PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of OSI Systems, Inc. (the Company) for use at its Annual Meeting of Shareholders (the Annual Meeting or the Meeting), to be held at 10:00 a.m., local time, on December 8, 2008, at the executive offices of the Company, 12525 Chadron Avenue, Hawthorne, California 90250, and at any adjournment thereof.

As permitted by rules recently adopted by the Securities and Exchange Commission (SEC), the Company is making its proxy materials, which include the Notice of Annual Meeting of Shareholders, Proxy Statement Proxy Card and its most recent Annual Report on Form 10-K (Proxy Materials), available to most of its shareholders over the Internet. Others will receive printed copies of the Proxy Materials in the mail. The Company believes that by providing access over the Internet, it will expedite the receipt of Proxy Materials by its shareholders, at a lower cost.

In accordance with these new rules, most shareholders of record as of the close of business on October 10, 2008 will receive a Notice of Internet Availability of Proxy Materials.

The Notice of Internet Availability of Proxy Materials contains instructions about how to access the Proxy Materials and vote your shares over the Internet without attending the Annual Meeting. If you receive a Notice of Internet Availability of Proxy Materials, but would instead prefer to receive a printed copy of the Proxy Materials instead of downloading them from the Internet, you may do so by following the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

If you are a shareholder that receives a printed copy of the Proxy Materials by mail, you may also view the Proxy Materials on the Internet at <http://materials.proxyvote.com/osis>. However, in order to direct your vote without attending the Annual Meeting you must complete and mail the Proxy Card or voting instruction card enclosed, postage pre-paid envelope or, if indicated on the Proxy Card that you receive, by telephone or Internet voting. Please refer to the Proxy Card for instructions.

Edgar Filing: OSI SYSTEMS INC - Form DEF 14A

When a proxy is properly submitted, the shares it represents will be voted in accordance with any directions noted thereon. Any shareholder giving a proxy has the power to revoke it at any time before it is voted by written notice to the Secretary of the Company, by issuance of a subsequent proxy as more fully described on your Proxy Card. In addition, a shareholder attending the Annual Meeting may revoke his or her proxy and vote in person if he or she desires to do so, but attendance at the Annual Meeting will not of itself revoke the proxy.

At the close of business on October 10, 2008, the record date for determining shareholders entitled to notice of and to vote at the Annual Meeting, the Company had issued and outstanding 17,839,522 shares of common stock, without par value (Common Stock). A majority of the shares outstanding on the record date, present in person at the Meeting or represented at the Meeting by proxy, will constitute a quorum for the transaction of business. Shares that are voted FOR, AGAINST, ABSTAIN or WITHHELD for a proposal are treated as being present at the Meeting for purposes of establishing a quorum. Each share of Common Stock entitles the holder of record thereof to one vote on any matter coming before the Annual Meeting. In voting for directors, however, if any shareholder gives notice at the Annual Meeting prior to voting of an intention to cumulate votes, then each shareholder has the right to cumulate votes and to give any one or to allocate among any of the nominees whose names have been placed in nomination prior to voting a number of votes equal to the number of

Table of Contents

directors to be elected (*i.e.*, six) multiplied by the number of shares which the shareholder is entitled to vote. Unless the proxy holders are otherwise instructed, shareholders, by means of the accompanying proxy, will grant the proxy holders discretionary authority to cumulate votes.

A Proxy Card, when properly submitted by Internet, telephone or mail, also confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Annual Meeting of Shareholders and with respect to other matters which may be properly brought before the Annual Meeting. At the time of printing this Proxy Statement, management was not aware of any other matters to be presented for action at the Annual Meeting. If, however, other matters which are not now known to management should properly come before the Annual Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the proxy holders.

The total number of votes that could be cast at the Meeting is the number of votes actually cast, plus the number of abstentions and broker non-votes, described below. Abstentions are counted as shares present at the Meeting for purposes of determining whether a quorum exists; however, abstentions will not be counted as votes for or against a proposal. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because they do not have discretionary voting authority and have not received instructions as to how to vote on those proposals (so-called broker non-votes) are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Meeting. However, broker non-votes are not deemed to be votes cast. As a result, broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes for or against a proposal.

In the election of directors, the candidates who receive the largest number of affirmative votes cast are elected as directors up to the maximum number of directors to be chosen at the Annual Meeting. Approval of other proposals will require the affirmative vote of a majority of the shares of Common Stock present and voting in person at the Meeting or represented by proxy and entitled to vote on the subject matter of the proposal.

It is anticipated that the Notice of Internet Availability of Proxy Materials and the Proxy Materials will be mailed on or about October 17, 2008. All shareholders entitled to vote at the Annual Meeting will receive either the Notice of Internet Availability of Proxy Materials or a printed copy of the Proxy Materials. The Company will pay the expenses of soliciting proxies for the Annual Meeting, including the cost of preparing, assembling, posting on the Internet and mailing the Proxy Materials. Proxies may be solicited personally, by mail, by e-mail, over the Internet, or by telephone, by directors, officers and regular employees of the Company who will not be additionally compensated therefore.

The matters to be considered and acted upon at the Annual Meeting are referred to in the preceding notice and are more fully discussed below.

Table of Contents**ELECTION OF DIRECTORS***(Proposal No. 1 of the Proxy Card)***Nominees**

The Board of Directors consists of six members. At each annual meeting of shareholders, directors are elected for a term of one year to succeed those directors whose terms expire on the annual meeting date.

The six candidates nominated for election as directors at the Annual Meeting are Deepak Chopra, Ajay Mehra, Steven C. Good, Meyer Luskin, Chand R. Viswanathan and Leslie E. Bider. The enclosed Proxy will be voted in favor of these individuals unless other instructions are given. If elected, the nominees will serve as directors until the Company's Annual Meeting of Shareholders in 2009, and until their successors are elected and qualified. If any nominee declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although the Company knows of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as the Board of Directors may designate.

If a quorum is present and voting, the six nominees for directors receiving the highest number of votes will be elected as directors. Abstentions and shares held by brokers that are present, but not voted because the brokers were prohibited from exercising discretionary authority, *i.e.*, broker non-votes, will be counted as present only for purposes of determining if a quorum is present.

