The presence at the Annual Meeting of any stockholder who had given a proxy shall not revoke such proxy unless the stockholder delivers his or her ballot in person at the Annual Meeting or delivers a written revocation to the Corporate Secretary prior to the voting of such proxy.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Holders of record of our shares of common stock, par value \$0.01 per share, as of the close of business on April 1, 2013, are entitled to one vote for each share then held. As of April 1, 2013, there were 58,202,819 shares of common stock issued and outstanding. The presence in person or by proxy of a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining that a quorum is present. A list of such stockholders will be available for inspection at 581 Main Street, Suite 810, Woodbridge, New Jersey 07095 for 10 days prior to the Annual Meeting. The list also will be available at the Annual Meeting.

As to the election of directors, a stockholder may vote FOR ALL NOMINEES proposed by the Board, to WITHHOLD AUTHORITY FOR ALL NOMINEES or to vote FOR ALL EXCEPT one or more of the nominees being proposed. Directors are elected by a plurality of votes cast, without regard to either broker non-votes, or proxies as to which the authority to vote for the nominees being proposed is withheld.

As to the ratification of KPMG LLP as our independent registered public accounting firm, a stockholder may: (i) vote FOR the ratification; (ii) vote AGAINST the ratification; or (iii) ABSTAIN from voting on such ratification. The affirmative vote of a majority of the votes cast at the Annual Meeting, without regard to either broker non-votes, or shares as to which the ABSTAIN box has been selected on the proxy card, is required for the ratification of KPMG LLP as the independent registered public accounting firm for the year ending December 31, 2013.

As to the advisory, non-binding resolution to approve our executive compensation as described in this Proxy Statement, a stockholder may: (i) vote FOR the resolution; (ii) vote AGAINST the resolution; or (iii) ABSTAIN from voting on the resolution. The affirmative vote of a majority of the votes cast at the Annual Meeting, without regard to either broker non-votes, or shares as to which the ABSTAIN box has been selected on the proxy card, is required for the approval of this non-binding resolution. While this vote is required by law, it will neither be binding on Northfield Bancorp, Inc. or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on Northfield Bancorp, Inc. or the Board of Directors.

As to the advisory, non-binding proposal with respect to the frequency that stockholders will vote on our executive compensation, a stockholder may select that stockholders: (i) consider the proposal every 1 YEAR ; (ii) consider the proposal every 2 YEARS ; (iii) consider the proposal every 3 YEARS ; or (iv) ABSTAIN from voting on the proposal. Generally, approval of any matter presented to stockholders requires the affirmative vote of a majority of the votes cast. However, because this vote is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by Northfield Bancorp Inc. s stockholders. Even though this vote will neither be binding on Northfield Bancorp, Inc. or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on Northfield Bancorp, Inc. or the Board of Directors, the Board of Directors will take into account the outcome of this vote in making a determination on the frequency that advisory votes on executive compensation will be included in our proxy statements.

Persons and groups who beneficially own in excess of five percent of our shares of common stock are required to file certain reports with the Securities and Exchange Commission regarding such ownership pursuant to the Securities Exchange Act of 1934 (the Exchange Act). The following table sets forth, as of April 1, 2013, the shares of our common stock beneficially owned by each person known to us who was the beneficial owner of more than five percent of the outstanding shares of common stock.

Northfield Bank Employee Stock Ownership Plan 1731 Victory Blvd. Staten Island, NY 10314	3,861,279	6.63%

CORPORATE GOVERNANCE AND BOARD MATTERS

Board of Directors, Leadership Structure, Role in Risk Oversight, Meetings and Standing Committees

Board of Directors. There are currently nine members of the Board of Directors.

John W. Alexander
John R. Bowen
Annette Catino

Gil Chapman
John P. Connors, Jr.
John J. DePierro

Susan Lamberti
Albert J. Regen
Patrick E. Scura, Jr.

Director Regen has attained mandatory retirement age, as set forth in the Bylaws of the Company and Northfield Bank, and will not serve past this Annual Meeting of Stockholders. Effective as of the date of the Annual Meeting, our Board, by resolution, will be reduced to eight members. Mr. Regen s ongoing contributions to the Company and the communities we serve are deemed to be of significant value and, therefore, we expect the Board of Directors will grant Mr. Regen director emeritus status at its annual reorganization meeting to occur immediately after this Annual Meeting. Mr. Regen is expected to continue to promote the interests of the Company and provide consultation to the Board of

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

Directors and management, on various business matters, as deemed appropriate.

The Board of Directors affirmatively determines the independence of each director in accordance with NASDAQ Stock Market rules, which include all elements of independence as set forth in the listing requirements for NASDAQ securities. The Board of Directors has determined that each of the above Directors, other than John W. Alexander, meets the independence standards to serve on the Board of Directors. In addition, the Board of Directors has determined that all of the above Directors, other than John W. Alexander and John P. Connors, Jr., qualify to serve on the Nominating and Corporate Governance, Audit, and Compensation Committees pursuant to applicable independence requirements of NASDAQ and the rules and regulations of the Securities and Exchange Commission (SEC).

The Board of Directors has also determined that Directors Catino, Chapman, and Scura each qualify as audit committee financial experts as that term is used in the rules and regulations of the SEC.

Leadership Structure. The Nominating and Corporate Governance Committee and the Board of Directors periodically review the functioning of the Board, including an assessment of its effectiveness, and the ability of directors to have introduced topics of interest or concern for Board discussion. The Board of Directors believes that it should maintain the flexibility to select the Chairman, and its Board leadership structure, based upon its operating needs and its assessment of what is in the best interest of the Company and its stockholders. Currently, the offices of the Chairman of the Board and the Chief Executive Officer are combined, with Mr. Alexander serving as both. The Board of Directors believes that combining the Chairman and Chief Executive Officer positions is an effective corporate governance structure for the Company at this time. Mr. Alexander's combined roles effectively utilize his extensive experience and knowledge regarding the Company and the financial services industry, allowing him to lead Board discussions regarding the Company's business, its strategy, and its risks, as well as providing unified leadership for the Company.

The Board of Directors also recognizes the importance of strong independent leadership on the Board. Accordingly, in addition to the Board maintaining a majority of independent directors and independent Nominating and Corporate Governance, Compensation, and Audit Committees, the Board also has designated the position of Lead Independent Director. The Board of Directors believes that the Lead Independent Director structure provides the same independent leadership, oversight, and benefits for the Company and the Board, that would be provided by an independent Chairman. Our Corporate Governance Principles provide that a majority of the independent directors will appoint the Lead Independent Director. Currently, Mr. John J. DePierro serves as the Board's Lead Independent Director. The Lead Independent Director also serves as Chairman of the Nominating and Corporate Governance Committee. The independent directors have also approved a Lead Independent Director Charter delineating the role and responsibilities of the Lead Independent Director, which include the following:

promote open and effective communications among the non-management members of the Board of Directors and between non-management Directors and the management of the Company, including in particular the Chairman and Chief Executive Officer. The role of the Lead Director is also to facilitate and promote the Board's strength and independence;

convene and chair executive sessions of the non-management and independent directors at least twice annually and other meetings as may be necessary from time to time and, as appropriate, provide prompt feedback to the Chief Executive Officer;

coordinate and develop the agenda for and chair executive sessions of the non-management and independent directors;

coordinate feedback to the Chief Executive Officer on behalf of non-management and independent directors regarding business issues and management;

coordinate and develop with the Chairman of the Board the agendas for meetings of the Board and informational needs associated with those agendas and presentations;

discuss the results of the Chief Executive Officer's performance evaluation with the Chairman of the Compensation Committee;

convey to the Chief Executive Officer, together with the Chairman of the Compensation Committee, the results of the Chief Executive Officer's performance evaluation;

identify and develop with the Chairman of the Board and the Nominating and Corporate Governance Committee, the Board's compositional needs and criteria for director candidates;

coordinate with legal counsel, responses to questions and/or concerns from stockholders or other interested parties that were communicated or addressed to the Company's non-management directors; and

perform such other duties as may be necessary for the Board to fulfill its responsibilities or as may be requested by the Board as a whole, by the non-management Directors, or by the Chairman of the Board.

Role in Risk Oversight. The Board of Directors fulfills its risk oversight role primarily through its Risk Committee, and its other standing committees. The Risk Committee has responsibility for enterprise-wide risk management and determining that significant risks of the Company are monitored by the Board of Directors or one of its standing committees. In addition, the Risk Committee reviews new products and services proposed to be implemented by management to determine that appropriate risk identification has occurred; controls are considered to mitigate identified risks to an acceptable level, and significant risks are monitored by one of the Board's standing committees.

Each Board committee and its chair work closely with the Chief Risk Officer and other members of management in overseeing its assigned risks and each committee receives reports and information regarding risk issues directly from management and, in some cases, the Risk Committee. Each of the Board's committees is responsible for oversight of specific risks as outlined in each of its charters. In addition, director committee assignments are made with the intention of having directors serve on multiple committees to foster communications and synergies between committees, while reducing redundancies and inefficiencies.

The Board periodically receives reports and information about the Company's enterprise-wide risk management program directly from the Risk Committee and members of management, including the Chief Risk Officer. The chair of each committee makes periodic reports to the Board of Directors regarding significant activities and actions of their committee, including activities related to risk monitoring and oversight. The reports are discussed and accepted by the Board of Directors, with specific approvals provided for certain actions of the committees.

