PROXY STATEMENT

Annual Meeting of Stockholders

To Be Held April 28, 2005

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Cabot Oil & Gas Corporation (the Company) of proxies for use at its 2005 Annual Meeting of Stockholders, to be held at the Company's corporate headquarters, 1200 Enclave Parkway, Houston, Texas, on Thursday, April 28, 2005, at 8:30 a.m., or any adjournment or postponement thereof (the Annual Meeting), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. You may revoke your proxy at any time prior to its use by a written communication to Ms. Lisa A. Machesney, Corporate Secretary of the Company, or by a duly executed proxy bearing a later date.

Stockholders attending the Annual Meeting may vote their shares in person even though they have already executed a proxy. Properly executed proxies not revoked will be voted in accordance with the specifications thereon at the Annual Meeting and at any adjournment thereof. Proxies on which no voting instructions are indicated will be voted **FOR** the election of the candidates named herein and **FOR** Proposal II and in the best judgment of the proxy holders on any other matters that may properly come before the meeting.

Only holders of record of the Company's Common Stock, par value \$.10 per share (Common Stock), as of the close of business on March 16, 2005, are entitled to vote at the Annual Meeting. As of that date, the Company had outstanding and entitled to vote 32,601,884 shares of Common Stock. Each share of Common Stock is entitled to one vote per share. There is no provision for cumulative voting. A quorum for the consideration of business at the Annual Meeting consists of a majority of all outstanding shares of stock entitled to vote at the Annual Meeting. The Proxy Statement and form of Proxy are being first sent or given to shareholders on or about March 24, 2005.

In accordance with Delaware law, a stockholder entitled to vote for the election of directors can withhold authority to vote for all nominees for director or can withhold authority to vote for certain nominees for director. Abstentions and broker non-votes (proxies submitted by brokers that do not indicate a vote for a proposal because they do not have discretionary voting authority and have not received instructions as to how to vote on that proposal) are counted as present in determining whether the quorum requirement is satisfied. For purposes of determining the outcome of any question as to which the broker has physically indicated on the proxy that it does not have discretionary authority to vote, these shares will be treated as not present and not entitled to vote with respect to that question, even though those shares are considered entitled to vote for quorum purposes and may be entitled to vote on other questions. Because the vote required for approval of Proposal II is a majority of the shares present in person or by proxy at the meeting and entitled to vote on the proposal, abstentions will have the same effect as votes against the proposal, but broker non-votes will not generally affect the outcome of the voting on the proposal.

PROPOSAL I.

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes of directors serving staggered three-year terms. Dan O. Dinges, C. Wayne Nance and William P. Vittoe are currently directors and have been nominated for election at the Annual Meeting for terms of three years. Messrs. Dinges and Vittoe will each hold office until the expiration of his term in 2008 and until his successor shall have been elected and shall have qualified. Mr. Nance has advised the Company that if elected, he will serve one year of this three year term and resign at the 2006 Annual Meeting of Stockholders.

It is the intention of the persons named in the enclosed form of proxy to vote such proxies **FOR** the election of Messrs. Dinges, Nance and Vititoe for terms of three years. If any one of the nominees is not available at the time of the Annual Meeting to serve, proxies received will be voted for substitute nominees to be designated by the Board of Directors or, in the event no such designation is made by the Board, proxies will be voted for a lesser number of nominees. In no event will the proxies be voted for more than the number of nominees set forth below.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF MESSRS. DINGES, NANCE AND VITITOE TO THE BOARD OF DIRECTORS.

CORPORATE GOVERNANCE MATTERS

Board of Directors Independence

The Company's Corporate Governance Guidelines require that at least a majority of the Company's directors be independent under by the New York Stock Exchange (NYSE) listing standards and all other applicable legal requirements. Additionally, all members of the audit committee, compensation committee and corporate governance and nominations committee are required to be independent.

As contemplated by NYSE listing standards, the board has adopted categorical standards to assist it in making independence determinations, under which relationships that fall within the categorical standard are not required to be disclosed in the proxy statement and their impact on independence need not be separately discussed. The board, however, considers all material relationships with each director and all facts and

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

circumstances it deems relevant in making its independence determinations. A relationship falls within the categorical standard if it:

Is a type of relationship addressed in Section 303A 2 (b) of the NYSE Listed Company Manual, but under those rules does not preclude a determination of independence;

Is a type of relationship or transaction addressed in Item 404 of Regulation S-K, but under that regulation does not require disclosure; or

Consists of charitable contributions by the Company to an organization where a director is an executive officer and does not exceed the greater of \$1 million or 2% of the organization's gross revenue in any of the last 3 years.

