QUESTIONS AND ANSWERS

Q. Who can vote at the Annual Meeting?

A. Shareholders who owned Company Common Stock on March 15, 2005 may attend and vote at the Annual Meeting. Each share is entitled to one vote. There were 32,140,161 shares of Company Common Stock outstanding on March 15, 2005.

Q. Why am I receiving this Proxy statement?

A. This proxy statement describes proposals on which we would like you, as a shareholder, to vote. It also gives you information on these proposals, as well as other information, so that you can make an informed decision.

Q. What is the proxy card?

A. The proxy card enables you to vote whether or not you attend the meeting. Even if you plan to attend the meeting, it is a good idea to complete and return your proxy card before the meeting date just in case your plans change. By completing and returning the proxy card, you are authorizing Charles A. Ledsinger, Jr. and Ervin R. Shames to vote your shares at the meeting, as you have instructed them on the proxy card.

If a proposal comes up for vote at the meeting that is not on the proxy card, Mr. Ledsinger and Mr. Shames will vote your shares, under your proxy, according to their best judgment.

Q. What am I voting on?

A. We are asking you to vote on:

- Proposal 1 the election of three Class II directors; and
- Proposal 2 the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005.

Q. How do I vote?

A. *You may vote by mail:* You do this by completing and signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

If you do not mark your voting instructions on the proxy card, your shares will be voted:

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form DEF 14A

- *for* the three named nominees for directors, and
- *for* the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005.

You may vote in person at the meeting: We will pass out written ballots to anyone who wants to vote at the meeting. However, if you hold your shares in street name, you must request a proxy from your stockbroker in order to vote at the meeting. Holding shares in street name means you hold them in an account at a brokerage firm.

Q. What does it mean if I receive more than one proxy card?

- A. It means that you have multiple accounts at the transfer agent or with stockbrokers. Please complete and return all proxy cards to ensure that all your shares are voted.

Table of Contents

Q. What if I change my mind after I vote?

A. You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

- signing another proxy with a later date,
- sending us a written notice of revocation at the following address: Michael J. DeSantis, Secretary, Choice Hotels International, Inc., 10750 Columbia Pike, Silver Spring, Maryland 20901, or
- voting at the meeting.

Q. Will my shares be voted if I do not return my proxy card?

A. If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares.

Brokerage firms have authority under New York Stock Exchange (NYSE) rules to vote customers' unvoted shares on some routine matters.

If you do not give a proxy to vote your shares, your brokerage firm may either:

- vote your shares on routine matters, or
- leave your shares unvoted.

When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. A brokerage firm cannot vote customers' unvoted shares on non-routine matters. These shares are considered not entitled to vote on non-routine matters, rather than as a vote against the matters.

We encourage you to provide instructions to your brokerage firm by giving your proxy. This ensures your shares will be voted at the meeting.

You may have granted to your stockbroker discretionary voting authority over your account. Your stockbroker may be able to vote your shares depending on the terms of the agreement you have with your stockbroker.

A purchasing agent under a retirement plan may be able to vote a participant's unvoted shares. If you are a participant in the Choice Hotels Retirement Savings and Investment Plan or the Non-Qualified Retirement Savings and Investment Plan, the plan's purchasing agent, under certain circumstances, can vote your shares.

The purchasing agent can vote shares you hold under the plan if the purchasing agent does not receive voting instructions from you. The purchasing agent will vote your unvoted shares in the same proportion as all other plan participants vote their shares.

Q. How many shares must be present to hold the meeting?

A. To hold the meeting and conduct business, a majority of the Company's outstanding shares as of March 15, 2005 must be present at the meeting. This is called a quorum.

Shares are counted as present at the meeting if the shareholder either:

- is present and votes in person at the meeting, or,
- has properly submitted a proxy card.

Table of Contents

Q. What are my voting choices when voting on the election of directors?

A. You may vote either for or against each nominee.

If you give your proxy without voting instructions, your shares will be counted as a vote *for* each nominee.

