

We have adopted a Code of Ethics that is specifically applicable to our senior management and financial officers, including our principal executive officer, our principal financial officer, and controller. A copy of this Code of Ethics is available without charge to shareholders upon request to the secretary of the company, at Southern First Bancshares, Inc., 100 Verdae Boulevard, Suite 100, Greenville, South Carolina 29607.

Board Leadership Structure and Role in Risk Oversight

We are focused on the company's corporate governance practices and value independent board oversight as an essential component of strong corporate performance to enhance shareholder value. Our commitment to independent oversight is demonstrated by the fact that a majority of our directors are independent. In addition, all of the members of our board of directors' audit, personnel, and nominating and corporate governance committees are independent.

Our board of directors believes that it is preferable for one of our independent directors to serve as chairman of the board. The person our board of directors elected as chairman, James B. Orders, III, has been one of our directors since 1999 and is a long-time resident of our primary market area. We believe it is the chairman's responsibility to guide the board as it provides leadership to our executive management and the chief executive officer's responsibility to manage the company. As directors continue to be faced with more oversight responsibility than ever before, we believe it is beneficial to have separate individuals in the role of chairman and chief executive officer. Traditionally, the company has maintained the separateness of the roles of the chairman and the chief executive officer. In making its decision to have an independent chairman, the board of directors considered the time and attention that Mr. Seaver is required to devote to managing the day-to-day operations of the Company. By having another director serve as chairman of the board of directors, Mr. Seaver will be able to focus his entire energy on running the company. This will also ensure there is no duplication of effort between the chairman and the chief executive officer. We believe this board leadership structure is appropriate in maximizing the effectiveness of board oversight and in providing perspective to our business that is independent from executive management.

Our audit committee is primarily responsible for overseeing the company's risk management processes on behalf of the full board of directors. The audit committee focuses on financial reporting risk and oversight of the internal audit process. It receives reports from management at least quarterly regarding the company's assessment of risks and the adequacy and effectiveness of internal control systems, as well as reviewing credit and market risk (including liquidity and interest rate risk), and operational risk (including compliance and legal risk). Strategic and reputation risk are also regularly considered by this committee. The audit committee also receives reports from management addressing the most serious risks impacting the day-to-day operations of the company. The audit committee reports regularly to the full board of directors, which also considers the company's entire risk profile. The full board of directors focuses on certain significant risks facing the company and on certain aspects of the company's general risk management strategy. Management is responsible for the day-to-day risk

8

management processes. We believe this division of responsibility is the most effective approach for addressing the risks facing our company and that our board leadership structure supports this approach.

We recognize that different board leadership structures may be appropriate for companies in different situations. We will continue to reexamine our corporate governance policies and leadership structures on an ongoing basis to ensure that they continue to meet the company's needs.

Independence

Our board of directors has determined that Andrew B. Cajka, Jr., Mark A. Cothran, Leighton M. Cabbage, Anne S. Ellefson, David G. Ellison, Tecumseh Hooper, Jr., James B. Orders, III and William B. Sturgis are independent directors, based upon the independence criteria set forth in the corporate governance listing standards of The NASDAQ Global Market, as required by Item 407(a) of Regulation S-K.

Committees of the Board of Directors

The following chart shows the composition of the committees of our board of directors, the number of meetings held by each committee during 2013, and which directors are independent based upon the independence criteria set forth in

the corporate governance listing standards of The NASDAQ Global Market. The audit committee, nominating & corporate governance committee, personnel committee and board risk committee are composed exclusively of independent directors.

Audit Committee

The audit committee is composed of five independent directors, Messrs. Cajka, Cubbage, Hooper and Sturgis and Ms. Ellefson. The audit committee, which met five times in 2013, has the responsibility of reviewing the company's financial statements, evaluating internal accounting controls, reviewing reports of regulatory authorities and determining that all audits and examinations required by law are performed. The committee recommends to the board of directors the appointment of the independent auditors for the next fiscal year, reviews and approves the auditor's audit plans and reviews with the independent auditors the results of the audit and management's responses. The audit committee is responsible for overseeing the entire audit function and appraising the effectiveness of internal and external audit efforts. The audit committee operates under a written charter, which is available on our website, www.southernfirst.com.

Nominating Committee

During 2014, our nominating committee was composed of four independent directors, Messrs. Cubbage, Ellison, Orders, and Sturgis. The nominating committee recommends nominees for election to our board of directors at our annual meetings. The board of directors, including a majority of the independent directors, selects the nominees for election to the board of directors. Our nominating committee charter is available on our website, www.southernfirst.com. The nominating committee met one time in 2014. Directors recommended for re-election

at our 2014 Annual Meeting of Shareholders were selected by our nominating committee. For directors previously elected by shareholders to serve on the board of directors and whose terms of service are expiring, the nominating committee considers whether to recommend to the board of directors the nomination of those directors for re-election for another term of service. The nominating committee also considers whether to recommend to the board of directors the nomination of persons to serve as directors whose nominations have been recommended by shareholders.

