PROXY STATEMENT

2008 ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is being furnished to the holders of the common stock of CONSTELLATION BRANDS, INC. (the Company, we or us) in connection with the solicitation of proxies by the Board of Directors of the Company (the Board). The proxies are for use at the Annual Meeting of Stockholders of the Company and at any adjournment thereof (the Meeting). The Meeting will be held on Thursday, July 17, 2008 at 11:00 a.m. (local time) at the Rochester Riverside Convention Center, 123 East Main Street, Rochester, New York 14604.

The shares represented by your proxy, if the proxy is properly executed and returned, and not revoked, will be voted at the Meeting as therein specified. You may revoke your proxy at any time before the proxy is exercised by delivering to the Secretary of the Company a written revocation or a duly executed proxy bearing a later date. You may also revoke your proxy by attending the Meeting and voting in person.

The shares represented by your proxy will be voted **FOR** the election of the director nominees named herein (Proposal No. 1), unless you specifically withhold authority to vote for one or more of the director nominees. Further, unless you indicate otherwise, the shares represented by your proxy will be voted **FOR** the ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending February 28, 2009 (Proposal No. 2).

The outstanding common stock of the Company currently consists of Class A Common Stock, par value \$.01 per share (Class A Stock), and Class B Common Stock, par value \$.01 per share (Class B Stock). The Company is also authorized to issue Class 1 Common Stock, par value \$.01 per share (Class 1 Stock); however, no shares of Class 1 Stock were issued or outstanding as of May 23, 2008 (the Record Date). Only holders of Class A Stock and Class B Stock are entitled to vote on the matters described above. Accordingly, the Company has enclosed with the proxy materials a Class A Stock proxy card and/or a Class B Stock proxy card, depending on the holdings of the stockholder to whom proxy materials are mailed. Stockholders who receive both a proxy card for Class A Stock and a proxy card for Class B Stock must sign and return *both* proxy cards received in accordance with their respective instructions to ensure the voting of the shares of each class owned.

This Proxy Statement and the accompanying proxy cards are being mailed to stockholders beginning on or about June 9, 2008.

The cost of soliciting proxies will be borne by the Company. VOTING SECURITIES

The capital stock of the Company entitled to be voted at the Meeting that was outstanding as of the Record Date consisted of 193,779,786 shares of Class A Stock and 23,765,514 shares of Class B Stock. Each share of Class B Stock is convertible into one share of Class A Stock at any time at the option of the holder.

Of the 193,779,786 shares of Class A Stock outstanding on the Record Date, 2,072,269 shares were held by CHESSE Depository Nominees Pty Ltd. (ACN 071 346 506) (CDN), a wholly-owned subsidiary of ASX Limited (ACN 008 624 691), the Australian Stock Exchange (the ASX). CDN has issued Constellation CHESSE Depository Interests (Constellation CDIs) that represent beneficial interests in the Class A Stock held by CDN. Constellation CDIs are traded on the electronic transfer and settlement system operated by the ASX. As of the Record Date, there were 20,722,690 Constellation CDIs outstanding that were held by approximately 674 holders of record. All references in this Proxy Statement to outstanding shares of Class A Stock include the shares of Class A Stock held by CDN, and all references to holders of Class A Stock include CDN.

Holders of Constellation CDIs receive all the economic and other benefits of actual ownership of Class A Stock at a ratio of ten (10) Constellation CDIs to each share of Class A Stock. Constellation CDIs can be converted to Class A Stock at any time at the option of the holder of the Constellation CDIs at a ratio of one (1) share of Class A Stock for each ten (10) Constellation CDIs. Holders of Constellation CDIs have the right to attend meetings of stockholders of the Company and to direct the vote of the underlying shares of Class A Stock represented by their Constellation CDIs. CDN, as the holder of record of the underlying shares of Class A Stock represented by the Constellation CDIs, will vote such shares in accordance with the directions of the holders of the Constellation CDIs. If CDN does not receive a direction from a holder of Constellation CDIs as to how to vote the underlying shares represented by those Constellation CDIs, those shares will not be voted and will not be considered present at the Meeting for quorum purposes. A holder of Constellation CDIs will be entitled to vote at the Meeting only if such holder directs CDN to designate such holder as proxy to vote the underlying shares of Class A Stock represented by the Constellation CDIs held by such holder. A form to be used to direct CDN how to vote underlying shares of Class A Stock represented by Constellation CDIs is being delivered with this Proxy Statement to each holder of Constellation CDIs.

Only holders of record of Class A Stock and Class B Stock on the books of the Company at the close of business on May 23, 2008, the Record Date for eligibility to vote at the Meeting, are entitled to notice of and to vote at the Meeting and at any adjournment thereof. Under arrangements established between the Company and CDN in connection with the issuance of Constellation CDIs, the holders of Constellation CDIs are entitled to notice of and to attend the Meeting but may only vote at the Meeting as proxy for CDN in the circumstances described above. Except as otherwise required by Delaware law, the holders of Class A Stock and the holders of Class B Stock will vote together as a single class on all matters other than the election of the group of directors who are selected solely by the holders of Class A Stock. Each holder of Class A Stock is entitled to one (1) vote for each share of Class A Stock.

registered in such holder's name, and each holder of Class B Stock is entitled to ten (10) votes for each share of Class B Stock registered in such holder's name. Therefore, holders of Class A Stock are entitled to cast a total of 193,779,786 votes at the Meeting and holders of Class B Stock are entitled to cast a total of 237,655,140 votes at the Meeting.

The holders of shares representing a majority of the outstanding aggregate voting power of Class A Stock (including the underlying shares represented by Constellation CDIs) and Class B Stock, present at the Meeting in person or by proxy, will constitute a quorum. Shares represented by proxies marked as abstentions will be counted toward determining the presence of a quorum. Proxies relating to shares held in street name by brokers or other nominees that may be voted with respect to some, but not all, matters without instruction from the beneficial owner (broker non-votes) would be counted as shares present for purposes of determining whether a quorum is present at the Meeting. Under the rules of the New York Stock Exchange, brokers and nominees are generally permitted to vote with respect to Proposal No. 1 and Proposal No. 2 without receiving direction from the beneficial owner of Class A Stock or Class B Stock. Accordingly, the Company does not expect to receive broker non-votes with respect to Proposal No. 1 or Proposal No. 2 unless one or more beneficial owners have withheld discretionary authority from their respective brokers or nominees.

Under Delaware law and the Company's certificate of incorporation and by-laws, directors are elected by a plurality of the votes cast (the highest number of votes cast) by the holders of the shares entitled to vote, and actually voting, in person or by proxy. Pursuant to the Company's certificate of incorporation, the holders of Class A Stock (including the underlying shares represented by Constellation CDIs), voting as a separate class, are entitled to elect one-fourth of the number of directors to be elected at the Meeting (rounded up to the next number if the total number of directors to be elected is not evenly divisible by four). The holders of Class A Stock (including the underlying shares represented by Constellation CDIs) and Class B Stock, voting as a single class, are entitled to elect the remaining number of directors to be elected at the Meeting, with holders of Class A Stock having one (1) vote per share and holders of Class B Stock having ten (10) votes per share. Since the Board nominated ten (10) directors, the holders of Class A Stock will be entitled to elect three (3) directors and the holders of Class A Stock and Class B Stock, voting as a single class, will be entitled to elect seven (7) directors. Because the directors are elected by a plurality of the votes cast in each election, votes that are withheld (including broker non-votes, if any) will not be counted and, therefore, will not affect the outcome of the elections.

The ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending February 28, 2009 (Proposal No. 2) requires the affirmative vote of a majority of the votes entitled to be cast by stockholders present in person or represented by proxy at the Meeting. With respect to this proposal, holders of Class A Stock (including the underlying shares represented by Constellation CDIs) and Class B Stock are entitled to vote as a single class at the Meeting, with holders of Class A Stock having one (1) vote per share and holders of Class B Stock having ten (10) votes per share. Therefore, abstentions will have the effect of negative votes. However, because broker non-votes, if any, are not considered entitled to vote, they will not affect the outcome of the vote.

BENEFICIAL OWNERSHIP

This section presents information concerning the beneficial ownership of our common stock by certain individuals, entities and groups. Determinations as to whether a particular individual, entity or group is the beneficial owner of our common stock have been made in accordance with Rule 13d-3 of the Securities Exchange Act of 1934. Under Rule 13d-3, a person is deemed to be the beneficial owner

of any shares as to which such person: (i) directly or indirectly has or shares voting power or investment power, or (ii) has the right to acquire such voting or investment power within 60 days through the exercise of any stock option or other right. The fact that a person is the beneficial owner of shares for purposes of Rule 13d-3 does not necessarily mean that such person would be the beneficial owner of securities for other purposes. The percentages of beneficial ownership reported in this section were calculated on the basis of 193,779,786 shares of Class A Stock, 23,765,514 shares of Class B Stock, and no shares of Class 1 Stock outstanding as of the close of business on May 23, 2008, subject to adjustment as appropriate in each particular case in accordance with Rule 13d-3 of the Securities Exchange Act of 1934.

- (1) The numbers and percentages reported do not take into account shares of Class A Stock that can be received upon the conversion of shares of Class 1 Stock that can be purchased by exercising stock options that are exercisable on or within sixty (60) days after May 23, 2008 (the Class 1 Option Shares). These shares are not taken into account because, in accordance with the Company's certificate of incorporation, any shares of Class A Stock issued upon conversion of shares of Class 1 Stock must be sold immediately in connection with the conversion and, therefore, cannot be held by the beneficial owner of the Class 1 Shares. However, the numbers of shares and percentages of ownership taking into account the shares of Class A Stock that can be received upon the conversion of Class 1 Option Shares are provided in footnotes where appropriate.
- (2) The reported shares of Class A Stock with respect to which Richard Sands has sole power to vote or dispose (i) include 1,492,124 shares of Class A Stock that can be purchased by exercising stock options that are exercisable on or within sixty (60) days after May 23, 2008, and (ii) as noted in footnote (1), exclude 4,063 shares of Class A Stock that can be received upon conversion of Class 1 Option Shares. If the shares of Class A Stock that can be received upon the conversion of Mr. Sands' Class 1 Option Shares were included in the shares of Class A Stock beneficially owned by Mr. Sands, Mr. Sands would beneficially own a total of (i) 5,922,783 shares of Class A Stock, representing 3.0% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by Mr. Sands were not converted, and (ii) 21,341,159 shares of Class A Stock, representing 10.1% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by Mr. Sands were converted. The reported shares of Class B Stock include 2,274,865 shares held by family trusts of which Richard Sands is the sole trustee. The reporting of these shares as beneficially owned by Mr. Sands shall not be construed as an admission that Mr. Sands is the beneficial owner of such shares for purposes of Sections 13(d) or 13(g) of the Securities Exchange Act of 1934 or otherwise.
- (3) The reported shares are held by various family partnerships, family trusts and a foundation where, in most cases, Richard Sands serves as a partner, trustee, director or officer. The reporting of these shares as beneficially owned by Mr. Sands shall not be construed as an admission that Mr. Sands is the beneficial owner of such shares for purposes of Sections 13(d) or 13(g) of the Securities Exchange Act of 1934 or otherwise. The reported shares are also included in the shares reported as beneficially owned by Robert Sands and the stockholders group described in footnote (8), and the shares reported as beneficially owned by CWC Partnership-I and the trust described in footnote (6) are included in the reported shares. Amounts reflected in the tables above do not include 29,120 shares of Class A Stock owned by Mr. Sands' spouse, individually and as custodian for their children. Mr. Sands disclaims beneficial ownership of such shares.
- (4) The reported shares of Class A Stock with respect to which Robert Sands has sole power to vote or dispose (i) include 1,272,624 shares of Class A Stock that can be purchased by exercising stock options that are exercisable on or within sixty (60) days after May 23, 2008, and 154,728 shares of Class A Stock held by family limited liability companies of which Robert Sands is the general manager, and (ii) as noted in footnote (1), exclude 4,063 shares of Class A Stock that can be received upon conversion of Class 1 Option Shares. If the shares of Class A Stock that can be received upon the conversion of Mr. Sands' Class 1 Option Shares were included in the shares of Class A Stock beneficially owned by Mr. Sands, Mr. Sands would beneficially own a total of (i) 5,968,623 shares of Class A Stock, representing 3.1% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by Mr. Sands were not converted, and (ii) 21,381,359 shares of Class A Stock, representing 10.2% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by Mr. Sands were converted. The reported shares of Class B Stock include 2,274,865 shares held by family trusts of which Robert Sands is the sole trustee. The reporting of these shares as beneficially owned by

Mr. Sands shall not be construed as an admission that Mr. Sands is the beneficial owner of such shares for purposes of Sections 13(d) or 13(g) of the Securities Exchange Act of 1934 or otherwise.