Related to compensation programs of our employees, the Compensation Committee, in consultation with its third-party independent consultant, and with the assistance of the Chief Risk Officer, the Chief Executive Officer and the President, performed a risk assessment of the Company's compensation program (including cash incentive compensation) for all employee levels within the Company. The objective of the review was to determine if the compensation programs, at all employee levels, encouraged behaviors that exposed the Company to unacceptable levels of risk in relation to its business model. The review evaluated the balance of compensation elements between cash and equity, fixed versus variable compensation, and long-term versus short-term compensation. The review considered the level of potential cash incentive compensation as compared to base salary, the focus of individual goals, weighting, amount of hold backs, appropriateness of clawbacks, and balance of such goals, as well as, internal controls in place to mitigate possible high risk behaviors.

Based upon its risk assessment, the Compensation Committee concluded that the compensation programs (including cash incentive compensation) for all employee levels were based on balanced performance metrics that were reasonable in relation to base salary, and promoted disciplined progress towards longer-term strategic goals.

The Compensation Committee also concluded that the compensation programs did not motivate improper risk taking, and are not reasonably likely to have a material adverse effect on the Company. The Company will continue to conduct risk assessments and will review our process in light of any new and emerging regulations.

Meetings. The business of Northfield Bancorp, Inc. is conducted at regular and special meetings of the Board and its standing committees. During the year ended December 31, 2012, the Board of Directors held five meetings, and the Board of Directors of Northfield Bancorp, Inc., our predecessor federal corporation, held 13 meetings, consisting of 11 regular monthly meetings, one annual reorganization meeting, and one special meeting related primarily to the acquisition of Flatbush Federal Savings and Loan Association. In addition, the Board of Directors and its committees will meet for training purposes and occasionally hold conference calls to finalize or update topics discussed at its regular meetings. Independent directors meet in executive sessions, no less than twice a year.

No member of the Board or any committee thereof attended fewer than 75% of the aggregate of: (i) the total number of meetings of the Board of Directors (held during the period for which she or he has been a director); and (ii) the total number of meetings held by all committees of the Board on which she or he served (during the periods that she or he served).

The Compliance Committee also provides oversight related to our information technology strategy and risks, and compliance with the Community Reinvestment Act. The Compliance Committee met seven times during the year ended December 31, 2012.

Director and Director Nominee Evaluation Process

The Nominating and Corporate Governance Committee evaluates our current business and strategic plan to determine both the number of directors, and qualifications necessary to properly execute upon the Board's oversight role. The Committee considers, among other things, the annual self assessment performance results of the Board and its committees, the contributions of each Board member, published board composition survey data and relevant information pieces. The Committee also consults with its outside corporate and securities counsel, who is expert in corporate governance, as part of this process.

The Nominating and Corporate Governance Committee generally seeks to identify individuals who, at a minimum, satisfy the following criteria:

have the highest personal and professional ethics and integrity and whose values are compatible with our values;

have experience and achievements that have given them the ability to exercise and develop good business judgment;

have a willingness to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;

have a commitment to the communities in which we operate and/or are actively engaged in community activities;

are involved in other activities or interests that do not create a conflict with their responsibilities to the Company and its stockholders; and

have the capacity and desire to represent the balanced, best interests of our stockholders as a group, and not primarily a special interest group or constituency.

Specific characteristics that are highly valued by the Committee include relevant and timely experience (both professional and life experiences), commitment to ongoing training and personal development, and ability to promote the interests of the Company, which include involvement in local business, community, and industry groups. The Committee recognizes that each director, and director nominee, is unique and that desired characteristics will be demonstrated at different levels by each individual. The Committee also considers the ability of individuals to work as part of a team to support the strategic initiatives of the Company and whether a candidate satisfies the criteria for independence under the NASDAQ corporate governance listing standards.

The Committee does not have a formal policy or specific guidelines regarding diversity among Board members, and generally views and values diversity from the perspective of professional and life experiences, as well as geographic location, representative of the markets in which we do business. The Committee recognizes that diversity in professional and life experiences may include consideration of gender, race, or national origin, in identifying individuals who possess the qualifications that the Committee believes are important to be represented on the Board.

The Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board possessing skills and experience that are relevant to the current business and strategic direction of the Company, and who are willing to continue in service are first considered for re-nomination. The Committee evaluates the value of proven performance and continuity of service by existing members of the Board compared to that of obtaining a new perspective. In addition, the Nominating and Corporate Governance Committee is authorized by its charter to engage a third party to assist in identifying director nominees, if it so chooses.

The following details include for each of the director nominees, and directors continuing in office: their name; age as of December 31, 2012; year in which they first became a director of the Company; year that their term expires; and their business experience for at least the past five years. Ms. Catino resigned from the board of directors of Middlesex Water Company effective October 26, 2010. Director Compensation

Every three years, director compensation is reviewed in detail by the Compensation Committee, in consultation with the Nominating and Corporate Governance Committee. The Compensation Committee considers, among other things, the size and complexity of the Company, as well as the responsibilities, marketplace availability of necessary skill sets, and the time commitment necessary for the Board, its committees, and its committee chairs, to adequately discharge their oversight role and responsibilities. The Compensation Committee utilizes the assistance of a third-party compensation consultant, Pearl Meyer & Partners (PM&P), and available peer and survey data, regarding director compensation at other comparable financial institutions, as part of this process. For interim years between detailed reviews, the Compensation Committee reviews current market conditions and trends in director compensation in consultation with its third-party compensation consultant. In 2010, the Compensation Committee performed its triennial detailed review of director (and executive) compensation.

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

In December 2008, the stockholders of the Company approved the Northfield Bancorp, Inc. 2008 Equity Incentive Plan. The objective of equity awards is to further align the interests of our employees and directors with those of other stockholders and reward sustained performance. In January, 2009 the Compensation Committee granted equity awards to each director, consisting of 38,930 shares of restricted common stock, and 97,220 options to purchase shares of common stock at a price of \$7.09 per share, representing the closing price of the Company's common stock on the grant date. The equity awards vest in equal installments over a five-year period, commencing one year from the date of the grant.

On January 24, 2013, Northfield Bancorp, MHC, completed a mutual-to-stock conversion which resulted in a 1.4029-for-one stock split. All references in this Proxy Statement to shares of Northfield Bancorp, Inc. common stock, including restricted stock, options to acquire Northfield Bancorp, Inc. stock, and stock prices have been adjusted to reflect the stock split.

The following table sets forth the Director and committee fee structure for the Board and its standing committees (all of which were due and payable in cash) for the year ended December 31, 2012. Directors who are also employees of the Company receive no additional compensation for service as a director. Attendance fees, and one-fourth of any annual retainer, are paid on a quarterly basis, in arrears, unless a director elects to have such fees or a portion thereof, deferred under our non-qualified deferred compensation plan, described below.

	Board of Directors	Nominating and Corporate Governance	Compensation Committee	Audit Committee
Annual Retainer	\$ 30,000			
Annual Retainer-Chair		\$ 3,000	\$ 4,000	\$ 6,000
Per Meeting Fee	\$ 1,250	\$ 850	\$ 850	\$ 1,250

Members of other committees of the Board receive in cash an \$850 per meeting attendance fee and an annual committee chair retainer of \$3,000. In addition, the Lead Independent Director receives an annual retainer of \$3,000.

The Company also pays directly or reimburses Directors for normal, customary, and necessary business expenses, which includes computer equipment, services, and supplies, relevant professional memberships, and participation in professional training seminars.

The following table sets forth for the year ended December 31, 2012, certain information as to the total remuneration we paid or was earned by our directors. Mr. Alexander does not receive separate compensation for his service as a director. The Stock awards, Options awards, Non-equity incentive plan compensation, and Change in pension value and nonqualified deferred compensation earnings columns have been omitted from the table because no director earned any compensation during the year ended December 31, 2012, of a type required to be disclosed in those columns.

Bowen, Chapman, Connors, DePierro, and Scura, Ms. Catino and Ms. Lamberti each had 58,332 vested but unexercised stock options and 38,888 unvested stock options. As of December 31, 2012, Mr. Regen had 38,888 vested but unexercised stock options, and 38,888 unvested stock options.

Transactions With Certain Related Persons

Loans and Extensions of Credit. The Sarbanes-Oxley Act of 2002 generally prohibits us from making loans to our executive officers and directors, but it contains a specific exemption from such prohibition for loans made by Northfield Bank to our executive officers and directors in compliance with federal banking regulations.

The aggregate amount of our outstanding loans to our executive officers and directors and their related entities was approximately \$194,675 at December 31, 2012. All of such loans were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Northfield Bank, and did not involve more than the normal risk of collectability or present other unfavorable features. These loans were performing according to their original terms at December 31, 2012, and were made in compliance with federal banking regulations.

Compensation Committee Interlocks and Insider Participation. We have no compensation committee interlocks. Ms. Catino, and Messrs. Chapman, DePierro, and Scura constitute all of the directors who served on our Compensation Committee at any time during 2012. Each is and was an independent, outside director, and none is a current or former officer or employee of the Company.