The Company may also require any proposed nominee to furnish such other information as the Company or the committee may reasonably require to determine the eligibility of the nominee to serve as a director. In performing its evaluation and review, the committee generally does not differentiate between candidates proposed by shareholders and other proposed nominees, except that the committee may consider, as one of the factors in its evaluation of shareholder recommended candidates, the size and duration of the interest of the recommending shareholder or shareholder group in the equity of the Company.

**RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

(Proposal No. 2 of the Proxy Card)

The Audit Committee of the Board of Directors has selected Moss Adams LLP (Moss Adams) as the Company s independent registered public accountants for the year ending June 30, 2009, and has further directed that management submit the selection of independent registered public accountants for ratification by the Company s shareholders at the Annual Meeting. Moss Adams has no financial interest in the Company and neither it nor any member or employee of the firm has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

In the event that the Company s shareholders fail to ratify the selection of Moss Adams, the Audit Committee will reconsider whether or not to retain the firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the Company s and its shareholders best interests.

Representatives of Moss Adams are expected to be present at the Annual Meeting and they will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

The Board of Directors unanimously recommends a vote FOR the ratification of Moss Adams as the Company s independent registered public accountants for the fiscal year ending June 30, 2009. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be adopted, this proposal must be approved by the affirmative vote of the holders of a majority of the shares of Common Stock present and voting at the Meeting.

ADOPTION OF 2008 EMPLOYEE STOCK PURCHASE PLAN

(Proposal No. 3 of the Proxy Card)

Introduction

The Board of Directors recommends that the Company's shareholders approve the OSI Systems, Inc. 2008 Employee Stock Purchase Plan (the New ESPP), including the reservation of 1,500,000 shares of Common Stock for issuance thereunder. The New ESPP was adopted by the Company's Board of Directors on August 26, 2008, and, following approval by the shareholders, will replace the Company's existing Employee Stock Purchase Plan (the Old ESPP) adopted in 1998. The New ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the U.S. Internal Revenue Code (the Code). As of October 10, 2008, no shares had been issued pursuant to the New ESPP. The Company anticipates that the first Offering Period (as defined below) under the New ESPP will begin on January 1, 2009.

Summary and Purpose of the 2008 Employee Stock Purchase Plan

The purpose of the New ESPP is to encourage and enable eligible employees to acquire a financial stake in the Company through the ownership of Common Stock. The New ESPP offers eligible employees the opportunity to acquire Common Stock through periodic payroll deductions at a discount from the current market price in accordance with applicable Internal Revenue Service regulations. The Board of Directors believes that the New ESPP is in the best interest of the shareholders, as it helps increase the number of the Company's employees who own Common Stock and helps align employee and shareholder interests. The Board of Directors believes that the New ESPP will also help the Company to attract, retain and motivate its employees.

The Company's Old ESPP expires on December 31, 2008. If the shareholders approve the New ESPP, it will replace the Company's Old ESPP with respect to future offerings to employees. As of October 10, 2008, an aggregate of 133,067 shares remain available for future issuance under the Old ESPP. The Company anticipates that approximately 100,000 shares will remain unissued under the Old ESPP when it expires. Any shares which remain unissued under the Old ESPP when it expires will not be available for future issuance under the New ESPP.

The following is a summary of the principal provisions of the New ESPP. This summary does not purport to be a complete description of all of the provisions of the New ESPP. It is qualified in its entirety by reference to the full text of the New ESPP, which is included as Appendix A to this Proxy Statement.

Number of Authorized Shares

The maximum aggregate number of shares of the Company's Common Stock that may be issued under the New ESPP shall be 1,500,000 shares.

Administration

The New ESPP is administered by the Board of Directors or a committee appointed by the Board (the Committee). Unless otherwise specified by the Board of Directors, the Committee shall consist of the members of the Company's Compensation Committee. Every finding, decision and determination by the Board of Directors or the Committee shall, to the full extent permitted by law, be final and binding upon all parties.

Eligibility

All U.S. persons who are regular employees of the Company whose date of hire was at least ninety (90) days prior to the commencement of an Offering Period and who are customarily employed by the Company for at least twenty (20) hours per week and more than five (5) months per calendar year are eligible to participate

Table of Contents

in the New ESPP. Participation in the New ESPP ends automatically on termination of employment with the Company. An eligible employee may become a participant by completing an enrollment form authorizing payroll deductions and delivering it to the Company's human resources office prior to the applicable enrollment date.

Offering and Exercise Periods

The New ESPP is implemented by overlapping offering periods of twenty-four (24) months each (Offering Periods). Offering Periods commence every six months, beginning on January 1 and July 1 of each year and consist of four exercise periods of six months each (Exercise Periods). The Board of Directors or the Committee may change the duration of the Exercise Periods or the length or date of commencement of an Offering Period.

Grant of Option; Purchase Price; Limitations

On the first day of each Offering Period (the Offering Date), each eligible employee participating in the New ESPP will be granted an option to purchase on the last day of each Exercise Period in such Offering Period (the Exercise Date) a number of shares of Common Stock of the Company determined by dividing such employee's accumulated payroll deductions by the lower of: (i) 85% of the fair market value of one share of the Company's Common Stock on the Offering Date or (ii) 85% of the fair market value of one share of the Company's Common Stock on the applicable Exercise Date. Unless a participating employee withdraws from the New ESPP, his or her option will be automatically exercised on each Exercise Date of the Offering Period; provided that in no event will an employee be permitted to purchase during an Exercise Period a number of shares in excess of the number determined by dividing \$12,500 by the fair market value of a share of the Company's Common Stock on the Offering Date. The fair market value of the Common Stock on a given date is the closing sale price of the Common Stock for such date as quoted on the Nasdaq Global Market.

In addition, no employee will be granted an option under the New ESPP if, immediately after grant, the employee would own 5% or more of the voting power or value of all classes of stock of the Company or of any of its subsidiaries (including stock which may be purchased under the New ESPP or pursuant to any other options), nor will any employee be permitted to participate to the extent such employee could buy under all employee stock purchase plans of the Company more than \$25,000 worth of stock (determined at the fair market value of the shares at the time the option is granted) in any calendar year.

