- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Item 2.02. Results of Operations and Financial Condition.**

Waste Management, Inc. (the Company) issued a press release this morning announcing its financial results for the first quarter of 2015, a copy of which is attached hereto as Exhibit 99.1. The Company is holding a conference call to discuss these results beginning at 9:00 a.m. Central Time this morning. The call will be webcast live and may be heard by accessing the Investor Relations section of the Company's website at [www.wm.com](http://www.wm.com). The call may also be heard by dialing (877) 710-6139 and entering access code 16632898. To access a replay telephonically, please dial (855) 859-2056 and use the replay conference ID number 16632898.

On the call, management of the Company is expected to discuss certain non-GAAP financial measures that are included in the Company's press release. The Company has provided information regarding its use of the non-GAAP measures contained in its press release and reconciliations of such measures to their most comparable GAAP measures.

In addition to the non-GAAP measures contained and reconciled in the press release, management is also expected to discuss adjusted income from operations, adjusted income from operations as a percent of revenues, adjusted operating EBITDA, adjusted operating EBITDA as a percent of revenues, and adjusted operating expenses as a percent of revenues. Each of these non-GAAP measures excludes certain items noted in the tables below. Management believes these non-GAAP measures are helpful to investors evaluating the Company's performance because certain non-cash costs or other items that management believes are not representative of our performance or indicative of our results of operations are excluded. Reconciliations of these non-GAAP measures to the most comparable GAAP measures are shown below.

The Company defines operating EBITDA as income from operations before depreciation and amortization; this measure may not be comparable to similarly titled measures reported by other companies. Management uses this non-GAAP measure as an indicator of the Company's operating performance and ability to pay dividends, fund acquisitions, capital expenditures and other investments and, in the absence of refinancing, to repay debt obligations. Adjusted operating EBTIDA should not be considered an alternative to net income, income from operations or net cash provided by operating activities.

---

**Reconciliation of Non-GAAP Measures**
**(Dollars In Millions)****(Unaudited)**

<i>Adjusted Income from Operations, Adjusted Operating EBITDA and each as a Percent of Revenues</i>	<b>Quarter Ended March 31, 2015</b>
