The Company's Certificate of Incorporation, as amended, provides that the Board of Directors shall be divided into three classes. CORPORATE GOVERNANCE

Meetings of the Board of Directors

The Board of Directors of the Company held four meetings during 2017. Each director attended at least 75% of the aggregate of all meetings of the Board of Directors and each committee each such director served on during 2017. All of the Company's directors are encouraged to attend the Company's Annual Meeting of Stockholders. All of the Company's directors were in attendance at the Company's 2017 Annual Meeting.

Independence, Diversity, Leadership Structure and Board Committees

Independence

The Company's Common Stock is listed on the NASDAQ Stock Market LLC, or Nasdaq, and Nasdaq's listing standards relating to director independence apply to the Company. The Board of Directors has determined that the following current directors are independent under applicable Nasdaq listing standards: Messrs. Croteau, Kozin, Oberdorf and Pierce, as well as Ms. Quinn and Ms. Feldmann. In making its independence determination with respect to Mr. Croteau, the Board of Directors determined that Mr. Croteau's position as the Chief Executive Officer of a customer of the Company, Vention Medical, Inc., which ended in March of 2017, did not impair his independence. All of the Company's transactions with Vention Medical were conducted on arm's length terms in the ordinary course of business, and the amount involved with the transactions represented less than 1% of the Company's revenues for each of the last two fiscal years. As of March 2017, Mr. Croteau was no longer employed by Vention Medical. The Board also determined that Mr. Croteau's current position as Chief Executive Officer of a customer of the Company, Surgical Specialties Corporation, also did not impair his independence. All of the Company's transactions with Surgical Specialties Corporation were conducted on arm's length terms in the ordinary course of business, and the amount involved with the transactions was less than \$10,000, which represented less than 0.01% of the Company's revenues for each of the last two fiscal years.

Diversity

The Company strives to have the members of its Board of Directors possess a diverse set of skills and background so as to best provide guidance to the management team and oversight to the Company. While the Nominating Committee does not have a formal policy in this regard, the Nominating Committee views diversity broadly to include a diversity of experience, skills and viewpoint, as well as diversity of gender and race. The Nominating Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective

nominees. Skills sought include financial, capital markets, manufacturing, engineering, executive leadership, sales and marketing, organizational growth, human resources and strategic planning. The Company believes that it has a minimum of one director for each of these skills.

Leadership Structure

As noted above, our Board of Directors is currently comprised of seven directors, six of whom are independent under applicable standards.

Mr. Bailly has served as Chief Executive Officer and member of the Board since January 1, 1995. He has served as Chairman of the Board since 2006.

We recognize that different board leadership structures may be appropriate for companies in different situations and believe that no one structure is suitable for all companies. We believe our current board leadership structure is optimal for us because it demonstrates to our employees, suppliers, customers, and other stakeholders that the Company is under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. Having a single leader for both the Company and the Board of Directors eliminates the potential for confusion or duplication of efforts, and provides clear leadership for the Company.

Because the positions of Chairman of the Board and Chief Executive Officer are held by the same person, the Board also believes it is appropriate for the independent directors to elect one independent director to serve as a Lead Independent Director. In addition to presiding at executive sessions of independent directors, the Lead Independent Director has the responsibility to: (1) coordinate with the Chairman of the Board and Chief Executive Officer in establishing the agenda and topic items for Board meetings; (2) retain independent advisors on behalf of the Board as the Board may determine is necessary or appropriate; and (3) perform such other functions as the independent directors may designate from time to time. Mr. Kozin currently serves as the Lead Independent Director, a position he has held since January 2015.

Our overall leadership structure consists of a single individual serving as Chief Executive Officer and Chairman of the Board, with independent and experienced directors making up the majority of our Board and independent oversight provided by our Lead Independent Director. We believe that this structure benefits the Company and its stockholders.

Risk Oversight

Our Board of Directors is responsible for overseeing the Company's risk management process. The Board focuses on the Company's general risk management strategy, the most significant risks facing the Company, and ensures that appropriate risk mitigation strategies are implemented by management. The Board is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters.

The Board of Directors has delegated to the Audit Committee oversight of certain aspects of the Company's risk management process. Among its duties, the Audit Committee reviews with management (a) the Company's policies with respect to risk assessment and risk management as well as the Company's significant areas of financial risk exposure and (b) the Company's system of disclosure controls and procedures and system of internal controls over financial reporting. Our Compensation Committee also considers and addresses risk as it performs its committee responsibilities. Both committees report to the full Board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

The Company's management is responsible for day-to-day risk management. Our Treasury, Finance, and Internal Audit functions serve as the primary monitoring and testing function for company-wide policies and procedures, and manage the day-to-day oversight of the risk management strategy for the ongoing business. This oversight includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, and compliance and reporting levels.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks we face and our Board leadership structure supports this approach.

Code of Ethics

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the Company has adopted a Code of Ethics for Senior Financial Officers that applies to the Company's principal executive officer, principal financial officer, principal accounting officer, controller, and other persons performing similar functions. The Company also has a Code of Business Conduct and Ethics that is applicable to all directors, officers and employees of the Company. The Company requires all of its directors, officers and employees to adhere to this code in addressing legal and ethical issues that

they encounter in the course of doing their work. This code requires our directors, officers, and employees to avoid conflicts of interest, comply with all laws and regulations, conduct business in an honest and ethical manner and otherwise act with integrity. The Code of Ethics for Senior Financial Officers, as amended, is available at the Company's website, www.ufpt.com/investors/governance.html as an attachment to the Company's Code of Business Conduct and Ethics. We intend to satisfy the disclosure requirement under Item 5.05 of Current Report on Form 8-K regarding an amendment to, or waiver from, a provision of this code by posting such information on our website, at the address specified above.

