Specifically, it identifies the matters upon which you are being asked to vote, provides information that you may find useful in determining how to vote and describes the voting procedures.

In this proxy statement: the terms *we*, *our*, *Solta Medical* and *Company* each refer to Solta Medical, Inc.; the term *proxy materials* means this proxy statement, the enclosed proxy card and our Annual Report, which you should read together with our Form 10-K, as amended, for the year ended December 31, 2010, filed with the U.S. Securities and Exchange Commission on March 16, 2011; and the term *Annual Meeting* means our 2011 Annual Meeting of Stockholders.

QUESTIONS AND ANSWERS REGARDING THIS SOLICITATION
AND VOTING AT THE ANNUAL MEETING

- | | |
|--|--|
| <i>Why am I receiving these proxy materials?</i> | You are receiving these proxy materials from us because you were a stockholder of record at the close of business on the Record Date which was April 15, 2011. As a stockholder of record, you are invited to attend the meeting and are entitled to and requested to vote on the items of business described in this proxy statement. |
| <i>What is the purpose of the annual meeting?</i> | At our meeting, stockholders of record will vote upon the items of business outlined in the notice of meeting (on the cover page of this proxy statement), each of which is described more fully in this proxy statement. In addition, management will be available to respond to questions from stockholders. |
| <i>Who is entitled to attend the meeting?</i> | You are entitled to attend the meeting <i>only</i> if you were a Solta Medical stockholder (or joint holder) of record as of the close of business on April 15, 2011, or if you hold a valid proxy for the meeting. You should be prepared to present photo identification for admittance. |

Please also note that if you are not a stockholder of record but hold shares in *street name* (that is, through a broker or nominee), you will need to provide proof of beneficial ownership as of the Record Date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

The meeting will begin promptly at 9:00 a.m., local time. Check-in will begin at 8:30 a.m., local time.

Table of Contents

<i>Who is entitled to vote at the meeting?</i>	Only stockholders who owned our common stock at the close of business on the Record Date are entitled to notice of the Annual Meeting and to vote at the meeting, and at any postponements or adjournments thereof.
<i>How many shares must be present to conduct business?</i>	The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock at the close of business on the Record Date will constitute a quorum. A quorum is required to conduct business at the meeting. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.
<i>What will be voted on at the meeting?</i>	<p>The items of business scheduled to be voted on at the meeting are as follows:</p> <ol style="list-style-type: none"> 1. the election of three nominees to serve as Class II directors on our board; and 2. the ratification of the appointment of our independent registered public accounting firm for the 2010 fiscal year; 3. an advisory vote on executive compensation; and 4. an advisory vote on the frequency of with which an advisory vote on executive compensation should be held. <p>These proposals are described more fully below in this proxy statement. As of the date of this proxy statement, the only business that our board intends to present or knows of that others will present at the meeting is set forth in this proxy statement. If any other matter or matters are properly brought before the meeting, it is the intention of the persons who hold proxies to vote the shares they represent in accordance with their best judgment.</p>
<i>How does the board recommend that I vote?</i>	Our board recommends that you vote your shares FOR the director nominees, FOR the ratification of independent registered public accounting firm for the 2010 fiscal year and FOR the proposal relating to executive compensation and for the holding of an advisory vote on executive compensation on an annual basis.
<i>What shares can I vote at the meeting?</i>	You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the <i>stockholder of record</i> , and (2) shares held for you as the <i>beneficial owner</i> through a broker, trustee or other nominee such as a bank.
<i>What is the difference between holding shares as a stockholder of record and as a beneficial owner?</i>	Most of our stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.
	<p>Stockholders of Record. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the <i>stockholder of record</i>, and these proxy materials are being sent directly to you by us. As the <i>stockholder of record</i>, you have the right to grant your voting proxy directly to Solta Medical or to vote in person at the meeting. We have enclosed a proxy card for you to use.</p> <p>Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the <i>beneficial owner</i> of shares held in <i>street name</i>, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the meeting. Please note that since a beneficial owner is not the <i>stockholder of record</i>, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.</p>

Table of Contents

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. Stockholders of record of our common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelope. Solta Medical stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by the broker, trustee or nominee and mailing them in the accompanying pre-addressed envelope. In addition, if you are a stockholder of record, you may grant a proxy to vote your shares at the annual meeting by telephone, by calling 1 (800) PROXIES (1 (800) 776-9437) and following the simple recorded instructions, twenty-four hours a day, seven days a week, at any time prior to 11:59 p.m. on June 1, 2011, the day before the annual meeting. Alternatively, as a stockholder of record, you may vote via the Internet at any time prior to 11:59 p.m. on June 1, 2011, the day before the annual meeting, by going to <http://www.voteproxy.com> to create an electronic ballot. If you vote by telephone or the Internet, you will be required to provide the control number contained on your proxy card. If your shares are held in street name, your proxy card may contain instructions from your broker, bank or nominee that allow you to vote your shares using the Internet or by telephone. Please consult with your broker, bank or nominee if you have any questions regarding the electronic voting of shares held in street name. The granting of proxies electronically is allowed by Section 212(c)(2) of the Delaware General Corporation Law.

