Independent Auditors' Report

To the Plan Administrator of the Alliant Energy Corporation 401(k) Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Alliant Energy Corporation 401(k) Savings Plan (the "Plan") as of December 31, 2002 and 2001, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material

Edgar Filing: ALLIANT ENERGY CORP - Form 11-K

respects, the net assets available for plan benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2002

Note 1. Description of the Plan

The Alliant Energy Corporation 401(k) Savings Plan (the Plan) is a qualified defined contribution plan under Section 401(k) of the Internal Revenue Code (the Code), as amended, and meets the applicable requirements of the Employee Retirement Income Security Act of 1974, as amended. The

## Edgar Filing: ALLIANT ENERGY CORP - Form 11-K

following brief description of the Plan is provided for general information purposes only. More complete information regarding the Plan is provided in the summary plan description, which has been made available to all eligible Plan participants. The Plan is administered by the Employee Total Compensation Committee (the Committee) and the Plan sponsor is Alliant Energy Corporate Services, Inc. (a direct subsidiary of Alliant Energy Corporation), which reserves the right to terminate, amend or modify the Plan if future conditions warrant such action.

Any regular employee of Alliant Energy Corporation and its participating subsidiaries (the Company) age 18 and over may become a participant in the Plan. Regular full-time employees and regular part-time employees customarily scheduled to work at least half-time may participate on the first day of any calendar month following 30 consecutive days of service. Part-time employees customarily scheduled to work less than half-time may participate after 12 months of service during which he or she has earned at least 1,000 paid hours. Certain Interstate Power and Light Company bargaining unit employees, members of the bargaining units of the former Interstate Power Company, must complete the one-year (1,000 hour) waiting period. (On Jan. 1, 2002, Interstate Power Company merged with and into IES Utilities Inc. and IES Utilities Inc. changed its name to Interstate Power and Light Company, resulting in no changes to the Plan.) Wisconsin Power and Light Company "special temporary" bargaining unit employees are also eligible under the same rules as "regular" employees.

Effective Jan. 1, 2002, the Company adopted an Employee Stock Ownership Plan (ESOP) within the Plan. Under the new provisions, Plan participants have the option to elect to receive cash for any dividends paid on Company common stock within the Plan or continue to have the dividends reinvested. Also, the Company is eligible for the dividend deduction provisions of Section 404(k) of the Code for common stock held in the ESOP.

The Company provides guaranteed matching contributions for each \$1 contributed by participants up to a maximum of the first 6% of the participants' compensation. Other than the exceptions noted below, employee contribution limits and employee match information for 2002 are as follows:

Company match for each \$1 contributed up to the maximum	\$0.50
Eligible employee annual contribution limit as a percentage of compensation	19%
Maximum annual contribution limit	\$11,000

The matching contributions for Alliant Energy Resources, Inc. (Resources) and Cedar Rapids and Iowa City Railway Company (CRANDIC) employees are calculated based on a percentage of base pay, without overtime or incentive pay, and there is a "basic" Company contribution equal to 4% and 2%, respectively, of base pay.

Company matching contributions for Resources and CRANDIC employees are invested at the participants' discretion. All other matching contributions by the Company are invested in the Alliant Energy Corporation Common Stock Fund.

Resources and CRANDIC employees may be eligible for a discretionary Company contribution of \$0.50 for every \$1 contributed up to a maximum of the first 6% of pay in addition to the "basic" Company contribution. The

## Edgar Filing: ALLIANT ENERGY CORP - Form 11-K

discretionary contribution for both Resources and CRANDIC employees is based on goals established by Resources and is evaluated during the first quarter of the following year. The discretionary Company contributions for 2002 and 2001 were \$0 and \$388,232, respectively.

Beginning with the 2001 Plan year, an additional Company contribution is allocated to the accounts of active Plan participants, except for Resources and CRANDIC employees, as of the last day of the Plan year, who had contributed 6% of compensation during the Plan year and did not receive a Company matching contribution equal to 3% of compensation. The amount of the additional Company contribution is the difference between 3% of compensation during the Plan year and the amount of Company matching contributions previously received during the Plan year.

Participants are immediately vested in their employee and employer contributions.

Contributions under the Plan are held and invested, until distribution, in a Trust Fund maintained by American Express Trust Company (the Trustee), a division of American Express Financial Advisors Inc.

