INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

Introduction

This Proxy Statement is being furnished to holders of our Common Stock in connection with the solicitation by and on behalf of the Board of proxies to be used at the Annual Meeting to be held at 10:00 a.m., Central time, on Wednesday, May 11, 2016, at the Omaha Marriott located at 10220 Regency Circle, Omaha, Nebraska, and any adjournment or postponement thereof. The purpose of the Annual Meeting is to elect three directors and transact such other business as may properly come before the meeting. This Proxy Statement, the Notice of Annual Meeting of Shareholders, the accompanying Proxy Card and our 2015 Annual Report are first being made available to shareholders entitled to vote at the Annual Meeting on or around March 31, 2016.

Electronic Access to Proxy Materials

Pursuant to rules adopted by the SEC, we are making this Proxy Statement and our 2015 Annual Report available to shareholders electronically via the Internet. On or around March 31, 2016, we mailed the Notice, which provides information regarding the availability of proxy materials for the Annual Meeting, to our shareholders of record.

Shareholders will be able to access this Proxy Statement and our 2015 Annual Report on the website referred to in the Notice or request to receive printed copies of the proxy materials. Instructions on how to access the proxy materials on the Internet or to request a printed copy may be found in the Notice. The website on which you will be able to view our proxy materials also allows you to choose to receive future proxy materials electronically by email, which would save us the cost of printing and mailing documents to you. If you choose to receive future proxy statements by email, you will receive an email next year with instructions containing a link to the proxy voting site. Your election to receive proxy materials by email remains in effect until you terminate it.

Record Date, Outstanding Shares and Quorum

We have fixed the close of business on March 15, 2016, as the Record Date, which is used to determine those shareholders entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof. There were 38,472,451 shares of Common Stock outstanding at the close of business on the Record Date. Holders of record of the our Common Stock on the Record Date are entitled to cast one vote per share, exercisable in person or by properly executed proxy, with respect to each matter to be considered at the Annual Meeting.

The presence, in person or by properly executed proxy, at the Annual Meeting of the holders of a majority of the outstanding shares of Common Stock entitled to vote shall constitute a quorum. Proxies that are marked to withhold authority with respect to the election of directors and proxies for which no instructions are given will be counted for purposes of determining the presence of a quorum.

Proxy Voting and Revocability of Proxies

Common Stock, represented by the proxies received pursuant to this solicitation and not timely revoked, will be voted at the Annual Meeting in accordance with the instructions indicated in properly submitted proxies. If no instructions are indicated, such shares will be voted as recommended by the Board. If any other matters are properly presented to the Annual Meeting for action, the person(s) named in the enclosed form(s) of proxy and acting thereunder will have discretion to vote on such matters in accordance with their best judgment. Broker non-votes and abstentions are not treated as votes cast for any of the matters to be voted on at the meeting.

A holder of Common Stock who has submitted a proxy may revoke it prior to its exercise by providing written notice of revocation or a later-dated proxy to the secretary of the Company at any time before the closing

Table of Contents

of the polls at the meeting, or by voting in person at the meeting. Any written notice revoking a proxy should be sent to: Green Plains Inc., Attention: Michelle S. Mapes, Corporate Secretary, 450 Regency Parkway, Suite 400, Omaha, Nebraska 68114. Attendance in person at the Annual Meeting does not itself revoke a proxy; however, any shareholder who attends the Annual Meeting may revoke a previously submitted proxy by voting in person.

Computershare Trust Company, N.A. is the transfer agent and registrar for our Common Stock. If your shares are registered directly in your name with our transfer agent, with respect to those shares, you are considered the shareholder of record, or a registered shareholder, and these materials were sent to you directly by us. If you are a shareholder of record, you may vote in person at the Annual Meeting.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and that organization should have forwarded these materials to you. As the beneficial owner, you have the right to direct your broker, bank or nominee holding your shares how to vote and are also invited to attend the Annual Meeting. Please refer to the information forwarded by your broker or bank for instructions on how to direct their vote. However, since you are not a shareholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you a legal proxy from the shareholder of record.

If you are a registered shareholder, there are four ways to vote:

going to the Internet website indicated on the Proxy Card or voting instruction card and following the instructions provided (you will need the control number that is included in the Notice of Internet Availability of Proxy Materials);

calling the toll-free telephone number indicated on the Proxy Card or voting instruction card (you will need the control number that is included in the Notice of Internet Availability of Proxy Materials);

signing, dating and returning the Proxy Card if you request to receive your proxy materials by mail; or

written ballot in person at the Annual Meeting.

Your shares will be voted as you indicate. If you do not indicate your voting preferences, the appointed proxies will vote your shares For all nominees in Proposal 1.

Broker Non-Votes

Broker non-votes occur when nominees, such as brokers and banks holding shares on behalf of the beneficial owners, are prohibited from exercising discretionary voting authority for beneficial owners who have not provided voting instructions at least ten days before the Annual Meeting date. If no instructions are given within that time frame, the nominees may vote those shares on matters deemed routine by the New York Stock Exchange. On non-routine matters, nominees cannot vote without instructions from the beneficial owner, resulting in so-called broker non-votes. Broker non-votes are not counted for the purposes of determining the number of shares present in person or represented by proxy on any voting matter. Proposal 1 is considered non-routine.

Expenses and Methods of Solicitation

We will bear the expense of soliciting proxies. In addition to the use of the mail and Internet, proxies may be solicited personally, or by telephone or other means of communications, by directors, officers and employees of the Company and its subsidiaries who will not receive additional compensation therefor. We will reimburse banks, brokerage firms and nominees for reasonable expenses incurred related to forwarding proxy solicitation materials to beneficial owners of shares held by such banks, brokerage firms and nominees.

Table of Contents

Vote Required

The affirmative vote of a plurality of the votes cast at the Annual Meeting by the holders of the Common Stock, assuming a quorum is present, is required to elect each director. The three persons receiving the greatest number of votes at the Annual Meeting shall be elected as directors. Since only affirmative votes count for this purpose, broker non-votes or votes withheld will not affect the outcome of the voting on Proposal 1.