How can I vote my shares in person at the meeting?

Shares held in your name as the stockholder of record may be voted in person at the meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. ***Even if you plan to attend the meeting, we recommend that you also submit your proxy card or voting instructions as described above so that your vote will be counted if you later decide not to, or are unable to, attend the meeting.***

Can I change my vote?

You may change your vote at any time prior to the vote at the meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to our Secretary prior to your shares being voted, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

What votes are required for the items subject to approval at the meeting ?

The vote required to approve each item of business and the method for counting votes is set forth below:

Election of Directors. The director nominees receiving the highest number of affirmative FOR votes at the meeting (a plurality of votes cast) will be elected to serve as Class II directors. You may vote either FOR or WITHHOLD your vote for the director nominees. A properly executed proxy marked WITHHOLD with respect to the election of a director will not be voted with respect to the director, although it will be counted for purposes of determining whether there is a quorum.

Ratification of Independent Registered Public Accounting Firm and Advisory Vote on Executive Compensation. For the ratification of the appointment of our independent registered public accounting firm and for the advisory vote on executive compensation, the affirmative FOR vote of a majority of the shares represented in person or by proxy

Table of Contents

and entitled to vote on the item will be required for approval. You may vote FOR, AGAINST or ABSTAIN for this item of business. If you choose to ABSTAIN, your abstention has the same effect as a vote AGAINST.

Frequency of Shareholder Vote Executive Compensation. The frequency of the advisory vote on executive compensation EVERY THREE YEARS , EVERY TWO YEARS or EVERY ONE YEAR receiving the largest number of votes of the shares represented in person or by proxy and entitled to vote on the item will be regarded as the frequency that stockholders approve. You may vote EVERY THREE YEARS , EVERY TWO YEARS EVERY ONE YEAR or ABSTAIN for this item of business.

If you provide specific written instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the board (FOR our nominees to the board, FOR ratification of the independent registered public accounting firm, FOR the advisory vote on executive compensation and for the holding of an annual advisory vote on executive compensation and in the discretion of the proxy holders on any other matters that properly come before the meeting).

What is a broker non-vote ?

A broker non-vote occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters, which include ratifying the appointment of independent registered public accounting firm but does not include the election of directors or the approval of the amendment and restatement of the 2006 Equity Incentive Plan. Therefore, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR the ratification of the independent registered public accounting firm. However, if you do not instruct your broker how to vote with respect to the election of directors, your broker may not vote with respect to such proposal and your shares will not be counted as voting in favor of the election of directors and, similarly, if you do not instruct your broker regarding the advisory votes on executive compensation or the frequency of approval of executive compensation, your broker may not vote with respect to such proposals and your shares will not be counted as voting in favor of either proposal.

How are broker non-votes counted?

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will not be counted in tabulating the voting result for any particular proposal.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted for the purpose of determining both the presence of a quorum and the total number of votes cast with respect to a proposal but they will not be voted on any matter at the meeting. In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote AGAINST a proposal.

What happens if additional matters are presented at the meeting?

Other than the four proposals described in this proxy statement, we are not aware of any other business to be acted upon at the meeting, and we have not received notification of any proposal to be made by stockholders within the time frame required by our Bylaws . If you grant a proxy, the persons named as proxy holders, Stephen J. Fanning (a Director and our President and Chief Executive Officer) and John F. Glenn (our Chief Financial Officer), will have the discretion to vote your shares on any additional matters properly

Table of Contents

presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate as may be nominated by our board.

Who will serve as inspector of election?

We expect a representative of American Stock Transfer & Trust Company, our transfer agent, to tabulate the votes and expect John F. Glenn, our Chief Financial Officer, to act as inspector of election at the meeting.

What should I do if I receive more than one proxy?

You may receive more than one set of these proxy solicitation materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a stockholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each Solta Medical proxy card and voting instruction card that you receive to ensure that all your shares are voted.

Who is soliciting my vote and who is paying the costs?

Your vote is being solicited on behalf of the board, and we will pay the costs associated with the solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement.

