REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Savings Plan Committee
Pharmacia Savings Plan for Employees Resident in Puerto Rico:

We have audited the accompanying statements of net assets available for plan benefits of the Pharmacia Savings Plan for Employees Resident in Puerto Rico (the "Plan") as of December 31, 2008 and 2007, and the related statements of changes in net assets available for plan benefits for the year ended December 31, 2008 and period April 1, 2007 (inception) through December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for plan benefits for the year ended December 31, 2008 and period April 1, 2007 (inception) through December 31, 2007, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2008 and Schedule H, Line 4j - Schedule of Reportable Transactions for the Year Ended December 31, 2008 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PHARMACIA SAVINGS PLAN
FOR EMPLOYEES RESIDENT IN PUERTO RICO
Notes to Financial Statements
December 31, 2008

1. Description of the Plan

The Pharmacia Savings Plan for Employees Resident in Puerto Rico (Plan) became effective on April 1, 2007, and is available to certain eligible employees and former employees of Pfizer Pharmaceuticals LLC who legally reside in Puerto Rico. Participants in the Plan were formerly part of the Pharmacia Savings Plan, a defined contribution retirement savings plan sponsored by Pfizer Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, (ERISA) and the Puerto Rico Internal Revenue Code of 1994, as amended (Puerto Rico Code).

Effective April 1, 2007, a Puerto Rico-based trust, the Pharmacia Savings Plan for Residents of Puerto Rico, was also created to hold the assets of the Plan. Banco Popular de Puerto Rico is the trustee. The Northern Trust Company (Northern Trust) is custodian of the Plan's assets. Effective April 1, 2007, the assets and liabilities of the affected employees in the Pharmacia Savings Plan and trust were transferred to the new plan and trust. Pfizer Pharmaceuticals LLC (the Company or Plan Sponsor), a subsidiary of Pfizer Inc., is the sponsor of the Plan.

Under the Puerto Rico Code, any qualified plan involving pre-tax contributions of cash or deferred arrangements must comply with one of two nondiscrimination tests. For the periods ended December 31, 2008 and 2007, the Plan complied with both tests.

The following is a general description of certain provisions of the Plan. Participants should refer to the Plan document for more complete information.

Plan Administration

The Savings Plan Committee of Pfizer Inc. monitors and reports on the selection and termination of the trustee, custodian, and investment managers and on the investment activity and performance of the Plan.

Administrative Costs

Except for investment management fees and redemption fees associated with certain investment fund options, all costs and expenses of administering the Plan are paid and absorbed by the Plan Sponsor and Participating Employers (collectively, the Company).

Contributions

Participants may elect to contribute from 1% to 10% on a before-tax basis and/or 1% to 10% on an after-tax basis, in whole percentages, of their Regular Earnings, as defined in the Plan document; provided, however, that a participant's total after-tax and before-tax contributions may not exceed 15% of the participant's Regular Earnings. Before-tax contributions are subject to certain restrictions under the Puerto Rico Code. Contributions of up to 5% of compensation are matched 100% by the Company. Participants are immediately 100% vested in the Company matching contributions. Participants' contributions in excess of 5% are not matched. Participants who are eligible employees are permitted to roll over into the Plan eligible distributions from other plans that are qualified under Section 1165(a) of the Puerto Rico Code.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in the full value of their account (i.e., participant's and Company's

contributions).

6

Investment Options

Nonparticipant-Directed Funds --

- Pfizer Common Stock (ESOP) Fund -- This fund invests Company matching contributions in the common stock of Pfizer Inc.
- Pfizer Preferred Stock Fund -- This fund holds investments in the preferred stock of Pfizer Inc. which were allocated to participants before the spin-off of Puerto Rico participants from the Pharmacia Savings Plan. Dividends paid to the participants' Pfizer Preferred Stock Fund accounts are substituted for an allocation in Pfizer Inc. common stock.

Participants may diversify all or a portion of their Company matching contributions into any of the available investment funds at any time after the contributions have been made to their account.

Participant-Directed Funds -- Each participant in the Plan elects to have his or her contributions invested in any one or combination of the following investment funds:

- a) Fidelity Growth Company Fund
- b) Pfizer Common Stock Fund
- c) T. Rowe Price Stable Value Fund
- d) T. Rowe Price Small Cap Fund
- e) Dodge & Cox Stock Fund(1)
- f) Dodge & Cox International Stock Fund(2)
- g) Barclays Global Investors Lifepath Retirement Fund
- h) Barclays Global Investors Lifepath 2010 Fund
- i) Barclays Global Investors Lifepath 2020 Fund
- j) Barclays Global Investors Lifepath 2030 Fund
- k) Barclays Global Investors Lifepath 2040 Fund
- l) Barclays Global Investors US TIPS Fund
- m) Barclays Global Investors Core Bond Fund
- n) Northern Trust S&P 500 Equity Index Fund*(3)
- o) Fidelity Mid Cap Stock Fund
- p) Capital Guardian International Fund
- q) Northern Trust Russell 2000 Small Cap Index Fund*
- r) Any combination of the above, provided that a minimum of 5% and a multiple of 1% is directed to each fund selected.