INFORMATION ABOUT THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board of Directors

The Board consists of nine members, divided into three groups, and currently has one vacant position. The Board intends to fill the vacancy as soon as it identifies a qualified candidate willing to serve in this capacity. One group of directors is elected at each annual meeting of shareholders for a three-year term. Each year a different group of directors is elected on a rotating basis. James Crowley, S. Eugene (Gene) Edwards, Jr. and Gordon Glade are up for re-election at the Annual Meeting (to serve until the 2019 annual meeting or until their respective successors shall be elected and qualified). The terms of Jim Anderson and Wayne Hoovestol expire at the 2017 annual meeting. The terms of Todd Becker, Thomas Manuel, Brian Peterson and Alain Treuer expire at the 2018 annual meeting.

Director Independence

A director is independent if, in the opinion of the Board, he or she has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and otherwise satisfies the independence requirements of applicable SEC and Nasdaq rules. The Board has reviewed the independence of its current directors and nominees and found that, except for Mr. Becker due to his current position with the Company, each of them is independent.

Board Meetings, Directors Attendance and Shareholder Communications

The Board held seven meetings during 2015. Meetings were conducted via teleconference or in person. No incumbent director attended fewer than seventy-five percent (75%) of the aggregate Board and committee meetings held on which the incumbent director served during this period. Our policy is to encourage, but not require, Board members to attend our annual shareholder meetings. All Board members attended the 2015 annual meeting.

Shareholders who would like to send written communications to the Board may do so by submitting such communications to: Green Plains Inc., Attention: Michelle S. Mapes, Corporate Secretary, 450 Regency Parkway, Suite 400, Omaha, Nebraska 68114. The Board suggests, but does not require, that such submissions include the name and contact information of the shareholder making the submission and a description of the matter that is the subject of the communication. Ms. Mapes will then furnish such information to the Board or appropriate committee of the Board for review.

Board Committees

The Board has standing Audit, Compensation, and Nominating and Governance Committees.

Audit Committee

The Audit Committee, which was established in accordance with section 3(a)(58)(A) of the Exchange Act, currently has five directors, all of whom meet the independence standards of the SEC and Nasdaq. Audit

Table of Contents

Committee members are Jim Anderson, James Crowley, Gene Edwards, Gordon Glade and Brian Peterson, with Mr. Crowley serving as chairman. Mr. Crowley has been determined to be an audit committee financial expert as defined in Rule 407(d)(5) of Regulation S-K. During 2015, the Audit Committee held seven meetings via teleconference or in person. The Audit Committee Charter, which is reviewed, revised and updated on an annual basis, is posted on our website at www.gpreinc.com.

The function of the Audit Committee, as detailed in its charter, is to provide assistance to the Board in fulfilling its responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices, and the quality and integrity of our financial reports. In so doing, it is the responsibility of the Audit Committee to maintain free and open means of communication between the directors, the independent auditors and our management.

Compensation Committee

The Compensation Committee currently has four directors, all of whom meet the independence standards of Nasdaq. Compensation Committee members are Jim Anderson, Gene Edwards, Tom Manuel and Alain Treuer, with Mr. Treuer serving as chairman. During 2015, the Compensation Committee held four meetings via teleconference or in person. The Compensation Committee Charter is posted on our website at www.gpreinc.com.

The Compensation Committee establishes our general compensation policy and, except as prohibited by law, may take any and all actions that the Board could take relating to compensation of directors, executive officers, employees and other parties. The Compensation Committee's role is to (i) evaluate the performance of our executive officers, (ii) set compensation for directors and executive officers, (iii) make recommendations to the Board on adoption of compensation plans and (iv) administer our compensation plans. When evaluating potential compensation adjustments, the Compensation Committee solicits and considers input provided by the chief executive officer relating to the individual performance and contribution to our overall performance by executive officers and other key employees.

Pursuant to its charter, the Compensation Committee is empowered to hire outside advisors as it deems appropriate to assist it in the performance of its duties. The Compensation Committee has sole authority to retain or terminate any compensation consultants or advisors and to approve their fees. For additional information on the Compensation Committee's role, its use of outside advisors and their roles, as well as the Committee's processes and procedures for the consideration and determination of executive compensation, see *Executive Compensation Compensation Discussion and Analysis*.

Nominating and Governance Committee

The Nominating and Governance Committee currently has four directors, all of whom meet the independence standards of Nasdaq. Nominating and Governance Committee members are Gordon Glade, Tom Manuel, Brian Peterson and Alain Treuer, with Mr. Peterson serving as chairman since May 2015. During 2015, the Nominating and Governance Committee held three meetings via teleconference or in person. The Nominating and Governance Committee Charter is posted on our website at www.gpreinc.com.

The function of the Nominating and Governance Committee, as detailed in its charter, is to recommend to the Board the slate of director nominees for election to the Board, to identify and recommend candidates to fill vacancies occurring between annual shareholder meetings, and to review and address governance items. The Nominating and Governance Committee has established certain broad qualifications in order to consider a proposed candidate for election to the Board. The Nominating and Governance Committee will also consider such other factors as it deems appropriate to assist in developing a Board and committees that are diverse in nature and comprised of experienced and seasoned advisors. These factors include judgment, skill, diversity (such as race, gender or experience), integrity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board.

Table of Contents

Board Diversity

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by shareholders, the Nominating and Governance Committee considers criteria that include the candidate's integrity, business acumen, experience, commitment, diligence, conflicts of interest and ability to act in the interests of all shareholders. Moreover, the Nominating and Governance Committee considers the value of diversity of experience on the Board, taking into account the current Board membership, in the director identification and nomination process. The Nominating and Governance Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Nominating and Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Director Qualifications

Presented below are biographies of each director nominee and continuing director containing information regarding the person's service as a director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Nominating and Governance Committee and the Board to determine that the person should serve as a director for us.