The Board of Directors has determined that each director's relationship with the Company, with the exception of Mr. Dinges, the Chief Executive Officer, falls within the categorical standard and that all directors, with the exception of Mr. Dinges, are independent. Further, the Board of Directors has determined that all members of the audit committee, compensation committee and corporate governance and nominations committee are independent.

Corporate Governance Guidelines

In 2003, the Board of Directors adopted the Cabot Oil & Gas Corporation Corporate Governance Guidelines. These guidelines outline the functions and responsibilities of the board, director qualifications, and various processes and procedures designed to ensure effective and responsive governance. The guidelines are reviewed from time to time in response to changing regulatory requirements and best practices and are revised accordingly. The full text of the Corporate

Governance Guidelines can be found on the Company's website at www.cabotog.com under the Corporate Governance section and a copy will be provided, without charge, to any shareholder upon request.

Code of Business Conduct

All employees, officers and directors are required to comply with the Company's long-standing Code of Business Conduct to help ensure that the Company's business is conducted in accordance with the highest standards of moral and ethical behavior. The Code of Business Conduct covers all areas of professional conduct including, conflicts of interest, customer relationships, insider trading, financial disclosure, intellectual property and confidential information, as well as requiring strict adherence to all laws and regulations applicable to the Company's business. Employees, officers and directors annually are required to reply to a Code of Conduct Questionnaire, which is designed to elicit information related to any known or possible violation of the Code. The full text of the Code of Business Conduct can be found on the Company's website at www.cabotog.com under the Corporate Governance section and a copy will be provided, without charge, to any shareholder upon request.

Executive Sessions of the Board of Directors

The Board of Directors holds an executive session of the non-management directors during each of its regularly scheduled meetings. The executive sessions are presided over by each non-management director, on a rotating basis, in alphabetical order.

Communications between Shareholders and the Board of Directors

The Company's Board of Directors has a process for shareholders to send communications to the board. That process can be found in Item 9 of the Company's Corporate Governance Guidelines found at the Company's website at www.cabotog.com. Communications should be sent as follows:

Vice President, Managing Counsel and Corporate Secretary

Corporate Legal Department

1200 Enclave Parkway

Houston, Texas 77077-1607

(Outside the U.S. or U.S. long distance-call collect)

lisa.machesney@cabotog.com (email)

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

All communications received as described above and intended for the Board of Directors, a committee of the Board of Directors, an individual director, or the non-management directors as a group will be relayed to the appropriate directors.

Annual Meeting Attendance

The Company's policy is that it expects all members of the Board of Directors to attend the Company's annual meetings of stockholders. In 2004, all members of the board attended the annual meeting.

Board of Directors and Committee Meeting Attendance

The Board of Directors held five meetings during 2004. All directors attended 100%, with the exception of Mr. Floyd who attended 92%, of the meetings of the Board of Directors and of the committees held while they were members during 2004.

Director Compensation

At the start of 2004, non-employee directors' annual compensation was based upon a fee of \$50,000 (\$53,000 for committee chairman), payable quarterly, for their services on the Company's Board of Directors and its committees. With the exception of the executive committee members, directors were further compensated \$500 for telephonic special meetings of the Board of Directors or its committees, \$1,000 for in-person special meetings of the Board of Directors or its committees and \$1,000 for attendance at business meetings when requested by the Chairman of the Board of Directors. Members of the executive committee were compensated \$1,000 per meeting.

Beginning April 1, 2004, non-employee directors' annual compensation was based upon a fee of \$55,000 payable quarterly, for their services on the Company's Board of Directors and its committees. The Audit Committee Chairman receives an additional \$10,000 annual retainer and the remaining committee chairmen receive an additional \$5,000 annual retainer, each payable quarterly, for their service as chairman of a committee. Effective April 1, 2004 meeting fees were eliminated.

Non-employee directors receive nondiscretionary automatic grants of non-qualified options to purchase 10,000 shares of the Common Stock at a price equal to 100% of the fair market value on the date first elected to the Board of Directors under the 2004 Incentive Plan. These options vest one-third on the first, second and third anniversary of the date of award and have a five year term. No such options were granted in 2004. In addition, in 2004, a discretionary award was made to the non-employee directors of 1,000 restricted stock units under the 2004 Incentive Plan, the restrictions on which lapse the date the non-employee director leaves the Board of Directors. The non-employee directors also received a discretionary non-qualified option to purchase 3,500 shares of Common Stock at a price of \$34.98, equal to 100% of the fair market value on April 29, 2004, the date of award. These discretionary stock options also vest one-third on the first, second and third anniversary of the date of award and have a five year term.

Directors who are employees of the Company receive no additional compensation for their duties as directors. All directors were reimbursed for travel expenses incurred for attending Board and committee meetings. Spouses of the directors were invited to attend the 2004 Annual Meeting of Stockholders and travel expenses incurred by the spouses for attendance at this meeting were reimbursed by the Company.

