PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 11, 2004

INTRODUCTION

This Proxy Statement is being furnished to stockholders of record of Valassis Communications, Inc. (Valassis or the Company) as of March 22, 2004 (Record Date), in connection with the solicitation by the Board of Directors of Valassis of proxies for the 2004 Annual Meeting of Stockholders (Annual Meeting) to be held at Valassis Corporate Headquarters, 19975 Victor Parkway, Livonia, Michigan 48152 on May 11, 2004 at 9:00 a.m. (Eastern Daylight Time), or at any and all adjournments thereof, for the purposes stated in the Notice of Annual Meeting. The approximate date of mailing of this Proxy Statement and the enclosed form of proxy is April 6, 2004.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the Annual Meeting, shareholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors and the ratification of the Company's independent auditors. In addition, management will report on the Company's performance and respond to questions from shareholders.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on March 22, 2004, the record date for the meeting (the Record Date), are entitled to receive notice of and to participate in the Annual Meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

What are the voting rights of the holders of Valassis Common Stock?

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

Each outstanding share of the Common Stock, par value \$.01 per share (Common Stock), of the Company on the Record Date will be entitled to one vote on each matter considered at the meeting.

Who can attend the meeting?

All shareholders as of the Record Date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Registration will begin at 8:00 a.m., and seating will begin at 8:30 a.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date and check in at the registration desk at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock, issued and outstanding on the Record Date will constitute a quorum. As of the Record Date, the Company had

Table of Contents

52,039,432 shares of Common Stock outstanding. Thus, the presence of the holders of Common Stock representing at least 26,019,717 votes will be required to establish a quorum.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered shareholder and attend the meeting, you may deliver your completed proxy card in person. Street name shareholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

for election of the nominated slate of directors (see Item 1); and

for ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for fiscal 2004 (see Item 2).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy card marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other items. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in **street name** through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. These **broker non-votes** will not be counted as part of the total number of votes cast on such proposals. Thus, a **broker non-vote** will have no effect in determining whether any given proposal has been approved by the shareholders. Shares represented by such **broker non-votes** will, however, be counted in determining whether there is a quorum.

GOVERNANCE OF THE COMPANY

The Company's business, property and affairs are managed by or, are under the direction of, the Board of Directors pursuant to the General Corporation Law of the State of Delaware and the Company's by-laws. Members of the Board of Directors are kept informed of the Company's business through discussions with Alan F. Schultz, the President and Chief Executive Officer, and with key members of management, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

Policies and Procedures

The Company adopted a Code of Business Conduct and Ethics which covers all the Company's directors, officers and employees as well as Corporate Governance Guidelines. The Company has spent a considerable amount of time and effort reviewing and improving its corporate governance policies and practices. This includes comparing our current policies and practices to policies and practices suggested by various groups or authorities active in corporate governance and practices of other public companies. Based upon this review, the Company has adopted certain changes and expects to adopt further changes that the Board of Directors believes are the best corporate governance policies and practices for the Company. The Company has and will adopt changes, as appropriate, to comply with the Sarbanes-Oxley Act of 2002 and any rule changes made by the SEC and the New York Stock Exchange (NYSE).

Determination of Director Independence

Under NYSE rules, the Company's Board of Directors is required to affirmatively determine the independence of each director based on the absence of any material relationship between the director and the Company. These determinations are required to be disclosed in the Proxy Statement. The Board has established guidelines to assist it in making these determinations. These guidelines, which are attached to this Proxy Statement as Exhibit A, include all elements of the NYSE Corporate Governance Rules on the subject. For relationships between a director and the Company not covered by the guidelines, the determination of independence is made by the other members of our Board who are independent. Based on these guidelines, the Company's Board of Directors at its March 9th, 2004, meeting determined that Messrs. Brennan, Darish, Goldstein and Ku, Ms. Sampson and Ambassador Whittlesey are independent (the Independent Directors).

Presiding Director

In September 2002, the Board of Directors determined that the Independent Directors will meet in executive session at each Board meeting and that the Independent Director with the most seniority on the Board will preside. Faith Whittlesey currently serves as presiding director at all such executive sessions.

