#### Restricted Stock Units and Long Term Performance Stock Units

On November 4, 2014, the Compensation Committee (“Committee”) of the Company approved awards of PSUs and RSUs to the executive officers of the Company that are listed below pursuant to the Stock Incentive Plan.

Consistent with the Stock Incentive Plan, the Committee established a Performance Stock Unit Award program. The PSUs awarded to the executive officers under this program are measured and realized over a performance cycle covering three fiscal years. Each PSU represents the right to receive, if and to the extent designated performance goals covering the three-fiscal-year performance cycle are satisfied, a share of Company Common Stock following completion of the performance cycle. At the end of the performance cycle, PSUs will be distributed (if earned) in shares of Company Common Stock based upon the level of achievement of the financial performance target set for the performance cycle. If the Company fails to meet the threshold performance after three years, no PSUs will be earned and no payout of PSUs will be made with respect to the performance cycle. If the Company’s performance exceeds the target performance goals, the Named Executive Officer may receive additional PSUs above the target number, subject to a specified maximum contained in the award.

The RSUs awarded to the executive officers permit each of them to receive, on predetermined dates upon expiration of applicable restrictions, shares in an amount equal to a specified number of shares of Company Common Stock. The restrictions on the RSUs expire in equal annual installments on the first anniversary of the date of grant and thereafter on October 15, 2016, October 15, 2017 and October 15, 2018, unless earlier terminated in accordance with the Stock Incentive Plan.