- (5) The reported shares are held by various family partnerships, family trusts and a foundation where, in most cases, Robert Sands serves as a partner, trustee, director or officer. The reporting of these shares as beneficially owned by Mr. Sands shall not be construed as an admission that Mr. Sands is the beneficial owner of such shares for purposes of Sections 13(d) or 13(g) of the Securities Exchange Act of 1934 or otherwise. The reported shares are also included in the shares reported as beneficially owned by Richard Sands and the stockholders group described in footnote (8), and the shares reported as beneficially owned by CWC Partnership-I and the trust described in footnote (6) are included in the reported shares. Amounts reflected in the tables above do not include 28,792 shares of Class A Stock owned by Mr. Sands spouse. Mr. Sands disclaims beneficial ownership of such shares.
- (6) The reported shares are directly or indirectly held by various family partnerships in which the trust is a partner. The reporting of these shares as beneficially owned by the trust shall not be construed as an admission that the trust is the beneficial owner of such shares for purposes of Sections 13(d) or 13(g) of the Securities Exchange Act of 1934 or otherwise. The reported shares are also included in the shares reported as beneficially owned by Richard Sands, Robert Sands and the stockholders group described in footnote (8), and the shares reported as beneficially owned by CWC Partnership-I are included in the reported shares.
- (7) CWC Partnership-I is a New York general partnership of which Richard Sands and Robert Sands are managing partners. The reported shares include 768 shares of Class A Stock and 667,368 shares of Class B Stock owned by a partnership in which CWC Partnership-I is a partner. The reporting of such shares as beneficially owned by CWC Partnership-I shall not be construed as an admission that CWC Partnership-I is the beneficial owner of such shares for purposes of Sections 13(d) or 13(g) of the Securities Exchange Act of 1934 or otherwise. The reported shares are also included in the shares reported as beneficially owned by Richard Sands, Robert Sands, the trust described in footnote (6) and the stockholders group described in footnote (8).
- (8) The stockholders group, as reported, consists of Richard Sands, Robert Sands, CWC Partnership-I and another family partnership. The reporting of shares as beneficially owned by the stockholders group shall not be construed as an admission that an agreement to act in concert exists or that the stockholders group is the beneficial owner of such shares for purposes of Sections 13(d) or 13(g) of the Securities Exchange Act of 1934 or otherwise. The shares reported as beneficially owned by Richard Sands, Robert Sands, CWC Partnership-I, and the trust described in footnote (6) are included in the shares reported as beneficially owned by the stockholders group. If the shares of Class A Stock that can be received upon the conversion of Richard Sands and Robert Sands Class 1 Option Shares were included in the shares of Class A Stock beneficially owned by the stockholders group, the stockholders group would beneficially own a total of (i) 9,818,752 shares of Class A Stock, representing 5.0% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by the stockholders group were not converted, and (ii) 32,489,720 shares of Class A Stock, representing 14.8% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by the stockholders group were converted. Of the shares reported as beneficially owned by the stockholders group, 477,409 shares of Class A Stock and 12,222,941 shares of Class B Stock have been pledged under credit facilities with a financial institution as collateral for loans made to persons or entities included in the stockholders group and certain other entities related to the Sands family. Another 6,137,007 shares of Class A Stock have been pledged under a credit facility with a different financial institution as collateral for loans (including advances made with respect to letters of credit) to Richard Sands. In the event of noncompliance with certain covenants under the credit facilities, the financial institutions have the right to sell the pledged shares subject to certain protections afforded to the borrowers and pledgors.

Beneficial Security Ownership of Directors and Executive Officers

The Board has established targets for the minimum amounts of our common stock that our non-management directors and executive officers should beneficially own. These targets for stock ownership consider the length of a director's tenure on the Board or an executive officer's tenure as an executive officer. We allow individuals five years in which to reach their targets. Ownership targets can be satisfied through the beneficial ownership of Class A Stock or Class B Stock, vested stock options, and/or Class A Stock underlying Constellation CDIs.

The target for non-management directors is the beneficial ownership of two times the annual retainer fee paid to them. The target for executive officers is based on each officer's position in the organization and is a multiple of annual base salary. The Chairman of the Board and the President and Chief Executive Officer each has a stock ownership target of four (4) times his annual base salary. Each of the other executive officers has a stock ownership target of two (2) times his annual base salary. As of May 23, 2008, each of our non-management directors and each of our executive officers had either met his or her respective target or was within the five-year window for doing so.

The following table sets forth, as of May 23, 2008, the beneficial ownership of Class A Stock, Class B Stock, and Class 1 Stock by our directors, the named executive officers (as defined under the heading "Compensation Tables and Related Information" below), and all of our directors and executive officers as a group. The Class A Stock information in the table below does not include shares of Class A Stock that are issuable upon the conversion of either Class B Stock or Class 1 Stock, although such information is provided in footnotes where applicable. Unless otherwise noted, the individuals listed in the table have sole voting and dispositive power with respect to the shares attributed to them.

- (1) Class 1 Stock was created in December 2007 for the purpose of granting stock options designed to satisfy the criteria specified in the regulations promulgated under Section 409A of the Internal Revenue Code. The numbers and percentages reported with respect to Class A Stock do not take into account shares of Class A Stock that can be received upon the conversion of Class 1 Option Shares. These shares are not taken into account because, in accordance with the Company's certificate of incorporation, any shares of Class A Stock issued upon conversion of shares of Class 1 Stock must be sold immediately in connection with the conversion and, therefore, cannot be held by the beneficial owner of the Class 1 Shares. However, the numbers of shares and percentages of ownership taking into account the shares of Class A Stock that can be received upon the conversion of Class 1 Option Shares are provided in footnotes where appropriate.
- (2) Reflects the number of shares of Class A Stock that can be purchased by exercising stock options that are exercisable on or within sixty (60) days after May 23, 2008.
- (3) Reflects the number of shares of Class 1 Stock that can be purchased by exercising stock options that are exercisable on or within sixty (60) days after May 23, 2008.
- (4) See tables and footnotes under the heading "Beneficial Security Ownership of More Than 5% of the Company's Voting Common Stock" for information with respect to sole and shared voting or dispositive power and for the numbers and percentages of shares of Class A Stock that would be beneficially owned if Class 1 Option Shares were included in the number of shares of Class A Stock beneficially owned and assuming the conversion of Class B Stock into Class A Stock. Of the number of shares reported, 2,072,654 shares of Class A Stock and 8,160,144 shares of Class B Stock are included in the numbers reported by both Richard Sands and Robert Sands. Of the shares reported as beneficially owned by Richard Sands, 4,215,062 shares of Class A Stock and 10,154,744 shares of Class B Stock have been pledged, and of the shares reported as being beneficially owned by Robert Sands, 4,318,774 shares of Class A Stock and 8,314,709 shares of Class B Stock have been pledged. Of the shares described as being pledged in the preceding sentence, 1,919,420 shares of Class A Stock and 6,246,512 shares of Class B Stock are included in the shares reported as beneficially owned by both Richard Sands and Robert Sands.

Edgar Filing: CONSTELLATION BRANDS, INC. - Form DEF 14A

- (5) As there are no shares of Class 1 Stock currently outstanding, the percentages of Class 1 Stock beneficially owned by each named individual and the executive officers and directors as a group, when calculated in accordance with Rule 13d-3 of the Securities Exchange Act of 1934, would be 100%.

- (6) If the shares of Class A Stock that can be received upon the conversion of the named individual's Class 1 Option Shares were included in the shares of Class A Stock beneficially owned by the individual, the individual would beneficially own the shares of Class A Stock as noted

below, which for each individual represents less than one percent (1%) of the outstanding Class A Stock: Robert Ryder 55,635; Jon Moramarco 715,024; Thomas S. Summer 398,723; Barry A. Fromberg 18,022; Jeananne K. Hauswald 60,270; James A. Locke III 91,094; Thomas C. McDermott 89,702; Paul L. Smith 24,759; Peter H. Soderberg 9,911; and Mark Zupan 5,992.

- (7) Mr. Moramarco shares the power to vote and dispose of these shares with his spouse. Such number does not include 60 shares of Class A Stock that are owned by his son.
- (8) Mr. Summer shares the power to vote and dispose of 19,842 shares with his spouse.
- (9) Assuming the conversion of Mr. Locke's 264 shares of Class B Stock into Class A Stock, Mr. Locke would beneficially own 85,018 shares of Class A Stock (91,358 shares of Class A Stock if the shares of Class A Stock that can be received upon the conversion of Mr. Locke's Class 1 Option Shares were included), representing less than one percent (1%) of the outstanding Class A Stock after such conversion.
- (10) This group consists of our executive officers and directors as of May 23, 2008. Therefore, Mr. Summer, a former executive officer, is not included in this group. Assuming the conversion into Class A Stock of a total of 22,671,232 shares of Class B Stock beneficially owned by the executive officers and directors as of May 23, 2008 as a group, this group would beneficially own 35,589,548 shares of Class A Stock, representing 16.0% of the outstanding Class A Stock after such conversion. If the shares of Class A Stock that can be received upon the conversion of this group's Class 1 Option Shares were included in the shares of Class A Stock beneficially owned by this group of executive officers and directors, this group would beneficially own (i) 13,026,332 shares of Class A Stock, representing 6.5% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by this group were not converted, and (ii) 35,697,564 shares of Class A Stock, representing 16.1% of the outstanding Class A Stock, if the shares of Class B Stock beneficially owned by this group were converted.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Philosophy and Objectives

As a leading international producer and marketer of beverage alcohol with a broad portfolio of brands across the wine, spirits and imported beer categories, we operate in a highly competitive and complex business environment on a global basis. The ability to attract, motivate and retain employees throughout the organization is critical to our long-term success in this environment. Accordingly, the objective of our executive compensation program is to attract, motivate and retain key executives by providing a compensation package that is competitive with the pay practices of other companies of comparable size, status, and industry.

Our executive compensation program, discussed in detail below, consists of both fixed compensation (in the form of base salary) and variable compensation (in the form of cash bonus payments and equity awards). We have designed the elements of executive compensation to operate together in a manner that seeks to reward our executives for their respective abilities and day-to-day service, assistance with the achievement of annual goals and financial targets, and contributions toward long-term stockholder value.

Our fiscal year ends on the last day of February of each calendar year. Throughout this discussion, fiscal years are referred to by the calendar year in which that fiscal year ends. For example, the fiscal year ending February 29, 2008 is referred to as fiscal 2008.

How Executive Compensation is Established

The Human Resources Committee of the Board, or the Committee, discharges the Board's responsibilities relating to the compensation of executives, including the annual review and approval of executive officer compensation. Management personnel within our Human Resources Department support the Committee in its work. Executive officers, including the Chairman of the Board, the President and Chief Executive Officer, and the Executive Vice President and Chief Administrative Officer, may make recommendations or provide information to, or answer questions from, the Committee as the Committee fulfills its responsibilities regarding executive compensation. The Committee engaged Mercer Human Resource Consulting, Inc. to assist the Committee in its review and analysis of executive compensation data and to advise the Committee on matters relating to executive officer compensation. In addition to those services, Mercer is one of the companies that we use as consultants for other human resource matters that arise from time to time, and a company affiliated with Mercer provides administration and recordkeeping services to our 401(k) and Profit Sharing Plan and similar services for certain of our benefit arrangements outside of the United States. The Committee has determined that, as a matter of best practices and in order to receive the benefit of additional perspectives on executive compensation matters, it would be appropriate to utilize a new consultant to conduct the next annual executive officer compensation study.

In making its compensation decisions for executive officers, the Committee compares elements of compensation against a specific peer group of high-performing companies that we believe to be comparable in terms of business type, financial metrics (such as gross sales, net income or market capitalization) and performance. We have periodically reviewed and revised the composition of the peer group with the assistance of Mercer. The peer group used in setting the executive officer

compensation amounts described in this Proxy Statement and used subsequently in April 2008 to set new base salaries and equity grants for fiscal 2009 consisted of the following companies:

Anheuser-Busch Companies, Inc.	Avon Products, Inc.
Brown-Forman Corporation	Dean Foods Company
Fortune Brands, Inc.	General Mills, Inc.
Hormel Foods Corporation	Molson Coors Brewing Company
The Pepsi Bottling Group, Inc.	PepsiAmericas, Inc.
Smithfield Foods, Inc.	Starbucks Corporation
Wm. Wrigley Jr. Company	

In addition to its review of peer group executive compensation levels, the Committee also considers general executive compensation survey data provided by Mercer.

As discussed in more detail below, the Committee generally reviews, adjusts and makes awards under the executive compensation program on an annual basis at a regularly scheduled meeting of the Committee, usually in early April. At that time, the Committee considers company and individual performance, executive compensation information and benchmarking materials from Mercer, and compensation and benefit recommendations from management. Starting in April 2007, as part of this annual review process, the Committee also reviews a tally sheet setting forth and comparing current and proposed base salaries, cash bonuses, equity incentives, and perquisites. Compensation decisions may be made at other times of the year in the case of promotions, new hires, or changes in responsibilities, such as when the Board appointed Robert Sands to the position of President and Chief Executive Officer effective on July 26, 2007.

The Committee generally attempts to maintain an executive officer compensation program that will result in executive officers' cash compensation approximating the midpoint of that provided by peer group companies. In determining long-term incentive grants, the Committee considers historical awards and the value realizable by executive officers from those awards as well as peer group and general survey group data. Based on the historical performance of our stock, the Committee has generally set previous long-term incentive awards, which have consisted of stock option grants, below peer group median levels and approximately at general survey median levels. As a result of its analysis of our more recent stock performance and peer group and general survey data concerning long-term incentive awards, the Committee decided in April 2008 to award restricted stock as well as stock options to our executive officers in order to align our long-term incentive grants to peer group median levels.

The Committee desires to keep a significant portion of our executive officers' compensation at risk and based on performance and also desires to align our executive officers' interests with the interests of our stockholders. Accordingly, a significant percentage of annual compensation is allocated to incentive compensation in the form of annual cash bonus payments and equity grants. The Committee, however, does not have a policy regarding the specific allocation of compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or regarding the allocation of different forms of non-cash compensation other than the decision to have combined long-term incentive grants approximate peer group median levels starting in fiscal 2009. Rather, the Committee generally determines the allocation based on its analysis of the various individual components of the compensation program.

Elements of Compensation and Analysis of Compensation Decisions

The elements of compensation for our executive officers consist of the following:

- base salary;
- annual cash bonus awards;
- long-term equity-based incentive awards; and
- perquisites and other benefits.

Base Salary

We set base salary levels for our executive officers to provide current compensation for the day-to-day services the executive officers provide during the fiscal year, taking into account their individual roles and responsibilities as well as their respective experience and abilities. The fundamental objective in setting base salary levels for our executive officers, as with all components of executive compensation, is to pay competitive rates to attract, motivate and retain high-quality executives.