How can I find out the results of the voting?

We intend to announce preliminary voting results at the annual meeting and file a Form 8-K within four business days after the end of our annual meeting to report the voting results.

What is the deadline for proposing action or director candidates?

As a stockholder, you may be entitled to present proposals for action at a future meeting of stockholders, including director nominations.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in the Solta Medical proxy statement for the annual meeting to be held in 2012, the written proposal must be received by our Corporate Secretary at our principal executive offices no later than December 23, 2011. Stockholder proposals must comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the *Exchange Act*), and any other applicable rules established by the U.S. Securities and Exchange Commission (the *SEC*). CORPORATE GOVERNANCE AND BOARD MATTERS

Board Leadership Structure

Our current Chairman is also the current President and Chief Executive Officer. In addition, the nominating and governance committee has designated a Lead Independent Director. The board of directors believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading discussion and execution of strategy. The board of directors believes that the Company's current model of the combined Chairman/President and Chief Executive Officer in conjunction with the lead director position with the duties described below is the appropriate leadership structure for Solta Medical at this time.

Our Lead Independent Director's responsibilities include reviewing and approving the agenda for board meetings and leading executive sessions of the board of directors during which our independent directors meet without management present, and providing consolidated feedback from those meetings to the Chairman and Chief Executive Officer. These executive sessions allow the board of directors to review key decisions and discuss matters in a manner that is independent of the Chief Executive Officer. Our Lead Independent Director also has the authority to call meetings of the board of directors in executive session and serves as a liaison to the Chairman and Chief Executive Officer in consultation with the other independent directors.

Risk Oversight & Analysis

Management is responsible for the day-to-day management of risks the Company faces, while the board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes implemented by management are adequate and functioning as designed. As a critical part of this risk oversight role, the board encourages full and open communication between management and the board of directors. Senior management attends the quarterly board meetings and is available to address any questions or concerns raised by the board on risk-related and other matters. The board of directors regularly receives presentations from senior management on strategic matters involving our operations to enable it to understand our risk identification, risk management and risk mitigation strategies. The board also holds strategic planning sessions with senior management to discuss strategies, key challenges and risks and opportunities for the company.

While the board is ultimately responsible for risk oversight at Solta Medical, our committees assist the board in fulfilling its responsibilities in certain areas of risk. The Audit Committee assists the board in fulfilling its oversight responsibilities with respect to risk management in areas of financial risk, internal controls, and compliance with legal and regulatory requirements. The Compensation Committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Governance committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure.

Board and Committee Meetings

In the year ended December 31, 2010, our board of directors held 11 meetings, including five regularly scheduled meetings and six special meetings. Our board of directors has an audit committee, a compensation committee and a nominating and governance committee. Each of our directors attended at least 75% of the aggregate meetings of the board and the committees on which he or she served that were held in 2010. We also encourage, but do not require our directors to attend the annual meeting. Director Stephen J. Fanning attended the annual meeting in 2010. No other board members attended that meeting, in person or telephonically.

Audit Committee. Our audit committee is a standing committee of, and operates under a written charter adopted by, our board of directors. The committee's written charter is available on our website at <http://www.solta.com>. Our audit committee is chaired by Mr. Covert and also includes Ms. McCarthy and Mr. Sieczkarek, each of whom is independent within the meaning of applicable SEC and Nasdaq rules. The committee's written charter is available on our website at <http://www.solta.com>. Our compensation committee is chaired by Mr. Sieczkarek and also includes Ms. McCarthy, each of whom is independent within the meaning of applicable SEC and Nasdaq rules. The committee is authorized to:

discharge the board's responsibilities relating to compensation of our executive officers;

administer our stock option plans, stock purchase plans, restricted stock plans and any other equity incentive plans we adopt; and

provide disinterested administration of any employee benefit plans in which our executive officers are eligible to participate.

Our compensation committee also assists the board of directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. Our compensation committee may form and delegate authority to subcommittees when appropriate.

In determining the compensation of the executive officers, our compensation committee has engaged Compensia, an outside executive compensation consultant, to analyze trends in executive compensation and the compensation of our executive officers compared to its industry peer group. In addition, the Compensation Committee considers the recommendations of Mr. Fanning with respect to the compensation of the executive officers other than himself.

In fulfilling its role in assisting the board in its oversight responsibilities, our compensation committee believes that the various elements of our compensation program mitigate against and do not encourage excessive risk taking and instead encourages behaviors that support sustainable value creation. Therefore, we do not believe that our compensation policies and practices are reasonably likely to have a material adverse effect on the Company.

