NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE THREE MONTHS ENDED 31 MARCH 2013

1. GENERAL INFORMATION

China Unicom (Hong Kong) Limited (the Company) was incorporated as a limited liability company in the Hong Kong Special Administrative Region (Hong Kong), the People's Republic of China (the PRC) on 8 February 2000. The principal activity of the Company is investment holding and the Company's subsidiaries are principally engaged in the provision of cellular and fixed-line voice and related value-added services, broadband and other Internet-related services, information communications technology services, and business and data communications services in the PRC. The GSM cellular voice, WCDMA cellular voice and related value-added services is referred to as the mobile business, the services aforementioned other than the mobile business are hereinafter collectively referred to as the fixed-line business. The Company and its subsidiaries are hereinafter referred to as the Group.

2. BASIS OF PREPARATION

The basis of preparation and the significant accounting policies and estimates adopted in the preparation of the unaudited condensed consolidated financial information for the three months ended 31 March 2013 are consistent with those used in preparing the annual financial statements for the year ended 31 December 2012.

(a) Acquisition of Unicom New Horizon Telecommunications Company Limited

On 21 November 2012, China United Network Communications Corporation Limited (CUCL), a wholly-owned subsidiary of the Company) entered into an equity transfer agreement with China United Network Communications Group Company Limited (a state-owned enterprise established in the PRC, hereinafter referred to as Unicom Group, the ultimate holding company of the Company), pursuant to which CUCL agreed to acquire the entire equity interest of Unicom New Horizon Telecommunications Company Limited (Unicom New Horizon) from Unicom Group for a total cash consideration of approximately RMB12,166 million. The principal activity of Unicom New Horizon is to lease its fixed-line telecommunications networks of the 21 provinces in Southern China to CUCL. The acquisition was completed on 26 December 2012.

In accordance with International Financial Reporting Standard/Hong Kong Financial Reporting Standard 3 (Revised), a business generally consists of inputs, processes applied to those inputs and outputs. The business is an integrated set of activities and assets that is capable of being conducted and managed for the purpose of providing an economic return. Unicom New Horizon did not meet the definition of a business because it only comprised the telecommunications network assets, cash, and related assets and liabilities. It did not have other inputs and processes such as license, subscriber base, management team and operating workforce etc to operate the fixed-line telecommunications business. Instead of operating the fixed-line telecommunications business, Unicom New Horizon could be able to generate economic returns by entering into lease arrangements for the telecommunications network assets. However, new lessees are not readily available in the market.

Accordingly, the Group accounted for the acquisition of Unicom New Horizon as an asset purchase transaction in accordance with International Accounting Standard/Hong Kong Accounting Standard 16, Property, plant and equipment in the period of purchase.

(b) Going Concern Assumption

As at 31 March 2013, current liabilities of the Group exceeded current assets by approximately RMB240.6 billion (31 December 2012: approximately RMB254.1 billion). Given the current global economic conditions and the Group's expected capital expenditures in the foreseeable future, management has comprehensively considered the Group's available sources of funds as follows:

The Group's continuous net cash inflows from operating activities;

Edgar Filing: CHINA UNICOM (HONG KONG) Ltd - Form 6-K

Approximately RMB193.5 billion of revolving banking facilities and registered quota of commercial papers, of which approximately RMB87.1 billion was unutilised as at 31 March 2013; and

Other available sources of financing from domestic banks and other financial institutions given the Group's credit history. In addition, the Group believes that it has ability to raise funds from the short, medium and long-term perspectives and maintain reasonable financing costs through appropriate financing portfolio.

Based on the above considerations, the Board of Directors is of the opinion that the Group has sufficient funds to meet its working capital requirements and debt obligations. As a result, the unaudited condensed consolidated financial information of the Group for the three months ended 31 March 2013 has been prepared on a going concern basis.
