PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 4, 2007

This proxy statement is furnished in connection with the solicitation, on behalf of Asbury Automotive Group, Inc., a Delaware corporation (the Company), of proxies to be used at the Company's annual meeting of stockholders, to be held at The Grand Hyatt New York, Park Avenue at Grand Central Station, New York, New York, on May 4, 2007, at 9:00 a.m. Eastern Daylight Time, and all adjournments of the meeting. The accompanying Notice of Meeting, this proxy statement and proxy card are first being mailed to stockholders on or about March 30, 2007. A copy of the Company's Annual Report on Form 10-K/A for the year ended December 31, 2006 is included with these materials.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders are being asked to consider and vote upon the matters outlined in the accompanying Notice of Meeting, including:

PROPOSAL 1. Election of four members of Class II of the Board of Directors (the Board) to hold office until the 2010 Annual Meeting of Stockholders; and

PROPOSAL 2. Ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Company for the year ending December 31, 2007.

The stockholders will also transact any other business that may properly come before the meeting. Members of the Company's management team and representatives from Deloitte & Touche LLP will be present at the meeting to make a statement if they so desire and to respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the annual meeting was March 15, 2007. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the annual meeting. Attendance at the meeting will be limited to such stockholders of record, their proxies, beneficial owners having evidence of ownership on the record date and invited guests of the Company.

The Company's sole outstanding capital stock is its common stock, par value \$0.01 per share. Except as otherwise required by law, or as described in this proxy statement, each holder of the Company's common stock is entitled to one vote per share on each matter submitted at the meeting. At the close of business on the record date there were 33,609,342 shares of the Company's common stock outstanding, plus 48,637

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

shares of unvested restricted stock held by members of the Board that have voting rights, representing 33,657,979 votes eligible to be cast at the meeting.

What if my shares are held in street name by a broker?

If you are the beneficial owner of shares held in street name by a broker, your broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions

Table of Contents

to your broker, your broker will be entitled to vote the shares FOR the election of directors (Proposal 1) and FOR the ratification of auditors (Proposal 2). Shares that a broker is not entitled to vote with respect to a proposal are sometimes called broker non-votes. The treatment of broker non-votes is described in the following Q&A and below under How will broker non-votes be treated?

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of voting stock outstanding on the record date, determined by voting power, will constitute a quorum. Proxies received but marked as abstentions or broker non-votes (i.e., shares that your broker is not permitted to vote) will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the chairman of the meeting may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. ***You may vote by mail.*** If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, your shares will be voted in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in the United States.
2. ***You may vote by telephone or on the Internet.*** If you hold your shares of record, you may give your voting instructions by telephone or on the Internet. Please follow the voting instructions on the proxy card to vote your shares in either manner. If your shares are held in street name by a broker or other nominee, you may also be able to give voting instructions by telephone or on the Internet. Please check the voting form provided by your broker or nominee to see if they offer such options.
3. ***You may vote in person at the meeting.*** If you hold your shares of record and attend the annual meeting and wish to vote in person, you will be given a ballot at the annual meeting. However, if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy from the institution that holds your shares indicating that you were the beneficial owner of the Company's voting stock on March 15, 2007, the record date for voting at the annual meeting. Please contact your broker or other institution directly if you would like to obtain a proxy to vote your shares directly at the meeting. Even if you plan to attend the meeting, please sign and return your proxy card to ensure that your shares are represented. If you do attend the meeting, any votes you cast at the meeting will supersede your proxy.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the annual meeting by:

signing another proxy with a later date;

giving written notice of the revocation of your proxy to the Secretary of the Company prior to the annual meeting; or

voting in person at the annual meeting.

Table of Contents

How does the Board recommend I vote on the proposals?

The Board recommends that you vote:

FOR Proposal 1: the election of four members of Class II of the Board of Directors to hold office until the 2010 Annual Meeting of Stockholders; (see page 7); and

FOR Proposal 2: the ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Company for the year ending December 31, 2007 (see page 39).

What if I do not specify how my shares are to be voted?

If you submit an executed proxy but do not indicate any voting instructions, your shares will be voted FOR each of the proposals set forth in this proxy statement.

Will any other business be conducted at the meeting?

The Board knows of no other business that will be presented at the meeting. If any other proposal properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast on this proposal is required to elect the four nominees as directors. This means that the four nominees will be elected if they receive more affirmative votes than any other person. If you vote *Withheld* with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum. Proxies will not be voted for a greater number of persons than the number of nominees named in this proxy statement.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board may either reduce the number of directors to be elected or cause a substitute nominee to be selected. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

How many votes are required to ratify the appointment of the Company's independent auditors?

The ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Company for the year ending December 31, 2007 requires the affirmative vote of a majority of the voting power of the Company's common stock present at the meeting in person or by proxy and entitled to vote as of the record date.

How will abstentions be treated?

If you abstain from voting on a proposal, your shares will still be included for purposes of determining whether a quorum is present. Because directors are elected by a plurality of votes, an abstention will have no effect on the outcome of the vote and, therefore, is not offered as a voting option for Proposal 1. If you abstain from voting on Proposal 2, for which this option is available, your shares will be included in the number of shares voting on the proposal. Consequently, your abstention will have the same practical effect as a vote against the proposal.

How will broker non-votes be treated?

If your shares are held by a broker or other nominee in street name, your broker will generally be prohibited from voting such shares on any matter other than FOR the election of directors and FOR the

Table of Contents

ratification of the Company's auditors, unless you inform your broker how your shares should be voted. If you don't provide your instructions by properly completing and returning to your broker the enclosed voting card (or by voting by telephone or Internet, if your broker provides such services), such shares will be treated as broker non-votes with respect to any proposals raised at the meeting other than Proposals 1 and 2. Such shares will be included for purposes of calculating the presence of a quorum. Otherwise, shares represented by broker non-votes will be treated as shares not entitled to vote on a proposal.

Who pays for the costs of soliciting proxies?

The Company will pay the cost of soliciting proxies. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of voting stock. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies personally or by facsimile, telegraph or telephone, without additional compensation.

Table of Contents**SECURITIES OWNED BY MANAGEMENT AND CERTAIN BENEFICIAL OWNERS**

The following table sets forth information with respect to the ownership of shares of the Company's common stock by each director and named executive officer listed in the Summary Compensation Table and by all directors and executive officers of the Company as a group. In addition, the table sets forth information about all other persons known to the Company to be the beneficial owner of more than five percent of the Company's common stock.

