SUMMARY

This summary highlights information contained elsewhere in this prospectus and in filings with the Securities and Exchange Commission incorporated by reference. You should carefully read the entire prospectus, including "Risk Factors" beginning on page 1, as well as any accompanying prospectus supplement and the documents incorporated herein and therein, before investing in our common stock.

Innovative Food Holdings, Inc.

Our History

We (or the "Company") were initially formed in June 1979 as Alpha Solarco Inc., a Colorado corporation. From June 1979 through February 2003, we were either inactive or involved in discontinued business ventures. We changed our name to Fiber Application Systems Technology, Ltd in February 2003. In January 2004, we changed our state of incorporation by merging into Innovative Food Holdings, Inc. (IVFH), a Florida corporation formed for that purpose. As a result of the merger, we changed our name to Innovative Food Holdings, Inc. In January 2004, we also acquired Food Innovations, Inc. ("FII" or "Food Innovations"), a Delaware corporation, for 500,000 (post reverse-split) shares of our common stock.

On May 18, 2012, the Company executed a Stock Purchase Agreement to acquire all of the issued and outstanding shares of Artisan Specialty Foods, Inc., an Illinois corporation ("Artisan"), from its owner, Mr. David Vohaska. The purchase price was \$1.2 million, with up to another \$300,000 (with a fair value of \$131,000) payable in the event certain financial milestones were met over the next one or two years. Those milestones have been met. The purchase price was primarily financed via a loan from Alpha Capital in the principal amount of \$1,200,000. The loan was repaid in November 2013 via the issuance of a loan from Fifth Third Bank. Prior to the acquisition, Artisan was a supplier and had sold products to the Company.

On November 2, 2012, the Company entered into an asset purchase agreement (the "Haley Acquisition") with The Haley Group, LLC whereby we acquired all existing assets of The Haley Group, LLC. The Haley Acquisition was valued at a total cost of \$119,645. On June 30, 2014, pursuant to a purchase agreement, the Company purchased 100% of the membership interest of Organic Food Brokers, LLC, a Colorado limited liability company ("OFB"), for \$300,000, 100,000 options and up to an additional \$225,000 in earn-outs if certain milestones are met.

On August 15, 2014, pursuant to a merger agreement, the Company acquired The Fresh Diet, Inc. ("The Fresh Diet" or "FD") with FD becoming a wholly-owned subsidiary of the Company. The purchase price consisted of 10,000,000 shares of the Company's common stock valued at \$14,000,000. During the first quarter of 2015, the Company cancelled 3,110,063 of these shares with a value of \$4,354,088 in exchange for a cash payment of \$3,000,000 to certain former shareholders of FD. At the time of acquisition, the majority of FD's current liabilities consisted of approximately \$3.8 million of deferred revenues and approximately \$2.1 million in short term commercial loans and

there were additional ordinary course of business expenses such as trade payables, payroll and sales taxes which vary from month to month. In addition, it had some long term obligations the bulk of which consist of interest free loans from FD's former shareholders in the amount of approximately \$2.2 million which are not due until 2017. Prior to the merger FD had purchased an immaterial amount of product from the Company. FD operates as an independent subsidiary subject to oversight of its board of directors and the Company's President and CEO.

### Our Operations

Our business is currently conducted by our wholly-owned subsidiaries, Artisan, Food Innovations, Food New Media Group, Inc. (“FNM”), OFB, Gourmet Food Service Group, Inc. (“GFG”), Gourmet Foodservice Warehouse, Inc., Gourmeting, Inc.; The Fresh Diet, The Haley Group, Inc. (“Haley”), 4 The Gourmet, Inc. (d/b/a For The Gourmet, Inc.), (“Gourmet” and collectively with IVFH and its other subsidiaries, the “Company” or “IVFH”). Since its incorporation, the Company, primarily through FII’s relationship with US Food, Inc. (“US Foods” or “USF”), has been in the business of providing premium restaurants, within 24 – 72 hours, with the freshest origin-specific perishables, specialty food products, and healthcare products shipped directly from our network of vendors and from our warehouses. Our customers include restaurants, hotels, country clubs, national chain accounts, casinos, hospitals and catering houses. Gourmet has been in the business of providing consumers with gourmet food products shipped directly from our network of vendors and from our warehouses within 24 – 72 hours. GFG is focused on expanding the Company’s program offerings to additional customers. In our business model, we receive orders from our customers and then work closely with our suppliers and our warehouse facilities to have the orders fulfilled. In order to maintain freshness and quality, we carefully select our suppliers based upon, among other factors, their quality, uniqueness, reliability and access to overnight courier services.

Artisan is a supplier of over 1,500 niche gourmet products to over 500 customers such as chefs and restaurants in the Greater Chicago area and also serves as a national fulfillment center for the Company’s other subsidiaries. Haley is a dedicated foodservice consulting and advisory firm that works closely with companies to access private label and manufacturers’ label food service opportunities with the intent of helping them launch and commercialize new products in the broadline foodservice industry and get products distributed via national broadline food distributors. Haley also provides consulting services and other solutions to its clients in the food industry. OFB is a dedicated foodservice consulting and advisory firm that works closely with companies to access private label and manufacturers’ label food service opportunities with the intent of helping them launch and commercialize new products in the retail foodservice industry and provides emerging food brands distribution and shelf placement access in all of the major metro markets in the food retail industry. The Fresh Diet is the nationwide leader in freshly prepared health and wellness gourmet specialty meals, using the finest specialty, artisanal, direct from source ingredients, delivered daily, directly to consumers using The Fresh Diet® platform. The Fresh Diet’s platform includes a company managed or owned preparation and logistics infrastructure, including a comprehensive company managed network of same day and next day last mile food delivery capabilities in 12 states, 44 metropolitan areas, and 573 cities and towns across the United States.

### Our Products

We distribute over 7,300 perishable and specialty food products, including origin-specific seafood, domestic and imported meats, exotic game and poultry, artisanal cheeses, freshly prepared meals, caviar, wild and cultivated mushrooms, micro-greens, organic farmed and manufactured food products, estate-bottled olive oils and aged vinegars. We are constantly adding other products that many food distributors cannot effectively warehouse, including organic products and specialty grocery items. We offer our nationwide customers access to the best food products available from around the world, quickly, most direct, and cost-effectively.

Some of the items we sell include:

Seafood - Alaskan wild king salmon, Hawaiian sashimi-grade ahi tuna, Gulf of Mexico day-boat snapper, Chesapeake Bay soft shell crabs, New England live lobsters, Japanese hamachi

Mushrooms -Fresh morels, Trumpet Royale, porcini powder, wild golden chanterelles

Cheese -Maytag blue, buffalo mozzarella, Spanish manchego, Italian gorgonzola dolce

## Table of Contents

The Fresh Diet offers consumers meal delivery of three prepared meals and two snacks per day. Meals are nutritionally balanced, freshly prepared daily from the highest quality ingredients and are never frozen, freeze-dried or vacuum packed. An online meal planner gives the consumer hand-on control over the diet meal based on Traditional and Specialty Diets. Traditional plans include Fresh Classic and Premium Plan, while Specialty Diets include Fresh Vegetarian, Gluten-Free and Doctor's Fresh Plans. Each plan offers a different rate of customization, allowing the consumer to check off foods they don't like, customize their dietary preferences and schedule delivery online.

### Customer Service and Logistics

Our "live" chef-driven customer service department is available by telephone Monday through Thursday, from 8 a.m. to 6 p.m. and on Friday from 8 a.m. to 5 p.m., Florida time. The customer service department is made up of a team of chefs and culinary experts who are full-time employees of the Company, and who are experienced in all aspects of perishable and specialty products. By employing chefs and culinary experts to handle customer service, we are able to provide our customers with extensive information about our products, including:

Flavor profile and eating qualities

Recipe and usage ideas

Origin, seasonality, and availability

Cross utilization ideas and complementary uses of products

Our logistics team tracks every package to ensure timely delivery of products to our customers. The logistics manager receives tracking information on all products ordered, and packages are monitored from origin to delivery. In the event that delivery service is interrupted, our logistics department begins the process of expediting the package to its destination. The customer is then contacted before the expected delivery commitment time allowing the customer ample time to make arrangements for product replacement or menu changes. Our logistics manager works directly with our vendors to ensure our strict packaging requirements are in place at all times.

Customer service and sales teams at The Fresh Diet are available by telephone Monday through Friday from 8 a.m. to 9 p.m. and on Saturday and Sunday from 9 a.m. to 6 p.m. Customer service representatives provide assistance and support to customers as it relates to their dietary and meal preferences, as well as resolve any client inquiries and concerns. Customer services works closely with the sales team to ensure that customers are properly set up and receive the most accurate information about company's products and services. Customer service team also includes certified nutritionists that guide customers in creating a plan that is specific to their dietary needs.

The Fresh Diet meals are prepared and delivered out of five culinary centers across the United States – New York, Los Angeles, Miami, Chicago and Dallas. Each culinary center is led by a General Manager who provides business oversight and is directly responsible for the performance of that culinary center. Meals are delivered through The Fresh Diet company managed delivery network to 12 states, 44 metropolitan areas and 573 cities and towns nationwide.

### Relationship with US Foods

We have historically sold the majority of our products, \$18,446,745 and \$16,993,108 for the years ended December 31, 2014 and 2013, respectively (60% and 75% of total sales in the years ended December 31, 2014 and 2013, respectively) through a distributor relationship between FII and Next Day Gourmet, L.P., a subsidiary of US Foods, a leading broadline distributor. On January 26, 2015 we executed a Vendor Program Agreement between Food

Innovations, Inc., our wholly-owned subsidiary, and US Foods. The term of the Agreement is from January 1, 2015 through December 31, 2016 and provides for up to three (3) automatic annual renewals thereafter if no party gives the other 30 days' notice of its intent not to renew.

The Selling Security Holders

The shares are being offered for sale through this prospectus by the Selling Security Holders. The proceeds of all such sales will inure to the sellers and not to the Company.

### Implications of Being a Smaller Reporting Company

As a company with less than \$75 million public float, we qualify as a “smaller reporting company” as defined by the Securities and Exchange Commission (“SEC”). A “smaller reporting company” may take advantage of reduced reporting requirements that are otherwise applicable to public companies. These provisions include, but are not limited to:

- being permitted to present only two years of audited financial statements and only two years of related Management’s Discussion and Analysis of Financial Condition and Results of Operations in this prospectus;
- not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, as amended;
- reduced disclosure obligations regarding risk factors, executive compensation in our periodic reports, proxy statements and registration statements; and
- exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

We may use these provisions until the first day of our fiscal year following the year in which at the end of the second quarter we had a public float of at least \$75 million held by non-affiliates.

We have elected to take advantage of certain of the reduced disclosure obligations in the registration statement of which this prospectus is a part and may elect to take advantage of other reduced reporting requirements in future filings. As a result, the information that we provide to our stockholders may be different than you might receive from other public reporting companies in which you hold equity interests.

RISK FACTORS

Prior to 2013, We Have a History of Losses Requiring Us to Seek Additional Sources of Capital

As of December 31, 2014, we had an accumulated deficit of \$10,395,495. We cannot assure you that we can achieve profitability on a quarterly or annual basis in the future. If revenues grow more slowly than we anticipate, or if operating expenses exceed our expectations or cannot be adjusted accordingly, we will incur losses. Our possible success is dependent upon the successful development and marketing of our services and products, as to which we can give no assurance. Any future success that we might enjoy will depend upon many factors, including factors out of our control or which cannot be predicted at this time. These factors may include changes in or increased levels of competition, including the entry of additional competitors and increased success by existing competitors, changes in general economic conditions, increases in operating costs, including costs of supplies, personnel, marketing and promotions, reduced margins caused by competitive pressures and other economic and non-economic factors. These conditions may have a materially adverse effect upon us or may force us to reduce or curtail operations. In addition, we could require additional funds to sustain and expand our sales and marketing activities, particularly if a well-financed competitor emerges. We can give no assurance that financing will be available in amounts or on terms acceptable to us, if at all. Our inability to obtain sufficient funds from our operations or external sources could require us to curtail or cease operations.

We Have Historically Derived Substantially All of Our Revenue From One Client and if We Were to Lose Such Client and Be Unable to Generate New Sales to Offset Such Loss, We May Be Forced to Cease or Curtail Our Operations.

In 2003, Next Day Gourmet initially contracted with our subsidiary, Food Innovations to handle the distribution of over 3,000 perishable and specialty food products to customers of US Foods. In February 2010, Food Innovations signed a new contract with US Foods that was scheduled to expire in December 2012 but was automatically extended for an additional 12 months in each of January 2013 and 2014 and in January 2015 we entered into a new two year agreement with up to an additional three years of renewals. Our sales through US Food's sales force generated gross revenues for us of \$18,446,745 in the year ended December 31, 2014, and \$16,993,108 in the year ended December 31, 2013. Those amounts contributed 60% and 75% respectively, of our total sales in those periods. For the three months ended March 31, 2015 sales with US Foods were \$4,754,544, representing 42.5% of our sales for the quarter. Our sales efforts are for the most part substantially dependent upon the efforts of the US Foods sales force. Although we have generated revenues from additional customers other than US Foods, if our relationship with US Foods were to be materially changed and we are unable to generate substantial new sales to offset such loss, we may be forced to cease or curtail our operations.

A Variety of Factors, Including Seasonality and the Economic Environment, May Cause Our Quarterly Operating Results to Fluctuate, Leading to Volatility in Our Stock Price.

Our quarterly results have fluctuated in the past and may fluctuate in the future, depending upon a variety of factors, including changes in economic conditions, shifts in the timing of holiday selling seasons, including Valentine's Day, Easter, Halloween, Thanksgiving and Christmas, as well as timing shifts due to 53-week fiscal years, which occur every five years.

If We Fail to Attract and Retain Key Personnel, Our Business and Operating Results May be Harmed.

Our future success depends to a significant degree on the skills, experience and efforts of key personnel in our senior management, whose vision for our company, knowledge of our business and expertise would be difficult to replace. If any one of our key employees leaves, is seriously injured or unable to work, or fails to perform and we are unable to

find a qualified replacement, we may be unable to execute our business strategy.

**We May Be Unable to Manage Our Growth Which Could Result in Our Being Unable to Maintain Our Operations.**

Our strategy for growth is focused on continued enhancements and expansion to our existing business model, offering a broader range of services and products and affiliating with additional vendors and through possible joint ventures. Pursuing this strategy presents a variety of challenges. We may not experience an increase in our services to our existing customers, and we may not be able to achieve the economies of scale, or provide the business, administrative and financial services, required to sustain profitability from servicing our existing and future customer base. Should we be successful in our expansion efforts, the expansion of our business would place further demands on our management, operational capacity and financial resources. To a significant extent, our future success will be dependent upon our ability to maintain adequate financial controls and reporting systems to manage a larger operation and to obtain additional capital upon favorable terms. We can give no assurance that we will be able to successfully implement our planned expansion, finance its growth, or manage the resulting larger operations. In addition, we can give no assurance that our current systems, procedures or controls will be adequate to support any expansion of our operations. Our failure to manage our growth effectively could have a material adverse effect on our business, financial condition and results of operations.

## Table of Contents

The Specialty Food and Foodservice Industry is Very Competitive, Which May Result in Decreased Revenue for Us as Well as Increased Expenses Associated with Marketing Our Services and Products.

The specialty food and foodservice businesses are highly competitive. We compete against other providers of quality foods, some of which sell their services globally, and some of these providers have considerably greater resources and abilities than we have. These competitors may have greater marketing and sales capacity, established distribution networks, significant goodwill and global name recognition. Our e-commerce websites and direct mail catalogs compete with other e-commerce websites and other direct mail catalogs that market lines of products similar to ours. We compete with national, regional and local businesses utilizing a similar strategy, as well as traditional specialty food distributors. We also compete with other businesses in the fresh delivery service. The substantial sales growth in the direct-to-customer industry within the last decade has encouraged the entry of many new competitors, new business models, and an increase in competition from established companies. Furthermore, it may become necessary for us to reduce our prices in response to competition. This could negatively impact our ability to be profitable.