Q. How many votes must the nominees have to be elected as directors?

A. The three nominees receiving the highest number of votes for will be elected as directors.

Q. What happens if a nominee is unable to stand for election?

A. The Board may reduce the number of directors or select a substitute nominee. In the latter case, if you have completed and returned your proxy card, Charles A. Ledsinger, Jr. and Ervin R. Shames can vote your shares for a substitute nominee. They cannot vote for more than three nominees.

Q. What are my voting choices when voting on the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005?

A. You may vote either for or against the ratification.

If you give your proxy without voting instructions, your shares will be voted *for* the ratification.

Q. How many votes are needed to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005?

A. If more shares are voted for the ratification than against it, the appointment is ratified.

Q. How are votes counted?

A. Voting results are tabulated and certified by our transfer agent, SunTrust Bank.

Q. Is my vote kept confidential?

A. Proxies, ballots and voting tabulations identifying shareholders are kept confidential and will not be disclosed except as may be necessary to meet legal requirements.

Q. Where do I find voting results of the meeting?

- A. We will announce preliminary voting results at the meeting. We will publish the final results in our next quarterly report on Form 10-Q after the Annual Meeting. We will file that report with the Securities and Exchange Commission, and you can get a copy by contacting our Investor Relations Hotline at (301) 592-5026 or the SEC at (800) SEC-0330 for the location of its nearest public reference room. You can also get a copy on the Internet through the SEC's electronic data system called EDGAR at www.sec.gov.

PROPOSAL 1 ELECTION OF CLASS II DIRECTORS

Nomination

The Company's Certificate of Incorporation provides that the number of directors must be at least three but not more than 12 and must be divided into three classes as nearly equal in number as possible. The exact number of directors is determined from time to time by the Board of Directors, and currently consists of 9 members. The term of each class is three years and the term of one class expires each year in rotation.

Three Class II directors are to be elected at the Annual Meeting, to hold office until the 2008 Annual Meeting of Shareholders and until their successors are elected and qualified. The remaining directors will continue to serve the terms consistent with their class, as noted below.

The Board has nominated Stewart Bainum, Jr., Ervin R. Shames and Gordon A. Smith to serve as Class II directors for terms of three years, expiring at the 2008 Annual Meeting of Shareholders, or until their successors are elected and qualified. Each of the nominees is currently a member of our Board of Directors.

Vote Required

The accompanying proxy will be voted in favor of each nominee unless the shareholder indicates to the contrary on the proxy. The election of the Company's directors requires a plurality of the votes cast in person or by proxy at the meeting. Management expects that each of the nominees will be available for election, but if any of them is unable to serve at the time the election occurs, the proxy will be voted for the election of another nominee to be designated by the Board of Directors.

Board Recommendation

*The Board recommends a vote **FOR** each of these nominees.*

Corporate Governance

The Board currently has nine directors, a substantial majority (seven) of whom the Board has determined are independent under the listing standards of the NYSE. In determining independence, the Board applies the

Table of Contents

analysis as set forth in the listing standards of the NYSE, except that the Company's requirements are stricter as follows:

- No director can be independent until five years following the termination or expiration of a director's employment with the Company, rather than one year as currently required under the NYSE rules; and
- No director can be independent who is, or in the past five years has been, affiliated with or employed by a present or former outside auditor of the Company until five years after the end of either the affiliation or the auditing relationship, rather than one year as currently required under the NYSE rules; and
- No director can be independent if he or she in the past five years has been part of an interlocking directorate, rather than one year as currently required under the NYSE rules.

In fiscal year 2004, the Board held five meetings and each director attended at least 75% of all meetings of the Board and the standing committees of the Board on which he or she served. The non-management members of the Board are required to meet twice a year in executive session without management. Dr. Robertson, the Lead Independent Director, chairs these meetings. Two such meetings were held in 2004.

The Board is responsible for overseeing the overall performance of the Company. Members of the Board are kept informed of the Company's business through discussions with the Chairman, the Chief Executive Officer and other members of the Company's management, by reviewing materials provided to them and by participating in board and committee meetings.