Director Retirement

It is the policy of the Board of Directors that directors of the Company retire at the Annual Meeting following a director's 73rd birthday, unless a determination is otherwise made by the Board of Directors. In February 2005 it was determined by the Board of Directors that Mr. C. Wayne Nance be nominated for election as a director, to serve one additional year, even though he has reached retirement age.

Information on Standing Committees of the Board of Directors

The Board of Directors has five standing committees: the corporate governance and nominations committee, the audit committee, the compensation committee, the safety and environmental affairs committee and the executive committee. Membership on each committee during 2004 is as discussed below. All standing committees, with the exception of the executive committee, are composed entirely of independent, non-employee directors.

Corporate Governance and Nominations Committee The corporate governance and nominations committee (the CGN committee) is composed of four members: Messrs. Floyd (Chairman), Nance, Peacock and Vititoe. During 2004, the CGN committee held two meetings. Each member of the CGN committee satisfies the independence requirements of the NYSE listing standards. The CGN committee charter is available to shareholders on the Company's website at www.cabotog.com and a copy will be provided, without charge, to any shareholder upon request.

The CGN committee will consider director candidates recommended by shareholders. Under its charter, the CGN committee seeks out and evaluates qualified candidates to serve as board members as necessary to fill vacancies or the additional needs of the board, and consider candidates recommended by shareholders and management of the Company. Any stockholder desiring to propose a nominee to the Board of Directors should submit such proposed nominee for consideration by the CGN committee, including the proposed nominee's qualifications, to Ms. Lisa A. Machesney, Corporate Secretary, Cabot Oil & Gas Corporation, 1200 Enclave Parkway, Houston, Texas 77077.

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

The CGN committee seeks to select candidates who have personal and professional integrity, who have demonstrated ability and judgment and who shall be effective, in conjunction with the other nominees and board members in collectively serving the long-term interests of the shareholders.

The CGN committee generally identifies nominees through recommendations made by incumbent directors. A resume is reviewed and if merited, an interview follows. A qualified candidate identified by a shareholder follows the same committee process. There are no differences in the manner in which the CGN committee evaluates nominees for director based on whether the nominee is recommended by a shareholder or recommended by the incumbent directors.

Audit Committee The audit committee is composed of four members: Messrs. Cabot (Chairman), Bailey, Kelley and Peacock. During 2004, the audit committee held five meetings. Each member of the audit committee satisfies the financial literacy and independence requirements of the NYSE listing standards. The Board has determined that Messrs. Cabot and Kelley meet the requirements of an audit committee financial expert as defined by the Securities and Exchange Commission. Mr. Kelley sits on four audit committees, including the Company's. The Board of Directors has determined that this simultaneous service does not impair Mr. Kelley's ability to serve on the Company's audit committee. The audit committee charter is available to shareholders on the Company's website at www.cabotog.com and a copy will be provided, without charge, to any shareholder upon request.

The function of the audit committee is to review and report to the Board of Directors with respect to various auditing and accounting matters, including overseeing the integrity of the financial statements of the Company, the compliance by the Company with legal and regulatory requirements, the selection, independence, qualifications, performance and compensation of the Company's independent auditors and the performance of the Company's internal audit function.

It is the policy of the audit committee to pre-approve all audit, review or attest engagements and permissible non-audit services, including the fees and terms thereof, to be performed by the independent auditors, subject to, and in compliance with, the *de minimis* exception for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 and the applicable rules and regulations of the SEC.

The audit committee has delegated to any member of the audit committee authority to pre-approve permissible services to be performed by the independent auditors. Decisions of a member to pre-approve permissible services must be reported to the full audit committee at its next scheduled meeting.

Compensation Committee The compensation committee is composed of four members: Messrs. Vititoe (Chairman), Cabot, Floyd and Kelley. During 2004, the compensation committee held three meetings. Each member of the compensation committee satisfies the independence requirements of the NYSE listing standards. The compensation committee charter is available to shareholders on the Company's website at www.cabotog.com and a copy will be provided, without charge, to any shareholder upon request.

The function of the compensation committee is to recommend to the independent members of the Board of Directors the annual compensation of the Chief Executive Officer, to provide counsel and oversight of the annual compensation of the other officers of the Company, to review the annual compensation of the directors, to oversee and make recommendations to the Board of Directors with respect to incentive compensation plans and equity based plans and other executive benefit plans, and to provide guidance in the area of employee benefits.

Safety and Environmental Affairs Committee The safety and environmental affairs committee is composed of three members: Messrs. Bailey (Chairman), Floyd and Vititoe. During 2004, the safety and environmental affairs committee held two meetings. Each member of the safety and environmental affairs committee satisfies the independence requirements of the NYSE listing standards.