Our Success Depends on Our Acceptance by the Chef Community and Consumers of Fresh Delivered Meals and if They Do Not Accept Our Products Then Our Revenue Will be Severely Limited.

The chef community and those seeking fresh delivery of meals may not embrace our products. Acceptance of our services will depend on several factors, including: cost, product freshness, convenience, timeliness, strategic partnerships and reliability. Any of these factors could have a material adverse effect on our business, results of operations and financial condition. We also cannot be sure that our business model will gain wide acceptance among chefs. If the market fails to continue to develop, or develops more slowly than we expect, our business, results of operations and financial condition will be adversely affected.

We Rely Upon Outside Vendors and Shippers for Our Specialty Food Products and Interruption in the Supply of Our Products or their Failure to Adhere to Our Quality Standards May Negatively Impact Our Revenues.

Shortages in supplies of the food products we sell may impair our ability to provide our services. Our vendors are independent and we cannot guarantee their future ability to source the products that we sell. Many of our products are wild-caught, and we cannot guarantee their availability in the future. Unforeseen strikes and labor disputes as well as adverse weather conditions may result in our inability to deliver our products in a timely manner. Also, if our suppliers fail to supply quality product in a timely and effective manner it could lead to an increase in recalls and customer litigation against us which could harm our brands' images and negatively affect our business and operating results. The success of our business depends, in part, on our ability to timely and effectively deliver merchandise (i.e. fresh products and fresh meals) to our customers. We cannot control all of the various factors that might affect our fulfillment rates in direct-to-customer sales. We are heavily dependent upon one carrier for the delivery of our fresh products and to one company for the delivery of our fresh meals to our customers. Accordingly, we are subject to risks, including labor disputes, union organizing activity, inclement weather, technology breakdowns, natural disasters, the closure of their offices or a reduction in operational hours due to an economic slowdown, possible acts of terrorism associated with their ability to provide delivery services to meet our shipping needs, disruptions or increased fuel costs, and costs associated with any regulations to address climate change. Since our customers rely on us to deliver their orders daily or within 24-72 hours, delivery delays could significantly harm our business.

We Are and May Be Subject to Regulatory Compliance and Legal Uncertainties.

Changes in government regulation and supervision or proposed Department of Agriculture or other regulatory agency reforms or rule changes could impair our sources of revenue and limit our ability to expand our business. In the event any future laws or regulations are enacted which apply to us, we may have to expend funds and/or alter our operations to insure compliance.

The Market May Not Readily Accept Our New Products.

Demand and market acceptance for relatively new products, such as our new line of fresh delivered meals, are subject to a high level of uncertainty. The successful introduction of any new product line requires a focused, efficient strategy to create awareness of and desire for the products. For example, in order to achieve market acceptance for our line of fresh dietary meals, we will need to educate the public about the health and convenience benefits our product could provide them. Similarly, we will have to make health and weight conscious people aware of this line's existence, draw users to its site and compel them to return to the site for repeat visitations.

## Table of Contents

Our marketing strategy may be unsuccessful and is subject to change as a result of a number of factors, including changes in market conditions, the nature of possible license and distribution arrangements and strategic alliances which may become available to us in the future and general economic, regulatory and competitive factors. We can give no assurance that our strategy will result in successful product commercialization or that our efforts will result in initial or continued market acceptance for our proposed products.

**In Order to be Successful, We Must be able to Enhance Our Existing Products and Develop and Introduce New Products and Services to Respond to Changing Market Demand.**

The markets in which we operate are characterized by frequently changing customer demand and the introduction of new “flavors of the month” as certain foods become more and less popular. Changes in customer preferences and buying trends may also affect our products differently. We must be able to stay current with preferences and trends in specialty food and address the customer tastes for each of our target customer demographics. We must also be able to identify and adjust products to cater to customer demands and dietary needs. For example, a change in customer preferences for gluten free items may not correlate to a similar change in buying trends for other specialty food. In order to be successful, we must be able to enhance our existing products and develop and introduce new products and services to respond to changing market demand for new tastes. The development and enhancement of services and products entails significant risks, including:

- o the inability to effectively adapt new food types to our business;
- o the failure to conform our services and products to evolving industry standards;
- o the inability to develop, introduce and market enhancements to our existing services and products or new services and products on a timely basis; and
- o the non-acceptance by the market of such new service and products.

If we misjudge either the market for our products or our customers’ purchasing habits, our sales may decline significantly which would negatively impact our business and operating results.

**Any Acquisitions We Make Could Result in Difficulties in Successfully Managing Our Business and Consequently Harm Our Financial Condition.**

We seek to expand by acquiring complementary businesses in our current or ancillary markets. We cannot accurately predict the timing, size and success of our acquisition efforts and the associated capital commitments that might be required. We expect to face competition for acquisition candidates, which may limit the number of acquisition opportunities available to us and may lead to higher acquisition prices. There can be no assurance that we will be able to identify, acquire or profitably manage additional businesses or successfully integrate acquired businesses, if any, without substantial costs, delays or other operational or financial difficulties. In addition, acquisitions involve a number of other risks, including:

- failure of the acquired businesses to achieve expected results;
- diversion of management’s attention and resources to acquisitions;
- failure to retain key customers or personnel of the acquired businesses;
- disappointing quality or functionality of acquired equipment and people: and

- risks associated with unanticipated events, liabilities or contingencies.

Client dissatisfaction or performance problems at a single acquired business could negatively affect our reputation. The inability to acquire businesses on reasonable terms or successfully integrate and manage acquired companies, or the occurrence of performance problems at acquired companies, could result in dilution, unfavorable accounting treatment or one-time charges and difficulties in successfully managing our business.

Our Future Results Depend on Continued Evolution of the Internet and its Use by Consumers for Buying Our Products.

Our future results depend on continued growth in the use of the Internet for information, publication, distribution and commerce. Our growth is also dependent on increasing availability to residential consumers of broadband Internet access which will allow such persons to access higher-capacity content through the Internet. Our business could suffer if Internet usage and broadband availability does not continue to grow and evolve. In addition, the concept of ordering food, including ingredients and whole meals is a relatively new concept and represents a radical change from the way all of today's adults were brought up. Our ability to grow our business depends upon heads of households or those empowered with producing meals to break away from old habits and embrace the concept of ordering food over the Internet.

If We are Unable to Effectively Manage Our E-Commerce Business Our Reputation and Operating Results May be Harmed.

E-commerce has been our fastest growing business over the last several years and continues to be a significant part of our sales success. The success of our e-commerce business depends, in part, on third parties and factors over which we have limited control. We are also vulnerable to certain additional risks and uncertainties associated with our e-commerce websites, including: changes in required technology interfaces; website downtime and other technical failures; internet connectivity issues; costs and technical issues as we upgrade our website software; computer viruses; changes in applicable federal and state regulations; security breaches; and consumer privacy concerns. In addition, we must keep up to date with competitive technology trends, including the use of new or improved technology, creative user interfaces and other e-commerce marketing tools such as paid search and mobile applications, among others, which may increase our costs and which may not succeed in increasing sales or attracting customers. Our failure to successfully respond to these risks and uncertainties might adversely affect the sales in our e-commerce business, as well as damage our reputation and brands.

We May be Exposed to Risks and Costs Associated with Credit Card Fraud and Identity Theft that could Cause Us to Incur Unexpected Expenses and Loss of Revenue.

A significant portion of our customer orders are placed through our e-commerce websites. In addition, a significant portion of sales made through our retail channel require the collection of certain customer data, such as credit card information. In order for our sales channel to function and develop successfully, we and other parties involved in processing customer transactions must be able to transmit confidential information, including credit card information, securely over public networks. Third parties may have the technology or knowledge to breach the security of customer transaction data. Although we take the security of our systems and the privacy of our customers' confidential information seriously, we cannot guarantee that our security measures will effectively prevent others from obtaining unauthorized access to our information and our customers' information. Any person who circumvents our security measures could destroy or steal valuable information or disrupt our operations. Any security breach could cause consumers to lose confidence in the security of our websites and choose not to purchase from us. Any security breach could also expose us to risks of data loss, litigation and liability and could seriously disrupt our operations and harm our reputation, any of which could harm our business.

In addition, states and the federal government are increasingly enacting laws and regulations to protect consumers against identity theft. Compliance with these laws will likely increase the costs of doing business and, if we fail to implement appropriate safeguards or to detect and provide prompt notice of unauthorized access as required by some of these new laws, we could be subject to potential claims for damages and other remedies, which could harm our business.

Earthquakes, Inclement Weather or Other Events Out of Our Control May Damage or Limit Production from Our Facilities and Our Ability to Timely Deliver Products Thereby Adversely Affecting Our Results of Operations.

We have significant operations in New York and in other areas where weather or other events such as an earthquake, tsunami, flood, typhoon, fire, or other natural or manmade events, could disrupt our operations and impair production or distribution of our products, damage inventory, interrupt critical functions, or otherwise affect our business negatively, adversely affecting our results of operations.

Declines in General Economic Conditions and the Resulting Impact on Consumer Confidence and Consumer Spending Could Adversely Impact Our Results of Operations.

Our financial performance is subject to declines in general economic conditions and the impact of such economic conditions on levels of consumer confidence and consumer spending. Consumer confidence and consumer spending may deteriorate significantly, and could remain depressed for an extended period of time. Consumer purchases of discretionary items, including our merchandise, generally decline during periods when disposable income is limited, unemployment rates increase, consumer perceptions of personal well-being and security declines or there is economic uncertainty. An uncertain economic environment, could adversely impact our business and operating results.

**We Are and May Be Subject to Regulatory Compliance and Legal Uncertainties.**

Changes in government regulation and supervision or proposed Department of Agriculture or other regulatory agency reforms or rule changes could impair our sources of revenue and limit our ability to expand our business. In the event any future laws or regulations are enacted which apply to us, we may have to expend funds and/or alter our operations to insure compliance. New Internet legislation or regulation, or the application of existing laws and regulations to the Internet and e-commerce could add additional costs and risks to doing business on the Internet. We are subject to regulations applicable to businesses generally and laws or regulations directly applicable to communications over the Internet and access to e-commerce. Although there are currently few laws and regulations directly applicable to e-commerce, it is possible that a number of laws and regulations may be adopted with respect to the Internet, covering issues such as user privacy, pricing, content, copyrights, distribution, antitrust, taxation and characteristics and quality of products and services.

**The Issuance of Shares Upon Conversion of Convertible Notes and Exercise of Outstanding Warrants or Restricted Stock Units May Cause Immediate and Substantial Dilution to Our Existing Stockholders.**

The issuance of shares upon conversion of convertible notes and exercise of warrants and restricted stock units may result in substantial dilution to the interests of other stockholders since the note/warrant/restricted stock unit holders may ultimately convert or exercise and sell the full amount of shares issuable on conversion/exercise/vesting. Although, for the most part, such note/warrant holders may not convert their convertible notes and/or exercise their warrants if such conversion or exercise would cause them to own more than 9.99% of our outstanding common stock unless there was a management change or a change of control, this restriction does not prevent them from converting and/or exercising some of their holdings, selling off those shares, and then converting the rest of their holdings. In this way, they could sell more than this limit while never holding more than this limit; nor does that cap apply to any holder of restricted stock units. We anticipate that eventually, over time, the full amount of the convertible notes could be converted into shares of our common stock, in accordance with the terms of the secured convertible notes, as well as the exercise of the warrants and the issuance of shares underlying the restricted stock units which will cause significant dilution to our other shareholders.

**If We Are Required for any Reason to Repay Our Outstanding Convertible Notes We Would Be Required to Deplete Our Working Capital, If Available, or Raise Additional Funds.**

We can be required to repay certain of our convertible notes or other notes. If we are required to repay a significant amount of these notes, we would be required to use our limited working capital and/or raise additional funds (which may be unavailable) which would have the effect of causing further dilution and lowering shareholder value. If we were unable to pay the notes when required, the note holders could commence legal action against us and foreclose on almost all of our assets to recover the amounts due. Any such action could require us to curtail or cease operations.

**We may be Subject to Legal Proceedings that Could be Time Consuming, Result in Costly Litigation, Require Significant Amounts of Management Time and Result in the Diversion of Significant Operational Resources.**

We are involved in lawsuits, claims and proceedings incident to the ordinary course of our business. Litigation is inherently unpredictable. Any claims against us, whether meritorious or not, could be time consuming, result in costly litigation, require significant amounts of management time and result in the diversion of significant operational resources. We believe that we have meritorious defenses against these actions, and we will continue to vigorously defend against them. The cost of defending against all these types of claims against us or the ultimate resolution of such claims, whether by settlement or adverse court decision, may harm our business and operating results and may be in excess of any amounts previously reserved for legal expenses. In addition, the increasingly regulated business environment and the nature of our products may result in a greater number of enforcement actions and private

litigation. This could subject us to increased exposure to stockholder lawsuits. (See “Business – Litigation”)

We are a Smaller Reporting Company, and We Cannot be Certain if the Reduced Reporting Requirements Applicable to Smaller Reporting Companies Will Make our Common Stock Less Attractive to Investors.

We are a smaller reporting company, as defined in the Securities Act of 1933. For as long as we continue to be a smaller reporting company, we may take advantage of exemptions from various reporting requirements that are applicable to other public companies that are not smaller reporting companies, including not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding historical financial statements, executive compensation in our periodic reports, registration statements, and proxy statements and exemptions from the requirements of holding nonbinding advisory votes on executive compensation and stockholder approval of any golden parachute payments not previously approved. We cannot predict if investors will find our common stock less attractive because we may rely on these exemptions. If some investors find our common stock less attractive as a result, there may be a less active trading market for our common stock and our stock price may be more volatile.

We will remain a Smaller Reporting Company until the beginning of a year in which we had a public float of \$75 million held by non-affiliates as of the last business day of the second quarter of the prior year.

Our common stock is subject to the "Penny Stock" Rules of the SEC and the trading market in our securities is limited, which makes transactions in our stock cumbersome and may reduce the value of an investment in our stock.

The Securities and Exchange Commission has adopted Rule 15g-9 which establishes the definition of a "penny stock," for the purposes relevant to us, as any equity security that has a market price of less than \$5.00 per share or with an exercise price, for warrants or options or conversion price for convertible notes, of less than \$5.00 per share, subject to certain exceptions. For any transaction involving a penny stock, unless exempt, the rules require:

that a broker or dealer approve a person's account for transactions in penny stocks; and  
the broker or dealer receives from the investor a written agreement to the transaction, setting forth the identity and quantity of the penny stock to be purchased.

In order to approve a person's account for transactions in penny stocks, the broker or dealer must:

obtain financial information and investment experience objectives of the person; and  
make a reasonable determination that the transactions in penny stocks are suitable for that person and the person has sufficient knowledge and experience in financial matters to be capable of evaluating the risks of transactions in penny stocks.

The broker or dealer must also deliver, prior to any transaction in a penny stock, a disclosure schedule prescribed by the Commission relating to the penny stock market, which, in highlight form:

Sets forth the basis on which the broker or dealer made the suitability determination, and  
that the broker or dealer received a signed, written agreement from the investor prior to the transaction.

Disclosure also has to be made about the risks of investing in penny stocks in both public offerings and in secondary trading and about the commissions payable to both the broker-dealer and the registered representative, current quotations for the securities and the rights and remedies available to an investor in cases of fraud in penny stock transactions. Finally, monthly statements have to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks.

Generally, brokers may be less willing to execute transactions in securities subject to the "penny stock" rules. This may make it more difficult for investors to dispose of our common stock and cause a decline in the market value of our stock.

#### USE OF PROCEEDS

We will not receive any funds from the shares registered herein, all of which proceeds shall inure to the benefit of the selling stockholders.