Attendance

During the fiscal year ended December 31, 2003, the Board of Directors of the Company held five meetings (including regularly scheduled and special meetings). Each director attended at least 75% of the meetings held by the Board of Directors during the period in which such director

served, including the meetings held by the committees on which such director served.

COMMITTEES OF THE BOARD

The standing committees of the Board of Directors include the Executive Committee, the Audit Committee, the Compensation/Stock Option Committee and the Corporate Governance/Nominating Committee (each, a Board Committee and collectively, the Board Committees).

The Executive Committee, whose members are Alan F. Schultz, Robert L. Recchia and Ambassador Faith Whittlesey, is generally authorized to exercise the powers of the Board of Directors in the management of the Company; provided, however, that the Executive Committee does not have the authority to declare cash dividends, amend the certificate of incorporation of the Company, adopt an agreement of merger or consolidation, recommend the disposition

of all or substantially all the Company's assets or recommend the dissolution of the Company. The Executive Committee did not meet during the fiscal year ended December 31, 2003.

The Audit Committee's members are Patrick F. Brennan, Seth Goldstein and Kenneth V. Darish. The Audit Committee recommends the selection of independent auditors, discusses and reviews the scope and the fees of the prospective annual audit and reviews the results thereof with the independent auditors, reviews compliance with existing major accounting and financial policies of the Company, reviews the adequacy of the financial organization of the Company and reviews management's procedures and policies relevant to the adequacy of the Company's internal accounting controls and compliance with federal and state laws relating to accounting practices. The Company has appointed an internal auditor that reports directly to the Audit Committee. The Audit Committee held five meetings during the fiscal year ended December 31, 2003. The Board of Directors has determined that Kenneth V. Darish meets the NYSE standard of having accounting or related financial management expertise and the SEC's definition of Audit Committee financial expert. Each of the other members of the Audit Committee have financial management experience or are financially literate. The Board of Directors has determined that each committee member meets the additional independence requirements for members of an audit committee in the NYSE Corporate Governance Rules. The Board of Directors has adopted a written charter for this Committee setting out the functions that this Committee is to perform.

The Compensation/Stock Option Committee, whose members are Ambassador Faith Whittlesey, Patrick F. Brennan and Marcella A. Sampson, administers the Company's 2002 Long-Term Incentive Plan, the Company's Amended and Restated 1992 Long-Term Incentive Plan, the Broad-Based Incentive Plan, the Senior Executives Annual Bonus Plan, the Executive Restricted Stock Award Plan and the Employee and Director Restricted Stock Award Plan, and reviews and approves the annual salary, bonus and other benefits, direct or indirect, of the members of senior management of the Company. The Compensation/Stock Option Committee is comprised of non-employee directors as such term is defined under Rule 16b-3 of the Exchange Act. During the fiscal year ended December 31, 2003, the Compensation/Stock Option Committee met two times. The Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform.

The Corporate Governance/Nominating Committee's members are Marcella A. Sampson, Kenneth V. Darish and Dr. Walter H. Ku. The Corporate Governance/Nominating Committee (i) assists the Board of Directors by identifying individuals qualified to become Board members and recommends to the Board the director nominees for the next annual meeting of shareholders, (ii) recommends to the Board the corporate governance guidelines applicable to the Company and (iii) takes a leadership role in shaping the corporate governance of the Company. The Corporate Governance/Nominating Committee held one meeting during the fiscal year ended December 31, 2003. The Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform.

The Committee evaluates the current Board members at the time they are considered for nomination. The Committee also considers whether any new members should be added to the Board. In the past, candidates for independent director have been found through recommendations from members of the Board and others in the Company. The Committee may also seek help from an executive search firm.

The Committee has not established any specific minimum qualifications for a director but has adopted a set of criteria, which are attached to this Proxy Statement as Exhibit B, describing the qualities and characteristics that are sought for the Board as a whole. The Committee does not give these criteria any particular weight and they are not equally applicable to all nominees. The Committee may also from time to time identify particular characteristics to look for in a candidate in order to balance the skills and characteristics of the Board. The Committee may modify these criteria from time to time and adopt special criteria to attract exceptional candidates to meet the Company's specific needs.