*Northern Trust sponsored fund

(1) Replaced the Neuberger & Berman Guardian Equity Fund effective June 1, 2008.

(2) Replaced the Templeton Funds Inc Foreign Fund effective June 1, 2008.

(3) Replaced the Barclays Global Investors Equity Index Fund effective June 1, 2008.

Participants may elect to transfer or allocate their participant contribution balances and earnings thereon to any of the above funds.

The trustee of the Plan, Banco Popular de Puerto Rico, and the custodian, Northern Trust Company, also manage investments in their sponsored funds and, therefore, each is deemed to be a party-in-interest and a related party.

Eligibility

All employees of the Company who are employed within the Commonwealth of Puerto Rico, except certain employees who are either covered by a collective bargaining agreement and have not negotiated to participate in the Plan or are employed by a unit not designated for participation in the Plan, are eligible to enroll in the Plan on their date of hire.

Loans to Participants

The Plan has a loan provision which allows participants to borrow from their account balance a minimum of five hundred dollars or three thousand dollars for a primary residence loan up to a maximum equal to the lesser of 50% of their vested account balance or fifty thousand dollars (reduced by the highest outstanding loan balance within the previous twelve months). Certain Company matching contributions and earnings thereon are not available for loans. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate that is equal to the prime rate, as defined, at the beginning of the quarter in which the loan originates, plus 1%. Interest rates on outstanding loans ranged from 5% to 10% at December 31, 2008 and 5% to 10.5% at December 31, 2007. Interest paid is credited to the account of the participant. Repayments may not necessarily be made to the same fund from which amounts were borrowed. Repayments are credited to the applicable funds based on the participant's investment elections at the time of repayment.

In the event of termination, participants will have 90 days to repay the loan before the loan is considered taxable to the participant.

Benefit Payments

Benefits are paid either in cash or a combination of cash and common stock. Common stock is issued only with respect to the participant's accounts in the Pfizer Common Stock Fund, the Pfizer Common Stock (ESOP) Fund and the Pfizer Preferred Stock Fund. Upon retirement or death, the full value of the participant's accounts is paid in either a lump sum or in installments.

In-Service Withdrawals

Participants in the Plan may make in-service or hardship withdrawals from their account balances subject to the provisions of the Plan.

Plan Termination

The Plan Sponsor and Pfizer Inc. (Parent) expect to continue the Plan indefinitely, but reserve the right to amend, suspend or discontinue it in whole or in part at any time by action of the Plan Sponsor's Managers or the Board of Directors of the Parent or the authorized designee(s) of either of them. In the event of termination of the Plan, each participant shall be entitled to the full value of his or her account balance as though she had retired as of the date of such termination. No part of the invested assets established pursuant to the Plan will at any time revert to the Company except as otherwise permitted under ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Benefit payments are recorded when paid. For treatment of benefits payable, refer to Note 9.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the accompanying statement of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, the reported amount of increase or decrease to net assets during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Pfizer Inc. common stock is valued at the closing market price on the last business day of the year. Common/collective trust funds, except for the investment in the T. Rowe Price Stable Value Fund, are stated at redemption value as determined by the trustees of such funds based upon the underlying securities stated at fair value. The T. Rowe Price Stable Value Fund represents a common/collective trust fund with an underlying investment in guaranteed investment contracts (GICs). These GICs are reported at fair value by the insurance companies and underlying banks with an appropriate adjustment to report such contracts at contract value because these investments are fully benefit responsive. Mutual funds are recorded at fair value based on the closing market prices obtained from national exchanges of the underlying investments of the respective fund as of the last business day of the year. Investments in money market instruments are generally short-term and are valued at cost, which approximates market.

Pfizer Inc. preferred stock provides dividends at the annual rate of 6.25% and is convertible at the holder's option into 2.57487 shares of Pfizer Inc. common stock. It may also be redeemed by Pfizer Inc. at a per share equivalent stated value of \$40.30. Pfizer Inc. preferred stock is valued using the higher of the per-share equivalent stated value of \$40.30 or the quoted market price of Pfizer Inc. common stock multiplied by 2.57486 on the last business day of the Plan year (preferred stock share balances maintained by the Plan's trustee and recordkeeper are on a basis equal to a multiple of 1,000 of the share balance and one-thousandth of the \$40,300 stated value). Pfizer Inc. preferred stock was valued at \$45.60 at December 31, 2008 and \$58.53 at December 31, 2007 based on the closing Pfizer Inc. common stock prices of \$17.71 on December 31, 2008 and \$22.73 on December 31, 2007.