## PRICE RANGE OF COMMON STOCK

Prices for our common stock are quoted on the OTCQB. Since March 2004, our common stock has traded under the symbol "IVFH". Prior thereto, our common stock traded under the symbol "FBSN". 22,622,784 shares of our common stock were outstanding as of May 10, 2015. The following table sets forth the high and low closing sales prices of our common stock as reported in the OTCQB for each full quarterly period within the two most recent fiscal years and the current year.

Fiscal Year Ending December 31, 2015	HIGH	LOW
First Quarter	\$ 1.40	\$ 1.22
Second Quarter thru June 11, 2015	1.40	1.15
Fiscal Year Ending December 31, 2014	HIGH	LOW
First Quarter	\$ 1.80	\$ 1.13
Second Quarter	1.75	1.20
Third Quarter	1.69	1.16
Fourth Quarter	1.75	1.20
Fiscal Year Ending December 31, 2013	HIGH	LOW
First Quarter	\$ 0.45	\$ 0.21
Second Quarter	0.48	0.30
Third Quarter	1.09	0.36
Fourth Quarter	1.75	1.02

The quotations listed above reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions. On June 8, 2015, the closing price of our common stock as reported by the OTC Market was \$1.28. All share prices have been restated to reflect the 1-50 reverse split implemented on June 30, 2012.

## Security Holders

On December 31, 2014 there were 52 record holders of our common stock, and on May 31, 2015, there were 64. In addition, we believe there are at least several hundred additional beneficial owners of our common stock whose shares are held in "street name."

## Dividends

We have never paid dividends, and have no current plans to pay dividends on our common stock. We currently intend to retain all earnings, if any, for use in our business.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND  
RESULTS OF OPERATIONS

The following discussion and analysis should be read together with our financial statements and the related notes appearing elsewhere in this prospectus. This discussion contains forward-looking statements reflecting our current expectations that involve risks and uncertainties. See "Forward-Looking Statements" for a discussion of the uncertainties, risks and assumptions associated with these statements. Actual results and the timing of events could differ materially from those discussed in our forward-looking statements as a result of many factors, including those set forth under "Risk Factors" and elsewhere in this prospectus.

FORWARD LOOKING STATEMENTS

The following discussion should be read in conjunction with the consolidated financial statements and the related notes thereto, as well as all other related notes, and financial and operational references, appearing elsewhere in this document.

Certain information contained in this discussion and elsewhere in this prospectus may include "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, and is subject to the safe harbor created by that act. The safe harbor created by the Private Securities Litigation Reform Act will not apply to certain "forward looking statements" because we issued "penny stock" (as defined in Section 3(a)(51) of the Securities Exchange Act of 1934 and Rule 3a51-1 under the Exchange Act) during the three year period preceding the date(s) on which those forward looking statements were first made, except to the extent otherwise specifically provided by rule, regulation or order of the Securities and Exchange Commission. We caution readers that certain important factors may affect our actual results and could cause such results to differ materially from any forward-looking statements which may be deemed to have been made in this prospectus or which are otherwise made by or on our behalf. For this purpose, any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. Without limiting the generality of the foregoing, words such as "may", "will", "expect", "believe", "explore", "consider", "anticipate", "intend", "could", "estimate", "plan", "propose" or "continue" or the negative variations of those words or comparable terminology are intended to identify forward-looking statements. Factors that may affect our results include, but are not limited to, the risks and uncertainties associated with:

Our ability to raise capital necessary to sustain our anticipated operations and implement our business plan,

Our ability to implement our business plan,

Our ability to generate sufficient cash to pay our lenders and other creditors,

Our dependence on one major customer, our contract with whom ends in December 2015, and while we are negotiating a multi-year extension, no assurance can be given that the negotiations will be successful,

Our ability to employ and retain qualified management and employees,

Our dependence on the efforts and abilities of our current employees and executive officers,

Changes in government regulations that are applicable to our current or anticipated business,

Changes in the demand for our services,

The degree and nature of our competition,

The lack of diversification of our business plan,

Our ability to integrate new acquisitions into our existing operations,

The general volatility of the capital markets and the establishment of a more active market for our shares, and

Disruption in the economic and financial conditions primarily from the impact of past terrorist attacks in the United States, threats of future attacks, police and military activities overseas and other disruptive worldwide political and economic events and weather conditions.

Table of Contents

We are also subject to other risks detailed from time to time in our other Securities and Exchange Commission filings and elsewhere in this report. Any one or more of these uncertainties, risks and other influences could materially affect our results of operations and whether forward-looking statements made by us ultimately prove to be accurate. Our actual results, performance and achievements could differ materially from those expressed or implied in these forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether from new information, future events or otherwise.

## Critical Accounting Policy and Estimates

## Use of Estimates in the Preparation of Financial Statements

The preparation of these financial statements included in this report requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. These estimates include certain assumptions related to doubtful accounts receivable, stock-based services, valuation of financial instruments, and income taxes. On an on-going basis, we evaluate these estimates, including those related to revenue recognition and concentration of credit risk. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. We believe our estimates have not been materially inaccurate in past years, and our assumptions are not likely to change in the foreseeable future.

RESULTS OF OPERATIONS

The following is a discussion of our financial condition and results of operations for the three months ended March 31, 2015 and 2014:

This discussion may contain forward looking-statements that involve risks and uncertainties. Our future results could differ materially from the forward looking-statements discussed in this report. This discussion should be read in conjunction with our unaudited condensed consolidated financial statements, the notes thereto and other financial information included elsewhere in the report.

Three Months Ended March 31, 2015 Compared to Three Months Ended March 31, 2014

Revenue

Revenue increased by \$5,628,351 or approximately 101.4% to \$11,181,817 for the three months ended March 31, 2015 from \$5,553,466 in the prior year. Approximately \$4,604,969 of the increase was attributable to revenue associated with The Fresh Diet, Inc. which the Company acquired effective August 15, 2014, and approximately \$1,023,382 of the increase was due to organic growth of the Company. In addition, as a result of the acquisition, pursuant to GAAP accounting rules governing the fair value of deferred revenue in an acquisition, the Company's gross sales were reduced in the amount of \$361,227 due to the amortization of the discount on acquired deferred revenue.

We continue to assess the potential of new revenue sources from the manufacture and sale of proprietary food products and additional sales channel opportunities in both the foodservice and consumer space and will implement that strategy if, based on our analysis, we deem it beneficial to us.

Any changes in the food distribution, specialty foods and direct to consumer delivered meals operating landscape that materially hinders our current ability and/or cost to deliver our products to our customers could potentially cause a material impact on our net revenue and gross margin and, therefore, our profitability and cash flows could be adversely affected.

Currently, a small portion of our revenues comes from imported products or international sales. Our current sales from such segments may be hampered and negatively impacted by any economic tariffs that may be imposed in the United States or in foreign countries.

See "Transactions with Major Customers" and the Securities and Exchange Commission's ("SEC") mandated FR-60 disclosures following the "Liquidity and Capital Resources" section for a further discussion of the significant customer concentrations, loss of significant customer, critical accounting policies and estimates, and other factors that could affect future results.

### Cost of goods sold

Our cost of goods sold for the three months ended March 31, 2015 was \$8,185,305, an increase of \$4,455,450 or approximately 119.5% compared to cost of goods sold of \$3,729,855 for the three months ended March 31, 2014. The increase was primarily attributable to costs associated with The Fresh Diet, which the Company acquired effective August 15, 2014 and to an increase in organic revenues. Cost of goods sold is made up of the following expenses for the three months ended March 31, 2015: cost of goods of specialty, meat, game, cheese, seafood, poultry and other sales categories in the amount of \$3,433,903; and kitchen operating expenses including payroll, rents, depreciation, and preparation; shipping and delivery expenses including payroll and handling; and purchase allowance expenses in the amount of \$4,751,402. Total gross margin was approximately 26.8% of sales in 2015, compared to approximately 32.8% of sales in 2014. The decrease in gross margins for 2015 are primarily attributable to the operations of The Fresh Diet which we acquired on August 15, 2014. The operations of The Fresh Diet also included a non-cash operational charge associated with the valuation of deferred revenues which had the effect of lowering Fresh Diet's gross margin.

In 2015, we continued to price our products in order to gain market share and increase the number of our end users. We were successful in both increasing sales and increasing market share. We currently expect, if market conditions and our product revenue mix remain constant, that our cost of goods sold will either remain stable or possibly improve slightly.

### Selling, general and administrative expenses

Selling, general, and administrative expenses increased by \$3,513,285 or approximately 256.8% to \$4,881,396 during the three months ended March 31, 2015 compared to \$1,368,111 for the three months ended March 31, 2014. The increase in selling, general, and administrative expenses was primarily due to costs associated with The Fresh Diet, which the Company acquired effective August 15, 2014.

### Other Income

Other income was \$0 during the three months ended March 31, 2015 compared to \$20,000 for the three months ended March 31, 2014, which was due to the adjustment of the contingent liability due to The Haley Group, LLC pursuant to the terms of the Haley acquisition.

### Interest expense

Interest expense, net of interest income, decreased by \$155,024 or approximately 54.1% to \$131,770 during the three months ended March 31, 2015, compared to \$286,794 during the three months ended March 31, 2014. Approximately 24.7% or \$32,163 of the interest expense was accrued or paid interest on the company's notes payable; approximately 75.3% or \$99,157 of the interest was a non-cash GAAP accounting charge associated with the amortization of the discounts on the Company's notes payable.

### Net Income attributable to variable interest entities

During the three months ended March 31, 2015, the Company recognized income of \$1,544 from a variable interest entity acquired as part of the acquisition of The Fresh Diet during the current period. There was no such income or loss in the comparable period of the prior year.

## Table of Contents

### Net (Loss) Income attributable to Innovative Food Holdings, Inc.

For the reasons above, the Company had a net loss for the three months ended March 31, 2015 of \$2,015,110 which is an increase of \$2,203,816 or approximately 1,167% compared to a net income of \$188,706 during the three months ended March 31, 2014, although approximately 60.5%, of such loss was due to non-cash GAAP accounting charges including the amortization of the discount on deferred revenues acquired, non-cash compensation expense and amortization of discounted notes.

### Year Ended December 31, 2014 Compared to Year Ended December 31, 2013

#### Revenue

Revenue increased by \$8,288,929 or approximately 36.8% to \$30,800,858 for the year ended December 31, 2014 from \$22,511,929 in the prior year. Approximately \$4,917,130 of the increase was attributable to revenue associated with The Fresh Diet, which the Company acquired effective August 15, 2014, and approximately \$3,371,799 of the increase was due to organic growth of the Company. In addition, as a result of the acquisition, pursuant to GAAP accounting rules governing the fair value of deferred revenue in an acquisition, the Company's gross sales were reduced in the amount of \$1,164,563 due to the amortization of the discount on acquired deferred revenue.

We continue to assess the potential of new revenue sources from the manufacture and sale of proprietary food products and additional sales channel opportunities in both the foodservice and consumer space and will implement that strategy if, based on our analysis, we deem it beneficial to us.

Any changes in the food distribution, specialty foods and direct to consumer delivered meals operating landscape that materially hinders our current ability and/or cost to deliver our products to our customers could potentially cause a material impact on our net revenue and gross margin and, therefore, our profitability and cash flows could be adversely affected.

#### Cost of goods sold

Our cost of goods sold for the twelve months ended December 31, 2014 was \$22,691,387, an increase of \$6,828,641 or approximately 43% compared to cost of goods sold of \$15,862,746 for the twelve months ended December 31, 2013. The increase was primarily attributable to costs associated with The Fresh Diet, which the Company acquired effective August 15, 2014 and to an increase in organic revenues. Cost of goods sold is made up of the following expenses for the twelve months ended December 31, 2014: cost of goods of specialty, meat, game, cheese, seafood, poultry and other sales categories in the amount of \$13,003,809; and kitchen expenses, preparation, shipping, delivery,

handling, and purchase allowance expenses in the amount of \$9,687,578. Total gross margin was approximately 26.3% of sales in 2014, compared to approximately 29.5% of sales in 2013. The decrease in gross margins for 2014 are primarily attributable to the operations of The Fresh Diet which we acquired on August 15, 2014. ### Selling, general, and administrative expenses

Selling, general, and administrative expenses increased by \$5,341,719 or approximately 94.0% to \$11,025,083 during the twelve months ended December 31, 2014 compared to \$5,683,364 for the twelve months ended December 31, 2013. The increase in selling, general, and administrative expenses was primarily due to costs associated with The Fresh Diet, which the Company acquired effective August 15, 2014.

### Interest expense, net

Interest expense, net of interest income, decreased by \$1,628,006 or approximately 66.4% to \$824,070 during the twelve months ended December 31, 2014, compared to \$2,452,076 during the twelve months ended December 31, 2013. Approximately 14.1% or \$116,372 of the interest expense was accrued or paid interest on the company's notes payable; approximately 85.9% or \$707,698 of the interest was a non-cash GAAP accounting charge associated with the amortization of the discounts on the Company's notes payable.

### Other Income

Other income was \$8,734 during the December 31, 2014 which was related to the disposal of certain property and equipment. There was no such gain during the year ended December 31, 2013.

### Net income attributable to variable interest entities

For the reasons above, the Company had a net loss for the twelve months ended December 31, 2014 of \$3,732,132 which is an increase of \$2,245,875 or approximately 151% compared to a net loss of \$1,486,257 during the twelve months ended December 31, 2013. Approximately 95% of such loss was due to non-cash GAAP accounting charges including the amortization of the discount on deferred revenues acquired, non-cash compensation and amortization of discounted notes.

### Net Income attributable to Innovative Food Holdings, Inc.

For the reasons above, the Company had a net loss for the twelve months ended December 31, 2014 of \$3,732,132 which is an increase of \$2,245,875 or approximately 151% compared to a net loss of \$1,486,257 during the twelve months ended December 31, 2013, although approximately 95%, of such loss was due to non-cash GAAP accounting charges including the amortization of the discount on deferred revenues acquired, amortization of non-cash compensation and amortization of discounted notes.

### Liquidity and Capital Resources

As of March 31, 2015, the Company had current assets of \$6,954,080 consisting of cash and cash equivalents of \$3,211,491; trade accounts receivable of \$1,304,12; inventory of \$1,172,482; other current assets of \$804,745; and amount due from related parties of \$461,241. Also at March 31, 2015, the Company had current liabilities of \$13,398,814, consisting of deferred revenue of \$4,777,092; accounts payable and accrued liabilities of \$4,944,665 (of which \$462,045 was payable to related parties); accrued interest of \$692,547 (of which \$85,945 was payable to related parties); current portion of notes payable, net of discounts, of \$1,258,560; contingent liabilities of \$546,250; and current portion of notes payable – related parties of \$110,500. In addition, current liabilities included a deferred tax liability of \$1,069,200, which is related to intangible assets acquired in The Fresh Diet transaction. The deferred tax liability may be adjusted based on the value of assets but does not affect the Company's current profitability or current cash obligations.

During the three months ended March 31, 2015, the Company used cash from operating activities in the amount of \$950,838. This consisted of the Company's net loss of \$(2,016,654) offset by non-cash charges for the amortization of discount on notes payable of \$99,157; depreciation and amortization of \$295,742; and stock based compensation in the amount of \$759,603. The Company's cash position also increased by \$88,686 as a result of changes in the components of current assets and current liabilities.

The Company had cash used in investing activities of \$3,018,530 for the three months ended March 31, 2015, which consisted of \$3,000,000 cash paid to re-acquire shares originally issued in The Fresh Diet acquisition, and \$18,530 for the purchase of property and equipment.

## Table of Contents

The Company had cash generated by financing activities of \$4,068,333 for the three months ended March 31, 2015, which consisted of \$4,288,596 from the sale of common stock and \$415,200 from the exercise of warrants, offset by \$360,870 of payments (net of borrowings) on revolving credit facilities; and principal payments on notes payable and capital leases of \$274,592 (including \$166,667 on the Fifth Third Bank Term Loan).

