Subsequent to December 18, 2002, the financial statements represent the consolidated results of the Company. During 2002, due to Morgan's ceasing operations, its financial results are treated as discontinued operations in the above data. On October 18, 2002, Morgan filed for bankruptcy and adopted the liquidation basis of accounting and the Company deconsolidated Morgan at that point.

Item 7. Management's Discussion and Analysis of Financial Condition and Plan of Operation.

Overview

The Company was incorporated in November 2001 as a wholly-owned subsidiary of Lynch Interactive Corporation ("Interactive") to serve as an acquisition vehicle. Initially, we received \$500,000 cash and 68.5% of The Morgan Group, Inc. (Morgan)'s equity interest and 80.8% of Morgan's voting interest. On January 24, 2002, Interactive spun off 2,820,051 shares of our common stock through a pro rata distribution ("Spin-Off") to its stockholders. Interactive retained 235,294 shares at the time of the spin-off.

A combination of industry dynamics, poor management decisions, and a surge in insurance costs crippled Morgan. On October 3, 2002 Morgan ceased operations when its liability insurance expired and it was unable to secure replacement insurance. On October 18, 2002, Morgan and two of its operating subsidiaries filed voluntary petitions under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Indiana, South Bend Division for the purpose of conducting an orderly liquidation of Morgan's assets.

As Morgan is in the process liquidation, in the accompanying financial statements the assets and liabilities and results of operations of Morgan have been reflected as a discontinued operation. In addition, the Company's management currently believes that it is very unlikely that the Company will realize any value from its equity ownership in Morgan. Given the fact that Holding has no obligation or intention to fund any of Morgan's liabilities, management believes that the Company's investment in Morgan will to have no value after the liquidation. As the liquidation of Morgan is under the control of the bankruptcy court, the Company believes it has relinquished control of Morgan and accordingly has ceased consolidating the financial statements of Morgan. As the Company's investment in Morgan was a negative of \$2,182,000 at the date of adoption of the plan of liquidation. This resulted in a gain to Holdings of that amount in 2002.

On October 18, 2002, Morgan adopted the liquidation basis of accounting and accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carry value of organ's liabilities exceeded the fair value of its assets, the liabilities were reduced to equal the estimated net realizable value of the assets.

As of December 31, 2003, the Company's only assets consisted of \$399,000 in cash and an unrecognized asset relating to capital loss carryforward of about \$4 million.

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-K

The Company currently has no operating businesses and will seek acquisitions as part of its strategic alternatives. Its only costs are the administrative expenses required to make the regulatory filings needed to maintain its public status. These costs are estimated at \$25,000 to \$75,000 per year.

Results of Operations

For the year ended December 31, 2003, the Company incurred administrative expenses of \$35,000 and \$64,000 of expenses were incurred during the year ended December 31, 2002. As the Company was formed in November 2001 and Lynch Interactive paid the expenses associated with the spin-off, no such expenses administration were incurred by the Company in the year ended December 31, 2001.

Investment income of \$3,000 and \$6,000 was recorded during the two years ended December 31, 2003 as a result of the Company's investment in a United States Treasury money market fund.

Morgan Group Holding Co.
Notes to Financial Statements

Note 1. Basis of Presentation

Morgan Group Holding Co. ("Holding" or "the Company") was incorporated in November 2001 as a wholly-owned subsidiary of Lynch Interactive Corporation ("Interactive") to serve, among other business purposes, as a holding company for Interactive's controlling interest in The Morgan Group, Inc. ("Morgan"). On December 18, 2001, Interactive's controlling interest in Morgan was transferred to Holding. At the time, Holding owned 68.5% of Morgan's equity interest and 80.8% of Morgan's voting interest. On January 24, 2002, Interactive spun off 2,820,051 shares of our common stock through a pro rata distribution ("Spin-Off") to its stockholders. Interactive retained 235,294 shares of our common stock to be distributed in connection with the potential conversion of a convertible note that had been issued by Interactive. Such note was repurchased by Interactive in 2002 and Interactive retains the shares.

On October 3, 2002, Morgan ceased its operations when its liability insurance expired and it was unable to secure replacement insurance. On

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-K

October 18, 2002, Morgan and two of its operating subsidiaries filed voluntary petitions under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Indiana, South Bend Division for the purpose of conducting an orderly liquidation of Morgan's assets.

As Morgan has ceased operations and is in the process liquidating itself, in the accompanying financial statements, the assets and liabilities and results of operations of Morgan have been reflected as a discontinued operation. In addition, Holding's management currently believes, it is very unlikely that it will realize any value from its equity ownership in Morgan, and given the fact that Holding has no obligation or intention to fund any of Morgan's liabilities, its investment in Morgan was believed to have no value after the liquidation. As the liquidation of Morgan is under the control of the bankruptcy court, the Company believes it has relinquished control of Morgan and accordingly, has ceased consolidating the financial statements of Morgan. As Holding's investment in Morgan was a negative \$2,182,000, at the date of adoption of the plan of liquidation, this resulted in a gain to Holding of that amount.