The Nominating and Governance Committee considers candidates recommended by security holders, directors, executive officers and other sources, including, but not limited to, third-party search firms. Our shareholders may submit recommendations for Board candidates. All recommendations shall be submitted in writing to: Green Plains Inc., Attention: Michelle S. Mapes, Corporate Secretary, 450 Regency Parkway, Suite 400, Omaha, Nebraska 68114. Such submissions should include the name, contact information, a brief description of the candidate's business experience and such other information the person submitting the recommendation believes is relevant to the evaluation of the candidate. The Nominating and Governance Committee will review all such recommendations. For candidates to be considered for election at the next annual shareholder meeting, the recommendation must be made in accordance with and within the time frame set forth in our bylaws and described below under *Shareholder Proposals*.

The Nominating and Governance Committee will evaluate whether an incumbent director should be nominated for re-election to the Board or any committee of the Board upon expiration of such director's term using the same factors as described above for other Board candidates. The Nominating and Governance Committee will also take into account the incumbent director's performance as a Board member. Failure of any incumbent director to attend at least seventy-five percent (75%) of the Board meetings held in any year of service as a Board member will be viewed negatively by the Nominating and Governance Committee in evaluating the performance of such director.

The Nominating and Governance Committee recommended that all of the incumbent directors whose terms of office expire at the Annual Meeting be included on the ballot for re-election as directors for a three-year term expiring at the 2019 annual meeting. This recommendation was based on a review and evaluation of meeting attendance, knowledge of the industries in which we operate and overall contributions to the Board.

Code of Ethics

The Board has adopted a code of ethics that applies to its chief executive officer and all senior financial officers, including the chief financial officer, principal accounting officer, other senior financial officers and persons performing similar functions. The full text of the code of ethics is published on our website in the Investors' Corporate Governance section. We intend to disclose future amendments to, or waivers from,

Table of Contents

certain provisions of the code of ethics on our website within five business days following the adoption of such amendment or waiver.

Role in Risk Oversight

The Board's role in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to us, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate risk owner within the organization enabling it to understand our risk identification, risk management and risk mitigation strategies. Additionally, the Board has approved and periodically reviews our risk management policy, which specifically sets parameters of risk with respect to commodity and hedging positions. When a committee receives a report, the chairman of the relevant committee reports the discussion to the full Board during the committee reports portion of the next Board meeting. This allows the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. The risk oversight structure has no effect on the Board's leadership structure.

Insider Trading Policy

The Board has adopted an insider trading policy to satisfy our obligation to prevent insider trading and help insiders avoid the severe consequences associated with violations of insider trading laws. We have worked diligently over the years to establish a reputation for integrity and ethical conduct; accordingly, this policy is also intended to prevent even the appearance of improper conduct on the part of anyone employed by or associated with us.

No director, officer or employee of ours who is aware of material nonpublic information relating to us may, directly or through family members or other persons or entities, (a) buy or sell our securities (other than pursuant to a pre-approved trading plan that complies with SEC Rule 10b5-1), or engage in any other action to take personal advantage of that information, or (b) pass that information on to non-employees, including family and friends. In addition, no director, officer or other employee of ours who, in the course of working for us, learns of material nonpublic information about a company with which we do business, including a customer or supplier, may trade in that company's securities until the information becomes public or is no longer material.

Certain forms of hedging or monetization transactions allow an employee to lock in much of the value of his or her stock holdings, often in exchange for all or part of the potential for upside appreciation in the stock. These transactions allow the director, officer or employee to continue to own the covered securities, but without the full risks and rewards of ownership. When that occurs, the director, officer or employee may no longer have the same objectives as our other shareholders. Any person wishing to enter into such an arrangement must first pre-clear the proposed transaction with our chief executive officer or his designee.

Securities held in a margin account may be sold by the broker without the customer's consent if the customer fails to meet a margin call. Similarly, securities pledged or hypothecated as collateral for a loan may be sold in foreclosure if the borrower defaults on the loan. Because a margin sale or foreclosure sale may occur at a time when the pledgor is aware of material nonpublic information or otherwise is not permitted to trade in our securities, directors, officers and other employees who are aware of material nonpublic information relating to us are prohibited from holding our securities in a margin account or pledging our securities as collateral for a loan. An exception to this prohibition may be granted when a person wishes to pledge our securities as collateral for a loan, not including margin debt, and clearly demonstrates the financial capacity to repay the loan without resort to the pledged securities. Any person who wishes to pledge our securities as collateral for a loan must submit a request for approval to our chief executive officer or his designee at least two weeks prior to the proposed execution of documents evidencing the proposed pledge.

Table of Contents

We have applied and interpreted the insider trading policy that hedging and pledging transactions are not permitted, without approval, and approval is not easily achieved or given out just because it was requested. To date, we have not approved hedging and have allowed just three directors, with one being a past director, to pledge, only after they had demonstrated the necessary financial capacity.

Board Leadership Structure

The Board does not have a policy on whether the same person should serve as both the chief executive officer and chairman of the Board or, if the roles are separate, whether the chairman should be selected from the non-employee directors or be an employee. The Board believes that it should have the flexibility to make these determinations at any given point in time that best provides the appropriate leadership for us at that time. Over the last several years, we have had each of the following leadership structures, reflecting its circumstances at the time: separate non-employee chairman and chief executive officer (prior to October 2008, January 2009 to February 2009 and November 2009 to present); separate chairman and chief executive officer, with the chairman being a member of our management team (March 2009 to November 2009); and combined chairman and chief executive officer (October 2008 to December 2008). The Board believes that its current leadership structure, with Mr. Hoovestol, a non-employee serving as Board chairman, and Mr. Becker serving as chief executive officer, is appropriate given the experience of each individual. Mr. Becker is currently deemed not to be independent. The independent, non-executive Board members meet regularly in executive session. The Board, with guidance from the Nominating and Governance Committee, will periodically continue to review its leadership structure.

