INDEPENDENT AUDITORS REPORT

The Board of Trustees and Shareholders

ElderTrust:

We have audited the accompanying consolidated balance sheets of ElderTrust and subsidiaries as of December 31, 2003 and 2002, and the related consolidated statements of operations, shareholders' equity and cash flows for each of the years in the three-year period ended December 31, 2003. In connection with our audits of the consolidated financial statements, we have also audited the financial statement schedule of real estate and accumulated depreciation. These consolidated financial statements and the financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of ElderTrust and subsidiaries as of December 31, 2003 and 2002, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, the related financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

As discussed in Note 3, the Company adopted Statement of Financial Accounting Standards No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* in 2002 and Statement of Financial Accounting Standards No. 145, *Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13 and Technical Corrections* in 2003.

ELDERTRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2003, 2002 and 2001

1. Organization and Operations

ElderTrust was formed in the State of Maryland in 1997 and began operations upon the completion of its initial public offering in January 1998. ElderTrust elected to be taxed as a real estate investment trust beginning in the year ended December 31, 1998.

At December 31, 2003 and 2002, ElderTrust's total assets consisted primarily of a 96.3% and 96.2% interest in ElderTrust Operating Limited Partnership (the "Operating Partnership"), and its wholly-owned subsidiaries and controlled partnerships (collectively, "ElderTrust", "We" or the "Company"), respectively. At December 31, 2003 and 2002, the Company's consolidated assets primarily consisted of a diversified portfolio of 19 and 32 healthcare properties, respectively, consisting primarily of assisted living and skilled nursing facilities which are leased back to third party healthcare providers, generally under triple-net leases. Triple net leases dictate that costs associated with operating the facilities, including real estate taxes, insurance and utilities, are the responsibility of the tenant.

At December 31, 2001, the Company's consolidated assets also included investments in unconsolidated entities consisting of (a) a 99% non-voting limited partnership interest in an unconsolidated entity, ET Sub Meridian Limited Partnership, LLP, ("Meridian") which holds leasehold and purchase option rights for seven skilled nursing facilities, (b) a 99% non-voting interest in two other unconsolidated entities, ET Sub-Cabot Park, LLC, ("Cabot") which owns an independent living facility and ET Sub-Cleveland Circle, LLC, ("Cleveland") which owns an assisted living facility and (c) a 95% non-voting interest in ET Capital Corp. ("ET Capital"), which is primarily engaged in providing construction and other financing related to healthcare facility development. Prior to September 30, 2002, the Company accounted for these investments in Meridian, Cabot and Cleveland under the equity method due to a lack of control on the Company's part over the operational decision making process of these entities. As of September 30, 2002, the Company acquired operating control of these investments and has consolidated the respective balance sheets of Meridian, Cabot and Cleveland and their results of operations from that date. Additionally, beginning in January 2003, the Company began consolidating its investment in ET Capital, having then acquired the remainder of its membership interests. See Note 8 of the Company's consolidated financial statements for additional information.

Approximately 54% and 86% of the Company's consolidated assets at December 31, 2003 and 2002, respectively, consist of real estate properties leased to or managed by Genesis Health Ventures, Inc., its successor, Genesis HealthCare Corp. or its consolidated subsidiaries (unless the context otherwise requires, collectively, "Genesis") or entities in which Genesis accounts for its investment using the equity method of accounting ("Genesis Equity Investees"). Accordingly, the Company's consolidated revenues and ability to make distributions to shareholders depends, in significant part, upon the revenues derived from Genesis. See Note 5 for additional information. Michael Walker, ElderTrust's Chairman of the Board of Trustees and Acting President and Chief Executive Officer, served as Chief Executive Officer of Genesis from 1985 until May 2002 and as Chairman of the Board of Genesis from 1985 until October 2002.

Basis of Presentation

The consolidated financial statements of ElderTrust include all the accounts of ElderTrust, the Operating Partnership, and the Operating Partnership's wholly owned and controlled subsidiaries. Intercompany balances and transactions have been eliminated. Certain other amounts included in the consolidated financial statements for prior periods have been reclassified to conform to the presentation for 2003.

ELDERTRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2003, 2002 and 2001

2. Merger of ElderTrust

On November 20, 2003, the Company entered into a definitive merger agreement with Ventas, Inc., (Ventas), a healthcare REIT based in Louisville, Kentucky, whereby Ventas would acquire all of the outstanding common shares of ElderTrust and Class A units of ETOP for \$12.50 per share/unit, in an all cash transaction valued at \$184 million. The transaction (the Ventas Transaction) was subject to the approval of the shareholders of ElderTrust, which was obtained on February 3, 2004. The transaction was completed on February 5, 2004.

3. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could vary from those estimates.

Cash and Cash Equivalents

The Company considers all short-term, highly liquid investments that are readily convertible to cash and have an original maturity of three months or less at the time of purchase to be cash equivalents.

Restricted Cash

Restricted cash represents bond and operating reserve funds required in connection with outstanding debt issues, security deposits, letters of credit and mortgage escrow accounts.

Real Estate Properties

Edgar Filing: VENTAS INC - Form 8-K/A

Real estate properties are recorded at cost. Acquisition costs and transaction fees, including legal fees, title insurance, transfer taxes, external due diligence costs and market interest rate adjustments on assumed debt directly related to each property are capitalized as a cost of the respective property. The cost of real estate properties acquired is allocated between land and buildings and improvements based upon estimated market values at the time of acquisition. Depreciation is provided for on a straight-line basis over an estimated composite useful life of twenty-eight and one-half years for buildings and improvements.

We classify the properties we are actively marketing as held for sale once all of the following conditions are met:

our board of trustees has approved the plan of sale, and

we have a binding agreement with a qualified buyer which provides for no significant outstanding contingencies which could cause the transaction not to be completed in a timely manner.

We carry properties held for sale at the lower of their carrying values or estimated fair values less costs to sell. We cease depreciation at the time the asset is classified as held for sale. We segregate the held for sale properties on our consolidated balance sheet and classify their operating results as discontinued operations on our consolidated statements of operations.

ELDERTRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2003, 2002 and 2001

Application of New Accounting Standards

The Financial Accounting Standards Board (FASB) recently issued SFAS No 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity, (SFAS No. 150). This statement requires issuers to classify as liabilities (or assets in some circumstances) three classes of freestanding financial instruments that embody obligations for the issuer. Previously, many such instruments had been classified as equity. A freestanding financial instrument is an instrument that is entered into separately and apart from any of the entity's other financial instruments or equity transactions or that is entered into in conjunction with some other transaction and is legally detachable and separately exercisable, such as certain put and call options. These provisions are effective for financial instruments issued or modified after June 15, 2003.

On October 8, 2003, the FASB issued guidance with respect to SFAS No. 150 that issuers whose financial statements include consolidated ventures with finite lives should reflect any minority interests in such consolidated ventures on the issuer's financial statements as a liability on the issuer's financial statements presented at its fair value as of the applicable balance sheet date. Under SFAS No. 150, any fluctuation in the fair value of the minority interest from period to period would be recorded on the issuer's financial statements as interest expense for the change in the fair value of the liability.

On November 7, 2003, the FASB issued a FASB Staff Position (FSP) 150-3 indefinitely deferring the application of a portion of SFAS No. 150 with respect to minority interests in consolidated ventures entered into prior to November 5, 2003, effectively reversing the guidance of October 8, 2003. While there is no financial statement impact, FSP 150-3 does require disclosure of the fair value of the minority interest in consolidated ventures as of the balance sheet date. At December 31, 2003, the Company held interests in three joint ventures with finite lives that had minority interests. The carrying and fair value of these interests was approximately \$(31,427) and \$20,548 at December 31, 2003.