Nominating Committee

The Board of Directors has a Nominating Committee, which met on one occasion in 2017, and is currently composed of Messrs. Kozin, Oberdorf, Croteau and Pierce, as well as Ms. Quinn and Ms. Feldmann, each of whom is an independent director under applicable Nasdaq standards. Mr. Kozin serves as Chair. Director nominees are selected by the Nominating Committee. The Nominating Committee operates pursuant to a written charter (the "Nominating Committee Charter") that was adopted by the Board of Directors and that complies with applicable Nasdaq listing standards. The Nominating Committee Charter is available at the Company's website, www.ufpt.com/investors/governance.html. The Nominating Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating Committee may consider all factors it deems relevant, such as a candidate's independence, character, ability to exercise sound judgment, diversity, age, demonstrated leadership, skills, including financial literacy and experience in the context of the needs of the Board, and concern for the long-term interests of the stockholders. The Nominating Committee does not assign any particular weight or importance to any one of these factors but rather considers them as a whole. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to recommend a candidate for election as a director at the 2018 Annual Meeting of Stockholders, it must follow the procedures described in "Stockholder Proposals and Nominations for Director" below.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Introduction and Scope

This Compensation Discussion and Analysis (“CD&A”) is intended to provide a context for the disclosures contained in this Proxy Statement with respect to our “named executive officers.” Our named executive officers are determined in accordance with SEC rules. Under such rules, our named executive officers for fiscal 2017 were Messrs. R. Jeffrey Bailly, Ronald J. Lataille, Mitchell C. Rock, William David Smith and Daniel J. Shaw, Jr. The 2017 compensation of our named executive officers is detailed in the tables that follow this CD&A.

The Company’s compensation programs are determined by the Compensation Committee of the Board of Directors, which has the ongoing responsibility for establishing, implementing, and monitoring the Company’s executive compensation programs. The Compensation Committee operates in accordance with the Compensation Committee Charter that was adopted by the Board of Directors and that complies with applicable Nasdaq listing standards. The Compensation Committee Charter is available at the Company’s website, www.ufpt.com/investors/governance.html.

Executive Summary

Using foams, plastics, composites and natural fiber, we design and manufacture a vast range of solutions primarily for the medical, automotive, electronics, consumer, industrial and aerospace and defense markets. Our industry is fragmented across numerous competing entities. Our ability to compete effectively depends to a large extent on our ability to identify, recruit, develop and retain key management personnel. We believe this requires a competitive compensation structure as compared to other companies of a similar size in the same or similar industries.

The compensation programs for our named executive officers are designed to align compensation objectives with our business strategies and to encourage our executives to focus on creating stockholder value. While it is critical that our compensation programs allow for the recruitment and retention of highly qualified executives, it is also important that these programs are variable in nature such that performance is a key factor in realizing value. Accordingly, our programs combine competitive base salaries with annual cash incentives and long-term equity incentives. Specifically, we structure our named executive officer compensation to include:

- Competitive base salary;
- Stock grant (Chief Executive Officer only);
- Performance-based cash incentive bonus;
- Performance-based long-term incentive in the form of time-based vesting restricted stock awards; and
- Other common perquisites.

The compensation programs for the named executive officers provide equity incentives for a fixed dollar value with the number of shares being variable. The intent of this approach is to limit the amount of compensation variability resulting solely from fluctuations in the Company's stock price while still providing variability in pay based upon the achievement of financial and individual objectives.

The following policies and practices have also been adopted by the Compensation Committee and/or the full Board of Directors to promote good corporate governance:

- **No Tax Gross-ups**—the Company does not provide tax gross-ups to its named executive officers.

Anti-Hedging Policy—the Company established a policy prohibiting insider trading practices including the hedging of the Company's stock by executive officers and directors.

No Repricing of Stock Options—the Company's equity incentive plans prohibit the repricing of stock options or other equity awards without the consent of our stockholders.

Buyouts of Underwater Options—the Company’s equity incentive plans prohibit the Company from buying out underwater stock options from executive officers.

Stock Ownership Guidelines—The Company has adopted stock ownership guidelines for the named executive officers and independent directors that are described in more detail below.

- **Clawback Policy**—The Company has adopted a clawback policy that is described in more detail below.

Independent Compensation Committee—the Company’s Compensation Committee is comprised exclusively of independent directors.

Independent Consultants—the independent consultants who provided benchmarking data with respect to the named executive officers do not provide services to the Company other than at the direction of the Compensation Committee.

Philosophy and Objectives of the Company’s Compensation Programs

The primary objectives of our compensation programs are to:

• Retain executive talent by offering compensation that is commensurate with pay at other companies of a similar size in similar industries, as adjusted for individual factors, and considering the complexity of the Company’s business;

- Safeguard the interests of the Company and the Company’s stockholders;

• Drive executive performance by having certain components of pay at risk and/or tied to Company and individual goal performance;

- Be fair to employees, management and stockholders; and
- Be well communicated and understood by program participants and stockholders.

The Compensation Committee believes that the most effective compensation program is one that provides a reasonable level of fixed income through competitive base salaries, equity grants and retirement benefits as well as additional rewards for achieving performance targets. The Compensation Committee also believes that these rewards should be in the form of both cash and non-cash, and have some component subject to time-based vesting as a retention measure. Incentive cash bonuses are included to drive executive performance by having pay at risk so that a

significant portion of potential annual cash compensation is tied to profitability targets. We also include performance-based restricted stock awards with a time-based vesting component as a significant element of prospective executive compensation so that the value of a portion of an executive's compensation is dependent upon both company-wide performance measures and continued employment.

The Company's Decision-Making Process

The Role of the Compensation Committee—The Compensation Committee oversees the compensation and benefit programs for the named executive officers. The Compensation Committee is comprised solely of independent directors of the Board. The Compensation Committee works closely with management to examine the effectiveness of the Company's executive compensation program. Details of the Compensation Committee's authority and responsibilities are specified in the Compensation Committee Charter, which is available at the Company's website, www.ufpt.com/investors/governance.html.

The Role of Management—The Chief Executive Officer also makes recommendations to the Compensation Committee about the compensation of the Company's other named executive officers. The Compensation Committee considers the Chief Executive Officer's recommendations before making a final determination of the compensation programs for the named executive officers. The Chief Executive Officer and the other named executive officers may not be present during voting or deliberations on his or her compensation.

