Item 3. Source or Amount of Funds or Other Consideration.

The purchase price for the \$17.5 million of Convertible Notes (defined below) and associated Warrants (defined below) came from Kaiser-Francis working capital.

Item 4. Purpose of Transaction.

The purpose for the transaction was for the purchase of additional securities.

Item 5. Interest in Securities of the Issuer.

As of the date of this Amendment No. 1 to Schedule 13D (Amendment No.1), Kaiser-Francis beneficially owns 29,467,019

¹ As defined by the Securities & Exchange Commission in its rules adopted pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended. When used in this Amendment No. 1, the terms "beneficially owns" or "beneficial ownership" are used as defined in such rules.

shares of the common stock (Common Shares) of North American Palladium, Ltd. (North American or the Company). These shares consist of (a) 26,080,319 shares owned by Kaiser-Francis as of the date of this Amendment No. 1 and (b) 3,386,700 shares Kaiser-Francis has the right to acquire within 60 days upon conversion of certain Convertible Notes and exercise of certain Warrants that either were purchased by Kaiser-Francis from the Company on March 29, 2006 or that Kaiser-Francis has (subject to certain limitations) the right to acquire, in each case as described in this Amendment No. 1. These 3,386,700 Common Shares consist of the following:

1,436,782 Common Shares that Kaiser-Francis has the right to acquire upon conversion of the First Tranche Convertible Notes (as defined below).

718,391 Common Shares that Kaiser-Francis has the right to acquire upon exercise of the First Tranche Warrants (as defined below).

821,018 Common Shares that Kaiser-Francis may have the right to acquire upon exercise of the Third Tranche Convertible Notes (as defined below, and subject to certain limitations described below).

410,509 Common Shares that Kaiser-Francis may have the right to acquire upon exercise of the Third Tranche Warrants (as defined below, and subject to certain limitations described below).

On March 29, 2006, Kaiser-Francis and another, unaffiliated investor, (the Co-Investor) entered into certain agreements with the Company relating to the private placement (the Private Placement) with Kaiser-Francis and the Co-Investor of up to \$58.5 million principal amount of North American Convertible Notes (the Convertible Notes), together with Warrants (the Warrants) to purchase, for 4 years from the date of issuance, 50% of the number of common shares underlying the Notes. Kaiser-Francis' initial investment made in connection with the Private Placement (the First Tranche), which also closed on March 29, 2006, involved the purchase by it of \$17.5 million in principal amount of Convertible Notes and associated Warrants at a purchase price equal to the aggregate principal amount of the Convertible Notes. On March 29, 2006, the Co-Investor also purchased \$17.5 million in principal amount of Convertible Notes and associated Warrants at a purchase price equal to the aggregate principal amount of such purchased Convertible Notes.

Under the terms of the Private Placement, North American may, at its option, sell to Kaiser-Francis up to \$13.5 million principal amount of Notes and associated Warrants (the Second Tranche) on or before June 30, 2006, the proceeds of which are required to be used by North American to repay an outstanding loan made in 2000 by Kaiser-Francis to North American. Kaiser-Francis has granted the Co-Investor an option to acquire up to 50% of such Convertible Notes and Warrants otherwise acquirable by it in the Second Tranche at a price equal to the principal amount of the Convertible Notes purchased by the Co-Investor. (As Kaiser-Francis does not have the right to elect to purchase securities in the Second Tranche, it disclaims beneficial ownership of Common Shares that it might obtain the right to acquire were the Company to exercise its option and require Kaiser-Francis to purchase securities in the Second Tranche.)

Also under the terms of the Private Placement, Kaiser-Francis and the other investor were granted an option to acquire up to an additional \$10 million principal amount of Convertible Notes and associated Warrants at any time on or before December 31, 2006 (the Third Tranche), with each of Kaiser-Francis and the other purchaser entitled to acquire one-half of the securities subject to such option. If either investor does not elect to acquire its entire allotment under this option, the other investor may purchase the balance. For purposes of this Amendment No. 1, the number of Common Shares reported as beneficially owned by Kaiser-Francis has been calculated on the assumption that Kaiser-Francis acquires all securities available for purchase in the Third Tranche.