The following information is given as of March 15, 2007, the record date. In the case of percentage ownership, the information is based on 33,609,342 shares of the Company's common stock outstanding on that date. Shares issuable upon exercise of options within 60 days of the record date are deemed to be outstanding for the purpose of computing the percentage ownership and overall voting power of persons believed to beneficially own such securities, but have not been deemed to be outstanding for the purpose of computing the percentage ownership or overall voting power of any other persons. The number of shares beneficially owned by each director and executive officer is determined under rules promulgated by the Securities and Exchange Commission (the "SEC"), and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days after the record date through the exercise of any stock option or other right. Inclusion in the table below of such shares, however, does not constitute an admission that the director or named executive officer is a direct or indirect beneficial owner of such shares. Voting power in the table is computed with respect to a general election of directors. So far as is known to the Company, the persons listed below have sole voting and investment power with respect to the shares indicated as believed to be owned by them, except as noted.

PROPOSAL NO. 1.

ELECTION OF DIRECTORS

Except as disclosed in this proxy statement, there are no arrangements or understandings between any of the nominees and any other person pursuant to which such nominee was selected.

Four directors are to be elected to hold office as Class II directors for terms of three years, until their respective successors have been duly elected and qualified. If a proxy does not withhold authority for the election of any or all of the nominees for directors, the proxy holders will vote the shares represented by such proxy for the election of the four nominees. If a proxy withholds a vote from one or more nominees for directors, the proxy holders will follow the instructions.

Each nominee has consented to being named in this proxy statement and has agreed to serve if elected. Management has no reason to believe that any of the nominees will not serve if elected. If a nominee is unable to stand for election, the Board will designate a substitute nominee. If a substitute nominee is designated, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

Directors and Nominees for Election as Directors

Pursuant to the Company's Restated Certificate of Incorporation and a resolution adopted by the Board, the size of the Board is twelve directors. GOVERNANCE OF THE COMPANY

The Board believes that the purpose of corporate governance is to ensure that the Company maximizes stockholder value in a manner consistent with legal requirements and the highest standards of integrity. It has adopted and adheres to corporate governance practices that it and management believe promote this purpose, are sound and represent best practices. The Company continually reviews its governance practices, Delaware law (the state in which the Company is incorporated), the rules and listing standards of the New York Stock Exchange (NYSE) and the regulations of the SEC, as well as best practices suggested by recognized governance authorities.

Independence of Directors

Prior to September 22, 2006, the Company was a controlled company with Asbury Automotive Holdings L.L.C. (AAH) controlling more than 50% of the voting power of the Company's outstanding common stock. As such, the Company was not required to comply with the NYSE's requirement that a majority of its directors be independent. Through a series of secondary offerings beginning on September 22, 2006, Ripplewood Partners L.P., the majority owners of AAH, sold its shares of the Company common stock on the open market. On December 29, 2006, AAH dissolved and distributed its shares of the Company's common stock among certain funds affiliated with Freeman Spogli. See footnote (1) to the table under Securities Owned By Management and Certain Beneficial Owners for further information concerning these funds.

The Board has determined that the following eight of its twelve directors qualify as independent directors under the NYSE's rules: Ms. Clarke, Messrs. Clements, DeLoach, Durham, Jordan, Katz, Maritz and Roth. The Board has adopted the categorical standards set forth below to assist it in making determinations of independence. These standards comply with the NYSE's categorical standards for director independence.

Any director who satisfies all of the following criteria shall be presumed to be an independent director:

He or she has not been employed by, and none of his or her immediate family members* has been an executive officer of, the Company or its consolidated subsidiaries (together, the Company) at any time within the three years preceding the date of this determination;

He or she has not received, and none of his or her immediate family members has received, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), at any time within the three years preceding the date of this determination;

He or she has not been affiliated with or employed by, and none of his or her immediate family members has been affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company at any time within the three years preceding the date of this determination;

* An immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home. Any such relationship arising by blood, marriage or adoption is included.

Table of Contents

He or she has not, and none of his or her immediate family members has, at any time within three years from the date of this determination, been employed as an executive officer of another company where any of the Company's present executive officers serve on that company's compensation committee; and

He or she is not an executive officer or an employee, and none of his or her immediate family members is an executive officer of a company (other than a charitable organization) that, during the current fiscal year or last three completed fiscal years, made payments to, or received payments from, the Company for property or services in an amount that, in any single year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The Board also reviews and affirmatively determines, based upon all relevant facts and circumstances, whether any director has a material relationship with the Company that would affect his or her independence, including any direct or indirect commercial, professional, charitable or familial relationships between the director or his or her immediate family members, on the one hand, and the Company or its executive officers, on the other hand.

A director cannot qualify as independent for Audit Committee purposes if the director, other than in his or her capacity as a member of the Audit Committee, the Board or any other Board committee:

Accepts directly or indirectly any consulting, advisory or other compensatory fee from the Company. Compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company provided that such compensation is not contingent in any way on continued service; or

Is an affiliated person of the Company.

In addition to satisfying the above-described independence criteria, in order to qualify as independent for Compensation Committee purposes, the director must also be deemed (i) a non-employee director for purposes of Rule 16b-3 under the Exchange Act, and (ii) an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Rule 16b-3 defines non-employee director as director who:

is not currently an officer of, or is not otherwise currently employed by, the Company or a parent or subsidiary of the Company;

does not receive compensation from the Company or a parent or subsidiary of the Company, for services rendered as a consultant or in any capacity other than as a director, except for an amount that does not exceed \$120,000; and

does not possess an interest in any other transaction with the Company for which disclosure would be required the Related Person Transactions section of this proxy statement on page 34. Section 162(m) of the Code and its corresponding regulation, Regulation 1.162-27, defines outside director as a director who:

is not a current employee of the Company;

is not a former employee of the Company receiving compensation for prior service (other than benefits under a tax-qualified retirement plan);

has not been an officer of the Company; and

receives no remuneration from the Company in any capacity other than as director.

The Board has affirmatively determined, by applying the categorical standards set forth above, that no independent director has any material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company.

Nomination of Directors

The Governance Committee performs the nominating duties on behalf of the Board. The nominees for election at the annual meeting are all currently directors and, except for Mr. Roth, a principal of one of the Company's founding stockholders, were originally recommended to the Board by various sources including other directors, the Company's dealers, stockholders and a third-party executive search firm. In addition to these sources, new director candidates are identified by management or additional third-party executive search firms to assist in identifying and evaluating potential nominees. Candidates are evaluated in light of the current composition of the Board, the operating requirements of the Company and the long-term interests of the stockholders. In performing this evaluation, the Governance Committee considers the diversity, age, skills, experience and other factors it deems appropriate given the needs of the Board and the Company to maintain a balance of knowledge, experience and capabilities. Qualified director nominees should possess high moral character and personal integrity, high level of leadership or managerial experience, experience and knowledge relative to matters affecting the Company, the ability and willingness to contribute to the Board, the ability to exercise sound, independent business judgment, a long-term commitment to the interests of stockholders and growth of the Company, freedom from conflicts of interest, the ability to dedicate sufficient time, energy and attention to Board activities and the diligent performance of his or her duties, and reflect the diversity of the Company's stockholders, employees, customers and communities.