Use of Compensation Consultants—In 2013 , the Compensation Committee engaged Radford, a national compensation consulting firm (“Radford”), to perform an updated comprehensive comparative market study of the compensation programs offered to peer company executives and directors. The Compensation Committee used this information to evaluate and adjust executive and director compensation for fiscal 2017 and anticipates engaging an independent compensation consultant within the next year to update compensation benchmarking data. The competitive assessment done by Radford included a survey of the following 16 companies:

- American Pacific
- CECO Environmental
- Chase Corporation
- Core Molding Technologies
- Culp
- Dynamic Materials
- Hurco Companies
- Key Technology
- Landec
- Material Sciences
- Met-Pro
- Omega Flex
- Rochester Medical
- Synergetics USA
- The Eastern Company
- Zoltek Companies

Principal Elements of the 2017 Compensation Program

There were five principal elements of compensation for the named executive officers during fiscal 2017:

- Base salary;
- Stock grant (Chief Executive Officer only);
- Performance-based cash incentive bonus;
- Performance-based long-term incentive in the form of time-based vesting restricted stock awards; and
- Other common perquisites.

Base Salary—The base salaries established by the Compensation Committee for our named executive officers for fiscal 2017 are set forth below.

Named Executive Officer	Annual Base Salary (\$)
R. Jeffrey Bailly	\$485,000
Ronald J. Lataille	\$280,000
Mitchell C. Rock	\$255,000
William David Smith	\$255,000
Daniel J. Shaw, Jr.	\$195,000

Base salaries were reviewed by the Compensation Committee in light of the market competitive assessment done by Radford in 2013. The base salaries are also reviewed by the Compensation Committee annually and, if appropriate, are adjusted.

Stock Grant—for the past several years, including fiscal 2017, the Company has granted to Mr. Bailly, its Chief Executive Officer, an award of Common Stock as a component of his overall compensation. The objective of this equity component is to greater align the Chief Executive Officer’s interests with those of the Company’s stockholders. The stock is typically issued to the Chief Executive Officer in the last week of the fiscal year, assuming the Chief Executive Officer remains employed by the Company on that date. In 2017, consistent with the terms of his employment agreement, the Chief Executive Officer was granted shares valued at \$400,000. See “Employment Contract” below.

Cash Incentive Bonus—in the beginning of each fiscal year, following approval by the Board of Directors of the Company’s strategic plan and budget, the Compensation Committee establishes, at its discretion, performance targets for the named executive officers’ cash incentive bonus. This performance-based cash bonus is based on the achievement of a combination of financial and individual objectives. Targeted payout levels were expressed as a percentage of base salary and established for each participant. An individual’s bonus components were determined by such individual’s title and/or role. Typically, the financial performance portion of the bonus fluctuates up and down based upon a degree by which the Company’s actual results fall short of or exceed the financial objective.

For 2017, the financial objectives were based upon targeted Adjusted Operating Income of \$11,550,000. Adjusted Operating Income is operating income as adjusted to disregard (i) non-recurring restructuring charges related to plant closings and consolidations and (ii) the impact of acquired or disposed of operations during the fiscal year ended December 31, 2017. Actual Adjusted Operating Income was \$12,022,000 for 2017, which reflects adjustments for one-time unbudgeted reductions of operating income associated with the consolidation of the Company’s northeast operations into a newly acquired building in Newburyport, Massachusetts and the plant closure in Georgia.

Individual bonus objectives for the named executive officers, other than Mr. Bailly, were designed to reward the achievement of goals related to, among other things, the following: regulatory compliance, improved internal controls, achievement of sales targets from both new and base business, acquisition execution, job costing, continuous improvement initiatives, improved employee engagement, research and development, enhanced manufacturing capabilities, and investor relations. Individual bonus objectives for Mr. Bailly were designed to reward the achievement of goals related to strategic planning, acquisitions, revenue growth from new customers and new parts, margin improvement and succession planning.

For 2017, the following cash incentive bonuses were awarded by the Compensation Committee based upon the Company's financial performance as well as the targeted payout levels and individual performance measures for each named executive officer:

R. Jeffrey Bailly—Mr. Bailly's targeted payout level was 83.5% of base salary, or \$405,000, with \$240,000 tied to the Company's financial performance and \$165,000 tied to individual goals. The financial component of the incentive bonus for Mr. Bailly fluctuates by 10% of the amount by which the actual Adjusted Operating Income exceeds the targeted Adjusted Operating Income, with a maximum bonus of \$500,000. To the extent that actual Adjusted Operating Income is less than 80% of targeted Adjusted Operating Income, the financial component of Mr. Bailly's incentive bonus is zero. To the extent that actual Adjusted Operating Income equals or exceeds 80% of targeted Adjusted Operating Income but is less than targeted Adjusted Operating Income, the financial component of Mr. Bailly's incentive bonus is determined as \$120,000 (half of the targeted bonus) plus 5.19% of the amount by which actual Adjusted Operating Income exceeds 80% of targeted Adjusted Operating Income. Based upon the Company's financial performance as well as an assessment of his performance for fiscal 2017, Mr. Bailly was awarded a total bonus amount of \$450,950.

Ronald J. Lataille—Mr. Lataille's targeted payout level was 40% of base salary, or \$114,000. Based upon the Company's financial performance as well as an assessment of his performance for fiscal 2017, Mr. Lataille was awarded a total bonus amount of \$116,000.

Mitchell C. Rock—Mr. Rock's targeted payout level was 40% of base salary, or \$102,000. Based upon the Company's financial performance as well as an assessment of his performance for fiscal 2017, Mr. Rock was awarded a total bonus amount of \$103,000.

William David Smith—Mr. Smith's targeted payout level was 40% of base salary, or \$102,000. Based upon the Company's financial performance as well as an assessment of his performance for fiscal 2017, Mr. Smith was awarded a total bonus amount of \$98,000.

Daniel J. Shaw, Jr.—Mr. Shaw’s targeted payout level was 40% of base salary, or \$78,000. Based upon the Company’s financial performance as well as an assessment of his performance for fiscal 2017, Mr. Shaw was awarded a total bonus amount of \$77,000.

