### Item 8.01 Other Events

On September 11, 2013, ADA-ES, Inc., a Colorado corporation, and ADA Environmental Solutions, LLC, a Colorado limited liability company (collectively, ADA), subsidiaries of Advanced Emissions Solutions, Inc., a Delaware corporation, entered into a Non-Prosecution Agreement (the NPA) by and among the United States Attorney's Office for the Eastern District of Texas (the DOJ) and ADA. Pursuant to the NPA, the DOJ has agreed not to assess fines or pursue any criminal, civil or administrative action against ADA and its current or former employees, agents, officers, and directors with respect to allegations that ADA misappropriated trade secrets with regard to the manufacture of activated carbon. The NPA concludes a confidential DOJ investigation of events arising out of an attempted acquisition by ADA of Norit Americas, Inc. (Norit) in 2006, which led to the civil litigation brought by Norit against ADA in 2008 for alleged misappropriation of trade secrets. The dispute with Norit was settled by ADA in 2011 after extensive litigation and arbitration.

On September 12, 2013, we issued a press release announcing the NPA. A copy of the press release is furnished as Exhibit 99.2 to this report.

The information contained in this report is a summary of the terms of the NPA, and reference is made to that agreement, which is attached as Exhibit 99.1 to this report, for the complete terms thereof.