In April 2002, FASB Statement No. 145, Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections, was issued. Statement 145 amends existing guidance on reporting gains and losses on the extinguishment of debt to restrict the classification of the gains or losses as extraordinary, as the use of such extinguishments have become part of the risk management strategy of many companies. The provisions of Statement 145 related to the rescission of FASB Statement No. 4, Reporting Gains and Losses from Extinguishment of Debt, were applied in fiscal years beginning after May 15, 2002. The adoption of Statement 145 in 2003 resulted in the classification of approximately \$1 million of gain from extinguishment of debt as a component of income from continuing operations in the Company's financial statements for the year ended December 31, 2003.

Impairment of Long-Lived Assets

The Company adopted Statement 144 Accounting for the Impairment or Disposal of Long-Lived Assets (SFAS No. 144) on January 1, 2002. In accordance with SFAS No. 144, long-lived assets, such as rental property, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. Properties held for sale would be separately presented in the balance sheet and reported at

Edgar Filing: VENTAS INC - Form 8-K/A

the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposed group classified as held for sale should be presented separately in the appropriate asset and liability sections of the balance sheet.

ELDERTRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2003, 2002 and 2001

Deferred Financing Costs

Deferred financing costs are incurred in the process of acquiring financing for the Company. The Company amortizes these costs over the term of the respective borrowing using a method that approximates the interest method.

Income Taxes

The Company has been organized and operated in a manner so as to qualify for taxation as a real estate investment trust (REIT) under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended. As a result, the Company generally will not be subject to income tax on its taxable income at corporate rates to the extent it distributes with respect to each year 90% of its taxable income, excluding net capital gain, to its shareholders and complies with certain other requirements (although the Company will pay tax to the extent of any taxable income that it retains even if it qualifies as a REIT). The Company qualified as a REIT through the date of the Ventas Transaction, and, accordingly, no provision has been made for federal income taxes for the Company in the accompanying consolidated financial statements.

Leases and Rental Income

Real estate properties are leased to operators primarily on a long-term triple net-lease basis. Two of these leases provide for rents based on a specific percentage of facility operating revenues with no required minimum rent (percentage rent leases). In 2003, a majority of the leases with Genesis were restructured to include a base rent, increasing by the greater of 1.5% or one half of the percentage increase in the Consumer Price Index for the preceding year. Other remaining leases provide for base rent, increasing each year by the lesser of 5% of the increase in facility revenues for the immediately preceding year or one-half of the percentage increase in the Consumer Price Index for the immediately preceding year (minimum rent leases). All three types of leases are triple net-leases that require the lessees to pay all operating expenses, taxes, insurance, maintenance and other costs, including a portion of capitalized expenditures. The remaining leases (fixed rent leases) are with tenants in medical office and other buildings and provide for specific annual rents, subject to annual increases in some of the leases.

Lease payments are recognized as revenue in accordance with lease terms. Certain of the leases provide for scheduled annual rent increases. The Company reports base rental revenue on these leases using the straight-line method over the terms of the respective leases. The Company records an unbilled rent receivable or payable representing the amount that the straight-line rental revenue exceeds or reduces the rent currently collectible under the lease agreements.

Deferred Rent and Consent Fees

Edgar Filing: VENTAS INC - Form 8-K/A

In 2003, the Company received various payments from Genesis for the restructuring of certain leases and various other concessions. These deferred payments relate to prospective changes in the related leases, including reductions in monthly rental amounts, changes to lease termination dates, and changes to the lease guarantor. Accordingly, the cash received in consideration of these modifications is recognized in rental income on a straight-line basis over the life of the respective leases. See Note 4 for additional information.

Share Option Plans

In compliance with SFAS No. 123, *Accounting for Stock Based Compensation*, the Company has elected to follow the intrinsic value-based method of accounting prescribed by the Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations, in accounting for its fixed plan share options. As such, compensation expense would be recorded only if the current market price of the underlying shares on the date of grant exceeded the exercise price.

ELDERTRUST**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****December 31, 2003, 2002 and 2001**

No compensation expense has been recognized for options granted under the 1998 and 1999 Share Option and Incentive Plans. Under SFAS No. 123, compensation expense of \$332,000, \$108,000 and \$88,000 would have been recorded in 2003, 2002 and 2001, respectively, for the 2003, 1998 and 1999 Plans based upon the fair value of the option awards.

