**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

*(In thousands, except share and per share data)*

*(Unaudited)*

**January 25, 2014**

NOTE 1 GENERAL

*Basis of Presentation*

In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments necessary to present fairly the financial position of our Company as of January 25, 2014, and our results of operations and cash flows for the periods ended January 25, 2014 and January 26, 2013. Such adjustments are of a normal recurring nature. The results of operations for the periods ended January 25, 2014 and January 26, 2013, are not necessarily indicative of the results to be expected for the full year. These financial statements should be read in conjunction with the financial statements included in the 2013 Annual Report on Form 10-K filed on June 26, 2013.

The condensed consolidated financial statements of Patterson Companies, Inc. ( *Patterson* or *Company* ) include the assets and liabilities of PDC Funding Company, LLC ( *PDC Funding* ) and PDC Funding Company II, LLC ( *PDC Funding II* ), wholly owned subsidiaries and separate legal entities under Minnesota law. PDC Funding and PDC Funding II are fully consolidated special purpose entities of our Company established to sell customer installment sale contracts to outside financial institutions in the normal course of business. The assets of PDC Funding and PDC Funding II would be available first and foremost to satisfy the claims of its creditors. There are no known creditors of PDC Funding or PDC Funding II.

*Fiscal Year End*

The fiscal year end of our Company is the last Saturday in April. The third quarter of fiscal years 2014 and 2013 represents the 13 weeks ended January 25, 2014 and January 26, 2013, respectively. Fiscal years 2014 and 2013 each include 52 weeks of operations.

*Comprehensive Income*

Other than net income, the only significant items included in comprehensive income are foreign currency translation adjustments. Foreign currency translation adjustments do not include a provision for income tax because earnings from foreign operations are considered to be indefinitely reinvested outside the U.S.

*Earnings Per Share*

The following table sets forth the computation of basic and diluted earnings per share (shares in thousands):

**Three Months Ended      Nine Months Ended**

	<b>January 25, 2014</b>	<b>January 26, 2013</b>	<b>January 25, 2014</b>	<b>January 26, 2013</b>
<b>Denominator:</b>				
Denominator for diluted earnings per share average shares	101,105	102,130	101,067	103,624
Effect of dilutive securities stock options, restricted stock, ESOP and stock purchase plans	894	766	895	750
Denominator for diluted earnings per share adjusted weighted average shares	101,999	102,896	101,962	104,374

**Table of Contents**

Options to purchase 2 shares and 51 shares of common stock during both the three and nine months ended January 25, 2014, and 420 and 421 shares during both the three and nine months ended January 26, 2013, respectively, were excluded from the calculation of diluted earnings per share because the effect would have been anti-dilutive. There were no unvested restricted stock award excluded from the calculation of diluted earnings per share during the three and nine months ended January 25, 2014, or the three and nine months ended January 26, 2013, respectively, because the effect would have been anti-dilutive.

*Recently Issued Accounting Pronouncements*

In July 2012, the FASB issued ASU No. 2012-02, *Testing Indefinite-Lived Intangible Assets for Impairment*. Under this standard, entities testing long-lived intangible assets for impairment now have an option of performing a qualitative assessment to determine whether further impairment testing is necessary. If an entity determines, on the basis of qualitative factors, that the fair value of the indefinite-lived intangible asset is more-likely-than-not less than the carrying amount, the existing quantitative impairment test is required. Otherwise, no further impairment testing is required. For Patterson, this ASU was effective beginning April 28, 2013. The adoption of this standard did not have a material impact on Patterson's consolidated results of operations or financial condition.

**NOTE 2 ACQUISITIONS**

On August 16, 2013, Patterson Companies, Inc. completed the acquisition of all the outstanding stock of National Veterinary Services Limited ( *NVS* ) from Dechra Pharmaceuticals, PLC. NVS is the largest veterinary products distributor in the United Kingdom.

The acquisition will be accounted for as a business combination using the acquisition method. The Company has estimated the acquisition date fair values of the assets acquired and liabilities assumed, using independent appraisals and other analyses. The purchase price allocations are preliminary and are subject to adjustment for changes in the preliminary assumptions pending additional information, including final asset valuations from a third party firm. Therefore, a preliminary allocation of the purchase price to the acquired assets, liabilities, and goodwill is presented in the table below.