Long-term Incentives—it is the philosophy of the Company and the Compensation Committee to provide executives with long-term incentives and, thus, align their financial interests with those of the Company’s stockholders. The Company maintains a stock unit award program for the named executive officers under the 2003 Incentive Plan. The stock unit awards represent a right to receive shares of the Company’s Common Stock in varying amounts based on the achievement of certain financial performance objectives by the Company and time-based vesting requirements. For 2017, the following stock unit awards were approved by our Compensation Committee for grant to our named executive officers:

	Threshold(1)(2)		Target Adjusted Operating Income of \$11,550,000(1)(2)		Exceptional Adjusted Operating Income of \$13,282,500(1)(2)	
	Number of	Grant Date	Number of	Grant Date	Number of	Grant Date
	shares	Value	shares	Value	shares	Value
R. Jeffrey Bailly	6,072	\$150,000	3,036	\$75,000	3,036	\$75,000
Ronald J. Lataille	2,530	\$62,500	1,265	\$31,250	1,265	\$31,250
Mitchell C. Rock	2,530	\$62,500	1,265	\$31,250	1,265	\$31,250
William David Smith	2,530	\$62,500	1,265	\$31,250	1,265	\$31,250
Daniel J. Shaw, Jr.	1,518	\$37,500	759	\$18,750	759	\$18,750

The “Threshold” stock unit awards are subject to time vesting only. The “Target” and “Maximum” stock unit awards are also subject to financial performance objectives, established by the Compensation Committee as the achievement of 100% and 115%, respectively, of the Company’s targeted Adjusted Operating Income for fiscal 2017 of \$11,550,000. Based upon the Company’s achievement of \$12,022,000 in actual Adjusted Operating Income for its 2017 fiscal year, the Compensation Committee determined that the Target goal had been fully achieved and the Maximum goal had been partially achieved. Accordingly, each named executive officer earned the number of stock unit awards set forth next to his name in the “Threshold” and “Target” columns above and 27% of the stock unit awards set forth next to his name in the “Exceptional” column.

One-third of these awards vest on March 1, 2019, one-third of these awards vest on March 1, 2020 and one-third of these awards vest on March 1, 2021, provided that the recipient remains continuously employed by the Company through each such vesting date (except as set forth below) and the corresponding financial performance requirements are met. Except in the case of Mr. Bailly, any unvested stock unit awards shall terminate upon the cessation of a recipient’s employment with the Company. With respect to Mr. Bailly, in the event of a cessation of employment by the Company without Cause or by Mr. Bailly for Good Reason (as such terms are defined in his stock unit award agreement), all earned but unvested stock unit awards shall become immediately exercisable, regardless of such cessation of employment. In the event of a Change in Control of the Company (as defined in the stock unit award agreement evidencing the award) all earned but unvested stock unit awards held by each of the named executive officers shall become fully vested immediately prior to the effective date of such Change in Control.

Other Practices, Policies & Guidelines

Stock Ownership Guidelines—the Company has adopted stock ownership guidelines for the named executive officers and independent directors. Under our stock ownership guidelines the Board has established a goal that (i) within five years after joining the Board or five years from the date of adoption of the guidelines, whichever is later, each non-employee director beneficially own Company stock valued at three times his or her annual base cash retainer fee, (ii) within five years after being appointed to his or her position or five years from the date of adoption of the guidelines, whichever is later, the Chief Executive Officer beneficially own Company stock valued at three times his or her base salary, and (iii) within five years after being appointed to his or her position or five years from the date of adoption of the guidelines, whichever is later, the other named executive officers beneficially own Company stock valued at one times his or her base salary.

Clawback Policy—the Company has adopted a policy that if the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, within the meaning of Section 304 of the Sarbanes-Oxley Act of 2002, the Company’s Chief Executive Officer and Chief Financial Officer shall reimburse the Company for any incentive bonus, or other incentive award or any equity award or profit earned from the sale of Company securities, during the twelve-month period in which the financial statements applied.

Deferred Compensation Plan—in 2006, the Company implemented the UFP Technologies Executive Nonqualified Excess Plan (the “Deferred Compensation Plan”). Under the Deferred Compensation Plan, named executive officers and other key employees are eligible to defer up to 90% of base salary and 100% of bonus and/or commissions into the plan. Investments of the deferrals are directed by the participants and returns on the deferrals are determined accordingly. Employer contributions into the Deferred Compensation Plan are discretionary and determined by the Compensation Committee. No employer contributions were made in 2017.

Supplemental Disability Insurance—named executive officers receive long-term disability insurance coverage to supplement the Company’s group long-term disability plan. The objective is to provide named executive officers with sufficient coverage to replace a significant portion of their wages in the event of disability. The premiums are paid for by the Company and amounted to approximately \$23,547 in the aggregate for all named executive officers in 2017.

Profit Sharing/401(k) Plan—all employees, including named executive officers, who meet certain criteria are eligible to participate in the UFP Technologies, Inc. 401(k) Plan (the “401(k) Plan”). Participants in the 401(k) Plan can defer up to 20% of their gross compensation, subject to IRS limitations, on a pre-tax basis. The Company matches employee deferrals at a discretionary rate, which was 50% of employee deferrals up to a maximum of 2% of an employee’s gross wages in 2017. In addition, the Company may make an additional discretionary profit sharing contribution which was approximately 1.2% of gross qualifying wages in 2017. No employee deferrals are required to receive an allocated portion of the profit sharing contribution.

Perquisites—the Company provides welfare benefits to its named executive officers with officer contributions consistent with contributions to other UFP employees. The Chief Executive Officer is also eligible for additional perquisites including club and marina fees, life insurance and Company paid tax preparation fees. These Chief Executive Officer perquisites are offered principally to facilitate the Chief Executive Officer's role as a Company representative within the community, and to entertain customers.

Policy on Equity-Based Award Timing and Pricing

The Company's Board of Directors adopted a policy whereby equity-based awards are only to be granted by majority vote of members of the Compensation Committee at a committee meeting. The Company's 2003 Incentive Plan establishes fair market value as the closing price on the date of grant of any equity security, including stock options, granted pursuant to such plan.

Tax Considerations

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals, unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m), as applicable. The Company believes that compensation paid under the management incentive plans was fully deductible for federal income tax purposes for 2017. In this regard, for 2017, no named executive officer received compensation in excess of the limits imposed by Section 162(m) and, therefore, the Company believes that all executive compensation is deductible for federal income tax purposes. On December 22, 2017 the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act"). The Tax Act also established new tax laws that will affect 2018, including imposing limitations on the deductibility of certain executive compensation under 162(m). A portion of the compensation earned by Mr. Bailly in 2018 is expected to exceed the limits imposed by Section 162(m) and the Tax Act and, therefore, will not be fully deductible for federal income tax purposes.

