**Item 1.01 Entry into a Material Definitive Agreement.**

On February 5, 2015, Marin Software Incorporated ( *Marin Software* ) entered into a Share Purchase Agreement ( *Agreement* ) with Social Moov, Social Moov's securityholders and Sylvain Eche, as Shareholders' Agent. The Agreement provides that the acquisition will be accomplished by Marin Software purchasing all outstanding shares of capital stock of Social Moov from Social Moov's shareholders, with Social Moov surviving as a wholly owned subsidiary of Marin Software (the *Share Purchase* ).

Subject to the terms and conditions of the Agreement, Marin Software has agreed to acquire all of the outstanding capital stock of Social Moov for an aggregate of \$18.75 million in cash and shares of Marin Software's common stock ( *Common Stock* ). This amount is subject to adjustment based on Social Moov's net working capital, net cash and unpaid transaction costs at closing (as adjusted, the *Total Purchase Consideration* ). The number of shares of Common Stock comprising the portion of the Total Purchase Consideration to be issued in the form of Common Stock is based on the average daily closing sales price of Marin Software Common Stock as reported on NYSE for the 10 consecutive trading days ending two trading days prior to February 5, 2015 (the *Average Stock Price* ). The Total Purchase Consideration is comprised as follows:

Up to \$8.0 million (the *Closing Cash* ) of the Total Purchase Consideration will be paid in the form of cash at the closing of the Share Purchase (the *Closing* ), of which \$1.875 million of the Closing Cash (the *Escrow Cash* ) shall be deposited into an escrow fund.

Up to \$4.375 million of the Total Purchase Consideration will be paid in the form of a number of shares of Marin Software Common Stock equal to such amount divided by the Average Stock Price (the *Closing Common Stock* ). Of the Closing Common Stock, a number of shares equal to \$1.875 million divided by the Average Stock Price will be subject to a lock up period pursuant to which none of such shares may be sold prior to the nine-month anniversary of the Closing date.

On each of the one- and two-year anniversaries of closing, up to \$3.1875 million of the Total Purchase Consideration will be paid in the form of Marin Software Common Stock, with the number of shares equal to such amounts divided by the Average Stock Price.

The Company also paid approximately \$600,000 of Social Moov's expenses incurred in connection with the Share Purchase. In addition, Marin Software expects to grant continuing Social Moov employees equity retention grants with a total value of up to \$2 million following the closing.

Pursuant to the Agreement, following the Closing, securityholders of Social Moov have agreed to indemnify Marin Software for losses related to certain matters, including, among other things, failures of representations or warranties of Social Moov contained in the Agreement to be true and correct, failure by Social Moov to perform or comply with any covenant applicable to it contained in the Agreement, and other specified matters. As partial security for such indemnification obligations, the parties agreed to deposit the Escrow Cash into an escrow fund.

The Agreement contains customary covenants of Marin Software and Social Moov, including, among other things, a covenant by Social Moov to conduct its business in the ordinary course between the execution of the Agreement and consummation of the Share Purchase and not to engage in certain kinds of transactions during such period.

The Agreement contemplates that the issuance of shares of Common Stock as part of the Total Purchase Consideration would be exempt from registration under federal securities laws by virtue of the exemption provided by Section 4(a)(2) of the Securities Act of 1933, as amended (the *Securities Act* ) and/or Regulation S promulgated

In addition, such representations and warranties (1) have been qualified by disclosure schedules that the parties have exchanged in connection with the execution of the Agreement, (2) are subject to the materiality standards set forth in the Agreement, which may differ from what may be viewed as material by investors, (3) in certain cases, were made as of a specific date, and (4) may have been used for purposes of allocating risk between the respective parties rather than establishing matters of fact.
