RELEVANT FACT

The management of Telesp Celular Participações S.A. (TCP), Tele Centro Oeste Celular Participações S.A., (TCO), Tele Sudeste Celular Participações S.A. (TSD), Tele Leste Celular Participações S.A. (TLE) and Celular CRT Participações S.A. (CRTPart) (Companies), under CVM Instructions 319/99 and 358/02, comes publicly to inform that their respective Board of Directors approved the proposal to be submitted to the Shareholders of the Companies for a corporate restructuring aiming at the merger of shares of TCO to be converted into a wholly-owned subsidiary of TCP and merger of the companies TSD, TLE and CRTPart by TCP (Corporate Restructuring), in accordance with the terms and conditions described as follows:

The management of TCP, TCO, TSD, TLE and CRTPart recognize that the Corporate Restructuring and subsequent concentration of the Companies' shareholders in one single publicly held company, and the merger by TCP of the shares of TCO and assets of TSD, TLE and CRTPart, with the subsequent winding-up of the merged companies, should allow their shareholders to hold an interest in a company with more liquidity at the Brazilian and international stock exchanges, and will make easier the unification, standardization and rationalization of the general management of the business of TCP, TCO, TSD, TLE and CRTPart, making possible a better improvement of synergies between the mentioned Companies, who, directly or by means of the respective operators controlled by them, have been already using the brand name VIVO .

The Corporate Restructuring intended to be implemented does not provide for the merger of TCO, but solely the merger of its shares to the equity of TCP, exclusively due to the fact that not only is TCO the controlling company of operating companies that provide telecommunication services, particularly the personal mobile service (SMP), in the authorization areas 7 and 8 of Regions I and II under the SMP Authorization General Plan (Anatel Resolution 321/02), but it also is itself a provider of such services in a portion of the authorization area 7 of Region II. And the mentioned Corporate Restructuring now intends to exclusively eliminate the corporate structure of the controlling companies of SMP providers, who operate under the brand name VIVO, initiating the process of simplification and reduction of the organizational structure of the group.

Therefore, with the Corporate Restructuring TSD, TLE and CRTPart will be merged by TCP and dissolved, and the companies controlled by them, operators of the SMP in Region I (provision area 3 and 9), Region II (provision area 6) and Region III (provision area 1 and 2) of the SMP

Edgar Filing: TELE SUDESTE CELULAR PARTICIPACOES SA - Form 425

Authorization General Plan, will be then transformed into wholly owned subsidiaries of TCP. TCO will continue to exist in the capacity of wholly owned subsidiary of TCP such as the other SMP operators currently controlled by the holdings TSD, TLE and CRTPart to be merged until implementation of the new restructuring, as mentioned in item 2.8 hereof.

Table of Contents

Taking into account that TCO will be a wholly-owned subsidiary of TCP and that TSD, TLE and CRTPart will be merged and dissolved, their listing at CVM and BOVESPA and the registration of TCO, TSD and TLE with the Securities and Exchange Commission SEC and listing with the New York Stock Exchange NYSE will be cancelled in order to eliminate costs associated to them.

The simplified organizational charts reproduced below show the current corporate structure and the structure after implementation of the Corporate Restructuring. It should be pointed out that the Corporate Restructuring will not change the control structure of the involved companies:

Chart of the current ownership structure before the Corporate Restructuring

Chart of the current ownership structure after the Corporate Restructuring

1. Implementation of the Corporate Restructuring

TCP will merge all shares of TCO and the assets of TSD, TLE and CRTPart, allocating directly to the holders of the merged shares of TCO and holders of shares of the dissolved companies, TSD, TLE and CRTPart, the new shares to which they are entitled in the acquiring company, TCP, pursuant to the exchange ratio established by the Companies. Concurrently with the Corporate Restructuring, the name of TCP will be changed to Vivo Participações S.A.