PROPOSAL 1

ELECTION OF DIRECTORS

Election of Directors

The Board is divided into three classes, with the members of each class serving three-year terms of office. This results in one class standing for election at each annual meeting of shareholders. The Nominating and Governance Committee recommended and the Board nominated for re-election James Crowley, S. Eugene (Gene) Edwards, Jr. and Gordon Glade, each to serve a term that expires at the 2019 annual meeting. There is currently one vacancy on the Board among the group of directors with a term that expires at the 2017 annual meeting. The Board intends to fill this vacancy as soon as it identifies a qualified candidate willing to serve in this capacity.

Your Proxy Card will be used to vote for the election of the nominees unless you withhold the authority to do so when you submit your proxy. If no instructions are given, your shares will be voted for the three nominees. As explained above, our directors are elected by the affirmative vote of the plurality of the shares present and entitled to vote. The three persons receiving the greatest number of votes at the Annual Meeting shall be elected as directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ALL NOMINEES

NAMED AS PART OF PROPOSAL 1.

The following paragraphs set forth information about the nominees and our continuing directors. All director biography information is as of March 31, 2016.

Compensation Discussion and Analysis

Introduction

information about 2015 compensation earned by the following NEOs:

- i Todd Becker – President and Chief Executive Officer
- i Jerry Peters – Chief Financial Officer
- i Jeff Briggs – Chief Operating Officer
- i Walter Cronin – Executive Vice President – Commercial Operations
- i Steve Bleyl – Executive Vice President – Ethanol Marketing

Executive Compensation Philosophy

The Compensation Committee has structured our executive compensation policy based upon the following goals:

to attract, motivate and retain talented executive officers and other key employees;

to use incentive compensation to reinforce strategic performance objectives; and

Edgar Filing: Green Plains Inc. - Form DEF 14A

to align the interests of executive officers and key employees with the interests of our shareholders, such that risks and rewards of strategic decisions are shared.

Table of Contents

Compensation for executive officers consists of three core components: base compensation, annual performance/incentive awards and long-term incentive compensation. Equity awards are made pursuant to the Equity Plan.

Compensation Committee Process and Compensation Consultant

The Compensation Committee is responsible for designing, reviewing and overseeing the administration of our executive compensation program, and reviewing and approving annually all compensation decisions relating to our executive officers, including the NEOs. Generally, all decisions with respect to determining the amount or form of compensation for our executive officers are made by the Committee in accordance with the methodology described below.

When evaluating potential salary adjustments for executive officers, the Compensation Committee solicits and considers input provided by the chief executive officer relating to the executive's performance and contribution to our overall performance. The chief executive officer plays no role in setting his own compensation.

The Compensation Committee considered the results of the most recent say-on-pay vote when determining compensation policies and decisions. At the 2011 annual meeting of shareholders, the frequency of holding an advisory vote to approve executive compensation was recommended to be every three years, which the Board adopted. The Compensation Committee has the sole authority from the Board for the appointment, compensation and oversight of our outside compensation consultant. The Compensation Committee retained Hay Group as an independent compensation consultant during 2015 and 2014 to assist with its responsibilities related to our executive and Board compensation programs. As required by SEC rules and Nasdaq listing standards, the Compensation Committee assessed the independence of Hay Group and concluded that it did not have a conflict of interest in completing these responsibilities.

The Compensation Committee strives to provide total compensation that is aligned and competitive with compensation data compiled by Hay Group based on a peer group of selected publicly traded companies within the same or similar industries with comparable financial performance. The peer group is periodically reviewed and revised, if necessary, to remove companies that have not maintained similar financial structure and add companies that are similar in nature to us. The peer group provides a reference point when making pay decisions and benchmarking short-term and long-term incentive plan awards and mechanics. The combination of industries represented by our core businesses and the small number of U.S. publicly traded direct competitors creates challenges in identifying peer group companies.

The Compensation Committee, in consultation with Hay Group, selects peer group companies that have one or more of the following characteristics: (i) similar in size and financial performance to us, (ii) within a relevant industry group (including companies engaged in the production of ethanol, alternative fuels or gasoline oxygenates as well as the marketing and distribution of such fuels and companies engaged in the production of agriculture products), (iii) considered competitors to us according to analysts and advisory firms and other selection criteria. The composition of the peer group is periodically reviewed and, if appropriate, updated to ensure continued relevancy and to account for mergers, acquisitions, divestitures or other business-related changes that may occur. The following companies comprised the peer group for 2015:

Adams Resources & Energy, Inc.
Alon USA Energy, Inc.
The Andersons, Inc.
Calumet Specialty Products Partners, L.P.
CVR Energy, Inc.
Darling Ingredients Inc.
Delek US Holdings, Inc.

H.B. Fuller Company
Ingredion Incorporated
Koppers Holdings Inc.
Methanex Corporation
Renewable Energy Group, Inc.
The Scotts Miracle-Gro Company
The Valspar Corporation

Base Compensation

The Compensation Committee decides on the overall compensation package, including base salary, for our executive officers. The Compensation Committee believes that it is in our best interest to continue with a lower base salary structure in keeping with its pay for performance philosophy. The Compensation Committee reviews both national and industry specific compensation data derived by Hay Group by selecting a peer group of companies based upon their financial performance and operations. Each executive is evaluated against these data and adjustments are made based on individual factors such as experience level and job performance. The objective is to develop a compensation package that will attract and retain talented employees. Individual salaries vary based upon the individual's level of responsibility, work experience, performance, impact on the business, tenure and potential for advancement.

Individual salaries for newly hired executive officers and other key employees are determined at the time of hire, and reassessed as needed, taking into account the above-factors, other than tenure. To attract and retain quality talent with the expertise to perform required duties, total compensation is generally established to be within a range of the 50th to 75th percentile of total compensation paid to personnel in similar positions in the market. We generally pay base salaries below the target market given our compensation philosophy, which is designed to reward executive officers and other key employees through our cash and stock-based incentives based on performance. To retain quality talent, the Compensation Committee may recommend base salary adjustments that are commensurate with increasing job responsibilities, internal equity and to reflect competitive market data for executive officers of industry-sector firms of similar size and performance. Hay Group's methodology is used to evaluate positions and make comparisons among positions.