<b>At August 16, 2013 (in thousands)</b>	
Receivables	\$ 113,112
Inventory	45,773
Prepaid expenses and other current assets	1,187
Property, plant and equipment	2,622
Goodwill	21,945
Identifiable intangibles	45,326
Accounts payable	(83,811)
Others accrued liabilities	(7,464)
<b>Purchase price</b>	<b>\$ 138,690</b>

Goodwill is calculated as the excess of the purchase price over the fair value of the net assets recognized. The goodwill recorded as part of the acquisition primarily reflects the value of the assembled workforce, cost synergies, and the potential to integrate and expand existing product lines. The goodwill and intangible assets have been allocated to the Veterinary reporting segment.

The Company recognized \$675 of transaction costs related to the NVS acquisition through the third quarter, and the charges were reported in operating expense in the Condensed Consolidated Statement of Income.

Operating results for this acquisition have been included in the Company's Condensed Consolidated Statements of Income and Other Comprehensive Income from the date of acquisition (i.e. beginning in the second quarter) and are reflected in the Veterinary reporting segment. The acquisition contributed net sales of \$145,544 and \$263,292 to the segment for the third quarter and the nine months ended January 25, 2014, respectively. Pro forma results are not presented, as the acquisition is not considered material to our Company.

On July 31, 2013, Patterson Companies, Inc. completed the acquisition of Mercer Mastery, a subsidiary of Mercer Advisors Inc. Operating results for this acquisition have been included in the Company's Condensed Consolidated Statements of Income from the date of acquisition and are reflected in the Dental reporting segment. Pro forma results are not presented, as the acquisition is not considered material to our Company.

**Table of Contents****NOTE 3 GOODWILL AND OTHER INTANGIBLE ASSETS**

The goodwill balances and related activity by business segment as of April 27, 2013 and January 25, 2014 are as follows:

	<b>Balance at April 27, 2013</b>	<b>Acquisition Activity &amp; Divestitures</b>	<b>Translation And Other Activity</b>	<b>Balance at January 25, 2014</b>
Dental Supply	\$ 137,867	\$ 649	\$ (1,105)	\$ 137,411
Rehabilitation Supply	549,020	(4,079)	1,818	546,759
Veterinary Supply	136,853	21,945	1,190	159,988
Total	\$ 823,740	\$ 18,515	\$ 1,903	\$ 844,158

On August 22, 2013 Patterson Companies, Inc. announced a plan to divest certain non-core product lines in its medical segment ( Medical Restructuring ). The results for fiscal 2014 include charges of \$8,902, including non-cash losses on the sale of assets of \$8,527, of which approximately half was goodwill.

Balances of other intangible assets excluding goodwill are as follows:

	<b>January 25, 2014</b>	<b>April 27, 2013</b>
Unamortized indefinite lived:		
Copyrights, trade names and trademarks	\$ 76,870	\$ 76,464
Amortized:		
Distribution agreement, customer lists and other	284,182	235,781
Less: Accumulated amortization	(132,897)	(115,589)
Net amortized other intangible assets	151,285	120,192
Total identifiable intangible assets, net	\$ 228,155	\$ 196,656

Intangible assets, consisting of customer lists and other, of \$45,763 were acquired during the second quarter of 2014.

**NOTE 4 DERIVATIVE FINANCIAL INSTRUMENTS**

Patterson is a party to certain offsetting and identical interest rate cap agreements. These cap agreements are not designated for hedge accounting treatment and were entered into to fulfill certain covenants of a sale agreement between a commercial paper conduit managed by The Bank of Tokyo-Mitsubishi UFJ, Ltd. and PDC Funding. On December 5, 2013, this agreement was amended on terms consistent with the expiring agreement. The cap agreements provide a credit enhancement feature for the financing contracts sold by PDC Funding to the commercial paper conduit.

The cap agreements are cancelled and new agreements entered into periodically to maintain consistency with the dollar maximum of the sale agreements and the maturity of the underlying financing contracts. As of January 25, 2014, PDC Funding had purchased an interest rate cap from a bank with a notional amount of \$500,000 and a maturity date of February 2022. Patterson Companies, Inc. sold an identical interest rate cap to the same bank.

Similar to the above agreements, PDC Funding II, and Patterson Companies, Inc. entered into offsetting and identical interest rate cap agreements with a notional amount of \$75,000 in fiscal 2013. In August 2013, these agreements were terminated and replaced with offsetting and identical interest rate cap agreements. The notional amount increased to \$100,000 and the new maturity date is January 2021.

In addition to the identical purchased and sold interest rate cap agreements described above, in May 2012 we entered into an interest rate swap agreement with a bank to economically hedge the interest rate risk associated with a portion of the finance contracts we had sold through the special purpose entities.

**Table of Contents**

Our interest rate contracts do not qualify for hedge accounting treatment and, accordingly, we record the fair value of the agreements as an asset or liability and the change as income or expense during the period in which the change occurs.