The Board will consider director candidates recommended by the Company's stockholders. In order to make such a nomination, the stockholder must (i) be a record holder of shares of common stock on the record date, (ii) be entitled to vote for the election of such director(s) and (iii) comply with the notice procedures set forth in the Company's bylaws. If you would like a copy of the Company's bylaws, please notify the Company at the address given on the first page of this proxy statement. The bylaws are also available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

Notice of a stockholder's recommendation with regard to nominees for election to the Board must be delivered to, or mailed to and received by, the Secretary of the Company not later than 90 days or earlier than 120 days prior to the first anniversary of the preceding year's annual meeting of stockholders. If the annual meeting of the stockholders for which the recommendation is submitted is more than 30 days before or more than 60 days after the first anniversary of the preceding year's annual meeting of stockholders, such recommendation must be received by the Secretary of the Company not earlier than 120 days prior to the annual meeting and not later than 90 days prior to such annual meeting or the 10th day following the day on which public announcement of the annual meeting date is first made by the Company. The stockholder's notice shall be signed by the stockholder of record who intends to recommend a nominee, and shall set forth: (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and (ii) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (A) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner, (B) the number of shares of the Company which are owned of record and beneficially by such stockholder and such beneficial owner, (C) a representation that such stockholder is entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to nominate the person specified in the notice and (D) a representation whether the stockholder or beneficial owner, if any, intends or is part of a group that intends (x) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect the nominee and/or otherwise to solicit proxies from stockholders in support of such nomination.

This Committee retains the auditing firm engaged each year as the Company's principal independent auditors, subject to shareholder ratification. With management and the independent auditors, the Committee reviews the financial statements, oversees the financial reporting process and assesses the adequacy of basic accounting services rendered to the Company. The Audit Committee's review of financial statements is more fully described below under the caption REPORT OF THE AUDIT COMMITTEE, and its responsibilities are outlined in the Audit Committee Charter.

Governance and Nominating Committee

At the beginning of 2006, the members of the Governance Committee were Messrs. Durham (Chairman), Roth and Snow. Mr. Clements was appointed to, and Mr. Snow resigned from, the Committee on November 6, 2006. Mr. Snow resigned from the Board on January 17, 2007. As a result, the members of the Governance Committee are Messrs. Durham (Chair) and Clements, and Ms. Clarke, all of whom are independent directors. During 2006, the Governance Committee held five formal meetings. The charter of the Governance Committee is available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

The Governance Committee assumes the nominating and corporate governance duties on behalf of the Board. The Committee assists the Board by identifying qualified individuals to become directors and recommending the composition of the Board and its committees. It is also responsible for monitoring the process to assess the Board's effectiveness and developing and implementing the Company's corporate governance guidelines.

Special Committee

In connection with certain strategic projects which did not become public during 2006, the Board formed a Special Committee comprised of the following independent directors: Messrs. Durham (Chair), Maritz and Jordan, and Ms. Clarke. The Committee held five meetings during 2006. Each member of the Committee is an independent director.

Directors Fees; Attendance

Directors who are employees of the Company do not receive a retainer or fees for service on the Board or its committees. All other directors (the non-management directors) receive an annual retainer for service that is paid in advance and meeting fees that are paid quarterly in arrears, as well as annual equity grants and the use of a motor vehicle.

The compensation arrangement for non-management directors during 2006 was as follows: Each non-management director, except Mr. Durham, received an annual retainer of \$35,000. As the non-executive

Table of Contents

chairman of the board, Mr. Durham received an annual retainer of \$225,000. In addition, the non-management directors received \$1,500 for their attendance at meetings of the Board and meetings of the Compensation Committee and the Governance Committee in person, and \$2,000 for their attendance at meetings of the Audit Committee in person (\$1,500 for Audit Committee meetings conducted by telephone), and \$1,000 for all other meetings conducted by telephone. The Audit Committee chair was paid an annual retainer of \$20,000 and the Compensation Committee and Governance Committee chairs were each paid annual retainers of \$5,000. Each non-management director is reimbursed for reasonable out-of-pocket expenses incurred for attendance at Board and/or committee meetings and receives the use of a motor vehicle.

The members of the Special Committee each received the following compensation: \$45,000 for Mr. Durham as the Chair of such committee and \$30,000 for the other Committee members. In addition, each Committee member received a payment of \$1,500 per meeting of the Special Committee and a payment of \$1,500 for each day during which he or she focused significant attention on the business of the Special Committee.

Prior to 2006, each non-management director received an annual grant of Company stock options. In lieu of such option grant, beginning in 2006, each non-management director receives an annual grant of shares of time-vesting restricted stock. If a director is elected to the Board during the course of a fiscal year, the number of shares received by such director will be pro-rated for that year. In 2006, the Compensation Committee recommended, and the Board approved, a grant of 2,500 shares of restricted stock to the non-management directors. In addition to the grant of 2,500 shares of restricted stock, on October 23, 2006, Mr. Durham received a one-time grant of 20,842 shares of restricted stock, with one-third of such grant vesting on the date of grant and the remaining two-thirds vesting on the first and second anniversaries of the grant. Mr. Durham received this grant of restricted stock as compensation for his time commitment on certain strategic transactions pursued by the Company in 2006.

At a meeting of the Board on February 22, 2007, the Compensation Committee recommended, and the Board approved, the following changes to the compensation arrangement for non-management directors: (i) the annual retainers for the chairs of the Compensation Committee and Governance Committee were increased from \$5,000 to \$10,000; (ii) the meeting fees for Board meetings and committee meetings, other than Audit Committee meetings, were increased from \$1,500 to \$2,000; and (iii) the annual grant of 2,500 shares of restricted stock was replaced with an annual grant of \$70,000 in value of restricted stock.

The following table shows the actual compensation earned by the non-management directors for the 2006 fiscal year.

