Our Company

We are a global leader in the development, manufacture and marketing of medical devices for the eye. We are focused on providing the full range of advanced refractive technologies and support to help eye care professionals deliver optimal vision and lifestyle experiences to patients of all ages. Our reportable segments are represented by our three business units: cataract, refractive and eye care. Our cataract business sells monofocal intraocular lenses, phacoemulsification systems, viscoelastics and related products used in ocular surgery. Our refractive business sells and provides service for wavefront diagnostic devices, femtosecond lasers and associated patient interface devices, excimer laser systems and treatment cards, and refractive implants. Our eye care business sells disinfecting solutions, enzymatic cleaners, lens rewetting drops and artificial tears.

We have operations in approximately 27 countries and sell our products in approximately 60 countries within the following four region structure:

Americas (North and South America);

Europe, Africa and Middle East;

Japan; and

Asia Pacific (excluding Japan, but including Australia and New Zealand).

In June 2004, we completed our acquisition of Pfizer Inc.'s surgical ophthalmic business, which expanded our viscoelastic and IOL product offerings, allowing us to offer a more comprehensive portfolio of products required to perform cataract surgery. We acquired the Healon family of viscoelastic products and the Tecnis IOL brand. The addition of the Healon family, one of the leading viscoelastic brands, significantly expanded our viscoelastic product line. The Tecnis IOL brand further strengthened our position in the ophthalmic surgery market with the Tecnis Multifocal IOL brand further expanding our refractive IOL portfolio. We also acquired the Baerveldt glaucoma shunt, or drainage device, which provided an entry for us into the glaucoma market.

Edgar Filing: ADVANCED MEDICAL OPTICS INC - Form S-3ASR

In May 2005, we acquired VISX, Incorporated (VISX). As a result of the VISX acquisition, we are a leader in the design and development of proprietary technologies and systems for laser vision correction of refractive

vision disorders. Our products include the VISX STAR Excimer Laser System, which is a fully integrated ophthalmic medical device incorporating an excimer laser and a computer driven workstation; the VISX WaveScan System, which is a diagnostic device that uses laser beam technology to measure comprehensive refractive errors of the eye and derive comprehensive refractive information about a patient's individual optical system; and VISX treatment cards, which provide the user with specific access to proprietary software and are required to operate the VISX STAR Excimer Laser System.

In April 2007, we acquired IntraLase Corp. (IntraLase), a designer, developer and manufacturer of an ultra-fast laser for refractive and corneal surgery that creates precise corneal incisions for laser vision correction in the first step of laser assisted in-situ keratomileusis, or LASIK surgery. Our products include the IntraLase FS femtosecond laser system, iFS advanced femtosecond laser system, and per procedure fees (inclusive of a disposable patient interface) for each eye treated.

We were incorporated in Delaware in October 2001 as a subsidiary of Allergan, Inc., or Allergan. Allergan spun-off our company to its stockholders by way of a distribution of all of our shares of common stock on June 29, 2002. As a result of our spin-off from Allergan, we are a publicly traded, independent company and Allergan has no continuing stock ownership in us. Our principal executive offices are located at 1700 E. St. Andrew Place, Santa Ana, California 92705. Our telephone number is (714) 247-8200. Our website can be found at www.amo-inc.com. RISK FACTORS

Before making an investment decision, you should carefully consider the risks described under **Risk Factors** in our most recent Annual Report on Form 10-K, and any updates in our Quarterly Reports on Form 10-Q, together with all of the other information appearing in this prospectus or incorporated by reference into this prospectus, in light of your particular investment objectives and financial circumstances. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The trading price of our common stock could decline due to any of these risks, and you may lose all or part of your investment.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference herein include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. Forward-looking statements are those that predict or describe future events or trends and that do not relate solely to historical matters. You can generally identify forward-looking statements as statements containing the words *believe, expect, will, anticipate, intend, estimate, project, plan, assume* or other similar expressions, or negatives of those expressions, although not all forward-looking statements contain these identifying words. All statements contained or incorporated by reference in this prospectus regarding our future strategy, future operations, projected financial position, estimated future revenues, projected costs, future prospects, the future of our industries and results that might be obtained by pursuing management's current plans and objectives are forward-looking statements.