Base salaries in 2015 for the NEOs were as follows: Todd Becker \$525,000; Jerry Peters \$300,000; Jeff Briggs \$300,000; Walter Cronin \$250,000; and Steve Bleyl \$250,000. Effective February 16, 2016, base salaries for the NEOs, except Mr. Becker, were increased to the following amounts: Jerry Peters \$350,000; Jeff Briggs \$350,000; Walter Cronin \$300,000; and Steve Bleyl \$300,000.

Annual Performance/Incentive Awards

We use incentive compensation in the form of annual bonuses to reinforce performance-based objectives and retain key personnel. The Compensation Committee established the Umbrella STIP, which was approved by shareholders at the 2014 annual meeting. As required by and working within the parameters of the Umbrella STIP, the Compensation Committee set specific 2015 operational performance goals. The Umbrella STIP, effective January 1, 2014, limits individual annual incentive bonuses to no more than \$10 million and eligible executives incentive bonuses, as a pool, to no more than 6% of EBITDA, with each participating executive's share of the pool defined by the Umbrella STIP, subject to reduction by the Compensation Committee. The Umbrella STIP provides that certain specified employees may be awarded cash bonuses by the Compensation Committee upon meeting certain specified performance goals or other performance criteria as determined by the Compensation Committee. The performance goals under the Umbrella STIP were established by the Compensation Committee within the first 90 days of 2015. Each current employee who is also an executive officer participates in the Umbrella STIP.

Pursuant to the Umbrella STIP, the Compensation Committee established the target levels of cash bonuses for 2015 for each participating officer, ranging from 50% to 300% of such officer's base salary, the potential award, ranging from 0% to 600% of each participating officer's base salary, and the performance criteria evaluated in determining the actual cash bonus amount. Participants were eligible for awards based on a percentage of base salary as defined by the Compensation Committee depending on the level of achievement of our performance criteria. The Compensation Committee may utilize its discretion under the Umbrella STIP to adjust the award for external conditions beyond our control or that of the officer with an objective that total compensation for all executive officers would be awarded within a range of the 50th to 75th percentile of industry compensation defined by our peer group analysis and other methodologies consistent with industry practice, so long as the amount awarded to a participant does not exceed the limit under the Umbrella STIP.

Table of Contents

The Compensation Committee, which utilized only negative discretion to reduce the amounts of awards in 2015, evaluated financial performance and also evaluated the executive's performance in contributing to our overall goals and individual measurable performance objectives. Our financial performance component was based on achieving stated goals for 2015. The following goals and weighting percentages were established by the Compensation Committee to help measure officer performance and determine 2015 incentive awards: (1) a target range of adjusted EBITDA for ethanol production of \$0 to \$180 million (40%), (2) a target range of aggregate adjusted EBITDA for non-ethanol operations of \$0 to \$120 million (20%), (3) a target range of return on net assets of 1% to 10% (10%), (4) safety metrics focusing on safety, training and compliance (5%), (5) a performance management metric (5%) and (6) Compensation Committee discretion (20%). Individual performance objectives include non-financial business objectives such as execution and integration of acquisition transactions, coaching of key employees, efficient execution of operations and management of construction or capital expenditure projects.

The NEOs were entitled to potential cash awards under the Umbrella STIP for 2015, as set forth in the following table, subject to the discretion of the Compensation Committee.

Named Executive Officer & Title	Target Cash Bonus as a Percent of Base Salary	Potential Award Range as a Percent of Base Salary
Todd Becker, President & Chief Executive Officer	300%	0 - 600%
Jerry Peters, Chief Financial Officer	80%	0 - 200%
Jeff Briggs, Chief Operating Officer	80%	0 - 200%
Walter Cronin, EVP Commercial Operations	80%	0 - 200%
Steve Bleyl, EVP Ethanol Marketing	80%	0 - 200%

In 2015, adjusted EBITDA for ethanol production and non-ethanol operations was approximately \$73.4 million and \$86.3 million, respectively. We define adjusted EBITDA, for measurement under the Umbrella STIP, as EBITDA adjusted to exclude corporate activities. For a reconciliation of EBITDA to Net Income, see Item 6. Selected Financial Data in our Annual Report on Form 10-K for the year ended December 31, 2015. Actual return on net assets for 2015 was approximately 4.2%. The overall 2015 safety metric showed that we achieved the target qualitative measures reviewed, and the performance management metric was also achieved. Cash bonuses paid for 2015 performance ranged from 80% to 286% of base salaries for the NEOs. As previously noted, we generally pay base salaries below the target market given our compensation philosophy, which is designed to reward executive officers and other key employees through our cash and stock-based incentives. Cash bonuses and stock awards may fluctuate from year to year based on performance, with an overall goal of providing executive officers with total compensation within a range of the 50th to 75th percentile of industry compensation defined by our peer group analysis and other methodologies consistent with industry practice. See *Summary Compensation Table* below for the cash bonus amounts awarded for 2015. Additional information is also set forth in the Grants of Plan-Based Awards table.

Long-Term Incentive Compensation

The NEOs are eligible to receive long-term, equity-based incentive compensation awards under the Equity Plan and the GPP LTIP. Awards that may be issued under the GPP LTIP include unit awards, restricted units, phantom units, unit options, unit appreciation rights, distribution equivalent rights, profits interest units and other unit-based awards, and are limited to 2,500,000 common units, subject to proportionate adjustment in the event of unit splits and similar events. No grants have been awarded to NEOs under the GPP LTIP.

