Report of Independent Registered Public Accounting Firm

To the Executive Committee of Allergan, Inc.

We have audited the accompanying statements of net assets available for benefits of the Allergan, Inc. Savings and Investment Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Allergan, Inc. Savings and Investment Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Allergan, Inc. Savings and Investment Plan (Restated 2008) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

General The Plan, established on July 26, 1989, is a defined contribution plan sponsored by Allergan, Inc. (the Company). The Plan provides for immediate eligibility to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is qualified under the Internal Revenue Code (the Code). The administrator for the Plan is the Allergan, Inc. Executive Committee. The trustee for the Plan is JPMorgan Chase Bank.

Employee Contributions The Company s eligible United States employees may contribute a portion of their defined compensation, either before tax, after tax, or a combination thereof, subject to the limitations as defined by the Code.

The Company s eligible Puerto Rico employees may contribute a portion of their defined compensation, either before tax, after tax, or a combination thereof, subject to the limitations as defined by the Puerto Rico Internal Revenue Code.

Participants direct the investment of their contributions into various investment options offered by the Plan through the Master Trust. The plan administrator regularly consults with the trustee to evaluate investment performance and, based thereon, will add or remove investment options. As of December 31, 2009 and 2008, participant contributions could be invested in the Allergan, Inc. Common Stock Fund, JPMorgan Stable Value Fund, Western Asset Core Plus Bond Portfolio Fund, Dodge & Cox Balanced Fund, American Century Income and Growth Fund, BlackRock Equity Index Fund (formerly known as Barclays Global Investors Equity Index Fund), Janus Adviser INTECH Risk-Managed Growth Fund, American Funds New Perspective Fund, American Funds EuroPacific Growth Fund, Columbia Marsico Focused Equities Fund, Evergreen Special Values Fund, TIAA-CREF Small Cap Blend Index Fund, Times Square Small Cap Growth Fund, Dodge & Cox Stock Fund or any combination of the 14 funds at the participant s discretion.

Additionally, certain assets were invested in the Advanced Medical Optics, Inc. Common Stock Fund as of December 31, 2008, although new allocations were not permitted and had not been made to that fund since June 29, 2002. During April 2009, the Advanced Medical Optics, Inc. Common Stock Fund shares were converted into cash and subsequently invested in the Dodge & Cox Balanced Fund due to the acquisition of Advanced Medical Optics, Inc. by Abbott Laboratories in February 2009.

Certain limitations imposed by the Code may have the effect of reducing the level of contributions initially selected by participants who fall within the classification of highly compensated employees as defined in the Code.

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Employer Matching Contributions The Company contributed an amount equal to 100% of each employee's contribution up to 4% of defined compensation for the year ended December 31, 2008. Pursuant to an amendment dated January 27, 2009 and effective January 31, 2009 (the January 2009 Plan Amendment), the Company made matching contributions in an amount equal to 100% of each employee's contribution up to 2% of defined compensation for the duration of the year ended December 31, 2009. The January 2009 Plan Amendment also authorizes the Company's Board of Directors, or its delegate, to change the Company's matching contribution levels from time to time in an amount not to exceed 4% of each employee's defined compensation. Effective January 1, 2010, the match was increased to 100% of each employee's contribution up to 3% of defined compensation.

Prior to January 1, 2009, employer matching contributions were made in Allergan, Inc. common stock which was invested in the Allergan, Inc. Common Stock Fund. Participants who were over 55 could, however, elect to direct their employer matching contributions into any of the 14 investment funds. All participants could elect at any time to diversify their employer matching contributions in the Allergan, Inc. Common Stock Fund into any of the other 13 investment funds, subject to the Company's insider trading policy.

Pursuant to an amendment dated June 15, 2009 and effective January 1, 2009, any participant may elect that any future matching contributions be invested in any of the 14 investment funds, subject to the Company's insider trading policy.

Employer Retirement Contributions Effective January 1, 2003, the Company makes an annual retirement contribution equal to 5% of each participant's defined compensation if they are eligible for the Retirement Contribution Feature of the Plan, have completed at least six months of service, and are employed on the last business day of the year. Pursuant to an amendment dated October 12, 2009 and effective January 1, 2008, the Company made a supplemental retirement contribution for the year ended December 31, 2008 on behalf of each participant who received a retirement contribution for the year and who was not a highly compensated employee during that year. The amendment provides the Company with discretion to make supplemental retirement contributions in future years as necessary to satisfy applicable non-discrimination requirements set forth under the Code.

Investment Options Participants have the right to elect investment options upon enrollment or re-enrollment into the Plan. Additionally, participants may elect to change their investment options and transfer their account balances among the different investment funds at any time, subject to the Company's insider trading policy.

Participant Accounts Each participant's account is credited for the participant's contributions, employer match and employer retirement contributions and allocations of fund earnings and charged with an allocation of administrative expenses and fund losses. The earnings and losses of each of the funds are allocated daily to the individual accounts of participants based on their relative interest in the fair value of the assets held in each fund, except for dividends and unrealized appreciation (depreciation) on the common stock of Allergan, Inc., which is allocated based upon the number of shares held in the individual accounts of participants.

Participant Loans Receivable Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance excluding retirement contributions. Loan terms range from one to five years or, for the purchase of a primary residence, up to 15 years. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent as determined on the date of the loan application. The interest rate is fixed for the term of the loan. Principal and interest is paid through payroll deductions each pay period.

