MERCURY GENERAL CORPORATION

Los Angeles, California 90010

PROXY STATEMENT

The Board of Directors of the Company is soliciting the enclosed proxy for use at the Annual Meeting of Shareholders of the Company to be held at 10:00 a.m. May 10, 2006, at the Radisson Wilshire Plaza Hotel, 3515 Wilshire Boulevard, Los Angeles, California. This Proxy Statement was first mailed to shareholders on or about March 31, 2006.

All shareholders who find it convenient to do so are cordially invited to attend the meeting in person. In any event, please complete, sign, date and return the proxy in the enclosed envelope.

A proxy may be revoked by written notice to the Secretary of the Company at any time prior to the voting of the proxy, or by executing a later proxy or by attending the meeting and voting in person. Unrevoked proxies will be voted in accordance with the instructions indicated in the proxies, or if there are no such instructions, such proxies will be voted FOR the election of the Board of Directors nominees for director. Shares represented by proxies that reflect abstentions or include broker non-votes will be treated as present and entitled to vote for purposes of determining the presence of a quorum.

Shareholders of record at the close of business on March 15, 2006 will be entitled to vote at the meeting. As of that date, 54,634,656 shares of common stock, without par value (Common Stock), of the Company were outstanding. Each share of Common Stock is entitled to one vote. A majority of the outstanding shares of the Company, represented in person or by proxy at the meeting, constitutes a quorum. The costs of preparing, assembling and mailing the Notice of Annual Meeting, Proxy Statement and proxy will be borne by the Company.

VOTING

In voting for the election of directors of the Company under the California General Corporation Law, if, prior to the commencement of voting, any shareholder has given notice of an intention to cumulate votes at the meeting, then all shareholders may cumulate their votes in the election of directors for any nominee if the nominee's name was placed in nomination prior to the voting. Under cumulative voting, each shareholder is entitled in the election of directors to one vote for each share held by the shareholder multiplied by the number of directors to be elected, and the shareholder may cast all such votes for a single nominee for director or may distribute them among any two or more nominees as the shareholder sees fit. If no such notice is given, there will be no cumulative voting. In the absence of cumulative voting, each shareholder may cast one vote for each share held multiplied by the number of directors to be elected, but may not cast more votes than the number of shares owned for any candidate and therefore a simple majority of the shares voting will elect all of the directors. Under either form of voting, the candidates receiving the highest number of votes, up to the number of directors to be elected, will be elected. Abstentions and broker non-votes will have no effect on the outcome of the election of directors.

In the event of cumulative voting, the proxy solicited by the Board of Directors confers discretionary authority on the proxies to cumulate votes so as to elect the maximum number of the Board of Directors nominees. The proxy may not be voted for more than nine persons.

The Board of Directors recommends that shareholders vote FOR election of the nine directors named in this Proxy Statement to serve until the next Annual Meeting of Shareholders and until their successors are elected and have qualified (see page 3).

Information Concerning the Board of Directors and Certain Committees Thereof

The Board of Directors held four meetings during the last fiscal year and is scheduled to meet quarterly during the current fiscal year. In 2005, each director attended at least 75% of the aggregate of all meetings held by the Board of Directors and all meetings held by all committees of the Board on which such director served. Directors are encouraged to attend in person each Annual Meeting of Shareholders. Seven directors attended the Annual Meeting of Shareholders in 2005. Directors are paid \$3,000 per quarter plus \$3,000 per meeting attended and reimbursement for their out-of-pocket expenses incurred in attending such meetings.

The Company has an Audit Committee established in accordance with the requirements of Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors. The responsibilities of the Audit Committee include, among other things, selecting and engaging the Company's independent auditors, reviewing the scope of audit engagements, reviewing comment letters of such auditors and management's response thereto, approving professional services provided by such auditors, reviewing the independence of such auditors, reviewing any major accounting changes made or contemplated, considering the range of audit and non-audit fees and reviewing the adequacy of the Company's internal accounting controls. The Audit Committee currently consists of Nathan Bessin, Donald P. Newell and Donald R. Spuehler, with Nathan Bessin acting as Chairman of this Committee. The Board of Directors has determined that each member of the Audit Committee is independent and meets the financial literacy requirements of the listing standards under the New York Stock Exchange (the "NYSE"), that each member of the Audit Committee meets the enhanced independence standards established by the Securities and Exchange Commission (the "SEC") and that Mr. Bessin qualifies as an audit committee

financial expert as that term is defined in the rules and regulations established by the SEC. The Audit Committee held six meetings in 2005. The chair of the Audit Committee receives an annual retainer of \$1,500, and each member of the Audit Committee receives \$2,500 per meeting attended plus reimbursement of their out-of-pocket expenses incurred in attending such meetings.