Stockholder Advisory Vote on Executive Compensation

In reviewing our 2017 compensation decisions and policies, we considered the results of our stockholders' advisory vote to approve executive compensation, which was conducted at our 2017 annual meeting of stockholders last June. In the proxy statement provided to stockholders in connection with our 2017 annual meeting, the Company's Board of Directors recommended that stockholders vote in favor of this proposal. The affirmative vote of a majority of the votes cast by the stockholders entitled to vote on this proposal at the 2017 annual meeting was required for advisory approval of this proposal. Over 76% of such shares were voted to approve, on an advisory basis, our executive compensation. We considered this vote as supportive of our compensation decisions and policies.

Report of the Compensation Committee

The Compensation Committee of the Board of Directors of the Company has reviewed and discussed the foregoing Compensation Discussion and Analysis with management of the Company and, based on such review and discussion, the Compensation Committee has recommend to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

On February 21, 2018, the Compensation Committee approved increases in the base salaries of Messrs. Bailly, (1)Lataille, Rock, Smith and Shaw to \$500,000, \$290,000, \$265,000, \$265,000, and \$200,000, respectively, effective January 1, 2018.

(2)The amounts included in the “Stock Awards” column represent the grant date fair value of stock unit awards granted to the named executive officers. Amounts shown do not reflect compensation actually received by the named executive officer nor does it necessarily reflect the actual value that will be recognized by the named executive officer. Instead, the amount shown is the grant date fair value of restricted stock granted to the named executive officer computed in accordance with FASB ASC, Topic 718, Compensation—Stock Compensation. The assumptions

used to calculate the value of restricted stock awards are set forth under Note 1(l)—Share-Based Compensation, to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017. The grant date fair value is based upon the probable outcome of the performance conditions applicable to each award. Assuming the maximum share payout, which is earned when performance is at or above 115% of targeted Adjusted Operating Income, the grant date fair value of all stock awards granted to each named executive officer would be as follows: for Mr. Bailly, \$300,000; for Mr. Lataille, \$125,000; for Mr. Rock, \$125,000; for Mr. Smith, \$125,000, and for Mr. Shaw, \$75,000. In the case of Mr. Bailly, the amount also includes a grant of 14,519 shares of Common Stock issued on December 19, 2017 at the closing price of \$27.55 on that date with a grant date fair value of \$400,000.

- (3) Represents performance-based incentive bonuses earned in 2015, 2016 and 2017 that were paid in March 2016, 2017 and 2018, respectively.

- Represents Company payments for (i) club and marina fees and tax preparation services for Mr. Bailly in 2017 and (4)(ii) car allowances, supplemental disability premiums and 401(k) contributions for each of the named executive officers in 2017 and life insurance premiums paid by the Company for Mr. Bailly in the amount of \$54,000.

Employment Contract

On October 8, 2007, the Company entered into an employment agreement with Mr. Bailly, the Company's President and Chief Executive Officer and the Chairman of the Company's Board of Directors. The employment agreement is terminable by either party at any time, as provided below. On March 2, 2011 the Company and Mr. Bailly executed an amendment to the employment agreement. Pursuant to the terms of the amendment, effective January 1, 2012, Mr. Bailly's annual salary increased from not less than \$300,000 to not less than \$350,000, and the Annual Stock Grant Award (as defined below) changed from 25,000 shares of the Company's Common Stock to \$300,000 worth of shares of the Company's Common Stock. On February 18, 2013 the Company and Mr. Bailly executed another amendment to the employment agreement. Pursuant to the terms of the amendment, effective January 1, 2013, Mr. Bailly's annual salary increased from not less than \$350,000 to not less than \$450,000, and the Annual Stock Grant Award changed from \$300,000 worth of shares of the Company's Common Stock to \$400,000 worth of shares of the Company's Common Stock. The amendment also eliminated the income tax gross-up on the Annual Stock Grant Award contemplated by the original employment agreement.

As amended, the employment agreement provides that Mr. Bailly will receive a minimum annual salary of \$450,000 and consideration for discretionary bonuses. Pursuant to the agreement, Mr. Bailly will receive an annual stock grant award (the "Annual Stock Grant Award") on or about January 1 of each year entitling him to receive on or before December 31 (the "Issue Date") of each year an aggregate of \$400,000 worth of shares of the Company's Common Stock, provided that Mr. Bailly remains employed with the Company through the Issue Date of each such year. Annual Stock Grant Awards are to be made under the Company's 2003 Incentive Plan.

Mr. Bailly's employment agreement prohibits him from competing with the Company for a period of eighteen months following the termination of his employment for any reason. The employment agreement provides Mr. Bailly with certain other benefits, including the opportunity to participate in the Company's stock option plans, insurance plans and other employment benefits as may be generally available to senior executives of the Company, as well as for the direct payment or reimbursement of tax preparation fees, a car allowance, certain dues and fees relating to club memberships and other fringe benefits.

Under the terms of his employment agreement, if (i) Mr. Bailly's employment with the Company is terminated by the Company without Cause (as defined in the agreement), (ii) Mr. Bailly terminates his employment with the Company for Good Reason (as defined in the agreement), or (iii) Mr. Bailly voluntarily terminates his employment within six months of a Change in Control (as defined in the agreement) of the Company, then the Company is required to pay Mr. Bailly a lump sum amount equal to three times his average annual compensation for the two years preceding such termination. The employment agreement defines "average annual compensation" as including aggregate base salary, the Annual Stock Grant Award, and bonus compensation earned in such years. However, any termination payment to Mr. Bailly shall be limited to an amount that would not result in the imposition of an excise tax or denial of a tax deduction for the Company under the tax code's golden parachute rules. The agreement also provides that in the event of (i) a Change in Control of the Company or (ii) termination of Mr. Bailly's employment by the Company without Cause, or by Mr. Bailly for Good Reason, then (x) any shares in the Annual Stock Grant Award not issued to Mr. Bailly to which he would otherwise be entitled as of the next Issue Date following such Change in Control or such

termination will be immediately issued to him and (y) any of Mr. Bailly's other earned but unvested Stock Rights (as defined in the employment agreement) will immediately vest in full. If Mr. Bailly's employment with the Company is terminated by the Company without Cause, or if Mr. Bailly terminates his employment with the Company for Good Reason, the Company will continue to pay Mr. Bailly's health insurance for up to thirty-six months.