Any shareholder may recommend the nomination of any person to serve on the board of directors. Our policy is to require a shareholder to submit the name of the person to our corporate secretary in writing no later than (i) with respect to an election to be held at an annual meeting of shareholders, 90 days in advance of such meeting; and (ii) with respect to an election to be held at a special meeting of shareholders for the election of directors, no more than seven days after notice of the special meeting is given to shareholders. Each notice must set forth: (i) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (ii) a representation that the shareholder is a holder of record of stock of the company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (iii) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (iv) such other information regarding each nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or intended to be nominated, by the board of directors; and (v) the consent of each nominee to serve as a director of the company if so elected. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

The nominating committee has not adopted a formal policy with regard to the consideration of diversity in identifying director nominees. In determining whether to recommend a director nominee, the nominating committee members consider and discuss diversity, among other factors, with a view toward the needs of the board of directors as a whole. The nominating committee members generally conceptualize diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint, professional experience, education, skill and other qualities or attributes that contribute to board heterogeneity, when identifying and recommending director nominees. The nominating committee believes that the inclusion of diversity as one of many factors considered in selecting director nominees is consistent with the committee's goal of creating a board of directors that best serves the needs of the company and the interest of its shareholders.

The nominating committee has performed a review of the experiences, qualifications, attributes and skills of the board's current membership, including the director nominees for election to the board of directors and the other members of the board, and believes that the current members of the board, including the director nominees, as a whole

possess a variety of complementary skills and characteristics, including the following:

- successful business or professional experience;
- various areas of expertise or experience which are desirable to the company's current business, such as financial, general management practices, planning, legal, marketing, technology, banking and financial services;
- personal characteristics such as character, integrity and accountability, as well as sound business judgment and personal reputation;
- residence in the bank's service area;
- willingness and ability to commit the necessary time to fully discharge the responsibilities of board membership to the affairs of the company;
- leadership and consensus building skills; and
- a commitment to the success of the company.

We do not pay a third party to assist in identifying and evaluating director candidates.

Personnel Committee

Our personnel committee, which we also refer to as the compensation committee, is composed of five independent directors, Messrs. Cothran, Cabbage, Ellison, Orders and Sturgis. The compensation committee

has the responsibility of annually reviewing the performance of the chief executive officer and president. The committee met four times during 2013.

The compensation committee may form and delegate authority to subcommittees as it deems appropriate, though it has not formed or delegated authority to any such subcommittee to date. The personnel committee of the board of directors reviews all compensation and awards to executive and senior officers, which includes the chief executive officer, president, five executive vice presidents, and 23 other key members of management. In addition, the personnel committee reviews the performance and compensation of the chief executive officer and president and, following discussions with those individuals and, where it deems appropriate, an appropriate compensation advisor, assists in determining their compensation levels. For the remaining executive and senior officers, the chief executive officer

makes recommendations to the personnel committee that generally, with minor adjustments, have been approved. With respect to equity compensation awarded to others, the personnel committee has delegated restricted stock and option granting authority for non-executive officers to the chief executive officer and president. The personnel committee must also certify that it has reviewed the senior executive officers' compensation arrangements with a view toward ensuring that they do not create incentives to take unnecessary or excessive risks that threaten the value of the company.

We have adopted a formal personnel committee charter which is available on our website at www.southernfirst.com.

AUDIT COMMITTEE MATTERS

Our audit committee is composed of five independent directors and operates under a written charter, which is available on our website at www.southernfirst.com. The board of directors has determined that Messrs. Cajka, Cabbage, Hooper, and Sturgis and Ms. Ellefson, are independent, under Rule 4350 of the corporate governance listing standards of The NASDAQ Global Market. None of the current members of the audit committee nor any other member of our board qualifies as an audit committee financial expert as defined under the rules of the SEC. As a relatively small public company, it is difficult to identify qualified candidates who meet all of the qualification of an audit committee financial expert and are willing to serve on our board of directors. At the present, we do not know if or when we will appoint a new board member that qualifies as an audit committee financial expert.

Although none of the members of our audit committee qualify as audit committee financial experts as defined in the SEC rules, each of our audit committee members has made valuable contributions to the company and its shareholders as members of the audit committee. The board of directors has determined that each member is fully qualified to monitor the performance of management, the public disclosures by the company of its financial condition and performance, our internal accounting operations, and our independent auditors.

