Item 8.01. Other Events.

Background

Our financial services segment includes the credit-based businesses conducted through our affiliate, Sherman Financial Services Group LLC (Sherman). As previously disclosed, on June 24, 2005, we entered into agreements to restructure our ownership interest in Sherman. As part of the restructuring, we and Mortgage Guaranty Insurance Corporation (MGIC) each agreed to sell a 6.92% interest in Sherman to a new entity controlled by Sherman's management team, thereby reducing our ownership interest and MGIC's ownership interest to 34.58% for each of us. In return, the new entity controlled by Sherman's management team paid approximately \$15.65 million to us and the same amount to MGIC and agreed to reduce significantly its maximum incentive payout under its annual incentive plan for periods beginning on or after May 1, 2005.

In connection with the restructuring, we and MGIC each also paid \$1 million for each of us to have the right to purchase an additional 6.92% interest in Sherman (13.84% in total for both options) from another entity controlled by Sherman's management team for a price intended to approximate current fair market value. The purchase date, originally July 7, 2006, was extended to September 22, 2006.

Reclassification of Sherman

On September 14, 2006, we and MGIC each agreed to restructure our respective options as discussed below under *Exercise of Restructured Option*. In order to accommodate this restructuring, the equity interests of Sherman were reclassified, effective July 1, 2006, from a single class of equity interests into Class A Common Units (representing 94% of total equity) and a combination of Preferred Units and Class B Common Units (together representing 6% of total equity). As part of the reclassification, all of the authorized Class B Common Units were granted to an entity controlled by Sherman's management.

The Class B Common Units entitle Sherman's management to 3% of Sherman's pre-tax earnings above \$200 million (on an annual basis) and a right in liquidation of up to 6% of any amounts remaining after satisfaction of a liquidation preference on the Preferred Units. The actual percentage received by the holders of Class B Common Units upon a liquidation or sale of Sherman will depend on when the sale or liquidation occurs and the value of Sherman at that time.

Exercise of Restructured Option

On September 15, 2006, we and MGIC each agreed to fully exercise a restructured form of our respective options to purchase additional equity interests in Sherman. As restructured, we and MGIC each were granted an identical option to purchase:

- (1) 4.17% (8.34% for both of us) of the Class A Common equity interests outstanding after the reclassification, which represents 3.92% (7.84% for both of us) of the common equity interests in Sherman prior to the reclassification; and
- (2) A preferred equity interest that entitles both us and MGIC to:

Three percent (6% in total for both of us) of the first \$200 million of Sherman's annual pre-tax earnings, which amount shall be allocated to the Preferred Units on a cumulative basis before any amounts are allocated to the Class B Common Units, and 1.5% (3% in total for both of us) of Sherman's annual pre-tax earnings above \$200 million; and

A preference in the proceeds received upon a liquidation or sale of Sherman equal to the tax basis in the preferred equity. The purchase price under the restructured option is approximately \$65.3 million for us and the same amount for MGIC. This consists of approximately \$44.8 million for the Class A Common Units and approximately \$20.5 million for the Preferred Units.

Following the closing of the purchase on September 22, 2006, both we and MGIC each will own 40.96% of the Class A Common equity interests in Sherman and 50% of the preferred equity interests. Members of Sherman's management, through entities they control, will continue to own the remaining Class A Common Units and all of the Class B Common Units. The following table reconciles our and MGIC's ownership interests in Sherman before its reclassification and the restructuring of the options to our and MGIC's ownership interests after exercise of the restructured options.

Radian's investment will be conducted through Radian Guaranty Inc., Radian's principal mortgage insurance subsidiary. The purchase price will be funded through a liquidation of short term investments held by Radian Guaranty, which received a \$43.2 million dividend from Sherman in July 2006.