Table of Contents**1.1. The Companies Shares and the Exchange Ratio**

1.1.1. Merger of Shares: The merger of TCO shares will not represent a change in the number or type of shares, which will be then totally held by TCP. The shareholders, owners of common and preferred shares of TCO merged to TCP assets, will receive new shares of TCP of the same type, that is, the merged preferred shares will be exchanged for new preferred shares of TCP to be issued on behalf of their respective owners, and the merged common shares will be exchanged for new common shares of TCP to be issued on behalf of their respective owners.

1.1.2. Merger of companies: The common and preferred shares of TSD, TLE and CRTPart, which will be dissolved due to the merger of the mentioned companies to the assets of TCP, will be exchanged for new shares of TCP of the same type, that is, preferred shares of the merged companies will be exchanged for new preferred shares of TCP to be issued on behalf of the owner of the shares, and common shares of the merged companies will be exchanged for new common shares of TCP to be issued on behalf of the owner of the cancelled shares.

1.1.3. The exchange ratio of the shares of each company, TCO, TSD, TLE and CRTPart, for TCP shares, was determined based on the respective economic value of the Companies, appraised by Goldman Sachs & Companhia, based on the discounted cash flow method, on the September 30, 2005. The report prepared by Goldman Sachs & Companhia states that, as the exchange ratios established by the Board of Directors of the Companies are in line with the range of the exchange rate arising from the range of value indications of the Companies presented in the appraisal report, consistently applied, the companies involved in the Corporate Restructuring are receiving equitable treatment under the provisions of their respective Bylaws. The following table shows the exchange ratio of the shares currently owned by the shareholders of TCO, TSD, TLE and CRTPart for new shares to be issued by TCP, in accordance with the criteria mentioned herein, established by the Companies in their respective Protocols approved by the Board of Directors of each of the Companies. Shareholders whose shares will be merged (in case of TCO) or cancelled (in case of TSD, TLE and CRTPart) and who, due to the exchange ratio, are entitled to fractional shares, will be paid a pro rata amount for their fractions based on the net amount at market price of the fractions all together, determined in a auction (or auctions, if applicable) to be held at Bolsa de Valores de São Paulo – Bovespa. The mentioned payment to the shareholders will be made no later than 5 business days as from the date on which the last auction will be held.

1.2. **Appraisal pursuant to the net equity at market.** Exclusively for the purpose of the provisions of article 264 of Law No. 6,404/76, TCP, TCO, TSD, TLE and CRTPart had their respective assets appraised pursuant to the same criteria and on the same date, September 30, 2005, at market prices, by Planconsult Planejamento e Consultoria. In accordance with the mentioned criterion, the exchange ratio of the shares of TCO, TSD, TLE and CRTPart for shares of TCP would be the following: (i) TCO: (i) each common share and each preferred share of TCO would be exchanged for 3.5844 shares of the same type of TCP; (ii) TSD: each common share and each preferred share of TSD would be exchanged for 4.2863 shares of the same type of TCP; (iii) TLE: each common share and each preferred share of TLE would be exchanged for 4.8744 shares of the same type of TCP; and (iv) each common share and each preferred share of CRTPart would be exchanged for 6.7258 shares of the same type of TCP.

1.3. **Appraisal of the shares and assets to be merged and consequent capital increase of TCP.** The shares of TCO, as well as the respective assets of TSD, TLE and CRTPart to be merged were appraised based on their respective net book value on September 30, 2005, pursuant to accounting practices under the law in force (Basis Balance Sheets) The Valuation Reports of TCO shares and respective assets of TSD, TLE and CRTPart for the purpose of the capital increase in the acquiring company were prepared according to articles 252 and 227 of Law 6,404/76 by Deloitte Touche Tohmatsu Auditores Independentes, *ad referendum* of the shareholders of the Companies. The following amounts have been determined in relation to each of the companies:

<u>COMPANY</u>	<u>Net Book Value on 09/30/2005</u>
TCO (shares to be merged)	R\$ 2,835,326,030.00
TSD	R\$ 2,048,695,003.00
TLE	R\$ 320,029,960.00
CRTPart	R\$ 1,224,158,787.00

Only for reference purposes, the net book value of TCP on the base date of September 30, 2005 is R\$4,315,766,402.00.