Table of Contents

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting and Forfeitures Participant contributions are fully vested at all times. Participants forfeit their share of employer matching contributions if they terminate their employment before completing three years of service with the Company. Employer matching contributions vest based on a cliff vesting of 3 years of service. Employer retirement contributions vest on a graduated basis. After completing one year of service, the participant is 20% vested, and vesting increases 20% each year thereafter until fully vested at the end of the fifth year of service. Forfeitures are used by the Company to offset future employer contribution requirements and to reinstate rehired employee accounts. During the Plan years ended December 31, 2009 and 2008, \$2,248,446 and \$1,715,576, respectively, of forfeitures were used to offset contributions. At December 31, 2009 and 2008, unutilized forfeitures totaled \$312,588 and \$589,813, respectively.

Payment of Benefits Participants may withdraw their employee after-tax and rollover contributions at any time. After withdrawing all after-tax and rollover contributions, vested employer matching contributions can also be withdrawn at any time by a participant who has at least three years of credited service provided that the matching contributions were credited at least two years prior to withdrawal. Withdrawals of employee after-tax contributions during employment may cause the participant to become ineligible to receive certain employer matching contributions and be suspended from contributing to the Plan for a period of six months following the withdrawal.

After the permitted withdrawal of employee after-tax contributions, rollover contributions and vested employer matching contributions in accordance with the prior paragraph, an employee may withdraw his or her before-tax contributions and any remaining after-tax contributions and vested employer matching contributions in the event of financial hardship. Hardship withdrawals cause the employee to become ineligible to contribute to the Plan for a period of six months following the withdrawal for U.S. employees and 12 months for Puerto Rico employees. Hardship withdrawals of employer retirement contributions are not permitted.

Participants become entitled to payment of the total value of their accounts at the time of termination (if fully vested), attainment of age 59-1/2 (if fully vested), permanent and total disability, or death. Under certain circumstances set forth in the Plan, the participant may elect to receive the distribution in a lump sum (in cash or in cash and common stock of Allergan, Inc., or until April 2009, in stock of Advanced Medical Optics, Inc., as applicable) or may elect partial distributions. If the participant's vested account value is \$1,000 or more, withdrawals may be postponed until as late as attaining age 70-1/2. After death, payment is made in the form of a lump sum to the designated beneficiary.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared on the accrual basis of accounting. Except for unutilized forfeitures (see Note 1), the net assets of the Plan are allocated entirely to individual participants' accounts.

Table of Contents

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

The following presentation relates to the fully benefit-responsive investment contract (JPMorgan Stable Value Fund) held in the Master Trust for the years ended December 31, 2009 and 2008.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by JPMorgan Chase Bank.

The fair value of the investment contract at December 31, 2009 and 2008 was \$65,260,489 and \$55,562,813, respectively. The contract value of the investment contract at December 31, 2009 and 2008 was \$68,107,178 and \$61,759,351, respectively.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yields at December 31, 2009 and 2008 were approximately 1.63% and 2.81%, respectively. The crediting interest rate is based on an agreed-upon formula with the insurer, but cannot be less than zero. This rate is reset each calendar quarter based on the data as of the last business day of the month prior to the end of the quarter. The crediting interest rates in effect at December 31, 2009 and 2008 were approximately 1.94% and 2.69%, respectively.

Accounting Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition On June 20, 2007, the Plan, along with the Allergan, Inc. Employee Stock Ownership Plan, entered into the Allergan, Inc. Master Trust (the Master Trust). See Note 3, for further discussion of the Master Trust. The Plan's investments in the Master Trust are stated at fair value except that JPMorgan Stable Value Fund is based upon the net asset value reported by the fund (this fund is reported at contract value). Participant loans are valued at the outstanding balance which the plan sponsor has estimated approximates fair value.

Purchases and sales of investments held in the Master Trust are reflected on the trade-date basis. Dividend income is recorded on the ex-dividend date.

Table of Contents

ALLERGAN, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the contract value of its investments held in the Master Trust, which consist of the realized gains or losses and the unrealized appreciation (depreciation) on those investments held in the Master Trust.

Interest Bearing Cash and Cash Equivalents Interest bearing cash and cash equivalents held in the Master Trust represent amounts invested in JPMorgan Chase Bank, which consist of highly liquid short-term investments.

Contribution Funding The participant deferrals and employer matching contributions are funded on a consistent basis following the issuance of each Company payroll. Employer retirement contributions are funded on an annual basis.

Non-Discrimination for Employee and Employer Contributions The Plan, as required by the Code, performs annual tests between participants who are highly compensated employees and those who are non-highly compensated employees to ensure that highly compensated employees are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund some of the excess contributions made on behalf of highly compensated employees during the applicable year. Excess contributions that are refunded are accrued as a liability to the Plan in the year to which they relate. No such accrual exists at December 31, 2009 and 2008.

Non-Distributed Benefits The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Continuation of the Plan The Company anticipates and believes the Plan will continue without interruption, but reserves the right to discontinue the Plan. If the Plan is terminated by the Company, the accounts of all affected participants shall become 100% vested and non-forfeitable without regard to the years of service of such participants.

Administrative Expenses Expenses incurred in the administration and operation of the Plan are paid by the Plan. Certain administrative expenses of the Plan are paid by the Company.

NOTE 3 INVESTMENTS

The Master Trust was created pursuant to a trust agreement dated June 20, 2007, between the Company and JPMorgan Chase Bank, as trustee of the funds, to permit the commingling of trust assets of both the Allergan, Inc. Savings and Investment Plan and Allergan, Inc. Employee Stock Ownership Plan, for investment and administrative purposes. The assets of the Master Trust are held by JPMorgan Chase Bank.

The following tables summarize the net assets at fair value and net investment income (loss) of the Master Trust.
