At the Annual Meeting, shareholders will be asked to: (i) elect four members to the Board of Directors, two to serve for a three-year term, one to serve for a two-year term and one to serve for a one-year term; (ii) ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010; and (iii) transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof. Solicitation, Voting and Revocability of Proxies

The Board of Directors has fixed the close of business on November 12, 2010 as the record date for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting. Accordingly, only holders of record of shares of Common Stock at the close of business on such date will be entitled to vote at the Annual Meeting, with each such share entitling its owner to one vote on all matters properly presented at the Annual Meeting. On the record date, there were 9,291,541 shares of Common Stock then outstanding. The presence in person or by proxy of a majority of the total number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If the enclosed form of proxy is properly executed and returned in time to be voted at the Annual Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. ***Executed but unmarked proxies will be voted FOR the nominees for election to the Board of Directors and FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010.*** The Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy upon such matters as determined by a majority of the Board of Directors.

Shareholders who execute proxies retain the right to revoke them at any time prior to the exercise of the powers conferred thereby by filing a written notice of revocation with, or by delivering a duly executed proxy bearing a later date to, Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington, 98661, or by attending the Annual Meeting and voting in person. All valid, unrevoked proxies will be voted at the Annual Meeting.

CORPORATE GOVERNANCE

Our Board of Directors and management have committed themselves to establishing a strong corporate governance environment, and to adopting best practices as they most meet the needs and goals of the Company. To that end, we have enhanced the former Nominating Committee to now be the Nominating and Governance Committee and we adopted Corporate Governance Principles, which cover such topics as qualifications and independence of Board members, the selection, orientation, and continuing education of Board members, as well as other topics designed to promote effective governance by the Board of Directors. In addition, the Board of Directors has adopted a Code of Business Conduct and Ethics, which applies to all employees, officers and directors of the Company. Copies of our Corporate Governance Principles and Code of Business Conduct and Ethics are available on the Company's website at www.nwpipe.com under the heading "Corporate Governance", or by writing to Northwest Pipe Company, attn. Corporate Secretary, 5721 SE Columbia Way, Suite 200, Vancouver, WA 98661.

Director Independence

The Board of Directors has determined that Michael C. Franson, Wayne B. Kingsley, Keith R. Larson and James E. Declusin are independent. The Board has established director independence guidelines as part of the Corporate Governance Principles to assist in determining director independence in accordance with the standards of the Nasdaq Stock Market. The director independence guidelines provide that none of the following will be an independent director :

(A) a director who is, or at any time during the past three years was, employed by Northwest Pipe;

(B) a director who accepted or who has a family member who accepted any compensation from Northwest Pipe in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than the following:

(i) compensation for board or board committee service;

(ii) compensation paid to a family member who is an employee (other than an executive officer) of Northwest Pipe; or

(iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation,

provided, however, that in addition to the requirements contained in this paragraph (B), Audit Committee members are also subject to additional, more stringent requirements under NASDAQ Rule 4350(d).

(C) a director who is a family member of an individual who is, or at any time during the past three years was, employed by Northwest Pipe as an executive officer;

(D) a director who is, or has a family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which Northwest Pipe made, or from which Northwest Pipe received, payments for property or services in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than the following:

(i) payments arising solely from investments in Northwest Pipe's securities; or

(ii) payments under non-discretionary charitable contribution matching programs.

(E) a director of Northwest Pipe who is, or has a family member who is, employed as an executive officer of another entity where at any time during the past three years any of the executive officers of Northwest Pipe serve on the compensation committee of such other entity; or

Board Leadership Structure and Risk Oversight

The Company's Corporate Governance Principles provide that the independent members of the Board of Directors will select a lead director from among the independent directors if the positions of Chairman of the Board and Chief Executive Officer are held by the same person or if the Chairman of the Board is not an independent director. The responsibilities of the lead director include the following: coordinate the activities of the independent directors; make recommendations to the CEO in setting Board meeting agendas on matters concerning the independent directors; prepare the agenda for executive sessions of the independent directors, chair those sessions and be primarily responsible for communications between the independent directors and the CEO. William R. Tagmyer, the Chairman of our Board of Directors, is not independent within the meaning of the applicable rules of the Nasdaq Stock Market. Accordingly, at the time the Company's Corporate Governance Principles were adopted, the Board selected one of the independent directors, Richard A. Roman, to serve as lead director. Mr. Roman resigned his position as lead director when he was appointed as the Company's Chief Executive Officer in March 2010. The remaining independent directors are in the process of identifying and appointing a new lead director.