Investments in Unconsolidated Entities

Prior to January 2003, the Company had an investment in ET Capital Corp., an entity in which the controlling voting interest was owned by Mr. D. Lee McCreary, Jr., the Company's former President, Chief Executive Officer and Chief Financial Officer. As a result, the Company accounted for this investment using the equity method. In January 2003 the Company acquired the remaining interests in ET Capital. As of the date of this acquisition, the Company consolidated ET Capital in its financial statements.

Net Income/(Loss) per Share

Basic earnings per share is computed by dividing net income by the weighted average number of shares of common stock outstanding. Diluted income per share is computed by dividing net income, as adjusted for potentially dilutive securities, by the weighted average number of shares of common stock outstanding plus other potentially dilutive securities. Dilutive securities may include shares granted under share option and incentive plans and units of ElderTrust Operating Partnership (ETOP) held by minority partners that have the option to convert their units into common shares. No effect is shown for any securities that are anti-dilutive.

Segment Reporting

The Company is a real estate investment trust whose primary objective is to invest in healthcare facilities. The Company has one reportable segment, investments in healthcare facilities.

4. Restructuring Agreements

The Company announced on July 14, 2003, that it had entered into a non-binding letter of intent (the "LOI") with Genesis Health Ventures, Inc. ("Genesis") to restructure their current business relationship. As part of this transaction Genesis intended to spin-off its ElderCare division (the "Spin-Off") which will be known as Genesis HealthCare Corporation ("HealthCare"). Operations of ElderTrust assets that are leased to Genesis would be spun off to HealthCare as part of the transaction and, as a result, ElderTrust has certain approval rights with respect to the Spin-Off. The LOI sets forth the proposed terms of the restructuring of the Company's current transactions with Genesis and approval of the Spin-Off. The LOI also addressed assets currently leased by the Company to Crozer/Genesis ElderCare Limited Partnership ("Crozer") and Genesis Eldercare Partnership of New England, L.P. ("NDNE"), a 90% owned

subsidiary of Genesis, and the proposed assignment of leasehold interests to Benchmark Assisted Living, LLC (Benchmark). The Spin-Off was completed on December 1, 2003. Most of the restructuring transactions, as described below, were completed as of December 31, 2003.

Transactions Under the Crozer/Genesis Agreement

On August 13, 2003, the Company completed the restructuring of lease transactions with Crozer, including the satisfaction of its \$14 million, non-recourse loan secured by the Harston Hall and Pennsburg properties for a cash payment of \$11.5 million. This transaction resulted in gain on debt extinguishment of \$2.5 million, \$0.6 million which is included in discontinued operations and \$0.9 million which is included in the gain on debt extinguishment line on the consolidated statement of operations. Under the terms of the agreements with Crozer, the Harston Hall property was sold to Genesis for \$2.6 million, and the annual rent on the Pennsburg property was reduced to \$656,000 per year in exchange for a one-time payment by Genesis of \$2.5 million. The Company recorded an impairment charge on the Harston Hall property of \$1.8 million and a gain of approximately \$0.6 million corresponding to the amount of debt forgiven by the lender in connection with satisfaction of the related mortgage loan.

Additionally, the leases for the Pennsburg Manor, Chapel Manor and Belvedere properties were extended for approximately twelve years, and certain other changes were made to the leases, including, but not limited to, elimination and return of the security deposits, the addition of a lease coverage ratio test of at least 1.25:1, and the addition of lease guarantees by Genesis. Following Genesis Spin-Off, the leases are guaranteed by HealthCare.