Our ability to operate our business and implement our strategies effectively depends, in part, on the efforts of our executive officers and other key personnel. Our executive officers have developed expertise in ethanol and related industries, and we have hired qualified managers and key personnel to operate our plants, agribusiness operations, partnership assets, and marketing and distribution business. Grants to executive officers of restricted

stock, options or deferred stock encourage equity ownership and closely align management's interests with the interests of shareholders, such that risks and rewards of strategic decisions are shared. Additionally, because awards will be subject to forfeiture in certain cases if employment is terminated, such awards are anticipated to provide a long-term incentive to remain employed with us.

Based on Compensation Committee assessments and recommendations, our long-term compensation program includes the following components to align management's interests with the interests of shareholders:

Emphasizes at risk pay such as options and other long-term incentives.

Emphasizes long-term compensation such as options and restricted stock.

Rewards financial results and promotion of our objectives as well as individual performance against individual objectives. In an effort to align the interests of management and shareholders with the goal of sharing the risks and rewards of strategic decisions that are made, the Compensation Committee reviews the advisability of granting shares or options to members of management. The aggregate number of shares or options granted to management will be based on the executive's position and the value of each individual's contributions, as well as competitive pay data from the peer group norms.

Equity compensation is determined by the Compensation Committee, which considers our performance, focusing primarily on annual EBITDA targets, each individual's accomplishments compared with their goals for the year and each executive's base salary and short-term incentive payments compared with total compensation. Based on our 2015 financial performance, individual performance evaluations and competitive pay data, restricted stock awards were issued in February 2016 for 2015 performance. Awards made in 2016 for 2015 performance to the NEOs consisted of the following grants: 222,718 shares to Mr. Becker, 37,120 shares to Mr. Peters, 37,120 shares to Mr. Briggs, 25,984 shares to Mr. Cronin, and 25,984 shares to Mr. Bleyl. Because stock awards are presented in the year of grant, the stock awards granted in 2016 for 2015 performance do not appear in the Summary Compensation Table for 2015. Awards to the NEOs in 2015 for 2014 performance consisted of grants of 116,849 shares to Mr. Becker, 22,616 shares to Mr. Peters, 22,616 shares to Mr. Briggs, 15,078 shares to Mr. Cronin, and 21,674 shares to Mr. Bleyl. To align the interests of the executive officers with the interests of our shareholders, such that risks and rewards of strategic decisions are shared, and to encourage retention of our executive officers, the restricted stock awards granted in 2016 and 2015 vest ratably, annually over the three years following the grant.

The amounts shown in the Summary Compensation Table related to 2014 and 2013 stock awards were for grants made in those years for prior year performance unless otherwise noted. These restricted stock awards vested 25% on the grant date and 25% annually for the next three years.

The Board has adopted stock ownership guidelines for its executive officers as follows: chief executive officer at six times base salary, chief financial officer and chief operating officer, each at four times base salary, and other executive officers at three times base salary.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the amount of compensation paid to NEOs, other than the chief financial officer, which may be deducted for federal income tax purposes in any fiscal year to \$1,000,000. Performance-based compensation that has been approved by our shareholders and otherwise satisfies the performance-based requirements under Section 162(m) of the Internal Revenue Code is not subject to this \$1,000,000 deduction limit. While the Compensation Committee believes that it generally is important for compensation paid to our NEOs to be tax deductible, it also recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) to enable us to attract, retain, reward and motivate its highly qualified executives. The Compensation Committee is composed entirely of outside directors in accordance with Section 162(m) of the Internal Revenue Code.

Table of Contents*Impact of ASC 718*

The Compensation Committee considers the accounting treatment applicable to the various forms of long-term incentive plans under ASC 718 in the design of our long-term equity incentive program. The Compensation Committee and the Company monitor ASC 718 expense to ensure that it is reasonable. However, this expense generally will not be the most important factor in making decisions about our long-term incentive plan.

Employment and Severance Agreements

We have entered into employment agreements with each of the NEOs. These agreements are described below. The Compensation Committee may adjust base salary, bonus percentage or long-term incentives to levels that exceed the initial terms of the executive officers' employment agreements based on its periodic review of compensation data.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with management. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated into the Form 10-K for the year ended December 31, 2015.

Respectfully submitted,

Alain Treuer, Chairman

Mr. Becker. Effective October 16, 2008, we entered into an employment agreement with Mr. Becker to serve as our President and Chief Operating Officer. Mr. Becker was named President and Chief Executive Officer on January 1, 2009. Mr. Becker's employment agreement was amended in December 2009 to provide for a tax gross-up payment in the event of any tax payments on fringe benefits. The terms of the employment agreement provide that Mr. Becker will receive the following: (i) an annual base salary, currently at \$525,000, (ii) an annual target bonus as a percentage of base salary based on performance objectives set by the Board's Compensation Committee, (iii) annual awards of long-term incentive benefits of a type and level that is competitive with long-term incentive plan benefits provided to chief executive officers of public companies of comparable size in similar industries, and (iv) a fully exercisable option to acquire 150,000 shares at an exercise price equal to \$10 per share. Mr. Becker's employment is at-will and may be terminated at any time, by either party, for any reason whatsoever. If employment is terminated without cause or for good reason, Mr. Becker will receive one year of base salary plus the greater of his maximum annual cash bonus for that year or the average bonus paid for the prior two years, up to one year of continued health and dental coverage (which ceases upon acceptance of a comparable position within such period) and certain relocation assistance if he relocates beyond 50 miles within six months of termination. In addition, all shares acquired upon exercise of options granted therein would then be released from certain lock-up restrictions, and all outstanding options and other equity awards would fully vest. See *Potential Payments upon Termination or Change in Control* for additional information.

Mr. Peters. Effective October 24, 2008, we entered into an amended and restated employment agreement with Mr. Peters. Mr. Peters' employment is at-will and may be terminated at any time, by either party, for any reason whatsoever. If employment is terminated without cause or for good reason, Mr. Peters will receive six months base salary plus the greater of one-half of the maximum bonus for that year or the average bonus paid in the prior two years and all outstanding equity awards would fully vest. See *Potential Payments upon Termination or Change in Control* for additional information.