The Board of Directors oversees management's Company-wide risk management activities. Management's risk management activities include assessing and taking actions necessary to manage risks incurred in connection with the long-term strategic direction of the Company and the operation of our business. The Board of Directors uses its committees to assist in its risk oversight function. The Compensation Committee is responsible for oversight of risk associated with our compensation plans. The Nominating and Governance Committee is responsible for oversight of board processes and corporate governance-related risk. The Audit Committee is responsible for oversight of our financial reporting process, financial internal controls and compliance activities, the qualification, independence and performance of our independent auditors, and compliance with applicable legal and regulatory compliance requirements. The Board of Directors maintains overall responsibility for oversight of the work of its various committees by having regular reports from the chairman of each Committee with respect to the work performed by his respective Committee. In addition, discussions about the Company's strategic plan, financial results, capital structure, merger and acquisition related activity and other business discussed with the Board includes discussion of the risks associated with the matters under consideration.

Board of Directors Meetings

The Board of Directors met four times during 2009. Each director attended more than 75 percent of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board on which he served. Members of the Board of Directors are also encouraged to attend the Company's annual meeting of shareholders each year. All of the members of the Board of Directors in office at that time attended the Company's 2009 Annual Meeting of Shareholders.

Board of Directors Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each of the Committees consists of independent directors and each of the Committees has adopted a written charter which is available on the Company's website at www.nwpipe.com under the heading "Corporate Governance", or by writing to Northwest Pipe Company, attn. Corporate Secretary, 5721 SE Columbia Way, Suite 200, Vancouver, WA 98661.

Audit Committee. The Audit Committee of the Board of Directors is responsible for the oversight and monitoring of: the integrity of the Company's financial reporting process, financial internal control systems, accounting and legal compliance and the integrity of our financial reporting; the qualifications, independence and performance of our independent auditors; our compliance with applicable legal and regulatory requirements; and the maintenance of an open and private, if necessary, communication among the independent auditors, management, legal counsel and the Board. The Audit Committee met thirty times in 2009. Each member of the Audit Committee is independent as defined by applicable U.S. Securities and Exchange Commission (SEC) and Nasdaq Stock Market rules. The Board of Directors has determined that Mr. Franson qualifies as an audit committee financial expert as defined by the rules of the SEC.

Audit Committee Report. Management is responsible for preparing the Company's financial statements. The independent registered public accounting firm is responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and issuing a report thereon, and for performing an independent audit of the effectiveness of the Company's internal controls over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the independent accountants on the basis of the information it receives, discussions with the independent accountants and the experience of the Audit Committee's members in business, financial and accounting matters.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent accountants. The Audit Committee also has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's independent accountants also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and the Audit Committee discussed with the independent accountants that firm's independence.

Based on the above discussions and review with management and the independent accountants, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the U.S. Securities and Exchange Commission.

Respectfully submitted by the Audit Committee of the Board of Directors.

Compensation Committee. The Compensation Committee of the Board of Directors is responsible for the oversight and determination of executive compensation by: reviewing, recommending and approving salaries and other compensation of the Company's executive officers; administering the Company's equity incentive and compensation plans, including reviewing, recommending and approving stock option and other equity incentive and compensation awards to executive officers; and reviewing, recommending and taking action upon any other compensation practices or policies of the Company as the Board may request or the Committee may determine to be appropriate. The Committee has sole authority to retain and terminate a compensation consultant to assist in the evaluation of executive compensation. The Compensation Committee met three times in 2009.

Nominating and Governance Committee; Nominations by Shareholders. The Nominating and Governance Committee of the Board of Directors recommends to the Board of Directors corporate governance principles for the Company, identifies qualified candidates for membership on the Board of Directors, and proposes nominees for election as directors. Each of the members of the Nominating and Governance Committee is independent as defined by applicable Nasdaq Stock Market rules. The Nominating and Governance Committee met one time in 2009.