Transactions under the Genesis Master Agreement and the Benchmark Agreement

On September 11, 2003, the Company entered into a definitive Master Agreement (the Genesis Agreement) with Genesis and a purchase and sale agreement (the Benchmark Agreement) with NDNE. Under the terms of the Benchmark Agreement, the Company received \$5.0 million in exchange for various lease modifications. Under the agreement, NDNE assigned their leasehold interests in the Cabot Park, Cleveland Circle, North Andover and Vernon Court properties to Benchmark, annual rents under the leases were reduced by \$1,380,000 per year and terms of the leases were extended ten years to 2013. Additionally, Benchmark has the option to acquire the Cabot Park, Cleveland Circle and North Andover properties, on the fifth and tenth lease anniversary dates and an option to acquire the Vernon Court property at any time during the lease term. The leases have limited guarantees equal to one year's rent provided by AEW Partners IV, a significant investor in Benchmark.

Under the terms of the Genesis Agreement, the Company sold the Liberty Court property to Genesis for approximately \$10.3 million on October 29, 2003. Annual rental under the modified leases on Heritage Woods and Sanatoga Court properties were reduced by \$0.7 million and their lease terms were extended through 2012 in exchange for a cash payment of approximately \$2.6 million.

On November 7, 2003, Genesis purchased the Company's ownership interest in Meridian, which is the prime lessee on seven properties which were subleased to Genesis and accounted for by the Company as capital leases (Meridian 7) for approximately \$93.4 million including \$18.0 million in cash and Genesis's assumption of approximately \$75.4 million of debt and lease obligations.

Edgar Filing: VENTAS INC - Form 8-K/A

On December 12, 2003, the Company sold the Willowbrook property to Genesis for approximately \$1.5 million and sold the Phillipsburg property to Genesis for approximately \$3.4 million.

On December 23, 2003, the Company sold the Pleasant View property to Genesis for approximately \$4.6 million, including the transfer of approximately \$3.7 million of mortgage debt to Genesis.

On January 30, 2004, the Company sold the Riverview Ridge property to Genesis for approximately \$5.1 million including the assumption of debt of \$2.4 million.

In addition to the transactions listed above, Genesis agreed to pay a \$5.0 million consent fee to the Company immediately upon completion of the Spin-Off. Following the Spin-Off, the Company changed the guarantor from Genesis to HealthCare on the six remaining leases with Genesis, and made certain other modifications to those leases. The Company received \$4.7 million during December 2003 with the balance being paid upon the completion of the Riverview Ridge sales transactions in January 2004.

5. Discontinued Operations

Under SFAS No. 144, the Company is required to reclassify from continuing operations to discontinued operations, the results of operations from any property that is disposed of or is classified as held for sale and where the Company will not have significant continuing involvement.

The Salisbury Medical Office Building (SMOB), located in Salisbury, Maryland, was classified as held for sale in June 2002. On March 7, 2003, the Company sold SMOB for approximately \$1.0 million. These proceeds were used to payoff the \$1.0 million of debt secured by the property.

On August 13, 2003, the Harston Hall property, located in Flourtown, Pennsylvania, was sold to Genesis Health Ventures, Inc. (Genesis) for approximately \$2.6 million. The \$14.0 million non-recourse debt secured by the Harston Hall and Pennsburg properties was satisfied in full for a payment of \$11.5 million prior to the sale. The extinguishment of the Harston Hall portion of the debt resulted in a gain of \$0.6 million, which is included in discontinued operations.

On September 11, 2003, the Company entered into a definitive Master Agreement (the Genesis Agreement) with Genesis. Under the terms of the Genesis Agreement, five properties, (Liberty Court, also known as Rittenhouse, Willowbrook, Phillipsburg, Riverview Ridge and Pleasant View), were sold to the company spun-off from Genesis Health Ventures, which is known as Genesis HealthCare Corporation (HealthCare). Among other transactions, HealthCare purchased the ownership interest in the Company's subsidiary ET Sub-Meridian Limited Partnership, L.L.P. (Meridian) that is the prime lessee on seven properties currently subleased to Genesis and accounted for by the Company as capital leases (Meridian 7). All 12 of these properties were accounted for as discontinued operations at September 30, 2003. All of these transactions were completed in the fourth quarter of 2003 with the exception of the Riverview Ridge property, which closed on January 30, 2004.

unconsolidated entities derived from arrangements with Genesis or Genesis Equity Investees subsequent to October 1, 2002. The Company's consolidated revenues depends in significant part, upon the revenues derived from Genesis. After the Genesis spin-off, the Company's revenues from Genesis will be approximately \$6.9 million per year or about 42% of the Company's total rental revenue. Also, the Company's revenues from Benchmark will be approximately \$4.8 million per year or 29% of the Company's total rental revenue.