Report of the Audit Committee of the Board

The report of the audit committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the company specifically incorporates the information contained in the report by reference, and shall not be deemed filed under such acts.

The audit committee has reviewed and discussed with management the audited financial statements. The audit committee has discussed with the independent auditors the matters required to be discussed by Auditing Standard No.

16 (AS 16) (Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board. The audit committee has received from the independent auditors the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with them their independence from the company and its management. In reliance on the reviews and discussions referred to above, the audit committee recommended to the company's board of directors that the audited financial statements be included in the company's Annual Report and referenced on SEC Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

11

The report of the audit committee is included herein at the direction of its members Mr. Cajka, Mr. Cabbage, Mr. Hooper, Mrs. Ellefson, and Mr. Sturgis.

Executive Compensation Arrangements

Employment Agreements

We entered into an amended and restated employment agreement with Art Seaver on September 30, 2013, pursuant to which he serves as the chief executive officer of both our company and our bank. The agreement renews annually on January 31st for an additional year, so that the then-remaining term of the agreement is three years. As of March 15, 2014, Mr. Seaver receives a minimum annual salary of \$430,000, which may be increased annually by the board of directors. He is also eligible to participate in any of our pension, profit sharing, bonus, life insurance, hospitalization, major medical, and other employee benefit plans and programs and receives an automobile owned by the bank.

Mr. Seaver's employment agreement also provides that during the term of employment and for a period of 12 months following termination, Mr. Seaver may not (a) compete with us by, directly or indirectly, forming, serving as an organizer, director or officer of, employee or agent, or consultant to, or acquiring or maintaining more than a 1% passive investment in, a depository financial institution or holding company thereof if such depository institution or holding company has one or more offices or branches within 30 miles of our main office or any other offices, (b) solicit our clients with which he had contact in connection with products and services provided by us for the purpose of providing financial services, or (c) solicit our employees. If Mr. Seaver terminates his employment for good reason, as defined in the employment agreement, or if he is terminated following a change

in control of our company, as defined in the employment agreement, he will be entitled to severance compensation of his then current monthly salary for a period of 12 months, plus accrued bonus, and all outstanding options and incentives will vest immediately.

We also entered into amended and restated employment agreements on September 30, 2013 with Justin Strickland to serve as president of our company and Fred Gilmer, III to serve as an executive vice president of the bank. Each agreement renews annually on January 31st for an additional year, so that the then-remaining term of the agreement is

two years. As of March 15, 2014, Messrs. Strickland and Gilmer are paid a salary of \$265,000 and \$198,000, respectively, which may be increased annually by the board of directors. They are also eligible to participate in any of our pension, profit sharing, bonus, life insurance, hospitalization, major medical, and other employee benefit plans and programs. Mr. Gilmer is entitled to receive either an automobile owned or leased by us or an automobile allowance of \$10,200 annually. As of January 2012, Mr. Strickland received an automobile owned by the bank and no longer receives a monthly automobile allowance.

Each employment agreement also provides that during the term of employment and for a period of 12 months following termination, Messrs. Gilmer and Strickland may not (a) compete with us by, directly or indirectly, forming, serving as an organizer, director or officer of, employee or agent, or consultant to, or acquiring or maintaining more than a 1% passive investment in, a depository financial institution or holding company thereof if such depository institution or holding company has one or more offices or branches within 30 miles of our main office or any other offices, (b) solicit our clients with which they had contact in connection with products and services provided by us for the purpose of providing financial services, or (c) solicit our employees. If Messrs. Gilmer or Strickland terminate their employment for good reason, as defined in the employment agreement, or if they are terminated following a change in control of our company, as defined in the employment agreement, they will be entitled to severance compensation of their then current monthly salary for a period of 12 months, plus accrued bonus, and all outstanding options and incentives will vest immediately.

Salary Continuation Agreements

On October 30, 2006, the bank entered into Salary Continuation Agreements with Art Seaver and Fred Gilmer, III, and on December 17, 2008, the bank entered into a Salary Continuation Agreement with Justin Strickland. Each of these agreements was amended on September 30, 2013. Unless a separation from service or a change in control (as defined in the salary continuation agreements) occurs before normal retirement age, the salary continuation agreements provide for an annual supplemental retirement benefit to be paid to each of the executives in 12 equal monthly installments payable on the first day of each month, beginning with the month immediately after the month in which the executive attains the normal retirement age and for the executive's lifetime with a 15 - year term certain period. Under the terms of the agreements, Mr. Seaver will receive an annual supplement retirement benefit of \$250,000, Mr. Strickland will receive \$200,000, and Mr. Gilmer, III will receive \$100,000. The bank has other salary continuation agreements with 13 senior officers pursuant to which each will receive an annual supplement retirement benefit of between \$50,000 and \$150,000.