You should not place undue reliance on our forward-looking statements because the matters they describe are subject to known and unknown risks, uncertainties and other unpredictable factors, many of which are beyond our control. Our forward-looking statements are based on the information currently available to us and speak only as of the date on the cover of this prospectus or, in the case of forward-looking statements incorporated by reference, as of the date of the filing that includes the statement. New risks and uncertainties arise from time to time, and it is impossible for us to predict these matters or how they may affect us. Over time, our actual results, performance or achievements will likely differ from the anticipated results, performance or achievements that are expressed or implied by our forward-looking statements, and such difference might be significant and materially adverse to our security holders. We do not undertake and specifically decline any obligation to update any forward-looking statements or to publicly announce the results of any revisions to any statements to reflect new information or future events or developments.

We have identified some of the important factors that could cause future events to differ from our current expectations and they are described in our most recent Annual Report on Form 10-K, including, without limitation, under the captions **Risk Factors** and **Management's Discussion and Analysis of Financial Condition and Results of Operations**, in any updates contained in our Quarterly Reports on Form 10-Q and in other documents that we may file with the SEC, all of which you should review carefully. Please consider our forward-looking statements in light of those risks as you read this prospectus.

USE OF PROCEEDS

We will not receive any of the proceeds upon the resale of the shares of our common stock by the selling stockholder.

SELLING STOCKHOLDER

The selling stockholder may from time to time offer and sell pursuant to this prospectus any or all of the shares of common stock listed below. When we refer to the selling stockholder in this prospectus, we mean that person listed in the table below, as well as the pledgees, donees, assignees, transferees, successors and others who later hold any of the selling stockholder's interests.

The following table sets forth, as of July 31, 2008: (1) the name of the selling stockholder for whom we are registering shares under this registration statement; (2) the number of shares of our common stock owned by the selling stockholder prior to this offering; (3) the number of shares of our common stock being offered pursuant to this prospectus; and (4) the amount and (if one percent or more) the percentage of the class to be owned by such selling stockholder after completion of the offering. The percentage of outstanding common stock owned upon completion of the offering is calculated based on 61,256,264 shares of common stock issued and outstanding at July 31, 2008. We prepared this table based on the information supplied to us by the selling stockholder named in the table and we have not sought to verify such information.

Since the date on which the selling stockholder provided this information, the selling stockholder may have sold, transferred or otherwise disposed of all or a portion of the shares of common stock in a transaction exempt from the registration requirements of the Securities Act. Information concerning the selling stockholder may change from time to time and any changed information will be set forth in supplements to this prospectus to the extent required.

The selling stockholder may from time to time offer and sell any or all of the shares of common stock under this prospectus. Because the selling stockholder is not obligated to sell the shares of common stock, we cannot estimate how many shares of common stock that the selling stockholder will hold upon consummation of any such sales.

PLAN OF DISTRIBUTION

The shares of common stock are being registered to permit the resale of such shares of common stock by the holder of such shares of common stock from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the selling stockholder of the common stock. We will bear the fees and expenses incurred in connection with our obligation to register the shares of common stock. However, the selling stockholder will pay all underwriting discounts and commissions and agent's commissions, if any.

The selling stockholder may offer and sell the shares of common stock from time to time in one or more transactions at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. These prices will be determined by the selling stockholder or by agreement between such holder and underwriters or dealers who may receive fees or commissions in connection with such sale. Such sales may be effected by a variety of methods, including the following:

in market transactions;

in privately negotiated transactions;

through the writing of options;

in a block trade in which a broker-dealer will attempt to sell a block of securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;

if we agree to it prior to the distribution, through one or more underwriters on a firm commitment or best-efforts basis;

through broker-dealers, which may act as agents or principals;

directly to one or more purchasers;

through agents; or

in any combination of the above or by any other legally available means.

In connection with the sales of the shares of common stock, the selling stockholder may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the offered securities, short and deliver the shares of common stock to close out such short positions, or loan or pledge the shares of common stock to broker-dealers that in turn may sell such securities. The selling stockholder also may transfer, donate and pledge offered securities, in which case the transferees, donees, pledges or other successors in interest will be deemed selling stockholders for purposes of this transaction.

