Under this shelf registration process, the selling stockholders identified in this prospectus may offer from time to time up to 3,518,091 shares of our common stock and 2,063,744 shares of our common stock issuable upon exercise of warrants and options. This prospectus describes the general manner in which the shares may be offered and sold by the selling stockholders. If necessary, the specific manner in which the shares may be offered and sold will be described in a supplement to this prospectus, which supplement may also add, update or change any of the information contained in this prospectus. OUR COMPANY

This summary highlights information contained in the documents incorporated herein by reference. Before making an investment decision, you should read the entire prospectus, and our other filings with the SEC, including those filings incorporated herein by reference, carefully, including the sections entitled “Risk Factors” and “Cautionary Statement Regarding Forward-Looking Statements.”

We are a pharmaceutical company currently engaged in the research and development of innovative pharmaceutical solutions, including an orally ingestible insulin capsule to be used for the treatment of individuals with diabetes, and the use of orally ingestible capsules or pills for delivery of other polypeptides.

Oral Insulin: We are seeking to revolutionize the treatment of diabetes through our proprietary flagship product, an orally ingestible insulin capsule (ORMD0801). Our technology allows insulin to travel from the gastrointestinal tract via the portal vein to the bloodstream, revolutionizing the manner in which insulin is delivered. It enables its passage in a more physiological manner than current delivery methods of insulin. Our technology is a platform that has the potential to deliver medications and vaccines orally that today can only be delivered via injection.

GLP-1 Analog: Our second pipeline product is an orally ingestible exenatide (GLP-1 analog) capsule, which aids in the balance of blood-sugar levels and decreases appetite. Glucagon-like peptide-1, or GLP-1, is an incretin hormone - a type of gastrointestinal hormone that stimulates the secretion of insulin from the pancreas. The incretin concept was hypothesized when it was noted that glucose ingested by mouth (oral) stimulated two to three times more insulin release than the same amount of glucose administered intravenously. In addition to stimulating insulin release, GLP-1 was found to suppress glucagon release (hormone involved in regulation of glucose) from the pancreas, slow gastric emptying to reduce the rate of absorption of nutrients into the blood stream, and increase satiety. Other important beneficial attributes of GLP-1 are its effects of increasing the number of beta cells (cells that manufacture and release insulin) in the pancreas and, possibly, protection of the heart.

Combination of Oral Insulin and GLP-1 Analog: Our third pipeline product is a combination of our two primary products, oral insulin and oral exenatide. Preliminary results of this trial were announced in June 2012. The results showed that our two main products have greater positive effects when given together, as a combination therapy, above the administration of each product alone.

Our executive offices are located at Hi-Tech Park 2/5, Givat-Ram, PO Box 39098, Jerusalem 91390, Israel, our telephone number is 972-2-566-0001 and our website address is www.oramed.com. The information on our website is not incorporated by reference in this prospectus and should not be considered to be part of this prospectus. Our

website address is included in this prospectus as an inactive technical reference only.

You should carefully consider the risk factors contained in any prospectus supplement and in our filings with the SEC, including our Annual Report on Form 10-K for the fiscal year ended August 31, 2012, as well as all of the information contained in this prospectus, any prospectus supplement and the documents incorporated by reference herein or therein, before you decide to invest in our common stock. Our business, prospects, financial condition and results of operations may be materially and adversely affected as a result of any of such risks. The value of our common stock could decline as a result of any of these risks. You could lose all or part of your investment in our common stock. Some of our statements in sections entitled "Risk Factors" are forward-looking statements. The risks and uncertainties we have described are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business, prospects, financial condition and results of operations.

be borne by the applicable selling stockholders.

Between August and November 2012, we completed private placements pursuant to which we sold to certain selling stockholders an aggregate of 1,137,336 “units” at a purchase price of \$4.44 per unit for total consideration of \$5,049,710. Each unit consisted of one share of our common stock and a five-year warrant to purchase 0.50 of a share of our common stock at an exercise price of \$6.00 per share. We paid cash compensation of \$84,135 as a finder’s fee. Most of the selling stockholders were granted customary registration rights with respect to resales of shares, including the shares underlying the warrants. Regals Fund LP, or Regals, participated in such private placements and received certain special rights, including preemptive rights as long as they hold at least 5% of our outstanding common stock. With respect to Regals’ participation in the August 2012 private placement, we undertook to file a registration statement to register their shares and the shares underlying their warrants, by December 27, 2012. Since such registration statement was not timely filed, we may be required to pay liquidated damages of \$10,000 or, at Regals’ discretion, 27,027 shares of common stock. Such liquidated damages may increase if we do not meet the Effectiveness Deadline as defined in Regals’ agreement. The liquidated damages may not exceed, in the aggregate, \$100,000. Regals has not notified us that they plan to request such payment, and such damages may be waived by Regals.