8. Investments in Unconsolidated Entities

As of December 31, 2003 the Company did not have any investments in unconsolidated subsidiaries. At December 31, 2002, the Company's investment in and advances to unconsolidated subsidiaries of \$3,187, consisted entirely of its investment in ET Capital. Summary financial information as of and for the year ended December 31, 2002 for ET Capital Corp. is as follows (in thousands):

In May 2001, ET Capital was named as a third party defendant in a complaint filed against Genesis. This lawsuit was settled on December 31, 2002. Under the settlement terms, ET Capital received \$250,000 and was released from any claims under the lawsuit in exchange for forgiving notes totaling \$7.8 million plus accrued interest. ET Capital Corp. reserved these loans in 2000.

During September 2002, the Company acquired, or obtained options to acquire (collectively, the Acquisition), from D. Lee McCreary, Jr., ElderTrust's former President and Chief Executive Officer, the controlling 1% ownership interests in Meridian, Cabot and Cleveland for approximately \$85,000. The ownership interest in Meridian was acquired and Mr. McCreary transferred operational and managerial control of Cabot and Cleveland during the option period. The purchase price for Mr. McCreary's interests were determined based upon estimated fair market values.

The purchase options for Cabot and Cleveland were exercised in February, 2004 for approximately \$17,000.

9. Line of Credit

Edgar Filing: VENTAS INC - Form 8-K/A

On August 30, 2002, ETOP entered into a line of credit (Guidance Line) agreement with Wachovia Bank, N.A. Funds provided at closing of approximately \$3.1 million were used to pay off the existing credit facility, and certain transaction and other costs. The Guidance Line bears interest at a floating rate of 3.25% over LIBOR, or 4.71% at December 31, 2003. There were no amounts outstanding at December 31, 2003. At December 31, 2003, the properties securing the Guidance Line had an aggregate net book value of \$21.5 million. During the year ended December 31, 2003, the Company derived revenues of \$1.8 million from these properties. ElderTrust has guaranteed ETOP s performance under the Guidance Line. The Guidance Line was terminated on February 4, 2004 in connection with the acquisition of the Company by Ventas, Inc.

12. Share Option and Incentive Plans and Other Retirement Arrangements

The Company established the 1998 share option and incentive plan (the 1998 Plan) for the purpose of attracting and retaining key executive officers and employees, as well as non-employee trustees. A total of 779,340 common shares were reserved for and have been issued under the 1998 Plan as of December 31, 2003. At the time of the Company's initial public offering in January 1998, the Company granted options with respect to 504,000 common shares to officers, employees and trustees. The exercise price for such options is the Offering price of \$18.00. The term of such options is ten years from the date of grant. Of these options, 150,000 vested immediately, 322,500 vested ratably over three years from the date of grant and 31,500 vested ratably over five years from date of grant. Additional options with respect to 7,500 and 25,000 common shares were granted to a trustee and officer of the Company, respectively, during 1998 at an exercise price of \$17.75 and \$15.125 per share, respectively. These options vested ratably over three and five years respectively, and terminate ten years from the date of grant. Additional options of 231,500 were granted during 1999 to a key executive officer and employees of the Company at exercise prices ranging from \$5.31 to \$6.69 per share. These options vested over three to four years and terminate ten years from the date of grant or three months after termination of employment. During 1999, options of 307,500 were cancelled upon the resignations of a former executive officer and a trustee. Additional options of 323,840 were granted under the 1998 plan during 2000 to a key executive officer and employees of the Company at exercise prices ranging from \$0.75 to \$2.75 per share. Of these options, 108,612 vested immediately, 215,228 vested over two years from the date of grant and terminate ten years from the date of grant or three months after termination of employment. Additionally, during 2000, 15,000 options were cancelled upon the resignations of two former trustees. During 2002, options of 6,667 were cancelled upon the resignation of a former executive officer. No common shares are available for future grant or award under the 1998 plan.