Instead, the amount shown is the grant date fair value of restricted stock and stock options granted to the named executive officer computed in accordance with FASB ASC, Topic 718, Compensation—Stock Compensation. The assumptions used to calculate the value of restricted stock awards and stock options are set forth under Note 1(I)—Share-Based Compensation, to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Reflects grants of stock unit awards to the named executive officers pursuant to the Company's 2003 Incentive Plan. These stock unit awards are subject to a (i) time-based vesting requirement and (ii) Company financial performance objectives, which are discussed in footnote 3 below and above under "Compensation Discussion and Analysis." One-third of these awards vest on March 1, 2019, one-third of these awards vest on March 1, 2020 and one-third of these awards vest on March 1, 2021, provided that the recipient remains continuously employed by the Company through each such vesting date and the corresponding financial performance requirement is met. Recipients of the stock unit awards will have no rights as stockholders of the Company, including, without limitation, the right to vote or to receive dividends, until and to the extent such stock unit awards have vested and (2) the issuance of the shares of Common Stock in respect of the stock unit awards has been appropriately evidenced. Except in the case of Mr. Bailly, any unvested stock unit awards shall terminate upon the cessation of a recipient's employment with the Company. With respect to Mr. Bailly, in the event of a cessation of employment by the Company without Cause or by Mr. Bailly for Good Reason (as such terms are defined in his stock unit award agreement), all earned but unvested stock unit awards shall become immediately exercisable, regardless of such cessation of employment. In the event of a change in control of the Company (as defined in the stock unit award agreement evidencing the award) on or after January 1, 2018, all earned but unvested stock unit awards held by each of the named executive officers shall become fully vested immediately prior to the effective date of such change in control.

The "Threshold" stock unit awards are subject to time vesting only. The "Target" and "Maximum" stock unit awards are also subject to financial performance objectives, established by the Compensation Committee as the achievement of 100% and 115%, respectively, of the Company's targeted Adjusted Operating Income for fiscal 2017 of \$11,550,000. Based upon the Company's achievement of \$12,022,000 in actual Adjusted Operating Income for its (3) 2017 fiscal year, the Compensation Committee determined that the Target goal had been achieved and 27% of the Maximum goal had been achieved. Accordingly, each named executive officer earned the number of stock unit awards set forth next to his name in the "Threshold" and "Target" columns above and 27% of the number of stock unit awards set forth next to his name in the "Exceptional" column above.

In accordance with the terms of Mr. Bailly's employment agreement, these shares were granted to Mr. Bailly by the Compensation Committee on February 21, 2017 and issued on December 17, 2017, valued at \$27.55 per share, the (4) closing price of the Common Stock on the date of issuance. The grant was for a fixed dollar amount of \$400,000, with the number of shares to be determined on the date of issuance based upon the closing price on that date.

Potential Payments upon Termination or Change of Control and Severance Plans

Mr. Bailly may be entitled to payment upon his termination or upon a change of control of the Company, as described above under “Employment Contract.” Under the terms of his employment agreement, if (i) Mr. Bailly’s employment with the Company is terminated by the Company without Cause (as defined in the agreement), (ii) Mr. Bailly terminates his employment with the Company for Good Reason (as defined in the agreement), or (iii) Mr. Bailly voluntarily terminates his employment within six months of a Change in Control (as defined in the agreement) of the Company, then the Company is required to pay Mr. Bailly a lump sum amount equal to three times his average annual compensation for the two years preceding such termination. The employment agreement defines “average annual compensation” as including aggregate base salary, the Annual Stock Grant Award, and bonus compensation earned in such years. However, any termination payment to Mr. Bailly shall be limited to an amount that would not result in the imposition of an excise tax or denial of a tax deduction for the Company under the tax code’s golden parachute rules. Accordingly, assuming the triggering event occurred on December 31, 2017, Mr. Bailly would have been entitled to receive a lump sum payment of \$3,769,466. Additionally, if Mr. Bailly is terminated by the Company without Cause or if he terminates his employment for Good Reason, he is also entitled to extended health insurance benefits for a period of up to thirty-six months. Assuming a December 31, 2017 triggering date, Mr. Bailly would have been entitled to receive health insurance benefits valued at \$61,200. The agreement also provides that in the event of (i) a Change in Control of the Company or (ii) termination of Mr. Bailly’s employment by the Company without Cause, or by Mr. Bailly for Good Reason, then (x) any shares in the Annual Stock Grant Award not issued to Mr. Bailly to which he would otherwise be entitled as of the next Issue Date following such Change in Control or such termination will be immediately issued to him and (y) any of Mr. Bailly’s other earned but unvested Stock Rights (as defined in the employment agreement) will immediately vest in full. Assuming a December 31, 2017 triggering date, Mr. Bailly would have been entitled to receive vested equity valued at \$640,901 calculated based on the closing price of the Common Stock as of December 29, 2017, which was \$27.80.

In September 1993, the Company adopted a policy that all named executive officers of the Company not otherwise a party to an employment agreement with the Company will receive a severance benefit should the employee’s employment with the Company be terminated by the Company other than for cause in connection with a change in control of the Company, in the form of a base salary continuation for a period equal to the sum of (i) four months plus (ii) one month for each year of service with the Company up to a maximum of 18 months. Accordingly, assuming termination on December 31, 2017, such named executive officers would have been entitled to the following payments:

Name	Severance Payment (\$)
Ronald J. Lataille	\$420,000
Mitchell C. Rock	\$382,500
William David Smith	\$170,000
Daniel J. Shaw, Jr.	\$292,500

CEO Pay Ratio

In accordance with rules adopted pursuant to the Dodd-Frank Act of 2010, the Company is required to calculate and disclose the total compensation paid to its median employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to Mr. Bailly, the Company's President and CEO.