The following table presents the fair value of our interest rate contracts on the consolidated balance sheets:

Derivative type	Classification	January 25, 2014	April 27, 2013	January 26, 2013
<b>Assets:</b>				
Interest rate contracts	Other noncurrent assets	\$ 2,165	\$ 486	\$ 138
<b>Liabilities:</b>				
Interest rate contracts	Other noncurrent liabilities	\$ 2,172	\$ 509	\$ 165

The following table presents the effect of interest rate contracts on the consolidated statements of income:

Derivative type	Location of gain (loss) recognized on derivative	Three Months Ended		Nine Months Ended	
		January 25, 2014	January 26, 2013	January 25, 2014	January 26, 2013
Interest rate contracts	Other income (expense), net	\$ 1	\$ (4)	\$ 3	\$ 72

**NOTE 5 FAIR VALUE MEASUREMENTS**

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. The fair value hierarchy of measurements is categorized into one of three levels based on the lowest level of significant input used:

- Level 1** - Quoted prices in active markets for identical assets and liabilities at the measurement date.
- Level 2** - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3** - Unobservable inputs for which there is little or no market data available. These inputs reflect management's assumptions of what market participants would use in pricing the asset or liability.

**Table of Contents**

Our hierarchy for assets and liabilities measured at fair value on a recurring basis as of January 25, 2014 is as follows:

	Total	Quoted Prices in		
		Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Assets:</b>				
Cash equivalents	\$ 211,424	\$ 211,424	\$	\$
Derivative instruments	2,165		2,165	
Total assets	\$ 213,589	\$ 211,424	\$ 2,165	\$
<b>Liabilities:</b>				
Derivative instruments	\$ 2,172	\$	\$ 2,172	\$

Our hierarchy for assets and liabilities measured at fair value on a recurring basis as of April 27, 2013 is as follows:

	Total	Quoted Prices in		
		Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Assets:</b>				
Cash equivalents	\$ 282,619	\$ 282,619	\$	\$
Derivative instruments	486		486	
Total assets	\$ 283,105	\$ 282,619	\$ 486	\$
<b>Liabilities:</b>				
Derivative instruments	\$ 509	\$	\$ 509	\$

*Cash equivalents* We value cash equivalents at their current market rates. The carrying value of cash equivalents, including government securities and money market funds, is recorded at fair value and maturities are less than three months.

*Derivative instruments* Patterson's derivative instruments consist of interest rate contracts. These instruments are valued using observable inputs such as interest rates and credit spreads.

Certain assets are measured at fair value on a non-recurring basis. These assets are not measured at fair value on an ongoing basis, but are subject to fair value adjustments under certain circumstances, such as when there is evidence of impairment. There were no fair value adjustments to such assets during the periods ended January 25, 2014 or January 26, 2013.

The carrying amounts of receivables, net of allowances, accounts payable, and certain accrued and other current liabilities approximated fair value at January 25, 2014 and January 26, 2013.

NOTE 6 SECURITIES

On October 25<sup>th</sup>, 2013 we invested in three time deposits with total principal of \$110,000 Canadian dollars. Our time deposit securities are classified as held-to-maturity securities and are carried at cost, adjusted for accrued interest and amortization of premium or discount. The current value is not materially different than fair value. The fair value was determined based on a discounted cash flow analysis using unobservable inputs (i.e. level 3 inputs) the estimated timing of payments and the credit quality of the underlying creditor. Significant increases in any of the significant unobservable inputs in isolation would not result in a materially lower fair value estimate. The interrelationship between these inputs is insignificant. The U.S. dollar equivalents at January 25, 2014, include \$40,595, which is classified as a current asset and will mature within one year, and \$58,864, which is classified as a noncurrent asset and will mature within two years.

---

**Table of Contents****NOTE 7 CUSTOMER FINANCING**

As a convenience to our customers, we offer several different financing alternatives including both our Company-sponsored program and a third party program. For the third party program, we act as a facilitator between the customer and the third party financing entity with no on-going involvement in the financing transaction. Under our sponsored program, equipment purchased by customers with strong credit may be financed up to a maximum of \$500 for any one customer. We generally sell the customers' financing contracts to outside financial institutions in the normal course of our business. Patterson currently has two arrangements under which we sell these contracts.

Patterson operated under an agreement to sell a portion of our equipment finance contracts to commercial paper conduits with The Bank of Tokyo-Mitsubishi UFJ, Ltd. serving as the agent. We utilize a special purpose entity (SPE), PDC Funding, a consolidated, wholly owned subsidiary to fulfill a requirement of participating in the commercial paper conduit. We receive approximately 86% of the principal amounts of the contracts upon sale. The remaining 14% of the proceeds are held by the conduit as security against the eventual performance of the portfolio. The capacity under the agreement at January 25, 2014 was \$500,000.