The Company has a Compensation Committee currently consisting of Donald R. Spuehler, Bruce A. Bunner and Richard E. Grayson, with Donald R. Spuehler acting as Chairman of this Committee. The Compensation Committee operates pursuant to a written charter adopted by the Board of Directors. The Compensation Committee held two meetings in 2005. The responsibilities of the Compensation Committee include, among other things, discharging the Board of Directors' responsibilities relating to compensation of the Company's executive officers, by designing in consultation with management and evaluating the compensation plans, policies and programs of the Company with respect to such executive officers, and administering the Company's stock option plan and Senior Executive Incentive Bonus Plan. The Board of Directors has determined that each member of the Compensation Committee is independent under the NYSE listing standards. Members of the Compensation Committee receive \$500 per meeting attended other than meetings held on the date of meetings of the entire Board of Directors plus reimbursement of their out-of-pocket expenses incurred in attending such meetings. The Chairman of the Compensation Committee also receives compensation based upon the number of additional hours spent on committee matters.

The Company has a Nominating/Corporate Governance Committee currently consisting of Donald P. Newell, Nathan Bessin and Donald R. Spuehler, with Donald P. Newell acting as Chairman of this Committee. The Nominating/Corporate Governance Committee operates pursuant to a written charter adopted by the Board of Directors. The Nominating/Corporate Governance Committee held two meetings in 2005. The responsibilities of the Nominating/Corporate Governance Committee include, among other things, identifying and recommending to the Board of Directors qualified candidates for nomination as directors of the Company, developing and recommending to the Board of Directors corporate governance principles applicable to the Company and overseeing the evaluation of the Board of Directors and management of the Company. The Board of Directors has determined that each member of the Nominating/Corporate Governance Committee is independent under the NYSE listing standards. The chair of the Nominating/Corporate Governance Committee receives an annual retainer of \$1,500 and \$1,500 per meeting attended, and each other member of the Nominating/Corporate Governance Committee receives \$1,000 per meeting attended plus, in each case, reimbursement of their out-of-pocket expenses incurred in attending such meetings.

Executive Sessions of Non-Management Directors

The Board of Directors holds regularly scheduled executive sessions of its non-management directors, and at least annually schedules a meeting with only independent directors. In accordance with the Company's corporate governance guidelines, Donald P. Newell, Chairman of the Nominating/Corporate Governance Committee, will preside at these meetings. During 2005, the Board held four executive sessions of its non-management directors, including one such session with only independent directors.

Director Nomination Process

Director Qualifications. The Nominating/Corporate Governance Committee has established certain criteria as guidelines in considering nominations to the Company's Board of Directors. The criteria include: (a) personal characteristics, including such matters as integrity, age, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a director of the Company; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in the Company's industry and with relevant social policy concerns; (d) experience as a board member of another publicly held company; (e) academic expertise in an area of the Company's operations; and (f) practical and mature business judgment. The criteria are not exhaustive and the Nominating/Corporate Governance Committee and the Board of Directors may consider other qualifications and attributes that they believe are appropriate in evaluating the

ability of an individual to serve as a member of the Board of Directors. The Nominating/Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so the Nominating/Corporate Governance Committee also considers candidates with appropriate non-business backgrounds.

Identification and Evaluation of Nominees for Directors. The Board of Directors believes that, based on the Nominating/Corporate Governance Committee's knowledge of the Company's corporate governance principles and the needs and qualifications of the Board at any given time, the Nominating/Corporate Governance Committee is best equipped to select nominees that will result in a well-qualified and well-rounded board of directors. Accordingly, it is the policy of the Nominating/Corporate Governance Committee not to accept unsolicited nominations from shareholders. In making its nominations, the Nominating/Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the Nominating/Corporate Governance Committee's criteria for Board service are re-nominated. As to new candidates, the Nominating/Corporate Governance Committee will generally poll the Board members and members of management for recommendations. The Nominating/Corporate Governance Committee may also review the composition and qualification of the boards of directors of the Company's competitors, and may seek input from industry experts or analysts. The Nominating/Corporate Governance Committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the Nominating/Corporate Governance Committee evaluates each individual in the context of the Board as whole, with the objective of assembling a group that can best represent shareholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the Nominating/Corporate Governance Committee makes its recommendation to the Board of Directors. Historically, the Board of Directors has not relied on third-party search firms to identify director nominees. The Nominating/Corporate Governance Committee may in the future choose to engage third-party search firms in situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Each of the nominees for election as director at the 2006 Annual Meeting of Shareholders were elected at the Annual Meeting of Shareholders held in 2005. Each of the nominees for election are recommended by the Nominating/Corporate Governance Committee to stand for reelection.

