France Telecom divests its indirect interest in Telecom Argentina for

US\$125 million

France Telecom announced today the sale of its indirect interests in Telecom Argentina to W de Argentina, an affiliate of the Los W group, a leading Argentinean investment company for a consideration in cash of US\$ 125 million.

France Telecom and Telecom Italia each hold approximately 34% of voting rights and a 25.5% economic interest in Nortel Inversora (Nortel), the holding company which owns 54.7% of Telecom Argentina's share capital. Prior to the sale, it is agreed that France Telecom and Telecom Italia will contribute their stakes in Nortel to a company created for this purpose, co-owned on a 50-50 basis by France Telecom and Telecom Italia. France Telecom will then sell 48% of this company's stock to W de Argentina, alongside with an option for the purchase of the remaining 2%. The option is exercisable by W de Argentina at any time between January 31, 2008 and December 31, 2013.

The total consideration for this transaction, including the option price, is of US\$125 million to be paid in full at closing.

The closing of the transaction is expected to take place as soon as all necessary authorizations will be obtained, in particular legal and governmental authorizations.

The Telecom Argentina group is one of Argentina's two main telecommunications operators. It provides local and long-distance telephony, mobile communications (through its subsidiary Telecom Personal), data and Internet access services in northern Argentina.