If a material arrangement with any underwriter, broker, dealer or other agent is entered into for the sale of the shares of common stock through a secondary distribution or a purchase by a broker or dealer, or if other material changes are made in the plan of distribution of the shares of common stock, a prospectus supplement will be filed, if necessary, under the Securities Act disclosing the material terms and conditions of such arrangement. The underwriter or underwriters with respect to an underwritten offering of shares of common stock and the other material terms and conditions of the underwriting will be set forth in a prospectus supplement relating to such offering and, if an underwriting syndicate is used, the managing underwriter or underwriters will be set forth on the cover of the prospectus supplement. In connection with the sale of the shares of common stock, underwriters will receive compensation in the form of underwriting discounts or commissions and may also receive commissions from purchasers of such shares of common stock for whom they may act as agent. Underwriters may sell to or through dealers, and such dealers

Edgar Filing: ADVANCED MEDICAL OPTICS INC - Form S-3ASR

may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

Table of Contents

To our knowledge, there are currently no plans, arrangements or understandings between the selling stockholder and any underwriter, broker-dealer or agent regarding the sale by the selling stockholder of the shares of common stock. The selling stockholder may decide to sell all or a portion of the shares of common stock offered by it pursuant to this prospectus or may decide not to sell any shares of common stock under this prospectus. In addition, the selling stockholder may transfer, devise or give the shares of common stock by other means not described in this prospectus. Any shares of common stock covered by this prospectus that qualify for sale pursuant to Rule 144 or Rule 144A of the Securities Act may be sold under Rule 144 or Rule 144A rather than pursuant to this prospectus.

The selling stockholder and any underwriters, broker-dealers or agents participating in the distribution of the shares of common stock may be deemed to be underwriters, within the meaning of the Securities Act, and any profit on the sale of the shares of common stock by the selling stockholder and any commissions received by any such underwriters, broker-dealers or agents may be deemed to be underwriting commissions under the Securities Act. If the selling stockholder is deemed to be an underwriter, the selling stockholder may be subject to statutory liabilities including, but not limited to, those of Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act.

The selling stockholder and any other person participating in the distribution will be subject to the applicable provisions of the Exchange Act and the rules and regulations under the Exchange Act, including, without limitation, Regulation M, which may limit the timing of purchases and sales by the selling stockholder and any other relevant person of any of the notes and the shares of common stock issuable upon conversion of the notes. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of shares of common stock to engage in market-making activities with respect to the particular shares of common stock being distributed. All of the above may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

Under the securities laws of certain states, the shares of common stock may be sold in those states only through registered or licensed brokers or dealers. In addition, in certain states, the shares of common stock may not be sold unless the common stock has been registered or qualified for sale in the state or an exemption from registration or qualification is available and complied with.

Once sold under the registration statement, of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

LEGAL MATTERS

Certain legal matters regarding the shares of our common stock offered hereby will be passed upon for us by Stradling Yocca Carlson & Rauth, Newport Beach, California.

Item 15. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law, or the DGCL, authorizes a corporation, subject to the procedures and limitations stated therein, to indemnify its directors, officers, employees and agents against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement reasonably incurred, including liabilities under the Securities Act, provided they act in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation, although in the case of proceedings brought by or on behalf of the corporation, indemnification is limited to expenses and is not permitted if the individual is adjudged liable to the corporation, unless the court determines otherwise. The statute provides that indemnification pursuant to its provisions is not exclusive of other rights of indemnification to which a person may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise. The registrant's certificate of incorporation and bylaws provide for indemnification of its officers and directors to the fullest extent permitted by Delaware law.

As permitted by Section 102 of the DGCL, the registrant's certificate of incorporation and bylaws provide that no director will be liable to the registrant or its stockholders for monetary damages for breach of certain fiduciary duties as a director, except for liability under Section 174 of the DGCL or liability for any breach of the director's duty of loyalty to the registrant or its stockholders, for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law or for any transaction in which the director derived an improper personal benefit.

Section 145 of the DGCL also authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation against any liability asserted against him or her and incurred by him or her in his or her capacity as a director, officer, employee or agent of the corporation, or arising out of his or her status as a director, officer, employee or agent of the corporation. The registrant maintains liability insurance covering its directors and officers for claims asserted against them or incurred by them in their capacity as directors and officers, including claims brought under the Securities Act, within the limits and subject to the limitations of the policies. The indemnification and insurance provided for directors of the registrant are subject to Section 174 of the DGCL, which governs liability of directors for unlawful payment of dividends or unlawful stock purchase or redemption.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
