Item I. Nomination of Board of Directors

The Board of Directors has an Audit Committee and a Compensation and Stock Option Committee. The Board does not have a standing nominating committee or a charter with respect to the process for nominating directors for election to the Company's Board of Directors. The Company qualifies as a "controlled company" under American Stock Exchange ("AMEX") rules, as Joseph Feldschuh, M.D. controls more than 50% of the Company's voting power, as evidenced by the Company's ownership records. As a result, The Amex continued listing standards do not require the Company to have a nominating committee or a written charter.

Edgar Filing: DAXOR CORP - Form DEF 14A

Shareholders and members of the Company's Board submit nominees for election to the Company's Board of Directors to the entire Board for its consideration.

Item II. Election of Directors

Shareholders are being asked to elect an entire board of six directors to serve on the Board of Directors of Daxor Corporation to hold office until the next annual meeting or until their successors shall have been duly elected and shall have qualified. The proxies will vote all proxies received "FOR" the election as directors of the nominees listed below if no direction to the contrary is given. In the event that any nominee is unable to serve, the proxy solicited herewith may be voted, in the discretion of the proxies, for the election of another person in his stead. The Board of Directors knows of no reason to anticipate that this will occur.

The following table sets forth the name, age, current and past five years business experience, directorship, and positions held with the Company by each person nominated for election as director.
