Ian Livingston, Chief Executive, commenting on the results, said:

Edgar Filing: BT GROUP PLC - Form 6-K

"We have made significant progress in improving profitability and cash flow, enabling us to invest in building the foundations for revenue growth in 2012/13.

"We have increased our EBITDA outlook for the year and now expect to hit our £2bn free cash flow target two years early.

"Global Services order intake was up 50% at £2.1bn. Our fibre roll out has passed three million premises and BT Infinity orders are now running at over 4,000 per week. BT Vision customers now stand at more than half a million, with more developments planned to enhance our offering. Our share of DSL broadband net additions was 45%, one of our highest shares ever."

1 Before specific items. Specific items are defined below and analysed in Note 5

2 Adjusted for the impact of customer account moves and the impact of changes in the internal trading model. The effect of the changes is primarily to reduce internal revenue in both BT Wholesale and Openreach by around £62m per quarter in 2010/11. There is no impact from these changes on total group revenue. In the line of business commentaries for BT Wholesale and Openreach, revenue has been measured against an adjusted basis taking account of the changes in the internal trading model to enable a like for like comparison

3 Restated for the impact of customer account moves. See Note 1

Notes: Unless otherwise stated, any reference to earnings before interest, tax, depreciation and amortisation (EBITDA), operating profit, operating costs, profit before tax and earnings per share (EPS) are measured before specific items. The commentary focuses on the trading results before specific items. This is consistent with the way that financial performance is measured by management and is reported to the Board and the Operating Committee and assists in providing a meaningful analysis of the trading results of the group. The directors believe that presentation of the group's results in this way is relevant to the understanding of the group's financial performance as specific items are those that in management's judgement need to be disclosed by virtue of their size, nature or incidence. In determining whether an event or transaction is specific, management considers quantitative as well as qualitative factors such as the frequency or predictability of occurrence. Specific items may not be comparable to similarly titled measures used by other companies.

Reported EBITDA, reported operating profit, reported profit before tax and reported EPS are the equivalent unadjusted or statutory measures. Unless otherwise stated, the change in results is year on year.

The income statement, cash flow statement, statements of comprehensive income and equity and balance sheet are provided on pages 11 to 15. A reconciliation of group operating profit to EBITDA (as defined above) is provided in Note 6. A reconciliation of reported profit before tax (as defined above) to adjusted profit before tax is provided in Note 7. A reconciliation of reported EPS (as defined above) to adjusted EPS is provided in Note 8. A definition and reconciliation of free cash flow and net debt are provided in Notes 9 and 10.