The function of the safety and environmental affairs committee is to review the Company's safety and environmental management programs and evaluate major hazard analyses. From time to time, it also reviews the nature of and extent of Company spending for safety and environmental compliance and consults with outside and internal advisors regarding the management of the Company's safety and environmental programs.

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

Executive Committee The executive committee is composed of four members: Messrs. Peacock (Chairman), Cabot, Dinges and Nance. During 2004, the executive committee held one meeting.

The function of the executive committee is to exercise all power and authority of the Board of Directors, except as limited by the Company's by-laws or applicable law.

PROPOSAL II.

APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors, upon recommendation by the audit committee, has approved and recommended the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm to examine the Company's financial statements for 2005. Neither such firm nor any of its associates has any relationship with the Company except in their

capacity as auditors. The persons named in the accompanying proxy will vote in accordance with the choice specified thereon, or, if no choice is properly indicated, in favor of the ratification of PricewaterhouseCoopers LLP as the independent registered public accounting firm for the Company.

A representative of PricewaterhouseCoopers LLP is expected to attend the Annual Meeting and to be available to respond to appropriate questions raised during the Annual Meeting. The representative will also have an opportunity to make a statement during the meeting if the representative so desires.

See Audit Committee Report on page 17 for further information.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF THE FIRM OF PRICEWATERHOUSECOOPERS LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR ITS 2005 FISCAL YEAR.

J. W. Hutton	7,000	3 Years	0	7,000	7,000, plus 100% in cash

- (1) Performance shares were awarded on February 16, 2004 under the Second Amended and Restated 1994 Long Term Incentive Plan. Each performance share represents the right to receive, after the end of the performance period, and based on the Company's performance, the aggregate of from 0% to 100% of the fair market value of a share of Common Stock, payable in Common Stock, plus from 0 to 100% of the fair market value of a share of Common Stock, payable in cash. The performance criteria that determines the number of shares of Common Stock of the Company issued per performance share is the relative total shareholder return on the Company's Common Stock as compared to the total shareholder return on the common equity of each company in a specified comparator group. For this purpose, total shareholder return is expressed as a percentage which is equal to the common stock price appreciation as measured by the average stock price for the first month versus the average stock price for the last month of the performance period, plus dividends (on a cumulative reinvested basis). After the end of each performance period, the Company will issue shares (or pay cash for amounts in excess of 100%) in respect to such performance share award for such period based on the relative ranking of the Company versus the comparator group for total shareholder return during the performance period, using a specified scale. See Compensation Committee Report on Executive Compensation Long Term Incentives .
- (2) The performance period began to run on January 1, 2004 and is scheduled to end on December 31, 2006. Unless otherwise determined by the Compensation Committee, if a participant's employment terminates prior to the end of a performance period, no shares of Common Stock shall be issued to such participant.

Aggregated FY-End Option Values

Set forth below is supplemental information relating to options exercised during 2004 and the number and intrinsic value of stock options held at December 31, 2004 (FY-End), by the executive officers named in the preceding Summary Compensation Table. Year-end values are based on the Company's stock price on December 31, 2004, do not reflect the actual amounts, if any, which may be realized upon the future exercise of remaining stock options, and should not be considered indicative of future stock performance.

Pension Plan Table

Company employees are covered by the Company's Pension Plan (the Pension Plan), a noncontributory defined benefit plan that provides benefits based generally upon the employee's compensation levels during the last years of employment. In addition, the Company has entered into non-qualified pension arrangements to supplement the benefits payable to certain officers to the extent benefits under the Pension Plan are limited by provisions of the Internal Revenue Code of 1986, as amended (the Code), or the Employee Retirement Income Security Act of 1974, as amended. The following table sets forth estimated annual benefits payable for eligible employees (including executive officers) who retire at age 65 under the Pension Plan (and, where applicable, such supplemental agreements) for specified earnings and years of service classification.

Compensation under the Pension Plan generally consists of taxable income, before the employee's participation in voluntary pre-tax benefit plans, and decreased by nondeductible moving expenses, disability pay, severance pay, income arising from the exercise of a stock option or from the receipt of a restricted stock award, taxable group term life insurance benefits and other taxable fringe benefit payments. The Pension Plan provides for full vesting after five years of service. Benefits are payable for the life of the employee on a single-life annuity basis and are not subject to any deductions for Social Security or other offset amounts. The Pension Plan Table includes amounts attributable to non-qualified pension arrangements which are payable as a lump sum actuarially equivalent to a single-life annuity. Lump sum conversions are based on the 1994 Group Annuity Reserves Table projected to 2004 with rates blended 50% for males and females and an interest rate equal to the 30-year Treasury rate for the month of November in the year preceding the year of payment. Covered compensation under the Pension Plan in 2004 for the executive officers named in the Summary Compensation Table are the amounts under the Salary and Bonus and the taxable amount of All Other Compensation columns set forth in such table. For purposes of the Pension Plan, D.O. Dinges, M.B. Walen, S.C. Schroeder, T.S. Liberatore and J.W. Hutton had 3.25, 17.67, 9.17, 2.92 and 19.75 years of credited service, respectively, as of December 31, 2004.