The Company had net working capital deficit of \$6,444,734 as of March 31, 2015. We have generated positive cash flow from operations during the years ended December 31, 2014 and 2013. In addition, the Company's auditors previously removed the going concern qualification to the audit opinion on the Company's financial statements for the year ended December 31, 2012. The Company intends to continue to focus on increasing market share and cash flow from operations by focusing its sales activities on specific market segments and new product lines. Currently, we do not have any material long-term obligations other than those described in Note 12 to the financial statements included in this report. As we seek to increase our sales of new items and enter new markets, acquire new businesses as well as identify new and other consumer and food service oriented products and services, we may use existing cash reserves, long-term financing, or other means to finance such diversification.

On March 6, 2015 we completed a round of financing of \$3,078,998 through the sale of 3,178,420 restricted shares of our common stock at a price per share of \$0.9646, primarily for the purpose of acquiring, in a block sale, the shares of Monolith Ventures Ltd, a former shareholder of The Fresh Diet, who agreed to sell its position of approximately 3 million shares at a price of \$0.9646 per share. Concurrently, Monolith Ventures Ltd. dismissed its previously reported litigation against the Company and exchanged mutual releases with the Company. Simultaneously, the Company also raised an additional \$1,209,596 through the sale of 943,829 restricted shares of the Company's common stock at a price per share of \$1.30. Approximately 2.1 Million shares are subject to a one year lock up. No warrants or other convertible securities were involved in the financing and the financing was completed by officers of the Company without requiring the services of a placement agent. The financing was an exempt private placement under Regulation D with offers and sales made only to "accredited investors" without the use of public advertising.

In March 2015, warrants to purchase 727,272 shares of the Company's common stock were exercised for cash of \$400,000.

If the Company's cash flow from operations is insufficient, the Company may require additional financing in order to execute its operating plan and continue as a going concern. The Company cannot predict whether this additional financing will be in the form of equity or debt, or be in another form. The Company may not be able to obtain the necessary additional capital on a timely basis, on acceptable terms, or at all. The Company expects that any sale of additional equity securities or convertible debt will result in additional dilution to our stockholders.

In any of these events, the Company may be unable to implement its current plans for expansion, repay its debt obligations as they become due or respond to competitive pressures, any of which circumstances would have a material adverse effect on its business, prospects, financial condition and results of operations. The Company has not made any adjustments to the financial statements which would be necessary should the Company not be able to continue as a going concern.

## Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues, or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

## Inflation

In the opinion of management, inflation has not had a material effect on our financial condition or results of its operations.

#### Stock-based Compensation

Effective January 1, 2006, we adopted FASB ASC 718-40. This statement requires us to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. That cost is recognized over the period in which the employee is required to provide service in exchange for the award, which is usually the vesting period.

BUSINESS

General

Our History

We (or the "Company") were initially formed in June 1979 as Alpha Solarco Inc., a Colorado corporation. From June 1979 through February 2003, we were either inactive or involved in discontinued business ventures. We changed our name to Fiber Application Systems Technology, Ltd in February 2003. In January 2004, we changed our state of incorporation by merging into Innovative Food Holdings, Inc. (IVFH), a Florida corporation formed for that purpose. As a result of the merger, we changed our name to Innovative Food Holdings, Inc. In January 2004, we also acquired Food Innovations, Inc. ("FII" or "Food Innovations"), a Delaware corporation, for 500,000 (post reverse-split) shares of our common stock.

On May 18, 2012, the Company executed a Stock Purchase Agreement to acquire all of the issued and outstanding shares of Artisan Specialty Foods, Inc., an Illinois corporation ("Artisan"), from its owner, Mr. David Vohaska. The

purchase price was \$1.2 million, with up to another \$300,000 (with a fair value of \$131,000) payable in the event certain financial milestones were met over the next one or two years. Those milestones have been met. The purchase price was primarily financed via a loan from Alpha Capital in the principal amount of \$1,200,000. The loan was repaid in November 2013 via the issuance of a loan from Fifth Third Bank. Prior to the acquisition, Artisan was a supplier and had sold products to the Company.

On November 2, 2012, the Company entered into an asset purchase agreement (the “Haley Acquisition”) with The Haley Group, LLC whereby we acquired all existing assets of The Haley Group, LLC and its customers. The Haley Acquisition was valued at a total cost of \$119,645. On June 30, 2014, pursuant to a purchase agreement, the Company purchased 100% of the membership interest of Organic Food Brokers, LLC, a Colorado limited liability company (“OFB”), for \$300,000, 100,000 options and up to an additional \$225,000 in earn-outs if certain milestones are met.

## Table of Contents

On August 15, 2014, pursuant to a merger agreement, the Company acquired The Fresh Diet, Inc. (“The Fresh Diet” or “FD”) through a reverse triangular merger as the registrant created a subsidiary corporation that merged with and into FD with FD being the surviving corporation and becoming a wholly-owned subsidiary of the Company. The purchase price consisted of 10,000,000 shares of the Company’s common stock valued at \$14,000,000. During the first quarter of 2015, the Company cancelled 3,110,063 of those shares with a value of \$4,354,088 in exchange for a cash payment of \$3,000,000 to former shareholders of FD. At the time of acquisition, the majority of FD’s current liabilities consisted of approximately \$3.8 million of deferred revenues and approximately \$2.1 million in short term commercial loans and there were additional ordinary course of business expenses such as trade payables, payroll and sales taxes which vary from month to month. In addition, it had some long term obligations the bulk of which consist of interest free loans from FD’s former shareholders in the amount of approximately \$2.2 million which are not due for three years. Prior to the merger FD had purchased an immaterial amount of product from the Company. FD operates as an independent subsidiary subject to oversight of its board of directors and the Company’s President and CEO.

## Our Operations

Our business is currently conducted by our wholly-owned subsidiaries, Artisan, Food Innovations, Food New Media Group, Inc. (“FNM”), OFB, Gourmet Food Service Group, Inc. (“GFG”), Gourmet Foodservice Warehouse, Inc., Gourmeting, Inc.; The Fresh Diet, The Haley Group, Inc. (“Haley”), 4 The Gourmet, Inc. (d/b/a For The Gourmet, Inc.), (“Gourmet” and collectively with IVFH and its other subsidiaries, the “Company” or “IVFH”). Since its incorporation, the Company, primarily through FII’s relationship with US Food, Inc. (“US Foods” or “USF”), has been in the business of providing premium restaurants, within 24 – 72 hours, with the freshest origin-specific perishables, specialty food products, and healthcare products shipped directly from our network of vendors and from our warehouses. Our customers include restaurants, hotels, country clubs, national chain accounts, casinos, hospitals and catering houses. Gourmet has been in the business of providing consumers with gourmet food products shipped directly from our network of vendors and from our warehouses within 24 – 72 hours. GFG is focused on expanding the Company’s program offerings to additional customers. In our business model, we receive orders from our customers and then work closely with our suppliers and our warehouse facilities to have the orders fulfilled. In order to maintain freshness and quality, we carefully select our suppliers based upon, among other factors, their quality, uniqueness, reliability and access to overnight courier services.

Artisan is a supplier of over 1,500 niche gourmet products to over 500 customers such as chefs and restaurants in the Greater Chicago area and also serves as a national fulfillment center for the Company’s other subsidiaries. Haley is a dedicated foodservice consulting and advisory firm that works closely with companies to access private label and manufacturers’ label food service opportunities with the intent of helping them launch and commercialize new products in the broadline foodservice industry and get products distributed via national broadline food distributors. Haley also provides consulting services and other solutions to its clients in the food industry. OFB is a dedicated foodservice consulting and advisory firm that works closely with companies to access private label and manufacturers’ label food service opportunities with the intent of helping them launch and commercialize new products in the retail foodservice industry and provides emerging food brands distribution and shelf placement access in all of the major metro markets in the food retail industry. The Fresh Diet is the nationwide leader in freshly prepared health and wellness gourmet specialty meals, using the finest specialty, artisanal, direct from source ingredients, delivered daily, directly to consumers using The Fresh Diet® platform. The Fresh Diet’s platform includes a company managed or owned preparation and logistics infrastructure, including a comprehensive company managed network of same day and next day last mile food delivery capabilities in 12 states, 44 metropolitan areas, and 573 cities and towns across the United States.

An online meal planner gives the consumer hand-on control over the diet meal based on Traditional and Specialty Diets. Traditional plans include Fresh Classic and Premium Plan, while Specialty Diets include Fresh Vegetarian, Gluten-Free and Doctor's Fresh Plans. Each plan offers a different rate of customization, allowing the consumer to check off foods they don't like, customize their dietary preferences and schedule delivery online.

## Customer Service and Logistics

Our "live" chef-driven customer service department is available by telephone Monday through Thursday, from 8 a.m. to 6 p.m. and on Friday from 8 a.m. to 5 p.m., Florida time. The customer service department is made up of a team of chefs and culinary experts who are full-time employees of the Company, and who are experienced in all aspects of perishable and specialty products. By employing chefs and culinary experts to handle customer service, we are able to provide our customers with extensive information about our products, including:

Flavor profile and eating qualities

Recipe and usage ideas

Origin, seasonality, and availability

Cross utilization ideas and complementary uses of products

Our logistics team tracks every package to ensure timely delivery of products to our customers. The logistics manager receives tracking information on all products ordered, and packages are monitored from origin to delivery. In the event that delivery service is interrupted, our logistics department begins the process of expediting the package to its destination. The customer is then contacted before the expected delivery commitment time allowing the customer ample time to make arrangements for product replacement or menu changes. Our logistics manager works directly with our vendors to ensure our strict packaging requirements are in place at all times.

Customer service and sales teams at The Fresh Diet are available by telephone Monday through Friday from 8 a.m. to 9 p.m. and on Saturday and Sunday from 9 a.m. to 6 p.m. Customer service representatives provide assistance and support to customers as it relates to their dietary and meal preferences, as well as resolve any client inquiries and concerns. Customer services works closely with the sales team to ensure that customers are properly set up and receive the most accurate information about company's products and services. Customer service team also includes certified nutritionists that guide customers in creating a plan that is specific to their dietary needs.

The Fresh Diet meals are prepared and delivered out of five culinary centers across the United States – New York, Los Angeles, Miami, Chicago and Dallas. Each culinary center is led by a General Manager who provides business oversight and is directly responsible for the performance of that culinary center. Meals are delivered through The Fresh Diet company managed delivery network to 12 states, 44 metropolitan areas and 573 cities and towns nationwide.

### Relationship with US Foods

We have historically sold the majority of our products, \$18,446,745 and \$16,993,108 for the years ended December 31, 2014 and 2013, respectively (60% and 75% of total sales in the years ended December 31, 2014 and 2013, respectively) through a distributor relationship between FII and Next Day Gourmet, L.P., a subsidiary of US Foods, a leading broadline distributor. On January 26, 2015 we executed a Vendor Program Agreement between Food Innovations, Inc., our wholly-owned subsidiary, and US Foods. The term of the Agreement is from January 1, 2015 through December 31, 2016 and provides for up to three (3) automatic annual renewals thereafter if no party gives the other 30 days' notice of its intent not to renew.

### Growth Strategy

While the U.S. economic recovery remains fragile, there appears to be much for the specialty food industry to celebrate. According to The Specialty Food Association, specialty food sales during 2013 grew to over \$88 billion; with sale to consumers in retail foodservice at approximately \$79 billion and sales of specialty foodservice products of over \$20 billion. With 3 year sales growth averaging 18%. In addition specialty food sales by distributors grew from \$4.6 billion in 2012 to over \$6.7 billion in 2013. For our continued growth within the specialty foodservice industry and the consumer specialty food industry, we rely on the availability to our customers of our chefs' culinary skills, a high level of personal customer service, premium quality products, new product introductions, and continued expansion of our marketing activities with new and existing customers in both the specialty foodservice space and the consumer specialty food space.

We anticipate attempting to grow our current specialty foodservice business both through increased sales of existing products to our existing foodservice customers, the introduction of new products to our foodservice customers, increasing our foodservice customer base, and through further entry into markets such as the direct to consumer market through a variety of potential sales channels, and sales partnerships and directly via the web.

We believe several factors are increasing consumer awareness of nutrition and driving consumer demand for health and wellness products, including:

- interest in the relationship between diet and health;
- interest in the sourcing and purity of ingredients;
- interest in the relationship between ingredients and health;
- interest in less processed foods;
- people with certain need states, such as those affected by gluten sensitivities and diabetes;
- increasing health care costs;
- changes in media attention and laws affecting labeling and product claims; and
- interest in prolonging life and the quality of life.

As consumers have increasingly sought out new ways to maintain and improve their personal health, they are increasingly aware of the ingredients contained in, or absent from, their food. In addition, certain consumers seek out products to satisfy specific need states, such as gluten free need states. The medical community, restaurants, food

service providers and food and drink manufacturers are increasingly responding to these demands.

We anticipate attempting to grow our current specialty foods direct to consumer business both through increased sales of existing products to our existing The Fresh Diet® customers and, the introduction of new menu items to our existing customers, increasing our customer base by growing The Fresh Diet® brand in existing markets health and wellness we serve and through further entry into new markets.

## Table of Contents

In addition to attempting to grow our current business, we believe that there are lateral opportunities in the food industry. We may consider the possibility of acquiring a specialty food manufacturer, specialty food distributor at some future point in time. We anticipate that, given our current cash flow levels, any acquisition could potentially involve the issuance of additional shares of our common stock or third party financing, which may not be available on acceptable terms. No acquisition will be consummated without thorough due diligence. No assurance can be given that we will be able to identify and successfully conclude negotiations with any potential target.

General economic conditions and consumer confidence can affect the frequency of purchases and amounts spent by consumers for food-prepared-away-from-home and, in turn, can impact our customers and our sales. We believe the current general economic conditions, including pressure on consumer disposable income, may contribute to a slow or declining growth in the overall broadline foodservice market. We intend to continue our efforts to expand our market share and grow earnings by focusing on sales growth, margin management, productivity gains and supply chain management, and product and service differentiation.

## Competition

While we face intense competition in the marketing of our products and services, it is our belief that there is no other single company in the United States that offers such a broad range of customer service oriented, quality, chef driven products and specialty gourmet meals, for delivery from same day to 72 hours. Similarly, with respect to our direct-to-consumer fresh food delivery business, we believe we are the single largest provider of daily delivered fresh meals. Our primary competition in both areas is from local purveyors that supply a limited local market and have a limited range of products and from other specialty gourmet distributors. However, many purveyors are well established, have reputations for success in the development and marketing of these types of products and services and have significantly greater financial, marketing, distribution, personnel and other resources. These financial and other capabilities permit such companies to implement extensive advertising and promotional campaigns, both generally and in response to efforts by additional competitors such as us, to enter into new markets and introduce new products and services.

## Insurance

We maintain a general liability insurance policy with a per occurrence limit of \$1,000,000 and aggregate policy covering \$2,000,000 of liability and non-owned automobile personal injury coverage with a limit of \$1,000,000. In addition, The Fresh Diet has General Liability coverage with a per occurrence limit of \$1,000,000 and aggregate policy limit of \$2,000,000, Business Automobile owned and non-owned personal injury coverage with a limit of \$1,000,000, and umbrella liability coverage with a per occurrence limit of \$3,000,000 and aggregate policy limit of \$3,000,000, which policies also cover Innovative Food Holdings, Inc. Such insurance may not be sufficient to cover all potential claims against us and additional insurance may not be available in the future at a reasonable price.

## Government Regulation

Various federal and state laws currently exist, and more are sure to be adopted, regulating the delivery of fresh food products. We require all third-party vendors to certify that they maintain at least \$2,000,000 liability insurance coverage and compliance with Hazard Analysis and Critical Control Point (HACCP), an FDA- and USDA-mandated food safety program, or a similar standard. Any changes in the government regulation of delivering of fresh food products that hinders our current ability and/or cost to deliver fresh products, could adversely impact our net revenues and gross margins and, therefore, our profitability and cash flows could also be adversely affected.

