Edgar Filing: ERICSSON LM TELEPHONE CO - Form 6-K

Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934. Yes No

Announcement of LM Ericsson Telephone Company, dated May 5, 2005, regarding Ericsson streamlining its CDMA business unit to leverage organizational synergies

Press Release

May 4, 2005

Ericsson to further streamline its CDMA business unit to leverage organizational synergies

Ericsson has announced plans to simplify its Mobile Systems CDMA unit organization for improved efficiency.

Based on previously announced commonality across its technology platforms, Ericsson will streamline its organization to maintain industry leading efficiency and productivity within its operations.

Business Unit Mobile Systems CDMA has its administrative headquarters in San Diego, California. Following the reorganization, the CDMA business unit will further leverage Ericsson's global organizational structure by transitioning responsibilities, which today are handled in San Diego, to other operations.

As a consequence of streamlining the organization, CDMA operations in San Diego will be significantly reduced and the headquarter operations will eventually be closed. Ericsson estimates that approximately 250 employees will be made redundant over the next 6-9 months.

Ericsson is shaping the future of Mobile and Broadband Internet communications through its continuous technology leadership. Providing innovative solutions in more than 140 countries, Ericsson is helping to create the most powerful communication companies in the world.