On October 18, 2002, Morgan adopted the liquidation basis of accounting and accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carry value of Morgan's liabilities exceeded the fair value of its assets, the liabilities were reduced to equal the estimated net realizable value of the assets.

The financial statements have been prepared using the historical basis of assets and liabilities and historical results of Interactive's interest in Morgan, which were contributed to the Company on December 18, 2001. However, the historical financial information presented herein reflects periods during which the Company did not operate as an independent public company and accordingly, certain assumptions were made in preparing such financial information. Such information, therefore, may not necessarily reflect the results of operations, financial condition or cash flows of the Company in the future or what they would have been had the Company been an independent public company during the reporting periods.

The financial statements represent combined financial statements through December 18, 2001 and include the accounts of Holding, Morgan and its subsidiaries. Subsequent to December 18, 2001, the financial statements represent the consolidated results of those entities. As noted above as of October 18, 2002, the Company deconsolidated the operations of Morgan. Significant intercompany accounts and transactions have been eliminated in combination/consolidation.

Net loss per common share ("EPS") is computed using the number of common shares issued in connection with the Spin-Off as if such shares had been outstanding for all periods presented.

All highly liquid investments with maturity of three months or less when purchased are considered to be cash equivalents. The carrying value of cash equivalents approximates its fair value based on its nature.

-11-

At December 31, 2003 and 2002 all cash and cash equivalents were invested in a United States Treasury money market fund, which an affiliate of the Company serves as the investment manager.

At December 31, 2003 and 2002, the carrying value of financial instruments such as cash and cash equivalents, accounts receivable, trade payables and long-term debt approximates their fair values. Fair value is determined

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-K

based on expected future cash flows, discounted at market interest rates, and other appropriate valuation methodologies.

The accompanying unaudited consolidated financial statements reflect, in the opinion of management, all adjustments (consisting of normal recurring items) necessary for a fair presentation, in all material respects, of the financial position and results of operations for the periods presented. The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions. Such estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The results of operations for the interim periods are not necessarily indicative of the results for the entire year.

The financial statements include the accounts of the Company and through October, 18, 2002, its majority owned subsidiary, Morgan. Morgan has the following subsidiaries: Morgan Drive Away, Inc., TDI, Inc., Interstate Indemnity Company, and Morgan Finance, Inc., all of which are wholly owned. Morgan Drive Away, Inc. has two subsidiaries, Transport Services Unlimited, Inc. and MDA Corp. Significant intercompany accounts and transactions have been eliminated in consolidation. During 2002, Morgan is treated as a discontinued operations and previously issued financial statements have been restated to reflect that presentation.

Note 2. Net assets of Discontinued Operation

At December 31, 2003 and 2002, the estimated value of Morgan's assets in liquidation were insufficient to satisfy its estimated obligations.

Note 3. Goodwill Impairment

On January 1, 2002, Morgan adopted Statement of Financial Accounting Standard No. 142, Goodwill and Other Intangible Assets (SFAS No. 142). This Standard eliminates goodwill amortization and requires an evaluation of goodwill for impairment (at the reporting unit level) upon adoption of the Standard, as well as subsequent evaluations on an annual basis, and more frequently if circumstances indicate a possible impairment. This impairment test is comprised of two steps. The initial step is designed to identify potential goodwill impairment by comparing an estimate of the fair value of the applicable reporting unit to its carrying value, including goodwill. If the carrying value exceeds fair value, a second step is performed, which compares the implied fair value of the applicable reporting unit's goodwill with the carrying amount of that goodwill, to measure the amount of goodwill impairment, if any. Upon adoption, Morgan performed the transitional impairment test which resulted in an impairment of \$2,290,000 which is classified as a cumulative effect of a change in accounting principle for the year ended December 31, 2002, as required by SFAS No. 142.

Note 4. Issuance of Non-transferable Warrants

On December 12, 2001, Morgan issued non-transferable warrants to purchase shares of common stock to the holders of Class A and Class B common stock. Each warrant entitled the holder to purchase one share of their same class of common stock at an exercise price of \$9.00 per share through the expiration date of December 12, 2006. The Class A warrants provided that the exercise price would be reduced to \$6.00 per share during a Reduction Period of at least 30 days during the five-year exercise period.