See Note 8 for additional information regarding the fair value of the Plan's investments.

Loans to Participants

Loans to participants, which are subject to various interest rates, are recorded at amortized cost which approximates fair value.

Risks and Uncertainties

Investment securities, including Pfizer Inc. common and preferred stock, are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is possible that changes in their fair values could occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Investment Transactions

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned.

Net Appreciation/(Depreciation) in Investments

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation/(depreciation) in the value of its investments which consists of the realized gains and losses and the unrealized gains and losses on those investments, and the change in contract value of the common/collective trust funds holding investments in GICs. Realized gains and losses on sales of investments represent the difference between the net proceeds and the cost of the investments (average cost if less than the entire investment is sold). Unrealized gains and losses on investments represent the difference between the cost of the investments and their fair value at the end of the year. Additionally, it reflects the reversal of the unrealized gains and losses as of the end of the

prior year.

9

Adoption of New Accounting Standards

As of January 1, 2008, the Plan adopted on a prospective basis certain required provisions of FASB Financial Accounting Standard No. 157, Fair Value Measurements (SFAS 157), as amended. Those provisions relate to financial assets and liabilities carried at fair value and fair value disclosures related to financial assets and liabilities. SFAS 157, as amended, defines fair value, expands related disclosure requirements and specifies a hierarchy of valuation techniques based on the nature of the inputs used to develop the fair value measures. The adoption of SFAS 157 did not have a material impact on the Plan's net assets available for plan benefits. (See Note 8: Fair Value Measurements).

3. Tax Status of the Plan

The Puerto Rico Department of Treasury has determined and informed the Plan Sponsor by letter dated May 27, 2008 that the Plan and related trust are designed in accordance with the applicable sections of the Puerto Rico Code. Accordingly, no provision has been made for Puerto Rico income taxes in the accompanying financial statements.

Contributions made to the Plan by the Company, including pre-tax contributions made on the participants' behalf and any appreciation on all funds in the participants' accounts, are not taxable to the participants under current Puerto Rico income tax law while these amounts remain the Plan and the Plan maintains its qualified status.

4. Investments

The following investments represent 5% or more of the Plan's net assets available for plan benefits.

(in thousands of dollars)	December 31,	
	2008	2007
T. Rowe Price Stable Value Fund, at contract value	\$ 15,181	\$ 10,440

Templeton Funds Inc Foreign Fund	--	2,189

* Includes 100,671 and 156,524 nonparticipant-directed shares at December 31, 2008 and 2007, respectively.

** Includes 131,486 nonparticipant-directed shares and 91,436 participant-directed shares at December 31, 2008 and 102,207 nonparticipant-directed shares and 102,432 participant-directed shares at December 31, 2007.

5. Net Appreciation/(Depreciation) in Investments

The Plan's investments (including gains and losses on investments sold, as well as held during the year) appreciated/(depreciated) in value as follows:

(in thousands of dollars)	Year ended December 31, 2008	April 1, 2007 (inception) through December 31, 2007
Mutual funds	\$ (2,751)	\$ 788

Pfizer Inc. preferred stock	(1,820)	(1,020)
Common/collective trust funds	(1,639)	223
	\$ (7,381)	\$ (566)

6. Investment Contracts with Insurance Companies

The T. Rowe Price Stable Value Fund consists primarily of fully benefit-responsive GICs. The contract value of the GICs represents contributions made under the contract and related earnings offset by participant withdrawals.

7. Nonparticipant-Directed Investments

Information about the net assets and significant components of the changes in net assets relating to the non-participant directed investments is as follows:

8. Fair Value Measurements

The following table sets forth by level, within the SFAS 157 fair value hierarchy, the Plan's investments at fair value as of December 31, 2008.

(in thousands)	Investments at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,613	\$ --	\$ --	\$ 3,613

Common/collective trust funds	--	18,862	--	18,862
Total investments at fair value	\$ 7,569	\$ 23,453	\$ --	\$ 31,022

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There are three levels of inputs to fair value measurements - Level 1 meaning the use of quoted prices for identical instruments in active markets; Level 2 meaning the use of quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active or are directly or indirectly observable; Level 3 meaning the use of unobservable inputs.

See Note 2: Investment Valuation for information regarding the methods used to determine the fair value of the Plan's investments. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. Reconciliation of Financial Statements to Form 5500

Amounts allocated to withdrawing participants are recorded as benefits paid on Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date. Deemed distributions, representing withdrawing participants with outstanding loan balances for which no post-default payment activity has occurred, are not reported on Form 5500 in net assets available for plan benefits. Also, investments in the T. Rowe Price Stable Value Fund are reported on Form 5500 at fair value, whereas the net assets available for plan benefits in the financial statements report such investments at contract value.

The following is a reconciliation of net assets available for plan benefits according to the financial statements to the Plan's Form 5500 filed for 2007 and expected to be filed for 2008.