The Convertible Notes are convertible at any time on the election of the holder into Common Shares. The conversion price for the First Tranche of Convertible Notes is \$12.18 per share (the Conversion Price). The Second Tranche and Third Tranche of Notes (collectively, the Additional Notes), if issued, will be convertible into Common Shares at the Conversion Price, provided that the Conversion Price for the Additional Notes cannot be less than the maximum applicable discount, prescribed by Section 607 of the Toronto Stock Exchange Manual, from the weighted average trading price of the Common Shares for the five consecutive trading days immediately prior to the date of issuance of each Tranche (converted into US dollars). For purposes of this Amendment No. 1, the Third Tranche Conversion Price is assumed to be equal to the First Tranche Conversion Price.

The First Tranche Warrants bear an exercise price of \$13.48 per share. The exercise price of Warrants issued in connection with the Additional Notes, if any, cannot be less than the weighted average trading price of the Common Shares on the Toronto Stock Exchange for the five consecutive trading days immediately prior to the issuance of such Warrants (converted into US dollars).

The Convertible Notes will bear interest at a rate of 6.5% per annum payable bi-monthly, commencing on June 1, 2006. Each Convertible Note will be repaid in nine equal installments commencing on the first interest payment date that is at least 12 months after the date of issuance of such Convertible Note. The interest payments, repayment amounts, or both, may be paid to each investor (including Kaiser-Francis), at such investor's option, in any combination of cash or Common Shares. Common Shares issued for interest payments or in repayment of Convertible Notes will be issued at a 10% discount to the weighted average trading price of the Common Shares on the American Stock Exchange for the five consecutive trading days immediately prior to the applicable payment date. As the first interest payment date and first mandatory repayment date are each more than 60 days from the date of this Amendment No. 1, (1) the Common Shares that might be issued in lieu of cash interest payments were not included in the calculation of Common Shares reported as beneficially owned by Kaiser-Francis in this Amendment No. 1, and (2) the number of Common Shares issuable in satisfaction of the Convertible Notes was calculated for purposes of this Amendment No. 1 assuming the conversion rather than the repayment of such Convertible Notes. Kaiser-Francis notes in this regard that the payment of interest with Common Shares, the repayment of Convertible Notes prior to conversion with Common Shares, or both, may cause the number of Common Shares that it may ultimately acquire in respect of the Convertible Notes to be greater than the numbers reported in this Amendment No. 1.

The foregoing description of the Private Placement, the Notes, the Warrants, the First Tranche, Second Tranche and the Third Tranche is subject in its entirety to the description of the terms for such placement, securities and tranches set forth in Company's Current Report on Form 6-K (and the exhibits to such Report) filed by the Company with the Commission on March 29, 2006, which report is incorporated by this reference in this Amendment No. 1 in its entirety.

Item 6. Contracts, Arrangements, or Understandings with Respect to Securities of Issuer.

Kaiser-Francis incorporates by this reference the entirety of its response to Item 5 in this Amendment No. 1 in response to this Item 6.

In addition, the Private Placement was made pursuant to a Securities Purchase Agreement (the "Purchase Agreement") by and among North American and the investors (including Kaiser-Francis). Under the rules of the Toronto Stock Exchange, the number of Common Shares that may be issued by the Company to Kaiser-Francis in conversion, exercise, payment of interest on, or repayment of, the securities purchased by it in the Private Placement is limited to 5,221,677 Common Shares. In addition to the terms described above, which provide for the potential purchase by Kaiser-Francis of additional Company securities under certain circumstances, the Purchase Agreement contains a covenant by North American to seek shareholder approval for the potential issuance of more than 5,221,677 Common Shares to Kaiser-Francis in connection with the conversion, exercise, payment of interest on, or repayment of, the securities purchased by it in the Private Placement.

Item 7. Material to be Filed as Exhibits.