Payroll Deductions

The purchase price for the shares is accumulated by payroll deductions during the Offering Period. The deductions may not exceed 10% of a participant's eligible compensation, which is defined in the plan to mean the annual base rate of pay of an eligible employee during an Offering Period, determined in accordance with nondiscriminatory rules adopted by the Board of Directors, plus commissions and cash bonuses, but excluding income with respect to stock options, restricted stock awards or other stock purchases and expense reimbursements. A participant may discontinue his or her participation in the New ESPP at any time during the Offering Period. Payroll deductions commence on the first payday following the Offering Date, and continue at the same rate with automatic enrollment in subsequent Offering Periods, unless sooner terminated by the participant.

Automatic Transfer to Low Price Offering Period

In the event that the fair market value of the Company's Common Stock is lower on an Exercise Date than it was on the first day of the Offering Period, all employees participating in the New ESPP on the Exercise Date will be deemed to have withdrawn from the Offering Period immediately after exercise of their option and to have enrolled as participants in the newly commencing Offering Period.

Table of Contents

Withdrawal; Termination of Employment

Employees may end their participation in an offering at any time during the Offering Period, and participation ends automatically on termination of employment with the Company or failure of the participant to remain in the continuous scheduled employment of the Company for at least twenty (20) hours per week. Once a participant withdraws from a particular offering, that participant may not participate again in the same offering. A participant may withdraw all, but not less than all, of the payroll deductions credited to such participant's account by giving written notice to the Company.

Transferability

No rights or accumulated payroll deductions of a participant under the New ESPP may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will or the laws of descent and distribution), and any such attempt may be treated by the Company as an election to withdraw from the New ESPP.

Adjustments Upon Changes in Capitalization, Dissolution, Merger, Asset Sale or Change of Control

The shares reserved under the New ESPP, as well as the price per share of Common Stock covered by each option under the New ESPP which has not yet been exercised, will be proportionately adjusted for any stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company. In the event of the proposed dissolution or liquidation of the Company, the pending Offering Period will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board of Directors. In the event of a proposed sale of all or substantially all the assets of the Company or a merger of the Company with or into another corporation, the New ESPP provides that each option under the New ESPP will be assumed or an equivalent option will be substituted by the successor or purchaser corporation, unless the Board of Directors determines, in its sole discretion, to terminate the pending Offering Period prior to the consummation of such event, in which case the option will be exercisable for a period of thirty days thereafter.

Amendment and Termination

The Board of Directors of the Company may at any time and for any reason terminate or amend the New ESPP. Except as provided in the New ESPP, no termination can affect options previously granted, nor may any amendment make any change in any option already granted which adversely affects the rights of any participant. Shareholder approval is required under the New ESPP for any amendment which would:

Increase the aggregate number of shares of Common Stock to be issued under the New ESPP;

Materially modify the requirements for eligibility to participate in the New ESPP;

Increase the maximum number of shares of Common Stock which a participant may purchase in any Offering Period;

Extend the term of the New ESPP;

Alter the option price per share formula so as to reduce the price for shares of Common Stock to be purchased under the New ESPP;

Otherwise materially increase the benefits accruing to participants under the New ESPP; or

Cause the New ESPP to fail to meet the requirements of an employee stock purchase plan under Section 423 of the Code.

Unless terminated sooner, the New ESPP will terminate 10 years from its date of adoption.

Federal Tax Information

The following information is a general summary of the federal income tax consequences of the New ESPP to participants and to the Company. Tax laws may change, and actual tax consequences will depend on the participant's individual circumstances as well as state and local tax laws. The Company encourages all employees to seek tax advice when they participate in the ESPP. The ESPP is intended to qualify as an employee stock purchase plan under Code Section 423.

Tax Treatment of Participants

Participants will not recognize income when they enroll in the New ESPP or when they purchase shares. If the participant holds the shares acquired under the New ESPP for one year or more after the Exercise Date and two years or more after the Offering Date, or if the participant dies while owning the shares, the participant will generally recognize ordinary income when disposing of the shares equal to the difference between the purchase price and the fair market value of the shares on the date of disposition, or 15% of the fair market value of the shares on the Offering Date, whichever is less. Any additional gain will be taxed as long-term capital gain. If the shares are sold for less than the purchase price, there is no ordinary income, but the participant will have a long-term capital loss for the difference between the purchase price and the sale price. If a participant sells or gifts the shares less than one year after the Exercise Date or less than two years after the Offering Date, the participant will generally have ordinary income equal to the difference between the purchase price and the fair market value on the Exercise Date. The difference between the sale price and the fair market value on the Exercise Date will be a capital gain or loss.

Tax Treatment of Company

When a participant recognizes ordinary income by disposing of shares before the one-year or two-year holding period ends, the Company will generally be entitled to a tax deduction in the amount of the ordinary income.

New Plan Benefits

Eligible employees participate in the New ESPP voluntarily and each such employee determines his or her level of payroll deductions within the guidelines fixed by the New ESPP. Accordingly, future purchases under the New ESPP are not determinable at this time.

The Board of Directors unanimously recommends that you vote FOR the adoption of the New ESPP, including the reservation of 1,500,000 shares of Common Stock for issuance thereunder. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be adopted, this proposal must be approved by the affirmative vote of the holders of a majority of the shares of Common Stock present and voting at the Meeting.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion & Analysis

This Compensation Discussion and Analysis describes the Company's compensation philosophy, objectives, and processes, including the methodology for determining executive compensation for the Named Executive Officers, as defined under the section entitled "Compensation of Executive Officers and Directors" Summary Compensation Table. Please also refer to the more detailed compensation disclosures beginning with and following the Summary Compensation Table contained in this Proxy Statement.

Overview of Compensation Philosophy and Guiding Principles

The Company recognizes and values the critical role that executive leadership plays in its performance. The Company's executive compensation philosophy is intended to ensure that executive compensation is aligned with its business strategy, objectives and stockholder interests, and is designed to attract, motivate and retain highly qualified and key executives. Executive compensation elements generally consist of a base salary, an annual cash bonus, long-term equity compensation and certain benefits and perquisites more fully described below.