Mr. Briggs. Mr. Briggs joined us in 2009 and entered into an employment agreement with us effective March 4, 2011. The agreement provides for (i) an annual base salary, currently at \$350,000, (ii) an annual target bonus as a percentage of base salary based on performance objectives set by the Board's Compensation Committee, (iii) participation in a long-term incentive program developed by us, and (iv) participation in our benefit plans. Potential Payments upon Termination or Change in Control

Employment Agreement for Mr. Becker

We have an employment agreement with Mr. Becker. See *Employment Arrangements* above for additional information. Upon termination without cause or for good reason, Mr. Becker is entitled to (a) one year of base

Table of Contents

salary plus the greater of his maximum annual cash bonus for that year or the average bonus paid for the prior two years, (b) up to one year of continued health and dental coverage (which ceases upon acceptance of a comparable position within such period) and (c) certain relocation assistance if he relocates beyond 50 miles within six months of termination. In addition, all shares acquired upon exercise of options granted therein would then be released from certain lock-up restrictions and all outstanding options and other equity awards would fully vest.

The employment agreement also contains a gross-up provision to address any excess parachute payments resulting under Section 280G of the Internal Revenue Code. In the event any severance benefits provided to Mr. Becker subject him to the excise tax imposed under Section 4999 of the Internal Revenue Code, we will pay Mr. Becker the amount necessary to make up for the excise tax on excess parachute payments and income and payroll taxes on the excise tax.

For such purposes, cause is defined as one of the following: (a) a material breach by the executive of the terms of this agreement, not cured within thirty (30) days from receipt of notice from the Board of such breach, (b) conviction of, or plea of guilty or no contest to, a felony; (c) willful misconduct or gross negligence in connection with the performance of executive's duties; or (d) willfully engaging in conduct that constitutes fraud, gross negligence or gross misconduct that results in material harm to us. For purposes of this definition, no act, or failure to act, on the executive's part shall be considered willful unless done, or omitted to be done, by the executive in knowing bad faith and without reasonable belief that his action or omission was in, or not opposed to, our best interests. Notwithstanding the foregoing, the executive shall not be deemed to have been terminated for cause unless and until the executive has received a copy of a resolution duly adopted by the affirmative vote of not less than three-quarters of the entire membership of the Board at a meeting called and held for such purpose (after reasonable notice to the executive and an opportunity for the executive, together with his counsel, to be heard by the Board), finding that, in the good faith opinion of the Board, the executive is guilty of the conduct set forth above in (a), (b), (c) or (d) of this definition and specifying the particulars thereof in detail.

For such purposes, good reason is defined as any of the following if the same occurs without the executive's express written consent: (a) a material diminution in executive's base salary as described in the employment agreement; (b) a material diminution in executive's authority, duties, or responsibilities; (c) a material diminution in the authority, duties, or responsibilities of the person to whom the executive is required to report; (d) a material change in the geographic location at which the executive must perform the services (for this purpose, any relocation of more than 50 miles is deemed a material change); (e) any material reduction or other adverse change in the executive's benefits under any applicable and properly approved compensation plan or arrangement without the substitution of comparable benefits; or (f) any other action or inaction that constitutes a material breach by us under the employment agreement. To terminate for good reason, the executive must incur a termination of employment on or before the second anniversary of the initial existence of the condition.

Employment Agreement for Mr. Peters

On October 24, 2008, we entered into an amended and restated employment agreement with Mr. Peters. See *Employment Arrangements* above for additional information. If Mr. Peters is terminated without cause or for good reason, Mr. Peters will receive six months' base salary plus the greater of (a) one-half of the maximum bonus for that year or (b) one-half of the average bonus paid in the prior two years and all outstanding equity awards will fully vest. The definitions for cause and good reason are the same as described above for Mr. Becker, except that good reason does not include subsection (f) in the definition above and cause does not require an affirmative vote of the Board.

The employment agreement also contains a gross-up provision to address any excess parachute payments resulting under Section 280G of the Internal Revenue Code. In the event any severance benefits provided to Mr. Peters subject him to the excise tax on excess parachute payments imposed under Section 4999 of the Internal Revenue Code, we will pay Mr. Peters the amount necessary to make up for the excise tax on excess parachute payments and income and payroll taxes on the excise tax.

Employment Agreements for Messrs. Briggs and Bleyl

We have employment agreements with Messrs. Briggs and Bleyl. See *Employment Arrangements* above for additional information. Upon termination without cause or for good reason, each will receive an amount equal to six months base salary and all outstanding equity awards will fully vest. The definitions for cause and good reason are the same as described above for Mr. Becker, except that the definition of good reason for Messrs. Briggs or Bleyl does not specify the distance for an applicable relocation.

Equity Acceleration

2007 Equity Incentive Plan. Awards outstanding under the 2007 Equity Incentive Plan will fully vest upon a change in control unless (a) assumed by the successor corporation; (b) replaced with a cash retention program providing the same value or (c) otherwise limited by the plan administrator. A change in control shall be deemed to have occurred if in a single transaction or series of related transactions:

- (a) any person (as such term is used in Section 13(d) and 14(d) of the Exchange Act), or persons acting as a group, other than a trustee or fiduciary holding securities under an employment benefit program, is or becomes a beneficial owner (as defined in Rule 13-3 under the Exchange Act), directly or indirectly of securities representing 51% or more of our combined voting power;
- (b) there is a merger, consolidation, or other business combination transaction with or into another corporation, entity or person, other than a transaction in which the holders of at least a majority of our shares of voting capital stock outstanding immediately prior to such transaction continue to hold (either by such shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of the Company (or surviving entity) outstanding immediately after such transaction; or
- (c) all or substantially all of our assets are sold.