The closing market price of the Company's common stock on October 23, 2006 was \$22.98 per share.
- (5) Mr. Clements will receive a grant of 649 shares of restricted stock when he is granted restricted stock in 2007, representing the pro-rata grant of restricted stock for his service on the Board for last three months of 2006.
- (6) Represents the dollar amount of compensation costs recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, in accordance with FAS 123(R). The Company did not grant any options in 2006, and thus the figures in this column represent option awards granted in fiscal years prior to 2006. As of December 31, 2006, each non-management director had the following outstanding options: Michael Durham: 15,000; Janet M. Clarke: 5,000; Dennis E. Clements: 0; Vernon E. Jordan, Jr.: 18,000; Philip F. Maritz: 18,000; and Ian K. Snow: 5,000. The aggregate grant date fair value of the outstanding options for these directors are as follows: Michael Durham: \$88,850 Janet M. Clarke: \$28,050; Dennis E. Clements: \$0; Vernon E. Jordan, Jr.: \$115,641; Philip F. Maritz: \$115,641; and Ian K. Snow: \$28,050. The aggregate grant date fair value of these options is calculated in accordance with 123R using the Black Scholes option valuation model.
- (7) The amounts in this column represent the incremental cost to the Company for the use of the vehicle received by each non-management director. The Company calculates incremental costs of personal use vehicles as all direct costs (e.g., the cost of shipping the vehicle to the director and taxes). In addition, the Company includes the difference between the Company's cost for the vehicle and the ultimate sale price or the anticipated sale price, pro rated for the amount of time the director had possession of the vehicle during the fiscal year, plus an estimate of lost interest income calculated as the Company's initial cash outlay for the vehicle multiplied by the Company's weighted average interest rate on invested cash. The Company does not estimate lost margin on an ultimate sale of the vehicle.

The amounts in this column also represent (i) two quarterly dividend payments of \$0.20 per share on the 2,500 shares of restricted stock issued to the non-management directors and (ii) with respect to Mr. Durham, one dividend payment of \$0.20 per share on the 20,842 shares of restricted stock granted to Mr. Durham on October 23, 2006.

During 2006, there were twenty-three meetings of the Board. Each director attended at least 75% of the total meetings of the Board and Committees on which he or she served. In accordance with the NYSE's rules, the non-management directors held seven executive sessions during 2006. Mr. Durham presides over such executive sessions.

The Company does not have a policy with regard to the attendance of the members of its Board at annual meetings. At the time of the Company's 2006 Annual Meeting of Stockholders, the Board was comprised of eleven members; there was one seat vacant. Eight of the eleven then-current members of the Board attended such meeting.

Code of Business Conduct and Ethics

In accordance with the NYSE's rules and the rules and regulations adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act), the Board has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics applicable to all directors, officers and employees. These documents are available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

The Company will provide you with copies of the above-mentioned documents as well as our Audit Committee, Compensation Committee and Governance Committee charters, free of charge, if you call or submit a request in writing to Investor Relations, Asbury Automotive Group, Inc., 622 Third Avenue, 37th Floor, New York, New York 10017.

COMPENSATION DISCUSSION AND ANALYSIS

As of the date of this proxy statement, the Company has been a public company for just over five years and has had operations for approximately ten years. From a mere conception ten years ago, the Company has grown to become one of the largest automotive retailers in the U.S. The Company's compensation philosophy reflects the needs of a young, growing organization.

The Compensation Committee (also referred to in this Compensation Discussion and Analysis section of the proxy statement (the "CD&A") as the Committee) is charged with various duties concerning the compensation of the Company's corporate officers and directors, including the determination of the Company's compensation philosophy. Its primary functions as a committee are to (i) determine and recommend to the Board the compensation of the Chief Executive Officer (also referred to as the CEO) and (ii) approve the compensation of the other named executive officers. For a more detailed discussion of the Compensation Committee's function and composition, see Governance of the Company Committees of the Board Compensation Committee on page 13 of this proxy statement and the charter of the Compensation Committee, which is available on the Company's web site at www.asburyauto.com under Investor Relations at Corporate Governance.

Overall Program Objectives

The Company recognizes that fostering the entrepreneurial spirit among its executives is essential to its success, especially as it pertains to the success of its dealerships. Accordingly, the Company's compensation programs are designed to encourage the Company's executive officers to operate like owners who not only have an equity stake in the business, but owners who have a personal commitment to the business' development and longevity. The Company encourages its executive officers to manage the business in a way that preserves local decision-making, especially concerning customer-facing activities, while leveraging infrastructure activities for maximum efficiency and effectiveness.

Using its compensation programs, the Company endeavors to create an environment that encourages and rewards:

the attainment of its annual and long-term financial goals;

alignment with its shareholders' interests;

the application of corporate and regional resources to support the growth and profitability of its dealerships;

the development of each of its business lines: new cars, used cars, finance and insurance, and parts and service;

the creation and dissemination of synergies and best practices throughout the organization;

teamwork within its organization to promote an environment which provides excellent service to its customers; and

the retention of its executive officers.

Elements of Compensation

The total compensation for the Company's named executive officers is primarily comprised of three components:

base salary;

annual cash bonus; and

equity-based compensation under the Company's 2002 Equity Incentive Plan, referred to in this CD&A as the long-term equity plan. The Company does not provide a defined benefit or a supplemental retirement plan for the named executive officers or other employees, and the Company's Wealth Accumulation Plan, which is a deferred compensation

Table of Contents

plan, does not include a company-funded match. Since each compensation element rewards different aspects of individual and company performance, the Committee evaluates each element separately.

In its evaluation of executive officer compensation, the Compensation Committee has not adopted a formal peer driven compensation philosophy. Because the Company has a small number of peers of similar size and life cycle, the usefulness of formal peer compensation comparisons is limited. While the named executive officers have between three and seven years of employment with the Company, each individual has joined the Company from other successful companies. The initial compensation package for each named executive officer was based upon the compensation required to secure the services of each such executive. As a result, the mix of compensation is different for each executive. On November 3, 2006, the Committee retained Frederic W. Cooke Co. to provide advice concerning market compensation data for executive officers. However, to ultimately determine the compensation package for each named executive officer, the Committee exercises its judgment.

For 2006, the Committee reviewed and determined the compensation for Mr. Gilman, the Company's CEO, and submitted a recommendation concerning his compensation to the Board. The Board made the final decision as to the amount and mix of compensation that would be awarded to Mr. Gilman. The Committee received recommendations from Mr. Gilman concerning the compensation of the other named executive officers, deliberated on such recommendations and then decided on what amount and what mix of compensation each named executive officer would receive.

Base Salaries

The Company believes that variable pay is an important motivator for its executive officers. Payments under the annual cash bonus plan and the long-term equity plan are dependent upon Company performance, and neither plan provides for a minimum payment. Accordingly, the base salary provides a guaranteed income to each executive and allows the executive to maintain a reasonable standard of living. The amount offered to an executive as base salary supports the Company's goal of attracting and retaining key executives.

The base salary of each named executive officer was established at the point of hire or promotion. In setting base salary, the Committee takes into account the executive's experience, skills, level in the organization and scope of responsibilities.

Base salaries are reviewed in May each year. The CEO recommends to the Committee adjustments to base salaries for the other named executive officers based on the past performance of the executive and the merit budget, which is a pool of money from which all salary increases for the corporate office is taken. In 2006, management evaluated the merit budgets of other companies based on surveys and market studies provided by outside consultants. Management then prepared and submitted a merit budget for 2006 to the Compensation Committee for approval.