Role of the Compensation Committee

The Company's Board of Directors appoints members to the Compensation Committee to assist in recommending and reviewing executive compensation for the Named Executive Officers. The Compensation Committee reviews and approves salaries, annual bonuses, long-term incentive compensation, benefits, and other compensation in order to ensure that the Company's executive compensation strategy and principles are aligned with its business strategy, objectives and stockholder interests. Each member of the Compensation Committee is independent within the meaning of the rules and regulations of the SEC and the Nasdaq Listing Standards, as currently in effect.

Executive Compensation Methodology

The Compensation Committee takes into account various qualitative and quantitative indicators of corporate and individual performance in determining the level and composition of compensation to be paid to the Named Executive Officers. The Compensation Committee appreciates the importance of achievements that may be difficult to quantify, and accordingly recognizes qualitative factors, such as superior individual performance, new responsibilities or positions within the Company, leadership ability and overall management contributions to the Company.

In general, the process by which the Compensation Committee makes decisions relating to executive compensation includes, but is not limited to, consideration of the following factors:

The Company's executive compensation philosophy and practices;

The Company's performance relative to peers and industry standards;

Success in attaining annual and long-term goals and objectives;

Alignment of executive interests with shareholder interests through equity-based awards and performance-based compensation;

Individual and team contributions, performance and experience; and

Total compensation and the mix of compensation elements for each Named Executive Officer.

The Compensation Committee also evaluates the compensation of the Named Executive Officers in light of information regarding the compensation practices and corporate financial performance of other companies in the industries in which the Company operates. The Compensation Committee assesses competitive market compensation using a number of data sources reflecting industry practices of other organizations similar in size.

Table of Contents

The Compensation Committee reviews each component of the executive's compensation against executive compensation surveys prepared by outside compensation consultants engaged by the Compensation Committee. During the year ended June 30, 2008, the Compensation Committee engaged Watson Wyatt to prepare such surveys and provide expert advice. The surveys used for comparison reflect compensation levels and practices for executives holding comparable positions at targeted peer-group companies. These surveys collect compensation data from peer-group companies based on revenues. The survey data utilized by the Compensation Committee generally includes:

base salary;

annual bonus;

total cash compensation;

pay adjustment trends;

long-term incentives;

retirement and capital accumulation;

benefits and perquisites; and

equity ownership.

In implementing the Company's compensation program, the Compensation Committee seeks to achieve a balance between compensation and the Company's annual and long-term budgets and business objectives, encourage executive performance in furtherance of stated Company goals, provide variable compensation based on the performance of the Company, create a stake in the executive officer's efforts by encouraging stock ownership in the Company, and align executive remuneration with the interests of the Company's shareholders.

Executive Compensation Program Elements

The Compensation Committee reviews the Company's compensation program to ensure that pay levels and incentive opportunities are competitive with the market and reflect the performance of the Company. In addition, the Compensation Committee reviews components of the Named Executive Officer's compensation against executive compensation surveys of a peer group prepared by outside compensation consultants with the intent to establish targeted levels of base salary, annual incentive bonus and long-term incentive compensation. The particular elements of the compensation program for the Named Executive Officers consist of the following:

Base Salary. Base salary is set to attract and retain executive talent. Base salaries for the Named Executive Officers are established at levels considered appropriate in light of the duties and scope of responsibilities of each executive officer's position, and the experience the individual brings to the position. Salaries are reviewed periodically and adjusted as warranted to reflect sustained individual performance. Base salaries are

kept within a competitive range for each position, reflecting both job performance and market forces.

Annual Incentive Bonus. Annual incentive bonuses are designed to focus the Company's Named Executive Officers on annual operating achievement. Named Executive Officers are eligible for a target annual incentive bonus. The Company pays annual incentive bonuses to its Named Executive Officers based upon the achievement of targets that are indicative of the Company's performance, as well as individual performance. The annual incentive bonus for fiscal year 2008 paid to each of the Named Executive Officers is shown in the "Bonus" column of the Summary Compensation Table.

Long-Term Incentive Compensation/Equity Based Awards. The Company's long-term incentive program is designed to retain the Named Executive Officers and to align the interests of the Named Executive Officers with the interests of the Company's stockholders. The Company's long-term incentive program consists of periodic grants of restricted stock and stock options which are made at the discretion of the Compensation Committee under the Company's Amended and Restated 2006 Equity Participation Plan

Table of Contents

(the Equity Plan). Decisions made by the Compensation Committee regarding the amount of the grant and other discretionary aspects of the grant take into consideration Company performance, individual performance and experience, contributions to the Company's development, competitive forces to attract and retain senior management, and the nature and terms of grants made in prior years.

The Compensation Committee grants awards to the Named Executive Officers under the Equity Plan. All equity awards are made at fair market value on the date of grant with respect to stock options (which is the date on which the Compensation Committee authorizes the grant). Under the Equity Plan, fair market value is determined by the closing price of the Company's Common Stock on such dates.

Benefits and Perquisites. Benefits and perquisites are designed to attract and retain key employees. Currently, the Named Executive Officers are eligible to participate in benefit plans available to all employees including the Company's 401(k) Plan, Equity Plan, Employee Stock Purchase Plan, medical, dental, and vision health insurance plans and life and long-term disability insurance plans. The 401(k) Plan, Employee Stock Purchase Plan and the medical, vision and dental plans require each participant to pay a contributory amount. In certain instances, the Company has elected to pay amounts contributed to medical, dental, and vision health insurance plans and life and long-term disability insurance plans on behalf of the Named Executive Officer. The Company also provides a discretionary matching contribution to its 401(k) Plan for participating employees, including the Named Executive Officers. Employee individual plan contributions are subject to the maximum contribution allowed by the Internal Revenue Service.

The Company also maintains a Nonqualified Deferred Compensation Plan that is unfunded for federal tax purposes and allows the Named Executive Officers and a select group of other managers or highly compensated employees (as designated by the Compensation Committee) to defer a specified percentage of certain compensation, including salary, bonuses and commissions. The Deferred Compensation Plan also allows the Company to make discretionary contributions and matching contributions on behalf of eligible participants. Distributions may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date, or death. Additional information about this plan is summarized below under the heading Nonqualified Deferred Compensation.