On February 19, 2002, Morgan's Board of Directors agreed to set the exercise price reduction period on the Class A warrants to begin on February 26, 2002 and to extend for 63 days, expiring on April 30, 2002 (the "Reduction Period"). Morgan's Board of Directors agreed to reduce the exercise price of the warrants to \$2.25 per share, instead of \$6.00 per share, during the Reduction Period. Morgan's Board of Directors reduced the exercise price to \$2.25 to give warrant holders the opportunity to purchase shares at a price in the range of recent trading prices of the Class A common stock. All other terms regarding the warrants, including the expiration date of the warrants, remain the same. As of the close of the temporary Reduction Period on April 30, 2002, Morgan received \$535,331 with the exercise of 237,925 warrants at \$2.25 each. The Company exercised 5,000 of its warrants. Subsequent to the exercise, the Company owned 64.2% of Morgan's equity interest and 77.6% of Morgan's voting ownership. Unexercised warrants remain outstanding and exercisable at \$9.00 each.

Note 5. Income Taxes

No income tax benefit has recorded in the accompanying financial statements, as the realization of such losses, for income tax purposes, is dependent upon the generation of future taxable income during the period when such losses would be deductible. Therefore, the recording of the deferred tax asset of \$1.5 million would be inconsistent with applicable accounting rules.

Note 6. Segment Reporting

As the results of operations of the Morgan Group are currently being accounted for as discontinued operation and the Holding currently have limited operations there is no Segment Reporting.

Note 7. Commitments and Contingencies

Holding has not guaranteed any of the obligations of Morgan and it has no further commitment or obligation to fund any creditors.

Compensation of Directors

The Company does not compensate its directors at the present time, although it may do so in the future. The Company does, however, indemnify directors pursuant to Delaware law and may reimburse them for certain out-of-pocket costs in connection with serving as directors.

Indemnification of Directors and Officers

Under Section 145 of the Delaware General Corporation Law, the Company has broad powers to indemnify its directors and officers against liabilities they may incur in such capacities. The Company's certificate of incorporation provides that its directors and officers shall be indemnified to the fullest extent permitted by the Delaware law. The certificate of incorporation also provides that the Company shall, to the fullest extent permitted by Delaware law, as amended from time to time, indemnify and advance expenses to each of its currently acting and former directors, officers, employees and agents.

Delaware law provides that a corporation may limit the liability of each director to the corporation or its stockholders for monetary damages except for

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-K

liability:

- o for any breach of the director's duty of loyalty to the corporation or its stockholders,
- o for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law,
- o in respect of certain unlawful dividend payments or stock redemptions or repurchases and
- o for any transaction which the director derives an improper personal benefit.

The Company's certificate of incorporation provides for the elimination and limitation of the personal liability of its directors for monetary damages to the fullest extent permitted by Delaware law. In addition, the certificate of incorporation provides that if Delaware law is amended to authorize the further elimination or limitation of the liability of a director, then the liability of our directors shall be eliminated or limited to the fullest extent permitted by Delaware law, as amended. The effect of this provision is to eliminate the Company's rights and its stockholders rights, through stockholders' derivative suits, to recover monetary damages against a director for breach of the fiduciary duty of care as a director, except in the situations described above. This provision does not limit or eliminate the Company's rights or its stockholders' rights to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director's duty of care.

-14-

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted for its directors, officers, and controlling persons, pursuant to the foregoing provisions, or otherwise, the Company has been advised that in the opinion of the Securities and Exchange Commission that this sort of indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is therefore unenforceable.

At present, there is no pending litigation or proceeding involving any of our directors, officers, employees or agents where indemnification will be required or permitted.

-15-

On December 18, 2001, Lynch Interactive Corporation made a capital contribution to us of \$500,000 and assigned to us a services agreement with The Morgan Group, Inc. pursuant to which The Morgan Group, Inc. agreed to pay \$100,000 per year for certain management services. The Morgan Group, Inc. has not made any payments under this agreement since the first quarter of 2001 and as a result of the bankruptcy and liquidation of its assets, the Company does not expect to recover any amounts due under such agreement.

Immediately after the spin-off, Lynch Interactive Corporation retained 235,294 shares of the Company's common stock, which it held as escrow agent for Cascade Investment LLC, the holder of an outstanding convertible promissory note issued by Lynch Interactive Corporation. In the event that Cascade Investment LLC converted all or a portion of the principal amount of that note into shares of Lynch Interactive Corporation common stock prior to December 10, 2004, Lynch Interactive Corporation would have transferred to Cascade Investment LLC a pro rata portion of those 235,294 shares of common stock, depending on how much of the principal amount of such note was converted, to Cascade Investment LLC. However, on November 29, 2002, Lynch Interactive repurchased the remaining outstanding principal amount such notes from Cascade Investment LLC and, as a

Edgar Filing: MORGAN GROUP HOLDING CO - Form 10-K

result, the 235,294 shares will be retained by Lynch Interactive Corporation. Lynch Interactive Corporation has advised the Company that it will sell or dispose of any shares of our common stock retained by it prior to the fifth anniversary of the spin-off.

Item 14. Principal Accountant Fees and Services.

The Company did not engage an independent auditor to audit its financial statements for the year ended December 31, 2003 and did not incur any audit fees, audit-related fees, tax fees or other fees.