Other Transactions. John P. Connors, Jr. is a practicing attorney who performs legal work directly for or on behalf of Northfield Bank. During the year ended December 31, 2012, Mr. Connors received fees, either from Northfield Bank, or directly from our customers, in connection with transactions with Northfield Bank, in the amount of approximately \$18,850. The Board of Directors authorizes the appointment of Mr. Connors each year, and the Compensation Committee of the Board of Directors reviews a summary of the services performed and the total fees paid for services on an annual basis. All transactions with Mr. Connors are in the ordinary course of business, and the terms and fees are considered to be consistent with those prevailing at the time for comparable transactions with other persons.

Attendance at Annual Meetings of Stockholders

Although we do not have a formal written policy regarding director attendance at annual meetings of stockholders, it is expected that Directors will attend these meetings absent unavoidable scheduling conflicts. All Directors attended the 2012 Annual Meeting of Stockholders.

Codes of Conduct and Ethics

We have adopted a Code of Conduct and Ethics for Senior Financial Officers that is applicable to our chief executive officer, chief financial officer, and controller. The Code of Conduct and Ethics for Senior Financial Officers is available on our website at www.eNorthfield.com. Amendments to and waivers of the Code of Conduct and Ethics for Senior Financial Officers will be disclosed on our website, or otherwise in the manner required by applicable law, rule, or listing standard.

We also adopted a Code of Conduct and Ethics that is applicable to all employees, officers, and directors which is available on our website at www.eNorthfield.com. Employees, officers, and directors acknowledge annually that they will comply with all aspects of the Code of Conduct and Ethics for Employees, Officers, and Directors.

Stock Ownership Guidelines

The Board of Directors believes that Directors and Executive Officers should own and hold common stock of the Company to further align their interests with the interests of our stockholders. Therefore, the Board has established minimum stock ownership guidelines (the Guidelines). The Guidelines are applicable to non-employee Directors and Executive Officers. Executive Officers are defined as the Chief Executive Officer, President, Chief Financial Officer, Chief Operating Officer, Senior Lending Officer, and Senior Operations Officer of the Company. In the event a Director also serves as an Executive Officer of the Company, the Director will be

subject to the Executive Officer stock ownership guidelines instead of the Director stock ownership guidelines. As of December 31, 2012, all non-employee Directors and Executive Officers were in compliance with the stock ownership Guidelines.

For purposes of meeting the Guidelines, shares owned directly, shares obtained through stock option exercises or pursuant to the Company's Employee Stock Ownership Plan and 401(k) plan, vested restricted shares and restricted stock units and shares owned indirectly in a trust, by a spouse and/or minor children are defined as Qualifying Shares. Shares of stock that Directors and Executive Officers have the right to acquire through the exercise of stock options (whether or not vested) are not included as Qualifying Shares.

Directors of the Company must own Qualifying Shares equal to the greater of (1) the sum of 5,000 shares plus 25 percent of the total number of vested restricted shares granted to them under the Northfield Bancorp Inc. 2008 Equity Incentive Plan; or (2) 10,000 shares. A Director is prohibited from selling any shares of Company stock unless the Director is in compliance with the Guidelines.

Each Executive Officer must own a minimum number of Qualifying Shares with a market value equal to a multiple of such Executive Officer's base salary, as set forth below, on March 31, 2011, or such later date that they first become an Executive Officer. The market value of the stock will be based on the closing price of the Company's stock on March 31, 2011, or such later date that they first become an Executive Officer. In addition, an Executive Officer must own a minimum of 25 percent of the total number of vested restricted shares granted to them under the Northfield Bancorp Inc. 2008 Equity Incentive Plan, commencing with the first award after they become subject to the Guidelines. An Executive Officer is prohibited from selling any shares of Company stock unless the Executive Officer is in compliance with these Guidelines.

Position	Multiple of Base Salary
Chief Executive Officer, President	2x base salary
All other Executive Officers	1x base salary

The applicable ownership level for Directors and Executive Officers must be achieved by the later of March 31, 2011, or three years after the Director or Executive Officer first becomes subject to the Guidelines, and must be maintained thereafter for as long as the individual remains a Director or Executive Officer, until the Director or Executive Officer reaches age 70. To allow for tax and estate planning, the Director or Executive Officer's level will be capped at age 70, and reduced each subsequent calendar year by 20 percent.

If an Executive Officer's title changes and the multiple of base salary increases such that the Executive Officer would be subject to a greater ownership requirement, the Executive Officer will have three years to satisfy the additional requirement. If an Executive Officer's title changes, the overall market value ownership requirement as a multiple of base salary will be recalculated based on the closing price of the Company's stock on the date the Executive Officer becomes subject to the increased requirement.

If an Executive Officer's base salary increases subsequent to initially being subject to these guidelines the number of Executive Officer's Qualifying Shares will not change. The number of Qualifying Shares will not change as a result of fluctuations in the market price of the Company's stock price, subsequent to the Executive Officer first being subject to the Guidelines.

The Nominating and Corporate Governance Committee will evaluate whether exceptions should be made for any Director or Officer on whom any requirement of the Guidelines would impose a financial hardship or prevent such Director or Executive Officer from complying with a court order.

Each Director's and Executive Officer's compliance with or progress towards compliance with the Guidelines will be reviewed as of the close of business on each calendar year end by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee shall be responsible for monitoring and interpreting the application of the Guidelines and may amend the Guidelines at any time.

Compensation Discussion and Analysis

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

Persons Covered. This discussion and analysis addresses compensation for 2012 for the following executive officers: John W. Alexander, Chairman and Chief Executive Officer; Steven M. Klein, President and Chief Operating Officer (who served as Chief Financial Officer at December 31, 2012); Kenneth J. Doherty, Executive Vice President and Chief Lending Officer; Michael J. Widmer, Executive Vice President of Operations; Madeline G. Frank, Senior Vice President of Human Resources, (who retired on October 5, 2012) and William R. Jacobs, Senior Vice President, Chief Financial Officer, and Principal Accounting Officer. These six executives are referred to in this discussion as the Named Executive Officers.

Executive Summary. Prior to completing our initial public offering in November 2007, we were wholly-owned by our mutual holding company. As a mutually owned company, our compensation programs were, by nature, limited, and consisted primarily of base salary and annual cash incentive compensation.

As part of our transition to a public company, our compensation program continues to evolve and is being augmented and modified, as appropriate, to ensure that we attract and retain superior financial services executive talent, and reward sustainable performance within the context of appropriate risk management parameters and safe and sound operation of the Company and its subsidiary, Northfield Bank.

We strive to create a compensation program that rewards performance and the long-term success of the Company. Our compensation program is designed to achieve an appropriate balance between shorter-term and longer-term performance, fixed and performance-based compensation, and cash and equity compensation. A primary objective of our current compensation program is to align the interests of our executives with those of our stockholders. Our 2012 compensation program included competitively benchmarked base salaries, a formal annual cash incentive compensation program directly linked to, among other things, the Company's strategic objectives, and an equity incentive plan. The Company has remained committed to its disciplined and balanced approach to providing community banking services and utilizes the same philosophy in designing a compensation program that is consistent with effective risk management.

Role of the Compensation Committee. The Compensation Committee of the Board of Directors is responsible for overseeing and approving, subject to ratification by the Board of Directors, the compensation of the Named Executive Officers, including the Chief Executive Officer. As part of these duties, the Committee administers the Company's cash and equity incentive compensation plans and conducts an annual performance review of the Chief Executive Officer and, in consultation with the Chief Executive Officer, reviews the performance of the other Named Executive Officers. The Board of Directors has ultimate authority to ratify the compensation of all Named Executive Officers, including the Chief Executive Officer.

The Compensation Committee also reviews, oversees, and approves the management and implementation of Northfield Bank's employee benefit plans. The Committee has a formal charter that describes the Committee's scope of authority and its duties.

The Compensation Committee consists of four Directors, all of whom are independent as set forth in the listing requirements for NASDAQ securities. The Nominating and Corporate Governance Committee of the Board of Directors evaluates the independence of Committee members at least annually, using the standards contained in NASDAQ listing requirements. This evaluation, and the determination that each member of the Committee is independent, was made most recently in March 2013.

Role of Executives in Committee Activities. The executive officers who serve as a resource to the Compensation Committee are the Chief Executive Officer, the President and Chief Operating Officer, the Chief Risk Officer, the Chief Financial Officer, and the Director of Human Resources. Executives provide the Compensation Committee with input regarding employee compensation philosophy, processes, risk considerations, and compensation matters regarding employees other than Named Executive Officers. This communication assists in the design and alignment of compensation programs throughout the Company. In addition to providing factual information such as Company-wide performance on relevant measures, these executives articulate management's views on current compensation programs and processes, recommend relevant performance measures to be used for future evaluations, and otherwise supply information to assist the Compensation Committee. The Chief Executive Officer also provides information about individual performance assessments for the other Named Executive Officers, and expresses to the Compensation Committee his views on the appropriate levels of compensation for the other Named Executive Officers for the ensuing year. At the request of the Compensation Committee, the Chief Operating Officer communicates directly with third-party consultants, providing third-party consultants with Company-specific data and information, and assisting in the evaluation of the estimated financial effect regarding any proposed changes to the various components of compensation.