On October 10, 2008, the Company adopted a Nonqualified Defined Benefit Plan, the purpose of which is to provide specified payments to participants following retirement, termination in connection with a change in control of the Company, or the participant's death. Currently, Mr. Chopra is the only employee that participates in this plan.

Total Compensation Mix

The Compensation Committee believes that the elements described above provide a well proportioned mix of equity-based compensation, at risk or performance based compensation, and retention based compensation that produces short-term and long-term incentives and rewards. The Company believes this compensation mix provides the Named Executive Officers a measure of security as to the minimum levels of compensation that they are eligible to receive, while motivating the Named Executive Officers to focus on the business measures that will produce a high level of performance for the Company, as well as reducing the risk of recruitment of highly qualified executive talent by the Company's competitors. The mix of annual incentives and the equity-based awards likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance. The Company believes that its compensation mix results in a pay-for-performance orientation that is aligned with its compensation philosophy to pay median pay for median performance and above-market pay for superior performance.

Employment Agreements

The Company has entered into employment agreements with Messrs. Chopra, Edrick, Mehra and Sze. The terms of each of such agreements are summarized below under the heading Employment Agreements.

Table of Contents*Impact of Accounting and Tax on the Form of Compensation*

The Compensation Committee considers applicable tax, securities laws and accounting regulation in structuring and modifying its compensation arrangements and employee benefit plans. The Compensation Committee has considered the impact of the Statement of Financial Accounting Standard No. 123, Share-Based Payment (SFAS 123R), which the Company adopted in fiscal 2006, on the Company's use of equity-based awards. This consideration factored heavily in the Company's decision with respect to stock options grants made in fiscal year 2008. The Compensation Committee also considers the limits on deductibility of compensation imposed by Section 162(m) of the Code with respect to annual compensation exceeding \$1.0 million and Section 280(b) of the Code with respect to change in control payments exceeding specified limits.

Pension Benefits

Edgar Filing: OSI SYSTEMS INC - Form DEF 14A

During the year ended June 30, 2008, the Company did not sponsor any qualified or non-qualified defined benefit plan for any Named Executive Officer. On October 10, 2008, the Company adopted a Nonqualified Defined Benefit Plan. Mr. Chopra is currently its only participant.

Nonqualified Deferred Compensation

The Company adopted a nonqualified deferred compensation plan in May 2008 (the Deferred Compensation Plan). Under the Deferred Compensation Plan, a select group of the Company s management or highly compensated employees (as designated by the Compensation Committee), including the Named Executive Officers, may defer a specified percentage of their salary, bonuses and commissions and thereby defer taxation of

Table of Contents

these deferred amounts until actual payment of the deferred amounts in future years. The Named Executive Officers may elect to defer up to eighty percent (80%) of their base salary and up to one hundred percent (100%) of other types of eligible compensation. The Deferred Compensation Plan also allows the Company to make discretionary contributions and matching contributions on behalf of eligible participants.

Participants receive market-based returns on their deferred compensation amounts based on the performance of a variety of mutual fund-type investment vehicles chosen by them and which are similar to the investment vehicles made available to all employees participating in the Company's 401(k) Plan. Participants may at any time change their investment allocations among the investment vehicles made available under the Deferred Compensation Plan. The rates of return for the Named Executive Officers for deferred amounts in the Deferred Compensation Plan in fiscal 2008 ranged from -10.2% to 0%.

Distributions to participants may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date, or death.

The following table sets forth information regarding contributions into the Deferred Compensation Plan made by or for each of the Named Executive Officers during fiscal year ended June 30, 2008(1):

Employment Agreements

The Company has entered into employment agreements with Messrs. Chopra, Edrick, Mehra and Sze.

Deepak Chopra's Employment Agreement

On July 18, 2005, the Company entered into an Amended and Restated Employment Agreement with Mr. Chopra. Unless the agreement is terminated earlier in accordance with its terms, the Company will employ Mr. Chopra until the later of (i) the fifth anniversary of the date of the agreement or (ii) the close of business three years following the date that either party elects to end the term of the agreement. The agreement provides for a base salary to be determined each year by the Company. Mr. Chopra is entitled to receive one-third of the Company's year-end bonus pool for management, if a bonus pool is established, and to participate in incentive compensation and other employee benefit plans established by the Company from time to time. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination, and preclude Mr. Chopra from soliciting its employees or customers after the expiration of the term of his employment with the Company.

Table of Contents

Under the terms of the agreement with Mr. Chopra, the Company may terminate Mr. Chopra's employment at any time for cause, as defined in the agreement.

In the event that Mr. Chopra resigns from his employment with the Company with good reason (as defined in the agreement), or the Company terminates Mr. Chopra without cause, then: (i) Mr. Chopra is entitled to his unpaid salary, prorated bonuses, unpaid vacation days, unpaid expenses, and other benefits made available to the Company's senior members of management, or to its employees generally, through the date of his resignation with good reason or termination without cause; (ii) Mr. Chopra would continue to be entitled to receive all of his salary, unpaid expenses, unpaid vacation days, bonuses and other benefits made available to the Company's senior members of management, or to its employees generally, for a period of three years from the date of resignation with good reason or termination without cause, without any deduction or offset for any compensation earned or received by Mr. Chopra from any other sources and without any further obligation by Mr. Chopra to render services to the Company; and (iii) at Mr. Chopra's election, all of his unvested stock options in the Company would fully vest upon the date of his resignation with good reason or termination without cause.

In the event Mr. Chopra resigns from the Company with good reason or the Company terminates him without cause at any time upon or after the occurrence of a change in control (as defined in the agreement), then Mr. Chopra, at his option and in lieu of receiving the amounts set forth above may elect to receive a lump sum payment in an amount equal to the product of 2.99 multiplied by Mr. Chopra's base amount (as defined in Code Section 280G(b)(3)). In connection with such alternative payment, Mr. Chopra, in his sole discretion, has the right to have all or any portion of his unvested stock options accelerate as of the date of such resignation or termination.