Endorsement Split Dollar Agreements

We consider adequate life insurance coverage for executives to be an essential element of the compensation necessary to retain, attract and reward excellent service. We entered into endorsement split dollar insurance agreements effective January 1, 2009, with Messrs. Seaver, Strickland and Gilmer, III, entitling each executive to designate the beneficiary of a specified portion of the death benefits payable under bank-owned policies on the executive's life. The executive's right to designate a beneficiary of the life insurance death benefit expires when the executive's employment terminates or when the executive attains age 65, whichever occurs first. The death benefit payable to the executive's beneficiary is

the lesser of (x) 100% of the policy's net death proceeds, meaning the total death benefit minus the policy's cash surrender value, or (y) three times the executives salary. The bank is entitled to all insurance policy death proceeds remaining after payment of the death benefit to the executive's beneficiary.

This bank-owned life insurance financing method is not expected to result in any material cost to the bank, but it is expected to increase the bank's non-interest income in future operating periods. Because the bank intends to hold the bank-owned life insurance until the death of the insureds, the increase of cash surrender value should be tax-free income under current federal income tax law. The collection of death benefits on the life insurance

policies, which is likewise tax free under current federal and state income taxation, is expected to enhance the company's return as well. The combination of tax-preferred income generated by the increasing cash value of the insurance policy, the tax-free insurance death benefit, and fully tax-deductible benefit payments to participants enables a bank to provide this significant benefit to executives through attractive cost-recovery financing.

PROPOSAL NO. 3:

AMENDMENT TO THE 2010 SOUTHERN FIRST BANCSHARES, INC.

STOCK INCENTIVE PLAN

On March 16, 2010 our board of directors adopted, and on May 18, 2010 our shareholders approved, the 2010 Southern First Bancshares, Inc. Stock Incentive Plan (the Plan) that provides for the grant of up to 445,885 shares (as adjusted for stock dividends in 2011, 2012, and 2013) in the form of restricted stock awards and stock options to our officers, employees, directors, advisors, and consultants. Of this total, up to 79,860 shares (as adjusted for stock dividends in 2011, 2012, and 2013) of common stock were eligible for issuance as restricted stock and 366,025 shares (as adjusted for stock dividends in 2011, 2012, and 2013) were eligible for issuance as stock options. As of March 31, 2014, 16,549 shares of common stock remained available for the issuance as restricted stock and 61,684 shares of common stock remained available for the issuance pursuant to stock options under the Plan.

On March 28, 2014, the board of directors approved an amendment to the Plan, subject to shareholder approval, increasing the number of shares of common stock issuable under the Plan pursuant to stock options from 366,025 shares to 566,025 shares (as adjusted for stock dividends in 2011, 2012, and 2013). Thus, if the amendment is passed, the Board would be authorized to grant up to 278,233 shares in the future (of which, no more than 16,549 may be issued as restricted stock) pursuant to the amended Plan, assuming no additional shares become available for reissuance due to the expiration, forfeiture, cancellation or exchange of a currently outstanding equity award. We are seeking shareholder approval for this amendment. The Company has no current plans, proposals or arrangements to grant stock option awards under the Plan, but stock options may be awarded to officers, employees, directors, advisors, and consultants in the future.

The Company provides equity incentive compensation awards because it believes that such compensation reflects the recipient's responsibilities, rewards demonstrated performance and leadership, encourages future performance, aligns the interests of the recipients with the interests of shareholders and motivates recipients to remain with the Company through the term of the awards.

To determine the number of additional shares to add to the Plan, the board of directors considered forecasted future share needs for management compensation. The forecast was based on the Company's historical grant activity, and the Company's desire to continue to grow its franchise. We believe that appropriate equity incentives are important to attract and retain the highest caliber of employees, to link incentive rewards to Company performance, to encourage employee ownership in the Company and to align the interests of our employees to those of our shareholders. The approval of the amendment to the Plan will enable the Company to continue to provide such incentives.

The following summary of the material features of the Plan is qualified in its entirety by reference to the copy of the Plan, which was attached as Appendix A to the Proxy Statement for the 2010 annual meeting of shareholders and is incorporated by reference into this summary. The proposed amendment to the Plan is attached as Appendix A to this proxy statement and is incorporated by reference into this summary. A copy of the Plan will be provided without charge to each shareholder to whom this proxy statement is delivered upon our receipt of a written request from such shareholder.