We generally seek to pay our executive officers base compensation at the 50th percentile of similarly situated executives in the peer group, and the salaries for each of our current named executive officers approximate these amounts. Under certain circumstances, however, the Committee may decide to approve an individual executive officer's salary at a level above or below the peer group median.

The Committee considers base salary adjustments on an annual basis as part of its comprehensive review of executive compensation matters, usually in early April. The Committee may also approve mid-year base salary adjustments in the event of a new hire, promotion or other significant change in responsibilities. No named executive officer received such a mid-year salary adjustment during fiscal 2007. During fiscal 2008, Robert Sands received a salary adjustment upon his appointment as President and Chief Executive Officer in July 2007. The Committee also set salaries for Robert Ryder, upon his appointment as our Executive Vice President and Chief Financial Officer in May 2007, and for Jose F. Fernandez, upon his appointment to the position of Chief Executive Officer, Constellation Wines North America in July 2007. In addition, the Committee decided to keep Richard Sands' salary as Chairman of the Board at his then current level when Robert Sands assumed the duties of Chief Executive Officer in July 2007. In making all of these compensation decisions, the Committee considered data provided by Mercer to determine that the salaries were competitive and in line with our compensation philosophy of paying compensation at approximately the 50th percentile of the peer group.

Fiscal 2008 salaries, and, where applicable, fiscal 2007 salaries, for our named executive officers appear in the Summary Compensation Table.

Annual Cash Bonus Awards

In addition to their base salaries, our executive officers, like other eligible members of management, have the opportunity to earn annual cash bonuses. The Committee views annual bonuses as an integral element of the entire compensation package.

Annual Management Incentive Plan

Our Annual Management Incentive Plan serves as the primary mechanism for granting annual bonuses. The Committee administers this plan for executive officers in order to accomplish the following objectives:

- to motivate and provide a concrete incentive to executive officers to achieve certain specific business initiatives and specified financial performance goals;
- to support our annual planning, budget and strategic planning process;
- to provide compensation opportunities which are competitive with those of other beverage alcohol or industry-related companies in order to attract and retain key executives; and
- to control overhead by designing a portion of annual compensation as a variable rather than a fixed expense.

The Committee meets annually within 90 days of the most recently-concluded fiscal year to approve a specific program for executive officers under the Annual Management Incentive Plan for the new year and to evaluate performance and certify and approve awards for the recently-concluded year. Payouts for executive officers under the Annual Management Incentive Plan depend on three variables:

- the executive officer's management position at the Company;
- the executive officer's salary; and
- Company performance for the year with respect to certain specified financial performance goals we have established to allow us to pursue our business aims and initiatives.

Specifically, the Committee establishes individual bonus targets (based on a percentage of each executive officer's salary) depending on the executive's position and responsibilities with us. The Committee establishes these target award opportunities based on the following principles:

Competitiveness with the market We generally position target opportunities near the peer group median. Positioning target opportunities near the peer group median underscores the Committee's compensation strategy that compensation levels should approximate peer group median levels when performance meets expectations and that pay should exceed peer group median levels when performance exceeds expectations.

Placement of an appropriate amount of pay at risk We place more pay at risk for our more senior executives (such as our executive officers) who have more control over our performance, and provide similarly positioned executives (such as our Executive Vice Presidents) with comparable award opportunities.

For fiscal 2008, all of the named executive officers participated in the plan, except for Mr. Summer who retired from his executive officer position in May 2007. To provide continuing incentives throughout the year and to minimize the risk of unanticipated outcomes, the Committee provides for a range of possible awards from a threshold level to a maximum level, including a target level award. The Committee established the following award schedule under the Annual Management Incentive Plan for participating executive officers in terms of a percentage of base salary:

Annual Management Incentive Plan

Award Schedule for Executive Officers

Name	Threshold	Target	Maximum
Richard Sands	30%	120%	240%
Robert Sands	30%	120%	240%
Other Executive Officers	17.5%	70%	140%

The Committee also establishes the objective performance criteria on which payouts are based. It selects the criteria for each year from the list of performance criteria set forth in the Annual Management Incentive Plan. The Committee chooses measures that it believes will provide an appropriate link between the level of Company performance for a given year and the corresponding payout under the plan depending on the executive's management position and duties. Accordingly, the award opportunities set forth above assume that threshold, target or maximum performance is achieved for all applicable performance criteria selected under the plan. Awards under the plan may be less than the threshold percentage set forth above if threshold performance is achieved for some, but not all, of the criteria selected. Awards under the plan may not exceed the maximum percentage set forth above.

The Committee sets a target level for each performance criteria at the corresponding level of expected performance for that year under our operating plan. These operating plans are reviewed with and approved by the Board, usually in April of each fiscal year. As a result, if our performance at the end of a fiscal year matches the expected performance as set at the beginning of that year, the executive officers would receive target level bonuses. With the assistance of the Human Resources Department, the Committee then establishes a range for each performance criteria, from a threshold level to a maximum level, by considering a variety of factors, including the minimal acceptable growth for each performance criteria, our strategic direction and focus, the various risks and uncertainties we face, and our publicly-disclosed guidance. Under normal circumstances, the threshold levels for each performance criteria should be achievable, target levels should be challenging but will be achieved if we perform as expected in our operating plan, and maximum levels should be achievable only in years of exceptional performance.

For fiscal 2007, the Committee determined that awards under the Annual Management Incentive Plan for each executive officer at that time were to be based exclusively on operating income. For each named executive officer during fiscal 2007 other than Mr. Berk, the targets were based solely on the operating income of the Company on a consolidated basis. Since Mr. Berk's responsibilities relate primarily to our beers and spirits businesses, his targets were based upon a combination of our consolidated operating income and the operating income for our beers and spirits businesses.

The Committee met in April 2007 to review performance under the Annual Management Incentive Plan, including the executive officer program thereunder, and to consider payouts to participants. Due to certain required downward adjustments for acquisition activity, the Committee determined that our adjusted performance did not meet or exceed the threshold consolidated operating income targets under the executive officer program. Consequently, we made no payment under the Annual Management Incentive Plan for fiscal 2007 to those executive officers whose pre-established performance metrics were based solely on our performance on a consolidated basis. As operating income of our beers and spirits businesses exceeded target levels of achievement under the plan even after giving effect to the downward adjustments that were made to reflect transactions, the Committee certified an award to Mr. Berk at approximately 90% of his salary. This amount appears in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation column.

Also in April 2007, the Committee approved amendments to the Annual Management Incentive Plan to (i) expand the list of potential performance criteria from which the Committee can select under the plan, (ii) increase the maximum award that we can issue under the plan to \$5 million, and (iii) clarify certain other provisions and definitions used in the plan. Our stockholders approved these amendments on July 26, 2007. In May 2007, the Committee established the parameters of the

executive officer program under the Annual Management Incentive Plan for fiscal 2008. While the bonus opportunity percentages remained unchanged for the participating executive officers, the Committee decided to base fiscal 2008 awards on the basis of free cash flow as well as earnings before interest and taxes, or EBIT, in order to diversify the performance criteria and recognize and reward cash generation as well as income generation. In addition, depending on the executive officer's level of responsibilities, an executive officer's performance criteria weightings may be based entirely on our consolidated performance or on a combination of corporate-wide and divisional results. In particular, the Committee established the following Annual Management Incentive Plan performance criteria weightings for named executive officers for fiscal 2008:

Annual Management Incentive Plan

Performance Criteria Weightings for Fiscal 2008

Name	Corporate		Divisional	
	EBIT	Corporate Free Cash Flow	EBIT	Divisional Free Cash Flow
Richard Sands	80%	20%		
Robert Sands	80%	20%		
Alexander L. Berk	20%		60%	20%
Robert Ryder	80%	20%		
Jose F. Fernandez	20%		60%	20%
Jon Moramarco	20%		60%	20%

The Committee met in April 2008 to review performance under the Annual Management Incentive Plan, including the executive officer program thereunder and the non-executive program which included Messrs. Fernandez and Moramarco for fiscal 2008, and to consider payouts to participants. After reviewing this performance against the applicable performance criteria, the Committee certified awards to executive officers, including the participating named executive officers. Payouts related to our EBIT performance for fiscal 2008 ranged from zero (for below threshold level performance) for one divisional measure, to a payout of approximately 160% of target (for performance between target and maximum levels) for another divisional measure, with the corporate EBIT payout at approximately 40% of target for the year (for performance between threshold and target levels). Payouts related to our free cash flow performance for fiscal 2008 reached the maximum level for the corporate measure as well as each divisional measure applicable to any of our named executive officers. The total named executive officer awards for fiscal 2008 appear in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation column.

At a second meeting in April 2008, the Committee approved the executive officer award program under the plan for fiscal 2009. The Committee decided to continue to use EBIT and free cash flow as the applicable performance criteria but determined that it would be appropriate to adjust the fiscal 2009 weightings for Messrs. Berk, Fernandez and Moramarco so that their awards would be more dependent upon corporate-wide performance. In particular, their fiscal 2009 awards will be based 40% on corporate EBIT, 40% on their respective divisional EBIT, and 20% on their respective divisional free cash flow.

Other Cash Bonus Awards

In addition to any payments under the Annual Management Incentive Plan, we have discretion to pay cash bonuses to our executives outside of that plan, including to our executive officers. Such

payments might be paid to executives, for example, after the closing of a significant acquisition or other transaction. In April 2007, the Committee determined it equitable and appropriate to award such a cash bonus for fiscal 2007 to each executive officer. The Committee awarded these bonus payments in recognition of the dedication and significant efforts on the part of management, including the executive officers, to fulfill our initiatives throughout the fiscal year, including business integration of the assets acquired through the acquisition of Vincor International Inc., the expansion of our premium spirits business within the United States, and the geographic expansion of our wine business in the U.S., Canada, Europe, Australia, and New Zealand. After its review, the Committee decided to award these cash bonuses based on a percentage of each executive officer's salary and set the named executive officer awards at 42% of salary for Richard Sands and Robert Sands, 24.5% of salary for Mr. Summer and, given his less direct involvement in certain of these activities, 4.9% of salary for Mr. Berk.

In April 2008, the Committee also determined it equitable and appropriate to award a cash bonus to each executive officer in recognition of certain achievements and events that were not otherwise reflected in the fiscal 2008 Annual Management Incentive Plan awards. The Committee awarded these bonuses primarily to reflect the efforts expended and the challenges encountered in the first year of operations of our Crown Imports LLC imported beers joint venture and set the named executive officer awards at 62% of salary for Richard Sands and Robert Sands, 57% of salary for Mr. Berk, and 9% of salary for Messrs. Fernandez and Moramarco. In setting these awards, the Committee primarily considered the bonus awards provided by Crown Imports to its employees for its last fiscal year as well as our executive officers' target bonuses and responsibilities.

These cash bonuses paid to the named executive officers for fiscal 2008 and, where applicable, fiscal 2007 appear in the Summary Compensation Table under the Bonus column. In making these decisions, the Committee took into consideration the fact that these payments do not qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, or the Code.

Long-Term Incentive Awards

Executive Officer Awards

The Committee (as well as the full Board) has the flexibility to award executive officers non-qualified stock options, restricted stock, stock appreciation rights and other stock-based awards under our Long-Term Stock Incentive Plan. The use of equity-based awards, together with the ownership guidelines described below, directly ties our executives' interests to the value and appreciation of our Class A Stock. These awards also assist in the retention of executives as they vest over a period of employment with us, usually one-quarter per year over four years. The Committee generally considers granting stock-based awards as part of its annual review of executive compensation, usually in early April. The Committee has also granted stock-based awards in connection with significant business activities, such as acquisitions, or events, such as new hires. Through fiscal 2007, the Committee's equity-based awards to executive officers traditionally consisted of options to purchase our Class A Stock.

In April 2007, the Committee awarded annual stock option grants for fiscal 2008 to our executive officers as well as special grants in recognition of the closing of certain business transactions. The Committee based the annual awards on a formula that took into account the executives' positions and salaries so that more senior executives received a greater portion of their compensation through these long-term incentives. In structuring these annual awards, the Committee

considered the competitiveness of grants by reviewing the financial statement expense of grants at peer group companies as a percentage of salary. The Committee approved grants which approximated the 25th percentile of peer group awards and fell between the 25th percentile and median of general survey group awards.

In addition, the Committee approved amendments to the Long-Term Stock Incentive Plan. These amendments, which were approved by our stockholders in July 2007, included an increase in the total number of shares available for grant under the plan and the number of awards that we may grant to an individual participant in any year. In July 2007, the Committee also granted to Richard Sands and Robert Sands options so that, after aggregating this additional grant with the annual grant the Committee awarded in April 2007, each of them would receive an amount consistent with what the April 2007 grant would have been if the previous limit on annual awards to an individual participant had not applied.

In December 2007, our stockholders approved an amendment and restatement of the Long-Term Stock Incentive Plan in order to, among other things, permit us to grant awards under that plan with respect to Class A Stock or Class 1 Stock. We sought this approval in response to the possibility of an adverse change in the tax treatment, as a result of the enactment of Section 409A of the Code, associated with grants of Class A stock options to individuals who are subject to U.S. taxation. After this plan amendment, we amended the outstanding stock options issued on or after April 10, 2007, the effective date of the possible new tax treatment, to individuals subject to U.S. taxation so that the options related to Class 1 Stock instead of Class A Stock. This included amendments of applicable grants to our executive officers. The Committee now grants options to purchase Class 1 Stock to recipients who are subject to U.S. taxation, including all of the current executive officers, and options to purchase Class A Stock to other recipients.