## Employees

We currently employ 263 full-time employees, including 6 chefs and 2 executive officers and 16 part-time employees. We believe that our relations with our employees are satisfactory. None of our employees are represented by a union.

#### Transactions with Major Customers

### Properties

On October 17, 2008, we entered into a three-year lease with Grand Cypress Communities, Inc. for new premises consisting of 4,000 square feet at 3845 Beck Blvd., Naples, Florida. The commencement date of the lease was January 1, 2009. On November 11, 2011, the Company extended the lease with Grand Cypress Communities, Inc. for 3 years, commencing on January 1, 2012. The annual rent and fees under the lease was approximately \$54,000. The lease provides for a buyout option at the end of the lease with credit towards the purchase price received for the rental payments made during the term of the lease. In February 2013, the lease agreement was amended to a two year lease ending December 31, 2013. The lease was mutually terminated effective August 31, 2013.

On October 1, 2011, the Company entered into a month-to-month lease with Grand Cypress Communities, Inc. for warehouse space consisting of 2,000 square feet at 3845 Beck Blvd., Naples, Florida. The commencement date of this lease was October 1, 2011. The monthly rent and fees under this lease was \$848. This lease was terminated effective July 31, 2013.

On May 7, 2012, we entered into a three-year lease with David and Sherri Vohaska for approximately 18,700 feet of office and warehouse space located at 8121 Ogden Avenue, Lyons, Illinois. The annual rent under the lease is approximately \$8,333 per month for the first year, \$8,417 per month for the second year, and \$8,500 for the third year. David Vohaska is currently an employee of the Company and prior to the Company's acquisition of Artisan was its owner.

On March 8, 2013, we purchased a building and property located at 28411 Race Track Road, Bonita Springs, Florida 34135. The property consists of approximately 1.1 acres of land and close to 10,000 square feet of combined office and warehouse space. The purchase price of the property was \$770,000 and was financed in part by a five year mortgage in the amount of \$546,000. The company relocated all of its office then Florida-based and warehouse facilities into the newly acquired building in Bonita Springs, Florida on July 15, 2013.

On May 14, 2015, we purchased a building and property located at 2528 S. 27th Avenue, Broadview, IL covering approximately 1.33 acres of land with approximately 28,711 square feet of office and warehouse space. The purchase price was \$890,000.

On January 1, 2012 The Fresh Diet entered into a three year lease for approximately 2,500 square feet of office space at 1545 NE 123rd Street, North Miami, FL 33161. The monthly base rent for the premises is \$3,500. The lease is continuing past the end of the term on the same basis with a 60 day notice of termination.

On November 1, 2013 The Fresh Diet entered into a one year lease for approximately 5,400 square feet of industrial kitchen space at 3327 NW 7th Avenue, Miami, FL 33127. The monthly base rent for the premises is \$3,131. The lease is currently on a month-to-month basis on the same terms as contained in the lease.

On December 6, 2013 The Fresh Diet entered into a five year lease for approximately 7,500 square feet of industrial kitchen space at 7700 NW 37th Avenue, Suite B, Miami, FL 33147. The monthly base rent for the premises is \$9,500 during the first year of the lease, escalating to \$10,692 during the fifth year of the lease. The term of the lease will commence upon substantial completion of the premises, expected to occur during the second quarter of 2015.

On February 1, 2011 The Fresh Diet entered into a five year lease for approximately 28,000 square feet of industrial kitchen space at 588 Baltic Street / 345 Butler Street, Brooklyn, NY 11217. The monthly base rent for the premises was \$24,000 during the first year, escalating to \$27,012 during the fifth year of the lease and is renewable for an additional five years on the same terms with the rent escalating from \$28,000 in the first year to \$31,000 in the last year.

On May 28, 2013 The Fresh Diet entered into a 37 month lease extension for approximately 9,800 square feet of industrial kitchen space at 8635 Kittyhawk Ave., Los Angeles, CA. The monthly base rent for the premises is currently \$12,866 escalating to \$13, 252 on June 1, 2015.

On February 17, 2015 The Fresh Diet entered into a six year amendment of lease for approximately 9,700 square feet of industrial kitchen space at 3132 Skyway Circle South, Irving, TX 75038. The base monthly rent for the premises is currently \$6,424 escalating to \$7,227 for years 2 through 6.

On November 1, 2011 The Fresh Diet entered into a two year lease for approximately 5,200 square feet of industrial kitchen space at 80 Fairbank Street, Addison, ILL 60101. The base monthly rent for the premises is currently \$4,025. The lease is currently on a month-to-month basis on the same terms as set forth in the lease.

## Legal Proceedings

From time to time, the Company may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business.

On June 1, 2012, nine persons, on behalf of themselves and others similarly situated, filed a Collective and Class Action Complaint in the New York Federal District Court, Southern District, against Late Night Express Courier Services, Inc. (FL) (“LNE”) and The Fresh Diet Inc. (“The Fresh Diet”) and certain individuals entitled Hernandez, et al. v. The Fresh Diet Inc., et al., Case No. 12 CV 4339 (“Hernandez I”). On or about October 26, 2012, Plaintiffs filed an Amended Complaint adding additional Defendants. The Complaint seeks to recover alleged unpaid overtime wages on behalf of drivers for LNE who delivered meals to The Fresh Diet customers in the tri-state area. In an opinion dated September 29, 2014 (“Opinion”), the District Court Judge denied the Plaintiffs’ motion for Summary Judgment which sought a holding that all the Plaintiffs were employees of Defendants and not independent contractors, as was Defendants’ cross-motion for Summary Judgment seeking a holding that Plaintiffs were independent contractors, the Court finding that there were questions of fact that could not be resolved on motion. In addition, the Plaintiffs’ motion to certify a class of 109 drivers was denied. In the same Opinion, Defendants’ motion to decertify the case from 29 potential opt-in Plaintiffs down to the 9 named Plaintiffs was granted, and the potential claims of the remaining 20 were dismissed without prejudice. All discovery in Hernandez I has been completed. On or about February 24, 2015, a second action was filed in the New York Federal District Court, Southern District, on behalf of 6 (of the 20) additional driver-Plaintiffs entitled Hernandez, et al. v. The Fresh Diet Inc., et al. 15 CV 1338 (“Hernandez II”), containing essentially the same allegations and adding the Company as a party defendant because of its acquisition of The Fresh Diet. In addition, two of the Plaintiffs from Hernandez I also joined the second lawsuit asserting claims for retaliation. An Amended Complaint was filed on April 10, 2015 which added an additional Plaintiff driver, who also alleged a retaliation claim. The two cases were assigned to the same Federal Judge (since they are related), but were not consolidated for discovery or trial.

Prior to the second action and on January 21, 2015, the parties appeared before a Federal Magistrate Judge for mediation. The Magistrate Judge did not succeed in settling the case. On March 17, 2015, the Federal Judge stayed both cases, and referred both of them to the Court’s mediation program for further mediation within 60 days. A mediation session has been scheduled for the middle of June. The Company believes that mediation may lead to a global settlement with all existing Plaintiffs. With respect to Hernandez II, inasmuch as the litigation is in its early phase and discovery has not commenced it is too speculative to predict an outcome, although we believe we will have available to us many of the same defenses as in Hernandez I. However, given the uncertainty of both of these cases and given the additional Plaintiffs in Hernandez II, the Company has recorded a contingent liability of \$400,000 representing the estimated potential amounts payable in the litigations, even though it is possible that the amount of liability or settlement may actually be less than the reserved amount.

## Qualification of Directors

We believe that all of our directors are qualified for their positions and each brings a benefit to the board. Messrs. Kelpfish and Wiernasz, as our executive officers, are uniquely qualified to bring management's perspective to the board's deliberations. Mr. Gold, with his lengthy career working for broker/dealers, brings "Wall Street's" perspective. Mr. Cohn, with his prior history of being an executive and his experience as a director of other companies, brings a well-rounded background and wealth of experience to our board.

## Committees

The Board of Directors does not currently have an Audit Committee, a Compensation Committee, a Nominating Committee or a Governance Committee. The usual functions of such committees are performed by the entire Board of Directors. We are currently having difficulties attracting additional qualified directors, specifically to act as the audit committee financial expert. However, we believe that at least a majority of our directors are familiar with the contents of financial statements.

## Code of Ethics

We have adopted a Code of Ethics that applies to each of our employees, including our principal executive officer and our principal financial officer, as well as members of our Board of Directors. A copy of such Code has been publicly filed with, and is available for free from, the Securities and Exchange Commission.

## Section 16(a) Beneficial Ownership Reporting Compliance

During 2014, each officer and director did not file one Form 4 and Mr. Wiernasz did not file two Forms 4.

## Executive Compensation

The following table sets forth information concerning the compensation for services rendered to us for the year ended December 31, 2014, of our Chief Executive Officer and our other executive officers whose annual compensation exceeded \$100,000 in the fiscal year ended December 31, 2014, if any. We refer to the Chief Executive Officer and these other officers as the named executive officers.

In addition to the performance-based vesting, RSUs vest according to the following schedule: 123,733 on January 1, 2015; 150,000 on July 1, 2015; 150,000 on December 31, 2015; 300,000 on December 31, 2016; 400,000 on July 1, 2017; and 300,000 contingent solely upon the achievement of performance goals and the continued employment with the Company.
- (b) All RSU vesting is contingent upon the attainment of performance goals related to sales and contingent on continued employment with the Company. In addition to the performance-based vesting, RSUs vest according to the following schedule: 198,733 on January 1, 2015; 240,000 on July 1, 2015; 150,000 on December 31, 2015; 75,000 on May 1, 2016; 90,000 on July 1, 2016; 300,000 on December 31, 2016; 490,000 on July 1, 2017.
- (c) Amounts are calculated by multiplying the number of shares shown in the table by \$1.35 per share, which is the closing price of common stock on December 31, 2014 (the last trading day of the 2014 fiscal year).
- (d) Options vest at the rate of 25% each quarter beginning March 31, 2010.
- (e) Weighted-average exercise price.
- (f) Option term is 5 years from the date of vesting.

## Employment Agreements

Our subsidiary, Food Innovations, has employment agreements with certain officers and certain employees. The employment agreements provide for salaries and benefits, including stock grants and extend up to five years. In addition to salary and benefit provisions, the agreements include defined commitments should the employer terminate the employee with or without cause.

SAM KLEPFISH

On November 20, 2012 we entered into an employment agreement with Mr. Klepfish, the Company's CEO, having an effective date of January 1, 2013 and terminating on December 31, 2015. The agreement provides a base compensation in the amount of \$198,312 in cash plus an additional \$27,937 in stock for year one, \$223,987 in cash plus an additional \$24,875 in stock for year two, and \$260,075 in cash plus an additional \$13,688 in stock for year three. The agreement also provides for annual bonuses including bonuses based on increases in EBITDA (as defined in the agreement) of our various subsidiaries; additional bonuses upon the occurrence of certain events such as: listing on specific stock exchanges, spin-offs, investments and stock trading and volume levels. The agreement also provides for stock options with exercise prices ranging from \$0.40 - \$1.60 and an award of restricted stock, which only vests if certain volume and pricing milestones with respect to our common stock are met. Mr. Klepfish also has the option of receiving any portion of his salary or bonus in the form of equity. The agreement also contains non-compete and non-solicitation provisions.

On August 7, 2014, our board of directors approved the amendment of the Employment Agreement with Mr. Klepfish effective as of August 13, 2014. The employment agreement was amended as follows: (i) it has been extended by one year to December 31, 2016; (ii) it provides for 10% annual increases of Base Salary commencing in 2014; (iii) all performance based bonuses are eliminated; (iv) stock grants previously issued with vesting based upon performance or stock price are cancelled; (v) a new performance based bonus structure to partially replace the previous structure; it is based upon meeting certain Cash EBITDA (earnings before interest, taxes, depreciation, and amortization and non-cash compensation charges) targets. The new bonus will have a cash portion and a stock portion, and (vi) 125,000 restricted stock units which vest if (x) the 30 day average closing price of our common stock is \$2.00 or above and there is a 50,000 average daily trading volume for the 30 day period, or (y) there is a 50,000 average daily trading volume for 14 straight trading days; and 175,000 restricted stock units which vest if the 30 day average closing price of our common stock is \$3.00 or above and there is a 50,000 average daily trading volume for 14 straight trading days. Mr. Klepfish will have the option, on an annual basis, to take all or part of the cash portion of the bonus, or any part of Base Salary in the form of stock at a valuation based upon the closing stock price on the last trading day of the prior year. The decision on how much, if any, of the bonus to take in stock must be made by May 1 of each year, unless earlier required. The Cash EBITDA target levels do not include the effect of any potential future acquisitions and also do not include certain one time or non-recurring expenses in the calculation of the Cash EBITDA. If a Cash EBITDA target is missed by 3% or less, the bonus for the target so missed shall be reduced by 20% and if it is missed by 3.1% -5%, the bonus for such target shall be reduced by 30%, except in both cases, Mr. Klepfish has discretion to further reduce the bonuses or even cancel them.

In November 2014, the employment agreement of Mr. Klepfish was amended (i) ) in the event of a change of control (as defined below) all equity based compensation (including options and restricted stock units) payable pursuant to such employment agreements, shall immediately vest and/or restrictions thereon shall lapse, and (ii) to provide that in the event of a termination without Cause (as defined in the employment agreement) he shall receive a lump sum payment equal to the greater of (x) the salary payable over the last six months of the term of the agreement, or (y) the Base Salary (as defined in the employment agreement) remaining through the end of the then-current term of the agreement. The definition of change of control shall mean the occurrence of any of the following events: (w) the sale or transfer by the Company for at least \$25 million (such consideration consisting of cash, cash equivalents, notes or securities) of more than 50% of its Voting Securities (as defined below) or substantially all of its assets; or (x) the acquisition, other than from the Company or employees of it or any of its subsidiaries, by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934) (other than an employee benefit plan of the Company) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than 50% of the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the "Voting Securities"); or (y) the approval by the stockholders of the Company of a reorganization, merger, consolidation or recapitalization of the Company (a

"Business Combination"), other than a Business Combination in which more than 50% of the combined voting power of the outstanding Voting Securities of the surviving or resulting entity immediately following the Business Combination is held by the persons who, immediately prior to the Business Combination, were the holders of the Voting Securities; or (z) the approval by the stockholders of the Company of a complete liquidation or dissolution of the Company, or a sale of all or substantially all of the assets of the Company.

Mr. Klepfish was awarded, as a special bonus, effective November 17, 2014, an aggregate of 1,000,000 restricted stock units ("RSU") subject to time and performance vesting conditions, with the timing conditions as follows: 150,000 RSUs vest on each of July 1 and December 31, 2015; 300,000 RSUs vest on December 31, 2016 and 400,000 RSUs vest on July 1, 2017, and the performance conditions are as follows: for the RSUs vesting in 2015, the Company, on a consolidated basis, must have four months with sales above \$2,500,000 during 2015, for the RSUs vesting in 2016, the Company, on a consolidated basis, must have four months with sales above \$2,500,000 during 2016 and for the RSUs vesting in 2017, the Company, on a consolidated basis, must have four months with sales above \$2,500,000 during 2017, provided however, that if the performance condition is not met in any year, the RSUs scheduled to vest in such year will still vest if the Company, on a consolidated basis, has six months with sales of at least \$2,500,000 during the following year. The Company's board of directors will modify and increase the performance requirements, with the consent of executive, if warranted and appropriate.