Executives participate in Committee activities purely in an informational and advisory capacity and have no vote in the Committee's decision-making process. The Chief Executive Officer and the President and Chief Operating Officer do not attend those portions of Compensation Committee meetings during which their performance is evaluated or their compensation is being determined. No executive officer other than the Chief Executive Officer attends those portions of Compensation Committee meetings during which the performance of the other Named Executive Officers is evaluated or their compensation is being determined. In addition, the Compensation Committee meets, as appropriate, without management being present.

Use of Consultants. The Compensation Committee periodically engages an independent compensation consultant to assist it in the compensation process for Named Executive Officers. The consultant is retained by and reports directly to the Compensation Committee. The Compensation Committee places no restrictions on the consultant within the scope of contracted services and such consultant is not engaged by management for any purpose. The consultant provides expertise and information about competitive trends in the employment marketplace, including established and emerging compensation practices at other companies. The consultant also provides proxy statement and survey data, and assists in assembling relevant comparison groups for various purposes and establishing benchmarks for base salary, equity awards, and cash incentives from the comparison group proxy statements and survey data.

For 2012, the Compensation Committee engaged PM&P, an independent compensation consulting firm, as its advisor on executive and Board compensation matters. PM&P assisted the Compensation Committee in the development of the 2012 cash incentive plan and provided the Committee with updates on current executive compensation trends, including those related to employment contracts. The Committee undertakes a comprehensive assessment every three years and utilizes PM&P to provide ongoing market trends and guidance for pay structures in the intervening years. The Committee regularly reviews the services provided by its outside consultants and PM&P's independence was reviewed against the requirements of the SEC and NASDAQ and found to meet all of the criteria for independence.

Compensation Objectives and Philosophy. The overall objectives of the Company's compensation program are to retain, motivate, and reward employees and officers (including the Named Executive Officers) for sustained performance, and to provide competitive compensation, including incentive compensation, to attract talent to the Company, consistent with effective risk management. The methods used to achieve these goals for Named Executive Officers are influenced by the compensation and employment practices of our competitors within the financial services industry, and elsewhere in the marketplace, for executive talent. Other considerations include each Named Executive Officer's individual performance in achieving both financial and non-financial corporate goals.

Our compensation program is designed to reward the Named Executive Officers based on their level of assigned management responsibilities, individual experience and performance levels, and knowledge of banking and our business. The creation of long-term value is highly dependent on the development and effective execution of our business strategy by our executive officers.

Factors that influence the design of our executive compensation program include, among other things, the items listed below.

We operate in a highly regulated industry, and we value industry-specific experience that promotes the safe and sound operation of Northfield Bank.

We value executives with sufficient experience in our markets relating to the behavior of our customers, products, and investments in various phases of the economic cycle.

We operate in interest rate and credit markets that are often volatile. We value disciplined decision-making that respects our business plan but adapts appropriately to change.

We value the retention and development of performing incumbent executives. Recruitment of executives can have substantial monetary costs, unpredictable outcomes, and a disruptive effect on our operations.

Our 2012 compensation program for our Named Executive Officers included three key components. The first component is base salary, which is designed to provide a reasonable level of predictable income commensurate with market standards for the position held. The second component is an annual cash incentive plan, designed to reward our executives for attaining specific performance goals that support the strategic objectives of the Company, and the third component, is the vesting of equity incentive awards in the form of Company common stock, and options to purchase Company common stock at a specified price. We also provide benefits and perquisites to the Named Executive Officers at levels that are competitive and appropriate for their roles.

Benchmarking. Our compensation program is periodically evaluated in relation to benchmark data derived from information reported in publicly-available proxy statements and from market survey data. The Compensation Committee will generally review and consider updated peer proxy and market survey compensation data every three years. In 2010, the Compensation Committee engaged PM&P to assist it in completing a comprehensive competitive review. PM&P recommended the peer group using objective criteria to reflect banks similar in asset size, business model and region to the Company. The asset size ranged from one-half to two times the Company's asset size with a median of \$2 billion. The Compensation Committee approved the following peer group:

Dime Community Bancshares, Inc.	State Bancorp, Inc.	Smithtown Bancorp, Inc.
Provident New York Bancorp	Sandy Spring Bancorp, Inc.	First of Long Island Corporation
Flushing Financial Corporation	Suffolk Bancorp	Financial Institutions, Inc.
OceanFirst Financial Corp.	Sun Bancorp, Inc.	Eagle Bancorp, Inc.
Kearny Financial Corp.	Oritani Financial Corp.	Roma Financial Corporation
Sterling Bancorp	Hudson Valley Holding Corp.	First United Corporation
Center Bancorp, Inc.	Lakeland Bancorp, Inc.	First Mariner Bancorp

PM&P provides high level market trend information including typical base salary movement, incentive targets, and other guidance to update the Committee, as requested.

Assembling the Components of Compensation. The Compensation Committee analyzes the level and relative mix of executive compensation by component (e.g., base salary, incentives, and benefits) and in the aggregate. The Chief Executive Officer provides recommendations to the Committee relating to compensation to be paid to the Named Executive Officers other than himself. Based on their analysis, the Compensation Committee approves each Named Executive Officer's compensation, subject to ratification by the Board of Directors.

When evaluating the mix of total compensation, the Compensation Committee considers among other things, general market practices, benchmarking studies conducted by the consultant, the alignment of cash and equity incentive awards with our strategic objectives and Company performance, and the desire to reward performance through incentive compensation within Board-approved risk parameters. The Compensation Committee seeks to create appropriate incentives without encouraging behaviors that result in undue risk. These components are periodically evaluated in relation to benchmark data derived from information reported in publicly-available proxy statements and from market survey data.

Base Salary. Base salary is designed to provide a reasonable level of predictable income commensurate with the position, pay levels of similar positions in the market, individual experience, and demonstrated performance. Named Executive Officers are eligible for periodic adjustments to their base salary as a result of individual performance, market analysis, or significant changes in their duties and responsibilities. The Compensation Committee annually reviews and approves base salaries, and changes thereto, for Named Executive Officers, including our Chief Executive Officer.

Base salary amounts were determined based on a review of peer proxy and survey data provided by PM&P after an analysis of current financial services industry compensation trends. The Compensation Committee reviewed the 50th percentile of peer proxy and survey data, and a pay range around the median to allow for recognition of each Named Executive Officer's specific experience, responsibilities and performance, estimated value in the marketplace, and the Committee's view of each Named Executive Officer's role in the future success of the Company. Subsequent to the comprehensive competitive compensation review conducted in 2010, salary data was updated by PM&P consistent with market movement to provide appropriate guidelines to the Committee. The Compensation Committee generally targets base salary compensation at the 65th percentile for each of the Named Executive Officers.

The Committee considered the responsibility, significant experience, contributions, and performance of each Named Executive Officer, their value in the marketplace, and their critical roles in the future successes of the Company, and determined in December, 2011, that existing base salaries properly reflected these factors and made a determination not to change base salaries for any Named Executive Officers in 2012.

Cash Incentives. The Compensation Committee developed and implemented a management incentive plan (the Cash Incentive Plan) in 2011. The Cash Incentive Plan provides performance-based annual cash incentives to reward the Company's Named Executive Officers for the execution of specific financial and non-financial elements of our strategic business plan, as well as individual goals related to each executive's functional area. A defined level (80 percent or greater) of Corporate performance is required for the Plan to activate or turn on. Once the Plan is active, incentives are based on Corporate and Individual performance. The Corporate goals are designed to reflect a significant portion of the Named Executive's incentive (70 percent to 100 percent) while the individual performance reflects up to 30 percent of the incentive.

The Compensation Committee evaluates the reasonableness and likelihood of attaining designated incentive goals, including stretch goals, in an effort to ensure that such targets appropriately reward performance, but do not encourage undue risk taking. Actual performance over the applicable measurement period may exceed or fall short of the targets resulting in the Named Executive Officer receiving an annual incentive cash award that is above or below the initial targeted level. Annual incentive cash awards granted in prior years are not taken into account by the Compensation Committee in the process of setting performance targets for the current year. The Committee believes that doing so would be inconsistent with the underlying reasons for the use of incentive compensation.

For 2012, the Compensation Committee set a target total cash incentive award of between 20 percent to 30 percent of base salary for each Named Executive Officer. The actual cash incentive award range was defined as 50 percent of target for threshold performance and 150 percent of target for stretch performance. These targets were intentionally set lower than current market practice as part of the Company's shift from its former compensation philosophy as a mutually owned bank (greater focus on cash compensation weighted towards base salary) to that of a public company (which includes equity compensation and a greater weighting of compensation towards long-term incentive compensation rather than short-term incentives).

The Compensation Committee established two shared corporate goals (the Corporate Goals) and individual performance goals for Messrs. Doherty, Widmer, and Jacobs. The first Corporate Goal (Corporate Goal #1), weighted at 80 percent, measured the attainment of the Board-approved, budgeted basic earnings per share of \$0.29. The stretch goal was budgeted basic earnings per share \$0.35 or greater and the threshold was \$0.26 budgeted basic earnings per share. The second target Corporate Goal (Corporate Goal #2), weighted at 20 percent, was to achieve an efficiency ratio of 58 percent. The stretch goal was 46.40 percent or better, and the threshold goal was a maximum efficiency ratio of 63.80 percent.