In January 2008, the Committee granted options to certain employees, including all of its executive officers (other than Mr. Summer), in recognition of the successful closing of an acquisition. At the request of the President and Chief Executive Officer, our Human Resources Department prepared a recommendation for these grants, including the amount of the recommended grants to our executive officers (other than Mr. Summer), based on our prior acquisition-related granting practices. After its review and consideration, the Committee approved these grants as requested.

In April 2008, the Committee again determined that it was important to retain stock options as a significant element of annual compensation and awarded non-qualified options to all executive officers (other than Mr. Summer) upon the same formula employed in April 2007. At this same meeting, the Committee determined that, in order to bring the long-term incentive portion of compensation in line with peer group and general survey group practices and to provide for greater diversification in our equity-based grants, it would be appropriate to also grant certain executives, including all of our executive officers (other than Mr. Summer), shares of restricted stock as part of our annual equity-based grants. The Committee determined that, for the recipients, these grants of restricted stock would be provided in lieu of special grants of stock options for significant business accomplishments and acquisitions. The Committee established restricted stock grant levels by reviewing market trends and practices provided by Mercer regarding our peer group and general market data so that the combination of stock option and restricted stock awards approximates the peer group median.

Equity Award Granting Practices

The Committee grants annual option and other equity awards to executive officers at the regularly scheduled meeting at which it considers annual compensation-related actions and awards. The Committee generally grants new employee awards, awards associated with promotions, and awards associated with merger and acquisition activity at regularly scheduled meetings of the Committee, which may or may not be one at which other compensation-related decisions are made. We used this practice, for example, for the grant of options to Richard Sands and Robert Sands in July 2007. In addition, the Human Resources Committee has delegated to our Chief Human Resources Officer limited authority to grant stock option awards provided that (i) the recipient may be no higher than the level of Vice President, (ii) any such award may not be for more than 5,000 shares of our Class A Stock or Class 1 Stock, and (iii) the number of shares and the terms and conditions for such grants shall be consistent with the past practices of the Committee. The Chief Human Resources Officer exercised this authority once in fiscal 2007 and twice in fiscal 2008. All stock option awards under our Long-Term Stock Incentive Plan are priced as of the closing price of our Class A Stock on the date of grant.

The Board approves equity grants to the directors pursuant to our director compensation policy as described more fully below under the heading Director Compensation. The Board generally approves these annual grants to directors at the Board meeting immediately following the Annual Meeting of Stockholders. As directors serve annual terms, such grants are intended to coincide with the beginning of the term of office. For example, the Board approved fiscal 2007 equity awards for directors on July 27, 2006 following the Annual Meeting of Stockholders held earlier that day. Similarly, the Board approved fiscal 2008 equity awards for directors on July 26, 2007. The Board may also grant equity awards upon the appointment of a new member of the Board as was done at the time of the appointments to the Board of Peter H. Soderberg in April 2007, Mark Zupan in October 2007, and Peter M. Perez in February 2008.

We do not backdate equity grants and do not time grants of equity so that they are intentionally made prior to the announcement of favorable information or subsequent to the announcement of unfavorable information.

Stock Ownership Guidelines

In order to further align the interests of our executive officers with the long-term interests of our stockholders, the Board has established targets for the minimum amounts of our common stock that our executive officers should beneficially own. In establishing these targets for stock ownership, we consider the length of an executive officer's tenure as an executive officer. We allow individuals five years in which to reach their targets. Ownership targets can be satisfied by the ownership of Class A Stock or Class B Stock, vested stock options, and/or Class A Stock underlying Constellation CHESS Depositary Interests as described above under the heading Voting Securities. The applicable targets for our executive officers are as follows:

Individual	Applicable Ownership Guideline
Chairman of the Board	4 times base salary
President and Chief Executive Officer	4 times base salary
Other Executive Officers	2 times base salary

As of May 23, 2008, each of our executive officers had either met his respective target or was within the five-year window for doing so.

Other Benefits

Savings Plans and Health and Welfare Benefits

As with other eligible employees, we offer our executive officers the following retirement savings opportunities and health and welfare benefits in order to help provide a reasonable level of support during and after employment with us and to attract, maintain, and motivate employees with a competitive benefits package:

Executive officers are eligible to participate in our 401(k) and Profit Sharing Plan on the same terms as other eligible employees. Each year, eligible employees may elect to contribute on a before-tax basis into their plan accounts up to 50% of their annual salary, but not in excess of the annual limit set by the Internal Revenue Service, or the IRS. We provide a 50% match on the first 6% of salary as well as a 3% annual contribution. In addition, at the conclusion of each fiscal year, the Committee analyzes our performance and has discretion to recommend to the Board that it award a supplemental profit sharing contribution, which is typically between 1% and 7% of eligible wages.

Executive officers are eligible to participate in our 2005 Supplemental Executive Retirement Plan, which is a non-qualified retirement savings plan designed to provide participants with the benefit of our 3% annual contributions and profit sharing contributions that could not be made pursuant to the 401(k) and Profit Sharing Plan due to limitations prescribed by the IRS. Further detail concerning this plan is provided below under the heading Nonqualified Deferred Compensation.

Executive officers are generally eligible to participate on the same terms as other eligible employees in our 1989 Employee Stock Purchase Plan, an Internal Revenue Code Section 423 plan that allows employees to purchase shares of Class A Stock at a discount through salary deductions. Due to their levels of stock ownership in the Company, neither Richard Sands nor Robert Sands is eligible to participate in this plan.

The executive officers also receive customary employee benefits, such as our health insurance program, long-term and short-term disability insurance programs, paid time off (vacation/sick leave) and life insurance programs, in the same manner as other eligible employees.

Severance Benefits

Previously, we did not have a uniform approach to employment arrangements or severance benefits for our executive officers. Some of our executive officers, including Richard Sands and Robert Sands, had no employment agreements. Other executive officers, including Messrs. Ryder, Fernandez and Moramarco, had employment letters which provided varying levels of severance benefits. Mr. Berk had a more formalized employment agreement based on terms that existed when we acquired the company for which he worked. We had also entered into a severance agreement with Mr. Summer to maintain his services and help ensure a smooth transition of Mr. Summer's duties to Mr. Ryder.

In April 2008, the Committee determined that it was appropriate to standardize our relationships with the executive officers and approved the execution of new employment agreements

with each of our executive officers, including all of our named executive officers (except Mr. Summer). In approving the execution of these agreements, the Committee believed it appropriate to ensure that similarly situated executives (such as all of our Executive Vice Presidents) had the same basic benefits.

In establishing the various benefit levels in these agreements, we relied on information from Mercer regarding existing market practices. The agreements, which extend through February 28, 2011 and then automatically renew for successive one year periods unless the Company provides at least 180 days notice of a decision not to renew the agreement, provide the following benefits in the event an executive's employment terminates due to death, disability, retirement, or expiration of the agreement, is terminated by the executive for good cause, or is terminated by us for any reason other than for cause:

- in the case of Richard Sands and Robert Sands, three times base salary and three times the average annual bonus paid to the executive over the prior three fiscal years;
- in the case of all other executive officers, two times base salary and two times the average annual bonus paid to the executive over the prior three fiscal years;
- payments equal to the total monthly cost of the executive's medical and dental coverage in effect at the time of termination extending for 36 months in the case of Richard Sands and Robert Sands or 24 months in the case of the other executive officers;
- outplacement services for a period of up to 18 months;
- in the case of Richard Sands and Robert Sands, continued personal use of our corporate aircraft and continued participation in our annual product allowance program for a period of three years following termination;
- in the case of all other executive officers, automobile allowance payments and continued participation in our annual product allowance program for a period of two years following termination; and
- payment of any excise taxes, penalties or interest attributed to payments related to a change-in-control.

The agreement with Mr. Fernandez also reflects certain payments and benefits that are applicable during the term of his employment for so long as we require him to maintain two primary business locations. As Mr. Berk is employed by Barton Incorporated, one of our wholly-owned subsidiaries, both Barton Incorporated and Constellation Brands, Inc. are parties to the agreement with Mr. Berk.

In order to receive these benefits, a terminating executive must execute a release in favor of us and agree not to compete with us without our consent for a period of three years in the case of Richard Sands and Robert Sands or two years in the case of the other executive officers. The agreements also prohibit the executives, for a period of 12 months after termination, from seeking to induce our employees to leave the Company.

More information concerning benefits and amounts payable to named executive officers in the event of a severance or change-in-control event are described below under the heading *Employment Agreements and Potential Payments Upon Termination or Change-in-Control*.

Perquisites

We provide executive officers with perquisites and other personal benefits that we believe to be fair, reasonable and competitive with those offered by comparable companies to their officers. The Committee

believes these benefits further its objective of attracting, motivating and retaining key executive talent and assist executive officers in dedicating the appropriate amount of time and attention to business initiatives.

We provide the following recurring benefits to some or all of our named executive officers:

Automobile lease or allowance We provide a designated leased vehicle or monthly allowance to executive officers. We believe this is competitive with benefits provided to executives at comparable companies.

Personal use of the corporate aircraft when not needed for business purposes The Company monitors the personal use of corporate aircraft and believes this use is reasonable, enables executive officers to devote maximum time and attention to our business, and enhances their availability and security while away from our offices. Executives pay all personal income taxes that are attributable to their personal use of the aircraft.

Complimentary product allowance We provide a product allowance to executive officers as well as directors and certain other employees and believe that the product allowances enhance product knowledge and appreciation. The current annual allowance is \$10,000 for our Chairman of the Board and our President and Chief Executive Officer and \$5,000 for our other executive officers.

Matching contribution program whereby certain employees, including the executive officers, can direct a portion of our charitable contributions (not in excess of \$5,000) in connection with their respective voluntary contributions to the Constellation Brands, Inc. Political Action Committee. As we make these donations directly to the charity in our name in an amount equal to the donations made by the executives to the political action committee, this benefit does not represent compensation to named executive officers and is not reflected in the Summary Compensation Table. We believe, however, that charitable contributions are a worthy and important corporate activity, and we believe this program helps promote this charitable spirit in our officer ranks and furthers our connection with the communities in which we operate.

Expanded annual physical health review on a voluntary basis We believe we benefit from offering an annual comprehensive health physical by encouraging our executive officers to protect their health.

Club membership for Mr. Berk We believe this benefit is competitive with benefits offered to similarly situated executives at comparable companies.

In addition, we may provide additional benefits to our named executive officers in special circumstances, such as the payment of cost of living adjustments, tax preparation fees and tax equalization costs in the event of an expatriate assignment or relocation benefits in the event of a new hire or transfer. Except as noted above, the recurring and additional benefits we provided to our named executive officers during fiscal 2008 and, where applicable, fiscal 2007 are quantified in the Summary Compensation Table.

Accounting Considerations

Accounting for Stock-Based Compensation

Effective March 1, 2006, we adopted Statement of Financial Accounting Standards No. 123(R) requiring that we recognize in our financial statements the cost resulting from all share-based payment transactions such as stock options. As with any significant change in accounting requirements, we and

our Board have considered and continue to monitor the impact of this standard. At this time, we continue to believe that equity-based executive compensation, including stock options, serves an important role in our executive compensation program design, and we have not significantly altered our compensation philosophy or award mix in light of this accounting standard.

Tax Deductibility of Compensation

Section 162(m) of the Code provides that certain compensation in excess of \$1 million per year paid to certain named executive officers of a company who are employed at year-end may not be deductible by the company unless the compensation qualifies as performance-based compensation. The Committee recognizes the benefits of structuring executive compensation so that, where possible, Section 162(m) does not limit our tax deductions for compensation, and our Long-Term Stock Incentive Plan and Annual Management Incentive Plan have been designed so that the Committee may award performance-based compensation that is not subject to the limits imposed by Section 162(m). Under certain circumstances, such as the payment of cash bonus awards outside of the Annual Management Incentive Plan during fiscal 2007 and 2008 and the granting of restricted stock to executive officers in fiscal 2009, the Committee may decide to award executive compensation in an amount and form that is not deductible under Section 162(m).

Compensation Committee Report

We, the Human Resources Committee of the Board (which committee functions as the compensation committee of the Board), have reviewed and discussed the Compensation Discussion and Analysis set forth above with the management of the Company, and, based on such review and discussion, have recommended to the Board the inclusion of the Compensation Discussion and Analysis in this Proxy Statement and, through incorporation by reference to this Proxy Statement, the Company's Annual Report on Form 10-K for the year ended February 29, 2008.

The Company did not include any impact of estimated forfeitures related to service-based vesting terms in its calculations for these individuals. Perquisites and Other Personal Benefits provided to the named executive officers in fiscal 2008 include automobile allowances, personal use of automobiles leased by the Company, parking expense and automobile insurance reimbursements, personal use of corporate aircraft, complimentary product allowances, a club membership, cost of living adjustments paid to executives for living in certain locations, and reimbursed expatriate expenses.

The amount of these benefits provided to Richard Sands included \$296,256 for the personal use of corporate aircraft, \$9,600 for his automobile allowance, and \$4,828 for his product allowance. The amount of these benefits provided to Robert Sands included \$123,002 for the personal use of corporate aircraft, \$9,600 for his automobile allowance, and \$5,303 for his product allowance. The amount of benefits to Mr. Berk consisted of \$5,517 for parking and automobile insurance, \$4,080 for a club membership, and \$4,825 for his product allowance. The amount of these benefits provided to Mr. Ryder included \$4,771 for his product allowance, \$7,348 for his automobile allowance, and \$458,900 for relocation expenses (which includes a reimbursement of \$324,269 for the loss he sustained on the sale of his house). Mr. Ryder also received a \$349,700 tax gross-up related to his relocation. The amount of these benefits provided to Mr. Fernandez included \$36,000 for a cost of living adjustment, \$19,991 for leased automobiles, \$1,212 for his product allowance, and \$1,765 for relocation expenses. Mr. Moramarco also received \$38,348 for tax gross-ups related to his expatriate services. The amount of these benefits provided to Mr. Summer included \$3,208 for his product allowance and \$9,600 for his automobile allowance.