Purpose of the Plan

We believe we have been able to attract highly qualified personnel to the Company and the Bank in part through the use of stock option grants and awards of restricted stock, and that it is desirable to have the continued ability to attract additional personnel and to return and reward exceptional performance by employees through other awards that encourage stock ownership and proprietary interest in the Company. The board of directors believes that the Plan provides a means whereby those individuals upon whom the responsibilities of the successful administration and management of the Company rest, and whose present and potential contributions to the Company are of importance, can acquire and maintain stock ownership, thereby strengthening their concern for the welfare of the Company. By providing such individuals with additional incentive and reward opportunities, the board believes that the Plan enhances the profitable growth of the Company.

18

Administration of the Plan

The Plan is currently administered by the compensation committee of the board; however, the Plan provides that it can be administered by the board, the compensation committee of the board, or any other committee appointed by the board. Any such Committee may, but is not required to be, comprised of two or more outside directors, within the meaning of section 162(m) of the Internal Revenue Code of 1986 (the Code) and within the meaning of the term non-employee director as defined in Rule 16b-3 under the Securities Exchange Act of 1934. The administrator administers the Plan and has sole authority, in its discretion, to determine which officers, teammates, consultants, advisors or directors will receive awards, the number of shares of common stock to be subject to each award, and the forfeiture restrictions (as defined below) for each award. The administrator has such additional powers delegated to it under the Plan, including the power to construe the Plan and the award agreements executed with recipients of awards thereunder and to determine the terms, restrictions, and provisions of each agreement. The administrator may also correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any award agreement in the manner and to the extent it would deem expedient to carry it into effect. The determinations of the administrator on these matters will be conclusive.

Shares Subject to the Plan

The Plan provides for awards of both stock options and restricted stock.

The Plan requires that stock options can only be issued at or above the fair market value per share on the date of grant, but not lesser than \$6.01 (as adjusted for stock dividends in 2011, 2012, and 2013). Stock options granted to participants under the Plan may be either incentive stock options, or ISOs, under the provisions of Section 422 of the Code, or options that are not subject to the provisions of Section 422 of the Code, or Nonqualified Options. Stock options entitle the recipient to purchase shares of common stock at the exercise price specified in the award agreement. The administrator at its discretion determines the number of option shares, the term of the option, the exercise price (subject to the minimum price described above), the vesting schedule and performance conditions (if any), and any other terms and conditions. In the case of 10% shareholders, if applicable, who receive incentive stock options, the exercise price may not be less than 110% of the fair market value of the common stock on the date of grant. An exception to these requirements may be made for options that the Company may grant in substitution for options held by employees of companies that the Company acquires. In such a case, the exercise price is adjusted to preserve the economic value of the employee's stock option from his or her former employer.

The administrator will determine the periods during which the options will be exercisable. However, no option will be exercisable more than 10 years after the date of grant. Payment of the exercise price of any option may be made in cash or cash equivalent, as determined by the administrator, or, as determined by the administrator in its discretion, (1) to the extent permitted by law, by means of any cashless exercise procedure approved by the administrator, (2) by delivering shares of common stock already owned by the option holder, (3) to the extent permitted by law, by such other method as the administrator may determine, or (4) any combination of the foregoing.

Restricted stock consists of shares of common stock which are issued to the participant at the time the award is made or at some later date, which shares are subject to certain restrictions against disposition and certain obligations to forfeit such shares to the Company under certain circumstances (the Forfeiture Restrictions). The Forfeiture Restrictions, which may be different for each award, will be determined by the administrator in its sole discretion, and the administrator may provide that the Forfeiture Restrictions will lapse upon:

(1) the attainment of one or more performance targets established by the administrator, which may be based upon, among other things, changes in share price (either in absolute terms or relative to a selected index), earnings per share, market share, net income (before or after tax), return on equity or assets, net interest margin, or changes in levels of loans, assets or deposits;

(2) the participant's continued employment with the Company or continued services as a consultant or director for a specified period of time;

(3) the occurrence of any event or the satisfaction of any other condition specified by the administrator in its sole discretion; or

(4) a combination of any of the foregoing.

Restricted stock granted pursuant to an award will be represented by a stock certificate or book entry registered in the name of the participant. Unless otherwise provided in an agreement, the participant will have the right to receive dividends, if any, with respect to such shares of restricted stock, to vote such shares and to enjoy all other shareholder rights, except that the Company will retain custody of the stock certificate and the participant may not sell, transfer, pledge or otherwise dispose of the restricted stock until the Forfeiture Restrictions have expired. A breach of the terms and conditions established by the administrator pursuant to an award will cause a forfeiture of the award. The administrator expects that participants generally will not be required to make any payment for common stock received pursuant to an award, except to the extent otherwise determined by the administrator or required by law.