The Nominating and Corporate Governance Committee is currently undertaking a search for a director to fill the vacancy created upon Dr. Robertson's retirement. The Board expects to fill the vacancy in the near future but, in any event, prior to next year's Annual Meeting.

In February 2005, the Board of Directors amended the Company's Rights Agreement (the Poison Pill) to accelerate the expiration date to February 14, 2005. As a result of the amendment, the Poison Pill terminated on February 14, 2005.

In November 2003, to further encourage executive officers of the Company to have significant ownership in the Company's stock and to further align the interests of executive officers with those of shareholders, the Board of Directors established executive share ownership guidelines. The guidelines provide targets for the Chief Executive Officer and the executive officers. Specific features of the guidelines include:

- Targets based on a multiple of the executive's base salary (5x for CEO, 3x for executive officers).
- A requirement that the target be met five years from the start of the program.
- A restriction on executives from selling any of the restricted stock granted to them until they have met their target share ownership.
-

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form DEF 14A

In the event that an executive does not meet his or her guideline within the prescribed time period, the Company may adjust the amount and/or form of any future cash or equity compensation to assist the executive's compliance with the guidelines.

To date, the CEO and most executive officers have met or exceeded the guidelines.

Committees of the Board

The standing committees of the Board of Directors include the Audit Committee, the Compensation/Key Executive Stock Option Plan Committee, the Nominating and Corporate Governance Committee and the Diversity Committee. The charter for each of these committees is included in the investor relations section of the Company's website at www.choicehotels.com. All of the current members of each standing committee are independent, as required by the committee charters and the current listing standards of the NYSE.

Each communication should specify the applicable addressee or addressees to be contacted as well as the general topic of the communication. The Company will initially receive and process communications before forwarding them to the addressee. The Company generally will not forward to the directors a shareholder communication that it determines to be primarily commercial in nature or relates to an improper or irrelevant topic, or that requests general information about the Company.

Shareholder Nomination of Director Candidates

The Nominating and Corporate Governance Committee administers the process for nominating candidates to serve on the Company's Board of Directors. The Committee recommends candidates for consideration by the Board as a whole, which is responsible for appointing candidates to fill any vacancy that may be created between meetings of the shareholders and for nominating candidates to be considered for election by shareholders at the Company's Annual Meeting.

The Board has established selection criteria to be applied by the Nominating and Corporate Governance Committee and by the full Board in evaluating candidates for election to the Board. These criteria include: (i) independence, (ii) integrity, (iii) experience and sound judgment in areas relevant to the Company's business, (iv) a proven record of accomplishment, (v) willingness to speak one's mind, (vi) the ability to commit sufficient time to Board responsibilities, (vii) the ability to challenge and stimulate management, and (viii) belief in and passion for the Company's mission and vision. The Committee also periodically reviews with the Board the appropriate skills and characteristics required of Board members in the context of the current membership of the Board. This assessment includes considerations such as diversity, age and functional skills in relation to the perceived needs of the Board from time to time.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying potential nominees for election to the Board, including consideration of candidates recommended by directors, officers or shareholders of the Company. The Committee also uses one or more professional search firms or other advisors to assist the Committee in identifying candidates for election to the Board.

Shareholder nominations of candidates for membership on the Board should be submitted in accordance with the terms of our Bylaws as set forth in **SHAREHOLDER PROPOSALS FOR 2006 ANNUAL MEETING** herein.

Final Average Salary generally corresponds to the amounts shown in the Summary Compensation Table under the headings Salary and Bonus. Final Average Salary is the average of the monthly base salary and bonuses earned in a 60 month period which produces the highest average out of the 120 months of employment, prior to the early retirement date or the normal retirement date, as the case may be. The nominal retirement age is 65, and participants must have a minimum of 5 years of service. Participants may select early retirement after age 55 but before age 65 if they have 10 years of service.