Based upon the procedures detailed above for deciding the base salaries for the named executive officers, the 2006 base salaries of the Company's CEO, Chief Operating Officer (COO) and Chief Financial Officer (CFO) constituted between 30% and 46% of their total compensation, and base salaries constituted 57% of the compensation mix for the other named executive officers. As of December 31, 2006, current base salaries of the named executive officers are as follows:

Named Executive Officer	Title	Base Salary	May 2006 Salary Increase
Kenneth B. Gilman	President & CEO	\$ 776,250	0
Charles R. Oglesby	SVP & COO	\$ 625,000*	0*
J. Gordon Smith	SVP & CFO	\$ 550,000	\$ 5,000
Lynne A. Burgess	VP, General Counsel & Secretary	\$ 335,000	\$ 5,000
Philip R. Johnson	VP Human Resources	\$ 335,000	\$ 5,000

* Charles Oglesby received a base salary increase of \$75,000, effective January 1, 2007, associated with his promotion from Regional CEO of the Company's South region, to his new position as COO of the Company, which increased his base salary to \$700,000.

Table of Contents***Perquisites***

In the automotive retailing industry, senior executives typically have the use of one or more demonstrator automobiles from a company's inventory of new vehicles. Executives use these vehicles for business and personal travel. Since the Company's corporate office is not located near any of its dealerships, providing demonstrator automobiles to the named executive officers, with the exception of Mr. Oglesby, is impractical. To provide a similar benefit, the Company provides Messrs. Gilman, Smith and Johnson and Ms. Burgess with a cash car allowance. Mr. Gilman receives \$1,500 per month, and with the exception of Mr. Oglesby, the other named executive officers receive \$800 per month as a car allowance. Mr. Oglesby, who also has an office in Atlanta, Georgia near the Company's Atlanta-area dealerships, has the use of two demonstrator vehicles. The Company does not believe that demonstrator vehicles provided to dealership management has any incremental cost to the Company as the vehicles are driven for a short period of time and then sold at a profit. As a result, the Company calculates the imputed income on the use of such vehicles in accordance with the rules and regulations of the Internal Revenue Service, which amounted to \$12,240 of imputed income to Mr. Oglesby. Other than the perquisites to Mr. Gilman detailed in the Summary Compensation Table on page 27 of this proxy statement, the car allowance was the only perquisite that our named executive officers received in 2006.

Annual Cash Bonus Plan

The Company believes that a significant portion of each executive's total compensation should be at risk. There were no minimum or guaranteed payments in the Company's annual cash bonus program in 2006. The Company also believes that its management is motivated by the opportunity to earn incremental compensation and thus will strive to enable the Company to exceed specified targets. As such, the Company's annual cash bonus program is not limited by a maximum payout.

The annual bonus plan was designed around two goals in 2006: (i) to motivate the named executive officers to achieve the annual financial objectives of the Company and (ii) to reward individual contributions to the Company's performance during the plan year. Accordingly, the annual bonus plan consists of a component focusing on company performance (the company performance component) and a component intended to reward individual contributions to the Company's performance (the individual contribution component). Reflecting the belief that the Company's achievement of its annual financial goals is the most important measure of an executive's annual performance, the company performance component accounts for 100% of the CEO's annual cash bonus opportunity. For the other named executive officers, the company performance component accounts for 75% of the annual cash bonus opportunity, and the individual contribution component accounts for the remaining 25%.

The company performance component helps the Company to attain its annual and long-term financial goals and to align the interests of its management and shareholders. The Company uses net income before taxes (NIBT) as this metric because it believes that NIBT is the best overall measure of the Company's performance.

During the first quarter of 2006, the Committee established three NIBT bonus levels (i) a threshold level, below which no bonus would be paid; (ii) a target level; and (iii) a stretch level. The target NIBT bonus level was set equal to the Company's internal budget (exclusive of equity compensation charges). The Committee used its discretion to set the threshold and stretch NIBT bonus levels. The Committee also specified certain extraordinary items that may be excluded from the final bonus calculation (e.g., expenses associated with strategic alternatives; equity and debt offerings). If the Company's actual NIBT figure for a given year falls between the three NIBT bonus levels, the bonus payout is calculated by interpolation. If the Company's actual NIBT figure for a given year exceeds the stretch NIBT bonus level, the bonus payout is calculated by extrapolation. The bonus paid out at a given NIBT bonus level varies depending on the executive's position in the organization and the executive's responsibility for functions that directly contribute to the Company's profitability. For any given NIBT bonus level, the bonus is greatest for the CEO, whom we consider to be the leader of the team and the person most responsible for our overall annual financial results.

Table of Contents

For 2006, the target NIBT bonus level was set at \$101,000,000. The threshold NIBT bonus level was set at \$91,000,000, or 90% of the target level. The stretch NIBT bonus level was set at \$117,000,000, or 116% of the target level. The Compensation Committee excluded from the final 2006 NIBT bonus calculation the Company's expenses arising from the secondary offerings related to the sale of shares by our former controlling shareholders, the gain on the sale of a dealership, and strategic alternatives.

The percentage of base salary that would be paid at each NIBT bonus level in 2006 is as follows:

Named Executive Officer	Title	Threshold	Target	Stretch
		\$91mm	\$101mm	\$117mm
Kenneth B. Gilman	President & CEO	20%	100%	200%
Charles R. Oglesby	SVP & COO	N/A*	N/A*	N/A*
J. Gordon Smith	SVP & CFO	10.5%	52.5%	105%
Lynne A. Burgess	VP, General Counsel & Secretary	6%	30%	60%
Philip R. Johnson	VP Human Resources	6%	30%	60%

* Although Mr. Oglesby was promoted in September 2006 from Regional CEO of the Company's South region to COO of the Company, he continued to participate in the bonus plan for the South region, which paid him .5% of the net operating income for the region, plus a bonus (a "NOI Budget Bonus") with a target of 35% of his base salary based upon achievement of regional budgeted net operating income. Under this bonus plan, Mr. Oglesby received a cash bonus of \$604,961 for 2006. In addition, because of Mr. Oglesby's increased responsibilities during 2006, the Company awarded him a discretionary cash bonus of \$150,000. Effective January 1, 2007, Mr. Oglesby joined the corporate office bonus plan. Mr. Oglesby will receive a minimum bonus guarantee of \$550,000 for fiscal year 2007.

For the 2006 bonus year, the company performance component of the annual cash bonus plan was paid out in accordance with the plan.

The Company believes that the achievements of the named executive officers within his or her area of responsibility are also important contributors to the Company's financial results. To recognize this contribution, each named executive officer, except the CEO, has 25% of his or her annual cash bonus tied to personal performance. Awards earned in 2006 under this part of the annual cash bonus plan were based upon an assessment by the CEO of the achievements of each named executive officer and his or her support of the following compensation objectives:

the application of corporate and regional resources to support the growth and profitability of the Company's dealerships; and

the creation and dissemination of synergies and best practices throughout the organization.