During 1999, the Company established the 1999 share option and incentive plan (the 1999 Plan) for the purpose of encouraging and enabling the officers, employees, non-employee trustees and other key persons of the Company to acquire a proprietary interest in the Company. A total of 350,000 common shares were reserved for issuance under the 1999 Plan. Options of 43,000 were granted during 2001 from the 1999 Plan to the executive officers and trustees of the Company at exercise prices ranging from \$3.50 to \$4.18 per share. Of these options, 8,000 vested immediately and the remaining 35,000 vest ratably on each of the annual anniversaries for the next three years and terminate ten years from the date of grant or three months after termination of employment. Options of 85,500 were granted during 2002 from the 1999 Plan to the executive officers, trustees and employees of the Company at an exercise price of \$7.90 per share. Of these options 8,000 vested immediately and the remaining 77,500 vest ratably on each of the annual anniversaries for the next three years and terminate ten years from the date of grant or three months after termination of employment. Options of 59,935 were granted during 2003 from the 1999 Plan to an executive officer and the trustees of the Company at exercise prices ranging from \$7.14 to \$7.40 per share. Of these options, 18,000 vested immediately and 41,935 were performance based options accounted for as a variable plan under APB No. 25. The performance based options vesting will be determined at the Compensation and Share Option committee's sole discretion based upon the executive officer meeting certain performance goals, to be determined no later than March 2004. At December 31, 2003, 76,072 common shares are available for award under the 1999 Plan.

During 2003, the Company established the 2003 share option and incentive plan (the 2003 Plan) for the purpose of encouraging and enabling the officers, non-employee trustees and other key persons of the Company to acquire a proprietary interest in the Company. A total of 250,000 common shares were reserved for issuance under the 2003 Plan. Options of 110,000 were granted during 2003 to a trustee and a key consultant of the Company at an exercise price of \$10.26 per share. Of these options, 54,000 vested immediately, 1,200 vested on November 1, 2003 and the first day of each month up to and including March 1, 2004, and 50,000 vest at the earlier of December 31, 2004 or a change in control as defined by the Plan. The options terminate upon the earlier of ten years from the date of the grant or three months after the termination of services with the Company.

13. Shareholder s Rights Plan

On October 13, 1999, the Company adopted a Shareholder Rights Plan (the Rights Plan). The Rights Plan is designed to deter coercive and unfair hostile takeover tactics. Under the Rights Plan, the Company authorized and declared a distribution of one right for each of its outstanding common shares held on the record date of October 29, 1999. Each right upon the occurrence of certain events (a triggering event) entitles the holder to purchase from the Company one one-thousandth of a Series A Junior Participating Preferred Share, \$0.01 par value per share, of the Company (which is intended to be the economic equivalent of one common share) at an initial purchase price of \$35.

The rights are neither exercisable nor traded separately from the common shares unless a triggering event occurs and will expire on October 13, 2009, unless exchanged or redeemed earlier. The rights will be exercisable only if a person or group in the future becomes the beneficial owner of 15% or more of the common shares of the Company, or announces a tender or exchange offer which, if consummated, would result in that person or group owning at least 15% of the common shares, subject to certain exceptions. The Company generally may redeem the rights for \$0.0005 per right at any time until ten days following the public disclosure that the 15% position has been met. A total of 16,000 preferred shares are reserved for issuance under the rights.

The Company authorized an Amendment, on November 19, 2003, to the Rights Plan to eliminate the operation and effects of the Rights Plan with respect to the execution, delivery and performance of the merger agreement with Ventas.