Assuming that the following officers continue to be employed by the Company until they reach age 65, their credited years of service are as follows:

Name of Individual	Current Years of Service	Years of Service at Age 65
Charles A. Ledsinger ⁽¹⁾	16 ⁽¹⁾	26
Joseph M. Squeri	8	33
Wayne W. Wielgus	5	19

The above benefits are straight life annuity amounts, although participants have the option of selecting a joint and 50% survivor annuity or ten-year certain payments. The benefits are not subject to offset for social security and other amounts.

In October 1997, the Company established the Choice Hotels International, Inc. Retirement Savings and Investment Plan (the 401(k) Plan). The 401(k) Plan is a defined contribution retirement, savings and investment plan qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), and includes a cash or deferred arrangement under Section 401(k) of the Code. All employees age 21 or over and who have worked for the Company for three months will be eligible to participate. Subject to certain non-discrimination requirements, each employee will be able to contribute an amount to the 401(k) Plan on a pre-tax basis up to 15% of the employee s salary, but not more than the current Federal limit of \$14,000. The Company

Table of Contents

will match contributions made by its employees subject to certain limitations. The amount of the match will be equal to a percentage of the amount of salary reduction contribution made on behalf of a participant during the plan year based upon a formula that involves the profits of the Company for the year and the number of years of service of the participant. Amounts contributed by the Company pursuant to its 401(k) Plan for Named Officers are included in the Summary Compensation Table under the column headed "All Other Compensation".

The Company match under the 401(k) Plan and the EDCP is limited to a maximum aggregate of 15% of the annual salary of a participant.

In 2002, the Company adopted the Choice Hotels International, Inc. Executive Deferred Compensation Plan ("EDCP"), which became effective January 1, 2003. The CEO and executive officers participate in the EDCP. Participants in the EDCP are not entitled to continue contributions to the Non-Qualified Savings Plan. Under the EDCP, participants may defer up to 90% of their base salary and 100% of their bonus. The Company will match up to 15% of any deferred salary, offset by amounts matched under the 401(k) Plan. The participant's right to any Company match amount vests at 20% per year from the time the participant joined the plan. After the fifth year of service, all past and future match amounts are 100% vested. A participant may elect a return at either the annual yield of the Moody's Average Corporate Bond Rate Yield Index plus 3% or a return based upon returns which track an investment portfolio selected by the EDCP's administrators. At the adoption of the EDCP, the Company terminated its existing Deferred Compensation Plan, pursuant to which participants could defer up to 100% of their base salary and bonus, with a return equal to the one year treasury bill rate. Amounts contributed by the Company under the EDCP for the Named Officers is included in the Summary Compensation Table under the column labeled "All Other Compensation".

THE FOLLOWING COMPENSATION COMMITTEE REPORT AND THE PERFORMANCE GRAPH THAT APPEARS IMMEDIATELY AFTER SUCH REPORT SHALL NOT BE DEEMED TO BE SOLICITING MATERIAL OR TO BE FILED WITH THE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934 OR INCORPORATED BY REFERENCE IN ANY DOCUMENT SO FILED.

In this section, we describe our executive compensation policies and practices, including the compensation we pay our Chief Executive Officer and the next four most highly compensated executive officers.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation/Key Executive Stock Option Plan Committee consists of Jerry E. Robertson, Ervin R. Shames, Raymond E. Schultz and Gordon A. Smith. No member of our committee during 2004 was an employee of the Company or any of its subsidiaries. Each member qualifies as a "non-employee director" under Rule 16b-3 of the Securities and Exchange Act of 1934, as an "outside director" as defined in Section 162(m)(3) of the Internal Revenue Code and as "independent" under the listing standards of the NYSE.

The following philosophy and principles have been set forth as a framework within which our committee operates.

