**Item 1.01. Entry into a Material Definitive Agreement.**

***New Bridge Credit Agreement***

On April 24, 2015, Mylan N.V. (the Company) entered into a bridge credit agreement (the Bridge Credit Agreement) among the Company, certain lenders and Goldman Sachs Bank USA as the Administrative Agent (in such capacity, the Administrative Agent) in connection with the Company's previously announced proposal to commence an offer (the Proposed Acquisition) for the entire issued and to be issued share capital of Perrigo Company plc, a public limited company organized under the laws of Ireland (Perrigo). The Bridge Credit Agreement provides for a bridge credit facility (the Bridge Facility) under which the Company may obtain loans up to an aggregate amount of \$11,059,000,000, consisting of a Tranche A Loan (the Tranche A Loan) in an aggregate amount up to \$8,760,000,000, a Tranche B Loan (the Tranche B Loan) in an aggregate amount up to \$800,000,000, and a Tranche C Loan (the Tranche C Loan), and collectively the Loans in an aggregate amount up to \$1,499,000,000. The proceeds of the Tranche A Loan and Tranche C Loan will be applied solely to (i) finance the acquisition of the shares of Perrigo pursuant to the terms of the Proposed Acquisition, (ii) repay Perrigo's outstanding term loans and (iii) pay other costs associated with the acquisition, including all non-periodic fees, expenses and taxes. The proceeds of the Tranche B Loan will be applied if necessary to prepay the Existing Term Credit Agreement and to pay fees and expenses relating thereto.

The commitments in respect of the Loans will be available until the earliest to occur of April 22, 2016 and certain events relating to the completion or termination of the Proposed Acquisition that are customary for certain funds financings in connection with acquisitions of Irish public companies and are specified in the Bridge Credit Agreement. The commitments will be reduced by the net cash proceeds received by the Company in connection with debt and equity issuances and non-ordinary course of business asset dispositions, other than certain debt and equity issuances, non-ordinary course asset dispositions and permitted reinvestments specified in the Bridge Credit Agreement.

The obligations of the lenders under the Bridge Credit Agreement to make the Loans are subject to the satisfaction of the following conditions precedent (i) the Company owns (or will own after giving effect to the application of the proceeds of the Loans) no less than 80% of the shares in the capital of Perrigo, (ii) the conditions applicable to the Proposed Acquisition contained in the Company's announcement under Rule 2.5 of the Irish Takeover Rules and other offer-related documents have been satisfied or amended or waived in accordance with their terms and the terms of the Bridge Credit Agreement or as otherwise agreed by the arrangers of the Bridge Facility and the Company has declared the offer unconditional in all respects, (iii) the representations specified as certain funds representations in the Bridge Credit Agreement are true and correct in all material respects, (iv) no event of default specified as a certain funds event of default in the Bridge Credit Agreement has occurred or is continuing, both before and after giving effect to the funding of the Loans, (v) the Administrative Agent and the arrangers of the Bridge Facility have been paid all fees and other amounts due to them, (vi) the making of the Loans or the consummation of the Proposed Acquisition is not subject to any injunction or similar government order, judgment or decree or is not otherwise unlawful and (vii) the Administrative Agent has received customary certifications by the Company of certain of the foregoing and other documentary evidence that the Proposed Acquisition may be consummated. In the event that the Proposed Acquisition proceeds by a scheme of arrangement rather than an offer, the Bridge Credit Agreement contains analogous conditions precedent that would be applicable in that circumstance, including that the Company owns (or will own after giving effect to the application of the proceeds of the Loans) 100% of the shares in the capital of Perrigo.

The Loans will bear interest at LIBOR (determined in accordance with the Bridge Credit Agreement) plus 1.500% per annum, if the Company chooses to make LIBOR borrowings, or at a base rate (determined in accordance with the Bridge Credit Agreement) plus 0.500% per annum. The applicable margins over LIBOR and the base rate for the Loans can fluctuate based on the long term unsecured senior, non-credit enhanced debt rating of the Company by Standard & Poor's Ratings Group and Moody's Investors Service Inc. The Company will pay to each lender a ticking fee accruing from May 24, 2015 until the earlier of the date the Loans are funded and the date the commitments terminate at a rate equal to 0.175% per annum of each lender's commitments to make Tranche A Loans or Tranche C Loans. The Company will pay to each lender a ticking fee accruing from June 8, 2015 until the earlier of the date the Loans are funded and the date the commitments terminate at a rate equal to 0.175% per annum of each lender's commitments to make Tranche B Loans. If the Tranche A and/or Tranche B Loans are funded, the Company will pay to each lender duration fees equal to 0.50%, 0.75% and 1.00% (or if the Company does not meet certain criteria with respect to its debt rating, 0.75%, 1.00% and 1.25%, respectively) of the principal amount of Tranche A Loans and Tranche B Loans of each lender that are outstanding on the 90th, 180th and 270th, respectively, day after the day the Loans are funded.

The Loans will be unsecured and will be guaranteed by Mylan Inc., each subsidiary of the Company that guarantees (or is otherwise a co-obligor of) third-party indebtedness of the Company in excess of \$350,000,000 and, following completion of the Proposed Acquisition, Perrigo. As of April 24, 2015, no subsidiary of the Company other than Mylan Inc. is required to provide a guarantee of the Bridge Facility.

The Bridge Credit Agreement contains customary affirmative covenants for facilities of this type, including, among others, covenants pertaining to the delivery of financial statements, notices of default and certain other material events, maintenance of corporate existence and rights, business, property, and insurance and compliance with laws, as well as customary negative covenants for facilities of this type, including, among others, limitations on the incurrence of subsidiary indebtedness, liens, mergers and certain other fundamental changes, investments and loans, acquisitions, transactions with affiliates, payments of dividends and other restricted payments and changes in the Company's line of business. The Bridge Credit Agreement also contains certain covenants related to the Proposed Acquisition that are customary in this context. The Bridge Credit Agreement contains a financial covenant requiring maintenance of a maximum ratio of 4.75 to 1.00 for consolidated total indebtedness as of the end of any quarter to consolidated EBITDA for the trailing four quarters. This financial covenant will first be tested at the quarter ending June 30, 2015.

The Bridge Credit Agreement contains default provisions customary for facilities of this type, which are subject to customary grace periods and materiality thresholds, including, among others, defaults related to payment failures, failure to comply with covenants, material misrepresentations, defaults under other material indebtedness, the occurrence of a change in control, bankruptcy and related events, material judgments, certain events related to pension

plans and the invalidity or revocation of any loan document or any guarantee agreement of the Company or any subsidiary that becomes a guarantor as described above. If an event of default occurs under Bridge Credit Agreement, the lenders may, among other things, terminate their commitments and declare immediately payable all borrowings.

The Administrative Agent and the lenders have, from time to time, performed, are currently performing and may in the future perform, various financial advisory and commercial and investment banking services for the Company, for which they received or will receive customary fees and expenses.

The Tranche A Loans and Tranche B Loans mature on the day that is 364 days after the Loans are funded, and the Tranche C Loans mature on the day that is six months after the Loans are funded. The entire principal amount on the Loans will be due and payable on their respective maturity dates. The Loans may be voluntarily prepaid without penalty or premium, other than customary breakage costs related to prepayments of LIBOR borrowings.