The Company identified the median employee based on the year-to-date gross pay of the Company's full-time, part-time, seasonal and temporary employees as of October 23, 2017. The only assumptions, adjustments, or estimates that the Company made to year-to-date gross pay was annualizing the gross pay for any full-time and part-time employees who were not employed by the Company at the beginning of 2017. The Company believes that this is a consistently applied compensation measure to identify the median employee. The adjusted gross pay for all employees, other than Mr. Bailly, were ranked highest to lowest in order to determine the median employee. For purposes of reporting annual total compensation and the ratio of annual total compensation of the CEO to the median employee, both the CEO and median employee's annual total compensation were calculated consistent with the disclosure requirements of executive compensation under Item 402(c)(2)(x) of Regulation S-K.

The annual total compensation for the median employee selected in this analysis was \$36,374. The annual total compensation for 2017 for Mr. Bailly was \$1,668,168, as reported under the heading "Summary Compensation Table." For 2017, the ratio of the median employee's annual total compensation to Mr. Bailly's annual total compensation was 46:1.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

R. Jeffrey Bailly. In fiscal 2017, we paid Mr. Bailly's brother compensation in the aggregate amount of approximately \$158,820, which primarily consisted of salary and of benefits available to all employees, for services rendered to the Company in his capacity as Director, Corporate Estimating.

Review, Ratification and Approval. As provided in the charter of our Audit Committee, the Audit Committee reviews and approves related party transactions (unless such review and approval has been delegated to another committee consisting solely of independent directors). The non-exclusivity of this delegation provides the Board with flexibility to address the particular circumstances of any related-party transaction. Additionally, if one or more members of the Audit Committee are otherwise conflicted, or for any other reason, the Board reserves the right to establish a separate committee of disinterested independent directors to review a particular transaction. Regardless of the deliberative body of disinterested independent directors reviewing a related-party transaction, the standard applied in reviewing such transaction is whether the transaction is on terms no less favorable to the Company than terms generally available from an unaffiliated third party under the same or similar circumstances. The Board generally considers related-party transactions to be those transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

This advisory vote on executive compensation is provided as required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended. The Company is seeking the approval by its stockholders of a non-binding advisory resolution to approve the compensation of our named executive officers, as disclosed in this proxy statement under the section titled “Executive Officer and Director Compensation—Compensation Discussion and Analysis” and “—Executive Compensation.” While this stockholders vote on executive compensation is only an advisory vote that is not binding on the Company or the Board of Directors, the Company values the opinions of its stockholders and will consider the outcome of the vote when making future compensation decisions.

As described more fully above under “Compensation Discussion and Analysis,” the primary objective of our executive compensation program is to attract, retain and reward executive officers who contribute to our long-term success. We believe this requires a competitive compensation structure as compared to companies of a similar size in the same or similar industries. Additionally, we seek to align a significant portion of executive officer compensation to the achievement of specified Company performance goals. Incentive cash bonuses are included to drive executive performance by having pay at risk so that a significant portion of potential annual cash compensation is tied to profitability targets. We also include performance-based restricted stock awards with a time-based vesting component as a significant element of prospective executive compensation so that the value of a portion of an executive’s compensation is dependent upon both company-wide performance measures and continued employment.

We urge stockholders to read the Compensation Discussion and Analysis, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and the related compensation tables and narrative above which provide detailed information on the compensation of our named executive officers.

In light of the above, the Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement has supported and contributed to the Company’s success. To that end, we will ask our stockholders to vote “FOR” the following resolution at the annual meeting:

RESOLVED, that the compensation paid to the named executive officers, as disclosed in this Proxy Statement pursuant to the SEC’s executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany the compensation tables), is hereby APPROVED.

Principal Effects of Approval or Non-Approval of the Proposal

The approval of the compensation of the named executive officers, commonly known as a “say-on-pay” resolution, is non-binding on the Board of Directors. As stated above, although the vote is non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

The Company’s current policy is to provide stockholders with an opportunity to approve, on a non-binding advisory basis, the compensation of the named executive officers each year at the annual meeting of stockholders. It is expected that the next such vote will occur at the 2019 annual meeting of stockholders.

Vote Required

The non-binding approval of the compensation of the named executive officers by the stockholders requires the approval of a majority of the votes cast by the stockholders entitled to vote on this proposal at the Meeting. Abstentions and broker non-votes will not be treated as votes cast for this purpose and will not affect the outcome of the vote. Proxies solicited by the Board will be voted to approve the compensation of the named executive officers unless a stockholder has indicated otherwise in the proxy.

OUR BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL OF THIS RESOLUTION.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Grant Thornton LLP (“Grant Thornton”) as the Company’s independent registered public accounting firm for the year ending December 31, 2018, and the Board of Directors is asking stockholders to ratify that selection. Although current law, rules, and regulations, as well as the Audit Committee Charter, require the Audit Committee to engage, retain, and supervise the Company’s independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of Grant Thornton for ratification by stockholders as a matter of good corporate practice. If the stockholders do not ratify the selection of Grant Thornton, the Audit Committee will review the Company’s relationship with Grant Thornton and take such action as it deems appropriate, which may include continuing to retain Grant Thornton as the Company’s independent registered public accounting firm.

Vote Required

The affirmative vote of a majority of the votes cast by the stockholders entitled to vote on this proposal at the Meeting is required to ratify the appointment of Grant Thornton. Abstentions and broker non-votes will not be treated as votes cast for this purpose and will not affect the outcome of the vote. Proxies solicited by the Board will be voted to ratify the appointment of Grant Thornton unless a stockholder has indicated otherwise in the proxy.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON.

Independent Registered Public Accounting Firm

The Audit Committee has appointed Grant Thornton LLP to be the Company’s independent registered public accounting firm and to audit the consolidated financial statements of the Company for the year ending December 31, 2018. The Company is advised that no member of Grant Thornton has any direct financial interest or material indirect financial interest in the Company or has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee since such date. Grant Thornton also served as our independent registered public accounting firm during 2017 and 2016.

A representative of Grant Thornton is expected to be present at the Meeting and will be given the opportunity to make a statement if so desired. The representative will be available to respond to appropriate questions.

Audit Fees. The Company incurred an aggregate of approximately \$342,715 in fees for audit services from Grant Thornton in the fiscal year ended December 31, 2017 and an aggregate of approximately \$292,500 in fees for audit services from Grant Thornton in the fiscal year ended December 31, 2016. Audit fees include fees and expenses for professional services rendered in connection with the audit of the Company's annual financial statements, the audit of the Company's internal control over financial reporting, reviews of the financial statements included in each of the Company's Quarterly Reports on Form 10-Q during those years and fees for services related to the Company's registration statements, consents and assistance with and review of documents filed with the SEC.