The Compensation Committee reviewed and approved all 2006 personal achievement payouts for each named executive officer. These payments were made in accordance with the goals and provisions of the plan.

Personal performance awards may vary between 0% and 200% of the target amount. The target percentage of base salary for the personal objectives portion of the annual bonus for 2006 was as follows:

Named Executive Officer*	Title	Target	Maximum
Charles R. Oglesby	SVP & COO	N/A**	N/A**
J. Gordon Smith	SVP & CFO	17.5%	35%
Lynne A. Burgess	VP, General Counsel & Secretary	10%	20%
Philip R. Johnson	VP Human Resources	10%	20%

* Because Mr. Gilman's bonus is based solely on the Company's NIBT results, as discussed above, he does not participate in the personal performance portion of the annual cash bonus plan.

** See footnote * to the table above.

Equity-Based Compensation

The Company's long-term equity plan supports the following several key compensation objectives:

the attainment of the Company's long-term financial goals;

alignment with the interests of the Company's shareholders;

the development of each of the Company's business lines: new cars, used cars, finance and insurance, and parts and service; and

the retention of the Company's named executive officers.

In addition to supporting the Company's compensation objectives as detailed above, the long term equity plan serves as the primary vehicle for the named executive officers to accumulate retirement assets.

The Committee did not use a specific formula for allocating equity-based compensation as a part of total compensation. Instead each individual's position and responsibility was evaluated and the Compensation Committee determined the appropriate level of long-term compensation for the fiscal year.

For the years 2002, 2003 and 2004, the equity compensation for the named executive officers was comprised of grants of annual non-qualified stock options with three-year proportionate vesting (1/3 each year) and a ten-year term. The vesting schedule was established to balance the retention value of unvested options with the motivation of potential gains from options that have vested. The number of options granted to each executive was based upon the scope of his or her responsibilities.

For the years 2005 and 2006, the Compensation Committee discontinued the issuance of options to management and approved a new performance unit plan. Under this plan, each executive is awarded a target number of performance units, a percentage of which will be converted into the Company's stock at the end of a three-year period, depending upon the company's performance during that period. In order to be eligible to convert performance units into equity, the executive must be an employee of the Company when the shares are issued. Because the performance unit plan requires the recipient of the performance units to both meet performance goals and remain employed until shares are issued, the Company believes that the performance unit plan is more effective than the prior stock options plan in aligning the interests of management and shareholders and in promoting retention.

In establishing the target number of performance units granted an executive, the Committee took into account the prevailing market price of the Company's stock at the time of the grant and considered the executive's level in the Company and degree of responsibility for functions that most directly contributed to the Company's profitability.

The percentage of the target number of performance units that will be converted into equity at the end of the three-year performance period depends upon how the Company's performance during that period compares with the performance objectives the Committee established at the outset of the performance unit grant. These performance objectives were based upon the Company's total shareholder return model, which targets a 12% to 15% (including dividends) annual shareholder return. The shareholder return model was comprised of performance goals for earnings per share and the performance of each of the Company's four business lines: (1) new vehicle revenue growth vs. peers; (2) used vehicle revenue growth vs. peers; (3) finance and insurance revenue growth; (4) fixed operations (parts and service) gross profit. The Company's performance will be scored on a point system for each of the three years and for the full three-year period to determine the final share award. The total number of points earned will determine the final number of shares awarded to the executive. If the Company attains the target performance goal, then 100% of the target number of performance units will be converted into the same number of shares of the Company's common stock. If the Company's performance exceeds (or falls below) the target performance goal, the percentage of the target number of performance units that will be converted into equity may exceed (or fall below) 100%. For the current outstanding performance unit grants, the total equity award ranges from 0% to 180% of the target number of performance units.

Table of Contents

Except in the event of a change in control, there is no provision for partial or accelerated payout to executives who are not employed when the shares are issued.

Dividends are an important part of the Company's total shareholder returns. The Company believes that performance unit holders should benefit from dividends. Beginning in January 2007, dividends will be accrued and paid in cash when and if shares are issued. An executive who is not employed on the date that shares are issued will forfeit the right to receive payment for dividends.

As the Committee considered the elimination of time-vested options in favor of performance units, the Company elected to make no equity grants during the calendar year 2005. However, recognizing that no option awards were granted in 2005, the Committee approved a performance unit grant in January 2006 covering the 2005 to 2007 performance period. A subsequent grant covering the 2006 to 2008 performance period was made in October 2006. Because these grants were not issued within the first 90 days of their respective calendar years, neither grant will qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). The Company made the 2007 performance unit grant within the first quarter of 2007 to comply with Section 162(m).

The target number of performance units granted to each executive for the 2006 fiscal year is detailed below:

Named Executive Officer	Title	Performance Units Granted
Kenneth B. Gilman	President & CEO	0
Charles R. Oglesby	SVP & COO	40,000
J. Gordon Smith	SVP & CFO	20,000
Lynne A. Burgess	VP, General Counsel & Secretary	5,000
Philip R. Johnson	VP Human Resources	5,000

As specified in Mr. Gilman's initial employment agreement, executed as of December 3, 2001, and subsequently amended, with the most recent amendment dated as of September 7, 2006, at the time Mr. Gilman joined the Company, he received a commitment for a specific number of stock options.¹ Because of the significant number of options granted, Mr. Gilman has not been included in the performance unit plan. Since Mr. Gilman has not received an increase in his base salary since 2003, on October 23, 2006, the Committee granted him 5,000 restricted shares. The vesting schedule was designed to provide him some immediate income, with one-third of the restricted stock vesting on the date of grant, and the remaining two-thirds of the award vesting proportionately on the first and second anniversaries of the grant.

On August 15, 2006, Mr. Gilman exchanged his option to acquire 737,500 shares of the Company's common stock for 49,011 shares of the Company's treasury stock (net of required withholdings). This option was granted on December 3, 2001, and would have expired on December 3, 2006. The exchange of Mr. Gilman's option in this manner benefited the Company's shareholders by avoiding the dilution that would have been caused by a market exercise of this grant, and thus received the approval of the Committee. For a further discussion concerning the exchange of this option, see footnote (1) to the table entitled, "Option Exercises and Stock Vested" on page 30.

¹ Under the terms of his employment agreement, Mr. Gilman received an option to acquire 737,500 shares of the Company's common stock on December 31, 2001, and an option to acquire 162,177 shares of the Company's common stock on the second anniversary of the Company becoming a public company, which was March 13, 2004.