## JUSTIN WIERNASZ

On November 20, 2012 we entered into an employment agreement with Mr. Wiernasz, the Company's President, having an effective date of January 1, 2013 and terminating on December 31, 2015. The agreement is for a term of three years, and provides a base compensation in the amount of \$226,250 per annum for year one, \$248,875 per annum for year two, and \$273,763 per annum for year three. The agreement also provides for annual bonuses including bonuses based on increases in EBITDA (as defined in the agreement) of our various subsidiaries; additional bonuses upon the occurrence of certain events such as: listing on specific stock exchanges, spin-offs, investments and stock trading and volume levels. The agreement also provides for stock options with exercise prices ranging from \$0.40 - \$1.60 and an award of restricted stock, which only vests if certain volume and pricing milestones with respect to our common stock are met. Mr. Wiernasz also has the option of receiving any portion of his salary or bonus in the form of equity. The agreement also contains non-compete and non-solicitation provisions.

On August 7, 2014, our board of directors approved the amendment of the Employment Agreement with Mr. Wiernasz effective as of August 13, 2014. The employment agreement was amended as follows: (i) it has been extended by one year to December 31, 2016; (ii) it provides for 10% annual increases of Base Salary commencing in 2014; (iii) all performance based bonuses are eliminated; (iv) stock grants previously issued with vesting based upon performance or stock price are cancelled; (v) a new performance based bonus structure to partially replace the previous structure; it is based upon meeting certain Cash EBITDA (earnings before interest, taxes, depreciation, and amortization and non-cash compensation charges) targets. The new bonus will have a cash portion and a stock portion, and (vi) an award of 75,000 restricted stock units which vest on January 1, 2015 and 75,000 restricted stock units which vest on May 1, 2016. Mr. Wiernasz will have the option, on an annual basis, to take all or part of the cash portion of the bonus, or any part of Base Salary in the form of stock at a valuation based upon the closing stock price on the last trading day of the prior year. The decision on how much, if any, of the bonus to take in stock must be made by May 1 of each year, unless earlier required. The Cash EBITDA target levels do not include the effect of any potential future acquisitions and also do not include certain one time or non-recurring expenses in the calculation of the Cash EBITDA. If a Cash EBITDA target is missed by 3% or less, the bonus for the target so missed shall be reduced by 20% and if it is missed by 3.1% -5%, the bonus for such target shall be reduced by 30%.

The employment agreement of Mr. Wiernasz was amended (i) in the event of a change of control (as defined below) all equity based compensation (including options and restricted stock units) payable pursuant to such employment agreements, shall immediately vest and/or restrictions thereon shall lapse, and (ii) to provide that in the event of a termination without Cause (as defined in the employment agreement) he shall receive a lump sum payment equal to the greater of (x) the salary payable over the last six months of the term of the agreement, or (y) the Base Salary (as defined in the employment agreement) remaining through the end of the then-current term of the agreement. The definition of change of control shall mean the occurrence of any of the following events: (w) the sale or transfer by the Company for at least \$25 million (such consideration consisting of cash, cash equivalents, notes or securities) of more than 50% of its Voting Securities (as defined below) or substantially all of its assets; or (x) the acquisition, other than from the Company or employees of it or any of its subsidiaries, by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934) (other than an employee benefit plan of the Company) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than 50% of the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the "Voting Securities"); or (y) the approval by the stockholders of the Company of a reorganization, merger, consolidation or recapitalization of the Company (a "Business Combination"), other than a Business Combination in which more than 50% of the combined voting power of the outstanding Voting Securities of the surviving or resulting entity immediately following the Business Combination is held by the persons who, immediately prior to the Business Combination, were the holders of the Voting Securities; or (z) the approval by the stockholders of the Company of a complete liquidation or dissolution of the Company, or a sale of all or substantially all of the assets of the Company.

Mr. Wiernasz was awarded, as a special bonus, effective November 17, 2014, an aggregate of 1,000,000 restricted stock units (“RSU”) subject to time and performance vesting conditions, with the timing conditions as follows: 150,000 RSUs vest on each of July 1 and December 31, 2015; 300,000 RSUs vest on December 31, 2016 and 400,000 RSUs vest on July 1, 2017, and the performance conditions are as follows: for the RSUs vesting in 2015, the Company, on a consolidated basis, must have four months with sales above \$2,500,000 during 2015, for the RSUs vesting in 2016, the Company, on a consolidated basis, must have four months with sales above \$2,500,000 during 2016 and for the RSUs vesting in 2017, the Company, on a consolidated basis, must have four months with sales above \$2,500,000 during 2017, provided however, that if the performance condition is not met in any year, the RSUs scheduled to vest in such year will still vest if the Company, on a consolidated basis, has six months with sales of at least \$2,500,000 during the following year. The Company's board of directors will modify and increase the performance requirements, with the consent of executive, if warranted and appropriate.

## Table of Contents

### Compensation Committee Interlocks and Insider Participation

None of our executive officers has served as a director or member of a compensation committee (or other board committee performing equivalent functions) of any other entity, one of whose executive officers served as a director or a member of our Compensation Committee.

### Board Leadership Structure and Role in Risk Oversight

We do not have a Chairman of the Board. Given the small size of the Board and the relatively few meetings, it was determined that a position of Chairman is currently unnecessary. As a practical matter, the Chief Executive Officer runs the meetings.

The board of directors, as a unified body, performs its monitoring and oversight roles and expects its CEO to organize and implement those functions.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. Our management is responsible for the day-to-day management of risks we face, while our board of directors has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our board of directors believes that establishing the right "tone at the top" and that full and open communication between our executive management and our board of directors are essential for effective risk management and oversight. Our CEO communicates frequently with members of the board to discuss strategy and challenges facing the company.

### Director Independence

Our board of directors has determined that with the recent resignation of Mr. Mayer, one-half of the board consists of members who are currently "independent" as that term is defined under current listing standards of NASDAQ. The board of directors considers Messrs. Gold and Cohn to be "independent."

### Audit Committee

We do not have a separately designated standing audit committee. Pursuant to Section 3(a)(58)(B) of the Exchange Act, the entire Board of Directors acts as an audit committee for the purpose of overseeing the accounting and financial reporting processes, and audits of our financial statements. The Commission recently adopted new regulations relating to audit committee composition and functions, including disclosure requirements relating to the presence of an "audit committee financial expert" serving on its audit committee. We have only recently begun increasing our operations, and we are not in a position at this time to attract, retain and compensate additional directors in order to acquire a director who qualifies as an "audit committee financial expert" or to so designate one of our current directors, but we intend to either retain an additional director who will qualify as such an expert or designate one of our current directors as such an expert, as soon as reasonably practicable. Our current directors, by virtue of their past employment experience, have considerable knowledge of financial statements, finance, and accounting, and have significant employment experience involving financial oversight responsibilities. Accordingly, we believe that our current directors capably fulfill the duties and responsibilities of an audit committee in the absence of such a designated expert at this time.

### Compensation Committee

For the reasons discussed above about the Audit Committee, we do not currently have a standing Compensation Committee. Compensation of the executive officers, in the case of the CEO, is contained in a long term contract negotiated by him with the independent members of the board of directors and covers his compensation and annual bonuses. The compensation of the other executive officer, our President, is proposed by the CEO and then reviewed and approved by the board of directors.

Compensation Committee Interlocks and Insider Participation

None.

Corporate Governance/Nominating Committee

As described above with respect to the other committees, we do not currently have a standing Corporate Governance/Nominating Committee and all of the current directors currently perform the function of such committee.

It is the Company's intention, as promptly as reasonably possible and with due deliberative care, following the closing of this offering and the receipt of funds from the exercise of warrants overlying some of the offered shares, to actively seek qualified candidates for the board of directors and to expand the size of the board of directors to accommodate the appointment of such qualified candidates to be able to establish independent Audit, Compensation and Corporate Governance/Nominating Committees.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We are not currently subject to the requirements of any stock exchange or national securities association with respect to having a majority of "independent directors" although we believe that with the recent resignation by Mr. Mayer, half of our directors still meet the standard established by NASDAQ inasmuch as Messrs. Gold and Cohn, are "independent" and only Messrs. Klepfish and Wiernasz, by virtue of being our Executive Officers, are not independent. Mr. Klepfish and Mr. Wiernasz do not participate in board discussions concerning their compensation.

DESCRIPTION OF SECURITIES

General

As of May 15, 2015, our authorized capital stock consisted of 500,000,000 shares of common stock, \$0.0001 par value per share. As of May 15, 2015, there were 23,173,447 shares of our common stock issued and 22,622,784 shares of our common stock outstanding.

Common Stock

Holders of our common stock are entitled to one vote per share. Our certificate of incorporation does not provide for cumulative voting. Holders of our common stock are entitled to receive ratably such dividends, if any, as may be declared by our board of directors out of legally available funds. However, the current policy of our board of directors is to retain earnings, if any, for the operation and expansion of the Company. Upon liquidation, dissolution or winding-up, the holders of our common stock are entitled to share ratably in all of our assets which are legally available for distribution, after payment of or provision for all liabilities. The holders of our common stock have no preemptive, subscription, redemption or conversion rights.

Stock Options

As of March 31, 2015 we had 3,205,000 stock options issued and outstanding, with a weighted average exercise price of \$0.0841 per share, of which 3,017,500 are exercisable, with a weighted average exercise price of \$0.0841 per share.

Warrants

As of March 31, 2015 we had 4,071,199 warrants outstanding, all of which are exercisable, with a weighted average exercise price of \$0.468 per share.

Anti-Takeover Provisions

Florida Law

We are subject to statutory "anti-takeover" provisions under Florida law. Section 607.0901 of the Florida Business Corporation Act (the "FBCA") imposes restrictions upon acquirers of 10% or more of our outstanding voting shares and requires approval by the corporation's disinterested directors or a supermajority of disinterested shareholders for certain business combinations and corporate transactions with the interested shareholder or any entity or individual controlled by the interested shareholder, unless certain statutory exemptions apply. Section 607.0902 of the FBCA eliminates the voting rights of common stock acquired by a party who, by such acquisition, controls at least 20% of all voting rights of the corporation's issued and outstanding stock. These statutory provisions could delay or frustrate the removal of incumbent directors or a change in control of our company. They could also discourage, impede, or

prevent a merger, tender offer, or proxy contest, even if such event would be favorable to the interests of stockholders.

## Table of Contents

### Certificate of Incorporation and Bylaw Provisions

Our certificate of incorporation and bylaws contain provisions that could have the effect of discouraging potential acquisition proposals or making a tender offer or delaying or preventing a change in control, including changes a stockholder might consider favorable. In particular, the certificate of incorporation and bylaws, as applicable, among other things:

- provide our board of directors with the ability to alter its bylaws without stockholder approval; and
- provide that vacancies on our board of directors may be filled by a majority of directors in office, although less than a quorum.

Such provisions may have the effect of discouraging a third-party from acquiring us, even if doing so would be beneficial to our stockholders. These provisions are intended to enhance the likelihood of continuity and stability in the composition of our board of directors and in the policies formulated by them, and to discourage some types of transactions that may involve an actual or threatened change in control of our Company. These provisions are designed to reduce our vulnerability to an unsolicited acquisition proposal and to discourage some tactics that may be used in proxy fights. We believe that the benefits of increased protection of our potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure our company outweigh the disadvantages of discouraging such proposals because, among other things, negotiation of such proposals could result in an improvement of their terms.

However, these provisions could have the effect of discouraging others from making tender offers for our shares that could result from actual or rumored takeover attempts. These provisions also may have the effect of preventing changes in our management.

### Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Computershare.

### Listing

## SELLING SECURITY HOLDERS

The following table sets forth information with respect to the Selling Security Holders and the number of shares beneficially owned by each Selling Security Holder and that may be offered pursuant to this prospectus. The information is based on information provided by or on behalf of the Selling Security Holders on or prior to June 9, 2015. The Selling Security Holders may offer all, some or none of the shares of common stock listed below.

The following table assumes that the Selling Security Holders will sell all of the shares offered by them in this offering. However, we are unable to determine the exact number of shares that will actually be sold or when or if these sales will occur. Except as noted below, the shares offered for sale constitute all of the common shares known to us to be beneficially owned by the respective Selling Security Holders. Except as set forth in the table below, to our knowledge, following the offering and sale of the shares, none of the Selling Security Holders will beneficially own more than one percent of the issued and outstanding shares of our common stock. This prospectus may be amended or supplemented from time to time to amend or supplement the information set forth in the table below.

We may require the Selling Security Holders to suspend the sales of the securities offered by this prospectus upon the occurrence of any event that makes any statement in this prospectus or the related registration statement untrue in any material respect or that requires the changing of statements in these documents in order to make statements in those documents not misleading.

None of the Selling Security Holders is a broker-dealer or an affiliate of a broker-dealer.

PLAN OF DISTRIBUTION

The Shares may be offered from time to time by the Selling Security Holders, up to an aggregate of 8,957,901 shares. No Shares are being offered or sold by us or for our account and we will not receive any proceeds from the sale of the Shares. We will bear all costs associated with the offering and sale of the Shares, other than any underwriting discounts, agency fees, brokerage commissions or similar costs applicable to the sale of any Shares. These costs will be borne by the holder of the Shares sold.

The Shares could be sold by one or more of the following methods, without limitation:

- privately negotiated transactions;
- ordinary brokerage transactions and transactions in which the broker solicits purchases;
- through one or more underwritten offerings on a firm commitment or best efforts basis;
- block trades in which the broker or dealer so engaged will attempt to sell the Shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker or dealer as principal and resale by the broker or dealer for its own account pursuant to this prospectus;
- short sales;
- through the writing of options on the Shares, whether or not the options are listed on an options exchange;
- an exchange distribution in accordance with the rules of any stock exchange on which the Shares are listed; or
- any combination of any of these methods of sale.

A holder of the Shares may effect transactions by selling the Shares directly to purchasers or through or to brokers or dealers, and brokers or dealers may receive compensation in the form of commissions, discounts or concessions from the selling holder or from the purchasers of the Shares for whom they may act as agent or to whom they may sell as principal, or both (which compensation as to a particular broker or dealer may be in excess of customary commissions). Any brokers and dealers engaged by a selling holder may arrange for other brokers or dealers to participate in effecting sales of the Shares. These brokers or dealers may act as principals, or as agents of a selling holder. Broker-dealers may agree with a selling holder to sell a specified number of Shares at a stipulated price per share. If the broker-dealer is unable to sell Shares acting as agent for a selling holder, it may purchase as principal any unsold Shares at the stipulated price. Broker-dealers who acquire Shares as principals may thereafter resell the Shares from time to time in transactions on any stock exchange or automated interdealer quotation system on which the Shares are then listed, at prices and on terms then prevailing at the time of sale, at prices related to the then-current market price or in negotiated transactions. Broker-dealers may use block transactions and sales to and through broker-dealers, including transactions of the nature described above. Any of the shares being offered herein may be sold by a transferee, donee, pledgee or other successor of the selling shareholder.

Any of the Shares which qualify for sale pursuant to Rule 144 or Rule 144A under the Securities Act of 1933 may be sold under those rules rather than under this prospectus.

A selling holder may enter into hedging transactions with broker-dealers, and the broker-dealers may engage in short sales of the Shares in the course of hedging the positions they assume with that selling holder, including without limitation in connection with distributions of the Shares by those broker-dealers. A selling holder may enter into option or other transactions with broker-dealers that involve the delivery of the Shares to the broker-dealers, who may then resell or otherwise transfer those Shares pursuant to this prospectus (as supplemented or amended to reflect that transaction). In addition, a selling holder may, from time to time, sell the shares short, and in those instances, this prospectus may be delivered in connection with the short sales and the Shares offered under this prospectus may be used to cover short sales. A selling holder may also pledge the Shares offered hereby to a broker-dealer or other financial institution, and, upon a default, the broker-dealer or other financial institution may effect sales of the pledged Shares under this prospectus (if required, as supplemented or amended to reflect those transactions).

Table of Contents

At the time a particular offering of the Shares is made, if required, a prospectus supplement will be distributed that will set forth the number of Shares being so offered and the terms of the offering, including the name or names of any underwriters, brokers, dealers or agents, the purchase price paid by any underwriter for Shares purchased, any discounts, commissions and other compensation and any discounts, commissions or concessions allowed or re-allowed or paid to dealers, and the proposed selling price to the public. Any underwriters, brokers, dealers or agents who participate in the distribution of such Shares may be deemed to be "underwriters" under the Securities Act, and any discounts, commissions or concessions received by them may be deemed to be underwriting compensation under the Securities Act.