Consideration of Director Nominees

Stockholder Nominations and Recommendations. As described above in the Question and Answer section of this proxy statement under "What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?", our Bylaws set forth the procedure for the proper submission of stockholder nominations for membership on our board. In addition, the Nominating and Governance Committee will consider properly submitted stockholder recommendations (as opposed to formal nominations) of director candidates. A stockholder may recommend a candidate for the board of directors by submitting the following information to our Secretary at 25881 Industrial Boulevard, Hayward, California 94545: the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, professional and personal references and information regarding any relationships between the candidate and Solta Medical within the last three years. The party making the recommendation must submit evidence of being a Solta Medical stockholder.

Director Qualifications. Members of the board should have the highest professional and personal ethics and values, and conduct themselves in a manner consistent with our Code of Business Conduct and Ethics. The Committee has not established specific minimum qualifications for director candidates, however, it believes that the board of directors should be comprised of directors who (i) are predominantly independent, (ii) are of high integrity, (iii) have qualifications that will increase overall board effectiveness, and (iv) meet other criteria as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

Identifying and Evaluating Director Nominees; Diversity. Typically new candidates for nomination to our board are suggested by existing directors or by our executive officers. Candidates may also come to the attention of our board through professional search firms, stockholders or other persons. The nominating and governance committee will carefully review the qualifications of any candidates who have been properly brought to its attention. Such review may, in the nominating and governance committee's discretion, include a review solely of information provided to the nominating and governance committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the nominating and governance committee deems proper. The nominating and governance committee will consider the suitability of each candidate, including the current members of the board, in light of the current size and composition of the board. While we do not have a formal diversity policy for board membership, the board of directors seeks members who represent a mix of backgrounds and experiences that will enhance the quality of the board's deliberations and decisions. In evaluating the qualifications of the candidates, the nominating and governance committee considers many factors, including, diversity with respect to judgment, independence, age, gender and race, skills and expertise, professional experience, length of service, other commitments and the like. The nominating and governance committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders will be evaluated by the independent directors using the same criteria as other candidates.

Director Nominees at our 2011 Annual Meeting. Our nominating and governance committee recommended for nomination to our board.

Code of Business Conduct and Ethics

We are committed to maintaining the highest standards of business conduct and ethics. We have adopted a Code of Business Conduct and Ethics (the "Code") for our directors, officers (including our principal executive officer and principal financial officer) and employees. The Code reflects our values and the business practices and principles of behavior that support this commitment. The Code satisfies SEC rules for a code of ethics required by Section 406 of the Sarbanes-Oxley Act of 2002, as well as the Nasdaq listing standards requirement for a code of conduct. The Code is available on our website at <http://www.solta.com> under Investor Relations Corporate Governance. We will post any amendment to the Code, as well as any waivers that are required to be disclosed by the rules of the SEC or the Nasdaq, on our website.

COMPENSATION DISCUSSION AND ANALYSIS

Our named executive officers for 2010 were the following executive officers:

Name	Title
Stephen J. Fanning	President and Chief Executive Officer
John F. Glenn	Chief Financial Officer
Clint Carnell*	Chief Operating Officer
William Brodie	Vice President, Global Sales

Compensation Philosophy and Objectives

The compensation committee of the board of directors (the Committee), together with our board, is responsible for establishing, implementing and monitoring adherence with our compensation philosophy. The Committee seeks to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive. The types of compensation and benefits provided to the named executive officers are similar to those provided to our other executive officers.

The primary objectives of our compensation programs are to:

attract and retain the top echelon of performers;

establish a direct link between sustained performance and individual rewards;

create long-term stockholder value; and

provide an ownership opportunity for all employees.

We seek to foster a performance-oriented culture, where individual performance is aligned with organizational objectives. Company performance is the primary measure of success upon which we structure our compensation. We evaluate and reward our executive officers based on their contribution to the achievement of short and longer term goals. The Committee believes that the most effective executive compensation program is one that is designed to reward achievement and that aligns executives' interests with those of stockholders by rewarding performance, with the ultimate objective of improving stockholder value and building a sustainable company. The Committee evaluates each executive's performance and compensation. The Committee seeks to ensure that we maintain our ability to attract and retain superior employees in key positions and that the compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of a selected group of our peer companies and the broader marketplace from which we recruit and compete for talent. To that end, the Committee believes the compensation provided by us to our executives, including the named executive officers, should include a mix of salary, cash bonuses and equity awards that reward performance and the creation of longer-term stockholder value, and that provide the appropriate level of incentives to retain each executive. Each element of compensation and the practices used to evaluate and inform the Committee's decisions are discussed in detail below.

