Aluminum Corporation of China Limited*

(a joint stock limited company incorporated in the People's Republic of China with limited liability)

(Stock Code: 2600)

RENEWAL OF CONTINUING CONNECTED TRANSACTIONS

The Company proposed to renew the Existing Continuing Connected Transactions with Chinalco. Details of the proposed renewal of continuing connected transactions and proposed annual caps are set out in this announcement.

As Chinalco is the controlling shareholder of the Company, directly and indirectly, holding approximately 41.33% of the issued share capital of the Company, Chinalco is a connected person of the Company under the Hong Kong Listing Rules.

As one or more of the applicable percentage ratios (as defined under Rule 14A.06 of the Hong Kong Listing Rules) in respect of (i) the expenditure and revenue transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services; and (ii) the expenditure transactions under the Provision of Engineering, Construction and Supervisory Services Agreement exceed 5%, the transactions contemplated thereunder are subject to reporting, announcement and independent shareholders' approval requirements under the Hong Kong Listing Rules.

As one or more of the applicable percentage ratios (as defined under Rule 14A.06 of the Hong Kong Listing Rules) in respect of (i) the expenditure transactions under the Comprehensive Social and Logistics Services Agreement, (ii)

the expenditure transactions under the Mineral Supply Agreement, (iii) the expenditure transactions under the Land Use Rights Leasing Agreement, and (iv) the expenditure and revenue transactions under the Fixed Assets Lease Framework Agreement exceed 0.1% but are less than 5%, the transactions contemplated thereunder are subject to the reporting and announcement requirements and are exempt from the independent shareholders' approval requirements under the Hong Kong Listing Rules.

An AGM will be convened to approve (i) the expenditure and revenue transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services; and (ii) the expenditure transactions under the Provision of Engineering, Construction and Supervisory Services Agreement and the respective annual cap for each of the three years ending 31 December 2018. A circular containing, among others, the resolution in relation to the General Agreement on Mutual Provision of Production Supplies and Ancillary Services, the Provision of Engineering, Construction and Supervisory Services Agreement will be dispatched to the Shareholders on 11 May 2015. A supplemental circular containing, among others, (i) details of the General Agreement on Mutual Provision of Production Supplies and Ancillary Services, the Provision of Engineering, Construction and Supervisory Services Agreement and the respective annual caps; (ii) a letter of recommendation from the Independent Board Committee to the Independent Shareholders; and (iii) a letter of advice by an independent financial adviser to the Independent Board Committee and the Independent Shareholders, will be dispatched to the Shareholders on or before 5 June 2015 as the Company requires additional time to prepare and finalize certain information to be contained in the supplemental circular to enable the Shareholders to make their informed decisions at the AGM.

I. BACKGROUND

Reference is made to the announcement of the Company date 24 August 2012, in relation to the renewal of the Existing Continuing Connected Transactions. The Company has entered into and will continue to enter into the continuing connected transactions with Chinalco. Parties: Chinalco as lessor (for itself and on behalf of its subsidiaries)

The Company as lessee (for itself and on behalf of its subsidiaries)

Term: 50 years expiring on 30 June 2051

According to the opinions expressed upon the renewal of such continuing connected transactions in the letter issued by the independent financial advisor then engaged by the Company in December 2006, it is in the interests of the Company and the independent shareholders to have a longer lease term of the land to minimize the disruption of the Group's production and business operations arising from relocation. Given (i) the size of the leased land and the facilities erected thereon; and (ii) the resources to be expended in establishing new production plants and related facilities, such relocation is difficult and impracticable. The Directors are of the view that it is normal business practice for contracts of this type to be of such duration.

Properties: 470 pieces or parcels of land covering an aggregate area of approximately 61.22 million square meters, all of which are located in the PRC

Edgar Filing: ALUMINUM CORP OF CHINA LTD - Form 6-K

Price determination: The rent shall be negotiated every three years at a rate not higher than prevailing market rent as confirmed by an independent valuer

Payment term: Monthly payment

(f) Fixed Assets Lease Framework Agreement

Date: 28 April 2015

Parties: Chinalco as both lessor and lessee (for itself and on behalf of its subsidiaries)

The Company as both lessor and lessee (for itself and on behalf of its subsidiaries)

Term: Three years from 1 January 2016 to 31 December 2018

Fixed assets: Buildings, constructions, machinery, apparatus, transportation as well as equipment, appliance or tools and other fixed assets owned by either party in relation to the production and operation

Note: The previous expenditure transactions under the Buildings and Office Buildings Leases will be consolidated into the Fixed Assets Lease Framework Agreement.

Price determination: The rent shall be adjusted every two years and shall not be higher than prevailing market rent as confirmed by an independent valuer

Payment term: Monthly payment

Note:

1. The provision and supply of products and services under the Framework Agreement for Aluminum Products Fabrication Services and the Xinan Aluminum Mutual Provision of Products and Services Framework Agreement will be consolidated into the General Agreement on Mutual Provision of Production Supplies and Ancillary Services.
2. The previous expenditure transactions under the Buildings and Office Buildings Leases will be consolidated into the Fixed Lease Framework Agreement.

