-

Item 1.01 Entry into a Material Definitive Agreement.

On November 12, 2004, Stepan Company (Stepan) reached an agreement with the United States regarding environmental remediation work to be completed at Stepan s site in Maywood, New Jersey. A copy of the press release is attached as Exhibit 99.1 hereto and incorporated herein by reference.

As previously disclosed by Stepan, discussions with the United States have been ongoing to attempt to resolve certain claims against Stepan for response costs incurred at the Maywood site. Under the terms of this new settlement agreement (Settlement Agreement), the United States and Stepan agree to fulfill the terms of a Cooperative Agreement reached in 1985 under which the United States will take title to and responsibility for radioactive waste removal, including past and future remediation costs incurred by the United States. In addition, Stepan has agreed to grant an easement and access to Stepan s property, relocate certain structures to allow for remediation work and maintain certain regulatory permits through completion of the remediation work. Stepan does not expect to adjust its environmental reserves as a result of this settlement. A copy of the Settlement Agreement is attached as Exhibit 99.2 hereto and incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