Values noted above for the personal use of corporate aircraft and leased automobiles represent the aggregate incremental cost to the Company for such use. The aggregate incremental cost of personal use of the corporate aircraft includes (i) the cost of fuel (using aircraft-specific average consumption rates per hour and aircraft-specific average fuel costs), (ii) ordinary aircraft maintenance (using aircraft-specific average maintenance costs per hour) and (iii) specific trip-related expenses including crew hotel and meals, on-board catering, trip-related landing fees, hangar and parking costs, and similar costs. Since Company aircraft are used primarily for business travel, the methodology excludes fixed, capital and similar costs. In instances where family members or guests fly on Company aircraft as additional passengers on business flights with an executive, the aggregate incremental cost to the Company is *de minimis* in amount, and no amount is reflected in the table for these additional passengers. Values noted above for the personal use of leased automobiles includes the rental payments paid by the Company during fiscal 2008 for each automobile as well as the Company's fleet average cost of insurance per vehicle, maintenance and, for Mr. Moramarco, gas used for non-business miles.

- (5) These amounts represent the dollar amount recognized for financial statement reporting purposes for fiscal 2007 for the fair value of all stock options granted in and (except for Mr. Berk) prior to fiscal 2007 in accordance with SFAS 123(R) using the Black-Scholes option-pricing model with the assumptions described in Note 15 of the Company's financial statements included in the Annual Report on Form 10-K for the year ended February 28, 2007, except that the amounts

shown exclude the impact of estimated forfeitures related to service-based vesting terms. These amounts reflect the Company's accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the named executive officers.

- (1) These columns show the potential payouts for fiscal 2008 under the Company's Annual Management Incentive Plan if threshold, target or maximum performance, respectively, was achieved for all applicable performance criteria established under the plan for that year. The method for determining payouts is described under the heading "Annual Management Incentive Plan" in the Compensation Discussion and Analysis. The actual payouts under the plan for each named executive officer, if any, are set forth in the Summary Compensation Table under the "Non-Equity Incentive Plan Compensation" column. For all named executive officers other than Mr. Ryder, these amounts are based on their actual earnings in fiscal 2008. Pursuant to Mr. Ryder's employment letter, his amounts are based on his annualized salary of \$510,000 rather than his actual earnings for fiscal 2008 of \$390,346. Pursuant to his letter agreement with the Company described in the "Employment Agreements and Potential Payments Upon Termination or Change-in-Control" section below, Mr. Summer was not eligible to participate in the Annual Management Incentive Plan in fiscal 2008.

- (2) These options vest and become exercisable ratably in four equal annual installments beginning one year after the grant date. Further information concerning these awards can be found under the heading "Long-Term Incentive Awards" and subheading "Executive Officer Awards" thereunder in the Compensation Discussion and Analysis.
- (3) Regardless of whether the options relate to Class A Stock or Class 1 Stock (for which there is no public trading market), the exercise price is the closing price of a share of Class A Stock as of the date of grant.
- (4) These amounts represent the full grant date fair value of these stock options granted in fiscal 2008. This represents the aggregate amount that the Company expects to expense for such option grants in accordance with SFAS 123(R) over the options' vesting schedules. A discussion of the assumptions used in calculating these values may be found in Note 14 of the Company's financial statements in the Annual Report on Form 10-K for the year ended February 29, 2008. These amounts reflect the Company's aggregate accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the named executive officers.
- (5) This represents the number of options to purchase shares of Class A Stock granted to the executive as part of the annual grant of options by the Human Resources Committee under the Company's Long-Term Stock Incentive Plan.
- (6) This represents the number of options to purchase shares of Class A Stock granted to the executive as part of a special grant of options by the Human Resources Committee under the Company's Long-Term Stock Incentive Plan in recognition of corporate transactions.
- (7) This represents the number of options to purchase shares of Class A Stock granted to the executive on April 18, 2007 as part of a special grant of options by the Human Resources Committee under the Company's Long-Term Stock Incentive Plan in recognition of corporate transactions. On December 27, 2007, these options were amended so that they related to Class 1 Stock instead of Class A Stock, but all other terms of the original grants, including the exercise price and vesting schedule, remained unchanged.
- (8) This represents the number of options to purchase shares of Class A Stock granted by the Human Resources Committee to Richard Sands and Robert Sands on July 26, 2007 as special grants of options under the Company's Long-Term Stock Incentive Plan. On December 27, 2007, these options were amended so that they related to Class 1 Stock instead of Class A Stock, but all other terms of the original grants, including the exercise price and vesting schedule, remained unchanged.
- (9) This represents the number of options to purchase shares of Class 1 Stock granted to the executive on January 2, 2008 as part of a special grant of options by the Human Resources Committee under the Company's Long-Term Stock Incentive Plan in recognition of a corporate transaction.
- (10) This represents the number of options to purchase shares of Class A Stock granted to Mr. Ryder as a new hire on June 27, 2007. On December 27, 2007, these options were amended so that they related to Class 1 Stock instead of Class A Stock, but all other terms of the original grants, including the exercise price and vesting schedule, remained unchanged.

Edgar Filing: CONSTELLATION BRANDS, INC. - Form DEF 14A

These amounts reflect the difference between the exercise price of the option and the market price of a share of Class A Stock at the time of exercise for all option exercises by a named executive officer in fiscal 2008.

Retirement Benefits

The Company maintains a defined contribution plan qualified under Section 401(a) of the Code, the Constellation Brands, Inc. 401(k) and Profit Sharing Plan, to make available tax-favored retirement savings to all eligible U.S. employees, including the named executive officers. Additional detail regarding this plan is included in the Compensation Discussion and Analysis under the heading Savings Plans and Health and Welfare Benefits.

Participants may choose to direct the investment of their accounts under the plan from an array of third-party managed investment options as selected by plan fiduciaries from time to time. All participants are 100% vested in their contributions, the 3% annual contributions and any earnings on these contributions. The Company's matching contributions and supplemental profit sharing contributions, together with the earnings on those amounts, vest at the rate of 20% a year commencing on the first anniversary of the participant's date of hire.

Based on its analysis of fiscal 2008 Company performance, the Human Resources Committee recommended and the Board awarded supplemental profit sharing contributions for fiscal 2008. In particular, the Company awarded a 4% supplemental profit sharing contribution to eligible participants, including all of the named executive officers except for Robert Ryder. See footnotes 4 and 6 to the Summary Compensation Table for additional information about Company contributions to the accounts of the named executive officers.

Nonqualified Deferred Compensation

In addition to the Company's 401(k) and Profit Sharing Plan, certain U.S. employees, including each of the named executive officers, also are eligible to participate in the Company's 2005 Supplemental Executive Retirement Plan, which is a non-qualified retirement savings plan. The 2005 Supplemental Executive Retirement Plan and its predecessor plan, the Supplemental Executive Retirement Plan (in which each named executive officer other than Robert Ryder currently has a balance but to which no further contributions will be made), are designed to provide participants with the benefit of the Company's 3% annual contributions and supplemental profit sharing contributions that could not be made to the 401(k) and Profit Sharing Plan due to limitations prescribed by the IRS. The 2005 Supplemental Executive Retirement Plan is also designed to satisfy Section 409A of the Code.

Once a year, participants may choose to direct the investment of their accounts under the plans from an array of third-party managed investment options that is similar to those offered under the Company's 401(k) and Profit Sharing Plan as selected by the plan fiduciaries from time to time. Contributions to the 2005 Supplemental Executive Retirement Plan currently vest consistently with the vesting of the Company's matching contributions and supplemental profit sharing contributions under the 401(k) and Profit Sharing Plan.

For each of fiscal 2007 and fiscal 2008, the Company contributed to the 2005 Supplemental Executive Retirement Plan on behalf of each participant, including the eligible named executive officers, a sum equal to the amount of the 3% annual contribution and supplemental profit sharing contribution that he would have otherwise received on the portion of his salary that exceeded the applicable IRS limits. The Company pays these amounts shortly after approval by the Human Resources Committee at its April meeting. See footnotes 4 and 6 to the Summary Compensation Table for information about Company contributions to the accounts of named executive officers during fiscal 2008 and, where applicable, fiscal 2007, and see the table below for additional information.

Named executive officers do not make contributions under the 2005 Supplemental Executive Retirement Plan, and there were no withdrawals by or distributions to any named executive officer during fiscal 2008 under that plan or its predecessor plan.

Employment Agreements and Potential Payments Upon Termination or Change-in-Control

Employment Agreements

After the conclusion of fiscal 2008, the Company entered into new employment agreements with each of its named executive officers (except for Mr. Summer). These new employment agreements are described under the heading "Severance Benefits" in the Compensation Discussion and Analysis. As of February 29, 2008, neither Richard Sands nor Robert Sands had an employment agreement or similar arrangement. The other five named executive officers had employment arrangements in effect during fiscal 2008 as summarized below:

Alexander L. Berk

Mr. Berk and Barton Incorporated (Barton), a wholly-owned subsidiary of the Company, were parties to an employment agreement that provided for Mr. Berk's compensation and set forth the terms and conditions of his employment with Barton. The term of the agreement automatically extended for one-year periods expiring on the last day of February unless either Mr. Berk or Barton notified the other that such party did not wish to extend it. The agreement would have terminated prior to the expiration of the then current term (i) upon Mr. Berk's death or retirement, (ii) at Barton's election, for cause or upon Mr. Berk's complete disability, or (iii) at Mr. Berk's election for good reason (all as set forth in the agreement). If Barton had decided not to extend the term of the agreement, or if the agreement had terminated by reason of Mr. Berk's death, complete disability, or retirement, or at Mr. Berk's election for good reason, Barton would have been obligated to pay to Mr. Berk a post-termination benefit equal to 100% of his then current base salary plus the amount paid

to him under what is now the Annual Management Incentive Plan for the immediately preceding fiscal year. If Mr. Berk had decided not to extend the term of the agreement, then Barton would have been obligated to pay to Mr. Berk a post-termination benefit equal to one-half of the foregoing amount.

If Mr. Berk had elected to terminate his employment for good reason, or Barton had elected to terminate Mr. Berk's employment for reasons other than death, complete disability or cause, then Mr. Berk would have been entitled to be paid (i) a supplementary post-termination benefit equal to what he otherwise would have been entitled to receive as his share under what is now the 401(k) and Profit Sharing Plan for the fiscal year in which such termination occurred if the plan was in existence and he would not have been paid such amount under the terms of the plan itself and (ii) a prorated portion of his then current base salary based on the time then remaining under the term of the agreement.

Post-termination benefits would have been payable to Mr. Berk in a lump sum as soon as practicable after his employment terminated, except that any supplementary post-termination benefit relating to the 401(k) and Profit Sharing Plan would have been payable promptly after the Company made its profit-sharing contributions under the plan for that fiscal year.

The agreement required Mr. Berk to keep certain company information confidential during and after his employment with Barton Incorporated.

Robert Ryder

Pursuant to the employment letter Mr. Ryder executed with the Company in connection with his appointment as Executive Vice President and Chief Financial Officer in May 2007, in the event the Company terminated Mr. Ryder without cause, he would have received one year of base compensation and bonus at target, provided that he had entered into the Company's standard form of severance agreement. The agreement also provided for his starting annual base salary of \$510,000 and, subject to the later approval of the Human Resources Committee, his initial stock option grant for 150,000 shares. Finally, pursuant to the agreement, the Company paid for Mr. Ryder's relocation costs as set forth in footnote 4 to the Summary Compensation Table.

Jose F. Fernandez

On February 21, 2008, the Company entered into a letter agreement with Mr. Fernandez to confirm the terms and conditions of Mr. Fernandez's employment with the Company and comply with the requirements of Section 409A of the Code. The agreement provided that if the Company terminated Mr. Fernandez for any reason other than cause, he would be paid the sum of one year's salary and a pro rata portion of his bonus at target, provided that he had entered into the Company's standard form of severance agreement. The agreement also provided for his then current annual base salary of \$650,000 and for a \$3,000 monthly allowance to assist in defraying the costs of maintaining households in both California and New York as set forth in footnote 4 to the Summary Compensation Table.

Jon Moramarco

On February 21, 2008, the Company entered into a letter agreement with Mr. Moramarco to confirm the terms and conditions of Mr. Moramarco's employment with the Company and comply with the requirements of Section 409A of the Code. The agreement provided that if the Company terminated Mr. Moramarco without cause, he would have received eighteen (18) months of base compensation, provided that he had entered into the Company's standard form of severance agreement. The agreement also provided for payments related to Mr. Moramarco's prior expatriate assignment in the United Kingdom as set forth in footnote 4 to the Summary Compensation Table.

Thomas S. Summer

On October 24, 2006, the Company entered into a letter agreement with Mr. Summer regarding his retirement. Pursuant to that letter agreement, which superseded Mr. Summer's employment letter dated March 10, 1997, Mr. Summer agreed to continue to perform on a full time basis his duties as Executive Vice President and Chief Financial Officer until May 15, 2007 (the Transition Date) or the earlier appointment by the Company of a new Chief Financial Officer. Mr. Summer also agreed to assist with identifying a successor to his position. The agreement provided that, from the date of the letter agreement until the Transition Date, Mr. Summer would continue to receive his current compensation and benefits in accordance with the Company's benefit plans. Mr. Summer retired from his position as Executive Vice President and Chief Financial Officer on May 15, 2007. Robert P. Ryder assumed this position on the same day.