Patterson also maintains an agreement with Fifth Third Bank whereby the bank purchases customers' financing contracts. Patterson has established another SPE, PDC Funding II, as a consolidated, wholly owned subsidiary, which sells financing contracts to the bank. We receive approximately 83% of the principal amounts of the contracts upon sale. The remaining 17% of the proceeds is held by the conduit as security against the eventual performance of the portfolio. The capacity under the agreement at January 25, 2014 was \$100,000.

The portion of the purchase price for the receivables held by the conduits is a deferred purchase price receivable, which is paid to the SPE as payments on the receivables are collected from customers. The deferred purchase price receivable represents a beneficial interest in the transferred financial assets and is recognized at fair value as part of the sale transaction. The Company values the deferred purchase price receivable based on a discounted cash flow analysis using unobservable inputs (i.e. level 3 inputs), which include a forward yield curve, the estimated timing of payments and the credit quality of the underlying creditor. Significant increases in any of the significant unobservable inputs in isolation would not result in a materially lower fair value estimate. The interrelationship between these inputs is insignificant.

These financing arrangements are accounted for as a sale of assets under the provisions of ASC Topic No. 860, *Transfers and Servicing*. During the three and nine months ended January 25, 2014, we sold approximately \$92,022, and \$207,576, respectively, and during the three and nine months ended January 26, 2013, we sold approximately \$62,700 and \$205,777, respectively, of contracts under these arrangements. Patterson retains servicing responsibilities under both agreements, for which we are paid a servicing fee. The servicing fees received by Patterson are considered adequate compensation for services rendered. Accordingly, no servicing asset or liability has been recorded. The agreements require us to maintain a minimum current ratio and maximum leverage ratio. Patterson was in compliance with the covenants at January 25, 2014.

Included in current receivables in the consolidated balance sheets are approximately \$74,446, net of unearned income of \$2,972, and \$64,272, net of unearned income of \$1,586, as of January 25, 2014 and April 27, 2013, respectively, of finance contracts not yet sold by Patterson. A total of \$489,451 of finance contracts receivable sold under the agreements was outstanding at January 25, 2014. The deferred purchase price under the arrangements was approximately \$70,103 and \$72,328 as of January 25, 2014 and April 27, 2013, respectively. Since the internal financing program began in 1994, bad debt write-offs have amounted to approximately one-percent of the loans originated.

NOTE 8 SEGMENT REPORTING

Patterson Companies, Inc. is comprised of three reportable segments: dental, veterinary, and rehabilitation supply. Our reportable business segments are strategic business units that offer similar products and services to different customer bases. The dental supply segment provides a virtually complete range of consumable dental products, clinical and laboratory equipment and value-added services to dentists, dental laboratories, institutions and other dental healthcare providers throughout North America. The veterinary supply segment provides consumable supplies, equipment, diagnostic products, biologicals (vaccines) and pharmaceuticals to companion-pet veterinary clinics. The rehabilitation supply segment provides a comprehensive range of distributed and self-manufactured rehabilitation medical supplies and assistive products to acute care hospitals, long-term care facilities, rehabilitation clinics, dealers and schools.

**Table of Contents**

We evaluate segment performance based on operating income. The corporate office general and administrative expenses are included in the dental supply segment and consist of home office support costs in areas such as informational technology, finance, human resources and facilities. If these corporate expenses were allocated to the segments, the results would not be materially different as the dental segment would absorb a significant portion of these expenses. The costs to operate the distribution centers are allocated to the operating units based on the through-put of each unit.

The following table presents information about Patterson's reportable segments:

	Three Months Ended		Nine Months Ended	
	January 25, 2014	January 26, 2013	January 25, 2014	January 26, 2013
Net sales				
Dental supply	\$ 641,965	\$ 626,494	\$ 1,759,248	\$ 1,743,035
Veterinary supply	333,402	175,408	841,206	550,873
Rehabilitation supply	107,312	113,959	361,184	378,371
Consolidated net sales	\$ 1,082,679	\$ 915,861	\$ 2,961,638	\$ 2,672,279
Operating income				
Dental supply	\$ 73,513	\$ 66,049	\$ 181,846	\$ 172,670
Veterinary supply	12,003	9,942	33,175	29,380
Rehabilitation supply	11,135	13,547	38,134	47,949
Consolidated operating income	\$ 96,651	\$ 89,538	\$ 253,155	\$ 249,999

The following table presents sales information by product for all of Patterson's reportable segments:

	Three Months Ended		Nine Months Ended	
	January 25, 2014	January 26, 2013	January 25, 2014	January 26, 2013
Net sales				
Consumable and printed products	\$ 700,895	\$ 551,150	\$ 2,010,683	\$ 1,725,465
Equipment and software	304,727	292,725	721,243	726,687
Other	77,057	71,986	229,712	220,127
Total	\$ 1,082,679	\$ 915,861	\$ 2,961,638	\$ 2,672,279

**NOTE 9 EMPLOYEE STOCK OWNERSHIP PLAN (ESOP)**

During 1990, our Board of Directors adopted a leveraged ESOP. In fiscal 2002 and 2006, under the provisions of the plan and related financing arrangements, Patterson loaned the ESOP \$12,612 (the 2002 note) and \$105,000 (the 2006 note), respectively. The contribution to the ESOP, and the resulting allocation to employees, is determined annually by the Board of Directors following the close of the fiscal year. Shares of stock acquired by the plan are allocated to

each participant who has completed 1,000 hours of service during the plan year. These shares are accounted for under ASC 718-40, Share-based Payments *Employee Stock Ownership Plans*, and are not considered outstanding for computation of earnings per share until the shares are committed for release to the participants. We recognize expense based on the current fair value of the shares released to participants. As of January 25, 2014, a total of 3,018,992 of unallocated shares were held by the ESOP. The estimated ESOP expense recognized during the nine months ended January 25, 2014 was \$9,100 and January 26, 2013 was \$17,100, respectively.

**Table of Contents**

**NOTE 10 DEBT ISSUANCE AND REPAYMENTS**

On September 25, 2012, we repaid our \$75,000 term loan. This loan was originally scheduled to mature on March 20, 2013. On March 25, 2013, we repaid \$50,000 under the 2008 Note Purchase Agreement.

On July 26, 2013, \$135,000 was drawn on the revolving line of credit. The proceeds were used to fund the acquisition of National Veterinary Supply ( NVS ), which we closed on August 16, 2013.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

***OVERVIEW***

Our third quarter, fiscal 2014 financial information is summarized in this Management's Discussion and Analysis, and the Condensed Consolidated Financial Statements and related Notes. The following background is essential to fully understanding our Company's financial information.

Patterson operates a distribution business in three complementary markets: dental supply, veterinary supply and rehabilitation supply. Historically, our strategy for growth focused on internal growth and the acquisition of smaller distributors and businesses offering related products and services to the dental market. In fiscal 2002, we expanded our strategy to take advantage of a parallel growth opportunity in the veterinary supply market by acquiring the assets of J. A. Webster, Inc. on July 9, 2001. Effective January 1, 2013, Webster Veterinary Supply, Inc. changed its name to Patterson Veterinary Supply, Inc. Patterson added a third component to our business platform in fiscal 2004 when it entered the rehabilitation supply market with the acquisition of AbilityOne Products Corp. ( AbilityOne ) on September 12, 2003. AbilityOne is now known as Patterson Medical Holdings, Inc.

Operating margins of the veterinary business are considerably lower than the dental and rehabilitation supply businesses. While operating expenses run at a lower rate in the veterinary business, their gross margin is substantially lower due generally to pharmaceutical products sales, which have margins well below the average sundry product.

There are several important aspects of Patterson's business that are useful in analyzing it, including: (1) market growth in the various markets in which we operate; (2) internal growth; (3) growth through acquisition; and (4) continued focus on controlling costs and enhancing efficiency. Management defines internal growth as the increase in net sales from period to period, excluding the impact of changes in currency exchange rates, and excluding the net sales, for a period of twelve months following the transaction date, of businesses we have acquired.

**NVS Acquisition.** On August 16, 2013 Patterson Companies, Inc. completed the acquisition of all the outstanding stock of National Veterinary Services Limited ( NVS ) from Dechra Pharmaceuticals, PLC ( NVS Acquisition ). NVS is the largest veterinary products distributor in the United Kingdom. Total cash consideration paid for NVS was £88.7 million (approximately \$138.7 million). The acquisition is expected to be accretive to earnings by \$0.03 to \$0.04 per diluted share for the fiscal year ended April 26, 2014. The NVS business has lower gross margins and operating expenses than our historical businesses.