For the three financial years ending 31 December 2015, the actual amounts of all such Existing Continuing Connected Transactions were and are expected to be below the relevant annual caps, primarily due to:

- (i) Since 2008, the global financial crisis has been a huge impact on the non-ferrous metals markets, especially the aluminum industry. Following a slump in aluminum products price, certain enterprises under the Company had to limit and reduce production and clamp down capital investments of all kinds, resulting in a decrease in the amounts of continuing connected transactions between the Company

and Chinalco in terms of mutual provision of production supplies, engineering design, construction and supervisory services; and

- (ii) The Company reduces the volume and the amounts of connected transactions in relation to social and logistics services, land and properties by taking measures in respect of business integration, cost-reduction and loss-mitigation.

IV. PROPOSED ANNUAL CAPS FOR THE RENEWED CONTINUING CONNECTED TRANSACTIONS FOR THE THREE YEARS ENDING 31 DECEMBER 2018

Set out below are the proposed annual caps of the Renewed Continuing Connected Transactions for the three years ending 31 December 2018:

(f)	Fixed Assets Lease Framework Agreement (Counterparty: Chinalco)	100	100	100

Note:

1. Due to the similar natures of transactions, the previous expenditure and revenue transactions under the Xinan Aluminum Mutual Provision of Products and Services Framework Agreement and the previous expenditure transactions under the Framework Agreement for Aluminum Products Fabrication Services will be consolidated into the General Agreement on Mutual Provision of Production Supplies and Ancillary Services.
2. The previous expenditure transactions under the Buildings and Office Buildings Leases will be consolidated into the Fixed Assets Lease Framework Agreement.

The Directors consider that the proposed annual caps for the Renewed Continuing Connected Transactions are fair and reasonable. A specific analysis is set out as follows:

(a) Comprehensive Social and Logistics Services Agreement:

Each of the proposed annual caps for the expenditure transactions under the Comprehensive Social and Logistics Services Agreement of the three financial years ending on 31 December 2018 is RMB550 million, which is determined with reference to the historical transaction amount for the preceding two years ended 31 December 2014 and the expected actual transaction amount for the year ending 31 December 2015. The Company has considered the associated internal costs, labor costs and the trend of the commodity price for the three years ending 31 December 2018.

(b) General Agreement on Mutual Provision of Production Supplies and Ancillary Services:

The proposed annual caps for the expenditure transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services of the three financial years ending on 31 December 2018 are RMB5,900 million, RMB6,420 million and RMB6,950 million, respectively, representing a decrease of approximately 46% from those of the preceding three years. The proposed annual caps for the revenue transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services of the three financial years ending on 31 December 2018 are RMB14,100 million, RMB15,300 million and RMB16,400 million, respectively, representing approximately an increase of 2% from those of the preceding three years. The decrease in the annual caps for the expenditure transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services is mainly attributable to the reduction of the volume of the continuing connected transactions as a result of the Company's disposal of its entire equity interest in Chalco Ruimin, Chalco Southwest Aluminum and Chalco Southwest Cold Rolling to Chinalco in June 2013. The ongoing transactions between Chalco Ruimin, Chalco Southwest Aluminum and Chalco Southwest Cold Rolling with Chinalco, respectively, no longer constitute continuing connected transaction of the Company for the purpose of the Hong Kong Listing Rules.

(c) Mineral Supply Agreement:

Each of the proposed annual caps for the expenditure transactions under the Mineral Supply Agreement for each of the three financial years ending on 31 December 2018 is RMB360 million, representing approximately an increase of 9% from those of the preceding three years, primarily due to the potential increase in the procurement costs of mineral of the Company derived from the growing overall commodity prices and labor costs during the economic growth.

(d) Provision of Engineering, Construction and Supervisory Services Agreement:

The proposed annual caps for the expenditure transactions under the Provision of Engineering, Construction and Supervisory Services Agreement of the three financial years ending on 31 December 2018 are RMB6,500 million, RMB10,000 million and RMB10,000 million, respectively, representing a decrease of approximately 35% from those of the preceding three years. Such estimation is primarily based on the following considerations: (i) the Company will continue to cut down the capital expenditure projects; and (ii) the growing overall commodity prices and labor costs during the gradual recovery of the domestic economy.

(e) Land Use Rights Leasing Agreement:

Each of the proposed annual caps of leases under the Land Use Rights Leasing Agreement for each of the three financial years ending on 31

December 2018 is RMB1,200 million, representing an increase of approximately 9% from those of the preceding three years. Such estimation is mainly based on an expected gradual recovery and stable development of the domestic economy after 2015, and an expected year-on-year growth of approximately 10% in transaction amounts under the annual caps of the following three years, given a projected increase in relevant land expenses by the government authorities.