Pursuant to the agreement, Mr. Summer continued as an employee of the Company from the Transition Date through May 14, 2008 (the Separation Date) providing transitional assistance in person or by telephone or other electronic means as reasonably requested by the Chief Executive Officer of the Company. During the period between the Transition Date and the Separation Date (the Transition Period), Mr. Summer received the base compensation that he was receiving on the Transition Date and received retirement and welfare benefits that are generally provided to employees consistent with the terms of such plans. He was not entitled to bonuses, stock options or other incentive compensation during the Transition Period or for the fiscal years ending after the Transition Date, except that he had the right to and did participate in the annual option grants awarded in April 2007 and was paid a lump sum amount of \$88,800 on the Transition Date. Mr. Summer agreed not to compete with the Company through the Separation Date.

After the Separation Date, Mr. Summer was not entitled to receive compensation, severance or other benefits, except as follows: He was entitled to receive his vested benefits under the Company's retirement and long-term incentive plans, reimbursement for business expenses properly incurred before the Separation Date and any other rights as provided by law. Pursuant to the agreement, all outstanding, unvested options immediately vested on the Separation Date, and he has thirty (30) days from the Separation Date to exercise his vested stock options.

Termination or Change-in-Control

The information below describes and quantifies certain compensation that would have become payable under agreements, plans and arrangements if a named executive officer's employment had terminated on February 29, 2008, based on the terms and conditions of the Company's plans and arrangements, that named executive officer's compensation, and the closing price of a share of Class A Stock, all as of that date. These benefits are in addition to the benefits generally available to salaried employees in the U.S., such as the Company's 401(k) and Profit Sharing Plan, 1989 Employee Stock Purchase Plan, life insurance program, medical, dental and vision benefits, and disability benefits. See the Compensation Discussion and Analysis for a description of employment agreements executed with the named executive officers (other than Mr. Summer) after February 29, 2008.

Many factors can affect the nature and amount of the compensation and benefits that a named executive officer may receive upon a termination of employment. Factors that could affect these amounts include the timing during the year of any such event, whether and when a named executive

officer decides to exercise stock options and the Company's stock price on that date, that named executive officer's age and years of service, and the exercise of discretion by the Board or Human Resources Committee regarding the payment of compensation and benefits.

Severance Pay. The severance benefits contained in the employment arrangements for Messrs. Berk, Ryder, Fernandez, Moramarco and Summer in existence on February 29, 2008 are described above under Employment Agreements. Neither Richard Sands nor Robert Sands had an employment, severance or change-in-control agreement with the Company as of that date, and any severance benefits payable to them in the event of a termination as of February 29, 2008 would have been determined by the Human Resources Committee in its discretion. The following chart provides the severance payments named executive officers would have received under their employment arrangements in the event of certain termination events as of February 29, 2008:

Name	Death, Disability	Voluntary	Involuntary	Involuntary
	or Retirement	Termination	Termination	Termination
		For Good Reason	Without Cause	With Cause
Richard Sands				
Robert Sands				
Alexander L. Berk	\$1,180,801(1)	\$1,813,286(2)	\$ 632,485(3)	
Robert Ryder			\$ 867,000(4)	
Jose F. Fernandez			\$1,008,296(5)	
Jon Moramarco			\$ 778,367(6)	
Thomas S. Summer			\$ 105,538(7)	

- (1) Based on Mr. Berk's fiscal 2008 salary and his payment under the Annual Management Incentive Plan for fiscal 2007.
- (2) Based on the amount described in footnote 1 above plus a supplemental post-termination benefit of one year of base salary. Alternatively, if Mr. Berk did not have a good reason for terminating his employment agreement but had nonetheless provided the Company with 180 days advance notice of his desire to have the then existing term under the agreement expire on February 29, 2008, Mr. Berk would have been entitled to a severance payment equal to half the amount described in footnote 1 above.
- (3) Based on one year of Mr. Berk's base salary.
- (4) Based on Mr. Ryder's annualized fiscal 2008 salary and 70% bonus target under the Annual Management Incentive Plan.
- (5) Based on Mr. Fernandez's fiscal 2008 salary and 70% bonus target under the Annual Management Incentive Plan.
- (6) Based on eighteen months of Mr. Moramarco's fiscal 2008 salary.
- (7) Based on Mr. Summer's fiscal 2008 salary for the two and one-half months remaining, as of February 29, 2008, on the term of Mr. Summer's employment letter dated October 24, 2006.

Equity Awards. The unvested equity grants to each of the named executive officers are described above under the heading Outstanding Equity Awards at February 29, 2008. The Company made each of these grants pursuant to the Long-Term Stock Incentive Plan. Pursuant to that plan, no accelerated vesting would have occurred in the event of a termination as of February 29, 2008 in the event of a voluntary termination by a named executive officer, or an involuntary termination by the Company, whether with or without cause. In each of these instances, a participant, including any named executive officer, would have either 30 days from termination for grants made prior to July 26, 2007 or 90 days from termination for grants made on or after July 26, 2007 to exercise vested awards (or, if earlier, until the option's expiration date). However, in the event of death, disability or retirement (which requires a participant to be at least 60 years of age and have 10 years of service), the

unvested options of a plan participant, including any named executive officer, would then vest and remain exercisable for one year from such event (or, if earlier, until the option's expiration date). Generally, unvested options will also vest under the plan in the event of a change-in-control. As of February 29, 2008, none of the named executive officers had unvested options that were in-the-money.

Annual Management Incentive Plan Payments. The Company's Annual Management Incentive Plan is described above under the heading "Annual Management Incentive Plan" in the Compensation Discussion and Analysis. The plan provides that, in the event of death, disability, retirement (which requires a participant to be at least 60 years of age and have 10 years of service) or involuntary termination without cause, the Company will provide to the participant a ratable portion of any payment approved for that fiscal year based on the performance and bonus targets established under the plan. In the event of a change-in-control, the performance period would end on the date of the change-in-control and performance targets would be adjusted to reflect the early termination of the performance period. Since February 29, 2008 was the end of the Company's fiscal year, a named executive officer whose employment with the Company terminated as of that date for any reason would have received the appropriate annual payment for fiscal 2008 as determined in accordance with the plan. Actual payouts under the plan to the named executive officers for fiscal 2008 are set forth above in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

Supplemental Executive Retirement Plans. The Company's supplemental executive retirement plans are described above under the heading "Nonqualified Deferred Compensation." In the event of any termination of employment as of February 29, 2008, each named executive officer (or, in the case of death, the officer's beneficiary) would be entitled to receive the value of his respective supplemental executive retirement plan account balance set forth above in the Nonqualified Deferred Compensation Table. In addition, because February 29, 2008 was the end of the Company's fiscal year, each named executive officer (other than Mr. Summer) would also have received a Company contribution to his 2005 Supplemental Executive Retirement Plan account as approved by the Human Resources Committee in April 2008. These contribution amounts were as follows:

Richard Sands	\$59,872
Robert Sands	\$52,715
Alexander Berk	\$28,524
Robert Ryder	\$2,077
Jose F. Fernandez	\$25,768
Jon Moramarco	\$20,574

The plans call for distributions of vested benefits to the named executive officers to be made by lump sum. Payments under the Supplemental Executive Retirement Plan would be made after the termination event, while payments to the named executive officers under the 2005 Supplemental Executive Retirement Plan would be made six months after termination in compliance with Section 409A of the Code. The plans would automatically terminate, all participant accounts would vest, and the Company would make similar lump sum payments of account balances to participants in the event of a change-in-control as defined by the plans.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Richard Sands, Robert Sands and other members of the Sands family beneficially own various entities through which, among other activities, they own and operate the Inn on the Lake in Canandaigua, New York (the Inn). The Inn is frequently used for Company functions and for out-of-town employees visiting the Company on business. The Company pays the Inn at not more than its standard rates for these services. During fiscal 2008, the Company paid the operator of the Inn approximately \$48,179 (exclusive of employee reimbursed expenses).

Richard Sands is Chief Executive Officer and a director of Friends of the Constellation Brands Marvin Sands Performing Arts Center, Inc. (CMAC), a registered New York charity located in Canandaigua, New York. Since November 29, 2007, James A. Locke III, a director of the Company, has also served as a director of CMAC. Messrs. Sands and Locke serve in their volunteer positions without compensation. Constellation Brands, Inc. has pledged the amount of \$1.5 million, payable over fifteen (15) years, in exchange for naming rights for the performing arts center. The Company selected the name The Constellation Brands Marvin Sands Performing Arts Center. In fiscal 2008, the Company paid CMAC \$200,000 for the naming rights and \$15,000 for box seats at the performing arts center (exclusive of employee reimbursed expenses). The Company also made a \$15,000 advance to CMAC which was paid off prior to the end of the year. Finally, through the course of fiscal 2008, various other employees of the Company either served as directors or officers of, or provided other volunteer services to, CMAC.

Robert Sands is Chief Executive Officer and a director of The New York Wine and Culinary Center, Inc., a registered New York charity located in Canandaigua, New York (the NYWCC). Mr. Sands serves in this volunteer position without compensation. The NYWCC is frequently used for Company functions. The Company pays the NYWCC at not more than its standard rates for these services. During fiscal 2008, the Company paid the NYWCC approximately \$14,495 (exclusive of employee reimbursed expenses). In addition, in September 2007 the Company made a six-month loan to the NYWCC of \$62,766, which remained outstanding at the end of fiscal 2008. Finally, throughout the course of fiscal 2008, various Company employees served as directors or officers of, or provided other volunteer services to, the NYWCC.

In connection with ongoing preparations for a move into a new, leased headquarters facility in the Spring of 2009, the Company will need to purchase additional furniture and has decided to make certain purchases from Icon Design, LLC (Icon). Richard Sands has an approximately 85% equity interest in Icon. The Company currently expects that it will purchase approximately \$250,000 worth of furniture from Icon in connection with this project, and the Company has received third party verification that Icon's pricing for this furniture is fair and reasonable.

By an agreement dated December 20, 1990, the Company entered into a split-dollar insurance agreement with a trust established by Marvin Sands of which Robert Sands is the trustee. Pursuant to the agreement, in prior years the Company paid the annual premium on an insurance policy (the Policy) held in the trust, and the trust has reimbursed the Company for the portion of the premium equal to the economic benefit to Marvin and/or Marilyn Sands, calculated in accordance with the United States Treasury Department rules then in effect. The Policy is a joint life policy payable upon the death of Marilyn Sands, as the survivor of the two insureds, with a face value of \$5 million. Pursuant to the terms of the trust, Robert Sands (in his individual capacity), Richard Sands and the children of Laurie Sands (the deceased sister of Richard and Robert Sands) will each receive one-third

of the proceeds of the Policy (after the repayment of the indebtedness to the Company out of such proceeds as described below), if they survive Marilyn Sands. While the Company has made no premium payment on behalf of the trust since fiscal 2002, from the inception of the agreement through the end of fiscal 2002 the Company paid aggregate premiums, net of reimbursements, of \$2,382,327. The aggregate amount of such unreimbursed premiums constitutes indebtedness from the trust to the Company and is secured by a collateral assignment of the Policy. Upon the termination of the agreement, whether by the death of Marilyn Sands or earlier cancellation, the Company is entitled to be repaid by the trust the amount of such indebtedness.

James A. Locke III, a director of the Company, is senior counsel to the law firm of Nixon Peabody LLP, the Company's principal outside counsel.

Policy Regarding Related Person Transactions

The Board adopted a written policy in April 2007 providing that all related person transactions or series of similar transactions required to be disclosed pursuant to Regulation S-K Item 404(a) must be presented to the Corporate Governance Committee for pre-approval or ratification. The policy requires each of the Company's directors and executive officers to notify the General Counsel promptly and, wherever possible, in advance of the occurrence of any potential related person transaction in which such director or executive officer is directly or indirectly involved.

The General Counsel is responsible for reviewing all potential related person transactions and taking all reasonable steps to ensure that all material related person transactions be presented to the Corporate Governance Committee for pre-approval or ratification by members of the Committee in their discretion at the Committee's next regularly scheduled meeting or, if deemed appropriate, by consent in lieu of a meeting. No director may engage in a vote to pre-approve or ratify any related person transaction in which he or she or his or her immediate family member has a material interest; provided, however, that such director shall provide any information concerning such related person transaction that the Corporate Governance Committee may reasonably request. If a potential related person transaction involves the General Counsel, the Chief Financial Officer assumes the responsibilities of the General Counsel under the policy.

The Corporate Governance Committee may consider all factors it deems relevant when determining whether to approve or ratify a related person transaction. In the context of evaluating potential transactions, the Corporate Governance Committee may consider, among other factors, the nature of the transaction and the related person's interest in the transaction, the size of the transaction, whether the Company is able to engage in a comparable transaction with an unaffiliated party on more favorable terms, the benefit of the transaction to the Company, and the impact of the transaction on the related party. The Company is not aware of any related person transaction required to be reported under to Regulation S-K Item 404(a) since the beginning of fiscal 2008 that has not been pre-approved or ratified pursuant to this policy.

This policy serves in addition to, and not in derogation of, the Company's by-laws, Code of Business Conduct and Ethics or any other Company policies, procedures, and controls.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission reports of ownership and changes in ownership of the Company's Class A Stock, Class B Stock or Class 1 Stock. Executive officers, directors and greater than 10% stockholders are required to furnish the Company with copies of all such reports they file. Based solely upon review of copies of such reports furnished to the Company and related information, the Company believes that all such filing requirements for fiscal 2008 were complied with in a timely fashion.

Director Compensation

The Company's compensation program for members of the Board currently runs on an annual cycle starting with the first Board meeting following the Annual Meeting of Stockholders and includes cash, restricted stock, and stock option components.