Compensation Committee Philosophy and Guiding Principles

- Attract and retain talented management;
- Closely align management's interests and actions with those of shareholders through the establishment of appropriate award vehicles;

Table of Contents

- Reward employees for enhancing shareholder value through sustained improvement in earnings per share;
- Position base pay at market so that the Company can vary total compensation costs with financial results by means of variable pay; and
- Recognize the concept that executive officers individually, and as a group, should have a significant ownership stake in the Company.

Executive Compensation Policies

Compensation Levels

Our committee relates total compensation levels for the Company's executive officers to the total compensation paid to similarly situated executives based on various independently published compensation surveys, primarily conducted and approved by independent consultants. Summary data on a lodging industry peer group, a franchise industry peer group, and companies of similar size in the service sector are used as the comparison groups. Total compensation is targeted to approximate the median of the competitive market data and comparison companies. However, because of the performance-oriented nature of the incentive programs, total compensation may exceed market norms when the Company's targeted performance goals are exceeded. Similarly, total compensation may lag the market when performance goals are not achieved. Compensation for the Chief Executive Officer and other executive officers was set in February 2004. For the twelve months ended December 31, 2004, total compensation for the President and Chief Executive Officer and for all of the other executive officers was in line with the competitive median.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Code imposes a \$1 million ceiling on tax-deductible compensation paid to the Chief Executive Officer and the next four most highly compensated executive officers. Certain types of compensation are only deductible if performance criteria are set and shareholders have approved the compensation arrangements. The Company believes that while it is generally in the best interest of shareholders to structure compensation plans so that compensation is deductible under Section 162(m), there may be times when the benefit of the deduction would be outweighed by other corporate objectives, such as the need for flexibility.

Restricted stock and stock option awards under the Company's Long-Term Incentive Plan do not meet the requirement necessary for exemption as performance-based compensation. Mr. Ledsinger was granted the following shares of non-performance based restricted stock, which vest in five equal annual installments beginning one year after the grant: 41,000 on February 7, 2001, 100,000 on November 13, 2002, 25,000 on February 10, 2004. At vesting, the fair market value of such shares will be compensation to Mr. Ledsinger and included in calculating the \$1 million ceiling unless he elects to defer receipt of such shares at vesting. For 2003, 2004 and 2005, Mr. Ledsinger elected to defer the shares vesting in those years. Additionally, the 1998 employment agreement provided for an option to purchase 498,563 shares of Company Common Stock which were granted outside of the 1997 Incentive Plan. Certain subsequent option grants under the 1997 Incentive Plan also do not meet the requirement for exemption as performance-based compensation. Upon the exercise of such options by Mr. Ledsinger during any fiscal year, his gain (the difference between the fair market value on the date of exercise and the exercise price) will be included in calculating the compensation for that fiscal year for which the federal income tax deduction is disallowed. Our Committee intends to monitor the Company's compensation programs with respect to such laws.

Annual Compensation

The base salary pay practice as previously adopted by the Compensation Committee is to target compensation at the 55th percentile of the market range among the comparison groups for a particular position and to adjust as appropriate for experience and performance. Annual merit adjustments for the executive officers affecting base compensation were set in February 2005.

Table of Contents

The performance measurements for awards under the annual cash bonus program focus heavily on management's responsibility to deliver earnings per share based on earnings per share from continuing operations at established annual targets. For executive officers other than the Chief Executive Officer, the measurements include specific performance objectives directly accountable to such executive officer. These performance objectives, where applicable, could include licensee/customer satisfaction, RevPAR improvement, and other relevant measures, and would incorporate each executive officer's accountability for the successful execution of key initiatives tied to achievement of the Company's strategic plan. For the 2004 fiscal year, the awards under the annual cash bonus program were based 50% on achieving increased earnings per share and 50% on achieving individual performance objectives. In addition, the annual incentive plans were modified in 2001 to provide that no bonus is paid to the extent that the prior year's financial targets were not met and also permits bonuses of up to a maximum of 200% of an individual's target bonus to the extent targets are substantially exceeded. For the fiscal year ended December 31, 2004, for which bonuses were paid in February 2005, actual pay out exceeded the financial targets set by the Committee.