Audit-Related Fees. The Company incurred no audit-related fees in the fiscal years ended December 31, 2017 and 2016 from Grant Thornton.

Tax Fees. The Company incurred no tax fees for the fiscal years ended December 31, 2017 and 2016, respectively, from Grant Thornton.

All Other Fees. The Company incurred no other fees for the fiscal years ended December 31, 2017 and 2016, respectively, from Grant Thornton.

The Audit Committee has considered whether the provision of non-audit services by Grant Thornton is compatible with maintaining Grant Thornton's independence, and believes that the provision of such services is compatible.

Audit Committee Policy on Pre-Approval of Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by Grant Thornton. These services may include audit services, audit-related services, tax services and other services.

OTHER MATTERS

Voting Procedures

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by the Company. A quorum, consisting of a majority of shares of all stock issued, outstanding and entitled to vote at the Meeting, will be required to be present in person or by proxy for consideration of the proposals at the Meeting. However, if a quorum is not present, a vote of a majority of the votes properly cast will adjourn the Meeting, whether or not a quorum is present. Votes withheld, abstentions and broker “non-votes” are counted as present or represented for purposes of determining the presence or absence of a quorum. A “non-vote” occurs when a broker holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the broker does not have discretionary voting power and has not received instructions from the beneficial owner.

The election of directors will be determined by a plurality of the votes cast by stockholders entitled to vote at the annual meeting. On all other matters being submitted to stockholders, the affirmative vote of a majority of shares cast, in person or represented by proxy, by the stockholders entitled to vote on each such matter at the Meeting is required for approval.

An automated system tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately. Abstentions and broker “non-votes” are included in the number of shares present or represented for purposes of quorum, but are not considered as shares voting or as votes cast with respect to any matter presented at the annual meeting. As a result, abstentions and broker “non-votes” will not have any effect on any of the matters being submitted to stockholders.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company’s executive officers, directors and persons who own more than 10 percent of the Company’s Common Stock to file initial reports of their ownership and changes in ownership of the Company’s Common Stock with the SEC. Based solely on the Company’s review of the copies of such reports it has received and written representations from certain reporting persons, with respect to the fiscal year ended December 31, 2017, the Company believes that each person who was required to file such reports complied with the applicable filing requirements.

Other Proposed Action

The Board of Directors knows of no matters that may come before the Meeting other than those discussed above. However, if any other matters should properly be presented to the Meeting, the persons named as proxies shall have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment and applicable laws and regulations.

Stockholder Communications

Stockholders may contact the Board of Directors of the Company by writing to them c/o Investor Relations, UFP Technologies, Inc., 100 Hale Street, Newburyport, Massachusetts 01950-3504. In general, any stockholder communication directed to the Board or a committee thereof will be delivered to the Board or the appropriate committee. However, the Company reserves the right not to forward to the Board any abusive, threatening or otherwise inappropriate materials.

Stockholder Proposals and Nominations for Director

Stockholder proposals for inclusion in the Company's proxy materials for the 2019 Annual Meeting of Stockholders pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 must be received by the Company no later than January 2, 2019. These proposals must also meet the other requirements of the rules of the Securities and Exchange Commission and the Company's Bylaws.

The Company's Bylaws establish an advance notice procedure with regard to proposals that stockholders otherwise desire to introduce at the Company's 2019 Annual Meeting without inclusion in the Company's proxy statement for that meeting. Written notice of such stockholder proposals and director nominations for the Company's Annual Meeting of Stockholders in 2019 must be received by the Company's Board of Directors, c/o Secretary, UFP Technologies, Inc., 100 Hale Street, Newburyport, Massachusetts 01950-3504, not later than March 8, 2019 and must not have been received earlier than February 6, 2019 in order to be considered timely, and must contain specified information concerning the matters proposed to be brought before such meeting and concerning the stockholder proposing such matters. The matters proposed to be brought before the meeting also must be proper matters for stockholder action. If a stockholder who wishes to present such a proposal fails to notify the Company within this time frame, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the Securities and Exchange Commission.

Pursuant to the Company's Bylaws, the notice must set forth: (a) for each nominee (i) information as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, and (ii) written consent to be named in the proxy statement and serve as director if so elected; (b) a brief description of any proposed business including (i) the text of such proposal and any accompanying resolutions, (ii) the reasons for conducting such business at the meeting, and (iii) any material interest held by the proposing stockholder or any beneficial owner on whose behalf the proposal is made; and (c) proposing stockholder and/or beneficial owner information including, (i) name and address, (ii) the class and number of shares of capital stock held, (iii) a description of any agreement, arrangement or understanding with respect to the nomination or proposal with any of their affiliates or associates, and any others acting in concert with the foregoing, (iv) a description of any agreement, arrangement or understanding with respect to shares of the Company's stock entered into by the date of such notice for the purposes of loss mitigation, risk management or derivation of benefit from share price changes and/or redistribution of voting power, (v) a representation that such stockholder is the holder of record, is entitled to vote, and intends to appear in person or by proxy and propose such business or nomination, (vi) a representation of intention to either deliver proxy statements to holders of the necessary percentage of shares or to solicit proxies in support of the proposal, and (vii) any other information relating to such stockholder and/or beneficial owner required to be disclosed in filings made in connection with solicitation of proxies pursuant to the Securities Exchange Act of 1934. The stockholder can alternatively satisfy the notice requirement by submitting proposals in compliance with Securities and Exchange Commission requirements and inclusion of such proposal within a proxy statement prepared by the Company. Compliance with the Company's Bylaws shall be the exclusive means for a stockholder to make nominations or submit other business to the annual meeting (other than matters properly brought in compliance with the rules of the Securities Exchange Act of 1934).

Incorporation By Reference

To the extent that this Proxy Statement has been or will be specifically incorporated by reference into any filing by the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, the sections of the Proxy Statement entitled "Report of the Compensation Committee" and "Report of the Audit Committee" shall not be deemed to be so incorporated, unless specifically otherwise provided in any such filing.