In identifying qualified candidates for the Board of Directors, the Nominating and Governance Committee will consider recommendations by shareholders. Shareholder recommendations as to candidates for election to the Board of Directors may be submitted to Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington, 98661. The Nominating and Governance Committee will evaluate potential nominees, including candidates recommended by shareholders, by reviewing qualifications, considering references, and reviewing and considering such other information as the members of the Nominating and Governance Committee deem relevant. The Company's Corporate Governance Principles specify that the criteria used by the Nominating and Governance Committee in the selection, review and evaluation of possible candidates for vacancies on the Board should include factors relating to whether the candidate would meet the definition of independent as well as skills, occupation and experience in the context of the needs of the Board. All candidates for election to the Board of Directors must be individuals of character, integrity and honesty. The Company does not have a formal policy with respect to the consideration of diversity in identifying director candidates, however the Board does consider diversity in reviewing director nominee candidates. The Nominating and Governance Committee has not employed any third parties to help identify or screen prospective directors in the past, but may do so at the discretion of the Nominating and Governance Committee.

The Company's Bylaws permit shareholders to make nominations for the election of directors, if such nominations are made pursuant to timely notice in writing to the Company's Secretary. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the date of the meeting, provided that at least 60 days notice or prior public disclosure of the date of the meeting is given or made to shareholders. If less than 60 days notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received by the Company not later than the close of business on the tenth day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made. A shareholder's notice of nomination must also set forth certain information specified in the Company's Bylaws concerning each person the shareholder proposes to nominate for election and the nominating shareholder.

Communications with Directors

Shareholders and other parties interested in communicating directly with the members of the Board of Directors may do so by writing to: Board of Directors, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington, 98661.

Table of Contents**ELECTION OF DIRECTORS**

At the Annual Meeting, four directors will be elected, two for a three-year term, one for a two-year term and one for a one-year term. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election of the nominees named below. The Board of Directors believes that the nominees will stand for election and will serve if elected as directors. However, if any of the persons nominated by the Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person as the Board of Directors may recommend.

The Company's Articles of Incorporation and Bylaws provide that the Board of Directors shall be composed of not less than six and not more than nine directors. The Board of Directors has fixed the number of directors at six. The Company's directors are divided into three classes. The term of office of only one class of directors expires each year, and their successors are generally elected for terms of three years, and until their successors are elected and qualified. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives. The Board of Directors and executive management at Northwest Pipe Company believe that the performance and contribution of our executive officers are critical to our overall success. To attract, retain, and motivate the executives to accomplish our business strategy, the Compensation Committee establishes executive compensation policies and oversees executive compensation practices at Northwest Pipe Company.

The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of our specific annual and long-term goals, and which aligns executives' interests with those of the shareholders by rewarding performance that exceeds established goals, with the ultimate objective of improving shareholder value.

The Compensation Committee also evaluates compensation programs to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives. The Compensation Committee believes our executive compensation packages should include both cash and share-based compensation that reward performance as measured against established goals.

In 2008, the Compensation Committee engaged an independent compensation consultant, Mercer, to conduct a review of our executive compensation program, and to advise the Compensation Committee on the design of a long-term equity incentive program. The Compensation Committee did not use a compensation consultant in 2009.

Process for Setting Executive Compensation. The Compensation Committee annually reviews and approves compensation levels and pay mix for our executives.

The Compensation Committee does not utilize specific benchmark levels. Rather, the Compensation Committee considers broad, market based survey data, such as *salary.com* and *WorldatWork.org*, when assessing the competitiveness of compensation levels and pay mix for the CEO, CFO and other executives.

The Compensation Committee evaluated and considered our annual performance within the context of our long-term strategic plan, identifying areas in which expectations were exceeded, achieved or fell below stated goals. The structure of all incentive compensation plans is reviewed periodically to assure their linkage to the current objectives, strategies and performance goals.

The Compensation Committee evaluated and considered a variety of growth, profitability, return and shareholder value measures relative to historical performance, and relative to internal budgets.

There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee exercises business judgment in determining the appropriate level and mix of executive compensation in order to acknowledge the value of time spent on our business through cash and align director and shareholder interests through equity.

The Compensation Committee used subjective individual performance as a factor in making its decisions. The Compensation Committee and the CEO annually review the performance of each named executive officer (other than the CEO whose performance is reviewed by the Compensation Committee). Based on these reviews, the Compensation Committee makes compensation decisions, including salary adjustments and annual bonus awards, for the named executive officers.