Companies' equity variation occurring between the basis date of the valuation report on their book value and the date of the shareholders' meeting for approval of the Corporate Restructuring will be absorbed by TCP and accounted as capital reserve (if positive) or against profits reserve (if negative), except with regard to the profits accrued by said companies between the basis date and the end of the fiscal year of 2005 (if applicable), which shall be kept on the books of each of the companies and dividends based thereon declared to their respective shareholders before the completion of the merger with the holding of the shareholders' meetings, as informed in item 2.2 below.

1.3.1. Considering the amounts determined on the abovementioned basis date, the merger of TCO and the merger of TSD, TLE and CRTPart assets will result in the capital increase of TCP in R\$2,631,136,636.01 (two billion, six hundred and thirty-one million, one hundred and thirty-six thousand and six hundred and thirty-six reais and one cent of real), represented by 258,768,433 (two hundred and fifty-eight million, seven hundred and sixty-eight thousand, and four hundred and thirty-three) new common shares and 505,319,442 (five hundred and five million, three hundred and nineteen thousand, and four hundred and forty-two) new preferred shares, determined based on the book value criterion mentioned above. As a result of the mentioned increase, the capital stock of TCP will be R\$9,301,289,134.27 (nine billion, three hundred and one million, two hundred and eighty-nine thousand, and one hundred and thirty-four reais and twenty-seven cents of real). Immediately after the transaction, TCP will have the total of 509,226,137 (five hundred and nine million, two hundred and twenty-six thousand, and one hundred and thirty-seven) common shares and 917.186.080 (nine hundred and seventeen million, one hundred and eighty-six thousand and eighty) preferred shares.

1.4. **Shareholders Rights.** The bylaws of TCP will be amended due to the Corporate Restructuring in order to reflect the change in the amount of the capital stock and number of common and preferred shares represented by it. The bylaws of TCO shall be timely amended to reflect its conversion into wholly owned subsidiary of TCP. The new common and preferred shares of TCP to be issued in exchange for the TCO merged shares and the dissolved TSD, TLE and CRTPart will entitle their owners to the same rights of now outstanding common and preferred shares of TCP, including, with reference to preferred shares, full voting rights while dividends to which the now outstanding preferred shares of TCP are entitled are not paid. The shareholders holding shares issued by TCO, TSD, TLE and CRTPart will then hold TCP shares of the same type previously held by them and with the policy and equity advantages informed in the table below, which also includes the rights currently granted by the shares of TCP, TCO, TSD, TLE and CRTPart for comparison purposes:

The administrations of the Companies are aware of the fact that the difference between the criteria in the determination of dividends to which the holders of preferred shares of TCP and of the other companies are entitled does not necessarily mean that the dividends to which the shareholders of TCO, TSD, TLE and CRTPart will be entitled after the Corporate Restructuring will be higher or lower than those currently allocated, given that the assets, liabilities and net equity of TCP will significantly change after the Corporate Restructuring. The information relating to the composition of TCP assets after the Corporate Restructuring will be made available pursuant to the provisions of item 2.9 below.

1. **JUSTIFICATION**

WHEREAS, TCP, TCO, TSD, TLE and CRTPart (Holdings) are publicly-traded corporations, with their shares traded on BOVESPA, and, except for CRTPart, with shares also traded on the New York Stock Exchange (NYSE), and they control companies that provide telecommunications services, most importantly the mobile telephone service (SMP), in Regions I (operating in areas 3 and 9), II (operating in area 6) and III (operating in areas 1 and 2) of the General Authorizations Plan of MTS (Anatel Ruling 321/02);

WHEREAS, TCP holds 90.59% of the common shares and 32.76% of the preferred shares issued by TCO and its main corporate purpose is to hold equity interests;

WHEREAS, TCO, in addition to holding 100% of the shares representing the capital stock of the operating companies Telegoiás Celular S.A., Telemat Celular S.A., Telems Celular S.A., Teleron Celular S.A., Teleacre Celular S.A., Norte Brasil Telecom S.A. and TCO IP S.A., which operate in areas 7 and 8 of Regions I and II of the General Authorizations Plan, it is also an operator of telecommunications services itself, most importantly SMP in part of area 7 of the Region II of the General Authorization Plan;

