Item 3.02 Unregistered Sales of Equity Securities.

On September 25, 2014, through a wholly-owned subsidiary, Mercer International Inc. (the Company or we) agreed to acquire all of the shareholder loans (aggregating approximately \$48 million) and substantially all of the shares of the minority shareholder (the Seller) in our Stendal mill and other rights for approximately 13.0 million (approximately \$17 million) (the Transaction).

In connection with the Transaction, on October 9, 2014, our wholly-owned subsidiary issued a payment-in-kind promissory note in the principal amount of 10.0 million (approximately \$13 million) (the PIK Note). The PIK Note has a term of 12 months and may be redeemed by us in cash without penalty at any time during the term. We may, at our sole option, pay the principal amount outstanding on the 6-month, 9-month and 12-month anniversary dates of the PIK Note (each, a PIK Date) in shares of our common stock. The value of our shares will be determined using the volume weighted average trading price for our shares during the 20-day period ending on the applicable PIK Date.

We claim an exemption from the registration requirements of the Securities Act of 1933, as amended (the Act), for the private placement of these securities pursuant to Section 4(a)(2) of the Act and/or Regulation D promulgated thereunder since, among other things, the transaction did not involve a public offering, the Seller is an accredited investor, the Seller took the securities for investment and not resale, and the Company took appropriate measures to restrict the transfer of the securities.