The investment options available to participants at Dec. 31, 2002 were Stable Capital Fund, PIMCO Total Return Fund, American Express Trust Short-Term Horizon (25:75) Fund, American Express Trust Long-Term Horizon (65:35) Fund, Dodge & Cox Stock Fund, American Express Trust Long-Term Horizon (80:20) Fund, American Express Trust Equity Index Fund III, Undiscovered Managers Small Cap Value Fund, Vanguard Mid-Cap Index Fund, Putnam International Growth Fund, The Growth Fund of America, The Brown Capital Management Small Company Fund, Alliant Energy Corporation Company Stock Fund, or a combination of the thirteen funds. The investment options available to participants at Dec. 31, 2001 were Stable Capital Fund, PIMCO Total Return Fund, Janus Adviser Balanced Fund, American Express Trust Equity Index Fund III, American Century Income & Growth Fund, AXP Growth Fund, Franklin Small - Mid Cap Growth Fund, Marshall International Stock Fund, Alliant Energy Corporation Common Stock Fund, or a combination of the nine funds. Additionally, participants may subsequently redesignate the distribution of future contributions or transfer existing balances between investment funds on a daily basis, subject to the limits set forth in the Plan. Company matching contributions invested in the Alliant Energy Corporation Company Stock Fund may not be transferred to any other investment fund, except for contributions made for CRANDIC and Resources employees as previously described; however, Company matching contributions may be transferred by certain participants during the 30-day period immediately prior to retirement. A brief description of the investment options at Dec. 31, 2002 is as follows:

Stable Capital Fund. The Stable Capital Fund is a stable value fund. Its objective is to preserve principal while seeking a competitive level of current income. The Stable Capital Fund is intended to be a lower risk investment with a higher return than is typically offered by money market funds, while it maintains liquidity and safety of principal. The fund is invested primarily in Guaranteed Investment Contracts (GIC's) issued by one or more insurance companies or other financial institutions. The fund may also invest in the American Express Trust Income Fund I and the American Express Trust Money Market Fund I. The carrying value of all GIC investments was \$36,564,953 and \$34,216,008 at Dec. 31, 2002 and 2001, respectively. The approximate fair value of these investments was \$43,781,042 and \$34,792,937 at Dec. 31, 2002 and 2001, respectively, based on the discounted cash flows valuation method. Under the terms of the GIC's, the weighted average crediting interest rate was 5.62% and 5.87% on Dec. 31, 2002 and 2001, respectively, and is fixed for all contracts. The GIC's earned an average rate of 5.90% in 2002.

## Edgar Filing: ALLIANT ENERGY CORP - Form 11-K

PIMCO Total Return Fund. The PIMCO Total Return Fund is an actively managed, intermediate maturity bond portfolio. Its objective is to maximize total return, consistent with preservation of capital and prudent investment management, in order to exceed the returns of the bond market as a whole as represented by the Lehman Brothers Aggregate Bond Index. It invests in a portfolio of intermediate maturity bonds, typically with a majority in treasury and mortgage-backed bonds. The average duration ranges between 3 and 6 years.

American Express Trust Short-Term Horizon (25:75) Fund. The American Express Trust Short-Term Horizon (25:75) Fund is a lifestyle fund. Its objective is to seek to create a diversified portfolio with a conservative

8

risk profile appropriate for individuals with short-term time horizons. It invests in a predetermined mix of growth, growth/income, income and money market (cash equivalent) investment funds.

American Express Trust Long-Term Horizon (65:35) Fund. Effective Sept. 3, 2002, the American Express Trust Long-Term Horizon (65:35) Fund replaced the Janus Adviser Balanced Fund. Participants who had monies invested in the Janus Adviser Balanced Fund had their current and future contributions transferred to the American Express Trust Long-Term Horizon (65:35) Fund. The American Express Trust Long-Term Horizon (65:35) Fund is a lifestyle fund. Its objective is to seek to create a diversified portfolio with a conservative risk profile appropriate for individuals with long-term time horizons. It invests in a predetermined mix of growth, growth/income and income investment funds.

Dodge & Cox Stock Fund. Effective Sept. 3, 2002, the Dodge & Cox Stock Fund replaced the American Century Income & Growth Fund. Participants who had monies invested in the American Century Income & Growth Fund had their current and future contributions transferred to the Dodge & Cox Stock Fund. The Dodge & Cox Stock Fund is a large cap value fund. Its primary objective is to seek long-term growth of principal and income and secondary objective is to achieve a reasonable current income. It invests primarily in a broadly diversified and carefully selected portfolio of common stock. The fund typically invests at least 80% of its total assets in common stock.

American Express Trust Long-Term Horizon (80:20) Fund. The American Express Trust Long-Term Horizon (80:20) Fund is a lifestyle fund. Its objective is to seek to create a diversified portfolio with a moderate risk profile appropriate for individuals with long-term time horizons. It invests in a predetermined mix of growth, growth/income and income investment funds.

American Express Trust Equity Index Fund III. The American Express Trust Equity Index Fund III is a growth and income fund. Its objective is to provide investment results that correspond to the price and yield performance of publicly traded stocks, in aggregate, as represented by the Standard & Poors' 500 Composite Stock Price Index (S&P 500). It invests in a portfolio consisting primarily of common stocks of the S&P 500.

Undiscovered Managers Small Cap Value Fund. The Undiscovered Managers Small Cap Value Fund is a small cap value fund. Its objective is to seek long-term growth of capital by primarily investing in common stocks of companies with smaller market capitalizations.

Vanguard Mid-Cap Index Fund. The Vanguard Mid-Cap Index Fund is a mid cap/core fund. Its objective is to seek long-term capital growth by tracking

## Edgar Filing: ALLIANT ENERGY CORP - Form 11-K

the performance of the Standard & Poor's MidCap 400 Index, which comprises a market-weighted growth of medium-sized United States of America (U.S.) companies. It invests in these medium-sized U.S. companies.