WHEREAS, except for TCO, the main corporate purpose of all the other Holdings is to hold equity interests in operating companies that they control and, whereas, TCP may, thus, carry out the activities currently developed by the other Holdings (except for TCO);

WHEREAS, the maintenance of several companies that have the same purpose and distinct organizational structure increases managing and operational costs;

The parties understand that the simplification of the corporate structure of the group, by means of a corporate restructuring, consisting of the merger into TCP of the entirety of the shares issued by TCO and of the merger of the companies TSD, TLE and CRTPart into TCP (Corporate Restructuring), shall reduce the current organizational structure, decreasing costs and increasing value for the shareholders, allowing them to hold equity interest of a company with greater liquidity in the Brazilian and international stock exchanges, as well as facilitating the unification, standardization and rationalization of the general management of the business carried out by the involved companies and the elimination of the costs arising from the maintenance of the trading of the shares of the companies as different entities on the BOVESPA and NYSE.

The preferred shareholders of CRTPart shall not have the right to withdraw, since such shares present liquidity and dispersion in the market, pursuant to article 137, II, items a and b, of Law No. 6,404/76.

- 5.3.3 Pursuant to the provisions set forth by article 264, third paragraph, of Law No. 6,404/76, the non-controlling common shareholders of TCO, TSD and TLE and the preferred shareholders of TSD that disagree with the Corporate Restructuring, may choose, within the term for the exercise of the right to withdraw, between the reimbursement value based on the shareholders' equity of the respective companies or the value based on their respective shareholders' equity valued at market prices. The preferred shareholders of TCO and TLE shall not have the right to withdraw, since such shares present liquidity and dispersion in the market, pursuant to article 137, II, items a and b, of Law No. 6,404/76.

5.4 Merger of the Goodwill Special Reserve from Prior Restructurings.

5.4.1 TCO. Pursuant to the Protocol of Merger of Shares and Instrument of Justification entered into on June 14, 2004, by TCO and the operating companies controlled by it (Telegoiás Celular S.A., Telems Celular S.A., Telemat Celular S.A., Teleacre Celular S.A. and Teleron Celular S.A.), as well as pursuant to the Protocol of Merger and Instrument of Justification entered into on August 15, 2005, TCP, which held goodwill relating to the purchase of TCO and goodwill relating to the preferred shares that were purchased in the Public Tender Offer for shares of TCO, carried out by TCP on October 8, 2004, assigned to TCO its rights over the goodwill special reserves that were transferred to the companies controlled by TCO in connection with the restructuring transactions referred to above, becoming a creditor of TCO and therefore having the right to use such credits in capital increases of TCO. In face of the merger of shares of TCO into TCP, by means of which TCO shall become a wholly-owned subsidiary of TCP, TCP shall keep its right to capitalize such credits resulting from the goodwill special reserve in TCO, so long as it complies with the preemptive right of the other shareholders of said company, pursuant to article 16 of CVM Instruction 319/99.

5.4.2 TLE. Pursuant to the Protocol of Merger of Shares and Instrument of Justification entered into by TLE and its controlling companies, Telebahia Celular S.A. (Telebahia) and Telergipe Celular S.A. (Telergipe), on November 13, 2000, Iberoleste Participações S.A., controlling company of TLE at that time, later succeeded by Sudestecel Participações Ltda., assigned to TLE its rights over the goodwill special reserves transferred to Telebahia and Telergipe, pursuant to the Protocol of Partial Spin-Off and Merger and Instrument of Justification entered into by Tele Leste, Telebahia and Telergipe. TLE would then have the right to use such credits in capital increases, so long as the tax benefit relating to the amortization of the respective deferred assets represented an effective decrease in the taxes paid by Telebahia and Telergipe (as set forth in the second paragraph of the article 7 of the referred CVM Instruction No. 319/99). Accordingly, TLE, in its capacity as the sole shareholder of Telebahia and Telergipe, acquired the right to use such reserves in capital increases, by means of the subscription of new shares issued by said operating companies. On account of the assignment of rights over the goodwill special reserves, Iberoleste Participações S.A. became, at that time, a creditor of TLE in the same amount, being able to use such credits in capital increases of TLE, respecting the preemptive rights to be given to the other shareholders of the referred company, pursuant to article 16 of the CVM Instruction 319/99. In view of the merger of TLE into TCP, the surviving company shall succeed TLE in all its rights and obligations. Consequently, Sudestecel (successor of Iberoleste) will acquire the right to use such credits in capital increases of TCP, respecting the preemptive rights to be given to the other shareholders of the referred company, pursuant to article 16 of the CVM Instruction 319/99.