The Compensation Committee reviewed the total compensation of each named executive officer.

Table of Contents

Elements of Compensation. For the year ended December 31, 2009, the principal components of compensation for executive officers were:

base salary;

performance-based incentive compensation;

long-term equity incentive awards (restricted stock units and performance awards);

retirement benefits; and

perquisites and other personal benefits.

Base Salary. We provide executive officers and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries are determined for each executive based on his or her position and responsibility, using market data. In addition, we consider the individual performance of the executive, and conduct internal reviews of the executive's compensation to ensure equity among executive officers. Salary levels are typically reviewed annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries are based on the Compensation Committee's assessment of the individual executive's performance. Due to existing economic conditions, no pay increases were given to the named executive officers in 2009. In 2009, we furloughed employees, including executive officers, as part of our cost reduction activities. This furlough had the effect of reducing base salaries in 2009 as compared to 2008.

Performance-Based Incentive Compensation. We provide executive officers and other employees with incentive compensation to incentivize and reward them for high performance and achievement of corporate goals. The bonus program gives the Compensation Committee the latitude to award cash incentive compensation to executive officers and others as a reward for our growth and profitability, and places a significant percentage of each executive officer's compensation at risk. Awards are based on our achievement of certain financial performance measures for the year, including sales and net income measures. For 2009, there was no performance-based incentive compensation for the executive officers as a result of our failure to achieve applicable performance targets.

Awards are generally based on our achievement of the following performance measures and are given a certain weighting to determine a bonus amount.

Performance Measures	Weight
Current Year Earnings compared to Prior Year Earnings	50%
Current Year Net Sales compared to Prior Year Net Sales	30%
Current Year Earnings compared to the Business Plan	20%

Table of Contents

The Compensation Committee has established target awards for the satisfaction of these performance measures. The final amount of these awards is subject to adjustment at the discretion of the Compensation Committee. Even if the performance measures are met, the Compensation Committee retains the right to adjust the actual bonus amounts of each individual. These adjustments are based on individual performance, as well as external factors affecting us or the occurrence of unusual or infrequent events. The following table expresses these awards as a percentage of base salary.

Long-Term Equity Incentive Awards. Beginning in 2008, we began providing long-term equity incentive awards to executive officers and certain designated key employees. The long-term equity incentive awards are designed to ensure that our executive officers and key employees have a continuing stake in our long-term success. In addition, the awards emphasize pay-for-performance. Terms and conditions of the awards are determined on an

Table of Contents

annual basis by the Compensation Committee. The amount of the initial equity award was determined based on a percentage of the recipient's salary, and ranged from twelve and one-half percent to eighty percent, depending on the grade level of the employee. Under the grant, twenty percent of the award was in the form of restricted stock units (RSUs), and eighty percent of the award was in the form of performance share awards (PSAs). RSUs are service based and entitle the holder to one share of Common Stock at the end of the vesting period (generally the vesting occurs annually over a three-year period), subject to continued employment. RSUs are designed to attract and retain executive officers and others by providing them with the benefits associated with the increase in the value of the Common Stock during the vesting period, while incentivizing them to remain with us long-term. PSAs are performance- and service-based, and entitle the holder to receive one share of Common Stock, generally based on the achievement of a three-year earnings per share result compared to a pre-established target. The number of PSAs and, therefore, the number of shares awarded at the end of a performance period can range from zero to 225% of the target award. Vesting of the awarded PSAs generally occurs following the end of the performance period, subject to continued employment. PSAs serve several purposes. They have value to the holder only if threshold earnings per share goals are achieved during their performance measurement period (generally three-year) and they serve as a retention tool because awards made for the attainment of the targeted earnings per share goals vest equally over two years following the performance measurement period. Additionally, the holders benefit further if they are successful in increasing the value of our Common Stock.

Concurrent with the implementation of the long-term equity incentive awards, we adopted a requirement that over the next five years executive officers must accumulate, and hold thereafter, one times their then-current annual salary in Common Stock.