The administrator may, in its discretion, fully vest any or all stock options or restricted stock awarded to a participant under an award and, upon such vesting, all option vesting conditions or Forfeiture Restrictions applicable to the award will terminate. Any such action by the administrator may vary among individual participants and may vary among awards held by any individual participant. The administrator may not, however, take any such action with respect to an award that has been granted to a covered employee, within the meaning of Treasury Regulation Section 1.162-27(c)(2), if such award is intended to meet the exception for performance-based compensation under Section 162(m) of the Code.

At the time any award is made, the Company and the participants will enter into an option agreement or restricted stock agreement (each, an award agreement) setting forth the terms of the award and such other matters as the administrator may determine to be appropriate. The terms and provisions of the award agreements need not be identical, and the administrator may, in its sole discretion, amend an outstanding award agreement at any time in any manner that is not inconsistent with the provisions of the Plan. The maximum number of shares that may be subject to awards granted to any one participant may not exceed 100% of the aggregate number of shares of common stock that may be issued under the Plan (as adjusted from time to time in accordance with the provisions of the Plan).

Amendment and Termination of the Plan

The board of directors may amend or terminate the Plan, provided that shareholder approval will be required to (i) increase the total number of shares reserved for issuance under the Plan, or (ii) change the class of recipients eligible to participate in the Plan. No amendment shall adversely affect any of the rights of any holder of any award without

the holder's consent. The administrator may accept surrender of outstanding stock options or restricted stock under the Plan and grant new awards in substitution for them; provided that the administrator will not exchange underwater stock options without prior shareholder approval. The Plan shall terminate in any event ten years after its effective date.

Authorized Shares

In the event of a stock dividend, stock split, reorganization, merger, recapitalization or other change affecting the common stock, such proportionate adjustments, if any, as the administrator deems appropriate, will be made with respect to (1) the aggregate number and kind of shares that may be issued under the plan, (2) the number and kind of shares issuable pursuant to each outstanding award made under the plan, and (3) the maximum number and kind of shares that may be subject to awards granted to any one individual under the plan, but outstanding awards continue until they expire.

If any award is forfeited, or if any option terminates, expires or lapses without being exercised, shares of common stock subject to such awards will again be available for distribution in connection with awards under the Plan. If the exercise price of any option is satisfied by delivering shares of common stock to the Company (by either actual delivery or by attestation), only the number of shares of common stock delivered to the participant net of the shares of common stock delivered to the Company or attested to will be deemed delivered for purposes of determining the maximum numbers of shares of common stock available for delivery under the Plan. To the

extent any shares of common stock subject to an award are not delivered to a participant because such shares are used to satisfy an applicable tax-withholding obligation, such shares will not be deemed to have been delivered for purposes of determining the maximum number of shares of common stock available for delivery under the Plan.

Tax Effects of Participation in the Plan

Stock Options

There are no federal income tax consequences to the participant or to the Company on the granting of options. The federal tax consequences upon exercise will vary depending on whether the option is an incentive stock option or a nonqualified stock option.

Incentive Stock Options. When a participant exercises an incentive stock option, the participant will not at that time realize any income, and the Company will not be entitled to a deduction. However, the difference between the fair market value of the shares on the exercise date and the exercise price will be a preference item for purposes of the alternative minimum tax. The participant will recognize capital gain or loss at the time of disposition of the shares acquired through the exercise of an incentive stock option if the shares have been held for at least two years after the option was granted and one year after it was exercised. The Company will not be entitled to a tax deduction if the participant satisfies these holding period requirements. The net federal income tax effect to the holder of the incentive stock options is to defer, until the acquired shares are sold, taxation on any increase in the shares' value from the time of grant of the option to the time of its exercise, and to tax such gain, at the time of sale, at capital gain rates rather than at ordinary income rates.

If the holding period requirements are not met, then upon sale of the shares the participant generally recognizes as ordinary income the excess of the fair market value of the shares at the date of exercise over the exercise price stated in the award agreement. Any increase in the value of the shares subsequent to exercise is long or short-term capital gain to the participant depending on the participant's holding period for the shares. However, if the sale is for a price less than the value of the shares on the date of exercise, the participant might recognize ordinary income only to the extent the sales price exceeded the option price. In either case, the Company is entitled to a deduction to the extent of ordinary income recognized by the participant.

Nonqualified Stock Options. Generally, when a participant exercises a nonqualified stock option, the participant recognizes income in the amount of the aggregate market price of the shares received upon exercise less the aggregate amount paid for those shares, and the Company may deduct as an expense the amount of income so recognized by the participant. The holding period of the acquired shares begins upon the exercise of the option, and the participant's basis in the shares is equal to the market price of the acquired shares on the date of exercise.