5.4.3 CRTPart. Pursuant to the Protocol of Merger of Shares and Instrument of Justification entered into by CRTPart and its controlling company, Celular CRT

In view of the merger of CRTPart into TCP, the surviving company shall succeed CRTPart in all its rights and obligations. Consequently, Avista Participações Ltda. will acquire the right to use such credits in capital increases of TCP, respecting the preemptive rights to be given to the other shareholders of the referred company, pursuant to article 16 of the CVM Instruction 319/99.

as of September 30, 2005, which were examined and unanimously approved by the members of the Board of Directors in attendance, *ad referendum* of the general shareholders meeting of the Company.

With respect to the proposal for the corporate restructuring involving the Company, the members of the Board of Directors, after clarifications given with respect thereto, and in light of the favorable opinion of the Board of Auditors, resolved the following:

4.2 To approve, *ad referendum* of the general shareholders meeting of the Company that resolves about this subject, the draft of the Protocol of Merger of Shares, Merger of Companies and Instrument of Justification (Protocol of Incorporation) to be entered into by the Company, TCO, TSD, TLE and CRTPart, on the date hereof, which sets forth (i) the merger, into the Company, of all the shares of TCO, in order to convert it in a wholly-owned subsidiary; and (ii) the merger, into the Company, of TSD, TLE and CRTPart. The Protocol of Merger sets forth the general terms and conditions of the intended mergers, the justifications of the transaction, the criterion for valuing the shares and assets to be merged and the exchange ratio of the equity interests held by the shareholders of TCO, TSD, TLE and CRTPart for shares issued by the Company. Considering the approval of the terms and conditions of the Protocol of Merger resolved herein, as well as the clarifications provided in regard to the discussed restructuring, the members of the Board of Directors expressed their opinion in favor of carrying out the transaction under analysis and authorized the signature of the Protocol of Merger to be entered into by the Board of Officers of the Company and of TCO, TSD, TLE and CRTPart, as well as the execution of all acts required for the implementation thereof.

4.2.1 To ratify, *ad referendum* of the general shareholders meeting of the Company that resolves about this subject, the contracting, carried out by the Board of Officers of the Company, of the specialized firm Deloitte Touche Tohmatsu Auditores Independentes for (i) the evaluation of shares issued by TCO that shall be merged into the Company; and (ii) the evaluation of the net assets of TSD, TLE and CRTPart that shall be conveyed to the Company.

4.2.2 To approve, *ad referendum* of the general shareholders meeting of the Company that resolves about this subject, (i) the valuation report of the shares of TCO to be merged in the Company, based on the book value on the base date of September 30, 2005; and (ii) the valuation reports of the net assets of TSD, TLE and CRTPart, based on the book value on the base date of September 30, 2005, and the consequent capital increase of the Company.

4.3 To ratify, *ad referendum* of the general shareholders meeting of the Company that resolves about this subject, the contracting, carried out by the Board of Officers of the Company, of the specialized firm Goldman Sachs & Companhia, for the valuation of the shareholders equity of the Company and TCO, TSD, TLE and CRTPart, based on the economic value, valued

using the discounted cash flow method, in order to determine the exchange ratio of common and preferred shares of said companies for new shares to be issued by the Company, as well as the preparation of a report with regard to the referred exchange ratio.