Executive compensation is reviewed annually, and adjustments are made to reflect performance-based factors, as well as competitive conditions.

How We Implement and Manage our Executive Compensation Programs

Role of Our Compensation Committee

The Committee sets our overall compensation philosophy, which is reviewed and approved by our board. The Committee also reviews and approves our compensation programs, including the specific compensation of our executive officers. The Committee regularly meets in executive session to discuss compensation matters. The Committee operates under a written charter adopted by our board. A copy of this charter is available on our website at <http://www.solta.com>.

The Committee is appointed by our board, and currently is comprised of Cathy L. McCarthy and Mark Sieczkarek. A third director, Marti Morfitt, served on the Committee in 2010 until her resignation from the Board in September 2010. The primary purpose of the Committee is to:

discharge the board's responsibilities relating to compensation of our executive officers;

administer our stock option plans, stock purchase plans, restricted stock plans and any other equity incentive plans we adopt; and

provide disinterested administration of any employee benefit plans in which our executive officers are eligible to participate.

The Committee assumes primary responsibility for the annual compensation review process.

Role of Compensation Consultant

The Committee, which has the authority to directly engage outside firms or consultants, has retained Compensia, a third-party compensation consulting firm, to support the Committee's responsibilities in determining executive compensation and administering the related programs. The Committee periodically seeks input from Compensia on a range of external market factors. The Committee has worked with Compensia since 2007. During that time, Compensia has assisted the Committee's executive compensation-setting process by:

reviewing those companies that comprise our peer group and advising on whether any changes to this group were advisable;

assisting in the design of our compensation programs for executives and board members, including discussing evolving compensation trends;

assisting in the design of our equity ownership guidelines; and

compiling and providing market data to assist in setting our compensation plan parameters and measures.

In 2010, other than its role as compensation consultant to the Committee, Compensia performed no other work for the Company. In the future, we may decide not to hire a compensation consultant each year, if we believe that the prior report we obtained, along with publicly-available data from our group, is sufficient to allow us to make informed decisions with regard to executive compensation matters.

Role of Executive Officers

Our Chief Executive Officer aids the Committee by providing recommendations regarding the compensation of all executive officers other than himself. Our Chief Executive Officer also advises the Committee regarding the alignment and weighting of our performance measures under our annual cash incentive (bonus) awards with our overall strategy, the impact of the design of our equity incentive awards on our ability to attract, motivate and retain highly talented executives, and the competitiveness of our compensation program.

Table of Contents

Prior to the end of the year, our Chief Executive Officer reviews each executive officer's performance as well as the Company's performance against the pre-established financial targets and critical strategic priorities. Our Chief Executive Officer then presents this assessment to the Committee and makes his recommendations with respect to the appropriate base salary, annual bonus payments and grants of long-term equity incentive awards for all executive officers, other than himself. Any executive officer who participates in the Committee's meetings leaves the meetings during discussions and deliberations of individual compensation actions affecting him or her personally and during the Committee's executive sessions.

Each named executive officer, with the exception of our Chief Executive Officer, participated in an annual performance review with his or her respective manager, to provide input about his or her contributions to the Company's goals and objectives for the period being assessed. Our Chief Executive Officer participated in a similar annual review with our Lead Independent Director. The recommendations of our Chief Executive Officer were assessed in the context of each named executive officer's performance, along with competitive positioning information generated by Compensia and provided to management and the Committee with respect to base salary, bonus and equity compensation for each executive.

Positioning of Cash and Equity Compensation

The Committee believes it is important when making its compensation-related decisions to be informed as to current compensation practices of comparable publicly held companies in the medical device and life sciences industries. In the past the Committee has reviewed corresponding pay practices of a peer group of companies that was developed with the assistance of Compensia. Compensia was last asked to assist the Company in developing a new peer group in 2007. In light of the significant adverse global economic conditions that were affecting our business in 2009, the Committee accepted management's recommendation not to award any base salary increases, without regard to peer group practices. This being the case, the Committee did not utilize a peer group for the determination of executive compensation for 2010. To provide independent and comparable company guidance regarding equity compensation, the Committee directed Compensia to develop a framework for 2010 executive equity compensation.

The data source for Compensia's equity recommendation was the 2009 Radford High-Technology Executive Compensation Survey for U.S. companies with \$50 million to \$200 million in revenues. The Committee used the equity recommendations from the Compensia analyses to help define the competitive total compensation opportunity for each executive officer, but specific pay decisions for each executive are based on his or her past and anticipated contributions, current compensation package, retention risks and overall corporate performance.