14. Taxes

The Company believes that, commencing with its taxable period ended December 31, 1998, it has been organized and operated in a manner so as to qualify for taxation as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986 (the Code), as amended. As a result, the Company generally will not be subject to income tax on its taxable income at corporate rates to the extent it distributes annually at least 90% of its taxable income, excluding net capital gain, to its shareholders and complies with certain other requirements (although the Company will pay tax to the extent of any taxable income that it retains, even if it qualifies as a REIT). The Company intends to continue to qualify as a REIT and, in light of the Company s net operating losses for tax purposes, no provision has been made for income taxes in the accompanying consolidated financial statements.

(1) All adjustments to GAAP net income from REIT operations are net of amounts attributable to minority interest and taxable REIT subsidiaries.

The estimated net operating loss carry forward at December 31, 2003 is approximately \$10.6 million.

The following is a reconciliation of the Company's dividends paid deduction for the years ended December 31 (unaudited, dollars in thousands):

	2003	2002	2001
Cash dividends paid	\$ 3,713	\$	\$

Dividends paid deduction	\$ 1,245	\$ 2,468	\$

Edgar Filing: VENTAS INC - Form 8-K/A

The Company, in accordance with Section 858 of the Code, made an election on its 2002 federal income tax return to deduct \$2,468 of dividends paid in 2003.

15. Distributions

The Company must distribute at least 90% of its taxable income, excluding net capital gain, in order to continue to qualify as a REIT. Distributions in a given year may exceed the Company's earnings and profits due to non-cash expenses such as depreciation and amortization. During 2003, the Company distributed \$0.48 per share/unit to its common shareholders and holders of units of ETOP. This distribution consisted of ordinary income of \$0.319 per share/unit and return of capital of \$0.161 per share/unit. There were no distributions to share or unit holders in 2002 or 2001.

Income (loss) loss per share on discontinued operations	\$ 0.42	\$ (0.04)	\$ 0.20
Diluted income per share	\$ 0.52	\$ 0.07	\$ 0.07

Units of ElderTrust Operating Limited Partnership are not included in the determination of weighted average common shares outstanding for purposes of computing diluted income per share since they are antidilutive.

17. Disclosure About Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, restricted cash and accounts receivable approximates fair value based on the short-term nature of these investments.

The carrying amounts of the Company's line of credit and variable rate mortgages payable at December 31, 2003 and 2002 approximate fair value because the borrowings are at variable interest rates. The fair value of the Company's fixed rate notes payable, mortgages and bonds payable at December 31, 2003 and 2002 is estimated using discounted cash flow analysis and the Company's current incremental borrowing rates for similar types of borrowing arrangements. The fair value of the Company's fixed rate mortgages, bonds and note payable at December 31,

2003 is approximately \$90.0 million.

19. Related Party Transactions

In addition to the transaction with D. Lee McCreary, Jr. discussed in Note 8, on February 5, 2004 the Company exercised its option to acquire Mr. McCreary's 1% ownership interest in ET Sub - Vernon Court, LLC, a consolidated subsidiary of the Company, for approximately \$3,000.

Michael Walker, ElderTrust's Chairman of the Board of Trustees and Acting President and CEO, served as Chief Executive Officer of Genesis from 1985 until May 2002 and as Chairman of the Board of Genesis from 1985 until October 2002. At December 31, 2003, Mr. Walker beneficially owned approximately 9.4% of the common shares of ElderTrust.

20. Minority Interest

The Company owned 7,784,446 and 7,540,142 units of ETOP, or approximately 96.3% and 96.2% of the total outstanding units in the Operating Partnership at December 31, 2003 and 2002, respectively. The remaining ownership interests include interests owned directly or indirectly by trustees and officers of the Company and Genesis totaling 295,560 units.

Subject to certain limitations in the Operating Partnership Agreement the limited partners that hold units in the Operating Partnership have the right to require the redemption of their units at any time (Unit Redemption Rights). The Operating Partnership's obligation with respect to the Unit Redemption Rights is that the limited partner will receive cash from the Operating Partnership in an amount equal to the market