4.4 To ratify, *ad referendum* of the general shareholders' meeting of the Company that resolves about this subject, the contracting, carried out by the Board of Officers of the Company, of the specialized firm Planconsult Planejamento e Consultoria for the valuation of the shareholders' equity of the Company and TCO, TSD, TLE and CRTPart at market prices, in order to comply with article 264 of Law 6,404/76.

4.5 To approve, *ad referendum* of the general shareholders' meeting of the Company that resolves about this subject, the valuation reports of the shareholders' equity of the Company and TCO, TSD, TLE and CRTPart, based on the economic value, valued using the discounted cash flow method, prepared by Goldman Sachs & Companhia, considering a base date of September 30, 2005 for the specific purpose of determining the exchange ratio of common and preferred shares of TCO, TSD, TLE and CRTPart for new shares to be issued by the Company, and the valuation reports of the shareholders' equity of the Company and said companies, valued at market prices, considering a base date of September 30, 2005. It is proposed hereby that the fractions of shares of the Company, resulting from the exchange ratio be grouped and sold in an auction (or auctions, if the case may be) at Bolsa de Valores de São Paulo - Bovespa, at the market price, and that the assessed net value be paid to the shareholders of said companies, which, on account of the respective mergers, are entitled to the referred fractions of shares, on *pro rata* basis as to the fractions held by them, within up to five (05) business days from the day the auction (or last auction, if the case may be) is held. It was clarified that the shares of the Company to be distributed to the shareholders of TCO, TSD, TLE and CRTPart shall have the same rights of the shares issued by the Company, currently being traded, and shall be entitled to full dividends of the Company regarding the fiscal years in which the Company obtains profits that are subject to distribution. It was clarified to the Directors that the rights of the shareholders of TCO, TSD, TLE and CRTPart related to the interest on shareholders' equity and dividends regarding the fiscal year of 2004 shall remain unchanged and shall be paid on the date set forth in the respective shareholders' meetings of the Company held on 2005. Such shareholders are also assured the payment of dividends for 2005 that are at least equal to the minimum mandatory dividends in accordance with their respective Bylaws, in accordance with the terms of the Protocol of Merger approved on this meeting.

Moreover, it was presented to the Directors, for their information, the report prepared by Goldman Sachs & Companhia relating to the preparation of the valuation, confirming that equitable treatment was being given to all the companies involved.

Table of Contents

Additionally, it was anticipated to the members of the Boards of Directors and Auditors in attendance that, even before the conclusion of the Corporate Restructuring, the terms and conditions of a capital reduction of the Company shall be proposed, in an amount to be calculated at the appropriate time and, at that time, new meetings of the Board of Auditors and Directors shall be called for such purpose. Such reduction aims to absorb the existing losses in order to anticipate the possibility of distributing dividends to all its shareholders, after the Corporate Restructuring, as soon as the Company begins to obtain profits.

4.6 To approve the Call Notice of the general shareholders' meeting of the Company regarding the subjects resolved in this meeting and that shall be submitted to the shareholders.

4.7 To approve the proposal of changing the corporate name of the Company to Vivo Participações S.A.

The Directors pointed out that the mergers under analysis were approved considering that they are part of the intended Corporate Restructuring, by means of which there shall be the concentration of the shareholders of TCO, TSD, TLE and CRTPart in only one publicly-held company, which should enable the shareholders, after the transaction, to count on more liquidity in the Brazilian and international stock exchanges, allowing, at the end, the simplification of the current share and organizational structures, as well as a larger enjoyment of the synergies of the Company and of the other companies involved, in view of the unification, standardization and rationalization of the general management of the businesses carried out by the companies involved in the Corporate Restructuring, which, directly or through their corresponding operating companies controlled by them, use the brand "VIVO", such being the reasons that the members of the Board of Directors recommend its approval by the general shareholders' meeting of the Company.

There being nothing further to resolve, the meeting was adjourned and these minutes were drawn up, read, found to be in order, approved by all the Directors and signed by all those in attendance.