In November 2012, we entered into a letter agreement, or the Agreement, with Regals in connection with (1) the warrant originally issued in January 2011, as amended in August 2012 and November 2012, to purchase up to 290,459 shares of our common stock, (2) the warrant dated August 28, 2012, to purchase up to 112,613 shares of our common stock and (3) the warrant dated November 5, 2012, to purchase up to 16,892 shares of our common stock, or together, the Warrants. Pursuant to the Agreement, we and Regals agreed to amend the Warrants to provide that the anti-dilution protection of the Warrants shall be deleted in its entirety. In addition, as to the warrants issued in August and November 2012, the parties agreed to reduce the exercise price to \$3.7656 per share, the current exercise price per share of the warrants originally issued in January 2011. At such time, we also issued to Regals a warrant pursuant to which Regals shall have the right to purchase up to 137,311 shares of our common stock over a period of four years at an exercise price of \$7.20 per share.

Between March 2012 and August 2013, we issued an aggregate of 25,001 shares of our common stock and warrants to purchase 62,500 shares of our common stock to Meyers Associates as compensation for advisory services provided to the Company. We are including for resale in this prospectus the 62,500 shares of our common stock issuable upon exercise of this warrant.

In February 2013, we issued an additional 12,745 shares of our common stock and warrants to purchase 6,373 shares of our common stock at an exercise price of \$6.00 per share, as a finder's fee to Mr. Leonard Sank, one of our directors, in connection with the private placements completed between August and November 2012. The warrant issued to Mr. Sank will expire on February 7, 2018.

In August 2013, we issued 5,786 shares of our common stock to Aviad Friedman, 4,284 shares of our common stock to Vladimir Shklar, 1,270 shares of our common stock to Yair Givati and 700 shares of our common stock to Moshe Kornblum, in each case as compensation for advisory services provided to the Company.

We are also including for resale pursuant to this prospectus 270,000 shares of common stock issuable upon the exercise of options held by Mr. Nadav Kidron, our President, Chief Executive Officer and a director. The options have a weighted average exercise price of \$4.25 per share and may be exercised within 60 days of August 7, 2013. The latest expiration date of the options is August 8, 2022.

The following table sets forth, for each selling stockholder, the name, the number of shares of common stock beneficially owned as of August 6, 2013 (directly and indirectly via warrants or options), the maximum number of shares of common stock that may be offered pursuant to this prospectus and the number of shares of common stock that would be beneficially owned after the sale of the maximum number of shares of common stock.

Other than the relationships described herein, to our knowledge, none of the selling stockholders are employees or suppliers of ours or our affiliates. Within the past three years, other than the relationships described herein, none of the selling stockholders has held a position as an officer or director of ours, nor has any selling stockholder had any material relationship of any kind with us or any of our affiliates, except that certain selling stockholders acquired shares of our common stock and warrants pursuant to the transactions described above. All information with respect to share ownership has been furnished by the selling stockholders, unless otherwise noted. The shares being offered are being registered to permit public secondary trading of such shares and each selling stockholder may offer all or part of the shares it owns for resale from time to time pursuant to this prospectus. In addition, other than the relationships described below, none of the selling stockholders has any family relationships with our officers, directors or controlling stockholders.

Any selling stockholders who are affiliates of broker-dealers and any participating broker-dealers are deemed to be “underwriters” within the meaning of the Securities Act of 1933, as amended, or the Securities Act, and any commissions or discounts given to any such selling stockholder or broker-dealer may be regarded as underwriting commissions or discounts under the Securities Act.

The term “selling stockholders” also includes any transferees, pledgees, donees, or other successors in interest to the selling stockholders named in the table below. Unless otherwise indicated, to our knowledge, each person named in the table below has sole voting and investment power (subject to applicable community property laws) with respect to the shares of common stock set forth opposite such person’s name. We will file a supplement to this prospectus (or a post-effective amendment hereto, if necessary) to name successors to any named selling stockholders who are able to use this prospectus to resell the common stock registered hereby.

(1) Beneficial ownership is determined in accordance with SEC rules and generally includes voting or investment power with respect to securities. Shares of common stock subject to options or warrants currently exercisable, or exercisable within 60 days of August 7, 2013, are counted as outstanding for computing the percentage of the selling stockholder holding such options or warrants but are not counted as outstanding for computing the percentage of any other selling stockholder.

(2) Assumes all of the shares of common stock offered (including shares issuable upon the exercise of warrants or options) are sold. Percentage ownership is based on 7,937,872 shares of common stock issued and outstanding on August 7, 2013.

(3) Mr. Leonard Sank is one of our directors. Mr. Sank may be deemed to beneficially own the shares (including the warrant shares) held by his wife, Mrs. Dorothy Sank, set forth opposite her name. Mr. Sank also may be deemed to beneficially own the shares set forth opposite the name of Samson Property Investments, which is wholly owned by a trust of which Mr. Sank serves as a trustee. (6) The amount of shares beneficially owned by Mr. Bronfeld does not include the warrant to purchase 22,787 shares of common stock held by D.N.A. Mr. Bronfeld and Mr. Meni Mor are parties to a voting agreement relating to their joint holdings in D.N.A, which as of December 27, 2012, represented approximately 39.6% of D.N.A's outstanding share capital on an actual basis, as reported by D.N.A to the Israeli Securities Authority. As a result, Mr. Bronfeld may be deemed a beneficial owner of, and to share the power to vote and dispose of our securities held by D.N.A.
