Report of Independent Auditor

The Board of Directors and Stockholders of

Terreno Realty Corporation

San Francisco, California

We have audited the accompanying statement of revenues and certain expenses of Caribbean (the Property) for the year ended December 31, 2011. This statement of revenues and certain expenses is the responsibility of the Company s management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues and certain expenses is free of material misstatement. We were not engaged to perform an audit of the Property s internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes assessing the basis of accounting used and significant estimates made by management, as well as evaluating the overall statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses of the Property was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in the Form 8-K/A of Terreno Realty Corporation as described in Note 1, and is not intended to be a complete presentation of the Property s revenues and expenses.

In our opinion, the statement of revenues and certain expenses referred to above presents fairly, in all material respects, the revenues and certain expenses described in Note 1 of Caribbean for the year ended December 31, 2011, in conformity with U.S. generally accepted accounting principles.

**For the Period from January 1, 2012 to May 31, 2012 (unaudited)
and the Year Ended December 31, 2011**

1. Background and Basis of Presentation

The accompanying statements of revenues and certain expenses present the results of operations of Caribbean (the Property) for the period from January 1, 2012 to May 31, 2012 and the year ended December 31, 2011. The Property was acquired by a wholly-owned subsidiary of Terreno Realty Corporation from a third-party seller, Arden Realty Limited Partnership, on July 3, 2012 for approximately \$33.7 million. The Property is located in Sunnyvale, California and consists of three multi-tenant industrial buildings containing 171,707 square feet (unaudited), which were 100% leased (unaudited) to 2 tenants at the time of acquisition.

The accompanying statements of revenues and certain expenses have been prepared on the accrual basis of accounting. The statements of revenues and certain expenses have been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission and for inclusion in this Current Report on Form 8-K/A of Terreno Realty Corporation and are not intended to be a complete presentation of the revenues and expenses of the Property for the period from January 1, 2012 to May 31, 2012 and for the year ended December 31, 2011 as certain expenses, primarily depreciation and amortization expense and other costs not comparable to the proposed future operations of the Property have been excluded. Management is not aware of any material factors at the Property other than those disclosed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

2. Summary of Significant Accounting Policies
Revenue Recognition

Rental revenues from operating leases are recorded on a straight-line basis over the term of the leases. Tenant reimbursements represent recoveries from tenants for utilities and certain property maintenance expenses. Tenant reimbursements are recognized as revenues in the period the applicable costs are accrued.

Property Operating Expenses

Property operating expenses represent the direct expenses of operating the Property and include maintenance, utilities, property management fees, repairs, and insurance costs that are expected to continue in the ongoing operations of the Property. Expenditures for maintenance and repairs are charged to operations as incurred.

Table of Contents

Use of Estimates

The preparation of the statements of revenues and certain expenses in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions of the reported amounts of revenues and certain expenses during the reporting period. Actual results could differ from those estimates used in the preparation of the statements of revenues and certain expenses.

Interim Statements

The statement of revenues and certain expenses for the period from January 1, 2012 to May 31, 2012 is unaudited, however, in the opinion of management of Terreno Realty Corporation, all significant adjustments necessary for a fair presentation of the statement for the interim period have been included. The results of operations for the interim period are not necessarily indicative of the results to be expected for the full year of the operation of the Property.

Tenant Concentration

For the year ended December 31, 2011, one tenant accounted for approximately 79% of rental revenues.
