## 1. Qualitative Information related to Financial Statements

(Please refer to Summary of Financial Results for the First Quarter of Fiscal 2012 for more information.)

### (1) Qualitative Information related to Consolidated Results of Operations

Reviewing the economic environment during the first quarter of fiscal 2012, destabilization of the international financial and capital markets caused by the debt problems in Europe is continuing and the decline in exports to Europe is impacting the real economies of newly developing countries. As a result, the recovery of the global economy still remains weak and economic slowdown is spreading as a whole.

In the United States, gradual recovery in the economy continues, but the speed of recovery of production and employment is slowing down currently. As for the future direction of the economy, in addition to the fact that the government is pressed to implement a tight fiscal policy due to the constraints imposed by the debt ceiling, there is still pressure to squeeze debt on a household level, increasing the downside risks to the economy. In Europe, there is continuing economic negative growth, with the fiscal problems experienced by certain countries impacting the real economy. As a result of the re-election, although concern over Greece leaving the Euro has decreased for the present, Spain is now requesting financial assistance from the EU, indicating that the future of the European economy holds little prospect of a drastic speedy fix for the Euro-area's debt problems, and it is difficult to predict the effects on the global economy.

In Asia, although the region continues to maintain relatively strong economic growth, its economy is slowing as a whole from the impact of, among others, the decline in exports associated with the economic stagnation in Europe.

In Japan, domestic demand such as capital investment and personal consumption is steadily improving against the backdrop of policy effects from the demand in relation to reconstruction efforts or government subsidies for eco-friendly car purchases and the economy is continuing a gradual recovery. As for the future direction of the economy, while stronger signs of recovery are expected, there are several causes for concern, such as the downturn in the overseas economies associated with the growing concern over the Euro-area's debt problems, the appreciation of the value of the yen against other currencies and electricity shortages, posing a risk that these factors will act as a drag on economic growth.

Under the foregoing business environment, we recorded Net Income of ¥183.9 billion for the first quarter of the fiscal year ending March 31, 2013.

### (2) Qualitative Information related to Consolidated Financial Conditions

Consolidated total assets as of June 30, 2012 amounted to ¥165,058.3 billion, decreasing by ¥302.1 billion from the end of the previous fiscal year.

Net Assets amounted to ¥6,604.0 billion, decreasing by ¥265.2 billion from the end of the previous fiscal year. Shareholders' Equity amounted to ¥4,871.9 billion, Accumulated Other Comprehensive Income amounted to ¥(60.4) billion, and Minority Interests amounted to ¥1,791.0 billion.

In Assets, Securities were ¥50,439.7 billion, decreasing by ¥953.1 billion from the end of the previous fiscal year and the balance of Loans and Bills Discounted amounted to ¥63,645.6 billion, decreasing by ¥154.8 billion from the end of the previous fiscal year. In Liabilities, Deposits amounted to ¥78,215.3 billion, decreasing by ¥596.5 billion from the end of the previous fiscal year.

### (3) Qualitative Information related to Consolidated Earnings Estimates

As for earnings estimates for fiscal 2012, we estimate Net Income of ¥500.0 billion on a consolidated basis as announced on May 15, 2012.

*The above estimates constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995. Please see the forward-looking statements legend for a description of the factors that could affect our ability to meet these estimates.*

**2. Matters Related to Summary Information (Notes)**

**(1) Changes in Accounting Policies and Accounting Estimates / Restatements**

(Changes in accounting policies which are difficult to distinguish from changes in accounting estimates)

Mizuho Financial Group and its domestic consolidated subsidiaries have applied the depreciation method based on the revised Corporation Tax Law to tangible fixed assets newly booked on or after April 1, 2012 beginning with the first quarter of fiscal 2012, following the revision of the Corporation Tax Law. The effect of this application on the consolidated statement of income is immaterial.

Mizuho Securities USA Inc., one of our subsidiaries, had been responding to requests for information and investigation from the U.S. Securities and Exchange Commission concerning the structuring and offering of certain securitization transactions involving subprime mortgages and entered into a settlement agreement with that Commission in July this year. The settlement amount incurred in this matter (\$127 million) was mostly reserved in the financial statements of the previous fiscal year. The effect of this matter on business results of this fiscal year is immaterial.