Assessment of Corporate and Individual Achievement

Corporate Achievement

At the beginning of each year, management prepares and proposes to the Committee a set of corporate goals covering the expected operating and financial performance of the Company for the year. Our corporate goals are focused towards deliverables expected to advance near-term stockholder value while also building towards long-term stockholder value. These corporate goals are then reviewed and approved by the Committee. The Committee also assigns a specific weighting to each goal and establishes formulas for determining the resulting annual bonus payments based on actual achievement against these goals. In 2010, these goals related to targets in the categories of revenue, operating income and cash flow from operations goals, weighted 40%, 30% and 30%, respectively, of the total bonus opportunity. These goals were divided into six-month and 12-month targets. In July 2010 and again in February 2011, the Committee assessed the overall level of corporate achievement based on the Company's performance relative to these goals. To further correlate executive compensation with corporate performance, in 2010 we made equity awards that could be earned based on achieving specified financial goals tied to our 2010 operating results. This represented the first time that equity awards were made

Table of Contents

subject to such thresholds. In 2011 we again made a portion of the equity awards to executives subject to performance criteria. Certain restricted stock units awarded in 2011 can be earned based on performance criteria tied to future change in the trading price of our common stock.

Individual Achievement

Although the Committee believes that the largest portion of each executive officer's total compensation should be based on our executive officers' success as a team and thus based on achievement of shared financial and critical strategic goals, it also believes that there should be some ability to reward individual and departmental contributions. To that end, we consider individual and departmental performance, the impact of that performance on the achievement of our strategic goals and objectives and on the executive team's performance as significant factors in setting base salary and in granting equity-based compensation. At the beginning of each year, individual goals are established for each named executive officer, except for our Chief Executive Officer, whose performance is evaluated based solely on the corporate goals established for the year. These individual goals are derived from the corporate goals that relate to the named executive officer's functional area.

Compensation Components

Compensation for our executive officers, including the named executive officers, is broken out into the following components:

Cash Compensation. Cash compensation consists of base salary and an annual bonus opportunity. In 2011, Compensia assisted us in establishing a new peer group to guide our determination of appropriate cash compensation opportunities. Our cash compensation goals for our executive officers are based upon the following principles:

Ensuring that our short-term incentive program is consistent with our compensation philosophy;

Payouts should be based primarily on corporate financial performance, rather than individual performance;

With improved company performance, pay will increase toward targeted positioning; and

Ensuring that individual target incentive opportunities align target total cash compensation levels with desired positioning.

Base Salary and Total Target Cash Compensation. In the past, our goal has been to set the base salaries of our executive officers between the 50th to 60th percentile of our peer group and total target cash compensation at or above the 60th percentile of our peer group. For 2009 and again in 2010, in light of the significant adverse global economic conditions that were affecting our business, the Committee accepted management's recommendation not to award any base salary increases. In February 2011, the Committee approved salary increases for executives in the range of 4% to 6% for 2011.

Bonus Program. In addition to base salary, we have a bonus plan covering all full-time regular employees, including our executive officers (except our sales representatives who participate in a sales compensation plan) pursuant to which cash bonus payments may be made. As noted above, bonuses are calculated based upon actual achievement of the pre-established corporate financial goals. The financial targets for the 2010 cash bonus awards were the respective amounts included in the operating plan adopted by our Board of Directors for 2010.

For 2010, the Committee approved a bonus plan covering all full-time eligible regular employees, including our executive officers, maintaining the same target percentages of salary for each executive officer as had been used for 2009. The target bonus opportunity for our Chief Executive Officer was 80% of his base salary, for our COO and CFO, 50% of their respective base salaries, and for each other executive officer, 40% of his or her respective base salary. Bonuses were payable based on actual achievement against six-month and 12-month performance targets in the categories of revenue, operating income and cash flow from operations goals, weighted 40%, 30% and 30%, respectively, of the total bonus opportunity. The six-month bonus opportunity represented approximately 40% of the full-year bonus opportunity.