The Committee will consider recommendations from shareholders of potential candidates for nomination as director. Recommendations should be made in writing, including the candidate's written consent to be nominated and to serve, and sufficient background information on the candidates to enable the Committee to properly assess the candidate's qualifications. Recommendations should be addressed to the Corporate

Secretary of the Company at the Company's principal office and must be received no later than October 1, 2004 in order to be considered for the next annual meeting. The process for evaluating potential candidates recommended by shareholders and derived from other sources is substantially the same.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of the Company is comprised of the three directors named below. It operates pursuant to a written charter adopted by the Board of Directors which can be viewed on the Company's website on www.valassis.com.

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Committee are independent, as required by applicable listing standards of the NYSE. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements with management and its independent auditors for the year ended December 31, 2003, Deloitte & Touche LLP (Deloitte). The Committee has also discussed with Deloitte the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended by Statement on Auditing Standards No. 90. Finally, the Audit Committee has received the written disclosures and the letter from Deloitte required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect and discussed with Deloitte that firm's independence. The Audit Committee also considered whether Deloitte's non-audit services, including tax consulting and benefit plan services are compatible with maintaining Deloitte's independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 filed with the SEC.

This Audit Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Exchange Act and shall not otherwise be deemed filed under such Acts.

In addition, the Independent Directors are eligible to receive non-qualified options to purchase an aggregate of 40,000 shares of Valassis Common Stock pursuant to the 2002 Long-Term Incentive Plan (or such other plan applicable to independent directors of the Company in effect from time to time), which options have been and will be granted by Valassis in eight (8) semi-annual installments consisting of 5,000 stock options on April 1 and October 1 commencing on October 1, 2002 through April 1, 2006. Each such option shall have a strike price equal to the fair market value (as defined in the Company applicable stock option plan) of the Company's Common Stock on the date of grant and shall become fully vested one (1) year from such date of grant, with the same terms and conditions as the Company's then current standard non-qualified stock option agreement for independent directors, except as provided in the next paragraph.

In such event, the strike price for the options not previously granted shall be equal to the fair market value of the Company's Common Stock on the day that is ninety (90) days prior to a public announcement of a change of control which mechanism shall be determined under the Company's Change of Control Pricing Plan, but in all other respects such options shall be governed by the 2002 Long-Term Incentive Plan (or such other plan applicable to independent directors of the Company in effect from time to time). In addition, if any payment provided to the independent directors would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986 or any successor provision, the independent directors will be entitled to a gross-up payment.

Directors who are employees of the Company or its affiliates do not receive any compensation for their services as a director. Accordingly, Messrs. Hoffman, Recchia and Schultz are not compensated as such for their services as directors.

Based solely on review of the copies of such forms furnished to the Company, or written representations that no Forms 5 were required, the Company believes that during the fiscal year ended December 31, 2003, except for late Form 4s filed by Brian Husselbee, the President and Chief Executive Officer of NCH, and Linda Schalek, the Company's Controller, all Section 16(a) filing requirements applicable to its officers and directors were complied with.

Compensation/Stock Option Committee Report on Executive Compensation

The Compensation/Stock Option Committee of the Board of Directors of the Company has furnished the following report on executive compensation:

PHILOSOPHY

The compensation philosophy of the Company is to develop and implement policies that will encourage and reward outstanding financial performance, seek to increase the profitability of the Company, and thereby increase stockholder value. Maintaining competitive compensation levels in order to attract, retain and reward executives who bring valuable experience and skills to the Company is also an important consideration. The Company's executive compensation programs are designed to attract and retain talented individuals and motivate them to achieve the Company's business objectives and performance targets, including increasing long-term stockholder value.

The Compensation/Stock Option Committee of the Board of Directors is composed of the three directors listed below. Working with the Company, the Compensation/Stock Option Committee develops and implements compensation plans for the Company's executive officers.

COMPENSATION STRUCTURE

The Compensation/Stock Option Committee believes that it is in the best interests of the Company and its stockholders that its executive officers be compensated in a manner that provides such officers with a strong incentive to advance both the short-term and long-term interests of the Company. The Compensation/Stock Option Committee, working with management, has instituted a compensation structure which is designed to ensure that a high proportion of compensation is tied in some manner to both short-term and long-term corporate performance. Accordingly, the Company's compensation structure includes both cash-based and equity-based compensation consisting of base salary, annual cash bonuses, stock options and restricted stock awards.