Long-Term Incentives

The Company awards long-term incentives under the 1997 Incentive Plan. The plan gives the Committee the latitude of awarding Incentive Stock Options, non-qualified stock options, restricted stock, and other types of long-term incentive awards. The recommended awards were developed by analyzing peer group average market data and the Company's past practice. The Committee reviewed and approved a Stock Option Guide Chart for the Company's executives which utilizes a market based salary multiple to establish a competitive range of stock options from which executive awards could be determined.

Compensation of the Chief Executive Officer

Mr. Ledsinger was appointed Chief Executive Officer and President in August 1998. His base salary is established by his rights under his employment agreement, approved by the Committee. The base salary is reviewed each year by the Committee and is subject to merit increases based primarily on his achievement of performance objectives and the comparison to competitive market data and the comparison companies. The performance objectives vary from year to year but in general relate to such matters as positioning the Company for growth, achieving the Company's strategic plan and other various financial goals. Although no specific weights are assigned to any particular objective, a greater emphasis is placed on corporate and personal performance than on competitive practices within the industry. In February 2005, the Committee approved a 5.9% annualized merit increase to Mr. Ledsinger's base salary.

Under the annual cash bonus program, Mr. Ledsinger has the potential to be awarded a target bonus of up to 65% of his base salary if bonus objectives are achieved. Unlike the other executive officers, Mr. Ledsinger's bonus objectives are tied 100% to earnings per share. For the fiscal year ended December 31, 2004, for which bonuses were paid in February 2005, actual pay out exceeded the financial targets set by the Committee.

Sunburst Hospitality Corporation (Sunburst) is one of the Company's franchisees, with a portfolio of 27 hotels as of March 1, 2005. The Chairman of the Board, Stewart Bainum, Jr., along with other Bainum family members, own a controlling interest in Sunburst. Total revenue paid by Sunburst to the Company for franchising, royalty, and marketing and reservation fees for fiscal year 2004 were \$5,273,982. The franchise agreements require the payment of certain fees and charges, including the following: (a) a royalty fee of between 1.93% to 5.0% of monthly gross room revenues; (b) a marketing fee of between 0.7% and 2.5% plus \$0.28 per day multiplied by the specified room count; and (c) a reservation fee of 0.88% to 1.75% of monthly gross room revenues (or 1% of monthly gross room revenues plus \$1.00 per room confirmed through Choice's reservation system). The marketing fee and the reservation fee are subject to reasonable increases during the term of the franchise if the Company raises such fees uniformly among all its franchisees, generally.

In connection with Sunburst's recapitalization in 2000, Choice and Sunburst entered into an Omnibus Amendment of the franchise agreements. The Omnibus Amendment provides that (i) Sunburst shall pay an application fee of \$20,000 on all future franchise agreements, and (ii) no royalties, marketing or reservation fees shall be payable for a period of two years for the next ten franchise agreements entered into after December 28, 1998, (iii) Sunburst is not required to pay liquidated damages upon the termination of any franchise agreements unless the related hotel owned by Sunburst that carried a Choice brand is not sold by Sunburst within three years from the date such hotel was reflagged with a different non-Choice brand, in which case liquidated damages will be paid with respect to any such hotel; not to exceed a maximum of \$100,000, (iv) that if Sunburst sells any property that is the subject of an existing Franchise Agreement with Choice, if that property is not past due on any fees and (a) is not failing a quality assurance review, Choice will enter into a new Franchise Agreement on customary market terms with the buyer (without addendum or property improvement plan), or (b) is failing a quality assurance review, Choice will enter into a Franchise Agreement on customary market terms with a property improvement plan containing only those items necessary to pass such quality assurance review.

The Company subleases space in its Silver Spring, Maryland headquarters complex to Realty Investment Company, Inc. (Realty). The Chairman of the Board, Stewart Bainum, Jr., along with other Bainum family members, own a controlling interest in Realty. During fiscal year 2004, the Company received rent payments of \$121,040 from Realty. The rental payments under the sublease are a pass through of the Company's costs under the master lease. As such, the Company believes the sublease is on terms at least as favorable as if obtained from non-related parties.