Table of Contents

In July 2010, the Committee approved bonuses with respect to the first six months of 2010 for Mr. Fanning in the amount of \$117,792, for Mr. Glenn in the amount of \$44,654, for Mr. Carnell in the amount of \$51,043, for Mr. Brodie in the amount of \$30,478 and for Mr. Nardoci in the amount of \$30,102. These bonus amounts represented approximately 32.7% of the respective executive officer's full-year target bonus. The bonuses were determined based upon a comparison of our actual results to the six-month target performance objectives, as summarized in the following table:

Performance Category	Target (Threshold)	Actual Achievement	Level of Achievement of Target	Payout Factor
Revenue (6 months)	\$59.0 million (\$54.8 million)	\$56.0 million	54.5%	21.8%
Non-GAAP Operating Income (6 months)	\$2.6 million (\$0.9 million)	\$5.3 million	100%	30.0%
Cash Flow from Operations (6 months)	\$4.4 million (\$2.9 million)	\$7.7 million	100%	30.0%

In February 2011, the Committee approved bonuses with respect to the 12 months of 2010 for Mr. Fanning in the amount of \$121,860, for Mr. Glenn in the amount of \$46,197, for Mr. Carnell in the amount of \$52,806, for Mr. Brodie in the amount of \$35,204 and for Mr. Nardoci in the amount of \$31,142. These bonus amounts, combined with the six-month bonus amounts determined and paid in July 2010, represented approximately 66.6% of the respective executive officer's 12-month target bonus. The bonuses were determined based upon a comparison of our actual results to the 12-month threshold and target performance objectives, as summarized in the following table:

Performance Category	Target (Threshold)	Actual Achievement	Level of Achievement of Target	Payout Factor
Revenue (12 months)	\$123.8 million (\$111.7 million)	\$110.9 million	90%	0.0%
Non-GAAP Operating Income (12 months)	\$8.1 million (\$3.4 million)	\$7.1 million	88%	26.4%
Cash flow from operations (12 months)	\$9.9 million (\$6.6 million)	\$10.5 million	100%	30.0%

In February 2011, the Committee approved a 2011 corporate bonus plan and again set bonuses targets for our Chief Executive Officer at 80% of his base salary, for our COO, CFO and VP of Global Sales, 50% of their respective base salaries, and for each other executive officer, 40% of his or her respective base salary. Bonuses are payable based on actual achievement against six-month and 12-month performance targets in the categories of revenue, operating income and management business objectives, each of which is weighted 34%, 33% and 33%, respectively, of the total bonus opportunity. The actual bonuses payable for 2011, if any, will vary depending on the extent to which our actual financial performance meets, exceeds, or falls short of these financial goals as approved by the Committee. We believe that the 2011 goals necessary to trigger a 100% target bonus payout to our executive officers are reasonably achievable.

Long-Term Incentive Program. We believe that long-term performance is achieved through an equity ownership culture that encourages long-term performance by our executive officers through the use of stock-based awards. All employees are eligible to participate in our equity programs. Our equity compensation goals for our executive officers are based upon the following principles:

Stockholder and executive interests should be aligned;

The program should be structured to provide meaningful retention incentives to participants; and

Actual awards should be tailored to reflect individual performance and recruitment/retention goals.

Table of Contents

Our practice is to make annual equity grants to our executive officers that is competitive with companies of a comparable size and business focus. Using the analysis done by Compensia in addition to recommendations made by our Chief Executive Officer, in February 2010 the Committee awarded option grants to our executive officers that approximated the 50th percentile of the 2009 Radford High-Technology Compensation Survey. We also took into consideration the use of equity awards as a means of rewarding achievement and as a means of retention, especially for our executive officers who were mostly vested in their prior awards. Further to this end, in March 2010 the Committee approved equity awards, the earning of which was directly tied to specified performance criteria, and any earned awards were then subject to time-based vesting. These awards consisted of restricted stock units, or RSUs, that were to vest in three equal annual installments if performance targets in the categories of revenue, operating income and cash flow from operations were achieved. The performance targets for the RSUs were not achieved, and the RSUs granted in March 2010 lapsed. Equity awards for 2010 to our named executive officers are summarized below:

Executive	2010 Option Awards	2010 RSU Awards
Stephen J. Fanning	419,000	237,389
John F. Glenn	175,000	65,991
Clint Carnell	200,000	115,484
William Brodie	98,000	94,037
Jeffrey Nardoci	100,000	41,244

We issue stock options to our executive officers, directors and employees to purchase shares of our common stock at an exercise price equal to the fair market value of such stock on the date of grant. The date of grant for our executive officers is typically the date of a regularly scheduled board meeting, of which we have four per year. We have no program, plan or practice to select option grant dates (or set board meeting dates) to correspond with the release of material non-public information.

In February 2011, the Committee again sought to make a portion of our equity awards to our executive officers subject not only to time-based vesting but also to make these awards subject to specific performance criteria. The equity awards made at this time consisted of restricted share units that were made subject to time-based vesting and market share units, the vesting of which is tied to the performance of the Company's common stock relative to the Russell Microcap Index.