Restricted Stock

Under the Internal Revenue Code as presently in effect, a participant generally will not recognize any income for federal income tax purposes at the time an award of restricted stock is made, nor will the Company be entitled to a tax deduction at that time, unless the participant elects to recognize income at the time that award of restricted stock is made. If the participant does not make such election, the value of the common stock will be taxable to the participant as ordinary income in the year in which the Forfeiture Restrictions lapse with respect to such shares of stock. We have the right to deduct, in connection with all awards, any taxes required by law to be withheld and to require any payments required to enable it to satisfy our withholding obligations. We will generally be allowed an income tax deduction equal to the ordinary income recognized by the participant at the time of such recognition.

Additional Tax Matters

We may not deduct compensation of more than \$1,000,000 that is paid in a taxable year to certain "covered employees" as defined in Section 162(m) of the Code. The deduction limit, however, does not apply to certain types of compensation, including qualified performance-based compensation. It is possible that some awards under the plan may constitute qualified performance-based compensation for purposes of Section 162(m) of the

21

Code, although it is generally anticipated that most restricted stock awards will not constitute such performance-based compensation.

Unless otherwise determined in an award agreement, in the event of a change in control, as defined in the plan: (1) each outstanding option or restricted share shall become fully vested and, if applicable, exercisable, (2) the restrictions, payment conditions, and forfeiture conditions applicable to any such award granted shall lapse, and (3) any performance conditions imposed with respect to awards shall be deemed to be fully achieved. Under Section 280G of the Code, we may not deduct certain compensation payable in connection with a change of control. The acceleration of vesting of awards in conjunction with a change of control of the Company may be limited under certain circumstance thereby avoiding nondeductible payments under Section 280G.

Plan Benefits

Not more than 35% of the total number shares initially reserved and available for issuance under the Plan (subject to adjustment) (i.e., 117,250 shares, subject to adjustment) may be made subject to options or awards of restricted stock granted to any single individual in any one fiscal year of the Company. Such limitation shall be applied in a manner consistent with the requirements of, and only to the extent required for compliance with, the exclusion from the limitation on deductibility of compensation under Section 162(m) of the Code.

No awards have been granted under the amendment to the Plan as of the date of this proxy statement.

Reasons for Authorization and Vote Required

The plan is being submitted to the shareholders for approval pursuant to Section 162(m) of the Code and the rules of The NASDAQ Global Market.

If a quorum is present at the annual meeting, this proposal will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal.

The board of directors recommends that you vote "FOR" approval of the amendment to the Plan to increase by 200,000 the number of shares of common stock issuable under the Plan pursuant to stock options.

22

**PROPOSAL NO. 4:
RATIFICATION OF APPOINTMENT OF
OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANT**

Although we are not required to seek shareholder ratification on the selection of our accountants, we believe obtaining shareholder ratification is desirable. In the event the appointment of Elliott Davis, LLC is not ratified by the required vote, the audit committee will re-evaluate the engagement of our independent auditors. Even if the shareholders do ratify the appointment, our audit committee has the discretion to appoint a different independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interest of us and our shareholders. We expect that a representative from Elliott Davis will attend the meeting and will be available to respond to appropriate questions from shareholders.

If a quorum is present at the Annual Meeting, this proposal will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal.

The board of directors unanimously recommends that shareholders vote FOR the ratification of the appointment of Elliott Davis, LLC as our independent registered public accounting firm.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We enter into banking and other transactions in the ordinary course of business with our directors and officers of the company and the bank and their affiliates. Our policies and procedures related to these transactions are not in writing, but are reflected by our course of conduct. It is our policy that these transactions be on substantially the same terms (including price, interest rates, repayment terms, and collateral) as those prevailing at the time for comparable transactions with parties not related to the lender. We do not expect these transactions to involve more than the normal risk of collectability nor present other unfavorable features to us. Loans to individual directors and officers must also comply with our bank's lending policies and statutory lending limits, and directors with a personal interest in any loan application are excluded from the consideration of the loan application. We intend for all of our transactions with our affiliates to be on terms no less favorable to us than could be obtained from an unaffiliated third party and it is our policy that they be approved by a majority of disinterested directors.

The aggregate dollar amount of loans outstanding to persons affiliated with the bank was approximately \$23.5 million at December 31, 2013.

Compensation/Benefits Committee Interlocks and Insider Participation.