In the event that Mr. Chopra dies or becomes physically or mentally disabled so as to become unable for more than 180 days in the aggregate in any 12 month period to perform his duties on a full-time basis with reasonable accommodations, then, upon the date of his death or upon the Company's termination of his employment due to a disability, (i) Mr. Chopra would be entitled to all unpaid salary, prorated bonuses, unpaid vacation days, unpaid expenses and other benefits made available to the Company's senior members of management, or to its employees generally, through the date of Mr. Chopra's death or termination for disability and (ii) all of Mr. Chopra's unvested stock options in the Company would fully vest on such date.

On October 10, 2008, the Company adopted a Nonqualified Defined Benefit Plan, the purpose of which is to provide specified payments to participants following retirement, termination in connection with a change in control of the Company, or the participant's death or disability. Currently, Mr. Chopra is the only employee that participates in this plan. Under the terms of his participation, commencing on the first day of the month following the date that Mr. Chopra turns 65, Mr. Chopra will be paid \$500,000 per year for 10 years. For every year that Mr. Chopra continues his employment with the Company past the age 65, Mr. Chopra's benefit will increase by \$33,333. However, in no event will his total yearly benefit exceed \$600,000. If Mr. Chopra terminates his employment with the Company within two years of a change in control (as defined in the plan), he will be entitled to receive, in a single lump-sum payment, the net present value of his accrued benefit. If Mr. Chopra remains in the service of the Company for more than two years following a change in control, his benefit will continue as scheduled. If a change in control occurs after Mr. Chopra's retirement and prior to or during his distributions under the Nonqualified Defined Benefit Plan, he will receive an accelerated payment of the net present value of all remaining distributions. Mr. Chopra's benefits under the Nonqualified Defined Benefit Plan will vest equally over the remaining seven years of his service to the Company (assuming retirement at the age of 65).

Alan Edrick's and Victor Sze's Employment Agreements

On September 22, 2008, the Company entered into an employment agreement with each of Messrs. Edrick and Sze (each, the Executive). The terms of such agreements are nearly identical. Unless the agreement is terminated earlier in accordance with its terms, the Company will employ the Executive until the later of (i) the third anniversary of the date of the agreement or (ii) one year following the date that the Company notifies the Executive

Table of Contents

of its election to end the term of the agreement. The agreement provides for a base salary to be determined each year by the Company. The Executive is also eligible to receive discretionary bonus payments from the bonus pool established by the Company for its officers and employees, to participate in incentive compensation and other employee benefit plans established by the Company. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination, and preclude the Executive from soliciting for hire any individual that was an executive, supervisor or manager of the Company on, or within 90 days prior to, Executive's last date of employment with the Company.

Under the terms of the agreement, the Company may terminate Executive's employment at any time for cause (as defined in the agreement), or for the following additional reasons: (i) in the event of the Executive's death; (ii) because of physical or mental incapacity or disability, failure to perform the essential functions of his position for an aggregate period of 60 days within any six-month period; or (iii) on 30 days' written notice, each as further detailed in the agreement. The Executive may also terminate his employment agreement for good reason (as defined in the agreement).

In the event of the termination of the Executive's employment by the Company without cause or by the Executive for good reason, the Executive shall be entitled to: (i) an amount equal to 18 months' salary at the Executive's then-current base salary; (ii) an amount equal to 1.5 times the average bonus paid by the Company to the Executive in the three years preceding such termination; and (iii) the acceleration of vesting of all stock options and equity grants from the Company to the Executive, and an extension of time to exercise such stock options such that the Executive's right to exercise such stock options shall continue until the first anniversary of the last day of his employment, but in no event later than the expiration date of the options.

In the event of the termination of the Executive's employment by the Company without cause or by the Executive for good reason, within 90 days prior to or 12 months after a change of control (as defined in the agreement), then the Executive shall be entitled to (i) an amount equal to 24 months' salary at the Executive's then-current base salary; (ii) an amount equal to twice the average of bonuses paid by the Company to the Executive in the three years preceding such termination; and (iii) the acceleration of vesting of all stock options and equity grants from the Company to the Executive, and such stock options shall remain exercisable by the Executive for no less than 12 months after the date of such termination. Under such circumstances, the Executive may, at his option, and in lieu of receive the forgoing amounts, elect to receive a lump sum payment in an amount equal to the product of 2.99 multiplied by the Executive's base amount (as defined in Code Section 280G(b)(3)); provided, however, that in such case, the amount of such alternative payment shall be reduced by the value of acceleration (as determined under Code Section 280G and the regulations thereunder) of any equity or stock options accelerated under the terms of the agreement.

Ajay Mehra's Employment Agreement

On September 1, 2000, the Company entered into an employment agreement with Mr. Mehra. In November 2006, the Company amended Mr. Mehra's employment agreement to extend the term of the agreement until August 31, 2009. The agreement provides for a base salary to be determined each year by the Company. Mr. Mehra is eligible to receive discretionary bonus payments from the bonus pool established by the Company for its officers and employees and to participate in incentive compensation and other employee benefit plans established by the Company. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination, and preclude Mr. Mehra from soliciting its employees or customers after the expiration of the term of his employment with the Company.

The Company may terminate the employment agreement on 30 days' written notice, subject to the obligation described in the paragraph below. In addition, in the event that Mr. Mehra dies or becomes physically or mentally disabled so as to become unable for more than 180 days in the aggregate in any 12 month period to perform his duties on a full-time basis with reasonable accommodations, then, upon the date of his death or upon the Company's termination of his employment due to a disability, the Company may terminate the agreement.

Table of Contents

If the Company terminates Mr. Mehra's employment without cause (as defined in the agreement), then, in addition to all compensation accrued and outstanding as of such termination date, Mr. Mehra will be entitled to receive the salary, bonus and other benefits that he would have received had he remained employed during the remainder of the term of the agreement, without deduction or offset for any compensation earned or received by Mr. Mehra from any other sources.