The Company subleases space in its Silver Spring, Maryland headquarters complex to the Commonweal Foundation (Commonweal), a non-profit organization that supports educational programs and projects assisting disadvantaged youth. The Chairman of the Board, Stewart Bainum, Jr., along with other Bainum family members, are members of the board of directors of Commonweal. Beginning in August 2004, the Company has donated the value of the subleased space to Commonweal. The Company is able to claim a deduction for the value of the subleased space based on the Company's costs under the master lease.

On July 16, 2004, the Company entered into Master Aircraft Lease Agreements with Cedar Hill Investment Company, LLC (Cedar Hill) and LPC, LLC (LPC), both of which are companies that are solely owned by Stewart Bainum. The leases permit the Company to lease from time to time a Cessna LJ2 and Cessna Citation VII owned by Cedar Hill and LPC, respectively. During fiscal year 2004, the Company incurred a total of \$102,183 for aircraft usage pursuant to the leases. Mr. Bainum, who is the father of Stewart Bainum, Jr., retired from the Board of Directors in August 1998. The Company believes the terms of the aircraft leases are at least as favorable as if obtained from non-related parties.

In addition, the Company and Realty Investment entered into a Flight Crew Services Agreement, pursuant to which Realty Investment provided a pilot and co-pilot for the Company to use upon request. The Company paid Realty Investment \$84,845 under this Agreement during fiscal year 2004. The Company believes the terms of the agreement are at least as favorable as if obtained from non-related parties

In September 2004, Barbara Bainum retired from the Board of Directors. Upon her retirement, the Board of Directors authorized the accelerated vesting of 6,668 stock options and 2,940 shares of restricted stock which would have otherwise been forfeited.

Based solely on the Company s review of the forms filed with the Commission and written representations from reporting persons that they were not required to file Form 5 for certain specified years, the Company believes that all of its reporting officers, directors and greater than ten percent beneficial owners complied with all filing requirements applicable to them during the fiscal year ended December 31, 2004, except for the following late filings: restricted stock grants to all reporting officers and directors in February 2004 and May 2004, respectively, were not timely reported.

AUDIT COMMITTEE REPORT

Upon the recommendation of the Audit Committee and in compliance with the regulations of the NYSE, the Board of Directors has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members, the frequency of meetings, and the responsibilities of the Audit Committee. A copy of the Audit Committee charter is available at the investor relations section of the Company's website at www.choicehotels.com. The Audit Committee consists of Mr. Levitan as Chairman, Mr. Schultz and Mr. Shames. The Audit Committee is composed of three independent directors within the meaning of the NYSE's rules.

Report of Audit Committee

The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls.

Management is responsible for the Company's system of internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and management's assessment of internal controls pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 in accordance with Public Company Accounting Oversight Board standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee those processes.

In this context, the Audit Committee has reviewed and discussed with management and independent registered public accounting firm, PricewaterhouseCoopers LLP, the Company's audited financial statements as of and for the year ended December 31, 2004. Management represented that the consolidated financial statements were prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards (SAS) No. 90, Audit Committee Communications and SAS No. 61, Communications with Audit Committees. Both of these statements were issued by the American Institute of Certified Public Accountants.

In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP their independence from the Company and its management, including matters in the written disclosure required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees and the provision of non-audit services by the independent registered public accounting firm. A disclosure summarizing the fees paid to PricewaterhouseCoopers LLP in 2004 for audit and non-audit services appears under the heading "Principal Auditor Fees and Services" below. All of the material services provided by PricewaterhouseCoopers LLP were pre-approved by the Audit Committee in accordance with its policies and procedures. The Audit Committee received a description of the services and approved them after determining that they would not affect the auditor's independence.

The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scopes and plans for their respective audits. The Audit Committee met with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the Audit Committee's discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.
