Items 1.02 Termination of a Material Definitive Agreement; and 2.04. Triggering Events that Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On January 16, 2008, Ampex Corporation ("Ampex" or the "Company") announced that the Amended Standstill Agreement with Hillside Capital Incorporated ("Hillside") had been terminated, effective as of January 14, 2008. The Amended Standstill Agreement (previously reported in the Company's Form 8-K filed November 20, 2007) was intended to provide until January 15, 2008 for the parties to negotiate a restructuring plan for the Company's indebtedness to Hillside under the Hillside/Ampex-Sherborne Agreement dated December 1, 1994 (the "Hillside Agreement"). To date, such negotiations have been unsuccessful, although Hillside has expressed its willingness to continue negotiations.

Subsequent to termination of the Amended Standstill Agreement, on January 15, 2008 Hillside demanded immediate payment of approximately \$1.3 million of outstanding principal due on the Hillside Notes, and demanded payment of approximately \$1.4 million of accrued interest due on the Hillside Notes within 10 days. Hillside also reasserted its allegation (previously reported in the Company's Form 8-K filed July 19, 2007) that Ampex has breached the Hillside Agreement. Hillside stated in its notice that if the Company fails to make the principal and interest payments currently due on the Hillside Notes and cure the alleged breach within the specified periods, it will constitute an event of default under the Hillside Agreement, which would entitle Hillside to accelerate repayment of the outstanding Hillside Notes, which together with accrued interest totaled approximately \$48.7 million at December 31, 2007.

Based upon the Company's current cash position, it is unlikely that the Company will be able to repay all of the \$2.7 million currently due to Hillside within the specified periods. Accordingly, the Company intends to continue its efforts to negotiate a restructuring plan for the Hillside debt, although there can be no assurance that it will be successful in those efforts.

Any acceleration by Hillside, unless waived or rescinded, could result in the occurrence of an event of default under certain of the Company's other obligations, including approximately \$6.7 million of its Senior Notes due 2008, which would entitle the Senior Noteholders to accelerated the maturity of those notes. The acceleration of these debts would require us to seek protection under federal bankruptcy laws.

A brief description of the Hillside debt and the circumstances surrounding the termination are included in the Company's press release, a copy of which is attached hereto as Exhibit 99.1 and incorporated herein by reference. Copies of the demand letters from Hillside are attached hereto as Exhibit 10.1 and incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.

(d) Exhibits.