COMPENSATION COMMITTEE

REPORT ON EXECUTIVE COMPENSATION

Introduction

The compensation committee (the Committee) of the Board of Directors administers the Company's compensation programs. The Committee is comprised of four independent, non-employee directors. The function of the Committee is to recommend to the independent members of the Board of Directors the annual compensation of the Chief Executive Officer, to provide counsel and oversight of the annual compensation of the other officers of the Company, to review and make recommendations to the Board of Directors for the annual compensation of the directors, to oversee and make recommendations to the Board of Directors for incentive compensation plans and equity based plans and other executive benefit plans, and to provide guidance in the area of employee benefits.

The objectives of the executive compensation program are to align compensation with business strategy, to create value for the stockholders, to attract, retain, motivate and reward highly qualified executives and to support a performance-based culture throughout the Company. The Committee also believes that executive compensation should be subject to objective review. Consequently, the Committee retains the services of an independent consultant, who on a regular basis evaluates the compensation programs and practices for the Company's executive officers against an industry peer group. The independent consultant does not otherwise perform services for the Company. The companies chosen for the peer group generally are not the same companies that comprise the Dow Jones Secondary Oils Index, shown in the Performance Graph included in this proxy statement. The peer group companies represent direct competitors for the Company in its core areas of operation both for business opportunities and for executive talent, while the Dow Jones Secondary Oils Index is an amalgamation of many companies designed simply to provide a market barometer for the entire energy sector's performance. The current peer group used for compensation programs and practices is listed below in this report under Long Term Incentives.

Components of Compensation

The components of the Company's executive compensation program are base salary, annual incentive bonus and long-term incentives. In determining each component of compensation, the Committee considers competitive data from the peer group, the overall value of the total compensation package and the Company's and the executive's performance. The Committee believes that the total compensation package should be competitive and targeted at the median level of compensation for the peer group and that superior performance should produce a corresponding increase in value for annual and long-term incentives.

Base Salaries

The Committee reviews each executive's base salary annually. Base salaries are targeted at market levels and are adjusted by the Committee to recognize varying levels of responsibility, prior experience, breadth of knowledge, internal equity issues and external pay practices. Overall, base salaries in 2004 for the executive officers named in the Summary Compensation Table as a group are slightly below the 50th percentile of the targeted competitive market base salary for similar positions in the peer group. Based on competitive data available in 2004, Mr. Dinges 2004 base salary of \$445,000 is predicted to be slightly below the 50th percentile of the competitive market.

Annual Incentive Bonus

The Annual Target Cash Incentive Plan (the Plan) is founded upon the Company s pay-for-performance philosophy. The Plan provides executives, as well as other key employees, with incentives in the form of annual cash bonuses to achieve corporate business and individual performance goals. Annual bonus opportunities allow the Company to communicate specific goals that are of primary importance during the coming year and motivate executives to achieve these goals. The current measurement criteria used in the Plan are designed to recognize that certain factors that affect performance are controllable, while others are not controllable, and to reward executives for superior performance against those factors that are deemed controllable. These factors measure both short-term success and long-term value creation.

For 2004, the bonus pool that can be generated under the Plan is subject to a two-part threshold. For each threshold test that is met, one-half of the bonus potential becomes available. The two threshold tests are: (i) annual cash flow for the Company must equal or exceed two times debt service, with debt service including interest and dividend payments, but excluding originally scheduled principal payments unless the Company s total borrowing capacity is

diminished at the time of the principal repayment; and (ii) the Company must achieve positive earnings, after the inclusion of an accrual for a potential bonus payment. These thresholds are approved annually by the Committee in conjunction with its approval of each Plan participant's incentive target.

If one or both of the two threshold tests is met, the bonus pool is funded in accordance with each business unit's performance and the total Company performance against two factors: (i) 75% of the bonus earned is measured on budgeted discretionary cash flow targets adjusted for non-controllable items, such as commodity prices, interest rates and non-recurring items and (ii) 25% of the bonus earned is measured through an assessment of overall reserve replacement. The Chief Executive Officer has discretion to adjust this factor from 0 to 50% based upon an evaluation of reserve replacement and reserve replacement costs. The Committee then has the discretion to adjust, on a subjective basis, the final overall bonus pool for any business unit and the final bonus payment for any participant to reflect its assessment of performance. If a bonus pool is funded based upon achievement of the established Company goals, executives earn bonuses to the extent of the performance of their primary business unit and the Company's overall performance. Individual incentive targets are set at the median of market levels based on peer data and at a level considered by the compensation committee to be appropriate.