The annual cash compensation of the executive officers, including the Chief Executive Officer, for the year ended December 31, 2003, consisted of annual salary and cash bonuses. The cash bonuses were paid two times a year and were contingent upon the attainment by the Company of meeting semi-annual earnings per share targets that were set by the Committee for the six-month period ending June 30, 2003 and for the six-month period ending December 31, 2003. The Committee believes that a target based upon earnings per share emphasizes the Company's commitment to reach and maintain a competitive rate of return on equity and achieve long-term growth in earnings-critical factors for assuring creation of value for its stockholders. Additionally, the Committee believes that by providing for bonuses twice a year instead of annually, a greater sense of urgency will motivate executive officers to meet targets. The specific targets for the Company's fiscal year ended December 31, 2003 which were selected by the Committee are not disclosed herein because the Committee has determined that it is confidential business information, the disclosure of which would have an adverse effect on the Company.

Non-cash compensation of executive officers for the year ended December 31, 2003, consisted of options granted under the Company's 2002 Long-Term Incentive Plan and restricted stock granted pursuant to the Executive Restricted Stock Plan or the Employee and Director Restricted Stock Award Plan.

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

The stock options produce value for executives only if the Company's stock price increases over the option exercise price, which for all options granted to such executives during 2003 is the fair market value of Valassis Common Stock on the date of grant. Although there are no particular targets with respect to executive officers' holdings of stock options, in general, the higher the level of an executive's responsibility, the larger this stock-based component of his or her compensation will be. During the year ended December 31, 2002, the Committee approved amendments to certain employment agreements of the Company's executive officers providing for semi-annual option grants. To further strengthen the commonality of interest between senior management and the Company's stockholders, the Committee has granted performance-based stock options to its executive officers that provide accelerated vesting in 1/3 increments as the Company's Common Stock meets certain specified price per share targets. The Committee determined that these performance-based options would provide even greater motivation for its executive officers to achieve the Company's performance targets.

Table of Contents

The Committee believes that, in certain cases, grants of restricted stock further a sense of stock ownership by executive officers and give the Company a significant advantage in retaining key executives. In order to assure the retention of certain of the Company's high-level executives and to compensate and incentivize those executives to create long-term value for stockholders, the Compensation/Stock Option Committee provides that the restricted stock granted to those executives vests in approximately equal portions over a three-year period. The Committee has generally eliminated restricted stock as part of the Company's overall compensation and incentive plans to all executive officers other than the four executive officers who have restricted stock as part of their employment contracts.

Executive officers also are eligible to participate in the Valassis Employees' Retirement Savings Plan. In addition, all employees of Valassis are eligible to participate in the Employee Stock Purchase Plan.

The compensation of each executive officer (other than the Chief Executive Officer) is generally based on an annual review of such officer's performance by the Chief Executive Officer and his recommendations to the Compensation/Stock Option Committee. The compensation of the Chief Executive Officer is generally based on an annual review of such officer's performance by the Compensation/Stock Option Committee. In establishing and administering the variable elements in the compensation of the Company's executive officers, the Compensation/Stock Option Committee tries to recognize individual contributions, as well as overall business results. Compensation levels are also determined based upon the executive's responsibilities, the efficiency and effectiveness with which he or she marshals resources and oversees the matters under his or her supervision, and the degree to which he or she has contributed to the accomplishments of major tasks that advance the Company's goals. The Company's financial performance is a key factor that affects the overall level of compensation for executive officers.

CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Schultz is employed under an employment agreement which expires on December 31, 2008. The level of Mr. Schultz's salary and the semi-annual bonus to which he is entitled for the fiscal year ended December 31, 2003 is set forth in his employment agreement. The amount of Mr. Schultz's aggregate bonuses for the fiscal year ended December 31, 2003 was based on the achievement by the Company of certain semi-annual earnings per share targets set by the Compensation/Stock Option Committee. No bonus is earned unless at least 70 percent of the earnings per share target has been met by the Company. Based on the Company's earnings per share performance during 2003, Mr. Schultz received approximately seventy-two percent (72%) of his potential bonus, or \$537,415. In addition, for the fiscal year ended December 31, 2003, Mr. Schultz received 22,500 shares of restricted stock pursuant to his employment agreement. For each subsequent fiscal year during the term of his employment agreement, Mr. Schultz will be eligible to receive 11,250 shares of restricted stock, an additional 11,250 shares of restricted stock if the Compensation/Stock Option Committee determines that a certain percentage of the performance targets have been met and an additional 11,250 shares of restricted stock under the Executive Restricted Stock Award Plan if a higher percentage of the performance targets have been met. During 2003, Mr. Schultz also received two stock option grants of 135,000 pursuant to his employment agreement.