Retirement Benefits. In order to provide competitive total compensation, we offer our executive officers and certain designated key employees a nonqualified retirement savings plan (the Deferred Compensation Plan), which provides executive officers and others with the opportunity to defer salary and bonus compensation for a period of years or until termination of employment. Executive officers who defer salary or bonus under the Deferred Compensation Plan are credited with market-based returns. We may make a discretionary matching contribution based on deferrals made by each participant. In addition, we will make a contribution based on a target benefit projected for each participant. The target benefit projected is 1% of base salary in the year before attaining normal retirement age per year of employment (up to 35 years) with us. For 2009, deferred compensation match accounted for approximately 5% and 7% of the total compensation for the President and the other executive officers, respectively.

We also offer a qualified 401(k) defined contribution plan. The ability of executive officers to participate fully in this plan is limited under IRS and ERISA requirements. The 401(k) plan encourages employees to save for retirement by investing on a regular basis through payroll deductions.

Perquisites and Other Personal Benefits. We provide executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract, retain and motivate employees for key positions. We are selective in our use of perquisites, utilizing perquisites that are commonly provided, the value of which is generally modest. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers. The primary perquisites are car allowances, club membership dues, life insurance premiums and infrequent payments of spousal travel.

Executive Compensation and Risk. Although a substantial portion of the compensation paid to our executive officers is performance-based, we believe our executive compensation programs do not encourage excessive and unnecessary risk-taking by our executive officers because these programs are designed to encourage our executive officers to remain focused on both the short-term and long-term operational and financial goals of the Company. We achieve this balance through a combination of elements in our overall compensation plans, including: elements that reward different aspects of short-term and long-term performance;

Table of Contents

incentive compensation that rewards performance on a variety of different measures; awards that are paid based on results averaged out over several years; and awards paid in cash and awards paid in shares of the Company's stock, to encourage alignment with the interests of shareholders.

(2) Annual bonus represents amount earned for the year. Actual payments may be made over subsequent years.

(3) The amounts included in this column represent the aggregate grant date fair value of restricted stock units and performance share awards granted during the years reported in accordance with FASB ASC Topic 718. The amounts previously reported for 2008 and 2007 have been restated to reflect the aggregate grant date fair value of the grants in accordance with current SEC rules. The amounts reported for the performance share awards assume that the awards are paid out at the probable outcome, which is consistent with the amounts we have recorded in our financial statements. Assuming that the 2009 performance stock awards are paid out at the maximum level, the grant date fair value of the awards for each named executive would be as follows: Mr. Dunham- \$967,983; Mr. Stokes- \$366,759; Mr. Mahoney- \$315,820; Ms. Welty- \$312,020; Mr. Jenkins- \$124,216. The assumptions used to calculate the grant date fair value for the stock awards are in Note 12 to the Consolidated Financial Statements included in Part II Item 8, Financial Statements and Supplementary Data of our 2009 Report on Form 10-K. These amounts do not correspond to the actual value that will be recognized by the named executives.

Change in Control Agreements

We have entered into change in control agreements (the **Agreements**) with our executive officers. Each of the **Agreements** is for a term ending July 19, 2011, provided that on that date and each anniversary thereafter, the term of the **Agreements** will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not be so extended. If a **Change in Control** (as defined in the **Agreements** and described below) occurs during the term of **Agreements**, the **Agreements** will continue in effect until two years after the **Change in Control**.

If an executive officer's employment is terminated within two years after a **Change in Control** either by us without **Cause** (as defined in the **Agreements** and described below) or by the executive officer for **Good Reason** (as defined in the **Agreements** and described below), the executive officer will be entitled to receive his or her full base salary through the date of termination and any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination plus (i) a lump sum payment equal to two years' base salary (one year in the case of Mr. Jenkins) and (ii) an amount equal to two times (one times in the case of Mr. Jenkins) the average cash bonuses paid to the executive officer during the previous three years. In addition, the executive officer would be entitled to the continuation of health and insurance benefits for certain periods and all outstanding unvested stock options would immediately become fully vested. In the event that the payments made to an executive officer would be deemed to be a **parachute payment** under the Internal Revenue Code of 1986, an executive officer may choose to accept payment of a reduced amount that would not be deemed to be a **parachute payment**.

If an executive officer's employment is terminated within two years after a **Change in Control** either by us for **Cause** or as a result of the executive officer's disability or death, the executive officer will be entitled to receive his or her full base salary through the date of termination plus any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination.