Director Independence

NYSE rules require that listed companies have a board of directors with a majority of independent directors. The Company's Board of Directors currently consists of nine directors. The Board has determined that each of Nathan Bessin, Bruce A. Bunner, Richard E. Grayson, Charles E. McClung, Donald P. Newell and Donald R. Spuehler has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent under NYSE listing standards. Of the remaining directors, Messrs. Joseph and Tirador currently serve as executive officers of the Company and Mr. Curtius currently serves as a consultant to the Company.

In making its determination, the Board considered transactions and relationships between each director (and any member of his or her immediate family) and the Company and its subsidiaries and relationships between the directors or their affiliates and members of the Company's senior management personnel and their affiliates. In particular, the board determined that each of the independent directors satisfied the following NYSE standards:

Neither the director nor any member of his or her immediate family is currently employed by the Company or has been employed by the Company within the past three years.

Neither the director nor any member of his or her immediate family has received more than \$100,000 in direct compensation from the Company during any twelve-month period within the last three years. Director fees, committee fees, pension and other forms of deferred compensation for prior service are not included for purposes of this requirement.

Neither the director nor any member of his or her immediate family is a current partner of the Company's internal or external auditor or was a partner or employee of the Company's internal or external auditor within the past three years and personally worked on the Company's audit within that time.

The director is not a current employee of the Company's internal or external auditor, and no member of his or her immediate family is a current employee of the Company's internal or external auditor and participates in the auditor's audit, assurance or tax compliance (but not tax planning) practice.

Neither the director nor any member of his or her immediate family is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on such other company's compensation committee.

The director is not a current employee, and no member of his or her immediate family is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which in any of the past three fiscal years exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

In addition, NYSE rules permit the adoption of categorical standards relating to the determination of a director's independence. The Board has adopted the categorical standard set forth below, and has determined that each of the independent directors satisfied such standard:

The director is not a director, officer or affiliate of another entity with which the Company has entered into a transaction or transactions during the preceding fiscal year valued in the aggregate at greater than \$1 million or 0.5% of the Company's revenues or assets.

Shareholders may, at any time, communicate in writing with any particular director, or the non-management directors as a group, by sending such written communication to Mercury General Corporation Non-Management Directors, P.O. Box 36662, Los Angeles, California 90036. Copies of written communications received at such address will be directed to the relevant director or the non-management directors as a group.

The Company has established a Code of Business Conduct and Ethics that applies to its officers, directors and employees. The Code of Business Conduct and Ethics contains general guidelines for conducting the business of the Company consistent with the highest standards of business ethics, and is intended to qualify as a "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder and as a "code of business conduct and ethics" within the meaning of the NYSE listing standards.

The Company maintains a Profit Sharing Plan that includes an employee stock ownership plan that covers substantially all employees and is intended to meet the qualification requirements of Section 401(a) of the Internal Revenue Code.

Senior Executive Incentive Bonus Plan

The Company's Board of Directors adopted a Senior Executive Incentive Bonus Plan (the "Senior Plan") on March 23, 1998 and reapproved the Senior Plan on January 31, 2003, which was approved by the Company's shareholders at the Annual Meeting of Shareholders held on May 13, 1998 and again at the Annual Meeting of Shareholders held on May 14, 2003. Under the Senior Plan, designated executive officers of the Company are eligible to receive bonus payments. The Senior Plan provides an incentive for senior executives to perform superior work, ties the incentives of such executives to those of the Company and its shareholders, and enables the Company to attract and retain highly qualified senior executives. The Company believes that the bonuses payable by the Company under the Senior Plan to its senior executives will be fully deductible for federal income tax purposes. As discussed under "Report of the Compensation Committee" below, Messrs. Joseph and Tirador were the only participants in 2005.

REPORT OF THE COMPENSATION COMMITTEE

The duty of the Compensation Committee, pursuant to its Charter approved by the Board of Directors of the Company, is to discharge the Board's responsibilities relating to compensation of the Company's executive officers, by designing in consultation with management and evaluating the compensation plans, policies and programs of the Company with respect to such executive officers. The Compensation Committee also reviews in detail with the Board its recommendations of the factors and criteria upon which the Company's Chief Executive Officer's compensation is based and the level of compensation recommended.