Potential Payment upon Termination of Employment or Change in Control

The following table reflects the breakdown of potential payments and benefits upon termination or a change in control. The table assumes that the terms of employment to which each Named Executive Officer is currently subject had been effect on June 30, 2008 and that employment terminated on such date. The table also assumes that the price of the Company's stock, on which certain calculations in the following table are made, was the closing price of the Company's Common stock on that date (\$21.42).

Please also note that regardless of the manner in which a Named Executive Officer's employment terminates, the officer is entitled to receive amounts earned during the term of employment. These amounts, which are not included the following table, include: (i) regular salary accrued as of the final date of employment; (ii) vacation and paid time off accrued as of the final date of employment; (iii) travel expense reimbursements not yet paid as of the final date of employment; and (iv) amounts contributed under the Company's qualified and nonqualified deferred compensation plans.

All disclosed amounts in the following table are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers, which amounts would only be known at the time that they become eligible for such payments.

Such officers, directors and stockholders are required by SEC regulations to furnish the Company with copies of all such reports that they file. Chopra, Edrick, Mehra, Sze, Good, Viswanathan and Bider each untimely filed one Form 4 report during the year ended June 30, 2008, Mr Luskin untimely filed two Form 4 reports during the year ended June 30, 2008, and Mr. Mansouri untimely filed five Form 4 reports during the year ended June 30, 2008.

Audit Committee's Pre-Approval Policy

The Audit Committee pre-approves all audit, audit-related and tax services (other than prohibited non-audit services) to be provided by the independent public accountants. The Audit Committee has delegated to its Chairman the authority to pre-approve all other services to be provided by the independent public accountants, up to an aggregate of \$50,000 each fiscal year. The Chairman reports each such pre-approval decision to the full Audit Committee at its next scheduled meeting.

Independence

The Audit Committee has considered whether Moss Adams provision of services other than its audit of the Company's annual financial statement and its review of the Company's quarterly financial statements is compatible with maintaining such independent public accountant's independence and has determined that it is compatible.

REPORT OF AUDIT COMMITTEE

During the fiscal year ended June 30, 2008, the Audit Committee was composed of three non-employee directors, namely, Steven C. Good, Meyer Luskin and Leslie E. Bider, all of whom meet the independence and experience requirements of the SEC and NASDAQ Listing Standards. The Board of Directors has determined that Mr. Good qualifies as an Audit Committee Financial Expert as this term has been defined under the rules and regulations of the SEC. To date, no determination has been made as to whether the other members of the Audit Committee qualify as Audit Committee Financial Experts. The Audit Committee met four times during the fiscal year ended June 30, 2008.

At each of its meetings, the Audit Committee met with the senior members of the Company's financial management team and the independent public accountants. The Audit Committee's agenda is established by the Audit Committee's Chairman and the Company's Chief Financial Officer. During the year, the Audit Committee had private sessions with the Company's independent public accountants at which candid discussions of financial management, accounting and internal control issues took place.

The Audit Committee recommended to the Board of Directors the engagement of Moss Adams LLP as the Company's independent public accountants. The Audit Committee reviewed with the Company's financial managers and the independent public accountants overall audit scopes and plans, the results of internal and external audit examinations, evaluations by the auditors of the Company's internal controls, and the quality of the Company's financial reporting.

The Audit Committee has reviewed with management the audited financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations that the audited consolidated financial statements of the Company have been prepared in conformity with generally accepted accounting principles and have expressed to both management and the independent public accountants their general preference for conservative policies when a range of accounting options is available.

In its meetings with representatives of the independent public accountants, the committee asks them to address and discusses their responses to several questions that the committee believes are particularly relevant to its oversight. These questions include:

Are there any significant accounting judgments made by management in preparing the financial statements that would have been made differently had the independent public accountants themselves prepared and been responsible for the financial statements?

Based on the independent public accountants' experience and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements?

Based on the independent public accountants' experience and their knowledge of the Company, has the Company implemented internal controls and internal audit procedures that are appropriate for the Company?

The Audit Committee believes that by thus focusing its discussions with the independent public accountants, it can promote a meaningful dialogue that provides a basis for its oversight judgments.

The Audit Committee also discussed with the independent public accountants all other matters required to be discussed by the independent public accountants with the committee under Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee received and discussed with the

Table of Contents

independent public accountants their annual written report on their independence from the Company and its management, which is made under Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and considered with the independent public accountants whether the provision of services provided by them to the Company during the fiscal year ended June 30, 2008 was compatible with the independent public accountants' independence.

Finally, the Audit Committee reviewed and discussed with management and the independent public accountants the evaluation of the Company's internal controls and the audit of management's report on the effectiveness of the Company's internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. The Audit Committee reviews the Company's SEC reports prior to filing and all quarterly earnings announcements in advance of their issuance with management and representatives of the independent public accountants. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, including evaluating the effectiveness of disclosure controls and procedures, and evaluating the effectiveness of internal controls over financial reporting, and of the independent public accountants, who, in their report, express an opinion on the conformity of the Company's annual financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on (1) management's assessment of the effectiveness of internal control over financial reporting, and (2) the effectiveness of internal controls over financial reporting.

In reliance on these reviews and discussions, and the report of the independent public accountants, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2008, for filing with the SEC.

Fair market value of a share of the Company's Common Stock shall be determined as provided in Section 7(b) herein.

(b) The option price per share of the shares offered in a given Exercise Period shall be the lower of: (i) 85% of the fair market value of a share of the Common Stock of the Company on the Offering Date; or (ii) 85% of the fair market value of a share of the Common Stock of the Company on the Exercise Date. The fair market value of the Company's Common Stock on a given date shall be the closing price as quoted on the Nasdaq Stock Market, Inc.'s Global Market or, if traded on an alternative securities exchange, the closing price on such exchange.

8. *Exercise of Option.* Unless a participant withdraws from the Plan as provided in Section 11, his or her option for the purchase of shares will be exercised automatically on each Exercise Date of the Offering Period, and the maximum number of full shares subject to option will be purchased for him or her at the applicable option price with the accumulated payroll deductions in his or her account. During his or her lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9. *Purchase of Common Stock.* The Company will maintain a Plan Account on its books in the name of each participant. On each payday the amount deducted from the participant's Compensation will be credited to the participant's Plan Account. No interest shall accrue on any such payroll deductions. As promptly as

practicable after the Exercise Date of each offering, the Company shall arrange, for each participant as appropriate, for the issuance of the shares purchased upon exercise of his or her option in street name and for the delivery of such shares to the participant's account at the Company's designated broker-dealer. Any cash remaining which is insufficient to purchase a full share of Common Stock at the termination of each Exercise Period shall be credited to the participant's account for the next Exercise Period.