For purposes of the **Agreements**, a **Change in Control** includes (i) any merger or consolidation transaction in which we are not the surviving corporation, unless our shareholders immediately before such transaction have the same proportionate ownership of common stock of the surviving corporation in the transaction, (ii) the acquisition by any person of 30 percent or more of our total combined voting power, (iii) the liquidation or the sale or other transfer of substantially all of our assets, and (iv) a change in the composition of the Board of Directors during any two-year period such that the directors in office at the beginning of the period and/or their successors who were elected by or on the recommendation of two-thirds of the directors in office at the beginning of the period do not constitute at least a majority of the Board of Directors. For purposes of the **Agreements**, **Good Reason** includes (i) an adverse change in the executive officer's status, title, position(s) or responsibilities or the assignment to the executive of duties or responsibilities which are inconsistent with the executive officer's status, title or position, (ii) a reduction in the executive officer's base salary or the failure to pay compensation otherwise due to the executive officer, (iii) a requirement that the executive officer be based anywhere other than within 10 miles of his or her job location before the **Change in Control**, (iv) our failure to continue any compensation or employee benefit plan or program in effect before the **Change in Control** or any act or omission that would adversely affect the executive officer's continued participation in any such plan or program or materially reduce the benefits under such plan or program, and (v) our failure to require any of our successor to assume our obligations under the **Agreements** within 30 days after a **Change in Control**. For purposes of the **Agreements**, **Cause** means the willful and continued failure to satisfactorily perform the duties assigned to the executive officer within a certain period after notice of such failure is given and commission of certain illegal conduct.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Deloitte & Touche LLP has been selected by the Audit Committee to serve as the Company's independent registered public accounting firm for 2010. Deloitte & Touche LLP served as the Company's independent registered public accountants for the year ended December 31, 2009. Although the Company is not required to seek shareholder approval of this appointment, the Board of Directors believes it to be sound corporate governance to do so. If the appointment is not ratified, the Audit Committee will investigate the reasons for shareholder rejection and will reconsider the appointment for future periods. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Fees for services billed or expected to be billed by the Company's principal accountant, Deloitte & Touche LLP, for the years ended December 31, 2009 and 2008 were as follows:

	2009	2008
Audit fees ⁽¹⁾	\$ 2,069,296	\$ 468,750
Audit-related fees ⁽²⁾	30,000	25,000
Tax and All Other Fees		
Total fees	\$ 2,099,296	\$ 493,750

(1) Audit fees include fees for audits of the annual financial statements, including required quarterly reviews, and the audit of the Company's internal control over financial reporting, and fees to date of approximately \$1.6 million for investigation of certain accounting matters discussed in Note 2 of the Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.

(2) Audit-related fees include fees billed for audits of the Company's employee benefit plans' 2008 financial statements, and fees estimated for audits of the Company's employee benefit plans' 2009 financial statements.

To help assure independence of the independent auditors, the Audit Committee has established a policy whereby all services of the principal accountant or other firms must be approved in advance by the Audit Committee; provided, however, that de minimis services may instead be approved by the Chief Executive Officer or the Chief Financial Officer. One hundred percent of the fees shown in the principal accountant fees schedule for 2009 and 2008 were approved by the Audit Committee.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE RATIFICATION OF THE AUDIT COMMITTEE'S APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2010. PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR RATIFICATION OF SUCH APPOINTMENT UNLESS A VOTE AGAINST THE PROPOSAL OR ABSTENTION IS SPECIFICALLY INDICATED.

A shareholder's submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the shareholder's ownership of common stock of the Company. Proposals or nominations not meeting these requirements will not be entertained at the annual meeting. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a shareholder.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors does not know of any other matters to be presented for action by the shareholders at the 2010 Annual Meeting. If, however, any other matters not now known are properly brought before the meeting, the persons named in the accompanying proxy will vote such proxy in accordance with the determination of a majority of the Board of Directors.

The cost of soliciting proxies will be borne by the Company. In addition to use of the mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Company, who will not be specially compensated for such activities. Such solicitations may be made personally, or by mail, facsimile, telephone, telegraph or messenger. The Company will also request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. The Company will reimburse such persons for their reasonable expenses incurred in that connection.

A copy of the Company's Annual Report to Shareholders (including Form 10-K) for the year ended December 31, 2009 accompanies this Proxy Statement. The Company will provide, without charge, on the written request of any beneficial owner of shares of the Company's Common Stock entitled to vote at the Annual Meeting, additional copies of the Company's Annual Report.