The cash component currently consists of (i) an annual retainer of \$60,000, payable in quarterly installments of \$15,000 at the beginning of each fiscal quarter; (ii) a Board meeting fee of \$2,500 for each Board meeting attended (which includes regular, special and annual Board meetings and attendance in person or by conference telephone); (iii) a committee meeting fee of \$1,500 per meeting attended (including by conference telephone); and (iv) an annual fee of \$12,000 (payable in quarterly installments of \$3,000) to the Chair of the Audit Committee and an annual fee of \$9,000 (payable in quarterly installments of \$2,250) to the Chairs of each of the Human Resources Committee and the Corporate Governance Committee.

Long-term incentive awards are another element of non-management director compensation. Long-term incentive awards in the form of, among others, stock options, stock appreciation rights and restricted stock are available for grant under the Company's Long-Term Stock Incentive Plan. Each non-management director currently receives annually, if and as approved by the Board, a stock option grant and a restricted stock award. During fiscal 2008, the number of shares that could be subject to an annual option grant was not to exceed the number obtained by dividing \$140,000 by the closing price of a share of Class A Stock on the date of the grant. This amount was increased from \$70,000 in July 2007. The number of shares of restricted stock that may be awarded is currently calculated by dividing the sum of \$40,000 by the closing price of a share of Class A Stock on the date of grant. While the Board has the flexibility to determine at the time of each grant or award the vesting provisions for that grant or award, historically these stock option grants vest six (6) months following the date of grant and these awards of restricted stock vest one (1) year from the date of grant.

Consistent with this compensation program, on July 26, 2007, the Company awarded a stock option to purchase up to 6,340 shares of Class A Stock to each non-management director who then served on the Board, at an exercise price of \$22.08 per share and with an exercise period of January 26, 2008 through July 26, 2017. On December 27, 2007, these options were amended so that they related to Class 1 Stock instead of Class A Stock, but all other terms of the original grant, including the exercise price and vesting schedule, remained unchanged. On July 26, 2007 each non-management director who then served on the Board also received 1,811 restricted shares of Class A Stock. On the date of these grants, the closing price of Class A Stock was \$22.08 per share. Subject to applicable provisions in the award document, the restricted stock will vest on July 26, 2008 or earlier in the event a director resigns, dies or becomes disabled, the Company undergoes a change-in-control, or the director's term expires without him or her being renominated other than for cause.

As Peter H. Soderberg joined the Board in April 2007, in addition to his annual retainer, option grant and restricted stock award for the annual period commencing in July 26, 2007, Mr. Soderberg also received a prorated portion of the July 27, 2006 annual retainer, option grant and restricted stock award for the period from his appointment to the Board through July 26, 2007. Specifically, in addition to a prorated annual cash retainer, on April 4, 2007 Mr. Soderberg received a stock option to purchase up to 1,120 shares of Class A Stock at an exercise price of \$20.82 per share and with an exercise period of October 4, 2007 through April 4, 2017 together with 640 restricted shares of Class A Stock which vested on April 4, 2008. Similarly, when Mark Zupan joined the Board on October 2, 2007, he received a prorated portion of the July 26, 2007 annual retainer, option grant and restricted stock award for the period from his appointment until the 2008 Annual Meeting. In addition to a prorated annual cash retainer, on October 2, 2007 Mr. Zupan received a stock option to purchase up to 4,661 shares of Class A Stock at an exercise price of \$25.03 per share and with an exercise period of April 2, 2008 through October 2, 2017 together with 1,331 restricted shares of Class A Stock which will vest on October 2, 2008. These option grants to Messrs. Soderberg and Zupan were also amended on December 27, 2007 to relate to Class 1 Stock instead of Class A Stock. Finally, when Peter M. Perez joined the Board on February 19, 2008, he received a prorated portion of the July 26, 2007 annual retainer, option grant and restricted stock award for the period from his appointment until the 2008 Annual Meeting. In addition to a prorated annual cash retainer, on February 19, 2008 Mr. Perez received a stock option to purchase up to 3,114 shares of Class 1 Stock at an exercise price of \$20.60 per share and with an exercise period of August 19, 2008 through February 19, 2018 together with 889 restricted shares of Class A Stock which will vest on February 19, 2009.

The Company reimburses its directors for reasonable expenses incurred in connection with attending Board and Board committee meetings. They also receive complimentary Company products having a value of up to \$5,000 and are eligible to participate in a matching contribution program of the Company whereby they can direct a portion of the Company's charitable contributions (not in excess of \$5,000) in connection with their voluntary contributions to the Constellation Brands, Inc. Political Action Committee. As these donations are made in the name of the Company in an amount equal to the donations made by directors to the political action committee, this benefit does not represent compensation and is not reflected in the Director Compensation in the fiscal 2008 table set forth below.

The Company's current non-management directors are Barry A. Fromberg, Jeananne K. Hauswald, James A. Locke III, Thomas C. McDermott, Peter M. Perez, Paul L. Smith, Peter H. Soderberg, and Mark Zupan. The remaining two directors, Richard Sands and Robert Sands, who are also employees of the Company, receive no additional compensation for serving as directors. The Board is expected to consider director compensation at a future Board meeting, at which time the compensation paid to directors may be modified.

- (1) This amount represents the dollar amount recognized for financial statement reporting purposes for fiscal 2008 for the fair value of restricted stock awards granted in and prior to fiscal 2008 in accordance with SFAS 123(R) using the closing price for the Company's Class A Stock on the New York Stock Exchange on the dates of grant. The Company does not include any impact of estimated forfeitures related to service-based vesting terms in this calculation. These amounts reflect the Company's accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the directors. The aggregate number of shares under unvested restricted stock awards held at the end of the fiscal year were as follows: Mr. Fromberg: 1,811, Ms. Hauswald: 1,811, Mr. Locke: 1,811, Mr. McDermott: 1,811, Mr. Perez: 889, Mr. Smith: 1,811, Mr. Soderberg: 2,451, and Mr. Zupan: 1,331. The following table presents the grant date fair value of restricted stock awards in fiscal 2008:

- (2) This amount represents the dollar amount recognized for financial statement reporting purposes for fiscal 2008 for the fair value of options granted in fiscal 2008 in accordance with SFAS 123(R) using the Black-Scholes option-pricing model with the assumptions described in Note 14 of the Company's financial statements included in the Annual Report on Form 10-K for the year ended February 29, 2008. The Company does not include any impact of estimated forfeitures related to service-based vesting terms in this calculation. All pre-fiscal 2008 option grants to the directors vested prior to fiscal 2008, and the Company did not recognize any expense for such awards in fiscal 2008. Except for the initial option grants to Mr. Zupan in October 2007 and Mr. Perez in February 2008, all fiscal 2008 option awards to directors fully vested during fiscal 2008 and the Company completely expensed these awards during fiscal 2008. These amounts reflect the Company's accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the directors. The aggregate number of shares subject to option awards outstanding at the end of the fiscal year was as follows: Mr. Fromberg: 10,077, Ms. Hauswald: 49,903, Mr. Locke: 67,903, Mr. McDermott: 74,903, Mr. Perez: 3,114, Mr. Smith: 15,389, Mr. Soderberg: 7,460, and Mr. Zupan 4,661. Annual grant to each non-management director serving as of July 26, 2007	7/26/2007	6,340	\$57,952

(3) The value of perquisites and other personal benefits provided to each of our non-management directors was less than \$10,000.

Compensation Committee Interlocks and Insider Participation

During all or a portion of fiscal 2008, Jeananne K. Hauswald, Thomas C. McDermott, Peter M. Perez, Peter H. Soderberg, and Paul L. Smith served as members of the Human Resources Committee of the Company's Board of Directors. None of these individuals are or have ever been officers or employees of the Company. No executive officer of the Company served on the compensation committee or the board of directors of any company that had one or more of its executive officers serving as a member of the Company's Human Resources Committee or Board of Directors during fiscal 2008.

The Board of Directors and Committees of the Board

On December 19, 2003, the Board adopted revised Board of Directors' Corporate Governance Guidelines containing categorical standards for determining director independence. These standards, which were most recently revised on October 3, 2007, seek to satisfy the applicable requirements of the Securities and Exchange Commission and the New York Stock Exchange. The Board of Directors' Corporate Governance Guidelines are available on the Company's Web site at www.cbrands.com under Investors/Corporate Governance and an excerpt containing the categorical standards is appended to this Proxy Statement. (The information contained on the Company's Web site, however, is not a part of this Proxy Statement.) The Board has affirmatively determined that each current member of the Board, other than Richard Sands and Robert Sands, meets the categorical standards set by the Board to qualify as an independent director. Therefore, each director, other than Richard Sands and Robert Sands, is independent, and a majority of the members of the current Board is independent. In reaching its determination regarding James A. Locke III, the Board considered the services provided to the Company by the law firm in which Mr. Locke serves as senior counsel, Nixon Peabody LLP, and the fact that, for each of the last three fiscal years, the Company paid to Nixon Peabody for its services less than the greater of \$1,000,000 or two percent of Nixon Peabody's consolidated gross revenues. In reaching its determination regarding Mr. Locke, the Board also considered the Company's relationship with CMAC described under the heading "Certain Relationships and Related Transactions" above. The Board held seven (7) meetings during fiscal 2008. In addition, the non-management members of the Board, all of whom are independent, meet periodically in regularly scheduled sessions without management. The non-management directors select a Lead Director. In accordance with the Board of Directors' Corporate Governance Guidelines, James A. Locke III presides at these meetings in his capacity as Lead Director. Stockholders or other interested parties may arrange to communicate directly with the directors, the Lead Director or the non-management directors as a group by writing to them in the care of the Company at 370 Woodcliff Drive, Suite 300, Fairport, New York 14450. The Company will forward all such communications (other than unsolicited advertising materials).

Committees of the Board include a standing Audit Committee, Corporate Governance Committee and Human Resources Committee. Each member of these committees is independent in accordance with the applicable requirements of the New York Stock Exchange's listing standards, the Securities and Exchange Commission and the Categorical Standards of Independence contained within the Company's Board of Directors' Corporate Governance Guidelines. In addition, each committee operates under a written charter that was approved by the Board and is available on the Company's Web site at www.cbrands.com under Investors/Corporate Governance.

During fiscal 2008, each of the incumbent directors who were directors during that period attended at least 75% of the total number of meetings held by the Board and each committee of the

Board on which he or she served during his or her period of service. The Company's directors are encouraged to attend each Annual Meeting of Stockholders, and all directors attended the Company's 2007 Annual Meeting of Stockholders, except for Messrs. Perez and Zupan who were not members of the Board at that time.

Audit Committee. The Audit Committee is a standing committee currently composed of Paul L. Smith (Chair), Barry A. Fromberg and Mark Zupan, each of whom the Board has determined is an audit committee financial expert. Mr. Zupan was appointed to the Audit Committee in October 2007. His experience includes serving as Dean of the William E. Simon Graduate School of Business Administration at the University of Rochester and as a member of the Audit Committee of PAETEC Holding Corp. He also holds a Ph.D. in Economics. No committee member simultaneously serves on the audit committees of more than two other publicly registered companies. This Committee performs the Board's oversight responsibilities as they relate to the Company's accounting policies, internal controls and financial reporting practices. In addition, this Committee maintains a line of communication between the Board and the Company's financial management, internal auditors and independent registered public accounting firm. The Audit Committee held nine (9) meetings during fiscal 2008.

Corporate Governance Committee. The Corporate Governance Committee is a standing committee currently composed of James A. Locke III (Chair), Thomas C. McDermott and Paul L. Smith. This committee functions as the nominating committee of the Board. The Corporate Governance Committee identifies individuals qualified to become Board members consistent with criteria and qualifications for membership approved by the Board and selects, or recommends that the Board select, director nominees for the annual meetings of stockholders. The Corporate Governance Committee advises the Board concerning the appropriate composition of the Board and its committees, develops and recommends to the Board the corporate governance guidelines applicable to the Company, and advises the Board regarding appropriate corporate governance practices and assists the Board in achieving them. Among other matters, this Committee also makes recommendations to the Board with respect to an officer to be designated as Chief Executive Officer and a director to serve as Chairman of the Board. In addition, this Committee recommends to the Board compensation for the non-management directors. This Committee held five (5) meetings during fiscal 2008.

The Corporate Governance Committee identifies potential director candidates from any outside advisors it may retain, as well as from other members of the Board, executive officers and other contacts. The Corporate Governance Committee has from time to time engaged the services of an independent third-party search firm in order to assist the Corporate Governance Committee in identifying and evaluating potential director candidates who will bring to the Board specific skill sets as established by the Corporate Governance Committee. Since our 2007 Annual Meeting of Stockholders, Richards Sands identified Mark Zupan as a potential director candidate, and a third-party search firm identified Peter M. Perez as a potential director candidate. Each candidate's qualifications were subsequently reviewed by the Corporate Governance Committee with the assistance of a third-party search firm, and each of these individuals was appointed to the Board.

The Corporate Governance Committee will consider nominations by stockholders of the Company. Those nominations must include sufficient biographical information so that the Committee can appropriately assess the proposed nominee's background and qualifications. In its assessment of potential candidates, the Corporate Governance Committee will review the candidate's character, wisdom, judgment, ability to make independent analytical inquiries, business experiences,

understanding of the Company's business environment, acumen, and ability to devote the time and effort necessary to fulfill his or her responsibilities, all in the context of the perceived needs of the Board at that time.

To be considered for nomination at the 2009 Annual Meeting of Stockholders, stockholder submissions for nomination should be received in writing at the Company's offices, to the attention of the Company's Secretary, Constellation Brands, Inc., 370 Woodcliff Drive, Suite 300, Fairport, New York 14450 no later than February 2, 2009. Stockholder recommendations made in accordance with these procedures will receive the same consideration and be evaluated in the same manner as other potential nominees.