The members of the compensation committee which we call our personnel committee during the year ended December 31, 2013 were Messrs. Sturgis, Cothran, Cabbage, Ellison, and Orders. No member of this committee was at any time during 2013 or at any other time an officer or employee of the Company or any of its subsidiaries, and no member of this committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. No executive officer of the Company has served on the board of directors or personnel committee of any other entity that has or has had one or more executive officers who served as a member of the personnel committee during 2013.

Interests of Management and Others in Certain Transactions

The bank has a land lease with a company owned by one of the bank's directors, Mr. Cothran, on the property for one of our branch offices, with monthly payments of \$5,388. In addition, the bank periodically enters into various consulting agreements with the director for development, administration and advisory services related to the purchase of property and construction of current and future branch office sites. Also, the bank contracts with a company owned by Mr. Cothran to provide property management services for its four offices in the Greenville market. The bank paid Mr. Cothran and his related parties approximately \$30,000 and \$44,000 for these services during 2013 and 2012, respectively. The bank is of the opinion that the lease payments and management fees paid to Mr. Cothran represent market costs that could have been obtained in similar arms length transactions.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. Based solely on our review of these forms and written representations from the officers and directors, we believe that all Section 16(a) filing requirements were met during fiscal 2013, except that on one occasion Form 4s for each of Mr. Cajka, Mr. Cabbage, Ms. Ellefson and Mr. Orders were filed after the required period. Form 5s were filed within the required period for Mr. Cajka and Mr. Gilmer, III for Form 4 transactions not reported during 2013.

SHAREHOLDER PROPOSALS FOR THE 2015 ANNUAL MEETING OF SHAREHOLDERS

If shareholders wish a proposal to be included in our proxy statement and form of proxy relating to the 2015 Annual Meeting of Shareholders, they must deliver a written copy of their proposal to our principal executive offices no later than December 12, 2014. To ensure prompt receipt by the company, the proposal should be sent certified mail, return receipt requested. Proposals must comply with our bylaws relating to shareholder proposals in order to be included in our proxy materials.

It is our policy that any shareholder proposal to be made at an annual meeting, but which is not requested to be included in the our proxy materials, must be delivered to the secretary of the company between 30 and 60 days prior to the annual meeting; provided, however, that if less than 31 days notice of the meeting is given to shareholders, the

notice must be delivered within 10 days following the day on which notice of the meeting was mailed to shareholders.

AMENDMENT TO
SOUTHERN FIRST BANCSHARES, INC.
2010 STOCK INCENTIVE PLAN

ADOPTED BY THE BOARD OF DIRECTORS

March 28, 2014

The Board of Directors amended Section 3 of the Southern First Bancshares, Inc. 2010 Stock Incentive Plan (the **Plan**) to increase by 200,000 the number of shares of common stock (the **Shares**) reserved for issuance under the Plan pursuant to stock options (**Options**) from 366,025 Shares to 566,025 Shares (as adjusted by stock dividends in 2011, 2012, and 2013) by deleting Section 3 in its entirety and replacing it with the language below. Pursuant to Section 10 of the Plan and NASDAQ Listing Rule 5635(c), this amendment (this **Amendment**) will be submitted to the shareholders of the Company for approval at the upcoming 2014 annual meeting of shareholders.

Section 3. Shares Subject to the Plan.

Subject to Section 4 of the Plan, (i) the total number of Shares reserved and available for issuance under the Plan pursuant to Options shall be 566,025 Shares (some or all of which may be granted as ISOs), and (ii) the total number

of Shares reserved and available for issuance under the Plan pursuant to Awards of Restricted Stock shall be 79,860 Shares. Not more than thirty-five percent of the total number Shares initially reserved and available for issuance under the Plan (subject to adjustment pursuant to Section 4 of this Plan) may be made subject to Options or Awards of Restricted Stock granted to any single individual in any one (1) fiscal year of the Company. Such limitation shall be applied in a manner consistent with the requirements of, and only to the extent required for compliance with, the exclusion from the limitation on deductibility of compensation under Section 162(m) of the Code.

Such Shares may consist, in whole or in part, of authorized and unissued shares or treasury shares. At all times the Company shall reserve and keep available a sufficient number of shares as shall be required to satisfy the requirements of all outstanding Options under the Plan.

To the extent that (i) an Option expires or is otherwise cancelled, surrendered, exchanged or terminated without being exercised, or (ii) any Shares issuable with respect to or subject to any Award are forfeited or withheld (or shares of Stock owned by a Participant are delivered to the Company, including by attestation) to satisfy tax withholding obligations or an Option Exercise Price, such Shares (and any such shares of Stock so delivered) shall again be available for issuance in connection with future Awards granted under the Plan.

IN WITNESS WHEREOF, the Company has caused this Amendment to the Plan to be executed as of March 28, 2014 in accordance with the authority provided by the Board of Directors.