In 2004, both bonus threshold tests were met. Based upon total Company performance, and the performance of each business unit, the formula in the plan produced bonuses ranging from 118% to 142% of the pre-established bonus targets for the executive officers of the Company, including the executives named in the above tables. The Committee then applied its discretion to recognize the Company's achievements during 2004 which included record net income of \$88.4 million or \$2.72 per share, record discretionary cash flow of \$294.3 million, or \$9.06 per share and enough free cash flow to repurchase 405,100 shares of its Common Stock. On the operations side, the Company replaced 172% of its reserves, resulting in total proved reserves in excess of 1.2 Tcf, a total proved reserves historic milestone. As a result, the Committee authorized Mr. Dinges to award an additional \$80,000 to those employees whose performance was exemplary. This resulted in cash bonus payments ranging from 118% to 147% of the pre-established bonus targets to the executive officers of the Company, including the executive officers named in the above tables. Mr. Dinges received a cash bonus of \$550,000. This represents 145% of Mr. Dinges' target and reflects the same factors in the Company's 2004 performance that were applied to the entire group of executive officers. Mr. Dinges 2004 cash compensation is predicted to be between the 50th and 60th percentile of the 2004 competitive market data.

Long Term Incentives

In 2004 the Committee employed a combination of performance shares and restricted stock to provide long-term incentives to the Company's executives. Performance shares were awarded to those individuals who have a direct impact on the Company's profitability. Restricted stock was awarded as a retention incentive due to the highly competitive market for energy industry executives. The Committee's objective was to deliver approximately 50% of the long-term incentive value via performance shares and approximately 50% in the form of restricted stock. The size of the long-term incentive awards is based primarily on competitive practice and is generally targeted to be between the 50th and 75th percentiles of competitive long-term incentive awards of the peer group. The Committee does not typically consider past long term incentive awards, such as the amount of options previously granted and outstanding, or the number of shares owned, when determining annual long-term incentive awards.

Performance shares were granted to executives in 2004 under the Second Amended and Restated 1994 Long-Term Incentive Plan. The performance shares have a three-year performance period, which runs from January 1, 2004 through December 31, 2006.

Each performance share represents the right to receive, after the end of the performance period, from 0 to 200% of a share of Common Stock (with amounts over 100% paid in cash), based on the Company's performance. The performance criteria that determines the payout per performance share is the relative total shareholder return on the Company's Common Stock as compared to the total shareholder return on the common equity of each company in a comparator group. For this purpose, total shareholder return is expressed as a percentage equal to common stock price appreciation as averaged for the first and last month of the performance period plus dividends (on a cumulative reinvested basis). The comparator group consists of Chesapeake Energy Corporation, Cimarex Energy Co., Comstock Resources Inc., EOG Resources, Inc., Forest Oil Corporation, Newfield Exploration Company, Noble Energy Corporation, Pioneer Natural Resources Company, Pogo Producing Company, Range Resources Corporation, Southwestern Energy Company, Spinnaker Exploration Company, St. Mary Land and Exploration Company,

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

Swift Energy Company, Vintage Petroleum, Inc., and XTO Energy Inc. If any member of the comparator group ceases to have publicly traded common stock, it will be removed from the comparator group and a replacement company will be added by the compensation committee.

After the end of the performance period, the Company will issue shares of Common Stock and pay cash in respect of each performance share based on the relative ranking of the Company versus the comparator group for total shareholder return during the performance period using the following scale:

<u>Company Relative Placement</u>	<u>Percent Performance Shares</u>
1-2 (highest)	200%
3-4	167%
5-6	133%
7-8	100%
9-10	75%
11-12	50%
13-14	25%
15-17 (lowest)	0%

As noted above, in the event of a relative ranking of 1 through 6, corresponding to a percentage payout above 100%, a share of performance stock will entitle the participant to receive one full share of Common Stock with respect to the first 100% of the payout and the balance of the payout in cash, in an amount based on the fair market value of a share of Common Stock at the end of the performance period and the balance of the payout percentage over 100%.

If a participant is not an employee on the last day of the performance period, no shares of Common Stock will be issued in respect of the participant's performance stock award unless otherwise determined by the compensation committee. Prior to the issuance of shares of Common Stock in respect of a performance stock award, the participant will have no right to vote or receive dividends on the shares. In the event the Company ceases to have publicly traded Common Stock as a result of a business combination or other extraordinary transaction, the performance period will be terminated effective upon the date of such cessation.