**Medical Restructuring.** On August 22, 2013 Patterson Companies, Inc. announced a plan to divest certain non-core product lines in its medical segment ( Medical Restructuring ). As a result of the plan to dispose of these product lines, the Company expects to incur a pre-tax restructuring charge in the range of \$14 million to \$15 million, or approximately \$0.12 per diluted share. Approximately \$13 million to \$14 million of the restructuring charge will be non-cash losses on disposal of assets. Charges of \$2 million and \$9 million were recognized in the three and nine months ending January 25, 2014 respectively. The nine month expense includes non-cash losses on the sale of assets of \$5 million. The remainder of the restructuring charges will be incurred in the fourth quarter of fiscal year 2014. We estimate that disposing of these product lines will generate operational savings of approximately \$2 million beginning in fiscal year 2015.

**Information Technology Initiative.** We estimate that we will invest \$55 million to \$65 million over the next five years to transform our information systems ( Information Technology Initiative ). We estimate that approximately half

of this amount will be capitalized over the project life. We are estimating that an incremental \$10 million will be expensed in fiscal 2014. Approximately \$3 million was expensed in our third quarter and approximately \$8 million has been expensed in fiscal 2014.

**Table of Contents****RESULTS OF OPERATIONS**

The following table sets forth, for the periods indicated, the percentage of net sales represented by certain operational data.

	Three Months Ended		Nine Months Ended	
	January 25, 2014	January 26, 2013	January 25, 2014	January 26, 2013
Net sales	100.0%	100.0%	100.0%	100.0%
Cost of sales	71.2%	67.2%	70.2%	67.6%
Gross margin	28.8%	32.8%	29.8%	32.4%
Operating expenses	19.8%	23.0%	21.2%	23.1%
Operating income	8.9%	9.8%	8.5%	9.3%
Other expense, net	(0.8%)	(0.9%)	(0.9%)	(0.9%)
Income before taxes	8.1%	9.1%	7.7%	8.4%
Net income	5.3%	5.9%	4.9%	5.5%

**QUARTER ENDED JANUARY 25, 2014 COMPARED TO QUARTER ENDED JANUARY 26, 2013.**

**Net Sales.** Consolidated net sales for the three months ended January 25, 2014 ( Current Quarter ) were \$1,083 million, a 18.2% increase from \$915.9 million for the three months ended January 26, 2013 ( Prior Quarter ). Acquisitions contributed 16.0% to Current Quarter sales growth, and foreign exchange rate changes had an unfavorable impact to Current Quarter sales growth of 0.5%.

Sales of the Dental segment were \$642.0 million, a 2.5% increase from \$626.5 million from the Prior Quarter. Current Period sales of consumables and printed office products increased 0.6%. Sales of dental equipment and software increased 5.0% to \$266.7 million due to strong performance in the digital and CEREC categories. Sales of other services and products in the Dental segment increased 1.2% in the Current Quarter, from our Mercer acquisition and an increase in maintenance contract revenues.

Veterinary segment sales rose 90.1% to \$333.4 million. Acquisitions contributed 83.2% to the current quarter sales growth. Excluding the NVS acquisition, consumables increased 5.6%, equipment and software sales increased 23.3% and other increased 17.8%. We believe that our equipment and technology strategy, which includes enhancing our infrastructure and becoming a national technical service provider, is driving the increases in equipment, software and services.

Rehabilitation segment sales decreased 5.8% to \$107.3 million, primarily as a result of reduced sales from the non-core product lines that were divested in the second quarter. The Current Quarter sales were also impacted by continuing challenges in our international business. Foreign exchange rate changes had an unfavorable impact to Current Quarter sales growth of 0.3%.

**Gross Margins.** Consolidated gross margin decreased 400 basis points from the Prior Quarter to 28.8%. The NVS Acquisition accounts for 350 basis points of the decrease and the Medical Restructuring accounts for 10 basis points resulting in a comparable decrease of 40 basis points from Prior Quarter of 32.8%. The 40 basis points is predominantly the result of the mix between segments.

**Operating Expenses.** The consolidated operating expense ratio of 19.8% decreased 320 basis points from Prior Quarter at 23.0%. The NVS Acquisition accounts for 240 basis points of the decrease. The incremental expenses from the Information Technology Initiative increased operating expense by 20 basis points. The Medical Restructuring had a minimal impact on operating expense in the current quarter. This results in a comparable operating expense rate of 22.0% versus 23.0% in the Prior Quarter.

**Operating Income.** Current Quarter operating income was \$96.7 million, or 8.9% of net sales. In the Prior Quarter, operating income was \$89.5 million, or 9.8% of net sales. The decrease in the operating margin is due to the impacts from the NVS Acquisition, the Medical Restructuring and the incremental increase in expense from the Information Technology Initiative, which combined reduced operating margin by 140 basis points. The comparable operating margin rate is 10.3%.