During the fiscal year ended December 31, 2003, Mr. Schultz was paid a salary at a rate of \$750,000 per year under his employment agreement. The Committee believes that Mr. Schultz's salary is reasonable in light of his outstanding leadership through the years. The Committee believes that Mr. Schultz's compensation level reflects the Committee's confidence in Mr. Schultz and the Company's desire to retain Mr. Schultz's outstanding talents at the head of the Company.

EXECUTIVE OFFICER COMPENSATION

Each of the Company's executive officers is currently employed pursuant to a multi-year employment agreement, the purpose of which is to retain the services of such officer for an extended period and to protect the Company with the establishment of no compete/no raid obligations

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

for former executives. The length of time employment agreements are extended into the future is a result of a variety of factors, including the staggering of expiration dates of other executive employment agreements, the roles and responsibilities of the executive and a risk assessment of the executive being hired by a competitor of Valassis. The minimum compensation to which each executive officer was

Table of Contents

entitled for 2003 is specified in the employment agreement, and the bonuses, which are a major part of an executive's cash compensation, were based primarily on the achievement by the Company of certain earnings per share targets and in certain instances, a combination of earnings per share targets and other annual performance targets. Generally, no bonus is earned unless a percentage of the earnings per share target with respect to each semi-annual period determined by the Committee has been met by the Company. Generally, no aggregate bonus may exceed one hundred percent (100%) of an executive's annual base salary.

Stock options are awarded to the executives by the Compensation/Stock Option Committee. In determining the size of option awards for a particular executive officer, the Compensation/Stock Option Committee considers the amount of stock options previously awarded to other executive officers in a like position, the amount of unexercised stock options held by such executive in addition to the other compensation considerations discussed above. Certain executive officers are entitled to a fixed number of stock options granted twice a year pursuant to their employment agreements.

In order to further incentivize management, certain executive officers are entitled to a certain amount of restricted stock if the Committee determines that a certain percentage of the performance targets have been met and an additional amount of restricted stock if a higher percentage of the performance targets have been met. The amount of restricted stock and applicable performance target is specified in the executive's employment agreement.

The Compensation/Stock Option Committee believes that the Company's most direct competitors for executive talent are not necessarily the same companies with which the Company would be compared for stock performance purposes. Many of the businesses with which the Company competes for executive talent are substantially larger and have greater financial resources than the Company. The Committee believes that one of the Company's most direct competitors is a non-publicly traded company for which no information regarding stock performance or executive compensation is available.

The Compensation/Stock Option Committee feels that actions taken regarding executive compensation are appropriate in view of the individual and corporate performance.

In the event total compensation for any named executive officer exceeds the \$1 million threshold at which tax deductions are limited under Internal Revenue Code Section 162(m), the Compensation/Stock Option Committee intends to balance tax deductibility of executive compensation with its responsibility to retain and motivate executives with competitive compensation programs. As a result, the Compensation/Stock Option Committee may take such actions as it deems to be in the best interests of the stockholders, including: (i) provide non-deductible compensation above the \$1 million threshold; (ii) require deferral of a portion of the bonus or other compensation to a time when payment may be deductible by the Company; and/or (iii) modify existing programs to qualify bonuses and other performance-based compensation to be exempt from the deduction limit.

This report by the Compensation/Stock Option Committee shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Exchange Act and shall not otherwise be deemed filed under such Acts.

The following summary of certain provisions of the Employment Agreements does not purport to be complete and is subject to and is qualified in its entirety by reference to the actual text of the Employment Agreements, copies of which are exhibits to the Company's SEC filings.

