**Section 1 Registrant's Business and Operations**

**Item 1.01 Entry into a Material Definitive Agreement**

On February 19, 2013, FreightCar America, Inc. (the Company), through its wholly owned subsidiary, FreightCar Alabama, LLC (FCAL), as subtenant, entered into a Sublease (the Sublease) with Navistar, Inc. (Navistar), as sublandlord, for space at a production facility located in Cherokee, Alabama (the Subleased Premises). The Subleased Premises are a portion of the approximately 700 acres of land and an approximately 2,150,000-square foot facility (collectively, the Premises) that Navistar leases from Teachers' Retirement Systems of Alabama and Employees' Retirement System of Alabama, acting together as landlord under the Industrial Facility Lease dated as of September 29, 2011, as amended (the Master Lease).

Pursuant to the Sublease, approximately 543,399 square feet of the Subleased Premises will be occupied by the Company and will include production lines, an assembly area, storage and fabrication areas and office space. The remaining portion of the Subleased Premises will be occupied by Navistar. The initial term of the Sublease expires on December 31, 2021 and, at the option of FCAL, is subject to extension for a period of an additional 120 months.

The following will constitute an event of default under the Sublease (subject to applicable cure periods):

(1) any act or omission by FCAL that would constitute an event of default under the Master Lease; or

(2) FCAL fails to perform any of the covenants, agreements, terms or provisions in the Sublease.

In connection with the Sublease, FCAL also has entered into an asset purchase agreement pursuant to which the Company will purchase from Navistar certain manufacturing equipment located on the Premises, a supply agreement pursuant to which Navistar will provide fabrication and production support services to the Company and a services agreement pursuant to which Navistar will provide administrative and other agreed-upon services to the Company.

The Company will immediately begin to prepare to operate the Subleased Premises and expects to invest up to \$23 million to equip and open the Subleased Premises. The Company expects that the first new railcars manufactured at the Subleased Premises will be delivered in the second half of 2013.

A copy of the Company's press release relating to the Sublease is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