Putnam International Growth Fund. Effective Sept. 3, 2002, the Putnam International Growth Fund replaced the Marshall International Stock Fund. Participants who had monies invested in the Marshall International Stock Fund had their current and future contributions transferred to the Putnam International Growth Fund. The Putnam International Growth Fund is a foreign stock fund. It seeks capital appreciation by investing in common stocks of companies located outside the U.S.

The Growth Fund of America. Effective Sept. 3, 2002, The Growth Fund of America replaced the AXP Growth Fund. Participants who had monies invested in the AXP Growth Fund had their current and future contributions transferred to The Growth Fund of America. The Growth Fund of America is a large cap growth fund. It seeks to achieve long-term growth of capital. It invests primarily in common stocks of companies that appear to offer superior opportunities for growth of capital.

The Brown Capital Management Small Company Fund. Effective Sept. 3, 2002, The Brown Capital Management Small Company Fund replaced the Franklin Small-Mid Cap Growth Fund. Participants who had monies invested in the Franklin Small-Mid Cap Growth Fund had their current and future contributions transferred to The Brown Capital Management Small Company Fund. The Brown Capital Management Small Company Fund is a small cap growth fund. It seeks

9

capital appreciation by investing primarily in equities issued by companies with total operating revenues of \$250 million or less.

Alliant Energy Corporation Company Stock Fund. This fund is invested primarily in common stock of the Company. A portion of the fund (1-2% of total fund assets) may also be invested in the American Express Trust Money Market Fund I to help provide liquidity for transfers out of the fund. Purchases and sales of common stock are made by the Trustee on the open market. Under the ESOP, Plan participants have the option to elect to receive cash for any dividends paid on Company common stock within this fund or continue to have the dividends reinvested.

Participant Loans. The Plan has provisions under which participants may take loans up to the lesser of \$50,000 or 50% of their total account balance (a \$1,000 minimum loan amount and a maximum of three loans for each participant also apply). The Committee determines the loan interest rate pursuant to the Plan. Interest rates on participant loans ranged from 5.25% to 10.5% at Dec. 31, 2002 and 6.0% to 10.5% at Dec. 31, 2001.

### Note 2. Summary of Significant Accounting Policies

(a) Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

(b) Valuation of Investments and Income Recognition - All GIC's held by the Plan are fully benefit responsive and are valued at contract value, which represents contributions made under the contract, plus interest at the contract rate (less funds used to pay plan benefits). Participant loans are carried at unpaid principal balances due, which approximates fair value. All other Plan investments are carried at fair value as determined by quoted market prices. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Investment transactions are recorded on

## Edgar Filing: ALLIANT ENERGY CORP - Form 11-K

the trade date.

(c) Net Depreciation in Fair Value of Investments - Net realized and unrealized depreciation is recorded in the accompanying statement of changes in net assets available for plan benefits as "Net depreciation in fair value of investments."

(d) Payment of Benefits - Benefit payments to participants are recorded when paid.

(e) Expenses - Investment management fees are paid from investment earnings prior to crediting earnings to the individual participant account balances. Most other Plan administrative expenses are absorbed by the Company.

(f) Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(g) Risk and Uncertainties - The Plan invests in various investments, including pooled investment funds, mutual funds, common stock of the Company and investment contracts. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of certain investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

### Note 3. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 31, 1996, that the Plan and related trust are designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving the determination letter and the Company has filed for a new determination letter, however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being

10

operated in compliance with the applicable requirements of the Code. It is the intention of the Company to adopt any amendments necessary to maintain the qualified status of the Plan.

### Note 4. Plan Termination Provisions

Upon termination of the Plan in its entirety, each participant is entitled to receive, in accordance with the terms of the Plan, the entire balance in the participant account. The Company has no intention to terminate the Plan.

### Note 5. Withdrawals and Distributions

Withdrawals from participants' account balances will be made to participants while they are employed due to an election made by certain participants, reaching age 59-1/2 for certain participants or 70-1/2, or requests due to special "hardship" circumstances. Distributions from the Plan will be made upon termination of employment (by retirement, death, disability or otherwise) if the participant's account balance is less than

## Edgar Filing: ALLIANT ENERGY CORP - Form 11-K

\$5,000. If the participant's account balance exceeds \$5,000, the participant may elect to defer payment until he or she is age 70-1/2. Distributions can be either in the form of a lump sum or substantially equal annual installments. The unpaid portion of all loans made to the participant, including accrued interest, will be deducted from the amount of the participant account to be distributed. Distributions payable to participants at Dec. 31, 2002 and 2001 were \$222,154 and \$35,556, respectively. Distributions payable are not recorded in the accompanying financial statements, however, they are recorded in the Plan's Form 5500 (refer to Note 11).

### Note 6. Derivative Financial Instruments

The Plan did not invest in any material derivative financial instruments during the years ended Dec. 31, 2002 and 2001.

### Note 7. Other Investment Information