The Company's restricted stock awards to executives in 2004 consisted of grants of Common Stock, the restrictions on which lapse one-third on each of the first, second and third anniversaries of the date of the grant. These awards provide a retention tool to the Company and encourage equity ownership in the Company. The unvested restricted stock will be forfeited if, during the three-year restrictive period, the executive leaves the Company for any reason other than retirement, termination without cause, death or disability. Prior to the lapse of such restrictions, the participant has no right to vote or receive dividends on such shares. The restricted stock award may not be assigned or transferred except by will or the laws of descent and distribution. In the event of a Change of Control (as defined), the restrictive period shall lapse and a stock certificate representing the shares of restricted stock shall be issued to the executive. In the event of any merger, reorganization, recapitalization, separation, liquidation, stock dividend, share combination or other change in the corporate structure of the Company affecting the shares of restricted stock, the number of shares of restricted stock shall be equitably adjusted by the committee to prevent dilution or enlargement of rights.

In 2004 Mr. Dinges was awarded 30,000 performance shares and 28,000 shares of restricted stock. Mr. Dinges' long term incentive award is between the 50th and 60th percentile of the predicted 2004 competitive market data.

The Company's performance shares and stock options are intended to constitute "qualified performance based compensation" as defined under Section 162(m) of the Code, with the effect that the deduction disallowance of Section 162(m) of the Code should not be applicable to compensation paid to covered employees under the performance shares and stock option provisions. It is the Committee's intent that the majority of long-term incentive awards will qualify under Section 162(m) of the Internal Revenue Code. In 2004, the Company was not able to deduct approximately \$680,000 as a result of the application of Section 162(m) to the 2004 vesting of restricted stock awards made in 2001.

Conclusion

The Committee believes these executive compensation policies and programs effectively serve the interests of stockholders and the Company. We have attempted, with the assistance of our compensation consultant, to provide a total compensation and incentive program that motivates key personnel and contributes to the Company's overall success.

AUDIT COMMITTEE REPORT

The audit committee is composed of four independent, non-employee directors. The Board of Directors has made a determination that the members of the audit committee satisfy the requirements of the NYSE listing standards as to independence, financial literacy and experience. The Board determined that two of the members of the Audit Committee, Messrs. Cabot and Kelley, are audit committee financial experts as defined by rules of the Securities and Exchange Commission. The responsibilities of the audit committee are set forth in the Audit Committee Charter, which was adopted in December 2003 by the Board of Directors of the Company. The function of the audit committee is to review and report to the Board of Directors with respect to various auditing and accounting matters, including overseeing the integrity of the financial statements of the Company, the compliance by the Company with legal and regulatory requirements, the selection, independence, qualifications, performance and compensation of the Company's independent registered public accounting firm and the performance of the Company's internal audit function. The audit committee also reviews its charter annually. This is a report on the audit committee's activities relating to the calendar year 2004.

During 2004 the Company, with the audit committee's guidance, undertook a major project to evaluate, document, improve and test the Company's system of internal controls, primarily those internal controls that affect the financial statements and financial reporting. This project was necessary for compliance with Section 404 of the Sarbanes-Oxley Act of 2002 relating to management's assessment of internal controls. Section 404 requires senior Company management to annually assess the effectiveness of the Company's internal control structure and procedures for financial reporting and our independent registered public accounting firm to attest to and report on, the assessment made by management. Because of the expansive scope of the Section 404 project, the Company engaged the services of an outside consulting firm. For 2004, the outside consulting firm fees were \$1.4 million. In addition, for 2004 PricewaterhouseCoopers LLP's, the Company's independent registered public accounting firm, fees for its Section 404 attestation work were \$1,208,500.

Review of Audited Financial Statements with Management

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

The audit committee reviewed and discussed the audited financial statements and management's discussion and analysis of the Company's financial condition and results of operations with the management of the Company.

Review of Financial Statements and Other Matters with Independent Registered Public Accounting Firm

The audit committee discussed with the independent registered public accounting firm the matters required to be discussed as described in Statement on Auditing Standards (SAS) No. 61-Communication with Audit Committees, as updated by SAS No. 89-Audit Adjustments, and SAS No. 90-Audit Committee Communications. The Audit Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP (PWC), the Company's independent registered public accounting firm, required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with PWC the independent registered public accounting firm's independence. These discussions included a review of all audit and non-audit services (including tax services) provided by PWC to the Company.

Recommendation that Financial Statements be Included in Annual Report

Based on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year 2004 for filing with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP

REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors to file initial reports of ownership and reports of changes in ownership of Company Common Stock with the Securities and Exchange Commission and, pursuant to rules promulgated under Section 16(a), such individuals are required to furnish the Company with copies of Section 16(a) reports they file. Based solely on a review of the copies of such reports furnished to the Company and written representations that those reports accurately reflect all reportable transactions and holdings, the Company is aware of no failures to comply with the Section 16(a) reporting requirements during 2004.