Individual performance goals were aligned with our strategic business plan and focused on the following areas: Mr. Doherty, originating loans to specified targets while minimizing credit risk, and reducing non-accruing loans to specified targets; for Mr. Widmer, increasing deposits to specified targets and, for Mr. Jacobs, enhancing leadership skills, successful development of staff, and further enhancements to reporting processes.

In March of 2013, the Compensation Committee evaluated achievement of the Corporate Goals and Individual Goals. Regarding the first Corporate Goal, the Company reported 2012 basic earnings per share of \$0.30, exceeding the basic earnings per share target goal of \$0.29. Based on the achievement of \$0.30 basic earnings per share, the Corporate Goal was achieved between Target and Stretch and resulted in an award between 11.80 percent and 25.28 percent of base salary. Regarding the second Corporate Goal, the Company achieved an efficiency ratio of 63.24 percent. Based on this efficiency ratio, the Corporate Goal threshold award was earned at between 1.40 percent and 3.00 percent of base salary.

Each remaining Named Executive Officer's eligible award, was determined based on the Named Executive's attainment of individual goals, which were assessed by the Compensation Committee in its annual evaluation of each Named Executive Officer's performance.

The Compensation Committee concluded the following related to each Named Executive Officer's performance related to their Corporate and individual goals in accordance with the 2012 Management (Cash) Incentive Plan:

Mr. Alexander's incentive award for the Corporate Goals, weighted at 100 percent, was \$191,202 (28.28 percent of base salary), consisting of an award of \$170,922 related to Corporate Goal #1, and \$20,280 related to Corporate Goal #2.

Mr. Klein's incentive award for the Corporate Goals, weighted at 100 percent, was \$98,995 (28.28 percent of base salary), consisting of an award of \$88,495 related to Corporate Goal #1, and \$10,500 related to Corporate Goal #2.

Mr. Doherty's award for the Corporate Goals, weighted at 70 percent, was \$46,198 (16.50 percent of base salary) with an individual goal, weighted at 30 percent, of \$31,038 (11.09 percent of base salary). The Compensation Committee concluded that Mr. Doherty achieved his individual goals, each weighted at 50 percent, as follows: loan originations was achieved between Target and Stretch, resulting in an award of \$15,288, and the goal of reducing non-performing loans was achieved at Stretch, resulting in an award of \$15,750.

Mr. Widmer's award for the Corporate Goals, weighted at 70 percent, was \$41,248 (16.50 percent of base salary) with one individual goal, weighted at 30 percent, of \$26,513 (10.61 percent of base salary). The Compensation Committee concluded that Mr. Widmer attained his deposit growth goal between Target and Stretch. The Compensation Committee also considered Mr. Widmer's success in maintaining the Company's average cost of deposits at levels comparable to the median of a designated peer group.

Mr. Jacobs' award for the Corporate Goals, weighted at 70 percent, was \$20,397 (13.20 percent of base salary) with an individual goal, weighted at 30 percent, of \$9,272 (6.00 percent of base salary). The Compensation Committee considered Mr. Jacobs' progress towards enhancing his leadership skills, developing his staff, and enhanced automation of reporting processes in determining the individual award.

In recognition of the Company's overall performance and the Executives' contributions to executing on the Company's strategic plan (including the successful completion of the mutual to stock conversion of Northfield Bancorp, MHC), franchise enhancement, and asset quality improvements, the Compensation Committee granted discretionary awards to Messrs. Alexander, Klein, Doherty, Widmer, and Jacobs of \$60,000, \$40,000, \$25,000, \$15,000, and \$10,000 respectively.

For 2012, the Named Executive Officers' total target award opportunities, and actual incentives awarded as a percentage of target are detailed below. The amounts shown exclude the discretionary awards referred to above.

Name	Target	Actual	Actual Award as
	Award		percentage of
	Opportunity	Award	Target Award

Equity Awards. In December 2008, the stockholders of the Company approved the Northfield Bancorp, Inc. 2008 Equity Incentive Plan. The objective of equity awards is to further align the interests of our executives with those of stockholders and reward sustained performance. In January 2009 the Compensation Committee, granted equity awards in the form of common stock, and options to purchase common stock at \$7.09 per share, split-adjusted, representing the closing price of the Company's common stock on the grant date, to each of the Named Executive Officers. In January 2010, upon his promotion to Senior Vice President, Mr. Jacobs received a supplemental award of common stock and options to purchase common stock at \$9.44 per share split-adjusted. The equity awards vest in equal installments over a five-year period, commencing one year from the date of the grant. No additional equity grants were made in 2012.

Broad-based benefits. We also provide to our Named Executive Officers certain broad-based benefits available to all qualifying employees of the Company, as well as fringe benefits and perquisites, and restoration and other termination benefits, not generally available to all qualifying employees of the Company.

The following summarizes the significant broad-based benefits in which the Named Executive Officers were eligible to participate in 2012:

a defined contribution 401(k) retirement plan and discretionary profit-sharing plan;

an employee stock ownership plan;

medical coverage (all employees share between 20 percent and 30 percent of the cost, depending on their elections);

pre-tax health and dependent care spending accounts; and

group life insurance coverage (death benefit capped at \$750,000, with the value of the death benefit over \$50,000 being reported as taxable income to all employees).

The Northfield Bank Employee Stock Ownership Plan (the "ESOP") was established effective January 1, 2007. The ESOP allocates a certain number of shares of the Company's common stock on an annual basis among plan participants primarily on the basis of eligible compensation in the year of allocation, subject to Internal Revenue Code limitations. All eligible employees, including Named Executive Officers, participate in the plan and received an allocation of common stock for 2012.

Executive Benefits and Perquisites. In addition to the broad-based benefits described above, the specifically Named Executive Officers received the following fringe benefits and perquisites in 2012:

all Named Executive Officers may participate in a non-qualified deferred compensation plan. The plan provides restoration of benefits capped under Northfield Bank's broad-based benefits due to Internal Revenue Code salary limitations or limitations due to participation requirements under tax-qualified plans. The plan also permits elective salary and cash incentive award deferrals;

Messrs. Alexander and Klein are provided full-time use of a company maintained vehicle;

Messrs. Doherty and Widmer received a monthly automobile allowance of \$875;

all Named Executive Officers pay for and are provided with reimbursement for long-term disability insurance coverage;

Messrs. Alexander, Klein, Doherty, and Widmer are reimbursed for appropriate spousal expenses for attendance at business events; and

Messrs. Alexander, Klein, Doherty, Widmer, and Jacobs are provided a cellular allowance of \$120 per month for business usage. The Company also reimburses individuals for the cost of cellular phone equipment.

The Company incurred the expense of one country club membership and related expenses for Mr. Alexander. Mr. Alexander reimburses Northfield Bank for personal expenses pertaining to club usage. In lieu of a monthly automobile allowance, Messrs. Alexander and Klein received use of an automobile (including all operating expenses) leased by Northfield Bank for business and personal use. Personal use of the automobile is reported as taxable income to Messrs. Alexander and Klein. In addition, Northfield Bank pays an annual premium on a whole-life insurance policy for the benefit of Mr. Alexander.

The Compensation Committee reviews the other components of executive compensation (broad-based benefits, and executive benefits and perquisites) on an annual basis. Changes to the level or types of broad-based benefits within these categories, including considerations relating to the addition or elimination of benefits and plan design changes, are made by the Compensation Committee on an aggregate basis with respect to the group of employees entitled to those benefits, and not necessarily with reference to a particular Named Executive Officer's compensation. Decisions about these components of compensation are made without reference to the Named Executive Officers' salary and annual cash incentives, as they involve issues of more general application and often include consideration of trends in the industry or in the employment marketplace.

Employment Agreements. In addition to the components of executive compensation described above, Messrs. Alexander, Klein, Doherty, and Widmer are each parties to employment agreements with Northfield Bank. See "Employment Agreements" for a description of these agreements and "Potential Payments to Named Executive Officers" for information about potential payments to these individuals upon termination of their employment with Northfield Bank. Our employment agreements contain no payment provisions for tax gross-ups to executives under any circumstance.

The executive employment agreements are designed to allow the Company to retain the services of the designated executives while reducing, to the extent possible, unnecessary disruptions to Northfield Bank's operations. In addition, the Compensation Committee believes that the employment agreements better align the interests of the executive with those of our stockholders. The Compensation Committee believes that these agreements allow executives to more objectively evaluate opportunities for stockholders without causing undue personal financial conflicts.

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

The Compensation Committee reviewed prevailing market practices, consulted with PM&P on the competitiveness and reasonableness of the terms of the agreements, and negotiated the agreements with the individuals. The Compensation Committee believes such agreements are common and necessary to retain executive talent.

The agreements are for a three-year period, are reviewed for renewal annually by the Compensation Committee of the Board of Directors, and provide for salary and incentive cash compensation payments, as well as additional post-employment benefits, primarily health benefits (or equivalent cash payments), under certain conditions, as defined in the employment agreements. See [Employment Agreements](#) for further discussion.

Exceptions to Usual Procedures. The Compensation Committee may recommend to the Board of Directors that they approve the payment of special cash compensation to one or more Named Executive Officers in addition to payments approved during the normal annual compensation-setting cycle. The Committee may make such a recommendation if it believes it would be appropriate to reward one or more Named Executive Officers in recognition of contributions to a particular project, or in response to competitive and other factors that were not addressed during the normal annual compensation-setting cycle. The Compensation Committee made discretionary awards to the Named Executive Officers for 2012 totaling \$150,000. See the Compensation Discussion and Analysis [Cash Incentives](#) section above for further discussion.

