This presentation is directed only at persons who (i) are persons falling within Article 49(2)(a) to (d) ("high net worth companies") of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (as amended) (the "Order") or (ii) have professional qualifications in relation to investments falling within Article 19(5) of the Order or (iii) are outside the United Kingdom (all such persons being referred to as "relevant persons") and must not be acted on or relied on by persons who are not relevant persons.

Certain statements in this presentation are forward-looking statements. The forward-looking statements include statements regarding future savings, the cost and timing of development projects, future production volumes, increases in production and infrastructure capacity, mineral Reserves and Resources and project lives and, without limitation, other statements typically containing words such as "targets", "plans", "estimates" and words of similar import. These forward-looking statements speak only as at the date of this presentation and are based on current expectations and beliefs and, by their nature, are subject to a number of known and unknown risks and uncertainties which may cause actual performance and achievements to differ materially from any expected future results, performance or achievements expressed or implied in the forward-looking statements. The forward-looking statements are based on numerous assumptions regarding BHP Billiton's present and future business operations in which BHP Billiton and Rio Tinto will operate in the future and such assumptions may or may not prove to be correct.

Information Relating to the US Offer for Rio Tinto plc

BHP Billiton plans to register the offer and sale of securities it would issue to Rio Tinto plc US shareholders and Rio Tinto plc US investors. BHP Billiton will file a Registration Statement (the "Registration Statement"), which will contain a prospectus (the "Prospectus"), as well as other required information, with the SEC. The Registration Statement and Prospectus have not yet been filed. This communication is not a substitute for any Registration Statement or Prospectus that BHP Billiton may file with the SEC.

Accordingly, Rio Tinto Limited shareholders should carefully consider the following:

The Rio Tinto Limited Offer will be an exchange offer made for the securities of a foreign company. Such offer is subject to disclosure requirements of the securities laws of the country that are different from those of the United States. Financial statements included in the document will be prepared in accordance with accounting standards that

It may be difficult for you to enforce your rights and any claim you may have arising under the U.S. federal securities laws, since the issuers are located in a foreign country, and some or all of their officers and directors may be residents of foreign countries. You may not be able to sue a foreign company in a foreign court for violations of the U.S. securities laws.

It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court's judgment. You should be aware that

Summary of the offer for Rio Tinto

BHP Billiton has made a pre-conditional offer for Rio Tinto, it will be capable of acceptance by shareholders following regulatory approvals and posting of offer documents

The offer is being made direct to the shareholders of Rio Tinto

Rio Tinto shareholders are being offered 3.4 BHP Billiton shares for every Rio Tinto share held

The 3.4:1 offer represents a 45%

(a)

premium

The offer is conditional on more than 50% acceptances of the publicly held shares in each of Rio Tinto plc and Rio Tinto Ltd

BHP Billiton has conducted global roadshows speaking to the major shareholders of BHP Billiton and Rio Tinto which has confirmed that shareholders have a clear understanding of the industrial logic of the deal

BHP Billiton believes this offer is compelling for Rio Tinto shareholders, and value enhancing for BHP Billiton shareholders

and it makes even more sense if you own both

Conclusion

Strength, stability and growth

BHP Billiton on a standalone basis has a bright future

The core strategy remains unchanged

Focused on producing volumes from low cost assets

A combination of BHP Billiton and Rio Tinto can generate substantial additional value for shareholders

we are a natural fit

In addition to the synergies, combining the two would create a company that is:

Unique in character;

Capable of delivering superior returns for its shareholders; and

An Australian champion on the global stage

BHP Billiton believes the terms of the Rio Tinto offer reflect a good

deal
for
both
companies
shareholders

The
process
has
a
long
time
to
run

an
offer
document
is
not
expected
to
be
posted to shareholders until late 2008