(f) Fixed Assets Lease Agreement:

Each of the proposed annual caps for the expenditure transactions under the Fixed Assets Lease Agreement for the three financial years ending on 31 December 2018 is RMB110 million, which are basically at par with the annual caps of the preceding three years. Each of the proposed annual caps for the revenue transactions under the Fixed Assets Lease Agreement for the three financial years ending on 31 December 2018 is RMB100 million. The proposed annual caps are determined with reference to the historical transaction amount for the preceding two years ended 31 December 2014 and the expected actual transaction amount for the year ending 31 December 2015, taking into account the rental of a number of fixed assets of the same standard and comparable conditions at the surrounding areas or in the similar industries.

V. REASONS FOR AND BENEFITS OF CONTINUATION OF THE CONTINUING CONNECTED TRANSACTIONS

Given the long-term relationship between the Group and Chinalco, the Company considers that it is in the Company's interests to renew the agreements relating to the Existing Continuing Connected Transactions and to continue with the Existing Continuing Connected Transactions for the following reasons: (1) the Company can acquire prompt and stable supply of products and services from Chinalco, thus lowering the operating risks and costs and facilitating the Company's routine management on production; (2) the Company can acquire engineering design, construction and supervisory services from Chinalco based on normal commercial terms, which are beneficial for the business development of the Group.

In respect of the Comprehensive Social and Logistics Services Agreement, the Mineral Supply Agreement, the Land Use Rights Leasing Agreement and the Fixed Assets Lease Framework Agreement, the Board (including independent non-executive Directors) considers that the proposed renewals are entered into (i) in the ordinary and usual course of business of the Group; (ii) on normal commercial terms; and (iii) on terms that are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

In respect of the General Agreement on Mutual Provision of Production Supplies and Ancillary Services and the Provision of Engineering, Construction and Supervisory Services Agreement, the Board (excluding independent non-executive Directors) considers that the proposed renewals

are entered into (i) in the ordinary and usual course of business of the Group; (ii) on normal commercial terms; and (iii) on terms that are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

VI. HONG KONG LISTING RULES IMPLICATIONS

As Chinalco is the controlling shareholder of the Company, directly and indirectly, holding approximately 41.33% of the issued share capital of the Company, Chinalco is a connected person of the Company under the Hong Kong Listing Rules.

As one or more of the applicable percentage ratios (as defined under Rule 14A.06 of the Hong Kong Listing Rules) in respect of (i) the expenditure and revenue transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services; and (ii) the expenditure transactions under the Provision of Engineering, Construction and Supervisory Services Agreement exceed 5%, the transactions contemplated thereunder are subject to reporting, announcement and independent shareholders' approval requirements under the Hong Kong Listing Rules.

As one or more of the applicable percentage ratios (as defined under Rule 14A.06 of the Hong Kong Listing Rules) in respect of (i) the expenditure transactions under the Comprehensive Social and Logistics Services Agreement, (ii) the expenditure transactions under the Mineral Supply Agreement, (iii) the expenditure transactions under the Land Use Rights Leasing Agreement, and (iv) the expenditure and revenue transactions under the Fixed Assets Lease Framework Agreement exceed 0.1% but are less than 5%, the transactions contemplated thereunder are subject to the reporting and announcement requirements and are exempt from the independent shareholders' approval requirements under the Hong Kong Listing Rules.

An AGM will be convened to approve (i) the expenditure and revenue transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services; and (ii) the expenditure transactions under the Provision of Engineering, Construction and Supervisory Services Agreement and the respective annual cap for each of the three years ending 31 December 2018. A circular containing, among others, the resolution in relation to the General Agreement on Mutual Provision of Production Supplies and Ancillary Services, the Provision of Engineering, Construction and Supervisory Services Agreement will be dispatched to the Shareholders on 11 May 2015. A supplemental circular containing, among others, (i) details of the General Agreement on Mutual Provision of Production Supplies and Ancillary Services, the Provision of Engineering, Construction and Supervisory Services Agreement and the respective annual caps; (ii) a letter of recommendation from the Independent Board Committee to the Independent Shareholders; and (iii) a letter of advice by an independent financial adviser to the Independent Board Committee and the Independent Shareholders, will be dispatched to

the Shareholders on or before 5 June 2015 as the Company requires additional time to prepare and finalize certain information to be contained in the supplemental circular to enable the Shareholders to make their informed decisions at the AGM.

As Mr. Ge Honglin, Mr. Luo Jianchuan and Mr. Liu Caiming hold management positions in Chinalco, the controlling shareholder of the Company, they have abstained from voting on the board resolution in respect of the Renewed Continuing Connected Transactions and the proposed annual caps. Save as the aforementioned, none of the Directors has material interest in the transactions and therefore no other Director has abstained from voting on such board resolution.