Severance and Change of Control Benefits. We entered into change of control and severance agreements providing for certain change of control benefits for our executive officers, the terms of which are described in more detail below in the sections entitled Employment Agreements Change of Control and Severance Agreements and Potential Payments Upon Termination or Change in Control.

Other Benefits. We provide the following benefits to our executive officers generally on the same basis as the benefits provided to all employees:

Health, vision and dental insurance;

Section 401(k) plan;

Flexible spending plan.

Edgar Filing: SOLTA MEDICAL INC - Form DEF 14A

We believe that these benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

PROPOSAL TWO RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected Deloitte & Touche LLP as the independent registered public accounting firm to perform the audit of our financial statements for the fiscal year ending December 31, 2011. If our stockholders fail to ratify the Audit Committee's selection, the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Audit Committee may, in its discretion, select a different independent registered public accounting firm at any time during the year if it determines such a change would be in the best interests of our company and our stockholders.

Representatives of Deloitte & Touche LLP are expected to be present at the meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from our stockholders.

In 2009, PricewaterhouseCoopers LLP resigned as our independent registered public accounting firm. The reports of PricewaterhouseCoopers LLP on our consolidated financial statements as of and for the year ended December 31, 2008 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principle. During the years ended December 31, 2008, and through May 6, 2009, there were no (a) disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to PricewaterhouseCoopers LLP's satisfaction, would have caused PricewaterhouseCoopers LLP to make reference to the subject matter thereof in connection with its reports on the financial statements of Solta Medical, Inc. for such years, or (b) reportable events, as described under Item 304(a)(1)(v) of Regulation S-K.

We provided PricewaterhouseCoopers LLP with a copy of the disclosures we proposed to make in a current report on Form 8-K filed on April 30, 2009, as amended on May 13, 2009, and requested from PricewaterhouseCoopers LLP a letter indicating whether or not it agrees with such disclosures. A copy of PricewaterhouseCoopers LLP's letter was filed as an exhibit to the Form 8-K reporting the change in our auditors.

Also on April 29, 2009, we selected Deloitte & Touche LLP to serve as our independent registered public accounting firm. The reports of Deloitte & Touche LLP on our consolidated financial statements as of and for the year ended December 31, 2010 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principle. During the years ended December 31, 2010 and 2009, there were no (a) disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Deloitte & Touche LLP's satisfaction, would have caused Deloitte & Touche LLP to make reference to the subject matter thereof in connection with its reports on the financial statements of Solta Medical, Inc. for such years, or (b) reportable events, as described under Item 304(a)(1)(v) of Regulation S-K.

PROPOSAL THREE ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are requesting your advisory approval of the compensation of our named executive officers as disclosed above in the Compensation Discussion and Analysis, the compensation tables, and the related narrative discussion. This non-binding advisory vote is commonly referred to as a say-on-pay vote.

Our Compensation Committee believes that the most effective executive compensation program is one that is designed to reward achievement and that aligns executives' interests with those of stockholders by rewarding performance, with the ultimate objective of improving stockholder value and building a sustainable company. The Committee also seeks to ensure that we maintain our ability to attract and retain superior employees in key positions and that the compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of a selected group of our peer companies and the broader marketplace from which we recruit and compete for talent.

We are asking you to indicate your support for the compensation of our named executive officers as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking you to vote, on an advisory basis, For the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth on pages 22 to 44 of this Proxy Statement, is hereby approved.

While the results of this advisory vote are not binding, the Compensation Committee will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for named executive officers.

PROPOSAL FOUR ADVISORY VOTE ON THE FREQUENCY WITH WHICH AN ADVISORY VOTE ON EXECUTIVE COMPENSATION SHOULD BE HELD

You are being provided with the opportunity to cast an advisory vote on how frequently we should seek an advisory vote on the compensation of our named executive officers as provided in Proposal Three. This advisory vote is referred to here as the frequency of say-on-pay vote. Under this Proposal Four, you may vote on whether you would prefer to have a say-on-pay vote every year, every two years or every three years.

The say-on-pay and frequency of say-on-pay voting provisions are new and at this time our Board of Directors believes that the say-on-pay advisory vote should be conducted every year. An annual advisory vote on executive compensation will allow our stockholders to provide input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years or three years or abstain from voting when you vote in response to the resolution set forth below.

RESOLVED, that the compensation of the company's named executive officers be submitted to the shareholders of the company for an advisory vote: (a) every year; (b) every two years; or (c) every three years.

You are not voting to approve or disapprove our Board of Directors' recommendation.

While this advisory vote on the frequency of the say on pay vote is non-binding, our Board of Directors and Compensation Committee will give careful consideration to the outcome of this vote when considering the frequency of future say on pay votes.