In connection with this offering, if made through an underwriter, the underwriter may engage in transactions that stabilize, maintain or otherwise affect the price of our common stock. Specifically, the underwriter may over-allot this offering, creating a syndicate short position. The underwriter may bid for and purchase shares of our common stock in the open market to cover this syndicate short position or to stabilize the price of our common stock. In addition, an underwriting syndicate may reclaim selling concessions from syndicate members and selected dealers if a participating underwriter repurchases previously distributed common stock in syndicate covering transactions, in stabilization transactions or otherwise, or if a participating underwriter receives a report that indicates that the clients of such syndicate members have "flipped" the common stock. Also, in connection with this offering, certain underwriters and selling group members (if any) who are qualified market makers may engage in passive market making transactions in our common stock in accordance with Rule 103 of Regulation M under the Exchange Act. Passive market makers must comply with applicable volume and price limitations and must be identified as such. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, its bid must then be lowered when certain purchase limits are exceeded. These activities may stabilize or maintain the market price of our common stock at a level above that which might otherwise prevail in the open market. The underwriters are not required to engage in these activities and may end any of these activities at any time.

In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

The selling security holders and any underwriters, broker-dealers or agents that participate in the sale of the common stock may be "underwriters" within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be deemed to be underwriting discounts and commissions under the Securities Act.

A selling security holder who is an "underwriter" within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may be subject to statutory liabilities, including, but not limited to, liability under Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act.

To our knowledge, there are currently no plans, arrangements or understandings between the Selling Security Holder and any underwriter, broker-dealer or agent regarding the sale of the common stock. The Selling Security Holder may not sell any common stock described in this prospectus and may not transfer, devise or gift these securities by other means not described in this prospectus. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 or Rule 144A of the Securities Act may be sold under Rule 144 or Rule 144A rather than pursuant to this prospectus.

We intend to use our reasonable best efforts to keep the registration statement of which this prospectus is a part effective until the earlier to occur of (i) the date when all of the securities registered hereby are disposed of in accordance with the terms of the shelf registration statement or (ii) the date when the registered shares can be immediately sold to the public without registration or restriction, although we have no obligation to do so.

When we are notified by any Selling Security Holder that any material arrangement has been entered into with a broker-dealer for the sale of the Shares covered by this prospectus through a block trade, special offering, exchange distribution or secondary distribution or purchase by a broker or dealer, we will file a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, or, if appropriate, a post-effective amendment to the registration statement of which this prospectus is a part, disclosing (a) the name of the such Selling Security Holder and of the participating broker-dealer or dealers, (b) the number of shares of common stock involved, (c) the price at which the common stock was sold, (d) the commissions paid or discounts or concessions allowed to such broker-dealer or dealers, if applicable, and (e) other facts material to the transaction. In addition, when we are notified by any Selling Security Holder that a donee or pledgee intends to sell more than 500 shares, a supplement to this prospectus will be filed.

We may suspend the use of this prospectus if we learn of any event that causes this prospectus to include an untrue statement of a material fact required to be stated in the prospectus or necessary to make the statements in the prospectus not misleading in light of the circumstances then existing. If this type of event occurs, a prospectus supplement or post-effective amendment, if required, will be distributed to each Selling Security Holder. The Selling Security Holders may not trade securities from the time the Selling Security Holders receive notice from us of this type of event until the Selling Security Holders receive a prospectus supplement or amendment.

INNOVATIVE FOOD HOLDINGS, INC.  
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
March 31, 2015  
(Unaudited)

1. BASIS OF PRESENTATION

Basis of Presentation

The accompanying unaudited interim condensed consolidated financial statements of Innovative Food Holdings, Inc., and its wholly owned subsidiaries, some of which are non-operating, Artisan Specialty Foods, Inc. (“Artisan”), Food Innovations, Inc. (“Food Innovations” or “FII”), Food New Media Group, Inc. (“FNM”), Organic Food Brokers, Inc. (“OFB”), Gourmet Food Service Group, Inc. (“GFG”), Gourmet Foodservice Warehouse, Inc., Gourmeting, Inc.; The Fresh Diet, Inc. (“The Fresh Diet” or “FD”), The Haley Group, Inc. (“Haley”), 4 The Gourmet, Inc. (d/b/a For The Gourmet, Inc.), (“Gourmet” and collectively with IVFH and the other subsidiaries, the “Company” or “IVFH”) have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. All material intercompany transactions have been eliminated upon consolidation of these entities.

The accompanying unaudited interim condensed consolidated financial statements have been prepared by the Company, in accordance with generally accepted accounting principles pursuant to Regulation S-X of the Securities and Exchange Commission and with the instructions to Form 10-Q. Certain information and footnote disclosures normally included in audited consolidated financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. Accordingly, these interim financial statements should be read in conjunction with the Company’s audited financial statements and related notes as contained in Form 10-K for the year ended December 31, 2014. In the opinion of management, the interim unaudited condensed consolidated financial statements reflect all adjustments, including normal recurring adjustments, necessary for fair presentation of the interim periods presented. The results of the operations for the three months ended March 31, 2015 are not necessarily indicative of the results of operations to be expected for the full year. The results of The Fresh Diet have been included since its acquisition on August 15, 2014.

Consolidation of Variable Interest Entity

The Company consolidates the financial statements of a variable interest entity (“VIE”) in which it is the primary beneficiary. In determining whether the Company is the primary beneficiary of a variable interest entity, consideration is given to a number of factors, including the ability to direct the activities that most significantly affect the entity’s economic success as well as the Company’s exposure to absorb the losses and obligations of such entities. Late Night Express Courier Service, Inc., an independent company providing delivery services to The Fresh Diet customers, was determined to be a VIE that was required to be consolidated under Accounting Standards Codification (“ASC”) 810, Consolidation, as set forth by the Financial Accounting Standards Board (“FASB”) and accordingly, was included in the accompanying unaudited condensed consolidated financial statements as of and for the period ended March 31, 2015. All material inter-company transactions and balances of the Company’s wholly owned subsidiaries and VIE have been eliminated in consolidation.

2. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Business Activity

Our business is currently conducted by our wholly-owned subsidiaries, Artisan, Food Innovations, FNM, OFB, GFG, Gourmet Foodservice Warehouse, Inc., Gourmeting, Inc., The Fresh Diet, Haley, and Gourmet. Since its

incorporation, the Company primarily through FII's relationship with US Food, Inc. ("U.S. Foods" or "USF"), has been in the business of providing premium restaurants, within 24 – 72 hours, with the freshest origin-specific perishables, specialty food products, and healthcare products shipped directly from our network of vendors and from our warehouses. Our customers include restaurants, hotels, country clubs, national chain accounts, casinos, hospitals and catering houses. Gourmet has been in the business of providing consumers with gourmet food products shipped directly from our network of vendors and from our warehouses within 24 – 72 hours. GFG is focused on expanding the Company's program offerings to additional customers. In our business model, we receive orders from our customers and then work closely with our suppliers and our warehouse facilities to have the orders fulfilled. In order to maintain freshness and quality, we carefully select our suppliers based upon, among other factors, their quality, uniqueness, reliability and access to overnight courier services.

## Use of Estimates

The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. These estimates include certain assumptions related to doubtful accounts receivable, stock-based services, valuation of financial instruments, and income taxes. On an on-going basis, we evaluate these estimates, including those related to revenue recognition and concentration of credit risk. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Accounts subject to estimate and judgements are accounts receivable reserves, income taxes, intangible assets, contingent liabilities, and equity based instruments. Actual results may differ from these estimates under different assumptions or conditions. We believe our estimates have not been materially inaccurate in past years, and our assumptions are not likely to change in the foreseeable future.

## Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Innovative Food Holdings, Inc., and its wholly owned operating subsidiaries, Artisan, Food Innovations, FNM, OFB, GFG, Gourmet Foodservice Warehouse, Inc., Gourmeting, Inc., The Fresh Diet, Haley, and Gourmet. All material intercompany transactions have been eliminated upon consolidation of these entities.

The Company consolidates the financial statements of a variable interest entity ("VIE") in which it is the primary beneficiary. In determining whether the Company is the primary beneficiary of a variable interest entity, consideration is given to a number of factors, including the ability to direct the activities that most significantly affect the entity's economic success as well as the Company's exposure to absorb the losses and obligations of such entities. Late Night Express Courier Service, Inc., an independent company providing delivery services to The Fresh Diet customers, was determined to be a VIE that was required to be consolidated under Accounting Standards Codification ("ASC") 810, Consolidation, as set forth by the Financial Accounting Standards Board ("FASB") and accordingly, was included in the accompanying consolidated financial statements for the year ended December 31, 2014. All material inter-company transactions and balances of the Company's wholly owned subsidiaries and VIE have been eliminated in consolidation.

## Revenue Recognition

The Company recognizes revenue upon product delivery. All of our products are shipped either same day or overnight or through longer shipping terms to the customer and the customer takes title to product and assumes risk and

ownership of the product when it is delivered. Shipping charges to customers and sales taxes collectible from customers, if any, are included in revenues.

For revenue from product sales, the Company recognizes revenue in accordance with Financial Accounting Standards Board "FASB" Accounting Standards Codification "ASC" 605-15-05. ASC 605-15-05 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required.

Revenue from the sale of meals is recognized when the earnings process is complete, which is upon the delivery of the product to the Company's customers. Meal programs are sold weekly, bi-weekly and monthly. Meal programs are non-returnable and non-refundable if not cancelled within 3 days of initial delivery. Refunds of cancelled meal plans are recorded at the time of cancellation.

Deferred revenue consists of cash received for meals that have not yet been delivered to the customer.

## Table of Contents

### Cost of Goods Sold

We have included in cost of goods sold all costs which are directly related to the generation of revenue. These costs include primarily the cost of food and raw materials, plus kitchen expenses including payroll, contract labor, kitchen related depreciation, operating expenses, and rent; preparation, product conversion, packing and handling, shipping and delivery costs including delivery payroll.

### Deferred Revenue

Deferred revenue consists of cash received for meals that have not yet been delivered to the customer.

### Advertising Costs

The Company's policy is to report advertising costs as expenses in the periods in which the costs are incurred. The total amounts charged to advertising expense were approximately \$494,652 and \$4,865, respectively, for the three months ended March 31, 2015 and 2014.

### Basic and Diluted Earnings Per Share

Basic net earnings per share is based on the weighted average number of shares outstanding during the period, while fully-diluted net earnings per share is based on the weighted average number of shares of common stock and potentially dilutive securities assumed to be outstanding during the period using the treasury stock method. Potentially dilutive securities consist of options and warrants to purchase common stock, and convertible debt. Basic and diluted net loss per share is computed based on the weighted average number of shares of common stock outstanding during the period.

The Company uses the treasury stock method to calculate the impact of outstanding stock options and warrants. Stock options and warrants for which the exercise price exceeds the average market price over the period have an anti-dilutive effect on earnings per common share and, accordingly, are excluded from the calculation.

### Dilutive shares at March 31, 2015:

At March 31, 2015, the Company had outstanding convertible notes payable in the aggregate principal amount of \$758,065 with accrued interest of \$659,252 convertible at the rate of \$0.25 per share into an aggregate of 5,669,268 shares of common stock, and a convertible note payable in the amount of \$200,000 convertible at the rate of \$1.54 into 129,871 shares of common stock.

Also at March 31, 2015, the Company had outstanding warrants for holders to purchase the following additional shares: 2,828,405 shares at a price of \$0.575 per share; 448,011 shares at a price of \$0.55 per share; 94,783 shares at a price of \$0.25 per share; and 700,000 shares at a price of \$0.01 per share.

Also at March 31, 2015, the Company has issued restricted stock units ("RSUs") for the potential issuance of shares of the Company's common stock for the purpose of aligning executives and employees of the Company and for the purpose of compensation for serving as members of the Board of Directors of the Company and for the purposes of retaining qualified personnel at compensation levels that otherwise would not be available should the company have been required to pay certain salaries in cash only. Certain of the RSUs were issued to employees of The Fresh Diet ("Employee RSUs") and certain RSUs were issued to the executive officers of the Company ("Executive RSUs") and certain RSUs were issued to members of the board of directors of the Company ("Board RSUs"). With respect to the Executive RSUs, effective November 17, 2014, the Company's executive officers were awarded RSUs which vest

according the following schedule, provided the performance conditions are met: 322,466 RSU's vest on January 1, 2015, 390,000 RSUs vest on July 1, 2015 and 300,000 RSU's vest on December 31, 2015; 75,000 RSU's vest on May 1, 2016, 90,000 RSU's vest on July 1, 2016 and 600,000 RSUs vest on December 31, 2016 and 890,000 RSUs vest on July 1, 2017 and 300,000 RSU's vest solely upon the achievement of performance goals and the continued employment with the Company.

On August 7, 2014, the Company's Board of Directors approved the amendment of the employment agreements, effective as of August 13, 2014, of each of the Company's President and CEO, providing for (i) an award to the President of 75,000 RSUs which vest on January 1, 2015 and 75,000 RSUs which vest on May 1, 2016; and (ii) an award to the CEO of 125,000 RSUs which vest if the 30 day average closing price of the Company's common stock is \$2.00 or above and there is a 50,000 average daily volume or if there is a 50,000 average daily volume for 14 straight trading days; and (iii) an award to the CEO of 175,000 RSUs which vest if the 30 day average closing price of the Company's common stock is \$3.00 or above and there is a 50,000 average daily volume for 14 straight trading days.

Table of Contents

The Employee RSUs issued to certain nonexecutive employees of the Company were issued either partially in lieu of salary, future bonuses or a combination of both bonus and salary. The Employee RSUs vest according to the following schedule: On July 1, 2015 600,000 will vest and on December 31, 2015 an additional 600,000 shares will vest. On December 31, 2016 an additional 1.2 million shares will vest and an additional 1.6 million shares will vest on July 1, 2017. Vesting is contingent on being an employee of the Company at the time of vesting. In addition, there are restrictions on the sale of such vested stock including aggregate volume restrictions and no Employee RSU shares can be sold below \$2.50 per share. In addition, up to an additional 25,000 shares will vest on a monthly basis. Vesting is contingent on employment by the Company at the time of vesting, and the Company stock price closing above \$2.50 per share for 20 straight days. In addition, there are restrictions on the sale of such vested stock including aggregate volume restrictions and no shares can be sold below \$2.50 per share

The Company estimated that the stock-price goals of the Company's stock price closing above \$2.50 per share for 20 straight days have a 90% likelihood of achievement, and these RSUs were valued at 90% of their face value. The Company estimated that the revenue targets had a 100% likelihood of achievement, and these RSUs were valued at 100% of their face value. We recognized stock-based compensation expense of in a straight-line manner over the vesting period of the RSUs. This resulted in stock-based compensation expense of \$690,397 related to recognition of RSUs during the three months ended March 31, 2015.

Fully-diluted earnings per share was the same as basic earnings per share for the three months ended March 31, 2015 because the effect of the exercise of above instruments would be anti-dilutive.

Dilutive shares at March 31, 2014:

At March 31, 2014, the Company had outstanding convertible notes payable in the aggregate principal amount of \$855,967 with accrued interest of \$684,147 convertible at the rate of \$0.25 per share into an aggregate of 6,160,456 shares of common stock.

Also at March 31, 2014, the Company had outstanding warrants for holders to purchase the following additional shares: 2,828,406 shares at a price of \$0.575 per share; 1,507,101 shares at a price of \$0.55 per share; 764,783 shares at a price of \$0.25 per share; and 700,000 shares at a price of \$0.01 per share.