Human Resources Committee. The Human Resources Committee is a standing committee currently composed of Thomas C. McDermott (Chair), Jeananne K. Hauswald, Peter M. Perez, and Peter H. Soderberg. This committee functions as the compensation committee of the Board. The Human Resources Committee fulfills the Board's responsibilities relating to the compensation of the Company's executives, including the Chief Executive Officer, and has engaged a third-party consultant to assist the Committee in its review and analysis of executive compensation. Additionally, the Human Resources Committee monitors, among other matters, the following: human resources policies and procedures as they relate to the goals and objectives of the Company and good management practices; the Company's material policies and procedures which relate to compliance with pertinent human resources laws and regulations, the human resources aspects of the ethical conduct of the business and the management of human resources capital; and procedures and internal controls that relate to personnel administration, pay practices and benefits administration. The Human Resources Committee is responsible for reviewing total executive compensation in relation to individual executive performance, Company performance, salary information and other parameters deemed reasonable in the assignment of executive compensation levels. This Committee also reviews and approves executive benefits and perquisites and reviews performance systems, including reward programs. The Human Resources Committee is responsible for evaluating the performance of the Chief Executive Officer and approves his compensation, as well as the compensation of other executives. This Committee presently administers the Company's Long-Term Stock Incentive Plan, Annual Management Incentive Plan, 1989 Employee Stock Purchase Plan and U.K. Sharesave Scheme, and reviews succession planning for the Company and other important human resources issues. This Committee also reviews with management each Compensation Discussion and Analysis and, as appropriate, recommends to the Board that it be included in the Company's applicable filings. The Human Resources Committee held seven (7) meetings during fiscal 2008.

Audit Committee Report

The following report shall not be deemed incorporated by reference in any filing under the federal securities laws by virtue of any general incorporation of this Proxy Statement by reference and shall not otherwise be treated as filed under the securities laws.

The Audit Committee of the Board provides oversight to the Company's financial reporting process through periodic meetings with the Company's independent registered public accounting firm, internal auditors and management. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. It is also responsible for issuing a report on the effectiveness of the Company's internal control over financial reporting. The Committee, in carrying out its role, relies on the Company's senior management and independent registered public accounting firm.

In connection with the preparation and filing of the Company's Annual Report on Form 10-K for the fiscal year ended February 29, 2008, the Audit Committee met, reviewed and discussed with the Company's management and with KPMG LLP, the Company's independent registered public accounting firm, the audited financial statements of the Company and related disclosures and the assessment of the adequacy and effectiveness of the Company's internal control over financial reporting. Also, the Committee discussed with KPMG LLP, with respect to the fiscal year ended February 29, 2008, the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, as amended by SAS 89 and SAS 90 (Codification of Statements on Auditing Standards, AU § 380).

In addition, the Committee received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with KPMG LLP the independence of that firm as the Company's independent registered public accounting firm.

Based on the review and discussions described above, the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended February 29, 2008 for filing with the Securities and Exchange Commission.

PROPOSAL NO. 2

RATIFICATION OF THE SELECTION OF KPMG LLP

AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On April 1, 2008, the Audit Committee determined to engage KPMG LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending February 28, 2009. Although ratification by stockholders of this selection is not required, the selection of KPMG LLP as the Company's independent registered public accounting firm will be presented to the stockholders for their ratification at the Meeting. If the stockholders do not ratify the selection of KPMG LLP, the Audit Committee will reconsider its choice. A representative of KPMG LLP is expected to be present at the Meeting and will be given an opportunity to make a statement if he or she so desires and will be available to respond to any appropriate questions.

Fees Paid to KPMG LLP

The following fees were billed to the Company by KPMG LLP for services rendered during the fiscal years ended February 29, 2008 and February 28, 2007:

The aggregate audit fees billed by KPMG LLP for the year ended February 29, 2008 were \$4,764,894, which amount included out-of-pocket expenses. For the year ended February 28, 2007, these audit fees were \$4,644,624, which amount included out-of-pocket expenses.

Audit-Related Fees: These amounts relate to benefit plan reviews, assistance on acquisitions or divestitures and other audit-related projects, and the services comprising these fees were in the nature of various employee benefit plan audits and reviews. The aggregate audit-related fees billed by KPMG LLP for the year ended February 29, 2008 were \$43,786 and for the year ended February 28, 2007 were \$27,339.

For the years ended February 29, 2008 and February 28, 2007, KPMG LLP did not provide any products or services other than as disclosed above and, consequently, did not bill the Company for any fees other than as disclosed above.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy for the pre-approval of audit and non-audit services that may be provided by the Company's independent registered public accounting firm. The Committee's policy is to pre-approve all audit and permissible non-audit services provided by KPMG LLP prior to the engagement. Any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated to its Chair authority to pre-approve proposed audit and non-audit services that arise between Audit Committee meetings, provided that the decision to approve the service is presented at the next scheduled Audit Committee meeting. All audit and non-audit services performed by KPMG LLP during the fiscal year ended February 29, 2008 were pre-approved in accordance with this policy. These services have included audit services, audit-related services and tax services. The Committee did not pre-approve any other products or services that did not fall into these categories, and KPMG LLP provided no other products or services during the past fiscal year.

Vote Required

The adoption of Proposal No. 2 to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm requires the affirmative vote of a majority of the votes entitled to be cast by stockholders present in person or represented by proxy at the Meeting. With respect to this proposal, holders of Class A Stock and Class B Stock will vote together as a single class at the Meeting, with holders of Class A Stock having one (1) vote per share and holders of Class B Stock having ten (10) votes per share.

The Board recommends that the stockholders ratify the selection of KPMG LLP as the independent registered public accounting firm of the Company for the fiscal year ending February 28, 2009 and, accordingly, recommends that you vote FOR Proposal No. 2. Unless otherwise directed therein, the shares represented by your proxy, if properly executed and returned, and not revoked, will be voted FOR such proposal.

BY ORDER OF THE BOARD OF DIRECTORS

DAVID S. SORCE, *Secretary*

June 2, 2008

EXCERPT FROM THE

CONSTELLATION BRANDS, INC.

BOARD OF DIRECTORS CORPORATE GOVERNANCE GUIDELINES

1. Classification and Definition of Directors.

The principal classifications of directors are *Independent*, *Management* and *Non-Management*.

An *Independent Director* of the Company shall be one who meets the qualification requirements for being an independent director under the corporate governance listing standards of the New York Stock Exchange (*NYSE*), including the requirement that the Board must have affirmatively determined that the director has no material relationships with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). References to *Company* include any parent or subsidiary in a consolidated group with Constellation Brands, Inc. References to *immediate family member* includes a person's child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and any person (other than a tenant or employee) sharing a person's household. To guide its determination whether or not a business or charitable relationship between the Company and an organization with which a director is so affiliated is material, the Board has adopted the following categorical standards:

- A. A director will not be Independent if, (i) currently or within the last three years the director was employed by the Company; (ii) an immediate family member of the director is or has been within the last three years an executive officer of the Company; (iii) the director or an immediate family member of the director received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company (other than director and committee fees and pension or other forms of deferred compensation for prior service, and also provided such deferred compensation is not contingent in any way on continued service); (iv) the director or an immediate family member of the director is a current partner of a firm that is the Company's internal or external auditor; (v) the director is a current employee of a firm that is the Company's internal or external auditor; (vi) the director has an immediate family member who is a current employee of a firm that is the Company's internal or external auditor and such immediate family member participates in that firm's audit, assurance or tax compliance (but not tax planning) practice; (vii) the director or an immediate family member of the director was within the last three years (but is no longer) a partner or employee of a firm that is the Company's internal or external auditor and such director or immediate family member personally worked on the Company's audit within that time; (viii) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company in which any of the Company's present executive officers at the same time serve or served on that other company's compensation committee; or (ix) the director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeded the greater of \$1,000,000 or two percent (2%) of such other company's consolidated gross revenues.

- B. The following commercial or charitable relationships will not be considered to be material relationships that would impair a director's independence: (i) an immediate family member of the director is or was employed by the Company other than as an executive officer; (ii) if the director or an immediate family member of the director received \$100,000 or less in direct compensation from the Company during any twelve-month period (other than director and committee fees and pension or other forms of deferred compensation for prior service, and also provided such deferred compensation is not contingent in any way on continued service); (iii) if an immediate family member of the director is employed by a present or former internal or external auditor of the Company and such family member does not participate in the firm's audit, assurance or tax compliance (as distinguished from tax planning) practice and did not personally work on the Company's audit within the last three years; (iv) if an immediate family member of the director was (but is no longer) a partner or employee of a present or former internal or external auditor of the Company and did not personally work on the Company's audit within the last three years; (v) if a Company director is or was an executive officer or employee, partner or shareholder, or an immediate family member of the director is or was an executive officer, partner or shareholder of another company that does business with the Company and the annual sales to, or purchases from, the Company for property and/or services are less than or equal to the greater of \$1,000,000 or two percent (2%) of the annual revenues of such other company; (vi) if a Company director is or was an executive officer, employee, partner or shareholder of another company which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than or equal to two percent (2%) of the total consolidated assets of the company for which he or she serves as an executive officer, employee, partner or shareholder; and (vii) if a Company director serves or served as an officer, director or trustee of a tax exempt organization, and the Company's discretionary contributions to the tax exempt organization are less than or equal to the greater of \$1,000,000 or two percent (2%) of that organization's total annual consolidated gross revenues. The Board will annually review all commercial and charitable relationships of directors.
- C. In assessing the materiality of a director's relationship not covered by paragraph B set forth above, the directors at the time sitting on the Board who are independent under the standards set forth in paragraphs A and B above shall determine whether the relationship is material and, therefore, whether the director would be independent. In such instance, the Company will explain in the next proxy statement the basis for any Board determination that a relationship was immaterial despite the fact it did not meet the categorical standards of immateriality in paragraph B above.
- D. In accordance with the NYSE's Transition Rules, the three (3) year look back period referenced in paragraph A above shall be a one (1) year look back period until November 4, 2004.

A *Non-Management Director* is a director who is not a Company officer (as that term is defined in Rule 16a-1(f) under the Securities Act of 1933), and includes such directors who are not independent by virtue of a material relationship, former status or family membership, or for any other reason. The group of Non-Management Directors includes both Independent Directors and those Non-Management Directors who do not qualify as Independent Directors.

A *Management Director* is an officer (as that term is defined in Rule 16a-1(f) under the Securities Act of 1933) of the Company who serves on the Board.

Instruction for completion of CDI Voting Instruction Form

Your vote is important

Each Constellation Brands, Inc. CHESSE Depository Interest (CDI) is equivalent to one tenth of one share of Class A Common Stock of Constellation Brands, Inc., so that every 10 CDIs that you own at 23 May 2008 (record date) entitles you to direct one vote. Class A Stockholders, voting as a separate class, are entitled to elect three directors at the Annual General Meeting of Constellations Brands, Inc. Class A Stockholders and Class B Stockholders, voting as a single class, are entitled to elect seven directors at that Meeting. Please refer to the Proxy Statement for details.

You can vote by completing, signing and returning your CDI Voting Instruction Form. The CDI Voting Instruction Form gives you two options:

- (a) You can give your voting instructions to CHESSE Depository Nominees Pty Ltd (CDN), which will vote the underlying shares on your behalf; or
- (b) You can instruct CDN to appoint you or your nominee as proxy to vote the shares underlying your CDIs in person at the Annual General Meeting of Constellation Brands, Inc.

In either case, you need to return your completed CDI Voting Instruction Form so that it is received at the address shown on the Form by not later than 5pm Australian time on 14 July 2008. That will give CDN enough time to tabulate all CDI votes, to vote the underlying shares and to appoint the proxies.

Directing CDN to Vote

If you wish to direct CDN to vote the shares underlying your CDIs, you may do so by placing a cross in the box next to CDN's name at the top of the form and then placing a mark in one of the boxes opposite each item of business. All your CDIs will be voted in accordance with such a direction. If you mark more than one box on an item your vote on that item will be invalid.

If you sign and return the CDI Voting Instruction Form and cross the box to direct CDN how to vote but do not indicate next to the items of business on the form how your votes are to be directed, the shares represented by those CDIs will not be voted by CDN.

If you sign and return the CDI Voting Instruction Form but you do not cross the box to direct CDN how to vote and you do not nominate a proxy but you do indicate next to the items of business on the form how your votes are to be directed, the shares represented by those CDIs will be voted by CDN.

Directing CDN to Appoint a Proxy

If you wish to direct CDN to appoint a proxy to vote the shares underlying your CDIs in person at the Annual General Meeting of Constellation Brands, Inc., you need to fill in the name of the person who is to be appointed as proxy in the box at the top of the form. You may direct CDN to appoint you or your nominee as the proxy.

If you direct CDN to appoint a proxy to vote the shares underlying your CDIs in person at the Annual General Meeting of Constellation Brands, Inc., the proxy appointed may vote as the proxy wishes.

If CDN does not receive a CDI Voting Instruction Form from a holder of CDIs, the shares represented by those CDIs will not be voted.

If you have completed and returned your CDI Voting Instruction Form, you may revoke the directions contained therein by a written notice of revocation to Computershare Investor Services Pty Limited no later than 5pm Australian time on 14 July 2008 bearing a later date than the CDI Voting Instruction Form.

Signature(s) of CHESS Depositary Interest Holders

Each holder must sign this form. If your CDIs are held in joint names, all holders must sign in the boxes. If you are signing as an Attorney, then the Power of Attorney must have been noted by the Company's Australian Registry or a certified copy of it must accompany this form.

Only duly authorised officer/s can sign on behalf of a company. Please sign in the boxes provided, which state the office held by the signatory, ie. Sole Director and Sole Company Secretary, or Director, or Director and Company Secretary.

If you require further information on how to complete the CDI Voting Instruction Form, telephone the Registry on 1800 030 606.

Lodgement of Notice