Mr. Schultz's Employment Agreement expires December 31, 2008, Mr. Herpich's Employment Agreement expires December 31, 2005, Mr. Recchia's and Mr. Hoffman's Employment Agreement each expires December 31, 2008 and Mr. Hogg's Employment Agreement expires on September 30, 2006. Further, the Employment Agreements of each of Mr. Herpich, Mr. Hoffman and Mr. Recchia provide that each such executive is entitled to receive 2,250 shares of restricted stock for each year during the term of his respective Employment Agreement pursuant to the Company's Employee and Director Restricted Stock Award and up to an additional 4,500 shares of restricted stock for each year during the term of his Employment Agreement if the Company achieves certain performance targets. Mr. Schultz's Employment Agreement provides that he is entitled to receive 11,250 shares of restricted stock for each year during the term of his Employment Agreement and up to 22,500 shares of restricted stock for each year during the term of his Employment Agreement pursuant to the Executive Restricted Stock Award Plan if the Company achieves certain performance targets. In addition, pursuant to the terms of the Employment Agreements of Mr. Schultz, Mr. Recchia and Mr. Hoffman, all of these executives may be entitled to semi-annual bonuses of up to 50% of their annual salary if the Company achieves certain performance targets set by the Compensation/Stock Option Committee. Mr. Herpich's Employment Agreement provides that he is entitled to a semi-annual bonus of up to 50% of his annual salary if the Company achieves certain performance targets set by the Compensation/Stock Option Committee and an annual bonus of up to 50% of his annual salary in accordance with certain sales targets set annually by the Chief Executive Officer of the Company. Mr. Hogg's Employment Agreement provides that he is entitled to a semi-annual bonus of up to 50% of his annual salary if the Company achieves certain performance targets set by the Compensation/Stock Option Committee and an annual bonus of up to 50% of his annual salary in accordance with certain performance targets set annually by the Chief Executive Officer of the Company. See Compensation/Stock Option Committee Report on Executive Compensation.

Each of the Employment Agreements for the Named Executive Officers provides that such executive officers are eligible to receive non-qualified stock options to purchase a fixed number of shares of Common Stock of the Company pursuant to the Company's 2002 Long-Term Incentive Plan (or such other plan applicable to executives of the Company in effect from time to time). The aggregate number of stock options to be granted pursuant to Mr. Schultz's Employment Agreement, Mr. Herpich's Employment Agreement, Mr. Hoffman's Employment Agreement, Mr. Recchia's Employment Agreement and Mr. Hogg's Employment Agreement is 1,080,000, 393,000, 450,000, 450,000 and 350,000, respectively. Such options are granted by the Company in eight semi-annual installments on April 1 and October 1 commencing on October 1,

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

2002 through April 1, 2006; provided, however, that the options to be granted to Mr. Herpich are in seven semi-annual installments ending on October 1, 2005 to correspond with the term of his Employment Agreement; and provided, further, that the grant of all such options may be accelerated upon a change of control of the Company. See Change of Control Arrangements. Each option shall have a strike price equal to the fair market value (as defined in the Company's applicable stock option plan) of the Company's Common Stock on the date of grant and shall become fully

Table of Contents

vested five years from such date of grant and exercisable for two years thereafter. Such options vest in 1/3 increments as the Company's Common Stock meets certain specified price per share targets.

Under the terms of the Employment Agreements for Messrs. Schultz, Hoffman and Recchia, if Valassis terminates any of the executives employment other than for Cause (as defined in the respective Employment Agreements), or if the executive terminates his employment for Good Reason (as defined in the respective Employment Agreements), then Valassis shall continue to pay such executive a base salary for the duration of the term of his Employment Agreement, a lump sum cash bonus in an amount equal to two times his maximum semi-annual cash bonus for the current six-month period (whether or not earned), and any deferred compensation and any accrued vacation pay to the date of termination. In such event, Messrs. Schultz, Recchia and Hoffman also receive such executive's pro rata share of his semi-annual bonus for the six-month period in which his employment terminates (based on the achievement of certain performance targets at the end of the six-month period). Under the terms of the Employment Agreements for Messrs. Herpich and Hogg, if Valassis terminates any of the executives employment other than for Cause (as defined in the respective Employment Agreements), then Valassis shall continue to pay such executive a base salary for the duration of the term of his Employment Agreement, a lump sum cash bonus in an amount equal to two times his maximum semi-annual cash bonus for the current six-month period (whether or not earned), and any deferred compensation and any accrued vacation pay to the date of termination. All of the Employment Agreements with the Named Executive Officers provide that, under certain circumstances, Valassis shall also maintain the executive's participation in all employee welfare and medical benefit plans in which the executive was eligible to participate at the time of his termination.