Also at March 31, 2014, the Company had outstanding options for holders to purchase the following additional shares: 310,000 shares at a price of \$1.60 per share; 75,000 shares at a price of \$1.31 per share; 225,000 shares at a price of \$0.57 per share; 132,500 shares at a price of \$0.48 per share; 132,500 shares at a price of \$0.474 per share; 132,500 shares at a price of \$0.45 per share; 275,000 shares at a price of \$0.40 per share; 132,500 shares at a price of \$0.38 per share; and 1,240,000 shares at a price of \$0.35 per share.

Diluted earnings per share was computed as follows for the three months ended March 31, 2014:

	Income (Numerator)	Shares (Denominator)	Per-Share Amount
Basic earnings per share	\$ 188,706	7,538,537	\$ 0.025

### Significant Recent Accounting Pronouncements

In April 2015, the FASB issued ASU 2015-03, “Simplifying the Presentation of Debt Issuance Costs” (“this Update”) as part of its initiative to reduce complexity in accounting standards (the Simplification Initiative). The Board received feedback that having different balance sheet presentation requirements for debt issuance costs and debt discount and premium creates unnecessary complexity. Recognizing debt issuance costs as a deferred charge (that is, an asset) also is different from the guidance in International Financial Reporting Standards (IFRS), which requires that transaction costs be deducted from the carrying value of the financial liability and not recorded as separate assets. Additionally, the requirement to recognize debt issuance costs as deferred charges conflicts with the guidance in FASB Concepts Statement No. 6, Elements of Financial Statements, which states that debt issuance costs are similar to debt discounts and in effect reduce the proceeds of borrowing, thereby increasing the effective interest rate. Concepts Statement 6 further states that debt issuance costs cannot be an asset because they provide no future economic benefit. To simplify presentation of debt issuance costs, the amendments in this Update require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by the amendments in this Update. For public business entities, the amendments in this Update are effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. For all other entities, the amendments in this Update are effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within fiscal years beginning after December 15, 2016. The Company is currently evaluating the effects of adopting this ASU, if it is deemed to be applicable.

Management does not believe that any other recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying unaudited condensed consolidated financial statements.

## 3. ACQUISITIONS

## The Fresh Diet

The Fresh Diet Merger on August 15, 2014 was accounted for as an acquisition of an ongoing business in accordance with ASC Topic 805 - Business Combinations (“ASC 805”), where the Company was treated as the acquirer and the acquired assets and assumed liabilities were recorded by the Company at their preliminary estimated fair values. The total purchase price of the assets acquired and assumed liabilities included; cash, inventory, accounts receivable, fixed assets, deposits and trade names and, accounts payable and notes payable.

The acquisition date estimated fair value of the consideration transferred totaled \$12,645,912, which consisted of the following:

Cash	\$ 3,000,000
Common Stock – 6,889,937 shares	9,645,912
Total purchase price	\$ 12,645,912
Tangible assets acquired	\$ 2,567,223
Liabilities assumed	11,035,724
Net tangible assets	(8,468,501)
Customer relationships	2,700,000
Tradenames	1,800,000
Goodwill	16,614,413
Total purchase price	\$ 12,645,912

The above estimated fair value of the intangible assets is based on a preliminary purchase price allocation prepared by management with the assistance of a third party valuation expert. As a result, during the preliminary purchase price allocation period, which may be up to one year from the business combination date, we may record adjustments to the assets acquired and liabilities assumed, with the corresponding offset to goodwill. After the preliminary purchase price allocation period, we record adjustments to assets acquired or liabilities assumed subsequent to the purchase price allocation period in our operating results in the period in which the adjustments were determined.

During the three months ended March 31, 2015, the Company paid the amount of \$3,000,000 in cash to certain former shareholders of The Fresh Diet, and cancelled 3,110,063 shares of common stock with a value of \$4,354,088; these shares were originally intended to be issued in the acquisition of The Fresh Diet. This resulted in a decrease in the value of The Fresh Diet acquisition in the net amount of \$1,354,088; this amount was credited to goodwill during the three months ended March 31, 2015; see Note 8.

## Pro forma results

The following table sets forth the unaudited pro forma results of the Company as if the acquisition of FD had taken place on the first day of the March 31, 2014 three months period presented. These combined results are not necessarily indicative of the results that may have been achieved had the companies always been combined.

Table of Contents

The purchase price consisted of (i) One Hundred Thousand (\$100,000) Dollars in cash, (ii) a Convertible Promissory Note in the face amount of Two Hundred Thousand (\$200,000) Dollars, and (iii) stock options issued by the Company to acquire one hundred thousand (100,000) shares of its common stock over the four year period following the closing date at an exercise price per share of \$1.46. The Note is secured by the Company's grant of a second priority secured interest in the assets of OFB. In addition, the company is contingently liable for certain performance-based payments over the twenty-four months following the acquisition date. The Company believes it is likely that these payments will be made, and accordingly has recorded the entire amount of \$225,000 as a contingent liability on its balance sheet at acquisition. During the three months ended March 31, 2015, payments in the aggregate amount of \$26,250 have been made under this contingent liability; at March 31, 2015, the balance of the contingent liability was \$146,250. The entire cost of the acquisition was \$596,349, which was allocated to customer list, an intangible asset with a useful life of 60 months. \$29,817 of this amount was amortized during the three months ended March 31, 2015.

Table of Contents

Total amortization expense charged to operations for the three months ended March 31, 2015 and 2014 was \$210,789 and \$45,970, respectively.

The trade names are not considered finite-lived assets, and are not being amortized. The non-compete agreements are being amortized over a period of 48 months. The customer relationships acquired in the Artisan, Haley, OFB and The Fresh Diet transactions are being amortized over periods of 60, 36, 60 and 60 months, respectively.

During the three months ended March 31, 2015, the Company paid the amount of \$3,000,000 in cash to certain former shareholders of The Fresh Diet, and cancelled 3,110,063 shares of common stock with a value of \$4,354,088; these shares were originally intended to be issued in the acquisition of The Fresh Diet. This resulted in a decrease in the value of The Fresh Diet acquisition in the net amount of \$1,354,088; this amount was credited to goodwill during the three months ended March 31, 2015,

As detailed in ASC 350, the Company tests for goodwill impairment in the fourth quarter of each year and whenever events or changes in circumstances indicate that the carrying amount of the asset exceeds its fair value and may not be recoverable. As detailed in ASC 350-20-35-3A, in performing its testing for goodwill impairment, management has completed a qualitative analysis to determine whether it was more likely than not that the fair value of a reporting unit is less than its carrying amount, including goodwill. To complete this review, management followed the steps in ASC 350-20-35-3C to evaluate the fair value of goodwill and considered all known events and circumstances that might trigger an impairment of goodwill. The analysis completed in 2014 determined that there was no impairment to goodwill assets.

#### 9. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable and accrued liabilities at March 31, 2015 and December 31, 2014 are as follows:

## Beneficial Conversion Features

The Company calculates the fair value of any beneficial conversion features embedded in its convertible notes via the Black-Scholes valuation method. The Company also calculates the fair value of any detachable warrants offered with its convertible notes via the Black-Scholes valuation method. The instruments were considered discounts to the notes, to the extent the aggregate value of the warrants and conversion features did not exceed the face value of the notes. These discounts were amortized to interest expense via the effective interest method over the term of the notes. The Company did not issue any debt with beneficial conversion features during the three months ended March 31, 2015 or March 31, 2014.

## 13. RELATED PARTY TRANSACTIONS

For the three months ended March 31, 2015:

During the three months ended March 31, 2015, the Company extended the expiration date to December 31, 2015 of certain options to purchase a total of 277,500 shares of the Company's common stock which were held by board members and key employees. The Company valued the options at the extended due dates using the Black-Scholes valuation model, and charged the amount of \$146 to operations during the period ended March 31, 2015. (See note 15).

At March 31, 2015, the Company has loans receivable outstanding in the aggregate amount of \$426,342 from four individuals who were previously owners of The Fresh Diet. The Company also has a loan receivable in the amount of \$34,899 from a previously related entity.

For the three months ended March 31, 2014:

The Company purchased 85,950 shares of its common stock from Michael Ferrone, an individual owning greater than 5% of the outstanding shares of the Company. The purchase price was \$60,000 or \$0.698 per share. These shares were returned to the Company treasury.

## 14. COMMITMENT AND CONTINGENT LIABILITIES

Pursuant to the OFB acquisition, the Company is contingently liable for certain performance-based payments over the twenty-four months following the acquisition date. The Company believes it is likely that these payments will be

made, and accordingly recorded the entire amount of \$225,000 as a contingent liability on its balance sheet at acquisition. During the three months ended March 31, 2015, payments in the aggregate amount of \$26,250 have been made under this contingent liability; at March 31, 2015, the balance of the contingent liability is \$146,250 related to the OFB acquisition.

The Company has recorded a contingent liability of \$400,000 representing the estimated potential amounts payable pursuant to certain litigation discussed below.

#### Litigation

From time to time, the Company may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business.

## Table of Contents

On June 1, 2012, nine persons, on behalf of themselves and others similarly situated, filed a Collective and Class Action Complaint in the New York Federal District Court, Southern District, against Late Night Express Courier Services, Inc. (FL) (“LNE”) and The Fresh Diet Inc. (“The Fresh Diet”) and certain individuals entitled Hernandez, et al. v. The Fresh Diet Inc., et al., Case No. 12 CV 4339. On or about October 26, 2012, Plaintiffs filed an Amended Complaint (“Complaint”) adding additional individual Defendants. The Complaint seeks to recover alleged unpaid overtime wages on behalf of drivers for LNE who delivered meals to The Fresh Diet customers in the tri-state area. In an opinion dated September 29, 2014 (“Opinion”), the District Court Judge denied the Plaintiffs’ motion for Summary Judgment which sought a holding that all the Plaintiffs were employees of Defendants, as was Defendants’ cross-motion for Summary Judgment seeking a holding that Plaintiffs were independent contractors, the Court finding that there were questions of fact that could not be resolved on motions. In addition, the Plaintiffs’ motion to certify a class of 109 drivers was denied. In the same Opinion, Defendants’ motion to decertify the case from 29 potential opt-in Plaintiffs down to the 9 named Plaintiffs was granted, and the possible claims of the remaining 20 were dismissed without prejudice. On or about February 24, 2015, a second action was filed in the New York Federal District Court, Southern District, on behalf of 6 (of the 20) additional driver-Plaintiffs entitled Hernandez, et al. v. The Fresh Diet Inc., et al. 15 CV 1338, containing essentially the same allegations, and adding the Company as a party defendant because of its acquisition of The Fresh Diet. In addition, two of the Plaintiffs from the Complaint also joined the second lawsuit asserting claims for retaliation. The two cases were assigned to the same Federal Judge (since they are related), but were not consolidated for discovery or trial. Prior to the second action and on January 21, 2015, the parties appeared before Federal Magistrate Judge Cott for mediation. The Magistrate Judge did not succeed in settling the case. On March 17, 2015, the Federal Judge stayed both cases, and referred both of them to the Court’s mediation program for further mediation within 60 days. The Company believes that mediation may lead to a global settlement with all existing Plaintiffs. With respect to the second instituted litigation, inasmuch as the litigation is in its early phase and discovery has not commenced it is too speculative to predict an outcome. However, we believe we will have available to us many of the same defenses as in the first litigation and therefore do not believe that our exposure, if any at all, will likely exceed the amount of the first litigation, even if additional persons file claims. Accordingly, given the uncertainty of both of these cases and given the additional Plaintiffs in the second action, the Company has recorded a contingent liability of \$400,000 representing the estimated potential amounts payable in the litigations, even though it is possible that the amount of liability or settlement may actually be less than the reserved amount.

On September 3, 2014 the Company’s subsidiary was served a complaint by Monolith Ventures, Ltd., in the Circuit Court of the Eleventh Judicial Circuit in and for Miami-Dade County, Florida (the “Monolith Complaint”). The Monolith Complaint, which was brought by a shareholder of less than 24% of the outstanding shares of The Fresh Diet sought to attack the registrant’s then recently concluded acquisition of The Fresh Diet which was approved by a majority of The Fresh Diet shareholders. The action has been settled and the lawsuit discontinued with the exchange of general releases. On March 6, 2015 we completed the settlement of this action by purchasing plaintiff’s shares of the Company for an aggregate price of \$3 million (equal to a below market price of \$0.9646 per share) and the lawsuit was discontinued with the exchange of general releases.

## Restricted Stock Units ("RSUs")

Company has issued restricted stock units ("RSUs") for the potential issuance of shares of the Company's common stock for the purpose of aligning executives and employees of the Company and for the purpose of compensation for serving as members of the Board of Directors of the Company and for the purposes of retaining qualified personnel at compensation levels that otherwise would not be available should the company have been required to pay certain salaries in cash only. Certain of the RSUs were issued to employees of The Fresh Diet ("Employee RSUs") and certain RSUs were issued to the executive officers of the Company ("Executive RSUs") and certain RSUs were issued to members of the board of directors of the Company ("Board RSUs"). With respect to the Executive RSUs, effective November 17, 2014, the Company's executive officers were awarded RSUs which vest according the following schedule, provided the performance conditions are met: 322,466 RSU's vest on January 1, 2015, 390,000 RSUs vest on July 1, 2015 and 300,000 RSU's vest on December 31, 2015; 75,000 RSU's vest on May 1, 2016, 90,000 RSU's vest on July 1, 2016 and 600,000 RSUs vest on December 31, 2016 and 890,000 RSUs vest on July 1, 2017 and 300,000 RSU's vest solely upon the achievement of performance goals and the continued employment with the Company.

On August 7, 2014, the Company's Board of Directors approved the amendment of the employment agreements, effective as of August 13, 2014, of each of the Company's President and CEO, providing for (i) an award to the President of 75,000 RSUs which vested on January 1, 2015 and 75,000 RSUs which vest on May 1, 2016; and (ii) an award to the CEO of 125,000 RSUs which vest if the 30 day average closing price of the Company's common stock is \$2.00 or above and there is a 50,000 average daily volume or if there is a 50,000 average daily volume for 14 straight trading days; and (iii) an award to the CEO of 175,000 RSUs which vest if the 30 day average closing price of the Company's common stock is \$3.00 or above and there is a 50,000 average daily volume for 14 straight trading days.

The Employee RSUs issued to certain nonexecutive employees of the Company were issued either partially in lieu of salary, future bonuses or a combination of both bonus and salary. The Employee RSUs vest according to the following schedule: On July 1, 2015 600,000 shares will vest and on December 31, 2015 an additional 600,000 shares will vest. On December 31 2016 an additional 1.2 million shares will vest and an additional 1.6 million shares will vest on July 1, 2017. Vesting is contingent on being an employee of the Company at the time of vesting. In addition, there are restrictions on the sale of such vested stock including aggregate volume restrictions and no Employee RSU shares can be sold below \$2.50 per share. In addition, up to an additional 25,000 shares will vest on a monthly basis. Vesting is contingent on continued employment at the time of vesting and the Company stock price closing above \$2.50 per share for 20 straight days. In addition there are restrictions on the sale of such vested stock including aggregate volume restrictions and no shares can be sold below \$2.50 per share

The Company estimated that the stock-price goals of the Company's stock price closing above \$2.50 per share for 20 straight days have a 90% likelihood of achievement, and these RSUs were valued at 90% of their face value. The Company estimated that the revenue targets had a 100% likelihood of achievement, and these RSUs were valued at 100% of their face value. We recognized stock-based compensation expense of in a straight-line manner over the vesting period of the RSUs. This resulted in stock-based compensation expense of \$690,397 related to recognition of RSUs during the three months ended March 31, 2015.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of  
Innovative Food Holdings, Inc.  
Naples, Florida

We have audited the accompanying consolidated balance sheet of Innovative Food Holdings, Inc., and subsidiaries (“the Company”) as of December 31, 2014 and 2013, the related consolidated statements of operations, stockholders' equity, and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have nor were we engaged to perform, an audit of its Internal Control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2014 and 2013 and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.