EMPLOYMENT AGREEMENTS**AND CHANGE IN CONTROL ARRANGEMENTS**

The Company has entered into Change in Control Agreements (the Agreements) with the current executive officers named in the Summary Compensation Table, and with certain other senior officers of the Company. The Agreements are intended to encourage such employees to remain in the employ of and to carry out their duties with the Company. In 2001 the Board of Directors made certain revisions to the program initially implemented in 1995. The initial term of the Agreements is three years from July 17, 2001 (from September 17, 2001 for Mr. Dinges), subject to automatic one-year extensions on the second and each subsequent anniversary thereof unless prior to such anniversary the Company gives written notice that the term shall not be so extended. The Agreements provide that in the event of a change in control or in the event deemed to be in anticipation of a change in control, such individuals will receive certain benefits in the event of a termination of their employment within two years of such event. A change in control is generally defined as occurring if (i) any person becomes the beneficial owner, of securities of the Company representing 35% or more of Common Stock or of the combined voting power of the then outstanding voting securities of the Company, with certain exceptions; (ii) individuals who, as the date of the Agreement, constitute the Board, together with individuals nominated with the approval of those directors (other than in connection with an election contest) (collectively, the Incumbent Board) cease to constitute at least a majority of the Board; (iii) a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company (a Business Combination) is consummated, unless, following the Business Combination (a) all or substantially all of the individuals and entities who were the beneficial owners of the Common Stock and outstanding voting securities immediately prior to the Business Combination beneficially own, directly or indirectly, more than 50% of the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the entity resulting from the Business Combination in substantially the same proportions as their ownership, immediately prior to the Business Combination, of the Common Stock and outstanding voting securities, (b) no person (excluding any entity resulting from such Business Combination) beneficially owns, directly or indirectly, 35% or more of the then outstanding shares of common equity of the entity resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such entity except to the extent that such ownership existed prior to the Business Combination and (c) at least a majority of the members of the Board of Directors of the corporation, or the similar managing body of a non-corporate entity, resulting from such Business Combination were members of the Incumbent Board at the time of execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or (iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Benefits are provided under the Agreements unless such termination of employment is (i) for cause (as defined in the Agreements), (ii) voluntary by the executive and does not constitute a constructive termination without cause (as defined in the Agreements), or (iii) because of the death or disability of the executive.

Generally, benefits payable under the terms of the Agreements include (i) a lump-sum cash payment equal to three times the sum of (a) base salary in effect immediately prior to the change in control or, if greater, immediately prior to the executive's termination and (b) the greater of (1) 100% of the executive's target bonus with respect to the fiscal year during which the change in control occurred or, if greater, the fiscal year during which the executive's termination occurred or (2) the executive's actual bonus paid in the fiscal year immediately preceding the change in control or if termination of employment occurs prior to a change in control, termination of employment, (ii) payment with respect to any performance shares granted to the executive, such payment to be prorated based on actual service completed at the time of the executive's termination, and valued according to the percentage of goal attainment on the date of termination (provided that performance shares granted in 2004 will not be prorated and will be paid out at a price based on the change in control transaction), (iii) immediate vesting and exercisability of all of the executive's options to purchase securities of the Company, (iv) immediate vesting and lapse of restrictions on any restricted stock grants outstanding at the time of the executive's termination, (v) subject to the payment of the applicable premiums, continued medical, dental and life insurance coverage for three years following the date of the executive's termination, (vi) effective crediting of an additional three years of service in the Company's retirement plans in which the executive is participating at the time of the change in control and (vii) outplacement assistance in an amount not to exceed 15% of the executive's base salary in effect on the date of a change in control (the Termination Benefits). In the event the excise tax relating to Section 280G of the Code applies to payments by the Company, the Company will make an additional payment to the executive in an amount such that after payment of income and excise taxes, the executive retains an amount equal to the Termination Benefits. No payments have been made under the Agreements.

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

The Company has entered into both an employment agreement and a Change in Control Agreement with Mr. Dan O. Dinges, Chairman, President and Chief Executive Officer of the Company. The employment agreement provides that if Mr.

Dinges terminates his employment for good reason (as defined in the agreement) or the Company terminates his employment for any reason other than cause (as defined in the agreement), Mr. Dinges shall receive (i) a lump sum cash payment equal to two times his annual base salary plus two times his annual target bonus, (ii) a 24 month continuation of medical and life insurance programs at the premium rate applicable to active executives, (iii) full vesting of all of his restricted stock awards and (iv) full vesting of all of his stock option awards. Under the terms of Mr. Dinges' Change in Control Agreement, in the event of a termination, Mr. Dinges will be required to elect between receiving the Termination Benefits or the amounts payable to Mr. Dinges under his employment agreement.