Severance and Change in Control Agreements

Each of the Company's named executive officers has either a management contract or a severance agreement. These agreements provide for certain benefits in the event of involuntary termination without cause and additional benefits in the event of a change in control. These agreements help insure the retention of the Company's named executive officers. In the past, these agreements have been especially important to the Company while the Board considered various strategic options to maximize shareholder value. The severance provisions of Mr. Gilman's and Mr. Oglesby's agreements go into effect on a change of control. The other named executive officers have provisions in their severance agreements that take effect only if they are terminated without cause following a change in control. In addition, each executive agrees to the confidentiality, non-compete, and non-solicitation provisions of his or her agreement. For a more detailed summary of the to the severance benefits payable to the named executive officers upon termination or a change of control, see the section of this proxy statement entitled, Potential Payments Upon Termination on page 31.

Section 162(m)

Section 162(m) generally imposes a \$1,000,000 per taxable year ceiling on tax-deductible remuneration paid (not including amounts deferred) to the Chief Executive Officer and any one of the other four most highly compensated executive officers of a publicly held corporation, unless the remuneration is treated as performance-based or is otherwise exempt from the provisions of Section 162(m). While the Company intends to maximize the tax-efficiency of its compensation programs generally, it retains flexibility in the manner in which it awards compensation to act in the best interests of the Company and its stockholders, including awarding compensation that may not be deductible by reason of Section 162(m).

Conclusion

The Company's compensation policies described above are designed to retain and motivate its named executive officers and to ultimately reward them based on their performance.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

- (1) Base salary is the guaranteed element of a named executive officer's total compensation. Individuals whose job responsibilities have a greater potential to affect company performance have a smaller proportion of their total compensation tied to salary and a greater proportion tied to the incentive-based annual cash bonus.
- (2) The figures in this column represent the portion of the Company's cash bonus plan that is awarded on the basis of the named executive officer's individual contribution to the Company's annual financial objectives. For every named executive officer except Mr. Gilman, 25% of the target annual cash bonus is determined by the individual contribution component of the plan. Mr. Gilman's annual cash bonus consists entirely of the company performance component of the annual cash bonus plan, discussed in footnote (5) below. For a more detailed discussion of the individual contribution component of the annual cash bonus, please see Compensation Discussion and Analysis Annual Cash Bonus Plan on page 22 of this proxy statement. See footnote (5) for more detail about the bonus to Mr. Oglesby referenced in this column.
- (3) The figures in this column represent the dollar amount of compensation costs recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, for the Performance Awards (as defined in footnote (2) of the Grants of Plan-Based Awards Table on page 28 of this proxy statement) granted on January 11, 2006 and October 23, 2006 pursuant to the 2002 Equity Incentive Plan. For a more detailed discussion of the assumptions used to determine the valuation of the stock awards set forth in this column, please see a discussion of such valuation in the Management's Discussion and Analysis and Note 21 of the Consolidated Financial Statements in the Company's Annual Report on Form 10-K/A, filed with the SEC on March 12, 2007, which are both incorporated by reference.

Edgar Filing: ASBURY AUTOMOTIVE GROUP INC - Form DEF 14A

- (4) The figures in this column represent the dollar amount of compensation costs recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, for stock options granted prior to the 2006 fiscal year pursuant to the 2002 Equity Incentive Plan and 1999 Option Plan. For a more detailed discussion of the assumptions used to determine the valuation of the option awards set forth in this column, please see a discussion of such valuation in the Management's Discussion and Analysis and Note 21 of the Consolidated Financial Statements in the Company's Annual Report on Form 10-K/A, filed with the SEC on March 12, 2007.
- (5) The figures in this column represent the portion of the Company's annual cash bonus plan that is awarded on the basis of the Company's performance, as measured by net income before taxes for each of the named executive officers, except Mr. Oglesby. This element of the annual cash bonus plan determines 100% of Mr. Gilman's annual cash bonus and 75% of the target annual cash bonus of the other named executive officers. For a more detailed discussion of the individual contribution component of the annual cash bonus, please see Compensation Discussion and Analysis Annual Cash Bonus Plan on page 22 of this proxy statement.

Table of Contents

In addition, because of Mr. Oglesby's increased responsibilities during 2006, the Company awarded him a discretionary cash bonus of \$150,000. (1) This column represents targeted payouts under the Company's annual cash bonus plan for each named executive officer, except Mr. Oglesby, which awards the named executive officer for both the Company's performance and the individual named executive officer's performance. Under the company performance component of the annual cash bonus plan, the percentage of base salary the named executive officer receives as a bonus depends upon the Company's net income before taxes (NIBT). While the Company establishes both threshold and target bonus levels, it does not set a maximum payout because, at least theoretically, there is no limit on the Company's annual NIBT. For a more detailed discussion of this plan, please see Compensation Discussion and Analysis Annual Cash Bonus Plan on page 22 of this proxy statement.

Mr. Oglesby received a cash bonus of \$604,961 for 2006, which represents .5% of the net operating income for the South region, plus an NOI Budget Bonus based upon achievement of regional budgeted net operating income, pursuant to the South region's bonus plan. The NOI Budget Bonus had a threshold payout of \$44,000 or 7% of his base salary and a target payout of \$220,000 or 35% of his base salary. Effective January 1, 2007, Mr. Oglesby joined the corporate office bonus plan.

- (2) On January 11, 2006, the Compensation Committee approved a grant of performance units (the Performance Awards) to certain key employees, including the named executive officers listed in the table above except Mr. Gilman, as part of compensation for the fiscal year ended December 31, 2005. Subsequently, on October 23, 2006, the Compensation Committee approved an additional grant of Performance Awards to certain key employees and the named executive officers, except Mr. Gilman, as part of compensation for the fiscal year ended December 31, 2006. The Performance Awards were granted pursuant to the Company's 2002 Equity Incentive Plan, as amended. Each grant of Performance Awards is evidenced by an agreement entered into as of January 11, 2006, and October 23, 2006, respectively, between the Company and the award recipient. For a more detailed description of the Company's performance unit program, see Compensation Discussion and Analysis Equity-Based Compensation on page 24 of this proxy statement.

Table of Contents

Each Performance Award provides an opportunity for the award recipient to receive a number of shares of the Company's common stock based on the Company's performance during a three-year period (the Performance Cycle) as measured against objective performance goals related to (1) new vehicle revenue growth as compared to peer companies, (2) used vehicle revenue growth as compared to peer companies, (3) finance and insurance revenue growth, (4) fixed operations gross profit and (5) earnings per share. Each Performance Award sets forth a target number of shares to be granted to the award recipient assuming the performance goals are met at the target level. The actual number of shares earned by an award recipient may range from 0 to 180% of the target number of shares (with 40% of the target number being the threshold at which shares would be earned), depending upon achievement of the performance goals during the Performance Cycle.