Ms. Frank retired from the Company effective October 5, 2012. In connection with Ms. Frank's retirement, the Company entered into a consulting agreement for one year at a total fee of \$300,000.

The Committee will consider off-cycle compensation adjustments whenever a Named Executive Officer's status, role or responsibilities change, or an executive officer is hired. The Committee may depart from the compensation guidelines it would normally follow for executives in the case of outside hires.

The Compensation Committee considers, but is not bound by, the tax treatment of each component of compensation. Under Section 162(m) of the Internal Revenue Code, annual compensation paid to a Named Executive Officer is not deductible if it exceeds \$1 million unless it qualifies as performance-based compensation as defined in the Internal Revenue Code and related tax regulations. Base salary is not a form of performance-based compensation. Fringe benefits and perquisites also do not qualify as performance-based compensation. Annual incentive cash awards may qualify as a form of performance-based compensation under the income tax regulations. For 2012, we estimate that approximately \$203,463 of the total amount of executive compensation earned for our Named Executive Officers will not be deductible for tax purposes due to limitations under Section 162(m).

Committee Action Affecting 2013 Compensation, and Other Actions by the Committee.

The Compensation Committee completed a review of updated competitive salary data regarding executive compensation, in consultation with PM&P, in 2012. Based on this review, which included an assessment of current compensation trends and practices, a determination was made that Named Executive Officers' base salaries were competitive and would remain unchanged for 2013. In December, 2012, the Compensation Committee approved the 2013 cash incentive compensation plan. The plan contains similar terms and conditions as our prior year plan.

On February 1, 2013, Mr. Klein was promoted to President and Chief Operating Officer with an annual base salary of \$405,000, an increase of 15.7 percent.

The following table sets forth for the year ended December 31, 2012, certain information as to grants of plan-based cash and equity awards.

Nonqualified Deferred Compensation Plan. Northfield Bank maintains a non-qualified deferred compensation plan to provide for the elective deferral of non-employee director fees by participating members of the Boards of Directors, and the elective deferral of compensation and/or performance-based compensation payable to eligible employees of the Company and Northfield Bank. A designated amount of director fees, compensation

and/or performance based compensation may be deferred until one of the specified events in the plan occurs, which permits all or part of the monies so deferred, together with earnings, to be distributed to participants or their beneficiaries. In addition, the plan provides eligible employees of Northfield Bank with supplemental retirement income from Northfield Bank when such amounts are not payable under the contribution formula of the Northfield Bank 401(k) Savings Plan (the 401(k) Savings Plan), due to reductions and other limitations imposed under the Internal Revenue Code.

Members of the Boards of Directors of the Company and Northfield Bank, and certain employees are eligible to participate in the plan. Eligible directors or employees become participants upon agreeing in a written enrollment agreement to defer any portion of their trustee fees, director fees, compensation, and/or performance-based compensation. In the Company's sole discretion, each participant may request that his or her deferred compensation account be deemed to be invested in any one or more of the investment options available to the Company or Northfield Bank. A participant may periodically request a change to his or her investment allocation deemed available under the plan. In the event any participant fails to direct the investment of his or her deferred compensation account, or to the extent the employer chooses not to honor the participant's request, the deferred compensation account will be deemed to bear interest at the rate prevailing for 30-year United States Treasury Bonds.

With respect to amounts of deferred trustee or director fees, deferred compensation or performance-based compensation, distributions will be made under the plan in the event of the participant's retirement, death, termination due to disability, separation from service prior to the participant's retirement date, upon the establishment of an unforeseeable emergency, upon a change in control, or upon the attainment of a specific date of distribution, in a single lump sum or in up to 15 annual installment payments, as designated by the participant in his or her enrollment agreement. In the case of an unforeseeable emergency, the amounts distributed will not exceed the amounts necessary to satisfy the emergency plus an amount necessary to pay any taxes owed on the distribution. In the event the participant fails to designate a payment schedule on his enrollment agreement or if the entire balance credited to the participant's account is less than \$10,000, payment will be made in a single lump sum. In the event a participant dies before receiving the full amount of his benefit, the remaining amounts will be paid to the participant's designated beneficiary according to the participant's form of election or, if there is no designated beneficiary at the time of the participant's death, to the participant's estate in a single lump sum. Distributions to certain specified employees on account of their separation from service may be delayed for six months, if necessary, to comply with Internal Revenue Code Section 409A.

In addition, the non-qualified deferred compensation plan provides for benefits which supplement those paid under the 401(k) Savings Plan in the event of normal, early or postponed retirement, death or termination of service. Such benefits will be equal to the sum of: (i) the maximum amount of employer matching contributions provided to a participant each calendar year, assuming a participant's maximum contributions, reduced by the amount of employer matching contributions made for the participant under the 401(k) Savings Plan for such year, adjusted by gains and losses; (ii) commencing January 1, 2000, the amount of employer matching contributions not credited to a participant's 401(k) Savings Plan account as a result of an employer error, adjusted by gains and losses, if any; and (iii) the maximum amount of discretionary employer contributions that would be provided to a participant under the 401(k) Savings Plan, assuming an allocation without taking into account the limitations imposed by the Internal Revenue Code, reduced by the amount of discretionary employer contributions actually made to a participant under the 401(k) Savings Plan for each such year, adjusted by gains and losses, if any. Benefits payable under this plan that supplement matching contributions under the 401(k) Savings Plan will be aggregated with benefits payable under the Supplemental ESOP (described below). Upon the occurrence of a distribution event, such benefits will be payable in either a lump sum or installments over a period of up to 15 years, at the election of the participant made in accordance with Section 409A of the Internal Revenue Code.

The non-qualified deferred compensation plan is considered an unfunded plan for tax and Employee Retirement Income Security Act purposes. All obligations owing under the plan are payable from the general assets of Northfield Bank and the Company and are subject to the claims of Northfield Bank's or the Company's creditors.

Supplemental Employee Stock Ownership Plan. The Northfield Bank Supplemental Employee Stock Ownership Plan (the Supplemental ESOP) is a benefit restoration plan that provides additional cash benefits, equal to the participant's account balance, at retirement or other termination of employment (or upon a change in control) to participants who are key employees, who are approved by the Compensation Committee and whose benefits under the tax-qualified ESOP, described below, are limited by tax law limitations applicable to tax-qualified plans. In 2012, Messrs. Alexander, Klein, and Doherty were the only participants receiving a benefit from this plan. The Supplemental ESOP credits each participant who also participates in the tax-qualified ESOP with an annual amount equal to the sum of the difference (expressed in dollars) between (a) the number of shares of common stock

of Northfield Bancorp, Inc. that would have been allocated to the participant's account in the employee stock ownership plan, but for the tax law limitations, plus earnings thereon, and (b) the actual number of shares allocated to the participant's account in the employee stock ownership plan plus earnings thereon. In each case, the number of shares will be multiplied by the fair market value of the shares on the allocation date to determine the annual allocation amount. Each participant is permitted to make investment recommendations for the annual amount credited to his or her account among a broadly diversified group of mutual funds selected for investment by a committee appointed by Northfield Bank's Board of Directors to administer the Supplemental ESOP. Northfield Bank has established a rabbi trust to hold assets attributable to the Supplemental ESOP to informally fund its benefit obligation. Northfield Bank, at its discretion, may account for the Supplemental ESOP solely as bookkeeping entries. Whether or not a rabbi trust is established, the participant's account value is based on the value of the investments in which the participant invests, or is deemed to invest, his account. Benefits distributed to participants from the Supplemental ESOP will be aggregated with benefits payable under the matching contributions portion of the Nonqualified Deferred Compensation Plan (described above). Upon the occurrence of a distribution event, such benefits will be payable in either a lump sum or installments over a period of up to 15 years, at the election of the participant made in accordance with Section 409A of Internal Revenue Code.

The following table sets forth certain information with respect to our nonqualified deferred compensation plans at and for the year ended December 31, 2012.

Short- and Long-Term Disability

Named Executive Officers and certain other members of senior management at Northfield Bank will be paid their full salary for the duration of any period of short-term disability, up to 26 weeks. Senior management receives this benefit in lieu of the ability to bank paid time off for future use, which is only available to employees of Northfield Bank who are not senior management. With respect to long-term disability, senior management employees are required to purchase long-term disability coverage and Northfield Bank provides such persons a bonus payment, including related income taxes, in recognition of their payment of such coverage. The amount of the bonus is in the sole discretion of Northfield Bank.

Life Insurance Coverage

Employees of Northfield Bank receive life insurance coverage of up to three times salary if hired before January 1, 2003, and up to two times salary if hired on or after January 1, 2003. Such life insurance coverage is generally capped at \$500,000. However, in the case of senior management, such life insurance coverage is capped at \$750,000.

