Item 8.01. Other Events.

On November 10, 2015, RMS Lifeline, Inc., a wholly owned subsidiary of DaVita HealthCare Partners Inc. (the Company) that operates under the name Lifeline Vascular Access (Lifeline), received a Civil Investigative Demand (the CID) from the U.S. Department of Justice (the DOJ). The CID relates to two vascular access centers in Florida that are part of Lifeline's vascular access business. The CID covers the period from January 1, 2008 through the present.

Based on the language of the CID, the DOJ is conducting a False Claims Act investigation and appears to be reviewing the medical necessity of angiograms performed at the two centers. The CID seeks, among other documents, medical records for 10 patients. Lifeline does not perform dialysis services but instead provides vascular access management services for dialysis patients.

The Company maintains policies and procedures to promote compliance with the False Claims Act and other applicable laws and regulations, and intends to cooperate with the government. The Company cannot predict, however, when this investigation will be resolved, its eventual outcome or scope, or its potential impact on the Company.