10. *Automatic Transfer to Low Price Offering Period.* In the event that the fair market value of the Company's Common Stock is lower on an Exercise Date than it was on the first Offering Date for that Offering Period, all Employees participating in the Plan on the Exercise Date shall be deemed to have withdrawn from the Offering Period immediately after the exercise of their option on such Exercise Date and to have enrolled as participants in a new Offering Period which begins on or about the day following such Exercise Date.

11. *Withdrawal; Termination of Employment.*

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account under the Plan at any time prior to the Exercise Date of the Offering Period by giving written notice to the Company. All of the participant's payroll deductions credited to his or her account will be paid to him or her at the next pay date which follows the tenth business day after the receipt of his or her notice of withdrawal and his or her option for the current period will be automatically terminated, and no further payroll deductions for the purchase of shares will be made during the Offering Period.

(b) Upon termination of the participant's Continuous Status as an Employee prior to the Exercise Date for any reason, including retirement or death, the payroll deductions credited to his or her account will be returned to the participant or, in the case of the participant's death, to the representative of the participant's estate.

(c) A participant's withdrawal from an offering will not have any effect upon his or her eligibility to participate in a succeeding offering or in any similar plan which may hereafter be adopted by the Company.

12. *Number of Shares to be Offered.* The maximum aggregate number of shares of the Company's Common Stock that may be issued under the Plan shall be 1,500,000 shares, subject to adjustment upon changes in capitalization of the Company as provided in Section 15 hereof. In the event that any option granted under the Plan expires or is terminated for any reason, such shares allocable to the unexercised portion of such option shall again be subject to an option under the Plan.

13. *Administration.* The Plan shall be administered by the Board of Directors and/or by a duly appointed Committee consisting of not less than two persons, at least one of which shall be a member of the Board of Directors, and having such powers as shall be specified by the Board. The Board of Directors may from time to time remove members from, or add members to, the Committee. Vacancies on the Committee shall be filled by the Board of Directors. The Committee shall hold meetings at such times and places as it may determine. Unless otherwise specified by the Board of Directors, the Committee shall consist of the members of the Company's Compensation Committee. The interpretation and construction by the Board of Directors or the Committee of any provision of the Plan or of any right to purchase Common Stock shall be conclusive and binding on all persons.

14. *Transferability.* Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, or the laws of

Edgar Filing: OSI SYSTEMS INC - Form DEF 14A

descent and distribution) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with Section 11.

15. *Adjustments Upon Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each option under the Plan which has not yet been

exercised and the number of shares of Common Stock which have been authorized for issuance under the Plan but have not yet been placed under option (collectively, the Reserves), as well as the price per share of Common Stock covered by each option under the Plan which has not yet been exercised, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split or the payment of a stock dividend (but only on the Common Stock) or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

In the event of the proposed dissolution or liquidation of the Company, the offering period will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each option under the Plan shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, that the participant shall have the right to exercise the option as to all of the optioned stock, including shares as to which the option would not otherwise be exercisable. If the Board makes an option fully exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Board shall notify the participant that the option shall be fully exercisable for a period of thirty (30) days from the date of such notice, and the option will terminate upon the expiration of such period.

The Board may, if it so determines in the exercise of its sole discretion, also make provision for adjusting the Reserves, as well as the price per share of Common Stock covered by each outstanding option, in the event that the Company effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of its outstanding Common Stock, and in the event of the Company being consolidated with or merged into any other corporation.

16. *Rights as a Shareholder.* A participant shall have no rights as a shareholder with respect to any shares of Common Stock he or she may have a right to purchase under the Plan until the date of issuance of a stock certificate to such participant for shares issued pursuant to the Plan.

17. *Rights as an Employee.* Nothing in the Plan shall be construed to give any participant the right to remain in the employ of the Company or a Subsidiary or to affect the right of the Company and its Subsidiaries or the participant to terminate such employment at any time with or without cause.

18. *Use of Funds.* All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

19. *Amendment or Termination.* The Board of Directors shall have the right to amend, modify or terminate the Plan at any time without notice, provided that no Participant's existing rights are adversely affected thereby, and provided further that no amendment to the Plan shall be effective until such amendment is approved by a vote of the holders of at least a majority of the outstanding shares of Common Stock of the Company within twelve month before or after the date upon which such action is taken by the Board of Directors, if such amendment would:

(a) Increase the aggregate number of shares of Common Stock to be issued under the Plan (except as provided in Section 15 hereof);

(b) Materially modify the requirements for eligibility to participate in the Plan;

- (c) Increase the maximum number of shares of Common Stock which a Participant may purchase in any Offering Period;

- (d) Extend the term of the Plan;

- (e) Alter the option price per share formula so as to reduce the price for shares of Common Stock to be purchased under the Plan;

- (f) Otherwise materially increase the benefits accruing to participants under the Plan; or

- (g) Cause the Plan to fail to meet the requirements of an employee stock purchase plan under Section 423 of the Code.

The Plan shall terminate on the date prior to the tenth anniversary of its adoption, if it has not been earlier terminated pursuant to this Section 19, but the Plan shall remain in full force and effect until the end of the Offering Period then in effect.

20. *Notices.* All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. *Stockholder Approval.* Continuance of the Plan and the effectiveness of any option granted hereunder shall be subject to approval of the Plan by the affirmative vote or written consent of the holders of a majority of the outstanding shares of Common Stock of the Company present or represented and entitled to vote thereon, within 12 months after the date of adoption of this Plan by the Board of Directors.

22. *Conditions Upon Issuance of Shares.* Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. *Governing Law.* To the extent not governed by federal law, all legal questions pertaining to the Plan shall be determined in accordance with the laws of the State of California.