**Other (Expense) Income, Net.** Net other expense was \$8.7 million in the Current Quarter compared to \$7.8 million in the Prior Quarter. Net other expense is comprised primarily of interest expense, partly offset by interest income. Foreign currency had a negative impact of \$1.1 million compared to a \$0.2 million positive impact in the Prior Quarter. Interest income of \$1.6 million was up from \$1.2 million in the Prior Quarter.

**Table of Contents**

**Income Tax Expense.** The effective income tax rate for the Current Quarter was 35.2% compared to 34.4% in the Prior Quarter. The increase in the current year rate is due to certain onetime benefits that were included in the prior year rate. For the fiscal year, the income tax rate from recurring operations is expected to be in a range from 35.5% to 35.9%. Recurring operations excludes the impact of the Medical Restructuring.

**Net Income and Earnings Per Share.** Net income was \$57.0 million, compared to \$53.6 million in the Prior Quarter. Earnings per diluted share was \$0.56 in the Current Quarter compared to \$0.52 in the Prior Quarter. The Current Quarter earnings per share after adding back the \$0.01 per share impact from the Medical restructuring is \$0.57. Diluted shares outstanding in the Current Quarter were 101,999,000 compared to 102,896,000 in the Prior Quarter. The decrease in the share count is due to share repurchase activity over the past year. The Current Quarter's cash dividend was \$0.16 per common share compared to \$0.14 in the Prior Quarter.

***NINE MONTHS ENDED JANUARY 25, 2014 COMPARED TO NINE MONTHS ENDED JANUARY 26, 2013.***

**Net Sales.** Consolidated net sales increased 10.8% for the nine months ended January 25, 2014 ( Current Period ) and totaled \$2,961.6 million compared to \$2,672.3 million for the nine months ended January 26, 2013 ( Prior Period ). Sales included a contribution from acquisitions of 10.0% and a negative impact from foreign currency translation rates of 0.4%.

Dental segment sales of \$1,759.2 million were 0.9% higher than the \$1,743.0 million in the Prior Period. Consumable sales increased 1.9% from the prior period. Equipment and software sales declined 0.4% due to the dynamics around a new product introduction in the first and second quarters of the Prior Period. Sales of other services and products in the Dental segment rose 0.5% in the Current Period.

Sales of the Veterinary segment rose 52.7% to \$841.2 million in the Current Period, due to a 48.0% growth from acquisitions. Excluding acquisitions, consumables increased 3.7%, equipment and software sales increased 20.3% and other increased 21.6%.

In the Current Period, Rehabilitation segment sales of \$361.2 million were 4.5% lower than the \$378.4 million of sales in the Prior Period. Sales were reduced as a result of the disposal of certain product lines as a part of the restructuring of this segment announced earlier in the fiscal year. The currency translation rates negatively impacted sales growth in the Current Period by 0.5%.

**Gross Margins.** Consolidated gross margin decreased 260 basis points from the Prior Period to 29.8%. The NVS Acquisition accounts for 230 basis points of the decrease and the Medical Restructuring accounts for 10 basis points of the decrease resulting in a comparable decrease of 20 basis points from Prior Period of 32.4%.

**Operating Expenses.** The consolidated operating expense ratio decreased 190 basis points from Prior Period to 21.2%. The NVS Acquisition accounts for 170 basis points of the decrease. The Medical Restructuring increased the operating expense ratio by 20 basis points, and the incremental expenses from the Information Technology Initiative increased the operating expense ratio by 30 basis points. When adjusting for these three factors results the comparable operating expense rate is 22.4% versus 23.1% in the Prior Period.

**Operating Income.** Current Period operating income was \$253.2 million, or 8.5% of net sales. In the Prior Period, operating income was \$250.0 million, or 9.4% of net sales. The decrease in the operating margin is due primarily to the NVS Acquisition, the Medical Restructuring and the incremental expenses from the Information Technology Initiative, which combined reduced the operating margin by 90 basis points, resulting in a comparable operating margin rate of 9.4% in both the current and Prior Period.

**Other (Expense) Income, Net.** Net other expense was \$25.4 million in the Current Period, \$0.3 million higher than \$25.1 million in the Prior Period. Foreign currency losses impacted the Current Period and Prior Period by \$2.7 million and \$0.8, respectively. Interest expense was lower in the Current Period due to the retirement of \$125 million of senior debt since the Prior Period.

## **Table of Contents**

**Income Tax Expense.** The effective income tax rate for the Current Period was 36.4% compared to 34.8% in the Prior Period. The increase in the current year rate is due to certain onetime benefits that were included in the prior year rate in addition to the second quarter unfavorable impact of the Medical Restructuring in the current year.