401(k) Savings Plan

Northfield Bank maintains the 401(k) Savings Plan, which is a tax-qualified defined contribution plan with a salary deferral feature under Section 401(k) of the Internal Revenue Code. Salaried employees, who have completed at least three months of eligible service, as defined in the plan, are eligible to participate in the plan. Employees who are paid on an hourly basis, employees who are paid exclusively on a commission

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

basis, leased employees or employees covered by a collective bargaining agreement are not eligible to participate in the 401(k) Savings Plan. Eligible employees may contribute from 2 percent to 15 percent of their base salary to the 401(k) Savings Plan on a pre-tax basis each year, subject to the limitations of the Internal Revenue Code (for 2012, the

limit was \$16,500, exclusive of any catch-up contributions). After 12 months of eligible service, employees who have been making before-tax contributions for less than 36 months will receive an employer matching contribution equal to 25 percent of the first 6 percent of before-tax base salary contributions. Employees who have participated for 36 or more months will receive an employer matching contribution equal to 50 of their first 6 percent of before-tax base salary contributions. In addition, we may make discretionary employer contributions on behalf of eligible employees.

The 401(k) Savings Plan permits employees to invest in common stock of Northfield Bancorp, Inc.

Employee Stock Ownership Plan and Trust

We maintain the ESOP to promote employee ownership of the Company's common stock. At the ESOP's inception, the ESOP trust borrowed funds from Northfield Bancorp, Inc. and used those funds to purchase 2,463,883 shares of common stock of Northfield Bancorp, Inc. In the conversion of Northfield Bancorp, MHC, the ESOP borrowed funds from Northfield Bancorp, Inc. and purchased an additional 1,422,357 shares, bringing the total ESOP shares to 3,886,240. The collateral for the loans is the common stock purchased by the ESOP. The loans will be repaid principally from discretionary contributions made by Northfield Bank to the ESOP over a period of up to 30 years. The loan documents provide that the loans may be repaid over a shorter period, without penalty for prepayments. The interest rate on the loans equals the prime interest rate as of closing of the stock offering, and adjusts annually at the beginning of each calendar year. Shares purchased by the ESOP are held in a suspense account for allocation among participants as the loans are repaid primarily on the basis of compensation in the year of allocation, subject to Internal Revenue Code limitations. Benefits under the plan vest at the rate of 20 percent per year of credited service beginning in the second year of credited service so that a participant with six years of credited service will become fully vested. Credit is given for vesting purposes to participants for years of service with Northfield Bank prior to the adoption of the plan, as well as for service with predecessor entities acquired by the Company or Northfield Bank based on contractual agreements. A participant's interest in his account under the plan fully vests in the event of termination of service due to a participant's normal retirement, death, disability, or upon a change in control (as defined in the plan). In the event of a change in control, the ESOP will terminate and loan amounts outstanding will be repaid.

Pension Benefits

None of the individuals listed in the Summary Compensation Table had accumulated pension benefits either at or during the year ended December 31, 2012.

Employment Agreements

Northfield Bank has entered into employment agreements with each of Messrs. Alexander, Klein, Doherty, and Widmer. Northfield Bancorp, Inc. is a signatory to each of the agreements for the sole purpose of guaranteeing payments thereunder. Each of these agreements has an initial term of three years. Each year, on the anniversary date of the agreements, the employment agreements renew for an additional year so that the remaining term will be three years unless notice of nonrenewal is provided to the executive prior to such anniversary date. The Compensation Committee of the Board of Directors conducts a performance evaluation of each executive for purposes of determining whether to renew the employment agreement. The Compensation Committee also evaluates the terms and conditions of the agreements prior to renewal, in consultation with an independent third party compensation consultant, to determine that such terms and conditions are competitive with the market for the designated positions. The Compensation Committee will present its findings to the Board of Directors and the independent members of the Board, or the full Board will approve the renewal or nonrenewal. If the Board determines not to renew an employment agreement, it must give notice to the executive not less than 30 and not more than 60 days prior to the anniversary date.

The employment agreements for Messrs. Alexander and Widmer, were renewed for an additional three-year period on their most recent anniversary date of January 1, 2013. It is expected that Messrs. Klein's and Doherty's agreements also will be renewed on or prior to the next July 1 effective date for an additional three-year period. On February 1, 2013, Northfield Bank and Mr. Klein entered into an addendum to his employment agreement that revised his title to President and Chief Operating Officer and his annual base salary to \$405,000.

Under the employment agreements, base salaries for Messrs. Alexander, Klein, Doherty, and Widmer on December 31, 2012, were \$676,000, \$350,000, \$280,000, and \$250,000, respectively. In addition to base salary, each agreement provides for, among other things, participation in cash incentive programs and other employee retirement benefit and fringe benefit plans applicable to executive employees. Northfield Bank also will pay or

reimburse each executive for all reasonable business expenses incurred by the executive in the performance of his obligations. In addition, Northfield Bank will provide Mr. Alexander with a life insurance policy, pay or reimburse Mr. Alexander for the annual dues associated with his membership in a country club, and pay directly or reimburse Mr. Alexander for the expense of leasing an automobile and reasonable expenses associated with the use of such automobile. Each employment agreement may be terminated for cause at any time, in which event the executive would have no right to receive compensation or other benefits under the employment agreement for any period after termination.

Certain events resulting in the executive's termination or resignation entitle the executive to payments of severance benefits following termination of employment. In the event the executive's employment is terminated for reasons other than just cause (as defined in the employment agreements), disability (as defined in the employment agreements), or death, or in the event the executive resigns during the term of the agreement following:

- (i) the failure to elect or reelect or to appoint or reappoint the executive to his executive position, and in the case of Mr. Alexander, the failure to nominate or re-nominate him as a director of Northfield Bank or Northfield Bancorp, Inc.;
- (ii) a material change in the nature or scope of the executive's authority that would cause the executive's position to become one of lesser importance;
- (iii) a relocation of the executive's principal place of employment by more than 30 miles from designated areas;
- (iv) a material reduction in the benefits and perquisites of executive, other than a reduction in pay or benefits of all Northfield Bank employees;
- (v) the liquidation or dissolution of Northfield Bank or Northfield Bancorp, Inc. that would affect the status of the executive; or
- (vi) a material breach of the employment agreement by Northfield Bank,

the executive would be entitled to a lump sum cash severance payment and the continuation of certain welfare benefits for a period of time after termination of employment, as more fully described under the table Potential Payments to Named Executive Officers.

In the event an executive resigns in connection with or following a change in control and due to the occurrence of one of the events described in the immediately preceding paragraph the executive would also be entitled to a lump sum cash severance payment and the continuation of certain welfare benefits, including health and life insurance benefits for a period of time after termination of employment, as more fully described under the table Potential Payments to Named Executive Officers. Payments will be made in a lump sum within 30 days after the date of termination, or, if necessary to avoid penalties under Section 409A of the Internal Revenue Code, no later than the first day of the seventh month following the date of termination. In addition, the executive and his family would be entitled, at no expense to the executive, to the continuation of life, medical, dental and disability coverage for 36 months following the date of termination. If such benefits cannot be provided, a lump sum cash payment for the value of such benefits will be made to the executive.

Notwithstanding the foregoing, in the event payments to the executive would result in an excess parachute payment as defined in Section 280G of the Internal Revenue Code, payments under the employment agreements would be reduced in order to avoid such a result.

In the event Mr. Alexander becomes disabled, his obligation to perform services under the employment agreement will terminate and he will receive the benefits provided under any disability program sponsored by Northfield Bancorp, Inc. or Northfield Bank. To the extent disability benefits for Mr. Alexander are less than his base salary on the effective date of his termination of employment, and less than 66 2/3 percent of his base salary after the first year following termination, he will receive a supplemental disability benefit equal to the difference between the benefits provided under any disability program sponsored by Northfield Bancorp, Inc. or Northfield Bank and his base salary for one year following the date of termination, and 66 2/3 percent of his base salary after the first year following termination, until the earliest to occur of his death, recovery of disability or the date he attains age 65. If disability payments to Mr. Alexander are not taxable to him for federal income tax purposes, such amounts shall be tax adjusted assuming a combined federal, state and city tax rate of 38 percent, for purposes of determining the reduction in payments under the agreement, to reflect the tax-free nature of the disability payments.

In addition, Mr. Alexander and his dependents will continue to be covered, at no cost to them, under all benefit plans, including retirement plans, life insurance plans and non-taxable medical and dental plans in which they participated prior to the occurrence of his disability, until the earliest of his recovery from disability or attaining age 65.

The employment agreements for Messrs. Klein, Doherty, and Widmer provide that in the event of the executive's disability, the executive's obligation to perform services under the employment agreement will terminate, and the executive will continue to receive his then current base salary for one year. Such payment will be reduced by the amount of any short- or long-term disability benefits payable under any disability program sponsored by Northfield Bancorp, Inc. or Northfield Bank. If disability payments to Messrs. Klein, Doherty, or Widmer are not subject to federal income tax, then amounts payable to the executives under the employment agreements shall be tax adjusted in a manner similar to payments to Mr. Alexander. In addition, the executive and his dependents will continue to be provided with certain medical, dental and other health benefits on the same terms as those provided prior to the executive's termination for a period of one year.

In the event of the executive's death, the executive's estate or beneficiaries will be paid the executive's base salary for one year and will receive continued medical, dental, and other health benefits for one year on the same terms as those provided prior to the executive's death. Upon retirement at age 65 or such later date determined by the Board of Directors, the executive will receive only those benefits to which he is entitled under any retirement plan of Northfield Bank to which he is a party.