- (3) This figure represents a grant of restricted stock to Mr. Gilman on October 23, 2006. One-third of the restricted stock vested on the grant date and, pursuant to a letter agreement between the Company and Mr. Gilman dated February 13, 2007, in connection with Mr. Gilman's separation arrangements, the remaining two-thirds of the award will vest on May 4, 2007, the effective date of his retirement. For an additional discussion of this grant of restricted stock to Mr. Gilman, see the section entitled Compensation Discussion and Analysis Equity-Based Compensation on page 24.

- (1) Mr. Gilman was granted an option to acquire 737,500 shares of the Company's common stock on December 3, 2001. This option had an expiration date of December 31, 2006. On August 15, 2006, rather than delivering payment of the exercise price to the Company, Mr. Gilman opted to receive from the Company the number of whole shares (rounded down to the nearest whole share) of the Company's common stock having a Fair Market Value (as defined in, and as determined pursuant to, the Company's 1999 Stock Option Plan) equal to the amount determined by multiplying (a) the difference obtained by subtracting the exercise price per share of such option from the Fair Market Value of a share of common stock on the date of exercise of such option by (b) the number of shares of common stock with respect to which the option would be exercised, less income tax, pursuant to the terms of the 1999 Stock Option Plan. As a result, Mr. Gilman exchanged this option for 49,011 shares of the Company's common stock. For an additional discussion of the exchange of this option by Mr. Gilman, see Compensation Discussion and Analysis Equity-Based Compensation on page 24.
- (2) This dollar amount represents the difference between the market price of the Company's common stock on August 15, 2006, the date of exercise (\$20.47), and the exercise price of the option (\$17.93), multiplied by the number of shares exercisable. The market price was calculated by taking the average of the high and low trading price of the Company's common stock on August 15, 2006.
- (3) Represents the one-third vesting of a grant of 5,000 shares of restricted stock to Mr. Gilman on October 23, 2006. The Company issued Mr. Gilman 797 fewer shares to pay for the taxes on such restricted stock. As a result, Mr. Gilman received a net 870 shares of the Company's common stock.

The remaining two-thirds of the award accelerate pursuant to a letter agreement between the Company and Mr. Gilman, dated February 13, 2007, in connection with Mr. Gilman's retirement and will vest on May 4, 2007, the effective date of his retirement. For an additional discussion of this grant of restricted stock to Mr. Gilman, see the section entitled Compensation Discussion and Analysis Equity-Based Compensation on page 24. For an additional discussion of Mr. Gilman's separation arrangements, see footnote ** to the table entitled Severance Arrangements (No Change of Control) on page 32.

The Company's Wealth Accumulation Plan allows qualifying individuals to defer base salary and bonus payments to either in-service or retirement distributions. The named executive officers may defer up to 25% of their base salary and/or bonus payments under this Plan. The deferred assets are held in a Rabbi trust and are invested on behalf of the Company's participants in market investments managed by The Newport Group. In the event of termination of employment, all balances are paid out according to the terms of the Plan. The Company does not match deferrals by the named executive officers and the Company does not guarantee a minimum return. All gains and losses shown in the table above resulted from the investments selected by each participant. This plan complies with regulations 409(a) of the Internal Revenue Code, as

amended.

POTENTIAL PAYMENTS UPON TERMINATION

As discussed in the CD&A, each of the named executive officers have either a management contract or a severance agreement. The information below describes and quantifies certain compensation that would become payable under his or her agreement with the Company if the named executive officer's employment was terminated on December 31, 2006, and, if applicable, is based on the Company's closing stock price on that date.

If, prior to a change in control, Mr. Gilman is terminated (other than by the Company for good cause or by Mr. Gilman without good reason or due to Mr. Gilman's death or total disability), he will receive severance pay from the Company equal to the present value of two years of his base salary, plus an amount equal to the total bonus, if any, actually earned by Mr. Gilman in the year preceding the year in which such termination occurred. If there is a change in control of the Company within three months after his termination date, the Company will pay Mr. Gilman 299% of the average annual base salary and bonus paid to Mr. Gilman over the previous five full calendar years less any severance already paid. In addition Mr. Gilman will receive continuation of his benefits for the period of time equal to the length of his severance. When Mr. Gilman's benefit continuation ends, he may continue to participate in the Company's medical insurance plan at his expense, which will equal the then-current COBRA rate billed to the Company for such medical insurance plan coverage. Mr. Gilman may continue to participate in the Company's medical insurance plan until the earliest of (i) Mr. Gilman's becoming eligible for coverage under a similar plan of a subsequent employer; (ii) the Company's failure to obtain coverage for Mr. Gilman under such plan with the applicable insurer of such plan; (iii) such arrangement becoming prohibited by law or regulation; or (iv) Mr. Gilman's failure to comply with the Company's payment requirements for continued participation in such plan.

On February 15, 2007, Mr. Gilman announced his plan to retire from his position as the Company's President and CEO and also from his position as a director on the Company's Board. Please see the second footnote in the table below for a discussion of the cash payout associated with his retirement.

If Mr. Oglesby is terminated (other than by the Company for good cause or by Mr. Oglesby without good reason or due to Mr. Oglesby's total disability), he will receive severance pay from the Company equal to 200% of his base salary plus an amount equal to 200% the target bonus in effect as of the date of termination. In addition, Mr. Oglesby will receive an amount equal to the target bonus pro-rated for the percentage of the year that has lapsed through the termination date. Mr. Oglesby will also receive continuation of his benefits for a two-year period. In the event such termination occurs within two years of a change of control, other than due to Mr. Oglesby's disability, or Mr. Oglesby chooses to terminate his employment within 90 days following a change of control, his severance pay will be equal to 300% of his base salary plus 300% of the target bonus in effect at the time of the change of control. In addition, Mr. Oglesby will receive continuation of his benefits until he finds other employment or reaches the age of 65, whichever occurs first.

Mr. Smith, Ms. Burgess and Mr. Johnson entered into severance agreements with the Company providing for one year of base salary, benefits continuation and a pro-rated bonus, if terminated without cause prior to a change in control. If the employment of any one of them is terminated without cause within two years following a change in control, as provided in their respective agreements, he or she is entitled to three years of base salary, a pro-rated bonus and benefits continuation. If any of their offices is relocated by more than 50 miles, their base salaries are reduced or duties or title are diminished, he or she may trigger the termination provisions of his or her agreement. Messrs. Smith and Johnson and Ms. Burgess are not entitled to severance in the event of termination due to death, disability, retirement, voluntary resignation or cause.

In addition to the severance benefits provided in their contracts, upon a change of control the Company's equity incentive plans provide for accelerated vesting of any unvested options and an accelerated calculation and payout of the performance units that may be outstanding.

Table of Contents

The following table details the severance obligations for each named executive officer if they were terminated on December 31, 2006, and assumes a stock price of \$23.56, the closing price of for the Company's common stock on December 31, 29, the last trading day in 2006. This table assumes that there has been no change in control.