**Net Income and Earnings Per Share.** Net income decreased 1.2% to \$144.9 million, compared to \$146.7 million in the Prior Period. The decline is the result of the restructuring undertaken in the Medical segment and the incremental expenses incurred in the information technology transformation mitigated by the earnings contribution from NVS. Earnings per diluted share were \$1.42 in the Current Period compared to \$1.41 in the Prior Period. Diluted shares outstanding in the Current Period were 101,962,000 compared to 104,374,000 in the Prior Period. The decrease in the share count is due to share repurchase activity. The Current Period's cash dividend was \$0.48 per common share compared to \$0.42 in the Prior Period.

## ***LIQUIDITY AND CAPITAL RESOURCES***

Our cash flows from operations in the nine-months ended January 25, 2014 were \$149.8 million compared to \$179.3 million in the Prior Period. The decline is primarily a result of increased inventory, and timing of accounts payable disbursements.

Net cash used in investing activities was \$268.2 million in the Current Period compared to \$28.9 million in the Prior Period primarily due to the NVS acquisition (\$138.7 million), purchases of investments of \$99.2 million and the Information Technology Initiative. We expect to use a total of approximately \$35 million for capital expenditures in fiscal 2014. This is higher than previous estimates as we have made certain capital expenditures related to the technology initiative that were originally planned for fiscal 2015.

Cash provided by financing activities during the Current Period was \$40.7 million, including \$135 million for a draw on our revolver for the purchase of NVS, offset by cash used for dividend payments of \$65.3 million and stock repurchases of \$42.7 million. In the Prior Period, cash used in financing activities was \$250 million including cash used for stock repurchases of \$140.5 million, retirement of long term debt of \$75 million and dividends of \$43.7 million.

We expect funds generated by operations, existing cash balances and credit availability under existing debt facilities will be sufficient to meet our working capital needs and to finance anticipated expansion plans and strategic initiatives over the remainder of fiscal 2014.

As of January 25, 2014, \$165 million was available under our \$300 million revolving credit facility. Our current credit agreement expires in December 2016.

## ***CRITICAL ACCOUNTING POLICIES AND ESTIMATES***

In July 2012, the FASB issued ASU No. 2012-02, *Testing Indefinite-Lived Intangible Assets for Impairment*. Under this standard, entities testing long-lived intangible assets for impairment now have an option of performing a qualitative assessment to determine whether further impairment testing is necessary. If an entity determines, on the basis of qualitative factors, that the fair value of the indefinite-lived intangible asset is more-likely-than-not less than the carrying amount, the existing quantitative impairment test is required. Otherwise, no further impairment testing is required. For Patterson, this ASU was effective beginning April 28, 2013. The adoption of this standard did not have a material impact on Patterson's consolidated results of operations or financial condition.

## ***FACTORS THAT MAY AFFECT FUTURE OPERATING RESULTS***

In our Form 10-K for the year ended April 27, 2013, we described material risk factors facing our business. Additional risks not presently known to us or that we currently deem immaterial may also impair our business operations. As of the date of this report, there have been no material changes to the risk factors described in our Form 10-K.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

There have been no material changes since April 27, 2013 in our market risk. For further information on market risk, refer to Item 7A in our 2013 Annual Report on Form 10-K filed June 26, 2013.

**Table of Contents**

**ITEM 4. CONTROLS AND PROCEDURES**

Under the supervision and with the participation of our Company's management, including our Company's President and Chief Executive Officer ( CEO ) and its Chief Financial Officer ( CFO ), management evaluated the effectiveness of the design and operation of our Company's disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) as of January 25, 2014. Based upon their evaluation of these disclosure controls and procedures, the CEO and CFO concluded that the disclosure controls and procedures were effective as of January 25, 2014.

There were no changes in our Company's internal control over financial reporting (as defined in Rule 13a-15(f) or 15d-15(f) under the Exchange Act) that occurred during the quarter ended January 25, 2014 that have materially affected, or are reasonably likely to materially affect, our Company's internal control over financial reporting.

**Table of Contents**

**PART II OTHER INFORMATION**

**ITEM 5. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

On March 19, 2013, Patterson's Board of Directors approved a new share repurchase plan that replaced the existing share repurchase plan. Under the new plan, up to 25 million shares may be purchased in open market transactions through March 19, 2018. As of January 25, 2014, 23,267,224 shares remain available under the current repurchase authorization.

**ITEM 6. EXHIBITS**

The exhibits listed in the accompanying exhibit index are filed as part of this Quarterly Report on Form 10-Q.

All other items under Part II have been omitted because they are inapplicable or the answers are negative, or were previously reported in the 2013 Annual Report on Form 10-K filed June 26, 2013.