Upon termination of the executive's employment other than in connection with a change in control or for cause, the executive agrees not to compete with Northfield Bank for a period of two years in any city, town or county in which the executive's normal business office is located and Northfield Bank has an office or has filed an application for regulatory approval to establish an office.

Potential Payments to Named Executive Officers

The following table sets forth estimates of the amounts that would be payable to the listed individuals, under their employment agreements and stock option and restricted stock agreements in the event of their termination of employment on December 31, 2012, under designated circumstances. Mr. Jacobs is not subject to an employment contract, but is party to stock option and restricted stock agreements. Amounts related to the acceleration of equity awards for Mr. Jacobs would be \$120,692 in the event of a discharge without cause or resignation with good reason in connection with a change in control. See note 9 to the table below for further information. The table does not include vested or accrued benefits under qualified and non-qualified benefit plans or qualified or non-qualified deferred compensation plans that are disclosed elsewhere in this proxy statement. The estimates shown are highly dependent on a variety of factors, including but not limited to the date of termination, interest rates, federal, state, and local tax rates, and compensation history. Actual payments due could vary substantially from the estimates shown. For example, the amounts presented in the table below for discharge without cause or resignation with good reason in connection with a change in control have not been reduced to reflect any cut-back required to avoid an excess parachute payment under section 280G of the Internal Revenue Code. We consider each termination scenario listed below to be exclusive of all other scenarios and do not expect that any of our executive officers would be eligible to collect the benefits shown under more than one termination scenario. If an executive officer is terminated for just cause as defined in the employment agreement, the Company has no contractual payment or other obligations under the employment agreement.

- (1) In the case of disability, Mr. Alexander's employment agreement provides for supplemental salary continuation until the earlier of: recovery from such disability, attaining age 65, or death. The reported figure assumes salary continuation until Mr. Alexander attains the age of 65. Mr. Klein, Mr. Doherty, and Mr. Widmer receive salary continuation benefits for one-year following such disability. The employment agreement provides the executive with his base salary in the first year following disability, reduced by any assumed short-term or long-term disability insurance benefits provided under separate insurance plans we maintain. Mr. Alexander's employment agreement provides for second-year benefits and benefits for every year thereafter, equal to 66 2/3 percent of his base salary. Such amounts due under the employment agreements are reduced by any assumed short-term or long-term disability insurance benefits provided under separate insurance plans on a tax-equivalent basis (assuming a 38 percent tax rate), if such short-term or long-term disability benefits are excludable for federal income tax purposes. Supplemental salary continuation benefits have been discounted at an annual compounding rate of 2 percent for Mr. Alexander. The figures presented for Mr. Klein, Mr. Doherty, and Mr. Widmer are presented without discount.
- (2) Mr. Alexander's employment agreement provides for medical, dental, and other health benefits to him and his family, at no cost to him, until Mr. Alexander recovers from such disability, or Mr. Alexander attains the age of 65. Mr. Klein's, Mr. Doherty's, and Mr. Widmer's employment agreements provide for one year of medical, dental, and other health benefits on the same terms, including cost sharing by the executive, as provided to the executive prior to his disability. The reported figure for Mr. Alexander reflects the estimated present value of the future premium cost of such benefits, calculated utilizing substantially the same health care cost increase assumptions we use in measuring our liability for such benefits for financial statement purposes. For purposes of this presentation, the estimated future costs were discounted at a 2 percent annual compounding rate for Mr. Alexander. The figures presented for Mr. Klein, Mr. Doherty, and Mr. Widmer are presented without discount.
- (3) Mr. Alexander's employment agreement provides for life insurance continuation benefits. Mr. Alexander receives an annual reimbursement for a whole-life policy premium through 2014 in the amount of \$35,660. In addition, the employment agreement provides for the continuation of group life insurance for Mr. Alexander until the earlier of: the date he recovers from such disability or attains the age of 65. The reported figure in the table assumes that group term life insurance benefits will continue until Mr. Alexander attains the age of 65, with an assumed annual cost increase of 4 percent and a 2 percent annual discount rate.
- (4) Each of the employment agreements provides for a lump-sum death benefit equal to one-year of base salary for each executive. The employment agreements also provide for the continuation of medical, dental, and other health benefits to the executive's family for a period of one-year at the same terms and cost to the executive immediately prior to his death.
- (5) Each of the employment agreements provides for the lump-sum payment of: three times base salary; three times the average annual bonus/and or incentive award for three years prior to the year of termination; and the retirement contributions or payments that we would have made on the executive's behalf, as if the executive had continued his employment for a 36-month period, based on contributions or payments made (on an annualized basis) at the date of termination.
- (6) Each of the employment agreements provides for medical, dental, and other health benefits to the executive and his family, at no cost to the executive for a period of 36 months from the date of termination. The reported figures reflect the estimated present value of the future premium cost of such benefits, calculated utilizing substantially the same health care cost increase assumptions we used in measuring our liability for such benefits for financial statement purposes. For purposes of this presentation, the estimated future costs were discounted at a 2 percent annual compounding rate.

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

- (7) Each of the employment agreements provides for life insurance benefits to the executive and his family, at no cost to the executive for a period of 36 months from the date of termination. Mr. Alexander receives an annual reimbursement of \$35,660 for a whole-life insurance policy. Mr. Alexander, Mr. Klein, Mr. Doherty, and Mr. Widmer also participate in our group life insurance plan. The reported figures in the table assume that the reimbursement to Mr. Alexander for his whole-life insurance policy will continue for a period of three years. The reported figures also include the estimated costs of group term life insurance benefits for Mr. Alexander, Mr. Klein, Mr. Doherty, and Mr. Widmer for a three year period with an assumed annual cost increase of 4 percent and a discount rate of 2 percent compounded annually.

- (8) Each employment agreement provides for severance benefits on termination following a Change in Control only if their employment is terminated involuntarily or with Good Reason. Say-on-Pay

At the 2011 Annual Meeting, stockholders voted, on an advisory basis, whether to approve the compensation paid to the Named Executive Officers (say-on-pay). A majority of the votes were cast in favor of the resolution to approve the executive compensation described in the Proxy Statement. Stockholders also voted on a non-binding proposal to establish whether stockholders should vote on executive compensation every one, two, or three years. A majority of the votes were cast in favor of holding the non-binding vote on executive compensation every three years. The Board of Directors took this vote into account in passing a resolution in which it approved holding a non-binding stockholder vote on executive compensation every three years. Based on the completion of our second-step conversion from a mutual holding company to a Delaware corporation in January 2013, the Board of Directors believes it is appropriate to provide stockholders the opportunity to have a say-on-pay vote as well as a vote on the say-on-frequency of such vote at this Annual Meeting.

AUDIT-RELATED MATTERS

Audit Committee Report

The charter of the Audit Committee of the Board specifies that the purpose of the Committee is to assist the Board in its oversight of:

monitoring and overseeing the integrity of our accounting and financial reporting process, audits, financial statements and systems of internal controls;

monitoring and overseeing the independence and performance of our external auditors, internal auditors and outsourced internal audit consultants;

facilitating communication among the external auditors, management, internal auditors, and the outsourced internal audit consultants; and

maintaining oversight of the external auditors, including the appointment, compensation, retention and, when considered necessary, the dismissal of the external auditors.

In carrying out these responsibilities, the Audit Committee, among other things:

monitors the preparation of quarterly and annual financial reports by the Company's management;

Edgar Filing: Northfield Bancorp, Inc. - Form DEF 14A

supervises the relationship between the Company and its independent registered public accountants, including: reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the independent registered public accountants;

oversees management's implementation and maintenance of effective systems of internal and disclosure controls, and review of the Company's internal auditing program; and

monitors financial reporting risks assigned to the Committee by the Board under the Company's Enterprise Risk Management (ERM) program and reports thereon to the Board.

The Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Committee's meetings include, whenever appropriate, executive sessions in which the Committee meets separately with the Company's independent registered public accountants, the Company's internal auditors, the Company's chief financial officer, and Securities and Exchange Commission counsel.

As part of its oversight of the Company's financial statements, the Committee reviews and discusses with both management and the Company's independent registered public accountants all annual and quarterly financial statements prior to their issuance. During 2012, management advised the Committee that each set of financial statements reviewed had been prepared in accordance with U.S. generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Committee. The Committee's review included discussions with the independent registered public accountants of matters required to be discussed pursuant to Public Company Accounting Oversight Board AU 380 (Communications with Audit Committees), including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee also discussed with the independent registered public accountants matters relating to its independence, including a review of audit and the written disclosures and letter from KPMG LLP to the Audit Committee pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence.

In addition, the Committee reviewed key initiatives and programs aimed at maintaining the effectiveness of the Company's internal controls and management's disclosure control structure. As part of this process, the Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing internal audit department staffing levels and steps taken to maintain the effectiveness of internal procedures and controls.

Taking all of these reviews and discussions into account, the Committee members recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the Securities and Exchange Commission.

Members of the Audit Committee are: Patrick E. Scura, Jr., who serves as Chairman, John Bowen, Gil Chapman and Susan Lamberti.

These services may include audit services, audit-related services, and other services. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee when expediency is necessary. All audit and all other fees described below were approved either as part of our engagement of KPMG LLP or pursuant to the pre-approval policy described above. The Audit Committee concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.