In the event of a termination by reason of death or disability of an executive officer (as defined in the respective Employment Agreements), Valassis shall pay to such executive or his estate in a lump sum his annual base salary through the date of termination and any deferred compensation and any accrued vacation pay to the date of termination. In such event, Messrs. Schultz, Recchia and Hoffman also receive an amount equal to the executive's pro rata share of his semi-annual bonus for the six-month period in which his employment terminates (based on the achievement of certain performance targets at the end of the six-month period).

If Valassis terminates the employment of Messrs. Schultz, Hoffman or Recchia for Cause, or any such executive officer terminates his employment with the Company without Good Reason, the Company shall pay such executive officer any compensation earned through the date of termination and any previously deferred compensation, and the Company shall then have no further obligations to such executive officer under his Employment Agreement. Under the terms of the Employment Agreements for Messrs. Herpich and Hogg, if Valassis terminates the employment of such executive officer for Cause, the Company shall pay such executive officer any compensation earned through the date of termination and any previously deferred compensation, and the Company shall then have no further obligations to such executive officer under his Employment Agreement.

Under the terms of their Employment Agreements, the executive officers are prohibited from competing with the Company during the periods of their scheduled employment with the Company. In the case of Mr. Herpich and Mr. Hogg, this non-competition provision may continue for up to two years following the termination of his employment, at the respective Company's option, during which period the Company is required to pay Mr. Herpich and Mr. Hogg his then-existing annual base salary. In the cases of Messrs. Hoffman and Recchia, this non-competition provision shall continue for up to two years following the termination of their respective employment, during which period such executives shall furnish advisory and consulting services to the Company and the Company is required to pay such executives, as applicable, their annual base salaries. In the case of Mr. Schultz, his Employment Agreement provides that this non-competition provision extends for seven years after the later of the expiration date of his employment period or severance period, as the case may be, so long as the Corporation pays Mr. Schultz his annual base salary during each of the first three years of such seven year period and an amount equal to one-half of such annual base salary during each of the last four years of such period.

Change of Control Arrangements

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

Upon a change of control (as defined in the Company's applicable stock option plan), (x) all shares with respect to which any option granted pursuant to the Employment Agreements prior to the change of control shall become fully exercisable and (y) any remaining options not previously granted pursuant to the Employment Agreements shall be immediately granted and become vested and fully exercisable. In such event, the strike price for the options not previously granted shall be equal to the fair market value of the Company's Common Stock on the day that is ninety (90)

days prior to a public announcement of a change of control which mechanism shall be determined under the Company's Change of Control Pricing Plan, but in all other respects such options shall be governed by the 2002 Long-Term Incentive Plan (or such other plan applicable to Named Executive Officers of the Company in effect from time to time). In addition, the Employment Agreements provide that if any payment provided to the Named Executive Officers would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986 or any successor provision, the Named Executive Officers will be entitled to a gross-up payment. In addition, a change of control of Valassis could result in one or more of the executives being terminated other than for Cause, or one or more of Messrs. Schultz, Recchia and Hoffman terminating his respective employment for Good Reason. In either of such events, the severance arrangements described above would apply.

Director Independence Criteria

Valassis Communications, Inc.

Guidelines for Determining Independence of Board Members

Under the NYSE rules, the Board of Directors of the Company (the Board) is required to determine whether or not each Director is independent. To find that a Director is independent, the Board must determine that the Director has no material relationship with the Company. To assist the Board in this analysis, the Board has adopted the following guidelines as to what constitutes a material relationship. These guidelines apply to a Director and to members of the Director's immediate family. Each of the guidelines applies to conditions that exist now or within the preceding three years.

1. Employment by the Company; Compensation.
 - A. Employment as an Executive Officer.
 - B. Receipt from the Company of \$100,000 per year in direct compensation other than Director and Committee fees and pension or other forms of deferred compensation for prior service. Compensation received by an immediate family member for service as a non-executive employee need not be considered.
