Notes:

- The requirement for the proposal to be approved is a vote in favor by a simple majority of the voting rights held by the shareholders present at a meeting attended by shareholders entitled to exercise voting rights holding in aggregate  $\frac{1}{3}$  or more of the total voting rights.
- The method for calculating the Ratio of Approval is as follows  
This is the ratio of the number of votes in favor of the portion of the voting rights exercised in advance by the day prior to the meeting, to the total voting rights of the shareholders present at the meeting (the portion of the voting rights that were exercised in advance by the day prior to the meeting, as well as those exercised at the meeting).

- (4) Reasons why a part of the voting rights expressing an opinion for, against, or abstaining from, the proposal that were exercised by shareholders at the meeting were not included in the calculation

As the portion of the votes exercised in advance by the day prior to the meeting satisfied the requirements for the approval of the proposal whereby the resolutions were duly passed in conformance with the Companies Act, the voting rights expressing an opinion for, against, or abstaining from, the proposal that were exercised by shareholders at the meeting were not included in the calculation.

End.