Historically, pursuant to Board policy embodied in a standing resolution adopted at the Board's January 31, 1986 meeting, Mr. Joseph, then President and Chief Executive Officer of the Company, was given authority for hiring, promotion and the establishment of compensation for all other executive officers. Mr. Joseph retains this authority and with the President, Gabriel Tirador, annually reviews compensation and responsibilities of all other executive officers. Mr. Joseph has periodically reported key executive appointments and key decisions as to executive compensation to the Board and this information has been recorded in Board minutes from time to time.

The compensation levels and the overall compensation policy of the Company adopted by Mr. Joseph for all executive officers other than the Chief Executive Officer in effect for 2005 have been reviewed by the Compensation Committee with Mr. Joseph. The Compensation Committee expects, as described in this report, that compensation of such executive officers will continue to be governed by such policy in 2006.

The Compensation Committee's policy is to determine salary increases for the Chief Executive Officer on a calendar year basis, concurrent with the performance period under the Senior Plan. Mr. Tirador's salary is also determined by Mr. Joseph on a calendar year basis concurrent with the performance period under the Senior Plan. The Compensation Committee has established a bonus formula for Messrs. Joseph and Tirador as the sole Covered Executives under the Senior Plan, pursuant to which a bonus will be accrued for 2006 and paid after its calculation in 2007. Other executive officers receive salary increases at various times during the year, normally on the anniversary of their date of hire or major change of responsibility.

The basic strategy of the Company is that executive officers subject to Mr. Joseph's review should receive compensation and benefits commensurate with responsibilities and competitive with compensation paid to executives in like positions, as determined by him and/or the President based on their experience in the insurance industry and the Company's continuing surveillance of industry and general business practice.

In addition to salary and benefits, executive officers receive a substantial portion of their annual total compensation through bonuses based on individual performance and underwriting results and revenues. Salaries for executive officers are reviewed on a yearly basis. Salary increases take into account the same factors used with respect to bonuses—underwriting results and revenues and the successful attainment of goals set by the Chief Executive Officer and the President. Also taken into account are factors reflecting the ability of the individual executive to manage direct and indirect costs as the volume of business varies, turnover and morale with respect to employees under the executive's management, the expense of adjusting claims and prevailing salaries in the industry, with all factors taken into account over appropriate cycles of rates, premiums and profitability of the Company and the industry.

In addition to the nondiscriminatory tax-qualified profit sharing plan and the tax deferred Section 401(k) option to that plan maintained for employees, the Company maintains a stock option plan under which key employees are granted options at 100% of fair market value of Company stock on the date of grant. The overall policy of the Company, as approved by the Board and Compensation Committee and embodied in awards made by the Compensation Committee, is that key officers and managers responsible for the success of the Company should be granted options in Company stock under that program. Grants were made to optionees who were not Named Executive Officers in 2005 under the program on 116,500 shares of the Company's common stock. Grants were made to Named Executive Officers in 2005 on 10,000 shares of the Company's common stock. All grants were made at 100% of fair market value of Company stock on the date of grant.

The Chief Executive Officer

After study and discussions with management, under the policies established by the Compensation Committee, an increase for Mr. Joseph in base compensation was approved effective January 1, 2006.

Additional compensation paid to Mr. Joseph in 2005 included director fees and a bonus equivalent to one-half month's pay which is the level of bonus awarded to all employees. A bonus for 2005 was accrued for Mr. Joseph under the Senior Plan pursuant to the formula adopted by the Compensation Committee, and the bonus will be paid in 2006 after calculation. As described earlier, the Compensation Committee has established the bonus formula for Mr. Joseph under the Senior Plan for a bonus to be accrued in 2006 and paid after calculation in 2007. Mr. Joseph does not hold any options under the Company's stock option plan.

The Compensation Committee has reviewed compensation of executives for the years 2004 and 2005 in certain selected national and comparable insurance companies as publicly available in proxy statements and executive compensation analyses. The Compensation Committee has also reviewed summaries of executive compensation practices in financial and non-insurance companies available in various published studies. Taking into account this and other information, the Compensation Committee believes that the level of Mr. Joseph's compensation is entirely reasonable.

Internal Revenue Code Section 162(m)

The Compensation Committee has considered the potential impact of Section 162(m) (the Section) of the Internal Revenue Code adopted under the federal Revenue Reconciliation Act of 1993. The Section disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1 million in any taxable year for any of the named executive officers, other than compensation that is performance-based under a plan approved by the shareholders of the corporation. The Compensation Committee has concluded that the Senior Plan and the Mercury General Corporation 2005 Equity Incentive Award Plan meet the requirements for a performance-based plan under the regulation interpreting the Section. Since targeted compensation aside from compensation under such plans is well below the \$1 million threshold, the Compensation Committee has concluded that the Section should not reduce the tax deductions available to the Company and that no changes to the Company's compensation program were needed in this regard.