2009 Equity Incentive Plan, as amended. Awards outstanding under the Equity Plan will fully vest upon a change in control (a) if not fully converted and assumed, (b) if the awards are converted and assumed, after a qualifying termination, or (c) by the participant for good reason, if it is defined in the applicable award agreement or employment agreement. Qualifying termination is defined as a termination of employment within twenty-four months following a change in control or by us other than for cause, gross negligence, or deliberate misconduct which demonstrably harms us. A change in control shall be deemed to have occurred if in a single transaction or series of related transactions:

- (a) any person (as such term is used in Section 13(d) and 14(d) of the Exchange Act), or persons acting as a group, other than a trustee or fiduciary holding securities under an employment benefit program, is or becomes a beneficial owner (as defined in Rule 13-3 under the Exchange Act), directly or indirectly of securities representing 51% or more of our combined voting power;
- (b) there is a merger, consolidation, or other business combination transaction with or into another corporation, entity or person, other than a transaction in which the holders of at least a majority of the shares of voting capital stock outstanding immediately prior to such transaction continue to hold (either by such shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of the Company (or surviving entity) outstanding immediately after such transaction;
- (c) during any period of two consecutive years, individuals who, at the beginning of such period, constitute the Board together with any new director(s) (other than a director designated by a person who entered into an agreement with us to effect a transaction described in (a) or (b) above) whose election by the Board or nomination for election by our shareholders was approved by a vote of at least two-thirds of the directors still in office, who either were directors at the beginning of the two-year period or whose election or nomination for election was previously approved, cease for any reason to constitute a majority thereof; or

(d) all or substantially all of our assets are sold.

Table of Contents

The option award agreement also provides that if an executive is terminated without cause, the option will be deemed to have vested through the next annual anniversary of the grant date.

The following tables provide information on potential benefits that could be received by the NEOs upon a termination or change in control. The tables assume termination as of the close of business on December 31, 2015. The closing price of our Common Stock on the last trading day of 2015 was \$22.90. Post-termination health care represents the approximate value of such benefits. Upon a change in control, the executive may be subject to certain excise taxes imposed by Section 4999 of the Internal Revenue Code on any excess parachute payments under Section 280G. As discussed above, we have agreed to reimburse Mr. Becker and Mr. Peters for all such excise taxes and any income and excise taxes that are payable by the executive as a result of any such reimbursements. Currently, amounts shown as compensation related to change in control do not trigger excise taxes for excess parachute payments; and therefore are not included in the tables below.

Compensation Committee Interlocks and Insider Participation

No members of the Compensation Committee have ever served as officers or employees of the Company, and no officers or other employees have ever served on the Compensation Committee. During 2015, none of our executive officers served: (i) on a compensation committee of another entity which had an executive officer serving on the Compensation Committee; (ii) as a director of another entity which had an executive officer serving on the Compensation Committee; or (iii) as a member of a compensation committee of another entity which had an executive officer who served as a director of the Company.

Compensation Risk Assessment

With the help of its compensation consultant, in 2015 the Compensation Committee reviewed our executive compensation policies and practices, and determined that our executive compensation programs are not reasonably likely to have a material adverse effect on us. The Compensation Committee also reviewed our compensation programs for certain design features which have been identified by experts as having the potential to encourage excessive risk-taking, with none being identified in our programs.

Table of Contents

Moreover, the Compensation Committee determined that, for all employees, our non-executive compensation programs do not encourage excessive risk and instead encourage behaviors that support sustainable value creation, as these programs are fully discretionary after performance for the relevant period has been achieved, recommended by senior management to the Compensation Committee and reviewed at such time to support our goals and objectives.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures Regarding Related Party Transactions

The Board has adopted a written policy governing related party transactions. A related party includes (a) any person who is or was (at any time during the last year) an executive officer, director or nominee for election as a director; (b) any person or group who is a beneficial owner of more than 5% of our voting securities; (c) any immediate family member of a person described in provisions (a) or (b); or (d) any entity in which any of the foregoing persons is employed, is a partner or has a greater than 10% beneficial ownership interest. The related party policy requires the Audit Committee to review each related party transaction, which is any transaction, arrangement or relationship with a related party where the aggregate amount involved is expected to exceed \$120,000 in any calendar year, and determine whether it will approve or ratify such transaction. Certain smaller specified transactions are deemed preapproved by the Audit Committee.

In determining whether a related party transaction will be approved or ratified, the Audit Committee may consider factors such as (a) the extent of the related party's interest in the transaction; (b) the availability of other sources of comparable products or services; (c) whether the terms are competitive with terms generally available in similar transactions with persons that are not related parties; (d) the benefit to us; and (e) the aggregate value of the transaction.

These agreements replaced prior agreements with entities controlled by Mr. Hoovestol for the lease of two aircrafts for \$15,834 per month for use of up to 125 hours per year, with flight time in excess of 125 hours per year incurring additional hourly charges. Table of Contents

Audit-Related Fees. Audit-related fees are for professional services rendered for assurance and related services that were reasonably related to the performance of the audit or review of our consolidated financial statements, other than those previously reported under audit fees. The amount in 2015 pertains to work performed by KPMG related to the Form S-1 registration statement filed in connection with the GPP initial public offering. There were no audit-related fees billed by KPMG in 2014 not otherwise disclosed.

Tax Fees. Tax fees are for professional services, approved by the Audit Committee in advance, rendered for tax compliance, tax advice and tax planning.

All Other Fees. All other fees include other products and services that are not otherwise disclosed. There were no other fees billed by KPMG in 2015 or 2014.

Pre-Approval of Audit and Non-Audit Services

We have adopted policies and procedures for pre-approval of all audit and non-audit services to be provided by our independent auditor. It is our policy that the Audit Committee pre-approve all audit, tax and other non-audit services. A proposal for audit or non-audit services must include a description and purpose of the services, estimated fees and other terms of the services. To the extent a proposal relates to non-audit services, a determination that such services qualify as permitted non-audit services and an explanation as to why the provision of such services would not impair the independence of the independent auditor are also required.

All of the services provided by KPMG during 2015 and 2014 were approved in advance by our Audit Committee. The Audit Committee has considered whether the provision of the services performed by our principal accountant is compatible with maintaining the principal accountant's independence.

Availability of Accountants

Representatives from KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.
