#### EXPLANATORY NOTE

Contango Oil & Gas Company (the Company, Contango, we, our, us) is hereby amending its previously filed Quarterly Report on Form 10-for the quarter ended March 31, 2007 (the Original Filing). This Amendment No. 1 (the Amendment) is being filed solely to amend the following items:

Footnote No. 1 to the Consolidated Financial Statements Summary of Significant Accounting Policies, *Principles of Consolidation*, has been revised to more clearly explain the consolidation policy of our non-wholly owned subsidiaries; and

Item 2 Management s Discussion and Analysis of Financial Condition and Results of Operations, revised to replace the discussion in the Original Filing that was based on activity of continuing and discontinued operations combined, which was presented without differentiation and was inconsistent with the financial statement presentation. The revised discussion focuses on continuing operations apart from discontinued operations in accordance with generally accepted accounting principles (GAAP) and the provisions of Item 303(a) of Regulation S-K. Since we did not have any newly discontinued operations for the nine months ended March 31, 2007, the revisions restate the analysis comparing our more recent activity to that of the corresponding periods of the prior year. Additionally, we are providing expanded disclosures of Management s Discussion and Analysis covering the first and second quarters of the fiscal year ended June 30, 2007 for the same reason, rather than amending the earlier interim reports for such periods.

Other than as specified above, this Amendment does not modify or affect the financial statements in the Original Filing. As a result of this Amendment, the certifications filed as Exhibit 31.1 and Exhibit 32.1 have been re-executed as of the date of this Amendment. This Amendment does not reflect events occurring after the filing of the Original Filing or modify or update the disclosures therein in any way other than as described above. In accordance with Rule 12b-15 promulgated under the Securities Exchange Act of 1934, the complete text of each affected item, as amended, is included herein. Unaffected items have not been repeated in this Amendment.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The accompanying unaudited consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America for interim financial information, pursuant to the rules and regulations of the Securities and Exchange Commission, including instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete annual financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature. Certain prior year amounts have been reclassified to conform to the current year presentation. The financial statements should be read in conjunction with the audited financial statements and notes included in the Company s Form 10-K for the fiscal year ended June 30, 2006. The results of operations for the three and nine months ended March 31, 2007 are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2007.

#### 1. Summary of Significant Accounting Policies

The application of generally accepted accounting principles involves certain assumptions, judgments, choices and estimates that affect reported amounts of assets, liabilities, revenues and expenses. Thus, the application of these principles can result in varying results from company to company. Contango s significant accounting policies are described below.

Successful Efforts Method of Accounting. The Company follows the successful efforts method of accounting for its natural gas and oil activities. Under the successful efforts method, lease acquisition costs and all development costs are capitalized. Unproved properties are reviewed quarterly to determine if there has been impairment of the carrying value, and any such impairment is charged to expense in the period. Exploratory drilling costs are capitalized until the results are determined. If proved reserves are not discovered, the exploratory drilling costs are expensed. Other exploratory costs, such as seismic costs and other geological and geophysical expenses, are expensed as incurred. The provision for depreciation, depletion and amortization is based on the capitalized costs as determined above. Depreciation, depletion and amortization is on a cost center by cost center basis using the unit of production method, with lease acquisition costs amortized over total proved res
